Placque To Be Unveiled

2 Mayors, 14 Judges In Memorial Tribute To Harry Pavan Sunday

The late Harry Pavan, who was city solicitor when he died Nov. 2, 1972, at the age of 61, will be honored Sunday at 2:30 p.m. with a placque in his memory at ceremonies in the City Council chambers.

The ceremonies will be attended by his daughter, Dr. Deborah Pavan Langston; former Mayor James R. McIntyre, who appointed him solicitor in 1966; Mayor Walter J. Hannon; and 14, possibly 15, judges in judicial robes.

"Harry was city solicitor at a very complex and busy time in the history of Quincy," said City Councilor-Sen. Arthur H. Tobin, who was Pavan's law associate for many years.

"It was a time when the city had to have someone in the office who was astute, with legal capacity, knowledge of the law and compassion for people. He was the right man at the right time for the job."

Tobin and Pavan's personal secretary, Mrs. Muriel Chandler, and his City Hall secretary, Miss Violet Pace, were instrumental in lining up Sunday's ceremonies.

Judges who have accepted invitations to the ceremonies include:

Robert S. Prince, James A. Mulhall (retired) and Gertrude R. Halloran (retired), all of Quincy District Court. The three of them will be seated on the podium.

HARRY PAVAN

Alvin C. Tamkin, presiding justice of Hingham District Court; Robert M. Ford, justice of Norfolk Probate Court; Alfred L. Podolski, chief justice of Norfolk Probate Court.

James R. Lawton, presiding justice of Plymouth Probate Court; Henry H. Chmielinski Jr., John J. McNaught and James Lynch, all justices of the Superior Court.

Joseph F. Feeney, special justice of South Boston District Court; Bernard Cohen, special justice of Brockton District Court; George N. Hurd Jr., associate justice of Brockton District Court; and Lewis T. Whitman, special justice of the District Court of East Norfolk.

The 15th judge, who will be

there if previous commitments permit, is Paul C. Reardon of Quincy, chief justice of the Massachusetts Supreme Judicial Court.

Also in attendance will be City Solicitor Richard J. McCormick, Stephen T. Keefe Jr. and John W. Sharry, all of whom served as assistant city solicitors under Pavan.

Rabbi David Jacobs of Temple Beth El, of which Pavan was a member, and Rabbi Jacob Mann of Beth Israel Synagogue, will deliver the invocation and the benediction respectively.

Dennis F. Ryan, Quincy District Court Clerk will act as master of ceremonies while the main address will be given by Judge Chmielinski, whose law office adjoined that of Pavan for many years.

Dr. Langston will unveil the placque, containing a bronzed bust of her father, and McCormick, Keefe and Sharry will deliver eulogies.

The money for the placque and other honors came from donations ranging from \$1 up to \$100 from Pavan's former associates in law and around City Hall.

The other honors will include two memorial lights to be placed in Temple Beth El and Beth Israel Synagogue to perpetuate his memory in the prayers of the congregations on the anniversary of his death.

You Can Cut Wood In Blue Hills Area

A limited amount of wood cutting by private individuals is being allowed in the Blue Hills and Middlesex Fells Reservations of the Metropolitan District Commission parks and recreation division.

Robert B. Williams, parks and recreation director, said one-day permits are available through the district park superintendents.

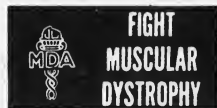

The Blue Hills Reservation includes wooded areas in Braintree, Canton, Milton, Quincy, and Randolph.

Applicants for one-day permits in the Blue Hills, should contact Andrew Poskus at 7 Brush Hill Road, Milton (698-0722) in the Blue Hills Reservation.

The public may go to any reservation to cut wood, but

certain regulations must be obeyed. For instance, individuals must take note of all motor vehicles excluded areas. No timber that is standing may be cut. No commercial woodcutters are allowed. No one may cut wood more than 100 feet from the road.

Each person cutting wood must carry the permit issued by the park superintendent at all times while on the reservation, and the permits will specify the exact area in which the cutting may be done. No chain saws may be used. Wood harvesting will be allowed in the specified reservations from Mondays through Fridays between the hours of 8 a.m. and 4:30 p.m.

Inaugural Ceremonies, Ball Jan. 7

Hannon To Take Second Term Oath; Tobin Council President

By TOM HENSHAW

Mayor Walter J. Hannon will be inaugurated for his second term Monday [Jan. 7], at 10 a.m. in the Quincy Vocational Technical School gymnasium before an audience that could include Sen. Edward M. Kennedy, Gov. Francis W. Sargent and Congressman James A. Burke.

Invitations have been extended to Kennedy and Sargent as well as Congressman James Burke and the city's three living former mayors, Thomas S. Burgin, Amelio Della Chiesa and James R. McIntyre.

Members of the City Council, including five new councillors, also will be sworn in and immediately will hold their first meeting, which includes the election of a council president.

Arthur H. Tobin is expected to be re-elected Council President.

Some 2,000 people are expected to attend the inaugural ball and reception Monday evening at 8 p.m. in the Voc-Tech gym during which Mayor Hannon and the nine councillors will greet guests on their arrivals.

Both the inaugural ceremony and the City Council meeting will be called to order by City Clerk John M. Gillis, after which students from Quincy and North Quincy High Schools will lead the salute to the flag.

The Quincy High School Concert Choir will sing the National Anthem and the invocation will be delivered by the Rev. Edward Flaherty of St. Ann's Church, Wollaston.

City Clerk Gillis will administer the oath of office to Mayor Hannon who will then deliver his inaugural address.

After a prayer led by the Rev. John Graham of United First Parish Church, the members of the City Council will be sworn in and will elect a Council president.

Members of the Council are Leo J. Kelly, Ward 1; Clifford H. Marshall, Ward 2; John J. Lydon Jr., Ward 3; James A. Sheets, Ward 4; Warren A. Powers, Ward 5; Dennis E. Harrington, Ward 6; Joseph J. LaRaia, at-large; John J. Quinn, at-large and Arthur H. Tobin, at-large.

Harrington, Kelly, Lydon, Powers and Sheets are newcomers to the Council.

Also on the Council's first agenda of the new year:

Election of a clerk of committees; swearing in of the clerk of committees; adoption of Council rules for 1974-75; authorization to clerk of council to have Council calendars printed; authorization for the Mayor to execute deeds for Adams Temple and the School Fund.

Authorization for the Clerk of

WALTER J. HANNON

ARTHUR H. TOBIN

Council to have Council rules printed; election of two members to the City Hospital of Quincy Endowment Fund and two members to the Board of Managers of the Woodward Fund and Property; and nomination of two members to the Board of Managers of the Woodward Fund and Property.

The Quincy High School Concert Choir, under the direction of Gale Harrison, will sing "O, Clap Your Hands", and the North Quincy High School Band, directed by David Watson, will play the "Masque".

Rabbi Jacob Mann of Temple Beth Israel will deliver the benediction and the North Quincy High School band will conclude the ceremonies with a rendition of "God Bless America".

The ceremonies will be video taped for future screening by students from the the Voc-Tech School and members of the Quincy High School Air Force Reserve Officers Training Corps will serve as Honor Guard.

All residents of the city have been invited to the inaugural ball and reception, for which John Foley and the Diplomats will provide music and entertainment from 8 p.m. to midnight.

Members of the Inaugural Day Committee are Gordon McPhee, general chairman; Anne Minukas, coordinator, and Michael Priscella, decorating chairman.

Members of the Liaison Committee include:

Dr. Lawrence P. Creedon, superintendent of schools; Edward Smith, assistant director of personnel of the Quincy public schools; John Gillis, city clerk; Alexander Smith, city auditor; John Browne, director of plant facilities of the Quincy Public Schools.

Also Police Chief Francis Finn; Fire Chief Edward Barry; George Cole of the culinary arts division of the Voc-Tech School; and Gale Harrison, David Watson and Arthur Gillis, all of the Quincy Public Schools.

OPEN HOUSE You can cut your fuel needs

By JAMES M. WOODARD
Copley News Service

The impact of the energy crisis is striking close to home. In fact, it's affecting our way of life inside our homes.

The most obvious effect can be measured in goose-bumps and shivers. The temperature is being maintained at record low levels in an increasing number of households — in the interests of saving fuel, of course.

Much fuel is indeed saved by lower temperatures. However, there are other steps that could be even more effective in the fuel conservation push. Fully insulated ceilings and walls, for example, can make a big difference in your total fuel consumption this winter.

Other steps you could take now to reduce fuel needs are: (1) caulk or weather-strip around windows and door frames; (2) close the fire-place damper when your fire-place is not in use; and (3) tightly close off all spare rooms that are not in use.

The thermostat setting should still be lowered if you're genuinely interested in maximum saving of fuel. It has been estimated that each degree (F) lower your room thermostat setting, you will save 2 to 3 per cent of fuel. By turning your night time setting down 10 degrees below the normal point, you could save as much as 7 per cent on fuel.

It will be apparent to most that if all these steps were taken the home owner would save a substantial chunk of money as well as conserve energy.

The energy crisis is having a variety of effects on properties and the real estate market. For example, many large apartment and condominium developments have sharply reduced their usage of outside lights at night.

- Soviets Playing Double Game
- Boyle Safer In Jail
- United We Stand . . .

(Copyright, 1973, by United Feature Syndicate, Inc.)

WASHINGTON — Secret intelligence reports warn that the Kremlin is playing a double game. Above the table, the Soviets are cooperating with Secretary of State Henry Kissinger's efforts to settle the Middle East crisis. But under the table, the Soviets are stirring up the Arabs to tighten the economic screws on the Western powers.

The Kremlin is quietly urging the Arabs to continue the oil embargo, which has caused economic tremors throughout the West. The Kremlin is also encouraging the Arabs to withdraw their oil billions from Western banks. This could throw the whole monetary system of the West into a tailspin.

But there is even more ominous news in the secret dispatches. They warn that the Kremlin has issued orders to Communist parties in the West to exploit the economic unrest caused by the oil squeeze.

Loyal Communists have been reminded, according to the Central Intelligence Agency, that Communism thrives on economic chaos. They have been instructed, therefore, to seize upon the dissatisfaction of the workers, to organize strikes and to lead protests.

If the secret reports are accurate, the Kremlin is taking full advantage of the sudden economic plight of Western Europe, Japan and the United States.

Safer in Jail: Newspapers recently carried pictures of former mine workers' boss Tony Boyle being rolled off in a wheelchair to begin a jail sentence for illegal political contributions.

He also faces charges of conspiracy in the 1970 murder of his union rival, Jock Yablonski, and Yablonski's wife and daughter. I was the first to report in November 1970 that there was evidence Boyle was involved in the murder plot.

Now the pictures of Boyle in a wheelchair have aroused sympathy for him. As pitiful as the wheelchair pictures may seem, however, Justice Department sources tell us Boyle will be safer in jail.

During a routine check of his hospital room, searchers found that Boyle had been saving pills prescribed by his physicians. The officials believe he was planning another suicide attempt. He has been hospitalized since taking an overdose of drugs last fall.

The murder trial will be coming up in 1974. Is Boyle fit to stand trial? The Justice Department officials believe he is. One said that, although

Boyle's body may be frail, his mind is as tough as ever.

Crucial Poker Game: Pentagon sources warn that a major North Vietnamese offensive is almost inevitable in 1974. North Vietnam now has roughly 200,000 troops, 600 tanks and four airstrips ready for action in the South. This is a larger Communist force than the beleaguered South Vietnamese have ever faced.

It brought Secretary of State Henry Kissinger back to Paris for another meeting with Le Duc Tho. Almost a year after the two Nobel Peace Prize winners reached their tenuous cease-fire agreement, they met again in the shadow of the Eiffel Tower.

Behind Tho's back, Kissinger called him "Ducky." But to his face, Kissinger was cordial and confident. Sources privy to their talks describe it as a game of bluff. For Kissinger had no real cards to play in this critical poker game.

The American people want to stay out of Vietnam and Congress is unlikely to authorize any military action. So Kissinger had nothing to offer in the bargaining.

Instead, he played on Hanoi's uncertainty about President Nixon. The North Vietnamese never expected the President to respond to their last offensive with a massive bombing attack. They were surprised again at his swift shipment of armaments to Israel during the recent Arab-Israeli fighting.

Secretary Kissinger sought to keep the peace, therefore, by playing upon the North Vietnamese fears as to what the unpredictable Richard Nixon might do.

United We Stand? Not since World War II have the Western nations been in such dire danger. The Arab oil squeeze is threatening the prosperity of all the industrialized countries. They must cut petroleum consumption, thus risking depression, or pay the soaring price of foreign oil.

Secretary of State Henry Kissinger has warned the West to stand together or fall apart. Only by working together, he has urged, can a worldwide disaster be avoided. The alternative would

leave every nation to scramble for itself. It was exactly this kind of fragmentation that led to the Great Depression of the 1930s and World War II.

The first requirement is to settle the Arab-Israeli conflict, Kissinger has succeeded in bringing the Arabs and Israelis together at Geneva. This alone is a remarkable diplomatic achievement.

But Kissinger has been unable to persuade the Western powers to adopt a united policy. The secret intelligence reports tell of petty politics, bickering and back-biting among the North Atlantic nations.

Even more disturbing, the intelligence reports carry news of frequent clashes between Israeli and Egyptian forces. The Egyptians have adopted a policy of making the Israelis pay for every day they delay their withdrawal.

Egyptian snipers have been taking a deadly toll of Israeli soldiers. Egyptian commandos have also staged raids, which have led to firefights.

Most of these incidents have been kept out of the newspapers. But they could torpedo the peace.

Sinking a System: An intelligent shopper needs more than an eye for a bargain these days. He almost needs an economic degree to keep up with gyrating food prices.

Shortages and inflation were causing such price stretching last summer that a House subcommittee asked the Federal Trade Commission to develop a process to help the beleaguered consumer. The FTC is supposed to protect the public from exploitation.

FTC researchers, accordingly, developed and tested a system which should give consumers an accurate guideline for shopping. The system is so good that the FTC would be able to use it as evidence against a supermarket accused of false advertising.

But there is one hangup. The new survey is being withheld by the FTC's Bureau of Consumer Protection. Heavy lobbying by the big chain stores has delayed, and possibly stopped, its implementation.

Meanwhile, the supermarket shopper has been left to depend on his own wits by the agency that is supposed to protect him.

Sunbeams

By HENRY BOSWORTH

The name of the new City Council president will be a familiar one: Arthur H. Tobin.

Insiders report Tobin has more than enough votes to succeed himself as council president at the inaugural meeting Jan. 7.

They figure he has a firm bloc of seven or eight votes to hold onto the gavel. Only five votes are needed. He'll probably wind up with all nine votes before it's over.

If Tobin hadn't been a candidate, the man who could have put it together was John Quinn, dean of the council in point of service.

Tobin is already in Quincy's history book, holding the longevity record as council president. He has served four straight years and apparently will serve two more.

No other councillor in the city's history has had that honor.

IT DIDN'T HAPPEN and, as they say, a miss is as good as a mile, but Quincy came eye-lash close to a real mayoralty battle royal in the recent city election.

For awhile there, Councillor Joseph LaRaia was seriously thinking of making a run. And, according to insiders, Council President Arthur Tobin was watching and waiting.

If LaRaia had announced his candidacy, reliable City Hall sources now disclose, Tobin would have gotten into the race, too.

So the preliminary election in November would have featured three big names: incumbent Walter Hannon, Tobin and LaRaia.

Who would have won the two nominations is now nothing more than a matter of speculation. But it would have been a real interesting campaign.

How would you have picked it?

Hannon and Tobin, Hannon and LaRaia, or Tobin and LaRaia in the preliminary? And in the final showdown: Hannon over Tobin, Hannon over LaRaia, Tobin over Hannon, Tobin over LaRaia, LaRaia over Hannon, LaRaia over Tobin?

Well, it didn't happen. BUT:

It could actually come off in 1975. Those insiders are convinced that if LaRaia announces for mayor, Tobin will get into the fight.

Never a dull moment in politics.

WHICH REMINDS US: Dec. 4 may have been an unusual date for the Quincy City election but it was not the latest one ever held in the city. In fact, Quincy's very first election as a city came on the same date: Dec. 4, 1888.

And when Mayor Walter Hannon takes his oath Jan. 7 it will be the 85th anniversary of Quincy's first inauguration. Charles H. Porter, Quincy's first mayor, took his oath Jan. 7, 1889.

CHIP OF BLOC DEPT: Steve Mele, son of Red Sox special scout Sam Mele, is off to a good start as a member of the Dartmouth freshman basketball team. Steve, an outstanding player at Archbishop Williams, scored 18 points against Holy Cross and 16 against Harvard in his first two games at Dartmouth. Steve is also a fine baseball prospect, playing both outfield and pitching.

His Dad was a basketball star at N.Y.U. but decided on baseball for a career instead. Steve will be making his choice one of these days, too. Will it be basketball or baseball? Like his Dad, they say he can make it big in either.

FORMER Quincy Fire Lt. Nick Malvesti just can't stay away from the smoke. He and wife, Agnes, are now living in Belleair Bluffs, Fla., just four miles outside of Clearwater. And Nick is now assistant fire chief there.

NICE-GESTURE-DEPT: The Philip Heleotis Fund is now \$13 larger thanks to the Dental Technician Class students at Quincy Vocational-Technical School. The \$13, turned over to the fund by Judie Lavioie, represents receipts from the class "penalty box". If a student uses the wrong terminology in class, the penalty is a 10-cent assessment. At Christmas time, the money is taken out of the box and donated to a worthy cause.

OOPS! Speaking of the Heleotis Fund we had a typo boo-boo in last week's column. We mentioned that Phil's sister, Lynne, had been appointed a kindergarten teacher at the Furnace Brook School. Only it came out she was appointed a kindergarten student. Sorry about that, Lynne.

70 Youngsters Looking For Work You Can Now 'Rent-A-Kid' To Help Around The House

By STEVE FERRARA

Readying your home for the onslaught of winter and cleaning up the debris in the spring are time-consuming and tedious jobs.

Sometimes busy people just can't get around to doing the work that has to be done. The Southwest Teen Council can help solve that problem for you.

The Teen Council has established the "Rent-A-Kid" program, numbering about 70 youngsters, mostly junior high school age, who are ready and willing to work.

The Rent-A-Kid program is a kind of "you scratch my back, I'll scratch yours" deal. For a minimal fee you can hire a kid to clean those gutters you didn't have time for, or rake those leaves you don't want to find time for.

By the same token you are keeping a young teenager busy, and even more important, employed. Kids in their early teens are just too young to find regular jobs.

Jeff Isaacson, who began the Southwest Teen Council, and who works at the Southwest Community Center said, "So far only 15 kids have gotten jobs through the Rent-A-Kid program. But if more jobs come

up we will actively recruit more kids."

To clear up any undone jobs around your house, hire one of these kids. You'll be doing yourself and the kids a favor.

For information call Jeff Isaacson at the Southwest Community Center, 372 Granite St., Quincy at 471-0796.

These youngsters are getting plenty of practical experience at the Teen Council's new drop-in center at 388 Granite St. It will be a recreation hall with pool tables, ping pong table, pinball machine and juke box.

The kids in the program are pitching in to clean up the place and help remodel. But they need skilled workers to rebuild the brick roof-support columns and to pour a concrete floor.

The Teen Council needs painting, cement, a toilet and a back-check valve, and a few adults that know how to install these things. If you're a carpenter, mason, or just interested in kids and would like to help, contact the Southwest Community Center at the above number.

The Southwest Teen Council, which is open to teenagers living in South and West Quincy, meets once a week to plan

dances and other activities for the youngsters.

Isaacson got the idea for the Teen Council when one of the youngsters in the area suggested the Rent-A-Kid program.

"Now," he says, "I meet with the kids once a week and ask them what they want to do. I might make a few suggestions, and ask them how they plan to do something."

"Since the Council's inception in September the kids have put on six dances at Sterling Junior High, drawing a crowd of 225 teenagers, and put on a cake sale," Isaacson said.

He continued, "They even wrote press releases [to publicize the Rent-A-Kid program]."

The Council is trying to open the drop-in center in the cellar of the Mac Winer Co., 388 Granite St., which was donated free to the Council in return for remodeling, by the owner of the drapery factory upstairs.

The drop-in center will be run under the auspices of the Quincy Recreation Department and will open as many nights as it can afford. Like the other two drop-in centers in Quincy, it will be staffed by people paid by the recreation department.

School Committee Organizes Jan. 7

The Quincy School Committee will hold its organizational meeting Monday [Jan. 7] at 7:30 p.m. following the swearing in of one new and two returning members.

The chief item of business on the agenda will be the selection of a vice chairman, a post that is reportedly being sought by five

of the six committee members. Mayor Walter J. Hannon is automatically the chairman.

Those in contention are Frank Anselmo, Harold Davis, Frank McCauley, Charles Sweeney and the newcomers, John J. Sullivan, who was elected to succeed the retiring Paul Kelly, who was also vice chairman.

The only member apparently not a candidate for vice chairman is Daniel Raymondi.

Following the election, school committee members will attend the inaugural ball and reception for Mayor Hannon and the City Council at 8 p.m. in the Voc-Tech School gym.

Cemetery Probe Continues With \$5,000

The Oversight Committee of the City Council was scheduled to meet last night [Wednesday] in its continuing investigation of irregularities in the Cemetery Department.

But the future of the whole probe is clouded.

The committee has hired an

attorney, Martin Cosgrove, and a stenographer, Frank Moran, but it had to go twice to the City Council to get reluctant approval of a \$5,000 appropriation to pay for their services.

The vote was 6-3, exactly the two-thirds needed for approval.

The committee chairman, Councillor Edward S. Graham, will be replaced on the Council

Monday [Jan. 7] as will councillors Albert Barilaro, J. Vincent Smyth, William D. Delahunt and Theophilus McLelland III.

Pay Your Excise Tax Or Lose Your License

Quincy Tax Collector Robert Foy has issued a stern warning to motorists who are delinquent in payment of their auto excise taxes - pay up or risk losing your license.

A 1973 state law permits the Registry of Motor Vehicles to revoke licenses for non-payment of excise taxes.

Recent hearings before the Registry, Foy pointed out, have resulted in the revocation of several licenses and the collection of nearly \$200,000 in fines, interest, costs and charges.

The hearings were held in the

Talk overweight mother out of body stocking

By PAT and
MARILYN DAVIS
Copley News Service

Dear Pat and Marilyn:

My mother has decided to wear a body stocking under a long dress which she purchased to wear to a party. Now, I have nothing against body stockings, but this dress my mother intends to wear is crocheted and you can see straight through.

Mom is 50 years old, a little short, and quite a bit overweight. How can I convince her that her choice isn't that great? — Daughter

Dear Daughter:

Tell Mom that her silhouette is going to leave little to the imagination if she wears only a body stocking. Suggest that the overall effect would be more pleasing if she wears a slip.

Dear Pat and Marilyn:

I have dated Stan for over a year, but last Saturday he told me that he would never call me again. Here's what happened. On Wednesday he said we would go to the movies Saturday. I said, "Fine. See you then."

Generally, Stan calls every night. This time I didn't hear from him on Thursday or Friday so I made another date and went to a dance. I got home about 2 a.m. and my phone rang. It was Stan informing me that he had had it and not to expect to hear from him again.

How can he be so unreasonable? He knows I'm never too definite. I can't understand him. Can you? — Cindy

Dear Cindy:
YES!

Dear Pat and Marilyn:

Can I get VD from kissing? — Worried

Dear Worried:

I doubt it. If you are worried, call the Department of Public Health and ask for an examination. Or, see your family doctor. If in doubt, do not delay.

Dear Pat and Marilyn:

Will you please explain something to me? Why do women wear wigs? I hate them and can spot one a mile away. My wife just purchased two—one red and one blonde. How can I convince her not to cover her own pretty brown hair? — N.M.

Dear N.M.:

Allow your wife to have fun with the wigs. In the meantime, continue to comment on the beauty of her natural hair. And Good Luck.

Dear Pat and Marilyn:

Is there a technique to help bowlegs? — Lenore

Dear Lenore:

Try the following stance and you'll be happily surprised. Never, never place bowed legs side by side. This calls attention to the flaw and the legs form a parenthesis.

Disguise this fact by placing one foot due front. Turn toe of back foot to the side. Weight is on back foot. Practice this corrective stance in front of the mirror and you can see the results.

ONCE OVER LIGHTLY

Mother combines Harpo, Cabrini

By ANN RUDY
Copley News Service

There comes a time during a child's late adolescence when a mother is required to be seen and not heard. Just ask my daughter.

"Mother," she has said, "I am very fond of you, and I want you to feel free to keep doing my laundry, cooking and vacuuming up the price tags I throw on the floor—but keep your opinions to yourself because I am in the middle of what Erik Erikson calls an identity crisis."

A lot she cares that I'm in the middle of the same thing. I mean, I used to think I was Harriet Nelson with a touch of Mother Cabrini, but lately I've been feeling like Harpo Marx.

It isn't easy for a mother whose tongue has been figuratively torn out to let her daughter know that going out in the rain without an umbrella will result in rheumatism during later life. Or that parking tickets, unpaid, bring subpoenas and possible incarceration.

But I manage. Harpo rolled his eyes a lot and so do I. The groan is also a useful means of communication. The groan, combined with a hand to the forehead, followed by a short gasp can tell a kid plenty, but gestures will never replace a mother's words. Only yesterday she found that out.

"Mom," she said, "Where's your charge card?"

I stood before her mute, lips working, searching for the right words. "Come on, I'm late," she urged. I rolled my eyes toward my purse and jerked my thumb in the direction of the table on which it lay. She thought I wanted her to put on a warmer coat.

I tried again and she thought I was warning her to fasten her seat belts. Finally, she pulled me over to the sofa, sat down beside me and said how about a hot cup of coffee and a little chat—just the two of us.

'Mother, I'm in an identity crisis.'

It was like the intimacy between an interrogating officer and the guy who won't tell what he did with the body. But it worked.

She got her charge card and

I got my voice back.

"Keep it under twenty dollars!" I called after her.

Maybe Harpo Marx with just a touch of Mother Cabrini.

YOUR HANDWRITING TELLS Being a wife frightens her

Dear Dorothy:

My parents were unhappily married and finally divorced when I was young. I had the responsibility of taking care of my sisters and brothers and keeping house while my mother worked. I am now, at 26, planning my own wedding, but I am very much afraid of marriage. Being a mother doesn't worry me. It's being a wife that scares me. Why?

As a child, you were put "in charge." You became quite independent, seen in your short d, and you felt a kind of child security. Now the chips have fallen. You find yourself ready for that great marriage impact.

Now it's time to replace those unwanted facts with the real facts — and the truth is almost too much for you to bear. You can be happy, you deserve it. Enter your marriage with full realization that your man is a human being just like you.

Dear A.K.:

You've learned from what you've seen. You've learned that marriage is no flip of fate.

During your tenderest years, you were caught in the middle, between two unhappy people. It frightened you then, it frightens you now. The lower loops show the memories you have stored in your mind, the return to the line of writing shows them still alive and active, and the size says that you can balloon those happenings all out of proportion.

'Lake Faxon'

Flooded Faxon Field A Hazard

By PETER RAMPONI

Everybody who has gone by the field or swamp next to the Voc-Tech must realize that this is a hazard as well as an inconvenience to students.

The field fills up like a lake every time it rains and floods the student parking lot, making it very difficult for a student to find a parking spot.

Besides this it is a hazard for any young child in any of the neighboring houses around the school. Out in the middle of this "lake" it is two to 3½ feet deep which is plenty deep for a young child to drown in if they happened to walk out on the ice that forms on it in early winter.

After all the money the city has spent on landscaping and leveling the field, you would think they could put proper drainage on the field before someone completely unaware of the danger gets killed.

Fond Memories Of Cotton Bowl Parade

By KATHY McEACHERN

Friday, Dec. 28 marked one year gone by since the Quincy High Marching Presidents left for Dallas, Tex. to participate in the Cotton Bowl Parade.

To the 150 people who went, it brought back many memories of the fun, the long hours of marching practice and the fear when it came time to march down the center of Dallas in front of the television cameras.

But as usual, the Presidents did their very best, and it earned them recognition all over the country.

This year the band has received many opportunities to march, which includes the Mardi Gras in New Orleans, the Tulip Festival in Holland and in Niagara Falls.

So, if any of these invitations are accepted, expect to see a band member on every corner, they'll need your support!

Quincy Rehabilitation Office Offers Many Services

By EARL MacLEOD
Director
Community Development
and
Interagency Relations
(Special to the Quincy Sun)

For many people in the community the activities of the Massachusetts Rehabilitation Commission are unknown, as is the case with many human services.

The public is unaware of what is available either free of charge or at a nominal fee.

The Quincy area office of the Massachusetts Rehabilitation Commission located in the Kendall Building at 1073 Hancock St. makes a variety of services available to people with various disabilities.

It is headed by Mrs. Esther Delaney.

The Commission is a state agency providing service to residents of Massachusetts who are 16 years or older that have a physical, mental or psychological handicap that is a substantial barrier to employment and who may be reasonably prepared for gainful employment.

In simple language, the above phrase means; if you have a physical or mental problem that hinders your becoming employed or retaining your present job and the problem can be corrected or eased within reason, you may apply for services through the commission.

The goal is to provide those evaluation and medical services that will help the person minimize his limitations and learn those skills that will get him back to work and earning money again.

Inquiries or appointments may be made directly at the Quincy Office or by calling 471-1600.

Rehabilitation services, like the following are provided singly or in combination as needed:

- * Medical examinations, psychological or psychiatric evaluation and vocational tests to determine the nature and degree of the disability and to assess work capacity.
- * Training for the right job by providing schooling, college training, trade or commercial school, or on-the-job-training: This can be provided in a rehabilitation center or at home.
- * Maintenance and transportation during rehabilitation.
- * Counseling and guidance.
- * Tool, books, equipment, training, supplies and license for work.

These are only a few of the services available to prospective clients of the Commission.

One example of a person eligible for services of the commission is a 35-year-old man who suffered a serious back injury and can no longer work as a mechanic because he cannot endure standing, lifting or bending. Through rehabilitation services he received diagnostic evaluation to determine his physical limitations, and medical treatment needed to restore him to his best physical potential.

In the vocational guidance and counseling process, the client gets all the education and training necessary to prepare himself for a new profession or job, as well as, supplies and tools, help with licensing etc.

Once prepared for his new work, the counselor contacts employer and places him in a job that is both satisfactory to employer and client. In like

manner people who have mental illness or psychological problems receive specialized psychiatric case, educational and occupational training. In some cases clients work in a sheltered workshop setting to make placement easier in similar, but competitive wage work in private industry.

Mentally retarded clients are receiving services in workshops including Work Incorporated located in Quincy.

The definition of a physical or mental disability is quite broad and includes diseases such as diabetes, certain heart conditions, as well as, other physical impairments.

Youngsters In Plays At Adams Shore Library

"The Safety Clinic" was the humorous play performed recently by the children at the Adams Shore Library. "Dr. Swallow", "Dr. Steppe", "Dr. Wise", and "Dr. Speck" took care of the patients with the assistance of a nurse. The mothers of the patients were told how to cure their children. Nineteen children played the parts.

During intermission 16 pre-schoolers rang bells and sang along with the older carolers.

In the second play, a Christmas story was performed titled "Little Chips Christmas Tree". The scene was a small Irish cottages' living room. Little Chips cupboard was bare and no decorations on the tree until his little friends who were elves provided food and trimmed the tree. Chips grandfather played by Robert Fanning, senior assistant at the library was his constant companion.

Children taking part in the plays and program included: Cheryl and Deborah Bamberg, Tina Curley, Elaine Clark, Kathleen DiGregorio, Robert Fanning, Marty Griffin, Roberta Hennessey, Robert LaVigne, Daniel and Thomas Kelley, Deborah, Kathy and Lisa Mullaney, Paul and Terri Roche, Dawn Marie Riley, William Robinson and Sandra Walters.

The program was under the direction of Mrs. Blanche Eckert, Childrens librarian and Robert Fanning.

Santa Claus arrived much to the delight of the little ones who told him of their wishes.

Here are the facts about the fuel adjustment charge on your electric bill.

1. The fuel clause which you have seen more than doubled on your bill is correct and is being billed in accordance with the applicable state laws and regulations.

2. We are still not making one dime on this charge. All our increased revenues on fuel adjustments go directly to pay for our increased cost of fuel.

3. The fuel charge for each month is based upon our fuel

costs in the preceding month.

If our fuel clause doubles in a month it means that our fuel costs above a base amount which has always been in your rate has doubled also.

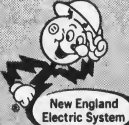

4. The cost of all types of fuel have, and in our opinion, will continue to rise. The higher sulfur fuel oil and coal which we expect to be burning in 1974 will cost more than the low sulfur fuel oil we burned in 1973.

It's Time For A Good Word For Passbook Savings

By Philip J. Lawrence
President
COLONIAL FEDERAL SAVINGS
And Loan Association
of Quincy and Holbrook
8-6 Weekdays 9-7:30 Thursdays

With all the hoopla generated for savings certificates and certificates of deposit by the new Federal schedule of maximum interest rates, it seems in order to say a few words in favor of the good old passbook savings account.

This is the basic and popular form of savings account, and there are some very good reasons for its popularity.

First of all, it is flexible. Everyone knows that you can deposit whatever you like whenever you wish to. Our analysis of savings-account activity reveals that this feature is widely recognized.

Second, the passbook-account fund is available whenever you need it. Here, too, our computer analysis of account action indicates that the availability of saved funds when the need arises is valued and used.

Third, the money in a passbook account earns from the moment it is deposited to the moment it is withdrawn. The fact that it no longer needs to be kept in an account to the quarterly interest period, as was the case in the past, increases its flexibility and availability and accounts for the willingness of customers to place it into their accounts even though they may need it in a month or two. Better there than in a jar in the kitchen cabinet!

Fourth, the passbook account actually earns more than the present 5 1/2 per cent annual interest rate [the highest allowable by Federal regulations] since interest is compounded.

Since the traditional ten days' grace-money deposited by the 10th of any month earns from the 1st-continues to be in effect on passbook savings, money placed on deposit by the 10th actually can earn more than the 5 1/2 per cent rate during the first month.

All these factors tend to make the passbook savings account the ideal form of saving for many families. Our experience with certificates of deposit indicates that some customers tend to tie up too much of their cash in these certificates and are annoyed when they find that penalties are invoked for withdrawing certificate funds before maturity.

The new Federal regulations impose more severe penalties on prematurely cancelled certificates than was the case in the past. The effect of these regulations is to give the customer a lower return from the cancelled certificate than he would have received if he had placed the money in a passbook savings account.

The Federal regulations require that the interest on withdrawn certificate accounts is to be calculated at 5 1/2 per cent from the date of issuance or renewal of the certificate and adds the penalty of a loss of up to 90 days' interest at 5 1/2 per cent rate.

So we suggest it is wise for savers to make sure they have an adequate sum in their passbook accounts to take care of emergency needs before considering certificates with their time-deposit limitations.

Capt. Donald Morrissey Receives Senior Wings

Capt. Donald E. Morrissey, son of Mr. and Mrs. Thomas W. Morrissey Sr. of 51 East Elm Ave., Wollaston, has been awarded U.S. Air Force senior pilot wings at Bolling AFB, Washington, D.C.

Capt. Morrissey, an operations

staff officer, is assigned to Headquarters Command.

Senior pilot wings are awarded to Air Force officers who have been flying at least seven years, are authorized to fly during instrument weather conditions and have had at least 2,000 hours flying time.

The captain, a 1961 graduate of Archbishop Williams High School, Braintree, received a B.S. degree in 1965 from Holy Cross College, Worcester, where he was commissioned through the Air Force Reserve Officers Training Corps program.

Mrs. Louise Swindells Exhibit At N.Q. Library

Mrs. Louise Swindells of Wollaston is exhibiting her watercolors which were inspired by her recent trip to Alaska, at the North Quincy Branch of the Thomas Crane Public Library

through January.

Mrs. Swindells studied design at Cornell University in New York, and also studied with Mrs. Mary Ann Patrick at the South

Shore Art Center in Cohasset.

She has exhibited in the South Shore Art Festival also in Cohasset, and at the Unitarian, Universalist Church in Brockton.

Quincy Faces Everett; Raiders Meet Chelsea

At the start of the season Coach Tom Hall was looking for a .500 season from his Quincy track team.

However, with the Presidents sporting a 3-1 record, Hall is now hoping for at least a Greater Boston League co-championship. To achieve this, Quincy must defeat Everett, Chelsea and North Quincy while someone upsets unbeaten Malden.

The Presidents face Everett Saturday at 10:45 a.m. at the Medford Cage while Lou Tozzi's North Quincy team meets Chelsea.

Last Saturday Quincy defeated Somerville, 50-36, while North lost to Revere, 47-39, to drop its record to 2-2.

In Quincy's win Gary Delorio remained undefeated in the 1000 and Steve Nolan placed third. Al Vachon won the 50-yard dash with Steve Oriola third, Steve Burke and Art DiLoreto were 1-2 in the hurdles [Quincy has won this event in every meet with either Burke or DiLoreto on top], Mike Varrasso won the shot put with his younger brother Bob third, DiLoreto won the high jump with Sam Gravina third, Dave DiBona won the 600, Ken O'Brien was second in the two-mile, Arnie Vorosso second and Tim Kane third in the mile, Brad Kimball second and Harry Williams third in the 300.

DiLoreto, winning the high jump for the third time, jumped only 5-8. In previous meets he did six feet, 5-11 and 5-11 again when placing second.

North's Mark Canavan continued to stand out as he again was a double winner against Revere, staying unbeaten in the 1000 and also coping the high jump, where he has lost only once. Geoff Hennessey also remained undefeated in the high hurdles. John Flynn, also a football and basketball starter, is still unbeaten in the 50-yard dash.

John Mackey won the 600 with Chris Cordeiro third, Art Barrett was second in the mile, Phil Robinson second and Mike Nee and Dennis McGuire tied for third in the 300. Sophomore star Bart Petracca second in the two-mile, Bill Lapsley third in the 1000, Brett McGrath third in the high jump and Paul Doherty third in the shot put.

In last week's NEAAU-Navy meet at the Fargo Building Canavan was third overall in the half-mile with a good timing of 1:59.3 and received a trophy. Finishing among the top six in overall competition were Hennessey, Doherty, Cordeiro and Petracca.

Earlier in the week the teams reversed opponents and each came up with a big win, Quincy defeating Revere, 49-37, and North rolling over Somerville, 54-32.

In Quincy's second win Al Vachon won the 50 with Steve Oriola third, Dave DiBona took the 600 with Brad Kimball second. Gary Delorio won the 1000 with Steve Nolan third. Arnie Vorosso was the two-mile winner with Kevin O'Brien third. Art DiLoreto took the high hurdles with Steve Burke third. Mike Varrasso won the shot put with Dave Sten third. The relay team of Pete Ramponi, Oriola, Delorio and DiBona won, Ramponi was second in the 300, Chip Coletta third in the mile and DiLoreto second in the high jump.

For North, Canavan was a double winner in the 600 and high jump with John Mackey second in the 600. Hennessey remained unbeaten in the hurdles, Flynn won his second straight 50-yard dash with Paul Doherty second, Chris Cordeiro took the 1000, Petracca won the mile with Ken O'Brien third, Dan Minton won the shot put with Doherty second and Brett McGrath third to complete a sweep.

NORTH QUINCY HIGH'S intramural football champions had to beat out 17 other qualifiers for the title after competing with three other teams in their class. Front, left to right, Geoff Hennessey, Dave Lorman, Tony Catino and Marty O'Sullivan. Back, Instructor Lou Ioanilli, Pete Will, Jed Phelan, Roy Widman and Joe Vella.

Quincy Title Contender; North Edges Strong Somerville

Joe Amoroso's debut as Quincy High's head basketball coach is proving extremely successful and the Presidents have stamped themselves as strong contenders for the Greater Boston League championship.

Quincy, nipped by a point in its opening game, has won four in a row and last night (Wednesday) was favored to make it five at Chelsea. Friday night the Presidents host rival North Quincy and Tuesday play at Somerville.

Bob Nolan's North quintet also is starting to jell with two wins in a row after losing its first two and last night hosted Malden. Following the Quincy clash, the Raiders are home to Revere Tuesday.

Fred Donahue, a transfer from Abp. Williams, turned in his finest performance last Friday to spark Quincy to a 63-52 win over Revere. Donahue

scored 21 points and excelled on the boards. Also playing his best game was Bill Dacey, who scored 19 points. Tom McKinnon added 10.

The Presidents, 4-1 overall, are 2-0 in the GBL.

North took a great 66-62 decision over Somerville's perennial GBL powerhouse last Friday in its first game at home.

Trailing, 35-30, at the half, North scored 10 points in a row to start the second half and stayed a few points ahead the rest of the way.

Leading by four with 30 seconds left, Jed Phelan sank three of four foul shots and Mark Reale two for two to pull North safely ahead.

"Phelan had his best all-around game ever," Nolan said. "He scored 21 points and, with Tim Clifford, dominated the boards. Clifford also has 14 points and Steve Miller had 15.

Steve Maloney, playing only about a period, did a great job and Reale is coming along well and scored all five of his points in the last period. This win should give us a big boost."

Earlier in the week Quincy avenged its only loss in no uncertain terms as it bombed B. C. High, 62-38.

In the Presidents' first game of the year they blew an 11-point lead in the last period and lost to the Eagles, 54-53, but last week turned in a superb two-way game and led all the way.

Mike Cullen led the way with 18 points and 12 rebounds and Donahue had another big night with 16 points and 17 rebounds.

"Donahue and Cullen were outstanding and John McFarlane and Bill Joyce had great defensive games," Amoroso said. "The entire squad did a fine job and I was able to play everyone."

●Bowling

Montclair, Brett Teams In Tight Race

With a one pin difference in total team scoring, and with identical 25-11 records, the Montclair Men's Club and the Rep. Joseph E. Brett teams are in a tight race for first place in the Quincy bowling Little League.

The Men's Club total is 10,939 pins, the Brett team 10,938.

The top 10 bowlers in the Loop are Mike Regan, 97.8; Dan Finn, 96.19; Brian Connolly, 95.23; Nick Anastas, 95.17; Larry McGrath, 92.2; John Andrews, 91.19; Kev Mulvaney, 91.16; Ken Allman, 91.7; Jim McAllister, 91.4; and Ken Brodie, 89.0.

The Brett team scored the

team high three [1,299] and the team high single [465] without having a leader in the individual scoring.

Dan Finn of the Burke club scored the individual high three [332], and Brian Connolly of Local 1451 scored the high single [134].

QJC Set For Worcester

The Quincy Junior College basketball team, which has been enjoying the holiday vacation, will return to action Tuesday night when it meets Worcester Junior College at the Worcester YMCA.

The Colleagues will be home to Mass. Bay Wednesday at 7:30 p.m. at Quincy Vo-Tech and

then will be idle until Jan. 19 and 20 when they play in the Johnstown, N.Y., tourney at Fulton-Montgomery Junior College.

Although owning only a 3-5 overall record, Coach Earl Vermillion's team is 2-1 in the Mass. Junior College Conference.

Quincy Wins 4 In Row; Raiders Drop 4 Straight

Like the basketball team, the Quincy High hockey team is rolling along with four wins in a row following a close opening night defeat and Friday night will meet Somerville at Boston Arena.

North Quincy, which has lost four straight after an impressive opening night win, will meet Revere. The games get underway at 6:30.

Monday night at 6:30 the Presidents will face Malden while North is idle. Malden handed Quincy its only loss to date.

Next Wednesday North will meet Medford at 5 o'clock.

Bob Sylvia's Quincy team, which apparently has solved its scoring problems, had a letdown in this department last Friday but edged Everett, 2-1.

Frank Guest, having a sensational sophomore season, put Quincy ahead at 11:15 of the opening period but Everett tied it in the second session. Quincy's winning goal in the final period was scored by Pete Janis on a pass from Ted Wiedemann.

Ron Erikson's North team, which has had trouble getting untracked after opening with a 4-3 upset win over Medford, dropped a 4-1 decision to Chelsea.

Earlier in the week the Presidents exploded for a 7-3 win over rival North Quincy, the game being quite a contrast to the three nip and tuck contests between the two last year.

Guest gave Quincy first blood when he soloed at 5:21 of the

opening period. Andy Colleran tied it at 7:39 with Ed Santry and Mark Hurley assisting.

Al Lancione converted passes from Guest and John Scott to put Quincy ahead again at 0:53 of the second period. Guest scored his second goal with an assist by Bob Boyle at 1:49. Rob Henderson scored for North at 6:37 with assists by Mike McLean and Paul O'Donnell. Wiedemann made it 4-2 at 8:23 on a pass from Boyle and he scored again unassisted a few

minutes later.

In the final session McLean scored for North with Jim Mullaney assisting at 0:29 and Pete Janis scored Quincy's two final goals, the first with Wiedemann assisting and the last unassisted.

"Our first two lines finally equalized," Sylvia said. "We felt all along we had two lines capable of being equal."

The Presidents' coach had good words for North. "They are aggressive and never give up," he said.

O'Brien Club Seeks 10th Straight

The undefeated O'Brien Club basketball team of Quincy will seek its 10th win in a row, ninth in the Cranberry League, Sunday night at 7:30 when it hosts the Wholey Club of Hull at North Quincy High School.

There is no admission charge. The O'Brien Club had one of its best games of the year last Sunday when it bombed the Bristol County Cavaliers of Fall River, 134-96. The win gave the Quincy powerhouse a two-game lead over Roxbury Stars, who were upset by the Cavaliers. They also lost to Quincy.

Al Dalton and Ron Bradley, who had missed the previous game, scored 30 and 26 points

respectively for the O'Briens, followed by Rich Sprague with 22, Bob McNamara with 16, Mike Dunn with 12, Eddie Miller and Marty Schoeper with 10 each.

In its previous game the O'Brien Club, with Dalton and Bradley missing, had to go into overtime to edge Bruce Saunders' Weymouth Recreation Alphas, 97-93, at Weymouth.

Pete Schmid scored 33 points, Mike Greenlaw 22, Dunn 16, Miller 12, Sprague eight and McNamara six.

The O'Brien Club is one of the strongest semi-pro teams ever to represent Quincy.

New Red Sox Film Available To Groups

Quincy youth groups, schools and sports clubs can obtain free of charge the new Red Sox film, "Baseball-The Now Career", now available through the club's public relations office.

The 26-minute movie is narrated by Chuck Connors, who went from the Brooklyn Dodgers and Chicago Cubs to television stardom as "The Rifleman". It contains many memorable moments from recent years, featuring current stars including Hank Aaron, Johnny Bench, Nolan Ryan, Tug

McGraw and Jim Palmer.

Congressman Vinegar Bend Mizell, Dr. Bobby Brown and sportscasters Joe Garagiola, Phil Rizzutto and Bill White talk about the game which gave them their start. Ted Williams and Casey Stengel are also represented with their comments about baseball as a career.

The film can be obtained by writing the Red Sox Public Relations Dept., Fenway Park, Boston 02215, or calling the PR Dept. at 267-9440.

Small Captain North Adams

Jim Small, former North Quincy High star and Greater Boston League all-star, is captain of the North Adams State College basketball team.

North Adams, rated 10th among New England small colleges, is enjoying another outstanding season.

● St. Ann's Hockey

Northstars, Detroit, Bruins Win

In St. Ann's Hockey League Pee Wee games played last week at Shea Rink, the Northstars defeated the Flyers, 3-1.

Scoring for Northstars were John Keller, Ed Novack and Chris Clark with assists going to George LaPointe, Clark and Paul Marino. Steve Webb scored an unassisted goal for the Flyers.

Detroit rolled over the Flames, 6-2. Andy Gillis scored twice for the winners with Frank Hogan, Bob Biagini, Steve Hogan

and Dan Rowley scoring the others. Assisting were Kevin O'Hanley, Gillis, Hogan, Rowley and Ron Puzalle. Joe Crifo had a goal and assist and Rich Pierre the same for the Flames.

The Bruins blanked New York, 3-0, with Mark Kintogas excelling in goal. Mike Millin, Greg Kelly and Larry Morton had the goals with Al Vasale, Bruce Ayers, Millin, Kelly and Morton assisting.

The Pee Wee all-stars played

their first game Saturday and defeated Winthrop, 3-0, at Porazzo Rink in East Boston. Chris Clark scored with assists by Frank LaPierre, Steve Olson and Kelly. O'Hanley scored the second goal with Eric Olson, Gary Stokes and Paul Gagnon assisting, and the final goal was scored by Rich LaPierre with an assist for Biagini. Brian Condon and Brian O'Hanley played outstanding games in goal.

ENC Returns To Action Friday

The Eastern Nazarene College basketball team, with a 2-2 record, has been enjoying its annual holiday vacation but returns to action Friday and Saturday nights in the annual Gordon College Tournament.

ENC will join host Gordon, Barrington and Grace College of Winona Lake, Indiana, in the event.

The Crusaders will be home to Roger Williams Jan. 11 at their new Lahue Physical Education Center on campus.

ENC defeated Barrington, 78-60, to even its record after splitting even with Mt. Vernon College and losing to Southeastern Mass.

Earlier in the week the Crusaders had bowed to Southeastern Mass., 96-78, despite a 25-point performance by Quincy's Rick Reyenger and 18 points by Gerry Whetstone.

ENC had opened its season and officially opened its new gym but was foiled by its former coach, Carroll Bradley, who first led it to prominence.

Bradley, who had retired but returned to coach at a comparatively new college, Mt. Vernon Nazarene of Mt. Vernon, Ohio, brought a team of freshmen to Quincy and, playing an outstanding possession game, shocked the Crusaders, 37-33.

A year ago Jim Smith led the Crusaders to another outstanding season to run his three-year record to 71-22, but lost five of his standouts, the brilliant Ron Bradley, Don Constantine, Dave Eads, Steve Shoff and Ray Shannon.

Bradley, one of the finest small college players in the country, led last year's club with a 24.6 game average, followed by Eads, 16.7, and Constantine,

10.2. Bradley and Constantine are former North Quincy High captains.

The only returnees with varsity experience are Rick Reyenger [6-7], former Quincy High star; Howie Briggs [6-6], and Gerry Whetstone [6-0].

Other members of this year's inexperienced squad are Dan Zink [6-4], ex-North Quincy stickout; Mike Cox [6-1], Tom Gansulus [6-0], Dave Hespell [5-10], Doug Lay [6-1], Frank Osgood [6-3] of Dorchester, Bob Peters [6-0], Mark Sanford [6-0] and Gordon Wetmore [6-4].

Hespell, Osgood and Wetmore are only freshmen.

ENC's cheerleaders this year are Capt. Vicki LaLone, Donna Chappell, Brenda Derbyshire, Agar Espada, Kathy Rhule and Diana Schaeffer. Team manager is Eben Hedman.

FIREPLACE DANGER

Normally, the safest place for a fire in the home is in the fireplace. But, unfortunately, it doesn't always stay inside like it should.

A few years back, a Massachusetts family of six perished in a twenty-one room mansion when a smoldering piece of wood was blown from a fireplace onto a rug during the night. Ironically, screens had been ordered for all fireplaces in the house, but had not arrived. Never - but never - operate a fireplace without a screen, regardless of how romantic it may be. It's your best protection from blowing sparks or coals.

Do you need a chimney sweep? Soot burns heartily, and if not

removed annually, you're likely to have a chimney fire that can creep through cracks in the chimney wall or send a shower of sparks onto the roof. If the roof is of combustible wood shingles, for example, or if the chimney is unlined, the danger increases.

In weekend of non-league games the Mite A team lost to Medford, 4-0, and to Pembroke, 3-2.

Scoring for Quincy were Paul Egan and Rick Reardon with an assist by Dwayne Wilcoxin.

The Mite B team also played the same rivals in non-league games, defeating Pembroke, 5-2, but losing to Medford, 2-1.

Joe Harte had three goals, Scott Messina and John Burn one each against Pembroke, with

Kevin Greene having two assists, Paul Ryan and Messina, Dennis Cronin and Mark Masse one apiece.

Against Medford the lone goal was scored by Messina with Burn and Jack Gabriel assisting.

Bantam A's Drop Pair, 2-1, 3-1

The Quincy Bantam "A" team dropped a pair of Bay Colony Hockey Association decisions last week.

Mike McGrath scored the only Quincy goal in a 2-1 loss to Weymouth. Rick Dannar and Tom Cahill had assists.

Matt Schaeffer was the goal scorer in a 3-1 defeat at the

hands of Brockton. Brian Bertoni assisted.

The Bantam "B" team fared better, beating Braintree, 5-2, and walloping Scituate, 7-1, in a non-league encounter.

Mark Kelly had a pair of goals and Dave Peters, John Fitzgerald and Dave Lewis one each in the Braintree game. Mike Marks and John Andrews had assists.

Mark Paolucci scored a goal and assisted on three others and Kelly had two goals in the Scituate contest.

Fitzgerald, Lewis, Jim McConville and Jimmy Moore had the other goals with assists going to Peters [2], John Norton [2], Lewis, Moore and Mike Wilson.

UCT, Keohane's Tie; Davis Edges Harold

In Pee Wee House League, UCT and Keohane's battled to a scoreless tie and Davis Insurance edged Harold Club, 3-2.

Scoring for Davis were John Lyons with two goals and Bob Molloy. Assisting were Ed Powers and Mike Hayhurst.

Tony Kraunelis and John McConville scored for Harold with assists by Mike Brewster and Bob Currier.

Squirt A's Trounce Weymouth

Robbie Zanardelli, Chuckie Marshall and Kevin Craig did the heavy scoring and goalies Kenny Mann and Tommy Corliss divided the shutout as the Quincy Squirt "A" team trounced Weymouth, 9-0, in a Bay Colony Hockey Association game.

Zanardelli had three goals and two assists, Marshall had two goals and three assists and Craig had two goals and one assist in the rout that extended Quincy's league record to 10 wins, a loss and two ties.

In a non-league contest, Quincy blanked Brookline, 5-0, with Marshall collecting a pair of goals.

Beniers had a goal and an assist and Rathgeb and Craig each had two assists. Singles goals were scored by Zanardelli and Nord and Tommy Heffernan and Carty had assists.

Energy plentiful on Ebsen ranch

By NANCY ANDERSON
Copley News Service

HOLLYWOOD — Buddy Ebsen reports there's no sign of an energy shortage yet on his 35-acre ranch in the Santa Monica mountains. At least his energy isn't in short supply. He spent his recent hiatus from "Barnaby Jones" cutting firewood for his huge, stone fireplace.

Meanwhile, his 22-year-old daughter, Bonnie, who made her film debut in a segment of "Barnaby Jones" is forging ahead professionally with a role in "Marcus Welby."

+

Perhaps you saw Jimmy Stewart and Lew Ayres working together in a segment of "Hawkins." But did you realize their last mutual assignment prior to that was "The Ice Follies of 1939" in which they played the two ends of a waltzing horse? No, I don't know which actor was which end.

+

Burt Sugarman always hoped he'd become the richest kid on the block, but not even he predicted 15 years ago that he'd eventually own the block where he, at that time, rented parking spaces for a couple of used cars he was trying to sell to help pay his way through USC. Now Burt, a TV producer, not only owns the block, but a number of car agencies and a finance company. Still his most consuming interest, is his television output, "The Midnight Special" and "The Wizard of Odds."

"Rosemary's Baby" producer William Castle will turn actor for a role in "The Sex Symbol," an ABC-TV "Movie of The Week." ... Former Los Angeles Police Chief Tom Reddin is playing a dramatic role in "Whiplash," an episode of "Police Story." ... And Brig. Gen. James McDevitt, the astronaut who reported seeing an unidentified flying object during a manned space flight, is making his acting debut in "Out Of This World," a segment of "The Brady Bunch."

+

More casting news: Gary Crosby will get star billing as a new regular in "Chase." This will be Crosby's first series as a regular since "The Bill Dana Show;" although he has been appearing on a semi-regular basis on "Adam-12" and "Emergency."

Though some members of the "Chase" cast were axed recently, Wayne Maunder and Mitchell Ryan will continue and will share star status with Crosby.

+

I talked with Jim Stacy the day after he got his new arm, and his courage was high. Jim is surviving terrible tragedy with such fortitude, I predict he will become one of the great men of the entertainment industry. He used to say he'd like to write some day. Maybe one day he'll win an Oscar for a screenplay or even a Pulitzer prize for some thing heaver.

Alice Faye, John Payne Bring Back Fond Memories In 'Good News'

By WILLIAM JEROME

With the increase in college tuitions let me give you some good news. Tait offers you a full academic year for less than \$10.

You can stroll the quadrangle, live it up at the "Sweet Shoppe" with your date, root your heart out at the stadium and ready yourself for the Prom at the Boat House.

By enrolling now at the Colonial Theatre in Boston you become a "Viking." You'll sing and dance and cavort with 32 wonderful college pals. The prettiest co-eds this side of Vassar and the most dashing and stylish college boys this side of Skidmore.

Your repertoire includes 17 songs — with almost as many dances. Such favorites as "Happy Days," "The Best Things in Life Are Free," "Button Up Your Overcoat," "You're the Cream in My Coffee," "Varsity Drag," "Keep Your Sunny Side Up" and the title song, "Good News."

Alice Faye — the 30's and 40's film sweetheart — brings a patina of mellowness and warmth to her role.

She is librarian-like, but her trim figure moves well in dance

and she is an attractive woman despite the years. There is a special quality to her low voice—she is "miked" for the show—sings naturally and effortlessly.

John Payne, romantic lead to Miss Faye on the movie screen, is just Mr. Nice Guy, back with us from the side-lines (or wings). He is dapper in his pin stripe double breasted suit, cuts a handsome figure and let me say while he is no Gene Kelly, he dances well. Alice and John re-united on the Boston stage—it's a heart-throb and brings down the house. Kudos to them both—they are "Good News."

Harry Rigby believes in this nostalgia bit. College back in the "thirties." Carefree and cute. You sit back and relax for two and a half hours. Rigby has a way of re-threading the time spool. As a producer he has already given us revivals of "No No Nanette" and "Irene."

This is a brand new package. Dec. 17 was the opening. The play remains four weeks then begins its seven month tour of the U.S. Philadelphia, Detroit, Toronto, of course, Los Angeles, San Francisco, assorted cities across the continent and possibly back to Boston and then on to New York City.

By that time half the country should be toe tapping, warbling the happy, catchy old tunes, wearing belt-backed coats, pork-pie hats, wild plaids and marvelous shawl, wool cardigans. And with pipes of course.

The gals have their long pleated skirts, smart sweater sets, cloche hats, and Prom gowns.

Abe Burrows, is the chancellor, so to speak. He adapted and directed this original by Lawrence Schwab, B. G. DeSylva and Frank Mandel. Every nuance is perfect. No trouble-talk. Funny sequences and repetition amongst the co-eds. Slap! "I needed that" or "You're stepping on my toes." The plot is simple. You all get "A" without any research.

The play is a clergyman's dream. No one's after anything they shouldn't be, no one loses anything they shouldn't. The college patter is palatable. Cast is handsome, agreeable and talented. The young stars are mothered so to speak by the elder ones, Alice Faye, John Payne and Stubby Kaye.

It's really a place you'd like to visit and maybe live. Enroll now, at the Colonial Theatre—be a "Viking."

Sandblom Resigns As City Tourism Director

R. Joseph Sandblom has resigned Saturday from his \$7,782 a year job as director of tourism in the Hannon Administration to accept a job as New England Regional manager for a South Shore-based insurance agency.

Sandblom concluded his tour of municipal duty with a ringing

endorsement of Mayor Walter J. Hannon and an attack on his detractors. His letter of resignation to the Mayor said:

"I am confident that your second term as mayor will prove to be as successful as your first term and that the small radical fringe groups in Quincy will come to realize that government

is set up to serve all citizens, not just a select few.

"I know that you will continue to make straight-forward decisions for the good of all the residents of Quincy and that you will not be affected by the slurs and innuendos that have been prevalent during the past few months."

Pasquale DiStefano Elected QCA President

Pasquale S. DiStefano of 38 Payne St., Quincy, has been elected president of the Quincy Citizens Association.

DiStefano, a social service worker at the South Shore Community Service Center, pledged that he would make the association's proposed 10-story

height limit on Quincy building the paramount goal of his administration.

Richard P. Ward of 120 Putnam St. was elected vice

president; J. Thomas Mullaney of 115 Standish Ave. was re-elected treasurer; and Miss

Dorothy C. Kelly of 108 Davis St. was chosen for another term as secretary.

Dr. Lawrence Creedon, Quincy's superintendent of schools, spoke to the group on the subject of open campus and the Quincy Method of Education.

Senator Kennedy To Speak At Chamber Forum

Senator Edward M. Kennedy will make his first South Shore appearance in a year at a special South Shore Chamber of Commerce luncheon Tuesday, Jan. 8.

The Public Affairs Forum, to be held at 12:15 p.m. at Lantana in Randolph, will include remarks by the Senator on Congressional action affecting the South Shore. Kennedy will

answer questions posed by attendees.

Reservations for the luncheon meeting may be made by contacting the Chamber at 479-1111.

Sterling Advisory Council Meeting Tonight

An organizational meeting of all parents who indicated interest in being elected to the Sterling Junior High Parents' Advisory Council will be held

tonight [Thursday] at 7:30 p.m. in the Sterling Junior High Cafeteria.

Purpose of the meeting will be to identify nominees to the

Council by grade prior to an election. The Council will consist of two parents at each grade level (total 6), one parent chairman, the principal, assistant principal and a teacher representative-at-large for a total of 10 members.

YMCA Guitar

The Quincy YMCA will offer a 10-week beginner guitar course for youth and adults beginning Tuesday, Jan. 8.

The following classes are available:

Youth - Tuesday 1:30 - 2:30 p.m. - 8 to 10 year olds; 2:30 - 3:30 p.m. - 8 to 10 year olds; 3:30 - 4:30 p.m. - 8 to 12 year olds; 4:30 - 5:30 p.m. - 13 to 15 year olds; 5:30 - 6:30 p.m. - continuing Beginners.

Adults - Tuesday evening 7 - 8 p.m. - continuing beginners; 8 - 9 p.m. - beginners; 9 - 10 p.m. - beginners.

'Survival Sunday' To Be Observed Feb. 3

"Survival Sunday" will be held in the churches and temples of Quincy Feb. 3 in support of the work of Survival Inc., the Quincy-based drug and youth program.

The concept, the idea of Rev. John Graham, Survival President, and Robert Hassey, Survival Executive Director, has been approved by the Quincy Clergy Association. It is planned to bring more information regarding the many services of the agency to Quincy residents as well as to provide funds to aid the continuing activity of the non-profit agency.

Survival, whose activities have expanded since the May hiring of Hassey, continues to serve not only young persons with problems but parents as well. Its Walk-In Center offers help in times of crisis as well as on a long term basis. The hotline offers instant help 24 hours a day.

The Joseph H. Whiteman House is taking in young people who can benefit from a halfway house living situation. The agency is active within court and prison systems in order to more properly treat persons involved in these institutions. In addition, the agency provides a wide range of education information, and referral to individuals and organizations on the South Shore. Although drugs continue to be a problem, young people experiencing a wide range of difficulties are now helped by Survival.

A planning committee consisting of Rev. Graham, Hassey, Rev. Edward Flaherty of St. Ann's Church, Rev. William Underhill of St. Chrysostom's Church, and Rabbi Jacob Mann of Beth Israel Synagogue has been meeting to coordinate the arrangements of the event.

Present plans for the event are two-fold: First, members of Survival's Board of Directors, staff, and volunteers will be made available on the Sunday to speak for a moment or two during the service, meet with members of the congregation at a social hour, or talk with any other group. Second, to help raise funds for the Survival operation, religious groups will

be encouraged to make a contribution to Survival, take a special offering during the services, or make an offering plate available at the door so that people may donate as they leave the services.

The event, according to Rev. Graham and Hassey, has the potential to benefit many persons. The agency anxiously awaits the expected large response from Quincy churches and temples.

Asks Citizens' Help

Hannon Cites Need For More State Street South Projects

Mayor Walter J. Hannon began his second term Monday with a ringing call for the help of all citizens to make Quincy economically sound and improve the quality of its life.

He listed as goals of his new administration:

- An attack on the unemployment problem.
- More projects like Kemper Insurance and State Street South to add to the tax base and employ local people.
- Development of downtown Quincy into "one of the most attractive and inviting shopping centers" on the South Shore.
- Federal funds to carry out neighborhood improvement programs.

And he appealed to the citizens of Quincy to play a greater role in the improvement of their city.

The ceremonies were marked—or marred—by an apparent historic "first": one of the incoming councillors—James A. Sheets of Ward 4—declined to take his oath.

Sheets asked that his installation be temporarily delayed pending a threatened taxpayers' suit. Ten taxpayers allege Sheets would be in conflict if he serves as a city councillor while a professor at the city-operated Quincy Junior College.

Arthur H. Tobin was re-elected council president for a precedent-setting fifth time. The vote was 7-0 with Councillor Joseph LaRaia abstaining and Sheets unable to vote.

Mrs. Josephine Carnali was re-elected to her fifth one-year term as clerk of council committees.

New School Committeeman John J. Sullivan was sworn in by Mayor Hannon in an unusual move during the inaugural ceremonies. Ordinarily, Sullivan would have taken his oath at the school committee's organizational meeting that night.

Nearly 1,000 persons including three former mayors—Thomas S. Burgin, Amelio Della Chiesa, James R. McIntyre—attended the inaugural ceremonies. There were a large number of students present.

The Library Services Department of the school system filmed the proceedings on videotape for showing at a later date and to be placed in the school department's historical file.

"You and I may not be able to control what happens in the rest of the country," he said in his inaugural address in the Quincy Voc-Tech gym, "but we can control our city."

"You have the responsibility

of deciding its direction."

But progressive citizens, he said, too often abdicate that responsibility by choosing the Monday night football game over a City Council meeting and the Thursday night movie over a public hearing.

"Every time there's a meeting or a hearing at City Hall, I can tell you exactly who will be there," he said. "All too often, it's those who oppose any degree of progress."

"We are not against constructive criticism and reasonable thought, but far too often we only hear from the complainers."

"We can't continue to improve our city with only the so-called 'wise counsel' of the obstructionists."

Full citizen participation is particularly important right now because, he said, "in all honesty, we have some problems."

"If we see unemployment as a problem, then we must do something about it."

"We need more of the Kemper and State Street projects that add to our tax base and employ our people."

"The future of General Dynamics is improving every day with the largest ship contracts in the world."

Sen. Edward M. Kennedy says he has high hopes for the future of the General Dynamics Quincy shipyard and feels that its resurgence will soften the impact on the South Shore of any future economic recession.

"I'm more hopeful about the future of the yard than I've been in a number of years," said Kennedy. Tuesday during a visit to the offices of The Quincy Sun.

"I feel this country is going to be involved in a major shipbuilding program to meet the problems of the energy crisis."

"We see it already in the contracts for the liquefied natural gas tankers which are a tribute to the workmanship and management of the yard."

"It will be necessary to build a very sizable quantity of those because natural gas will be one of the key sources of energy in the future."

"Also the movement of coal and other energy sources will require a very significant increase in the building of ships."

"True, these particular LNGs are being built to transport Algerian gas and Algeria is an Arab country that is strongly committed to the Arab cause."

"But even so, the Algerians have shown a great interest in the shipment of natural gas."

"I'm very hopeful that the Middle East conference will work out a satisfactory solution to the Middle East question and

we'll begin to see some freeing up of oil resources."

"I think even with the freeing up of oil and natural gas we'll still have important energy problems over a period of time."

"We are going to need to ship, not only oil and natural gas, but coal as well."

"This country has about 750 years of coal resources. There's going to be a demand for that in Europe and other parts of the world."

"Movement over water is one of the most efficient ways to transport goods. I think there'll be a revival of the maritime fleet."

"I believe there are a lot of countries around the world who will want ships, and many of those ships can be built in the Quincy yard."

Kennedy said expansion of

Says Sheets:

'They Have To Live With Their Motives'

Just when it appears that the great Quincy election of 1973 is finally over, someone new jumps into the ring firing writs from both hips.

The new City Council was sworn into office Monday — all except James A. Sheets, councillor-elect from Ward 4.

Sheets, who ousted Councillor Albert R. Barilaro in the December election, just sat on the podium and watched while the other eight Councillors took their oaths of office.

He explained that the threat of a conflict of interest suit from a mystery band of 10 taxpayers forced him out of the ceremony.

The taxpayers, fronted by North Quincy Attorney Frank W. Cormack, question the legality of his serving on the City Council for \$3,000 while drawing a salary as head of the government department at Quincy Junior College.

City Clerk John Gillis who administered the oath to the councillors said: "I'm sorry this

has happened. If I were Jim Sheets, I would have raised my hand. [To take his oath]."

"Our counsel, Kevin Keating of Boston, feels that if Jim were sworn in, his pay as a teacher could be attached and his job endangered," said Ron Kaufman of Quincy, Sheets' spokesman.

Instead of taking the oath, Sheets delivered a statement to the near 1000 persons, including some 200 students, who attended the inaugural ceremonies in the Quincy Vocational Technical gym:

"Less than a week ago," he said, "I was made aware that a group of 10 anonymous people was challenging my right to serve on the Council so long as I continued to teach the young people at Quincy Junior College."

"Had this challenge been issued three months ago, the problem would have been resolved and no shadow cast over this memorable occasion."

Quinn Oversight Chairman; Cemetery Probe To Continue

The City Council's probe of the Cemetery Department is going to continue.

Among the first appointments by Council President Arthur H. Tobin Monday was that of Councillor John J. Quinn as chairman of the oversight committee, which has been conducting the investigation.

Others named by Tobin to the committee are: Councillors Dennis E. Harrington, vice chairman; Clifford H. Marshall, Joseph J. LaRaia and Warren A. Powers.

The outgoing chairman of the oversight committee, former Councillor Edward Graham, said Friday that his investigation is complete since "we've heard from all the witnesses who were willing to come forward."

The probe was begun Dec. 27 at the insistence of Councillor LaRaia after the resignation of Cemetery Superintendent Anthony Famigletti, who was charged with burying two relatives in graves he did not purchase.

Over 200 In Historic Tribute

Harry Pavan: 'Man Of Dedication, Honor, Integrity . . .'

CITY COUNCIL CHAMBER took on the appearance of a courtroom Sunday as black-robed judges, city officials, lawyers, friends and associates paid tribute to late City Solicitor Harry Pavan. Judge Robert Prince [center background] presiding justice of Quincy District Court, presides over ceremonies. Standing at center right is Quincy Court Clerk Dennis F. Ryan who was master of ceremonies.

PRINCIPALS IN CEREMONIES honoring late City Solicitor Harry Pavan in City Hall Council Chamber Sunday included, from left, former Mayor James R. McIntyre, Mayor Walter J. Hannon, Mr. Pavan's daughter, Dr. Deborah Langston, Senator-Council President Arthur H. Tobin and Superior Court Judge Henry H. Chmielinski Jr., keynote speaker. They are shown in front of memorial plaque unveiled by Dr. Langston and Senator Tobin.

By HENRY BOSWORTH

A man of dedication . . . honor . . . integrity . . . courage . . . humility . . . a man named Harry Pavan.

That was how men who knew him best fondly remembered him during special memorial ceremonies at the City Council Chamber Sunday, which, if he had lived, would have been his 63rd birthday.

Harry—as he was affectionately known to just about every one of the 200 or so persons from all faiths and walks of life who attended—had served seven years as city solicitor during Quincy's "great growth" periods. He died Nov. 2, 1972, after a long illness.

The council chamber, where he frequently stood to render a legal decision—sometimes under fire—took on the appearance of a courtroom for the rare tribute, the first ever to a city solicitor in Quincy's history.

Fourteen black-robed judges, lawyers, city and state officials, and just plain friends—some of them not so well known—were on hand to remember Harry, and witness the unveiling of a handsome bronze plaque in his memory.

Each had his or her own special remembrance of him. But each, to himself, seconded the words of praise from those selected to speak.

Superior Court Judge Henry H. Chmielinski Jr., a close personal friend, and keynote speaker said:

"In a sense we are paying tribute to an ideal rather than a man," noting that "Harry remained a man of virtues" in a day when virtues, values and qualities are scorned.

"Harry was the type of a man who had no enemies and that is unusual. Everyone has someone who doesn't like him. But I have yet to meet a soul who didn't

like Harry.

"He was not a headline hunter. He did not seek glory.

"He was a devoted husband and father—a fine member of the bar. He epitomized the virtues of dedication, honor and integrity.

"His word was his bond—he was a man of his word. If he told you something, it was so."

Former Mayor James R. McIntyre who appointed Mr. Pavan solicitor in 1966 recalled he served during a great growth period in Quincy's history including the coming of the MBTA and its many legal problems involving landtakings and other matters.

There were fewer lawsuits because of him, McIntyre said. And during the turbulent mid-60's, he credited his compassion with helping to keep riots away from Quincy.

"Harry Pavan had a significant positive affect on me while I was mayor," McIntyre said. "He had great love and compassion for his fellow citizen.

McIntyre urged today's public officials "to keep this in mind and face problems the same way."

Mayor Walter J. Hannon, noting that Mr. Pavan died on the anniversary of his own father's death, said: "I looked upon him as more a father than a city solicitor. He gave me

sound advice. It was not difficult to re-appoint him."

City Solicitor Richard J. McCormick and former assistant Solicitors Stephen T. Keefe and John W. Sharry—all of whom served with Mr. Pavan, had special tributes for him. McCormick remembered him as "a man of great patience and consideration." To Keefe, he was, "A man of honor, humility, humor." And to Sharry, "In every sense of the word a gentleman and a man of courage."

Sharry noted that although Mr. Pavan was in pain and tired during his long illness, he never complained and always attended the council meetings.

Quincy District Court Clerk Dennis F. Ryan who served as master of ceremonies, noted that "Harry Pavan shared of himself and of his legal talent with the people of Quincy."

He singled out Senator-Council President Arthur H. Tobin, Mr. Pavan's law associate; Miss Violet Pace and Mrs. Muriel Chandler, his city and private secretaries, for bringing about the tribute.

Dr. Deborah Langston, Mr. Pavan's daughter, and Senator Tobin unveiled a bronze memorial plaque with this inscription:

"A brilliant lawyer and friend

to all who knew him. His common sense, compassion and legal scholarship guided and enriched the city he loved."

Dr. Langston thanked all who had helped make the tribute possible. And she remembered her father like this:

"No matter how frustrating or vexing things became for him, I never saw him angry."

Judge Robert S. Prince, presiding justice of Quincy District Court, presided over the ceremonies. Other judges participating were:

James A. Mulhall and Gertrude R. Halloran, retired justices of Quincy District Court; Alvin C. Tamkin, presiding justice Hingham District Court; Alfred L. Podolski, chief justice and Robert M. Ford, justice Norfolk Probate Court; James R. Lawton, presiding justice Plymouth Probate Court; Superior Court Justices John J. McNaught and James Lynch.

Joseph F. Feeney, South Boston District Court; Bernard Cohen, and George N. Hurd Jr., Brockton District Court and Lewis T. Whitman, special justice Quincy District Court.

City and state officials present included City Clerk John M. Gillis, Rep. William Delahunt, Rep. Thomas Brownell, Councilor-Rep. Clifford Marshall, Councilors John J. Quinn, James Lydon, Dennis Harrington, Fire Chief Edward Barry, and Richard J. Koch, executive secretary Quincy Park-Recreation Board.

Rabbi David Jacobs of Temple Beth El likened Mr. Pavan's life to a tree that bears good fruit. Rabbi Jacob Mann of Beth Israel Synagogue said:

"Harry Pavan worked hard. He came up the hard way. He did honor to his people, his faith and his country."

And gesturing around the council chamber, he added: "He loved this place and he came back. He is here to stay."

SNOWMOBILES CAN BE DANGEROUS

Snowmobiling is one of the fastest-growing leisure-time activities in this country. As the snowmobile enthusiasts increase, however, so do the number of accidents. Here are a few safety tips from the National Safety Council for present and future snowmobilers to consider.

Follow marked trails when provided. Watch for wire fences, fence posts, snow-covered stumps, and fallen trees. Your speed should fit the terrain. Never "Jump" a snowmobile.

Avoid wearing long scarves or other loose clothing that can catch moving parts of the snowmobile. This includes long-flowing hair which should be tucked under a hat or helmet.

Inform a responsible person of your planned route and estimated time of return. Turn back immediately if the weather worsens. If possible, stay clear of railroad crossings and railroad right of ways. The sound of the snowmobile can drown out the sound of an oncoming train.

Kennedy Sees More Shipyard Work Here

[Cont'd from Page 1]

activities at the yard will boost the economic picture on the whole South Shore.

"Unfortunately," he said, "we are one of the states with the highest unemployment rate in the country, 6.9 per cent.

"The best current estimates, based on the energy crisis, is that this can go up to 8 per cent or higher.

"This will have a serious adverse impact on every phase of the economy all over the state.

"But, with the expansion of shipyard activities, the impact on the South Shore will be somewhat diminished."

On other subjects in a wide ranging conversation with the Quincy Sun, Kennedy said:

* "I have no plans to run for the presidency at this time. Of course, I'm aware that there is speculation about it. I realize that sometime before the end of 1975 I will have to make my plans known to the people of this state. I will do so then."

* "I think there is a good opportunity for the Democratic Party in 1976. I don't think the mere fact of Watergate necessarily means there will be a sweep toward Democrats but if we are able to come up with an effective candidate and program the American people are willing to consider an alternative."

* "Teddy [his son who lost a leg to cancer] is making some progress. He returned to school yesterday. I'm sure that the prayers and good wishes of the people of the South Shore and Massachusetts had a positive impact."

"He got hockey sticks from

Bobby Orr, a football from the Patriots, a baseball from the Red Sox, a basketball from the Celtics. In fact he's so well outfitted that he said to me the other day:

"I know I'm going to have to get back to playing sports -- but do I have to play them all?"

Kennedy was escorted in his Quincy area tour by Richard J. Koch, executive secretary of the Quincy Park-Recreation Board who headed John F. Kennedy's senatorial and Presidential campaign in Quincy.

Capt. Paul Nestor of the Quincy Police Department was in charge of security during Kennedy's Quincy tour.

Earlier, the Senator spoke at a luncheon meeting of the South Shore Chamber of Commerce in Randolph.

He also made a number of coffee hour stops in the Quincy area.

He was asked if this might be the kickoff to a Presidential campaign but he laughed and said that he was merely visiting the area to meet and talk with the people.

During his visit at The Quincy Sun he was twice asked about a Presidential run but in both instances said that "at this time" he had no such plans. But he did not rule himself out as a candidate.

He declined to name others he thought would be strong candidates.

"I can think of a few," he said, "But I'm not going to name them."

During his trip to The Sun, he was accompanied by his nephew, Joseph Kennedy, son of the late Senator Robert F. Kennedy.

Sweeny Elected School Committee Vice-Chairman

Charles T. Sweeny, veteran member of the Quincy School Committee, was elected that board's chairman by a 4-3 vote Monday night.

Sweeny, now in his fifth term as a member of the board, edged Frank Anselmo in the secret balloting at the organizational meeting. The latter is starting his fourth term.

Although the balloting was secret reliable sources informed The Quincy Sun that the vote lineup was this:

Sweeny was supported by Mayor Walter J. Hannon who by

virtue of office is chairman; Harold Davis, John J. Sullivan and received his own vote.

Voting for Anselmo were Daniel Raymond, Frank

McCauley and Anselmo.

Sweeny previously served as vice-chairman in 1964 and 1965. He was first elected to the board in 1955.

The Cemetery Probe And The District Attorney

We don't usually go around picking on fellow newsmen or other newspapers but we just cannot let this one go by without comment.

We refer to a recent article in The Boston Globe about the Quincy cemetery department matter still under investigation.

Columnist Dave Farrell, a pretty savvy newsmen and a good writer, for some reason or other seems to take special delight in zinging Dist. Atty. George Burke.

In this particular column he starts it all off by stating Mr. Burke's "apparent disinterest in the Quincy cemetery department is worthy of scrutiny."

He then notes in contrast, that Mr. Burke is "quick to call a self-serving press conference whenever trouble erupts at Walpole State Prison."

The way Mr. Farrell tells it, the district attorney, to put it politely, is shirking his duty and all that kind of stuff for political reasons as far as the cemetery department case is concerned.

But he seems to overlook one major point that even a green cub police reporter knows. And that is that a district attorney doesn't go butting into everybody else's business. He steps in at the appropriate time and usually upon request by a police department or municipal official.

If you follow Mr. Farrell's reasoning, then Mr. Burke should be involved in the investigation of every housebreak, traffic accident, assault, theft, etc., in every community in Norfolk County.

In the case of the Quincy cemetery department, one investigation has been made and another is still being carried out by the Quincy police department. No one has asked Mr. Burke to step in.

The director of the Bureau of Accounts, according to Mr. Farrell, "is expediting a report on the results of his audit". But the director, at this writing had not referred any thing to the district attorney or requested him to move in.

The City Council's Oversight Committee has just about wrapped up its public probe with this observation from Chairman Edward Graham: "We have heard from all the witnesses who were willing to come forward." He said the committee will submit a summary report.

And, at this point, the City Council has made no request to Mr. Burke to move in to investigate or prosecute.

The case itself was discovered by Quincy City Auditor Alexander Smith and brought to Mayor Walter Hannon's attention. He immediately launched a police investigation.

And, just for the record, Mr. Burke did discuss the case with Mayor Hannon three or four weeks ago. He obviously is watching it.

As far as the Walpole State Prison is concerned—yes—Mr. Burke has called press conferences about incidents there. But it's usually after a dead body turns up there or someone has found a hidden arsenal, or a riot is underway or someone tries to burn the place down.

We do not know what the cemetery department investigation will produce before it is all over. But as developments occur, there doesn't seem to be any attempted coverup.

We don't think Mr. Burke deserves the raking over he got in The Globe. He's been a good district attorney—who can be both fair and tough. And he has said "no" to even friends when he felt he had to.

Postage Rate Hikes Delayed Until March

Postage rate hikes scheduled to go into effect Jan. 5, have been postponed until March 2, the U.S. Postal Service announces.

The new rates will raise first class postage from 10 to 10 cents

and airmail from 11 to 13 cents. There will be increases in other classes of mail. The delayed increases are in compliance with a Cost of Living Council decision.

Tobin Re-elected To Historic 5th Term

Arthur H. Tobin wrote another paragraph in Quincy's history book Monday when he was elected to an unprecedented fifth consecutive term as City Council president.

No other man has been elected to more than two one-year terms as council president in Quincy's history.

Tobin was given seven of his colleague's nine votes with Councillor Joseph J. LaRaia abstaining and new Ward 4

councillor James A. Sheets unable to vote after declining to take his oath pending a threatened taxpayer's suit.

The taxpayers, still unidentified, raise the point that Sheets, a professor at the city operated Quincy Junior College would be in conflict if he also served the city as a councillor.

Councillor John J. Quinn, the only man who could possibly have wrested the gavel from Tobin, nominated him instead

and paid tribute to Tobin's leadership qualities.

LaRaia, who earlier was a candidate for the council presidency, responded "I abstain" when City Clerk John M. Gillis polled the councillors.

Tobin's nomination was seconded by new Ward 1 Councillor Leo J. Kelly.

After LaRaia abstained from voting, he stood up, tapped Tobin on the shoulder and shook hands with him.

A Tribute To Councillor McLelland

Editor, Quincy Sun:

I think it most fitting and proper to express many thanks of a job well done as Councillor of Ward 3, Ted McLelland.

Here is a good family man who gave more of himself without expecting anything in return. His voice would echo, within the walls of the council, not loud in tone, but wisdom of his interest to serve his city to the best interests of all.

From the many friends and voters of the City of Quincy Ted, "a job well done, and your record speaks for itself. Let the seasons pass by in the calm, and bring your tide back to the city as a wave in the ocean."

Quinn Launches 'Grass Roots' Gubernatorial Campaign Here

Atty. Gen. Robert Quinn was in Quincy the other night to launch a "grass roots" campaign for governor.

He didn't officially say he was running for governor. "All I can say," said he, "is that I am not a candidate for re-election but expect to be a candidate for state office."

But you can be sure as Westinghouse that he is a candidate. Look for him to make it official sometime in March.

Quinn stopped off at the law office of Atty. Richard Barry in North Quincy who will be his Quincy campaign coordinator. He was greeted there by Richard Koch, executive secretary Quincy Park-Recreation Board whose daughter, Linda, will be his North Quincy chairman. Dist. Atty. George Burke dropped in to say hello.

After chatting with newsmen—but half-heartedly ducking his candidacy—Quinn met with ward chairmen and workers at several Quincy homes.

Charles Shea, former city councillor and state representative, will be Quinn's Ward 1 chairman. The ward meeting was held at the Moreland Rd. home of Rep. Thomas Brownell.

Another meeting was at the home of Robert Cerasolia, of Whiton Ave., Quincy Point-Ward 2 chairman.

Joseph Gildea and former School Committee Vice-Chairman Paul Kelly are Ward 3 and Ward 4 chairmen respectively. They and workers of those two wards met at the home of Dr. Donald MacLeod of Dixwell Ave.

Other meetings were held at the homes of Richard Morrissey, Jr., Buckingham Rd., Ward 5 chairman; Miss Koch and Atty. Gregory Galvin of Wedgewood Rd., Scantum area chairman.

Reportedly up to 30 or more workers were at each home waiting to meet with Quinn and to start rolling up their sleeves to work for his election as governor.

QUINCY'S TWO CONTENDERS for Norfolk County sheriff may find themselves with a surprise candidate to reckon with: incumbent Charles Hedges.

Although Hedges several months ago confided to close friends that he would not seek re-election, word out of Dedham now is that he appears to be changing his mind and might just make one more run.

County Commissioner George McDonald and Councillor Rep. Clifford Marshall are candidates now. John Brownell is thinking of it, but would not run against Hedges.

McDonald, Marshall and Hedges would make quite a battle.

INCIDENTALLY, McDonald spikes rumors now circulating that he will bow out of the race and take an important appointment instead.

"I've heard the rumors," he says. "But there's nothing to them. I'm definitely in the sheriff's race to stay. And you can quote me."

WELL, YOU CAN bet who Nick Trifone, Jr. will be rooting for in the Super Bowl Jan. 13. Nick's dad, probation officer at Quincy District Court and the Miami Dolphins' Nick Buoniconti went to Boston University together and have remained good friends.

Young Nick who is 15, recently underwent surgery. Ron Van Dam of the Bargain Center was in Miami, met Buoniconti and mentioned that the youngster was in the hospital.

Buoniconti sent him a get well message and followed it up with a special delivery package containing a set of earphones for radio or stereo.

SPEAKING OF THE Super Bowl, at least four members of the Adam's Heights Men's Club, will be flying to the big game. All set to go are Ken Balducci, former Quincy High grid star; Harold Merrill, Ed Vickery and Ray Marcucci.

ONE CONTENDER for the City Council presidency reportedly lost any possibility when he asked a third party to help him line up two votes. It boomeranged.

YOU CAN HELP DEPT: The Quincy Detoxification Center's Faxon House needs used bathrobes, pajamas and men's sport jackets for residents. If you have anything along that line you don't need, contact Frank Martinson at 472-1484 or Sabina Stenberg, 472-9687. The clothing may be left at the center or at Sabina's Beauty Shop, 660 Hancock St., Wollaston.

GORDON MACPHEE, who headed up Mayor Hannon's inaugural committee, is expected to be named city Director of Tourism, succeeding Joseph Sandblom who resigned last week. The job pays \$7,782.

MOMENTS TO REMEMBER Dept: Arthur Tobin would have been unanimously re-elected council president Monday except for Councillor Joseph LaRaia. [James Sheets who didn't take his oath was unable to vote.] LaRaia abstained making the vote 7 in favor instead of 8. But then, in an apparent gesture to show there were really no hard feelings, LaRaia stood up and shook hands with Tobin.

Councillor John Quinn, the only man who could have wrested the gavel away from Tobin, nominated him instead. Ward 1 Councillor Leo Kelly seconded the motion.

[Cont'd from Page 1]

at the shipyard, the payroll will pump millions of dollars into Quincy's economy.

"In the months ahead, I will seek out the proper developers, the best type of businesses for our city.

"Citizens groups, business and government must work with great zeal and dedication for the revitalization of our central business district.

"This will provide job opportunities for the unemployed, as well as for our young people so that they live in Quincy as have their parents and grandparents.

"We must transform our downtown into one of the most attractive and inviting shopping centers in the region. For Quincy is not just the gateway to the South Shore, it's the Hub.

"In times like this, management, labor and government must work together in an atmosphere of optimism and cooperation.

"With these three ingredients, we can successfully face our challenges."

Quincy, he said, is becoming increasingly more attractive as a "bedroom community" for

people who work in Boston.

"But we must never let anyone forget that we are basically a city of neighborhoods," he warned.

"Our neighborhoods are our strongest asset.

"Because of this, we have spent millions of dollars in the improvement of private property in North Quincy, Wollaston and, most recently, Quincy Point.

"We know now that this can be done with minimum inconvenience and wholehearted acceptance by area residents.

"But there are still areas of Quincy that need improvement and I will continue to seek federal funds to carry on these programs."

Hannon said he feels that he has lived up to his first inaugural pledge of January, 1972, to bring economy to the city government, even though some of his cost-cutting moves might prove unpopular.

"I have repeatedly said that the job of Mayor was one of decision-making," he said.

"I have made decisions, painfully and politically unwise as they may have seemed."

"But, I will continue to make hard decisions in the next two years, because that's my job."

The invocation at the inaugural ceremonies was given by Rev. Edward B. Flaherty, St. Ann's Church, Wollaston. A special prayer was given by Rev. John R. Graham of First Parish Church and benediction was by Rabbi Jacob Mann of Beth Israel Synagogue.

The Quincy High School Concert Choir, directed by Gale Harrison, sang the "Star Spangled Banner" and "O, Clap Your Hands". The North Quincy High School band, directed by David Watson, played a number of selections including "Masque" and "God Bless America".

Marie Hanlon Reappointed Notary

Marie L. Hanlon, of 69 Centre St., Quincy has been reappointed a Notary Public, State Secretary John F. X. Davoren announces.

Confirmation of the

reappointed Notary was made at a meeting of the Executive Council following submission of the name by Governor Francis W. Sargent. The term will expire in seven years.

ENJOYING the annual Freshman Mothers' Tea sponsored by the Archbishop Williams Guild are Nancy Moreschi, Mary Cleary and Lucille McAllister, all of Quincy.

Diet Workshop Plans Free Open House Week

The Quincy Diet Workshop announces it will hold a free Open House week starting Monday, Jan. 14 in all its classes at Bethany Congregational Church, Temple Adas Shalom, the Quincy YMCA and Atlantic Memorial Congregational Church, North Quincy. The theme will be "The Whole Family", a new approach to weight control. The public is welcome to attend without obligation.

There is a need for the entire family to learn sensible eating habits based on sound nutrition, according to workshop officials. Therefore, the Diet Workshop has now trained its staff to not only help its group members, but every member of the family. [All members of the family need

not attend class].

"The Whole Family Cook Book" will be offered at a nominal charge in all classes. It will incorporate recipes everyone will enjoy - young or old, thin or overweight. In addition, a free guide to family meal planning will be distributed to all in attendance during the week of Jan. 14. It will now be possible for the dieter to cook for the enjoyment of the whole family, and at the same time help the children avoid future weight problems.

Free low-calorie recipes are available upon request by sending a self-addressed, stamped envelope to Lea Allen, 118 Canton St., Randolph, MA 02368. More information may be obtained by calling 986-6160.

Eden is only place for perfectionist

By PAT and
MARILYN DAVIS
Copley News Service

Dear Pat and Marilyn:

I have a problem — my husband. This man wants everything perfect. He will go to any length to make even the smallest detail just right for himself, and I am getting truly upset trying to please him.

Last week he complained about the way I ironed his shirts, about the brand of paper towels I purchased, about the length of time it took me to scrub the kitchen floor, and the final comment was that I did not have enough variety in the meals I prepared. He has suggestions about everything — the way I should wear my hair, the dress I should or should not purchase, the amount of makeup to wear, and the job to apply for.

This perfectionist is 30 years old. I am 25, work 8 hours a day, and keep house and prepare balanced meals. What else can I do?

Beth

Dear Beth:

Send your husband to the

Garden of Eden! That is the only place he can find perfection. Certainly not on this planet.

Dear Pat and Marilyn:

My mother-in-law is a prodder, prober, and pusher. Yet, this woman has a heart of gold. She is kind and I don't want to hurt her but she has to stop her constant surveillance.

She insists on knowing where my husband and I are every waking moment. If we go on a weekend trip, she wants to know where we intend to go, when we intend to leave, and when we will return. She calls every day and asks what I'm cooking. If we buy a new piece of furniture, she insists on knowing the price. I could go on and on but the point is — how can I handle this without hurting her?

Sissy

Dear Sissy:

A pushy, probing person has to be handled with the same lack of understanding and tact that they employ. In other words, tell Mom to stop tampering. She will meddle as much as you allow.

COOKING CORNER

These recipes are easy on post-holiday budget

By SUSAN DELIGHT
Copley News Service

After the holidays comes the reckoning. The budget has been strained by holiday merrymaking and gift giving, bills are coming in, and income tax time is in the offing.

It is now that the homemaker must use her most canny knowledge to save on the food dollar, and yet keep her family well nourished and pleased.

Recipes given today are the easy-on-the-budget variety. What's more, they are different enough to interest family members into partaking.

QUICK AND EASY MUFFINBURGERS

- 1 pound ground beef
- 1/2 pound sausage meat
- 1 cup seasoned prepared bread stuffing mix
- 1 cup canned apple sauce
- 1/4 cup sweet pickle relish
- 1 tablespoon instant minced onion
- 1 teaspoon salt
- 1/2 teaspoon pepper
- 1 egg, beaten

Combine all ingredients in large mixing bowl, mixing well. Let stand 1/2 hour. Spoon meat mixture into 12 lightly greased muffin tins. Bake at 350 degrees for 20 to 25 minutes. Serve hot with buttered carrots and boiled potatoes. Accompany with a tossed salad. Makes 6 servings.

GOURMET CHICKEN WRAP-UPS

- 4 boned and skinned half chicken breasts
- 1/4 cup butter or margarine
- 1 can (8 oz.) refrigerated quick crescent dinner rolls
- 1 can (2 1/4 oz.) or 1/4 cup deviled ham
- Milk
- Sesame seed

LOW-COST DISH — Quick and Easy Muffinburgers require less than a half hour of baking time. Unusual ingredients are applesauce, pickle relish and stuffing mix.

Filling:

- Two-thirds cup finely chopped tart apples
- 2 tablespoons chopped pig-nolia nuts or almonds
- 2 tablespoons raisins, if desired
- 1 teaspoon instant minced onion
- 1 teaspoon chopped chives
- 1/4 to 1/2 teaspoon sweet basil

Sauce:

- 1 package (5 oz.) chicken gravy mix
- 1/2 cup water
- 1/2 cup dairy sour cream
- Oven 375 degrees. 4 servings.

Place chicken breasts, boned-side up, between two pieces of plastic wrap. Starting at center, pound with a smooth, heavy object until pieces are about 1/4 inch thick. Peel off plastic wrap. Divide filling equally among the 4 breasts. Fold up each so filling is enclosed and fasten with wooden picks. Brown chicken rolls in butter over medium heat until golden brown and

meat is cooked. Cool enough to handle; remove picks.

Separate crescents into 4 rectangles. Press perforations of each to seal; spread with deviled ham. Place 1 chicken roll on each rectangle; fold up dough to enclose chicken and seal completely. Place seam-side down on ungreased cookie sheet. Brush with milk and sprinkle with sesame seed. Bake at 375 degrees for 12 to 18 minutes or until golden brown. Serve hot with sauce.

Filling: Combine all ingredients; mix well.

Sauce: In small sauce pan, combine gravy mix and water. Bring to a boil; boil 1 minute. Blend in sour cream. Heat through, but do not boil. Serve hot.

Tip: Wrap-Ups may be prepared, covered and refrigerated 2 to 3 hours before baking. Increase baking time 5 minutes.

Generic Term: 1 can (8 oz.) refrigerated quick crescent dinner rolls.

Your Horoscope Guide

For The Week Of
Jan. 13 to 19

By GINA
Copley News Service

ARIES: (March 21 to April 19 — Also Aries Ascendant) — Lay your cards on the table regarding problem with mate or partner — you may discover that it is not as big as you thought. Concentrate on one project at a time and see it through. Be helpful to loyal friends.

TAURUS: (April 20 to May 20 — Also Taurus Ascendant) — Work quietly in the background now laying the groundwork for future projects. Artistic talents are active — use them. Opportunity to form a partnership should be investigated. Speculation not favored now.

GEMINI: (May 21 to June 20 — Also Gemini Ascendant) — Take time out for leisure — attend a theatrical event. Give special attention to household pets, adjusting diet if necessary. Spend the weekend in a private kind of way with your mate or partner — alone, together.

CANCER: (June 21 to July 22 — Also Cancer Ascendant) — Things are looking up and you feel more optimistic. Good time to remodel, redecorate, refurbish your home. Do the work yourself so as not to strain budget. Resist im-

pulsive reactions to work irritations.

LEO: (July 23 to August 22 — Also Leo Ascendant) — Be objective about family problem. Short trips to visit relatives are a possibility and may clear up some anxieties. Use care in wording correspondence so that the meaning is crystal clear. Use your charm to get results.

VIRGO: (August 23 to Sept. 22 — Also Virgo Ascendant) — Your intuition is razor sharp and you can see through other people's motives. Work goes well as you use your ingenuity to complete difficult tasks. Stick close to your budget and resist extravagant impulses.

LIBRA: (Sept. 23 to Oct. 22 — Also Libra Ascendant) — Enjoy social whirl but don't neglect areas of intellectual growth. This is a good time to start a study program or refresher course. Resist extravagant spending for luxury items. Work first — then play.

SCORPIO: (Oct. 23 to Nov. 21 — Also Scorpio Ascendant) — All signals are "go" in your career. Present plans to those in authority. You appear to have much personal support now. Guard your temper at home. Think before you speak. Catch up on bookkeeping chores.

SAGITTARIUS: (Nov. 22 to Dec. 21 — Also Sagittarius As-

cendant) — Tremendous opportunity now to develop a new talent. Community service activities are favored too. Use strength of character in carrying out plans to solve a family situation. Launch new plans later.

CAPRICORN: (Dec. 22 to Jan. 19 — Also Capricorn Ascendant) — You have a second chance to launch a project or idea which didn't quite come off before. It could bring you honors as well as financial increase. Listen to friends with constructive ideas.

AQUARIUS: (Jan. 20 to Feb. 18 — Also Aquarius Ascendant) — Use your ingenuity and originality to make great progress in business or through an organization. Jealousies may surround you — stay calm and steady. Be logical and initiate efficiency operational methods.

PISCES: (Feb. 19 to March 20 — Also Pisces Ascendant) — Resist impulse to spend over your budget or run up charge accounts. A jealous person may be working against you in secret. Romance could bloom most dramatically now. Be charming, romantic and kind.

Use ironing board for quick mending

By BETTY W. KINSER
Copley News Service

Each week, somewhere between Monday and Friday, I iron an average of 35 shirts. And each week, somewhere between Monday and Friday, at least three of those shirts are going to need mending.

Since mending isn't my favorite pastime, I try to sneak up on it. So, sitting on my ironing board is a small pin cushion that holds six or seven needles, each threaded with a different color thread.

When I come across a button that's loose or a small tear, I whip out the proper needle and thread and do a

quick fix-it. Keeps the mending from piling up, and some times I don't even notice I've done it.

PS: Save the big jobs for the machine.

QUICK STITCH: From Mrs. Gary Agler, Polson, Montana — The handiest cleaning tool one can have around the sewing machine is one of those tiny brushes that come with electric shavers. They reach down around the bobbin case and remove all lint. Too bad manufacturers don't include one in the kit that comes with a sewing machine.

Energy-saving tips for electric stoves

When cooking on top of an electric range, be sure pots and pans fit the surface units, advises Commonwealth Edison Co. — a pan smaller than the unit lets heat go up the

sides and wastes electricity.

Other tips: Use utensils with flat bottoms and tightly fitting covers and cook vegetables in small amounts of water. — CNS

'Well Baby Clinic' At Southwest Community Center

The Southwest Community Center is operating a "Well Baby Clinic" in cooperation with the City Health Department at which Quincy children from ages two months to five years, may receive free immunization shots.

Physicians from the health department will administer polio, measles, and other vaccines at the Southwest Community Center the first Monday of every month, from 10 to 11 a.m. The program began Monday.

Adults who are in need of booster or immunizations shots may also receive them there. Physicians also offer advice and

answer questions for parents, and will weigh and measure babies and administer free vitamins.

On Thursday, from 2 to 8 p.m., the Southwest Community Center runs a "Community Food Coop".

Each week 50 householders place orders at the Community Center for fresh fruits, vegetables, eggs, cheese, and meats, which are bought at the New England Food Produce Center in Chelsea, through the Boston Food Coop, at reduced prices.

"The basic premise of the Community Food Coop," said

one Community Center official, "is that by combining a number of households' food orders into one large order, food can be bought at wholesale prices." Food items are offered at 1 per cent above wholesale to cover transportation costs.

Initial membership in the "food coop" is \$1 and is open to any family, regardless of income or place of residence. Each household is required to work in distributing the food at the Community Center once every two weeks.

For more information call the Southwest Community Center at 471-0796.

1974 S.S. Economy Chamber Topic Jan. 16

The South Shore economy in 1974 will be the panel topic of the Jan. 16 7:44 breakfast meeting of the South Shore Chamber of Commerce at Valle's, Braintree.

The theme is entitled "1974...one hell of a year?". Moderator will be Charles A. Pearce, president, Quincy Savings Bank. Panelists will be representatives of the banking, development, retail and industrial areas.

Francis E. Hassey, economist, The Schofield Companies; Nathan Shulman, President, Best Chevrolet; and P. Takis Veliotis, President, Quincy Shipbuilding Division of General Dynamics.

The panel will look to the economic indicators of the past year and forecast the year ahead.

The discussion will include the stock market, the trends [if any] in the business community, the money situation, the employment picture, "Simon says..." and the toll of the

energy crisis.

Reservations for the meeting can be made by contacting the Chamber at 479-1111 or by writing 36 Miller Stile Rd, Quincy.

ATTENTION:

everybody who gets a government check through the mail

Government Employees, Federal Retirees, Service Personnel, Disabled Veterans, Social Security Recipients

If you look to the mail for your government check, we can offer you a thief-proof, time-saving way to do your banking. It's a banking plan that lets your check be sent *directly* from the government to your bank. Your check is *automatically* deposited in your account on the *same* day you'd normally receive your check. We guarantee that your check will be credited to your account on that date, even though we may receive your check at a later date. No more checks stolen from your mailbox. No more time-consuming trips to the bank. It's a nice, easy, and safe way to do your banking.

If you're interested in our Government Check Banking Plan, please fill out the coupon and return it to us. We'll send you a Treasury Department form which, when completed and submitted by you to the agency that issues your check, will enable you to participate in our Government Check Banking Plan. Or, come in and ask us for a Treasury Department form (No. 1189). We'll show you how simple it is to protect your government allotments.

Please send Treasury Department form (No. 1189) so I can participate in your Government Check Banking Plan.

Sargent Here Friday To Sign Agreements For Clay St. Project

Gov. Francis Sargent is
coming to Quincy Friday to sign
the agreements that will clear
the way for construction of the
controversial \$4.4 million Clay
St. Senior Citizens Housing
Project.

The Governor will be
welcomed at a noon luncheon at
the Wollaston Golf Club and the
signing ceremonies will be held
at 1 p.m. at Fanno House, a
senior citizens' facility at 540
Hancock St., Wollaston.

The contract to build the
12-story, 200-unit apartment
complex was finally awarded
Dec. 20 after an eight-month-
long zoning dispute with
abutters and a brief controversy
over bids for construction.

Abutters obtained a court
injunction against the project
while they challenged in court a

Zoning Board of Appeals
variance from a regulation that
calls for one parking space per
apartment unit.

The appellate board's decision
was based on the fact that the
project would be located within
walking distance of the
Wollaston MBTA station and
thus autos would not be a
necessity for residents of the
building.

Legislation permitting the
City Building Inspector, Alan
Macdonald, to issue a building
permit in spite of the injunction
was filed by Sen. Arthur H.
Tobin [D-Quincy] and passed in
October, just before the deadline
on federal financing expired.

The project was originally
figured to cost \$4 million but
inflation during the eight-month
delay raised the price so much
that the lowest bid obtained was

\$364,000 over that figure.

Even after the contract was
awarded, there were problems.
The low bidder, DiLibero
Brothers of Boston, backed out,
saying that it would be unable to
meet the terms of the contract.

The second lowest bidder,
James J. Welch Construction Co.
of Salem, was awarded the
contract after the State
Department of Community
Affairs ruled that the contract
did not have to be readvertised
for new bids.

The Quincy Housing
Authority claimed that calling
for new bids would have boosted
the cost even more since the
whole complex would have had
to be redesigned.

The Housing Authority's
waiting list for elderly housing
has reached more than 1,500
names.

Delahunt Would Require Utilities To Give 10-Day Notice On Cut-Offs

Rep. William D. Delahunt
[D-Quincy] is co-sponsor of a
bill that would require gas,
electric and telephone
companies to give delinquent
customers 10 days notice before
terminating services.

The bill also provides that
such notice be sent to the
customer by certified mail and
that Saturdays and Sundays be
excluded from the 10-day grace
period.

"Under present law," said
Delahunt, "critical gas, electric
and telephone service can be
terminated by a utility for
non-payment or for various
other reasons upon extremely
short notice to the customer."

Current law, he said, "permits
a gas or electric company to
send by regular mail a notice
only three days prior to the time
that the company intends to
terminate service."

"Termination of telephone
service is unregulated by statute
but the telephone companies
have customarily . . . provided
for extremely short notice of
termination of telephone service."

"Not only is it very difficult
for a number of customers to
raise enough money to pay a
back bill on such short notice,
but the notice itself sometimes
goes astray because of the
vagaries of the mails."

Jewish Youth Enjoy Winter Vacation Program

During the December school
vacation, youths from Quincy
and surrounding areas
participated in three day-long
programs sponsored by the
South Area Jewish Community
Center, 10 Merrymount Rd.,
Quincy.

Forty elementary school age
children took part in "Fun

games and films, and spent the
day at the Stoneham Zoo.

Youths from Canton, Sharon,
Quincy, Randolph, Norwood
and Westwood attended a

Chanukah party at Grossman
Camp in Westwood. The
children were treated to a day of
sports, games and latke cooking
and eating, and saw a special
production of the Chanukah
Story by the Flapdoodle
Puppets from Milford, N.H.

Quincy Base For Kidney Pilot Fund Program

Quincy has been designated as
the base of operations for the
first annual Kidney Foundation
of Massachusetts, pilot
door-to-door fund raising
campaign, throughout the South
Shore Area.

Kidney Foundation official,
Santa Fareri, said that Dean

Comeau, president of the
Kidney Foundation and the
Board of Directors have given
careful thought to the pilot
program and believes the South
Shore area is representative of
communities throughout
Massachusetts.

Mrs. John T. Ricciuti,
chairwoman in charge of the
entire area will be assisted by
Mrs. Francis X. Bellotti and Mrs.

James R. McIntyre. A steering
committee in charge of
volunteers will be chaired by
Mrs. George Santry, chairwoman
for the Kidney Foundation State
Project with the Junior
Federation of Women.

The campaign will take place
in March.

Those wishing to serve as
volunteers are asked to call

Chamber, Labor Dept.

Sign \$117,000

Grant For 40 New Jobs

A \$117,000 contract between the South Shore Chamber of Commerce and the U.S. Department of Labor to fund 40 new jobs has been entered into and formally signed.

Signing for the Chamber of Commerce was President George Reardon, of President Chevrolet Inc., and for the U.S. Labor Department, Thomas Komarek, Manpower Division. The ceremony took place Monday at the Chamber's office, 36 Miller Stile Rd, Quincy.

Congressman James A. Burke and Mayor Walter Hannon headed the guest list which included representatives from the National Alliance of Businessmen, Mass. Division of Employment Security, Community Action Organization, the Board of Directors of the Chamber and executives from participating business firms.

The JOBS [Job Opportunities in the Business Sector] contract, designed with the assistance of the National Alliance of Businessmen, sets up a consortium of 11 South Shore business firms with the Chamber of Commerce acting as agent and administrator.

Forty-one disadvantaged local residents will be hired and trained to fill skilled jobs. The federal government agrees to subsidize 50 per cent of the salaries during the training period, lasting from 4 to 10 months, depending on the skill level, and 100 per cent of the training, educational and counseling costs.

The Quincy Community Action Organization will assist

the Chamber of Commerce in providing the counseling component of the contract as will the Quincy School Department in regards to job-related education.

The Quincy Office of the Division of Employment Security is handling the recruitment and interviewing for the 41 jobs, ranging from light industry to commercial enterprises of which the majority are in the Braintree-Hingham-Quincy area.

Plans are already developing to make the JOBS Program a permanent fixture on the South Shore and the Chamber of Commerce is looking to its next contract. Job opportunities is one of the priorities of the Chamber of Commerce and this contract is one way the Chamber can partially realize its goal of full employment.

Interested job applicants are urged to contact the South Shore Chamber of Commerce, 36 Miller Stile Road, Quincy, or the Quincy Office, Department of Employment Security, Hancock Street, Quincy.

Companies in the consortium: Quincy Adams Marine Basin, Inc., of Quincy; Wollaston Alloys of Braintree; Grogan Business Machines, Inc. of Quincy; President Chevrolet of Quincy; Miller Blueprint Company, Inc. of Quincy; Best Chevrolet of Hingham; South Shore National Bank of Quincy; Merriman, Inc. of Hingham; Helco Electric of Saugus [the jobs are in Weymouth]; Auto Engineering South of Norwell; Native Footwear of Braintree.

Chamber, Labor Dept.

Sign \$117,000

Grant For 40 New Jobs

A \$117,000 contract between the South Shore Chamber of Commerce and the U.S. Department of Labor to fund 40 new jobs has been entered into and formally signed.

Signing for the Chamber of Commerce was President George Reardon, of President Chevrolet Inc., and for the U.S. Labor Department, Thomas Komarek, Manpower Division. The ceremony took place Monday at the Chamber's office, 36 Miller Stile Rd, Quincy.

Congressman James A. Burke and Mayor Walter Hannon headed the guest list which included representatives from the National Alliance of Businessmen, Mass. Division of Employment Security, Community Action Organization, the Board of Directors of the Chamber and executives from participating business firms.

The JOBS [Job Opportunities in the Business Sector] contract, designed with the assistance of the National Alliance of Businessmen, sets up a consortium of 11 South Shore business firms with the Chamber of Commerce acting as agent and administrator.

Forty-one disadvantaged local residents will be hired and trained to fill skilled jobs. The federal government agrees to subsidize 50 per cent of the salaries during the training period, lasting from 4 to 10 months, depending on the skill level, and 100 per cent of the training, educational and counseling costs.

The Quincy Community Action Organization will assist

the Chamber of Commerce in providing the counseling component of the contract as will the Quincy School Department in regards to job-related education.

The Quincy Office of the Division of Employment Security is handling the recruitment and interviewing for the 41 jobs, ranging from light industry to commercial enterprises of which the majority are in the Braintree-Hingham-Quincy area.

Plans are already developing to make the JOBS Program a permanent fixture on the South Shore and the Chamber of Commerce is looking to its next contract. Job opportunities is one of the priorities of the Chamber of Commerce and this contract is one way the Chamber can partially realize its goal of full employment.

Interested job applicants are urged to contact the South Shore Chamber of Commerce, 36 Miller Stile Road, Quincy, or the Quincy Office, Department of Employment Security, Hancock Street, Quincy.

Companies in the consortium: Quincy Adams Marine Basin, Inc., of Quincy; Wollaston Alloys of Braintree; Grogan Business Machines, Inc. of Quincy; President Chevrolet of Quincy; Miller Blueprint Company, Inc. of Quincy; Best Chevrolet of Hingham; South Shore National Bank of Quincy; Merriman, Inc. of Hingham; Helco Electric of Saugus [the jobs are in Weymouth]; Auto Engineering South of Norwell; Native Footwear of Braintree.

Mary Reilly Elected Colonial Federal V.P.

MARY REILLY

Miss Mary L. Reilly has been elected vice-president of the Colonial Federal Savings and Loan Association of Quincy, announces President Philip J. Lawrence.

Miss Reilly who had been treasurer since 1968, is only the fourth woman in Massachusetts to become vice-president of a federal loan association. She has been with the Association since 1945.

As vice-president, Miss Reilly will be in charge of administration of the Association's operations.

In announcing Miss Reilly's election by the Board of Directors, Mr. Lawrence said:

"We are particularly pleased to announce this promotion because not only does it recognize outstanding merit, it also recognizes advancement within the organization."

"Miss Reilly's first duties with this Association were as a teller. She has served in various capacities since that time, all within this Association, giving her broad and comprehensive experience in administration of operations."

Miss Reilly attended Bridgewater Teachers College and Bentley College. She is a graduate of Weaver Course of Real Estate at Burdett College, the School of Executive Development of Savings and Loans at the University of Connecticut and the Graduate School of Savings and Loans at the University of Indiana.

A resident of Randolph, she is a town meeting member there, a member of the National Society of Controllers and Financial Officers and the Halifax Country Club.

The Colonial Federal Savings and Loan Association was incorporated in 1889 as the Wollaston Co-operative Bank. In 1937, it was converted to a Federal charter and became the Wollaston Federal Savings and

Loan Association. On Jan. 2, 1971, the name was changed to the Colonial Federal Savings and Loan Association of Quincy.

Present assets are \$36 million, and show a \$7 million growth in the last three years.

The home office is located at 15 Beach St., Wollaston. Branch offices are now at 802 South Franklin St., Holbrook and at Cranberry Plaza, East Wareham.

"Colonial Federal has been experiencing an aggressive growth program over the last three years," noted Mr. Lawrence. "During that time, two new branches have been established and further expansion is contemplated."

"As the Association has grown, it has become apparent that more operational control is required. Miss Reilly's appointment is a recognition not only of her talent, but also of the greater administrative demands that have been placed on this Association."

"Although we are growing and expanding, it is our sincere desire to retain the personalized neighborhood type service which has been a trademark over the years. Every effort will be made to continue that type of service which we deem a valuable and vanishing commodity."

'They Have To Live With Their Motives,' Says Sheets

[Cont'd from Page 1]

"I believe, for the benefit of the people in Ward 4, it would be unwise to begin my tenure of office under a pall of legal harassment.

"The will of the people to me is clear. My pathway to service must be equally clear. In no sense must the integrity of the law be abused; but in no sense must the law be used to prostitute the will of the people.

"And above all, to those 100 young people, who by long hours of hard campaigning, have experienced a renewal of faith and hope in the American people and our system of government, let me say even this experience of disappointment can, in the final analysis, add steel to the courage of your new convictions and temper your new understanding with greater wisdom."

The statement was received with loud applause, including a standing ovation from about a dozen young people.

The identities of the 10 taxpayers who are challenging Sheets were a closely guarded secret early this week. Attorney Cormack was not available for comment, Kaufman and Sheets said they were unable to find out either.

"Actually, it doesn't make much difference to me who they are," Sheets told The Sun.

"If they are from my ward I want to be able to serve them as well as their neighbors. They are

within their rights doing this. I don't know what their motives are but they have to live with them. I have to live with my reactions to their motives.

"I feel I have to go into office with a positive attitude. We have to take away the cynicism and negativism that surrounds public office. We have to change attitudes before we can change directions. We want to go in with a positive attitude."

The threat of the suit was contained in a letter from Cormack to City Solicitor Richard McCormick, dated Dec. 20, pointing out that receiving pay for two city jobs was a violation of the city charter.

Said Kaufman:

"We told McCormick that Jim would serve on the City Council without pay until a court could make a ruling and we asked McCormick to include that in his reply to Cormack.

"The City Solicitor called us Saturday and told us Cormack said he would seek an injunction against Jim."

Sheets was elected with the campaign help of scores of students and young people.

"The campaign really started late in the summer under a tree on the library lawn," said Kaufman. "Jim was sitting there

with a bunch of kids talking politics.

"Some of the kids doubted that the system works. Jim told them that it does work and they can change it if they want. They said, 'Prove it!' And that started the campaign.

Sheets said he explained the situation to his young supporters at a meeting Sunday and "at first they were despondent. They felt let down.

"We started out with the feeling that we could run against the system and win. In spite of the fact that we were underdogs in both the primary and the election, we did win.

"There was great elation among the young people. They felt that in spite of what they heard, the system was responsive. And now they find this challenge levied.

"But the spark is back in their

eyes.

"One of them said to me, 'We learned to believe there was justice in the elective system. Now we'll see if there is justice in the courts. We are not giving up.'

"This is a very crucial issue. Young people in Quincy and many elsewhere are watching what happens. It has gone beyond my cellar headquarters on Furnace Brook Parkway."

John Murray Named Quincy Bicentennial Coordinator

Mayor Walter J. Hannon announces that John E. Murray of 25 Morton St., Quincy, has been hired as the city's Coordinator of Bicentennial Activities.

The \$14,000 position, will be funded by a grant from the Massachusetts Bicentennial Commission. The Mayor expressed his appreciation to Senator Arthur Tobin and Senator Chester Atkins for their assistance in obtaining the grant.

The Mayor noted the City's Bicentennial Committee has begun to develop and plan a program for the approaching 200th anniversary celebration. It will be Murray's responsibility to develop, implement and monitor the progress of all Bicentennial related projects, to seek sources of funding, and to generate community support and involvement.

"The success of our Bicentennial program will require much local energy, talent, and cooperation. We want to encourage the participation of all our residents," Hannon said.

Murray will also be working with Bicentennial groups in other communities and with state, county, and federal agencies concerned with Bicentennial projects. Contacts have already been made with the Mass. Bicentennial Commission, Norfolk County Development and Tourist Council, and the American Revolutionary Bicentennial Committee.

The Mayor indicated that an application has recently been made to the American Revolutionary Bicentennial Committee to have Quincy designated as an official Bicentennial Community.

Murray, who will begin work Jan. 15, has been Assistant Vice President of the South Shore National Bank since 1971. For nine months, he worked as Executive Director of the Quincy Center Business and Professional Association. After an intensive review of 70 applicants, Murray "was chosen for his ability to initiate and direct programs and for his community-related experience," Mayor Hannon said.

Murray sees the protection, restoration, and promotion of the City's historic resources as a major goal of the Bicentennial.

"We are the only city in the country to have the birthplaces and home of two Presidents," he said. "We have the First Commercial Railway; the Hancock Cemetery; the Dorothy Quincy Homestead; the United First Parish Church, in which our two Presidents are buried; the Adams Academy, built on the site of John Hancock's Birthplace; the Josiah Quincy Homestead and many other sites of historic significance. Yet these sites have not received the protection nor recognition that their significance deserves."

"The Bicentennial gives us the opportunity to make a lasting contribution to the City of Quincy. The Bicentennial can

benefit our tourist industry, but it can do much more-it can create an identity, develop pride, and act as a catalyst to get many things, which are long overdue, done."

Among the plans being discussed by the Bicentennial Committee is an improved tourist information network. The Committee is proposing that

a Tourist Information Center be located at the new McIntyre Mall. It has also begun meeting with the MBTA to develop ways of encouraging visitors to use the transit line. The Committee is also working with the MBTA to establish a minibuss service from the McIntyre Mall around to the various sites in the City. A new system of directional signs to

help visitors find their way around the City is also proposed.

The Committee is also concerned with discovering ways to restore and protect our historical assets. The establishment of a Council of Historic Sites which will coordinate activities and hours of operation at historic locations is proposed.

Cemetery Probe To Continue

[Cont'd from Page 1]

LaRaia also insisted that the probe be continued by the new council to give some cemetery department employees who failed to show up at previous meetings a chance to testify.

"And there were two or three members of the board of managers we have not heard from as yet, including the chairman," he said. "I think an end to the committee would be a little hasty at this point."

Tobin said he was "disappointed that Mr. LaRaia had tabled an amendment that would have made the oversight committee a committee of the council as a whole so that all nine councillors could take part in the investigation."

"But," he added, "I respect his motion. It was perfectly proper since the order was coming in for the first time."

Tobin said he has asked new chairman Quinn to obtain from Graham all documents pertaining to the case and to see that all new members of the committee receive copies of previous testimony.

"Then," said Tobin, "I want Mr. Quinn to sit down with Mr. LaRaia and see if he has any evidence of wrong-doing or if we are going to spend our time looking for missing bushes in the cemetery."

Quincy Downs North In Defensive Battle

North Quincy's basketball teams under Bob Nolan have been noted for their outstanding defense.

Joe Amoroso, Quincy's new head coach, also is a stickler for defense and last week's first meeting of the cross-town rivals resulted in a fine defensive battle with Quincy coming out on top, 47-38, for its sixth successive win after a one-point opening night loss. The Presidents are all alone at the top of the Greater Boston League with a 4-0 record.

Quincy faced a big test Tuesday at Somerville, while North was home to Revere. Friday night the Presidents go to Everett and the Raiders host defending GBL champion Medford.

Amoroso defeated his former "boss" last week. Joe had been North's junior varsity

coach under Nolan for four years before moving to Quincy as jayvee coach a year ago.

North got into early foul trouble and it was costly. In the first minute of the second period Quincy had its one-and-one bonus foul shots and sank five straight to open up an eight-point lead.

North didn't get its one-and-one chances until the last minute and a half of the second period. Four straight free throws, two by Steve Maloney and two by Steve Miller, enabled the Raiders to close the gap to 25-20 at halftime.

In the final period North moved to within one point, 35-34, but again the fouls came to the fore and in the last seven minutes of the game Quincy hit on 12 straight free throws to clinch its first win over North in three years.

North had a 15-13 edge in shots from the floor but Quincy had a big 21-8 bulge from the foul line.

"There is no doubt about it, those foul shots turned the game around," Nolan said. "I thought we played a heck of a game but all those foul shots by Quincy were too much to overcome."

Amoroso felt his defense was the key to the big win. "We shut off Miller, a one-man gang for them," he said. "He had 18 points in the previous game against Malden but had only six against us. I knew if we played our regular defense, Miller and [Jed] Phelan, two of their big scorers, wouldn't get too many points."

Again a big man in the Quincy defense was Billy Joyce. He was one of the area's best defensive backs in football and has been just as out-standing on defense for Amoroso.

"I think a big reason for our success is our balance," the new head coach said. "I have been able to use all my players in most games and usually all or most of them score. One thing I never do is try to humiliate a team or try to make a team look bad. We had a couple of very easy wins but the subs scored many of the points."

Fred Donahue and Tom McKinnon had 10 points apiece against North, Mike Cullen and Joyce had eight each. Donahue led the rebounders.

For the Raiders, now 3-3 overall and 2-2 in the GBL, Tim Clifford scored 10 points and Mark Reale had nine. Both are juniors.

Earlier in the week Quincy took over the GBL lead by breezing over Chelsea, 69-32, while Everett was being upset for the first time by Somerville.

The Presidents had a big 34-17 halftime bulge as the

reserves saw a lot of action. Cullen and Don Connors had 12 points apiece, McKinnon 11 and Joyce 10.

Miller, whose brother Eddie is North's jayvee coach and a standout for the O'Brien Club semi-pro team, put on a dazzling one-man show to spark the Raiders to a 43-36 win over Malden.

Steve not only led the scorers with 18 points but his dribbling and ball handling continually frustrated the Malden players who finally were forced to intentionally foul him. When they did, he usually sank the shots.

Phelan, with 12 points, was the only other Raider in double figures.

Not to be out-shone by his younger brother, Eddie Miller saw his junior varsity pound Malden, 64-29, for its fourth win.

Applications Available For Men's Candlepin Tourney

The 21st annual Greater Quincy Men's Candlepin Bowling Tourney will begin Sunday, Jan. 20, at 1 p.m. at the Merrymount Daylight Alleys.

The tourney is annually sponsored by the Koch Club of Quincy in its winter programs. Applications are now available

and may be picked up at the Merrymount Daylight Alleys, 17 Broad St., Quincy.

Teams must be from an organized men's candlepin bowling league. "No Pickup Teams Allowed".

The top five bowlers in the league, as of Jan. 15, bowl in

competition with the sixth and seventh bowlers in the standings used as alternates. If for one reason or another one of the top

seven bowlers cannot compete, the league officials may continue to choose down in the league according to average, until the

seven members are chosen.

Bowlers entered must have bowled half the season thus far with their respective leagues, and may only bowl for one tourney entry.

Any violation of the rules will forfeit the teams participation or continuance.

All tourney matches will be decided on the total pinfall.

It is an elimination tourney; and each team must win to continue in competition.

A championship trophy and \$100 cash prize will be awarded to the tourney winners.

Quincy's Title Hopes Dim; North Ends Loss Streak

The Quincy High hockey team, which had won five in a row after a tough opening night loss, saw its hopes of winning the Greater Boston League championship just about vanish Monday when it lost to the league's number one and two teams in successive games.

However, Coach Bob Sylvia still has high hopes of making the state tournament after missing out the last two years and the Presidents will continue their quest of this goal Friday when they meet Revere at 9 p.m. at Boston Arena. Monday Quincy will face Medford at 6:30.

Meanwhile, Ron Erikson's North Quincy team, which had ended a five-game winless streak in its previous game, played Malden last night [Wednesday]. The Raiders will face Somerville Friday at 6:30 and Malden Monday night at 9.

After being nipped by second place Somerville last Friday, Quincy was shut out for the first time Monday and lost to Malden's unbeaten league leaders and defending champions, 4-0.

"We had to win at least one of those games to keep any chance of winning the title, but I'm still aiming for the tourney and feel we have a good chance of making it," Sylvia said.

The Presidents have another shot at both Malden and

Somerville and if some of the other teams can knock them off, Quincy could still have a slight chance of at least tying for the title.

Last Friday Quincy and North stars came to an end, happily for the Raiders but unhappily for the Presidents.

Quincy's five-game winning streak was halted when Somerville, trailing, 4-3, with seven minutes left, edged the Presidents, 5-4.

North's five-game winless streak came to an end with a 5-2 win over Revere.

Al Lancione gave Quincy a 1-1 tie in the first period and Frank Guest and Ted Wiedemann scored in the second period as the teams went into the finale tied, 3-3. Lancione's second goal put the Presidents ahead, 4-3, but Somerville's Bob McDonald tied it at 8:05 and, with 2:30 left, Mark Guidi scored the winner.

"Somerville has lost only one and the boys are a bit discouraged at the loss, but they don't give up and they work hard," Sylvia said.

Frikson credited team work for North's long-awaited win. "It's been a disappointing season and I think one of the reasons has been that we weren't playing together," he said.

"Tonight we finally played as a team and maybe we'll begin to

click now."

Four Raiders scored, Andy Collieran having two. Collieran scored the first with Brian MacIsaac and Mark Hurley assisting and Jim Mullaney made it 2-0 with Rob Henderson and Dave Noonan having assists.

In the second period MacIsaac scored unassisted but Revere closed the gap to 3-2. Paul O'Donnell scored North's fourth goal and Collieran added his second and the team's last. North sophomore goalie Dave O'Hanley blanked Revere in the last period.

Earlier in the week Quincy topped Chelsea, 4-2, for its fifth win in a row as Guest, having a sensational sophomore year, scored three goals and Wiedemann, high scoring junior, had the other. Goalie Glenn Prescott had an excellent night.

North, leading, 3-1, had to settle for a 4-4 tie with Everett and it took a goal by Mike McLean with just eight seconds remaining in the game and Rich McGue out of the nets to tie it.

Mullaney scored the first goal and Collieran made it 2-0. After an Everett tally, McLean scored unassisted for the only goal of the second period. Everett then bounced back with three last period goals to go ahead before McLean, converting passes from MacIsaac and Glen Hanson, tied it.

Bantam A's Defeat Canton, Holbrook

Matt Schaeffer and Mike McGrath showed the way as the Quincy Bantam "A" team, after two straight losses, resumed the winning trail last week with Bay Colony Hockey Association victories over Canton and Holbrook.

Schaeffer and McGrath each

had a pair of goals in the 4-1 decision over Canton Wednesday [Jan. 2] while Mark Giordani had two assists and Jim Shea had one.

Schaeffer had the three-goal hat trick Saturday [Jan. 3] as Quincy overwhelmed Holbrook, 10-1, to run its league record to 22 wins and five losses.

Giordani and John Mitchell had two goals each and McGrath, Shea, Brian Bertoni and Richie Troy had one apiece.

Rick Dannar assisted on three goals and other assists went to Mike Smith [2], McGrath, Shea, Mitchell, Bertoni and John Cooney.

● Basketball ENC Host To Roger Williams

The Eastern Nazarene College basketball team, which placed third in the annual Gordon Tournament last weekend, will host Roger Williams College Friday at 8 p.m. at its new gym.

The Crusaders will be home to Southeastern Mass. U. Saturday at 8 and will entertain Rhode Island College Monday, also at 8.

ENC last Friday bowed to Grace College, 95-80, in the opening round of the Gordon tournament but rebounded to wallop Gordon, 90-54, in the consolation game. Grace won the tournament with a 74-71 win over Barrington.

Tops in the win over Gordon was Jerry Whetstone with 24

points. Mike Cox scored 18, Tom Gonsalus 14 and Quincy's Rick Reyenger 10. The 6-7 Reyenger, former Quincy High ace, dominated the boards and was named to the all-tourney team.

The Crusaders take a 3-3 record and 1-0 Seaboard Conference mark into Friday's game with Williams.

Coach Jim Smith, who has an impressive three-year 71-22 record at ENC, sees trouble for his team this year.

"I think we are too inexperienced in the back court to make it to any post-season tournaments this year," Smith said. "But I'm hoping to finish

with a winning record."

Smith sees the absence of a 'real good ballhandler who can penetrate the press' as his number one problem.

In making the National Christian College Tournament in Chattanooga, Tenn., in each of his three years at ENC, and the NAIA playoffs once, Smith had the brilliant Ron Bradley, one of the top small college players in the country. Bradley was supported by several outstanding two-way players, all of whom, like Bradley, graduated.

The ENC coach is pleased with the Crusaders' outside shooting, one of the bright spots of the season to date.

● Track Quincy Roms; North Bows

Quincy's track team continues to click and last Saturday romped over Everett, 62-24, to hike its Greater Boston League record to 4-1.

The Presidents will have to wait until Saturday, Jan. 19, to go after their fifth win as the GBL will be idle this week. On that date, Quincy meets Chelsea while North Quincy faces Medford at the Medford High cage. Next Wednesday the Presidents will meet Haverhill in a non-league meet at Peabody at 3:15.

In last week's breeze Gary Delorio continued undefeated as he won the mile. Steve Player was second and Chip Coletta third to complete a sweep.

Arnie Vorrusso won the 1000 with Steve Nolan second. Brad Kimball won the 600 with Jim Griffin third. Dave DeBona was the winner in the 300 with Harry Williams third. Sophomore Al Vachon, improving every week, won his third straight 50-yard dash with

Pete Ramponi third.

Steve Burke and Art DiLoreto were 1-2 in the high hurdles, won by Quincy in every meet. DiLoreto won the high jump with Soph Sam Gravina second and Burke third. Mike Varraso was third in the shot-put and the relay team of O'Brien, Steve Oriola, Burke and Vorrusso won to wrap-up the meet.

North fell before a strong Chelsea team, 53-33, although Mark Canavan, and Geoff Hennessey remained unbeaten, Canavan winning the 1000 and Hennessey the high hurdles.

Sophomore ace Bart Petracca won the two-mile, Art Barrett was second and Bill Lapsley, who has come a long way in his first year of track, third in the mile. Chris Cordeiro was second in the 1000, John Mackey won the 600 with sophomore Mike Nee third, Phil Robinson was third in the 300, John Flynn third in the 50, his first defeat, and Canavan second in the high jump.

Winners Announced In Elk's Hoop Shoot Contest

Over 1000 boys, eight to 13 years of age, competed in the third annual Quincy Lodge of Elk's Hoop Shoot Basketball Contest, announces Youth Committee Chairman William F. Ryan.

Preliminary contests were held by the Quincy Recreation Department in 10 school gymnasiums and in the Quincy Public schools elementary physical education classes under the direction of Quincy Junior College Basketball Coach Earl Vermillion, who served his third year as chairman for the event. Last Saturday over 70 boys

competed in the finals which were held at the North Quincy high school gym.

Winners in each of the three age divisions will compete in Elk's District Contests with the winners competing in the Massachusetts Elk's Association final. State finalists will compete in an all-expense paid national contest to be held in Kansas in conjunction with the National Association of Interscholastic Athletics Basketball Tournament.

Winners were:

8-9 years:

[1] Dan Marsters, 40 Eastbrook Rd, Beechwood Knoll

School; [2] Bill Gray, 160 Sherman St., Montclair School; [3] Mike Pimental, 128 Standish Rd., Squantum School.

10-11 years:

[1] Tom McFarland, 1 Pitts Ave., Wollaston School; [2] Bob Bolser, 140 Brook St., Wollaston School; [3] Dean Coletta, 14 Alden St., Webster School.

12-13 years:

[1] Brian Harding, 17 Winthrop Ave., Wollaston School; [2] Larry Baker, 57 Safford St., Montclair School; [3] Bob Evans, 37 Thornton St., Beechwood Knoll School.

O'Brien Club Rolls Merrily Along

The high flying O'Brien Club basketball team of Quincy continues to roll merrily along and last night [Wednesday] sought its 11th straight win without a defeat when it met the strong Boston Stars at Roxbury. Sunday night at 7:30 the O'Briens will host the Easton

Huskies at North Quincy High. Last Sunday the Quincy powerhouse won its 10th in a row, ninth in the Cranberry League, by topping the Wholey Club of Hull, 101-89.

Ron Bradley led the O'Brien scoring with 27 points and in the final period, with the Wholey

Club forced to foul to regain possession of the ball, was 10 for 10 from the foul line despite having one eye nearly closed by a stray elbow.

Eddie Miller had 20 points, Bob McNamara 16 and Allan Dalton 14.

Red, Gold Teams St. Joseph's Winners

In St. Joseph's Hockey League action at Shea Rink, the Red team defeated the Blues, 5-1, and the Golds edged the Greens, 3-2.

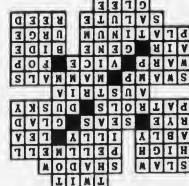

In the Red team's win Jim Crowley had two goals and an assist, Rick Coombs a goal and

assist, Mike McNally and Paul DeCristofaro a goal each. Paul Erickson had the only Blue goal.

With just five seconds left in the game, Butch Franceschini scored the winning goal for the Gold team. John Conso and

Mike Grogan had the other Gold goals while Mike Sullivan and Frank Clarke scored for the Greens.

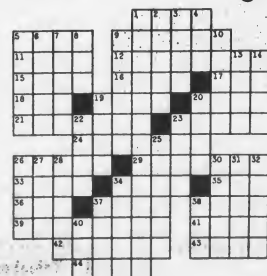

The Reds lead the league with an 8-1 record, followed by Gold, 6-3; Blue, 4-5, and Green, 0-9.

Quincy Power Squadron Boating Course

The Quincy Bay Power Squadron Spring Boating Course is underway in the cafeteria at Braintree High School.

The course is open to the general public at no charge. Children under 16 must be accompanied by an adult. The only charge is for materials purchased, which cost a maximum of approximately \$10.

The course is taught by experienced, volunteer boatmen who are members of the Quincy Bay Power Squadron, a

component squadron of the United States Power Squadrons. This same course will be given by over 400 squadrons coast to coast, to over 40,000 students.

Among subjects covered in this course are boat handling under both normal and adverse conditions, seamanship, rules of the road, aids to navigation, running lights and equipment, boat trailering, the mariners compass and piloting, and compass and chartwork. This is a basic course, extremely useful for the new and inexperienced

boater, and valuable to all, even the most experienced.

The course runs about 13 weeks, and ends with an examination. Those passing the exam are awarded a certificate, attesting to their success in the course.

More information concerning the course may be obtained by calling either Lt. Gordon N. Carter, AP, Chairman of Boating [698-7711] or Lt. Cdr. Lawrence P. Frazier Jr., JN, Squadron Education Officer, at 843-2664.

Broad Meadows, A-N In Opening Wins

In opening games of the Quincy Junior High basketball league, Broad Meadows ninth grade team edged Central, 15-13, on two foul shots with seven

seconds left. Both teams excelled on defense.

The eighth grade game ended in an 18-18 tie and Central won the seventh grade game.

Atlantic-North swept three games from Point. The ninth grade romped, 43-10, as Mac

McGinley scored 12 points and Bill McIntyre six. Mike Lamie had four for Point.

A-N won the eighth grade game, 24-11, paced by Joe Dean's 10 points, and the seventh graders breezed, 31-7, with Pete Sorenson having 10 points and Kevin Cobban six for A-N.

Inter-Church Council Plans Prayer For Christian Unity Program

The 1974 Week of Prayer for Christian Unity will be observed by the Inter-Church Council Sunday, Jan. 20, at 7:30 p.m. at First Church, Congregational, Squantum.

Devotions led by Rev. William Heinrich of First Church will be followed by round table discussions with guidelines prepared by Rev. Jerome Doyle

of Sacred Heart Church, North Quincy.

After a period of time for fellowship and refreshments, the clergy will field questions developed by the "around-the-table groups". Rev. William Underhill of St. Chrysostom's Church, Wollaston will moderate.

Concluding devotions will be

led by Rev. Frank Archer, Union Congregational Church, Wollaston.

The committee planning the program comprises Fr. Doyle, Donald Fraser, Mrs. B. Lawrence Shalit, and Rev. Douglas MacIntosh, Memorial Congregational Church, North Quincy, chairman.

'Increasing Community Involvement' Course At First Parish Church

A new adult education class is announced by United First Parish Church, Quincy Sq., dealing with ways to increase voluntary participation in the community.

"We have developed this program," said Rev. John R. Graham, who will serve as leader of the course, "because we believe citizen participation is essential for the health of American society. Far too often volunteers are utilized poorly. They're relegated to tasks such as stuffing envelopes."

"Increasing Community Involvement" is a six-week course beginning Jan. 21 and continuing through Feb. 25. Each two-hour session will be held at 8 p.m. in the parish hall.

Assisting in the program will be other community representatives including Martin J. Haley, Executive Director South Shore Mental Health Association.

The workshop sessions will deal with ways to effectively recruit and utilize volunteers,

team building, as well as methods to make Boards more effective and productive.

A special feature of each session will be a "problem clinic" so that the participants may discover answers to issues they are facing in their particular organizations.

Enrollment for the class is through the United First Parish Church at 773-1290. There is a \$3 registration fee for the six sessions, which are open to the public.

Dr. Nergesh Surti Named To St. Margaret's Staff

Dr. Nergesh R. Surti, of School St., Quincy, has been appointed to the staff of the Pediatric service of St. Margaret's Hospital in Dorchester.

Dr. Surti is a native of Bombay, India and a graduate of St. Xavier's College and Seth Medical College, both of India. After completing her internship in her native country,

she served her Pediatric Residency at Boston City Hospital. In 1967, she completed studies for a Masters Degree in Public Health at Harvard University.

HOLLYWOOD HOTLINE

Burton wins, Tinker loses

By NANCY ANDERSON
Copley News Service

HOLLYWOOD — Like the old song said: "Somebody loses; somebody wins."

And so far the winner of the month is Richard Burton who reclaimed Elizabeth Taylor from Henry Wynberg and took her back to Naples.

Richard gave Liz a diamond-encrusted, heart-shaped pendant as a kiss-and-makeup gift.

He called Elizabeth on the Monday before their reunion, and they agreed to give their marriage another chance before he so much as bought an airline ticket for the States.

Wynberg got word that he was out on Thursday, not when Richard actually arrived as has been reported elsewhere.

Throughout her hospitalization at UCLA Medical Center, Liz maintained a bungalow at the Beverly Hills Hotel, but it was not to this one that Richard repaired when he first reached Los Angeles.

As late as the Saturday before they left for Italy on Sunday, the Burtons were registered separately at the posh hostelry.

However, on Sunday morning a caller ringing through to Elizabeth's pad inquired, "Is this Mrs. Burton's bungalow?" and was advised, "This is Mr. and Mrs. Burton's bungalow."

Whereas the reconciliation wasn't a spur-of-the-moment

thing, the purchase of Liz's diamond pendant was.

Burton, acting on impulse, popped into Van Cleef and Arpels in Beverly Hills without even calling ahead to ask the jewelers to dust off their best diamonds for his inspection.

And now for the loser of the month:

Not counting Henry Wynberg, the big loser for December is Grant Tinker who's lost his wife, Mary Tyler Moore.

He's been begging her to reconsider her decision to end their marriage but without results.

The split is all very civilized, free from recriminations, and, according to a spokesman for Mary, without the involvement of any third party.

Nevertheless, I've been hearing for a long time that an agent, divorced not long ago from another glamorous actress, is hot after Mary. In fact, I mentioned this once in a blind item and said I didn't think he'd get her.

Now, though, his prospects look brighter.

Shoes, the dog-star of the Andy Williams Christmas show, may look like a mutt (half terrier and half chihuahua), but he has a proud pedigree. His papa was JFK's dog, Shannon, and his mamma belonged to RFK.

Noting that movie making doesn't pay like it used to, David Janssen went to court to beg that his \$3,800 a month alimony, due ex-wife Ellie, be reduced to "a reasonable sum."

The judge thought \$2,800 a month seemed reasonable and set the figure there.

At the same time, he ordered David to give his former bride the \$35,000 she claims he's in arrears.

Karen Valentine's seeing a lot of Jon Hager, one of the Hager Twins of "Hee Haw." Meanwhile, with "Room 222" cancelled, production begins February 15 on "The Karen Valentine Show," a television situation comedy pilot starring guess who.

Margaret O'Brien, at the taping of the television show celebrating Warner Brothers' 50th anniversary, was escorted by casting director-producer Marvin Paige and looked smashing. She's recently peeled off 30 pounds.

Albert Brooks, the 24-year-old comedian who's already appeared on "The Johnny Carson Show" a couple of dozen times as well as on other shows and in clubs and concert engagements across the country, is the son of Parkyakarkas, an important comic of the '30's. You do remember him, don't you?

"But he died when I was only 12 years old," Albert says, "so he didn't affect my comedy style any."

"Perhaps he wouldn't have affected it even if he'd lived, because times now are so different."

"I don't think we approach comedy the same way, because I don't even know what his approach was."

Quincy To Be Seen On Channels 2,44

Channel 2 will air a film made in Quincy as part of the series on "Where to Get Off in Boston". It will be shown on that Channel Monday, Jan. 14 at 7:30 p.m., Wednesday, Jan. 16 at 6:30 p.m. and Friday, Jan. 18 at 7:30 p.m.

The film will also be seen on Channel 44 Jan. 14 and Jan. 18 at 9:30 p.m.

"We are pleased that Channel 2 has taken an interest in Quincy's history and wants to share our heritage with the people of the entire area," said Mayor Walter J. Hannon.

"Where to Get Off in Boston" describes a series of trips in and around Boston which can be taken on the MBTA trains. It features Mr. and Mrs. Ed Driscoll of Boston as the "tourists". Driscoll is a writer for the Boston Globe.

Produced by Fred Barzyk and Henry Morgenthau, the "Where to Get Off in Boston" programs tell what people can see and do in their leisure time by taking the MBTA.

The filming in Quincy took place at the MBTA station in Quincy Center, City Hall, the United First Parish Church, the Adams Birthplaces, and the Adams National Historic Site.

A copy of the film is being presented to the city, according to Mayor Hannon, by Channel 2. It will be used to develop interest in the city's history.

Brownell Asks Speed Cut On Sea Street

Rep. Thomas F. Brownell [D-Quincy] has asked Mayor Walter J. Hannon to take steps to curb speeding on Sea St. between Quincy Shore Drive and Palmer St.

On behalf of Our Lady of Good Counsel Parish Council, he asked that the area be posted for a 30 mile per hour speed limit, that five crosswalks be painted green and white, and that the crosswalks be better illuminated to provide better protection for pedestrians.

"The density of schools and churches in this area demands that we have the best possible road safety program available for the protection of our citizens," Brownell said. He cited the increase in pedestrian and automobile accidents in the area after the road was repaved.

Robert Corwin Chairman Chess Drive

Robert Corwin of 36 Dale Ave., Quincy has been appointed chairman of the membership drive of the Massachusetts Chess Association in the Quincy-Braintree-Weymouth area.

Corwin, a regional vice president of the U.S. Chess Federation, is a teacher at Norwood Junior High.

The Massachusetts Chess Association is the state affiliate of the U.S. Chess Federation. Members receive bi-monthly Chess Horizons magazine and are eligible to play in tournaments throughout the state.

'Political Equivalent Of War'

S.S. UN Council Topic Tonight

Gene Sharp, Professor of Sociology and Political Science, Southeastern Massachusetts University will speak at a meeting of the United Nations Council of the South Shore Thursday, Jan. 10 at 8 p.m. in the Parish Hall of the Church of the Presidents, Quincy Square.

He will discuss "The Political Equivalent of War".

Professor Sharp has made an intensive study of "The Politics of Non-Violent Action" which is

the title of a book of 928 pages which he wrote when he was a Research Fellow at the Center

for International Affairs, Harvard.

He stresses nonviolent action should not be confused with pacifism. It is nothing new, for the Scandinavians in World War II used it. Gandhi used it in India, and the meat boycott of U.S. housewives is a recent example, he notes.

Although most Americans are not aware of this, it was even used in the American Revolution. The Swedish Defense Department is considering nonviolent action as one means of National Defense

and has committed a small part of its budget to an investigation of it.

Some American army officers are interested, and Sharp's book has been reviewed in military journals. The members of the United Nations Council of the South Shore are looking forward to hearing a speaker who has an original view of World Affairs.

A question period will follow the talk. The meeting is open to the public and admission is free, but there is a charge for the dinner at 7 p.m.

Delinquents Can Lose Driver's License

\$800,000 Owed In Excise Taxes

Excise tax delinquents owe the city of Quincy some \$800,000 in back taxes, City Treasurer and Tax Collector Robert Foy discloses.

About \$20,000 of that figure goes back to the year 1969 and \$430,000 was accumulated last year, he said.

Delinquents who fail to pay the excise taxes on their automobiles face revocation of their drivers' licenses under a new law enacted by the State Legislature in 1973.

But the situation is far from simple.

Many of those who have not yet paid their 1973 excise tax are not yet delinquent, since the last mailing of bills did not go out until Nov. 16. And some of the bills have not yet been mailed.

"The Registry is way behind," said Foy, "but they're trying to catch up."

The excise tax bills are due 60 days from the mailing date. If they are not paid in that time, a second notice [a demand] goes out.

If that doesn't get a rise out of recalcitrant taxpayers, the case is turned over to a deputy tax collector who can send out two notices of his own.

After that the whole thing is turned over to the Registry.

In the past, the Registry has confiscated the plates of delinquent taxpayers but that punishment didn't seem to have the proper effect.

Now, the Registry is empowered to take away the delinquent's license - and the Registry has been doing just that.

In recent months, hundreds of them have been hauled before Hearings Officers and either lost their licenses or coughed up heavy fines, interest, costs and charges as well as the basic tax.

Quinn Heads Finance

Kelly, Powers P W, Ordinance Chairmen

Two of the most powerful committees in the Quincy City Council will be chaired by freshman councillors this year.

City Council President Arthur H. Tobin announces that Leo J. Kelly of Ward 1 will head the Public Works Committee and Warren A. Powers of Ward 5 will lead the Ordinance Committee.

Along with the Finance Committee, chaired by veteran Councillor-at-large John J. Quinn, they make up the Council's committees of the whole.

Tobin said it was arranged that each of the nine councillors will be chairman of two

committees and vice chairman of two others. Quinn will chair three of the 19 committees.

Councillor-elect James A. Sheets of Ward 4, who has not yet taken the oath of office since his right to sit is in dispute, was named to the committees on a pro tem basis until his case is settled.

Members of the committees [with the first named chairman and the second names vice chairman] are:

Even Shovels Snow For Constituent

Sheets Carries Out Duties, Defense Fund Readied

By TOM HENSHAW

A lady from West Quincy called her City Councillor after the snow storm last Thursday with a typical complaint.

She had paid \$4 to have her sidewalk shovelled and now the city's dad-drafted snow plow had come along and pushed all the snow back.

Her councillor's reaction was not typical.

Jim Sheets went over and shovelled the lady out himself.

Even while Sheets was thus engaged, some of the best legal minds of Quincy and Boston were coming to grips with The Big Question: Is he or is he not the city councillor from Ward 4?

The voters of Ward 4 think he is. They chose him by a 3-2 margin over incumbent Albert R. Barilaro in the Dec. 4 election.

Atty. Frank W. Cormack and 10 mysterious tax payers think he's not. They claim he can't be a councillor while drawing a salary as head of the government department at Quincy Junior College.

Sheets himself doesn't know. He declined to take the oath of office Jan. 7 lest it jeopardize his livelihood, his \$16,000 salary from the Quincy College.

Council President Arthur H. Tobin doesn't know either. Nevertheless, he appointed Sheets to his share of Council committees - but as a non-voting, pro tem member.

Under the law, the defeated Barilaro could reclaim his seat and serve on an interim basis until the matter is cleared up. But, said Tobin, Barilaro hasn't moved either way.

In other developments on

the Sheets front:

● Ron Kaufman, his campaign manager, disclosed the formation of a "Friends of Jim Sheets Committee" to raise funds to pay legal fees that might be incurred if Sheets has to fight for his seat in court.

[A rumor went around the city last Thursday [Jan. 10] that Cormack and his taxpayers were about to seek an injunction to prevent Sheets from taking his Council seat but nothing came of it.]

● A group of young people who campaigned for Sheets announced they will hold a press conference tonight [Thursday] at 7 p.m. at their headquarters [the Sheets cellar at 926 Furnace Brook Parkway] to issue a statement on their plans.

"The kids look upon this as the third phase in the

election campaign," said Kaufman. "It's unfortunate. We only planned for two - the primary and the final election."

Sheets himself said he expects that his attorney, Kevin Keating of Boston, will have completed researching the subject by today and will have some definite advice on whether or not he should take his seat.

Meanwhile, said Sheets, "I've been doing all the work a councillor usually does in his ward. I've handled about 25 or 30 of the routine calls that a councillor usually gets. "When the snow came Wednesday night, I spent a couple of hours in the cab of a snow plow and three hours in a Civil Defense car seeing that the bad areas in the ward were plowed."

"I plan to attend Council meetings and, when this is

over, I'll get out a news letter to let the people know how I would have voted on the issues that came before the Council."

UP, UP, AND AWAY -- Looking like some streamlined rocket poised for flight, this 30-foot high, 3,500 pound sculpture in steel was created by students at Quincy Vocational-Technical School under the direction of the school system's artist-in-residence John Raimondi. Pictured with the sculpture from left are Richard Sheehan, Steven McPheters, David Cooke, Donald Allan, Jay Gould, Raimondi, John Sullivan, Robert Trott, an instructor at the Vocational School, James Gould and Philip Anastasio.

Voc-Tech Students Commended For 3,500-Lb. Sculpture

Sculptor-in-residence John Raimondi, seven Quincy Vocational-Technical School students and their teacher, have been commended for the work they performed in creating a 3,500 pound work in steel as part of the school system's Artists-In-Schools program.

The sculpture, entitled JAT [for James and Tracy] was created at the Vocational-Technical School and delivered to the home of Dr. James L. Spates in Geneva, N.Y.

In a letter to School Supt. Dr. Lawrence P. Creedon Dr. Spates praised the students for their "thorough dedication" and "skill remarkable in its professional quality given the age of the students."

"For producing such a group of excellent students in your schools and such fine, dedicated teachers as Mr. Robert Trott, you, Principal Laurence Babin, and the entire Quincy School System, are to be highly complimented."

Municipal Dept. Budget Requests Total \$69 Million

The cost of doing government in Quincy is going up in 1974 — but no one can say just how much.

"We're not looking for too big an increase over last year," said Budget Director William R. Grindlay.

Grindlay last week received budget requests from the various city departments totalling about \$69 million for a 12-month period.

A year ago, the requests added up to \$94.9 million for an 18-month period and by the time the Hannon Administration and the City Council got through hacking at it, the budget was down to \$83.2 million.

At that rate, color the 1974 budget \$61.7 million — but don't bet on it.

Figuring the 12-month share of last year's 18-month budget

at \$55.4 million that would mean a \$6.3 million increase for 1974 — but don't bet on that, either.

Grindlay said the 1974 budget "in its raw form" breaks down to \$44 million in requests for general expenses and \$25 million for the school department.

"The big increase is in the hospital budget," said Grindlay, "but that will be at least partly offset by an increase in hospital receipts when the 6 per cent rate increase starts."

Grindlay said Tuesday that the Administration has already considered the budget requests of the small departments and the Fire Department and is now working on the \$14 million requested by the Hospital.

By law, the budget must be submitted to the City Council for hearings by Feb. 28.

JOBS FOR QUINCY — George Reardon [right], president of the South Shore Chamber of Commerce, and Thomas Komarek of the Manpower Division of the U.S. Labor Department, sign a \$117,000 contract to hire and train 41 disadvantaged local residents for skilled jobs. Looking on are Congressman James A. Burke [D-Milton] [left] and Winthrop Sargent IV, member of the Chamber's board of directors.

Tobin explained that he tried to appoint chairmen and vice chairmen to committees where their expertise would be the most effective.

"I reappointed Councillor Quinn as chairman of the Finance Committee," he said, "because he had the most expertise in the subject and has done an excellent job in the past."

"Councillor Kelly came to me and said he would like to work with the Public Works Committee because of the great amount of street work that has to be done on unaccepted streets in Adams Shore, Germantown and Houghs Neck."

"Councillor Powers is an attorney-at-law and thus has the expertise to deal with the legal technicalities and problems that naturally come before the ordinance committee."

Tobin explained that, until the Sheets matter is settled, the vice chairmen of his committees

will serve as chairmen and Councillor Quinn will replace him temporarily as vice chairman of the Public Health Committee.

His Own Man

Quincy has five new city councillors—well, four and a half—and the eyes of many will be on them for the next two years.

James Sheets, of course, has declined to take his oath until an alleged conflict matter has been brought to a head. But eventually he or someone else will occupy the Ward 4 seat.

The five new councillors represent one of the biggest turnovers in that body in many years. If you like percentages, it is 55 per cent, in new faces.

Speaking for ourselves and for the many voters who have placed their faith in them, we would like to address an observation to freshman Councillors Leo J. Kelly, John J. Lydon, Warren A. Powers, Dennis E. Harrington and Mr. Sheets.

And that is, we hope each of you is going to be his own man.

There has been some criticism that recent councils sometimes looked like a "rubber stamp council". That there were too many 9-0 or 8-1 votes. Maybe the criticism is just and maybe it is not.

But we do hope that the new council members at least will stand up once in awhile and ask a question or two when Mayor Walter Hannon sends in an appropriation order or wants to make a new appointment. And we hope they will speak out on resolves and ordinance matters.

Our city government has both an executive branch and a legislative branch. The mayor should not become the 10th member of the City Council nor should city councillors become assistant mayors.

The executive and legislative branches should remain separate and be a check on each other. Quincy will be a better city for it.

But we don't want to see councillors popping up in the council chamber every Monday night headline hunting. Constructive criticism is healthy. But to take pot shots at the mayor for personal political gain is a big step backward for Quincy.

There is no reason in the world that Mayor Hannon and the City Council cannot work together in the best interests of Quincy and its people.

The mayor has shown in the past two years that he pretty much does his own thinking. We hope that each of the nine members of the council—both newcomer and veteran—will do his own thinking, too.

But they can agree-or disagree-and still row together to move Quincy ahead.

A few 5-4 votes on the council floor, might even help more than hinder.

- **Arab-Israeli Talks Delicate**
- **Nervous IRS Re-audits Nixon**

(Copyright, 1973, by United Feature Syndicate, Inc.)

WASHINGTON — The federal energy office has announced an investigation into oil profits.

Rather than wait for the results, we have conducted our own investigation. We have talked to sources inside the big oil companies and managed to obtain corporate papers which were never intended to be read outside the executive suites. Here are our findings:

The oil companies definitely have squeezed higher profits for themselves from the oil shortage. For example, the Persian Gulf countries have increased their oil income by doubling the taxes and royalties from three dollars to seven dollars a barrel.

The oil companies, however, are permitted to charge off these payments, dollar for dollar, against their U.S. taxes. Then the companies add the foreign tax to the price of the oil. In other words, the consumers really pay the overseas tax increase, but the companies take credit for it on their U.S. returns.

The oil companies have also used the shortage as an excuse to cut back some of the products that aren't too profitable. The oil industry produces around 3,000 products, some of them vital to other industries. Now oil companies are channeling the available oil into the products that make the most money for themselves.

The majors are also closing their less profitable gas stations and putting the squeeze on independently-owned stations. This means the oil shortage will wind up increasing the profits that the big companies get from their retail outlets.

So far, the oil shortage has been a bonanza for most companies. Only their customers are hurting.

Delicate Stage: The Arab-Israeli talks have now reached a crucial juncture. The Israelis have offered to pull back about 18 miles from the Suez Canal into the Sinai mountain passes. In return, they want the canal reopened and the towns along its banks resettled. This would be insurance, the Israelis feel, against a renewed Egyptian attack.

The Egyptians, however, have refused any "partial settlement." They will accept the Israeli offer only if it is tied to a timetable for total Israeli withdrawal from Egyptian lands. The Egyptians want to go back to the border that existed before the 1967 war.

Israeli Defense Minister Moshe Dayan flew to Washington to win U.S. support. Egyptian Foreign Minister Ismail Fahmy flew to Moscow to win Soviet support.

But in the strictest secrecy, Fahmy has informed Secretary of State Henry Kissinger that the Egyptians would rather not work too closely with their Soviet allies.

The Soviets, for example, wanted a seat on the military working group which is trying to separate the Egyptian and Israeli forces on the Suez-Sinai front. Fahmy confided to Kissinger that Egypt didn't want the Soviets on the working group.

It will take delicate diplomacy, meanwhile, to achieve a settlement. But Kissinger privately is optimistic.

Crack in Latin Left: The overthrow of Salvador Allende's Marxist regime in Chile has thrown the leftist movement throughout Latin America into a tizzy.

Secret intelligence reports quote Cuba's Fidel Castro as calling Allende a weakling and blaming his timid leadership for the downfall of Marxism in Chile. Allende's failure, Castro has said, only confirms his own convictions that a Marxist revolution is impossible without mass mobilization and a complete crack-down on the opposition.

But other Latin American leftists, according to the intelligence reports, have bitterly blamed Castro for letting down the Allende regime. They have complained that the Soviet Union also backed off when Allende needed support.

Increasingly, the leftist movement in Latin America is sharply split between the regular Communists who follow the Moscow line and the splinter groups. These range from extremists and terrorists to moderate socialists.

The anti-Soviet leftists look upon Castro as a Kremlin lackey. They believe Cuba has fallen under the influence of Moscow until it no longer supports revolutionary movements for the sake of reform but merely carries out Soviet policy in Latin America.

Watergate Whirlpool: Some of our most respected government agencies have been caught in the Watergate whirlpool. The Central Intelligence Agency became a cover for laundrying campaign cash in Mexico. The former FBI director destroyed incriminating evidence in his fireplace. The Secret Service has been accused of ordering millions of dollars worth of improvements on President Nixon's private homes.

But the agency which has been hurt the most — and the one that can least afford it — is the Internal Revenue Service. The American people pay their taxes on the honor system. We suffer in silence on the assumption everyone else is doing the same.

Over the past year, however, we have learned that the President got away with paying less taxes than the average working family. Anyone else who had virtually wiped out his taxes with huge deductions would have been subjected to a thorough audit. Yet all Nixon received was a whitewash.

Now the President has invited a joint congressional committee to review his taxes. Our sources inside the IRS say this made the agency nervous. Fearing congressional sleuths might find something its own agents had missed, the IRS hastily ordered a reaudit of the President's tax returns.

Our sources say the agents are taking a particularly close look at the financing of Nixon's San Clemente estate. The President bought the estate with money loaned to him by his millionaire friend, Robert Abplanalp, who canceled the debt in return for a deed to a part of the property. Yet the President wound up with the most valuable section and he has been using Abplanalp's portion rent-free. Our sources confide that the President is almost sure to have to pay some back taxes.

Sunbeams

By HENRY BOSWORTH

Senator Edward Kennedy would be quite surprised if President Nixon suddenly upped and resigned.

During his visit to The Quincy Sun office last week, reporter Tom Henshaw, in an interview, asked:

"There's been talk around that the President will be out of office by April. Do you hear anything like that down in Washington?"

"No," replied Kennedy. "I'm not probably on the inside track as far as the White House goes. There are some people in Washington that hope so [Nixon resign] ... perhaps other people around the country would hope so. But I would believe that he would wait for the results of the House Judiciary Committee" [impeachment investigation.]

DON'T LOOK FOR any shakeup in Mayor Walter Hannon's official family. All department heads are expected to stay. Might be a new face or two on municipal boards.

GOV. SARGENT definitely would have carried Fenno House, Wollaston, by a landslide last week. He made quite a hit with 200 or so of the residents as he signed the agreements there to clear way for construction of the new Clay St. senior citizens housing project.

While addressing the residents, he playfully noted that a tape recorder was spinning in front of him. "It's nice," he noted, "to be able to see the tape recorder and not wonder [peeking under the table] where the mike is." [Nixon wouldn't have appreciated it.]

After the signing, the Governor presented the pen to Rev. Frank Bauer, director of Fenno House, to give to Mrs. Bauer as a souvenir.

The residents—who have as much enthusiasm as teenagers—gave the Governor a big hand then and when he cited Fenno House as a fine example of a senior citizens residence.

Later, Rev. Bauer, who supervises Fenno House, was complimented on the facility and the "young" enthusiasm of the senior citizens. "They keep me hopping," he smiled.

EARLIER at a luncheon at the Wollaston Golf Club, Sargent, predicting that the Clay St. facility will be one of the best, quipped: "I wanted to be an architect before I went bad."

SUDDEN THOUGHT: Wonder if Quincy has ever had three top officials visiting the city separately within the same week? In order of appearance: Atty. Gen. Robert Quinn, Senator Edward Kennedy and Gov. Sargent.

APPOINTMENT OF Ward 6 Councillor Dennis Harrington as vice-chairman of the Oversight Committee and Ward 5 Councillor Warren Powers as a member, indirectly gives Norfolk County Dist. Atty. George Burke an inside seat at the investigation of the cemetery department. Both are assistant district attorneys.

LEO KELLY, new Ward 1 Councillor, turned up at the inaugural ball with a green carnation in his lapel. Dress carnation for all others was white.

DOC STORK is about to flap his wings over the home of Rep. Thomas Brownell. He and wife, Margaret, are expecting a new little constituent any day now. They have a daughter, Karen, 2.

AT THE WOLLASTON Golf Club luncheon prior to the Clay St. agreement signing by Gov. Sargent, George Reardon, president South Shore Chamber of Commerce added this historic footnote:

In 1895, the fairway actually had a white line down it. Golfers couldn't play over the line because that was Milton.

WELL, here's a brain teaser for you from the Quincy Rotary Club newsletter:

Write down the number of times you would like to have steak for dinner in any one week period. Multiply that figure by two. To that total add five. Multiply that total by 50. Add to that total 1723. Now subtract from that figure your year of birth. If you have done the problem correctly, the last two figures in your total will be your age.

[You notice, of course, that in this day of high prices it's the number times you'd like to eat steak, not how many times you do eat it.]

"And cut out the starches."

A Rector's Reflections

30 Years Bring Changes, New Problems. Fond Memories

By REV. CHESTER A. PORTEUS
Rector Emeritus, Christ Church

REV. CHESTER A. PORTEUS

I have been asked by my long-time friend, the editor of the Quincy Sun, Henry Bosworth, Jr., to write down a few of my reflections on this community as I leave it after nearly 30 years of residence therein as the Rector of Christ Church.

In fact, the editor suggested that I might put it in the weekly "Sermonette" form of the Christ Church Calendar which I have been writing for the same long period of time.

Now here is a brave and unusual editor! I have dealt with many newspaper people long before my Quincy rectorate and they are generally very cautious about space for church news or opinions. The Parson is frequently supposed to live in a world so far removed from the actual world of every day, but I have not been able so to do at 17 Elm St., and my long and continuing association with the Quincy Fire Department as Chaplain has kept me fairly well acquainted with the world as it is, and not unfrequently in the midst of human tragedy.

Think a bit. What profession touches more of human life in its weal and woe - a baptism, a marriage, a funeral have more than once taken place in the same day! The parish clergyman may in fact be the last of the "general practitioners" in the professions which have often become so specialized - and some of the ministry is no exception.

South Quincy is no longer where most of Christ Church resides. Note the effect of the expansion of business and traffic up Quincy Avenue. There are

not the vacant lots that were to be found 30 years ago. Apartment houses are coming in to that area. In the many marriages at Christ Church in the last 25 years, few of the young Quincy couples have remained in the city for their first residence due to availability of suitable quarters within their financial means.

Many of our business people are not now Quincy residents as the rosters of civic organizations will attest this situation as well as our churches. We do well to ponder a bit about the future as to the residential characteristic of Quincy that some of us have known and enjoyed in the past.

"Judge by the whole record" is ever sound advice, and such applies as well to newspaper editorials as to the pulpit. We must have acquired a deep spot in our hearts for the City of Presidents - and when we did move, we did not move far away, but out of the parish which is generally considered wise for people in my profession, although the original

name of the parish was Christ's Church, Braintree, New England, established in 1704 - the oldest Episcopal parish in the Diocese, before the town in Quincy and the City of Quincy.

My long-time friend and brother historian, the late William Churchill Edwards, often explained carefully to me the history of relationship between The First Parish Church and Christ's Church - the second Church. Neither do I forget a visit of the late Cardinal Cushing to St. Mary's Roman Catholic Church - the first in this area - with the late Dr. Gale and myself as special guests of Father John McMahon.

Ah, Mr. Editor, you have not enough space for all this, but you can sense that I am most grateful for the long privilege of the Rectorship and for the many friendships in the parish and the community.

I shall miss the almost daily visits with Officer Morgan O'Regan as he patrols this area for law and order - one of Quincy's "finest" in my book, and this Fire Chaplain has been glad to serve the Police Department in many annual functions and Memorial Services.

Every city has its present problems, but please remember that the superb courage and relentless determination of men and women were part of its early history, and that some of the early leaders of this nation were from this very place - the City of Presidents.

On the whole record, Quincy has much of good to offer those who shall serve in our places. Take the best lessons of the past into the new future. Such will continue to serve them well, however inevitable the changing scene.

You Can Call IRS For Tax Info Help

Massachusetts taxpayers can get quick answers to their tax problems by calling the Internal Revenue Service from anywhere in the state without having to pay long distance charges, announces William E. Williams, District Director of Internal Revenue Service for Massachusetts.

Boston area residents can contact the IRS by calling locally, 223-3431.

The new phone service is available on a year-round basis to help taxpayers in all their dealings with the IRS.

Although help is as near as a telephone with the new system,

Williams said most taxpayers should be able to prepare their own returns by following the step-by-step instructions that come with their Form 1040 or 1040A. If taxpayers need additional help, they can call the IRS via the toll-free telephone service.

A 'Thank You' From Postmaster Walker

Editor, Quincy Sun:

The United States Postal Service Christmas operation for 1973 was the best we have ever experienced.

I would like to express my sincere appreciation to the news media for their cooperation in conveying our messages to mail early, use Zip Code and to band Christmas cards in local and out of state bundles.

Due to the energy crisis and the cancellation of air flights carrying mail, it was imperative that our customers mail as early as possible. The public response to our news releases was extraordinary to the point that over 50% of the Christmas mail was received and processed by December 15th.

We in the Postal Service are

well aware of the public service contribution continually being made by the news media and are most grateful for your cooperation.

On behalf of all the

employees of the Boston Postal District, I am extending our very best wishes for a Happy and Healthy New Year to all.

George K. Walker
Postmaster

•Youth Speaks Out

• Quincy High now has two sessions of "Night School" - one at 7 p.m. and one at 8 a.m.

• When little kids are sent to school, they should be well equipped - black jacks, switch blades and mace in case they get jumped in the dark. Soon they will be fit to enter national politics.

• It's interesting that the School Committee meeting of Jan. 9 was cancelled because of a snow storm, but school was in session on Jan. 9 and Jan. 10.

YOUR HANDWRITING TELLS Forward slant 'see-through' personality

By DOROTHY
ST. JOHN JACKSON
Certified Master
Graphoanalyst
Copley News Service

Dear Dorothy:

I'm 33, have a nice husband and two beautiful children who seem to love me very much. But, sometimes, I wonder if I am losing my mind. I am always yelling and hollering at them and in a bad mood. The way things are going, I will make a mess out of all my family and myself. No one likes me and I have no friends. Please help!

L. O.

Dear L.O.:

Shame on you! You're putting on an act!

You crave all the "spotlight" you feel you've missed during your young life, seen in the upswing endings ... and you're trying your best to attract as much attention your way as you can, seen in the circle dots. Your desire to be noticed just leaps from your writing. What you expect from your husband would cause even the "nicest" to falter and fumble.

You have a "see-through" personality, seen in your forward slant. Your pretenses

are so transparent that you're really not fooling anyone who has any perception.

People would like you, if you'd give them a chance. You are the one restricting friends, seen in the squared off g and y loops. You can't seem to forgive the past for neglecting you, seen in the rigid beginning upstrokes. The grudge you carry inflicts itself upon your husband and children, through your words and actions.

You like to talk, seen in the open tops on a and o. And, with your intense desire for attention, your talk becomes a yell.

The past is gone now and you've a lot of life ahead. Take hold of yourself and "star" yourself in an artistic role, which is so clearly possible, seen in the rhythm of your writing, your printed s's, and your almost figure 8 g's.

When you stop peeling down the past and begrudging those who, unintentionally, forgot to hand you a lead part, when you recognize yourself as a person with potential, then, your drama of life will begin. And your husband and children will be your supporting cast.

Today's Women

ONCE OVER LIGHTLY

Equal rights should apply to popping the question

By ANN RUDY
Copley News Service

Why the women's movement hasn't attacked the structure of the marriage proposal I'll never know.

Men are obviously in the driver's seat, as was made only too clear recently when 23-year-old Steven Lester of Ventura, California proposed to his girl friend, Kim, while driving around town in his pick-up truck.

Whether or not he used the truck to pick-up Kim was not made entirely clear in the newspaper story I read, but the end result was clear: he popped the question and she was so overwhelmed she fell against the passenger door and tumbled out. Fortunately, she received only minor cuts and bruises, which enabled her to say "yes" just before attendants loaded her into a waiting ambulance.

Now, we women all know Kim must have used a little subtle and maybe even obvious strategy to lead old Steven on, but still, the actual proposal had to come from him. How long poor Kim had to wait for results is only too evident by her plopping onto the roadway.

Frankly, I hadn't given this angle of women's rights much

thought since my husband proposed to me after three dates — no tribute to my charms but, rather, evidence of his impatience which has carried over into our marriage. He is a man who likes his two minute eggs in thirty seconds.

Still, there are women who have had to wait as long as a year after bringing up the big guns of false eyelashes, musk at the pulse points and intimate dimples in the back seat of a Datsun.

Worse yet, I had an aunt

who waited 15 years for a man 20 years her senior, and when they were finally married he didn't say, "I do," he said, "I wish I could."

Clearly, the marriage proposal should be an equal opportunity venture. If a girl was allowed to propose at will she would not only save on musk, but a lot of nasty accidents, such as falling out of moving cars, could be avoided. And any man who was offended by it could just stay home with his cat and a pot of tea.

RIGHTS 'N WRONGS

What to call a lady

By RIV TOBIN

Dear Mrs. Tobin: I saw a lady leave her package on a bus when she got off. I wanted to tell her but I didn't know what to call her, "Madam," "Miss," "Lady" or "Hey, you." I told the driver about the forgotten package and he took it to the company lost and found. — Tongue Tied

Dear Tongue Tied: "Pardon me, Madam," or "Pardon me, Miss," (depending on the woman's age) would have gotten her attention. "Hey, you," denies the woman of any title of dignity.

Dear Mrs. Tobin: We invited friends to crew for us during a yacht club race. It was to start at 10 a.m. and it would take us at least half an hour to reach the starting line. They had not showed up by nine-thirty so we left without them. Our relationship has

been very cool ever since. Who owes who an apology? — Slow Starter

Dear Slow Starter: They are in your debt. And who ever said they were sailors? They should take a refresher course on the rules of good seamanship.

P.S. Are you sure you gave them definite instructions on the timing? All invitations should be issued with explicit when, where, what and why information.

LET'S TALK

Marital fighting rules

By REV. W. LEE TRUMAN
Copley News Service

The new trend in pastoral marital counseling and treatment by psychologists is to re-channel the violence which is found in marriage. This is done by changing the way in which a couple fights. By putting rules in the game, it allows a couple to find out why they are fighting and then lets them fight fairly and not destructively.

If you want to fight, you have to fight fairly and for a purpose if there is to be a happy marriage. First, and most critical, is the need to pick the right time and the right place. A bad time and place is at the dining table, another is in the bedroom.

To fight fair, there has to be a place that is neutral ground to both. The kitchen is most often the wife's area, so that is to be avoided. The garage or workshop is most often the husband's, so that too should be off limits.

Not only should the place be chosen with some thought, but a right time should also be given some thought. It should be a time when both partners feel able to cope with anger and disagreement. This means it should be a time when the blood sugar level is up.

If the wife knows the husband has had a run-in with his boss, there cannot be any fruitful fighting because he will take out the anger toward his job on her.

Don't put off communication in the fight. Leave time to work things out to some conclusion. Namely, don't throw a verbal rock at your husband when he goes out the door for work or when you are both ready to go out for the evening with friends. There needs to be time for follow-through to have healthy and productive fighting.

Next, don't save up your complaints over a long period of time. Talking about anger and frustrations as often and openly as possible prevents anger stockpiling. The partner can only feel covered up by these amassed grievances, and so feels overwhelmed and reacts either with physical violence or emotionally overreacts.

Honestly try to learn to recognize the difference between complaining and blaming. An honest complaint deserves an honest hearing. Blaming brings about defensive thinking. Sentences that are blame oriented begin with, "You always..." instead of "I feel..."

Try taping your quarrels sometime, and in any event listen to your voice during a quarrel. Do not listen to the words, but to the sound of your voice, and note if you are whining or if you are blaming.

As you grow in your relationship, learn to listen behind the words. "You don't ever tell me that you love me," can mean that "I am scared of losing you and I want more assurances of your caring and love."

Marital fights are sometimes destructive because there is nobody listening. There are interruptions. Each cuts the other off, and the fight winds up in a solo emotional adrenalin jag. This deepens the grievances and the separation.

The most important fact to remember is that you don't have to be a winner. Any argument has two goals, one of which is to win the argument only. The other, in marriage, is to arrive at an understanding and to bring healing into that marriage. It is wise to pick your argument goal carefully if there is to be healthy good marital fighting.

Gals Are Making No Headway Toward Equal Pay

By Philip J. Lawrence
President

COLONIAL FEDERAL SAVINGS
And Loan Association
of Quincy and Holbrook
8-6 weekdays 8-7:30 Thursday

Despite the efforts during recent years toward equal rights for women, the gals seem to be making little headway toward reducing income differences by sex. In fact, they are losing ground; the male-female earning differential is greater now than it was fifteen years ago. The median income for a full-time year-round female worker in 1972 was approximately 57 per cent that of her male counterpart as against 64 per cent during the mid-1950's.

A recent report by the Census Bureau reveals that for year-round full-time workers, the median income of females with eight years of elementary school education was 55.4 per cent of their male counterparts. Females with four years of high school had a median income which was 55.7 per cent of equally educated males. Females with four or more years of college had a median income which was 60.0 per cent of males of equal educational attainment.

The income differences by sex are pronounced and persistent, according to the Census Bureau; there is no prospect that it will change in the near future.

The National Consumer Finance Association observes that "pessimistic attitudes about inflation and a lack of faith in the government's ability to manage the economy have continued to erode the outlook of consumers."

Consumer expectations during the second quarter of 1973 about their personal financial situation and about general business conditions are now less favorable than at the low point of the 1970 recession, according to the Index of Consumer Sentiment. Many consumers believe that now is a good time to buy because they expect prices to be even higher later on.

And that's how the vicious inflationary cycle feeds on itself.

Where does the Federal Government get its revenues? Three tax sources provided about 90 per cent of total Federal government revenues in 1972, according to a recent report by the Federal Reserve Bank of Chicago.

They are, in this order of importance: The personal income tax, contributions for social insurance [largely social security], and the corporate income tax.

Personal income taxes have been the single most important source of Federal revenue since 1943 and provided about 45 per cent of 1972 revenues. Contributions to social insurance have grown to be the second largest source at 28 per cent of 1972 revenues. The relative importance of the corporate income tax has declined steadily from just over 31 per cent of 1929 revenues to about 16 per cent of 1972 revenues.

We suspected all along that we were carrying the lion's share of the burden, didn't we?

Wollaston O.E.S. Sponsors 19th Antiques Show

The 19th South Shore Antiques Show and Sale, sponsored by Wollaston Chapter, Order Eastern Star, will be held at Quincy Masonic Temple, 1170 Hancock St., Jan. 20 - 22.

The carefully selected dealers have prepared to exhibit their finest in antiques, which will include china, jewelry, furniture, dolls and many, many more interesting and desirable articles.

A Snack Bar, featuring home-cooked food, will be open for luncheon at 11:30 a.m. and remain open during the hours of the show, 1 - 10 p.m.

Mrs. C. Sherman Mowbray of Quincy is general chairman. The steering committee consists of Mrs. Virgil L. Snell, chairman, Mrs. Arthur I. Senter, both of Quincy, and Mrs. Alice I. Hathaway of South Weymouth. Tickets will be available at the door.

Rev., Mrs. Chester Porteus To Be Honored

Rev. and Mrs. Chester A. Porteus will be honored at a Vesper service and reception Sunday at Christ Episcopal Church, Quincy.

The service will be held at 4 p.m., with the reception following.

Rev. Mr. Porteus retired Dec. 31 after 29 years as rector. He had been rector since 1944.

Principal speaker will be Very Rev. Dr. Charles Buck, Dean of St. Paul's Cathedral, Boston. Celebrant of the service will be Rev. John M. Gallop, rector of St. John the Evangelist Church

in Hingham.

Rev. Mr. Porteus, a native of Malden and a graduate of Boston University was a student at Episcopal Theological School and a lay reader at St. Luke's Church, Malden, when he was ordained one of the youngest Episcopal priests.

He received his bachelor of divinity degree six months later.

He came to Christ Church in 1944 after serving parishes in upper Manhattan and the Bronx in New York City, Dorchester, Natick and Hopkinton.

Rev. Mr. Porteus plans to

continue writing for Episcopal publications and remains as chaplain of the Quincy Fire Department, Quincy Rotary Club, Rural Masonic Lodge and Taleb Grotto.

Rev. Mr. Porteus will also teach a class the "History of the American Episcopal Church" at the Diocesan School of St. Paul's Cathedral, Boston beginning in February.

He and his wife, the former Greta Ramsey, are now living in South Braintree.

11 Host Families, Officials Plan Amity Aide

Eleven Amity Aide Host Families met recently at the home of Mr. and Mrs. Jack Silverstein, Adams St., Quincy to prepare for the Amity Aide Program in its fourth consecutive year in the Quincy Public Schools from Jan. 21 to June 1.

School Supt. Dr. Lawrence Creedon thanked the Host Families in behalf of the Quincy Public Schools for "your support and for the international friendship and goodwill which your hospitality will generate".

Ellis Swartz, Coordinator of Foreign Languages discussed arrangements for the arrival of the Amity Aides and school-scheduling for them.

Swartz said that his type of program creates cross-cultural impressions and expressed his

hope "that our community will have contributed in this manner to the everlasting hope of mankind for peace, love, and brotherhood for all peoples in our universe".

He explained to the Host Families that these Aides will be working with all Foreign Language groups in the Quincy Public Schools to enhance and enrich the conversational and cultural aspects of the Foreign Language Program. The Aides will also make cultural presentations to students in the elementary schools.

Also participating in the meeting were: William Phinney, Assistant Superintendent of Instruction; Carl Deyoso, Coordinator of Language Arts and Social Studies; and the following Host Families:

Mr. and Mrs. Jack Silverstein,

Mr. and Mrs. Melvin Braveman, Mr. and Mrs. Dominic D'Arcangelo, Mr. and Mrs. Joseph Feeney, Mr. and Mrs. Robert Blake, Mr. and Mrs. Rubin Sugarman, Dr. and Mrs. Donald Reed, Mr. and Mrs. Charles White, Mr. and Mrs. Joseph Schwartz, Mr. and Mrs. William Myers.

The Amity Aides who will be living with these Host Families are:

French-speaking -- from France: Jean-Pierre Genet, Marie-Pascale Gu, Pierre-Alain De Chalus.

German-speaking -- from Switzerland: Ruth Hohl, Esther Oetli.

Spanish-speaking -- from Uruguay, Hector Aprile; from Mexico, Hilda Jimenez; from Bolivia, Fresia de Vidaurre.

Education Law To Be Discussed At St. Coletta's

St. Coletta's Day School, Braintree, will present two experts on educational law tonight [Thursday] at 8 p.m. who will discuss the Educational

Bill 766 which will become effective in September.

The speakers -- Dr. Alice Casey, associate superintendent of schools in Boston, and Dr.

Vincent P. Connors, director of special classes in Boston -- will explain this new law which provides for the education, transportation to school and special needs of emotionally disturbed and retarded children from ages three to 21 years.

According to the new law, "it is the responsibility of each town to provide education for children with special needs."

A St. Coletta's School spokesman said that the problem with the new law will be in implementing it.

"The towns are having trouble raising the money to pay special staff, and each town is interpreting the law differently. The speakers should be of vital interest to all parents and anyone else interested."

DAYLIGHT SAVING TIME

Copley News Service

Let The Sun Shine

By ED EICOFF

Did you ever wake up in the middle of the night and look out your bedroom window to see the yards lit up by the moon? Students now experience this act of nature as they trudge to school in the dark at 7:30 in the morning.

When asked how she felt about the change in time, QHS student Donna Ternullo replied, "It's dangerous not only for kids with cars but also for little kids. I don't feel we are saving energy."

Many of the students do not see the point of going back to daylight saving time. They are afraid of being hit while walking

to school or they're scared they will hit someone if they drive.

They are more frightened for the elementary school children than anything else. Charlene DeAngelis said, "Even if we don't have to, they should let the little kids go to school at 9." Some of the students kind of like the idea of walking in the dark. It was mostly the boys that found it enjoyable.

When you do get up in the dark, you feel like you've been cheating on sleep but you really haven't.

One boy remarked, "I don't like waking up before the birds but I do enjoy seeing the sun rise around lunch time.

First Literary Magazine Soon To Debut

By GAYLE ROSENBLATT

This school year will see the publication of Quincy High School's First Literary Magazine.

This new magazine will feature the finest writing by Quincy High students ever assembled. A hard working staff is already busy planning for the

first issue.

The staff of the Literary Magazine cannot provide all the material needed, therefore, to tap the creative energies of all the students, there will be a short story contest running through the month of January. All stories must be original, and prizes will be awarded to the

winners. Watch for further details.

All other contributions to the magazine whether they be poems, anecdotes, jokes, essays, descriptions, fables or satires, are welcomed now, and can be submitted to the staff in the English Resource Center or to Mr. Weeks.

Girls Sports Program Includes Varsity, Intramural

By SUSAN WINTERMEYER

There are a number of sports available to the girls at Quincy High School.

The varsity sports start in the fall with Field Hockey and continue into the winter with Gymnastics and Basketball.

Our spring sports consist of Tennis, Track and Softball.

Quincy High's girl's teams are part of the Greater Boston League at this time. Next year, however, they will become part of the Suburban League.

Also, there are intramural sports for girls held after school. Football and Badminton are held during the fall, regularly, as are Badminton, Tennis and Volleyball during the spring.

Intramural Floor Hockey is held during the winter, whenever the gym is available. This year, there is a possibility of after-school bowling for girls also.

Our varsity girl's teams are looking forward to a good year. Many of you come to see our boy's teams play. Why not come sometime to see how our girl's teams are doing?

Students Don't Think DST Saves Energy

Do you think daylight savings time is saving energy?

Labor Council To Give \$20,000 In Scholarships

All seniors in public and parochial high schools in Massachusetts are invited to participate in the scholarship awards program conducted by the Massachusetts State Labor Council, AFL-CIO.

There are over \$20,000 in scholarships, including a \$1,000 scholarship in memory of late President John F. Kennedy and a \$1,000 scholarship in memory of Francis E. Lavigne, former Director of the Department of Education and Research of the Massachusetts State Labor Council. Other awards given by affiliates of the Council are in amounts ranging from \$100 to \$1,000.

High school seniors must file application in their respective high schools prior to March 15. The examination is comprised of

a series of questions dealing with the subject of labor in the United States. The two-hour examination will also include an essay dealing with Labor and related matters.

John A. Callahan, Director of COPE and Education for the Massachusetts State Labor Council, is expecting substantially more senior boys and girls to participate in the 1974 awards program than have in the previous years. Callahan noted a greater interest on the part of young people seeking financial aid to help defray the costs of higher education.

Examination study kits will be forwarded to high schools throughout the state during January and all seniors contemplating participation should notify the proper authorities at their school.

About \$2.2 Million In Wages Clay St. Seniors Complex Hailed As Boon To Economy

The \$4.4 million Clay St. senior citizens housing complex is hailed as both filling a big need and as an economic boon for the area.

Gov. Francis W. Sargent called the 12-story 200-unit facility an example of "senior power" and praised the planning which placed it handy to the MBTA, the shopping and business areas.

Later Carmine D'Olimpio, president of the Quincy-South Shore Building Trades Council (AFL-CIO) told The Quincy Sun the project would tremendously help the area economically.

"About half of the estimated cost will be wages for workers," he estimated. "And about half of the workers will come from the Quincy-South Shore area."

He estimated that the construction will take approximately a year and a half to complete.

"It will tremendously help the area economically," he said.

State and city officials gathered at the Wollaston Golf Club last Friday for lunch and then met at the Wollaston Lutheran Church's Fenno House for the signing of necessary agreements to pave the way for construction of the state-aided Clay St. project.

Gov. Sargent, at the luncheon called the project "a partnership between Quincy and the state that believes that older citizens are not forgotten citizens."

He commended Sen. Arthur Tobin, Mayor Walter J. Hannon, former Mayor James R. McIntyre and Forrest I. Neal, chairman of the MBTA Board "for truly, the project was properly done" relative to transportation, shopping and business areas.

Later at Fenno House more than 200 residents of senior citizens facility witnessed the signing of the agreements.

"This is an example of senior power," he declared. "Senior citizens must never be forgotten citizens. You don't want to be put on a shelf somewhere. You want to take part."

The Governor praised Fenno House as a fine housing facility and said more like it are needed.

"Some people are in nursing homes who shouldn't be there," he noted.

Participating in the signing ceremonies with the Governor were Mayor Hannon, Senator Tobin, Francis X. McCauley, chairman of the Quincy Housing Authority, Lewis R. Crampton, state Commissioner of Community Affairs, Architect Joseph Donahue of Quincy and J. Norman Welch of J. J. Welch, Inc., general contractor.

Also on hand were Rep. Joseph E. Brett, Rep. William Delahunt, Rep. Thomas Brownell, Rep.-Councillor Clifford Marshall, Ward 5 Councillor Warren Powers, Ward 6 Councillor Dennis E. Harrington, Ward 3 Councillor John J. Lydon, Clement O'Brien, executive director Quincy Housing Authority, John Cattaneo, assistant director, Rev. Bauer, Rev. Ronald Ober, Wollaston Methodist, Rev. Edward Flaherty, St. Ann's, Rev. Bedros Baharian, City Planning Board chairman.

Earlier at the luncheon, McCauley praised former Mayor McIntyre and the City Council for initiating the project more than three years ago.

"It is a much needed facility," he said. "It will be a credit to the northern end of the city. We hope to start construction very shortly and have Gov. Sargent back in a year and a half to turn the key over to the first occupant."

Irving Boyes, president of the Wollaston Business and Professional Association said the complex is needed and expressed hope there will be more of them in the future.

George Reardon, president South Shore Chamber of Commerce said, "We heartily endorse this new project."

The complex calls for 190 one-bedroom units and 10 two-bedroom. Ten apartments are designed for the handicapped.

The 12th floor will have a community room large enough to seat 380 persons. It will have a kitchen, rest rooms and other ancillary spaces.

The ground level will have the new administrative office headquarters for the Quincy Housing Authority. On that level will also be a maintenance garage, vestibule, lobbies, tenant laundry room, game room and lounge.

The building will be landscaped with lawns, trees, and shrubbery. There will be benches, off-street parking and a screened, landscaped passive recreation area.

The Clay St. development, originally was proposed in 1968. The way was paved for construction last month when the Department of Community Affairs approved and signed a commitment for state financing.

The DCA action came after Senator Tobin filed a special bill at Mayor Hannon's request, which was approved by the legislature and quickly signed into enactment by the Governor.

Mayor Hannon called the site a "superb location for an elderly

Trinity Lutheran Elects, Adopts \$26,520 Budget

The annual meeting of the Trinity Lutheran Church was held Jan. 13 with Pastor James Kimmell presiding. Various reports of the church committees and officers showed that much activity and progress had been made during 1973.

A budget of \$26,520 was adopted for the year, same as in 1973.

The following were elected: New council members: Mrs. Irene Vaino, Mrs. Helvi Ahola, Sulo Soini and Donald Robinson; treasurer, Douglas Luoma; financial secretary, Mrs. Elizabeth Larson; clerk, Toivo Tuori.

The following representatives were also elected: Social Service

Bureau, Mrs. Helvi Ahola, Mrs. Joan Tuori; District Convention, Toivo Tuori, Dr. Ensio Ronka; New England Synod Convention, Robert Heikkila and Edward MacDonald; South Shore Council of Churches, Miss Helen Heikkila and Dr. Ronka.

Mrs. Miriam Luoma was elected overall publicity chairman.

Miss Fiina Niemi, chairman of Finnish publicity.

It was voted to have the Finance Committee organize a Fund Raising Project for the year 1974.

When the Council meets in February, a vice chairman and additional committees will be appointed.

'A Russian Adventure' Jan. 23 At First Parish

"A Russian Adventure" is the theme of a special program to be presented at United First Parish Church, Quincy Sq., Wednesday, Jan. 23 at 7:30 p.m. by Dr. and Mrs. Walter Wrigley of Wollaston.

Dr. Wrigley, who serves as chairman of the church's Board of Governors, chaired a scientific symposium in Russia this past Fall. While there, the Wrigleys visited Baku in Azerbaijan and Moscow and Leningrad in Russia.

Several of Dr. Wrigley's books

have been translated into Russian and the government there has been holding his royalties which cannot be taken out of the country. Dr. Wrigley is professor of instrumentation and Astronautics at the Massachusetts Institute of Technology and Educational Director of the Charles Stark Draper Laboratory.

The Wrigleys will show pictures of their trip. The program, which will be open to the public, will be held in the church's Parish Hall.

St. John's To Present 'Centennial Capers'

St. John's Parish will present "The Centennial Capers" March 8 and 9 at Archbishop Williams High School, Braintree.

The parish is conducting a contest for youngsters in Grades 1 to 8 to design the program cover. The winner will get a \$25 prize.

Mrs. Frank Lomano, 133 Presidents Lane, is chairman of the contest. Information on it is

available from Confraternity of Christian Doctrine or St. John's School teachers.

Mr. and Mrs. William C. Donnelly are general chairmen of the show. Putnam Borden and James Duggan are co-chairmen of the program book and Mrs. Marcia Risio and Mrs. Lee Wayland are co-chairmen of patrons.

St. Boniface To Present

'The Good Old Days' Show

St. Boniface Parish will present a minstrel and variety show "The Good Old Days" on Jan. 26, 27 and 28 at 8 p.m. in the Broad Meadows Junior High School.

The director is Ed Rooney with choreography by Marianne Dennis.

Tickets at \$2.50 are available at the St. Boniface rectory.

Blessed Sacrament Sodality To Meet Jan. 22

The Rev. Cajetan Bendernagel of St. Gabriel's Monastery, Brighton, will be the featured speaker Tues. Jan. 22, at the monthly meeting of Our Lady's

Sodality of Blessed Sacrament Church, Hough's Neck.

The meeting in St. Thomas Aquinas Hall will follow a mass at 7:30 p.m. at the Church.

A BUTTERFLY IN SCHOOL

At Myles Standish School in Quincy a butterfly was born. He is a Monarch butterfly. Vernon Barker and Mark Griffen found a butterfly cocoon in an old building. Our class saw the butterfly hatch from the cocoon. He was all folded up inside the cocoon. When he came out he was beautiful. First he flew on a bush, and then he flew away.

THE LITTLE INDIAN GIRL NAMED "SUNSHINE"

Once upon a time there lived a little Indian girl. One day as she was strolling through the woods, she saw a flower open all in one motion. She was astonished! Then she saw an elf come out. This time she was even more astonished. "Whats you name?" she asked. "My name is Sush-mush-gush-lush-me-so," he answered. "How did you get so little," she asked. "I did not turn little I was born this way," he answered. "You were born that way" she asked. "Yes" he said. "May I take you home with me?" she asked. "I'll take really good care of you. I'll even make sure you won't die" she said.

Many years past. One day as she was taking him for a walk. Something suddenly happened. He fainted for she hadn't been feeding him enough. She was very sad because she had lied to him. So she went home and never came out of her teepee again. And she learned her lesson not to tell someone something if you not going to do it say it or hear it. The End.

A WINTER POEM

I wish it would snow tonight,
So I can have a snowball fight.
And all the friends that I know,

Will have fun in the snow.
And we will all skate,
Till real, real late.
And when we go to sled,
Someone will hit their head.

WINTER TIME

Winter is fun,
See the children run.
Children like to play,
On a snowy winter day.
Santa comes on a sled,
While the children are in bed.
If you are good,
As you should,
You will get a toy,
And have a lot of joy.

WHAT I LIKE TO DO IN THE WINTER

I love to skate and play hockey. I am glad when the ponds freeze. I like to go sledding too. I have a toboggan and love to go down on it and go over the big bumps. This year I am going skiing. This is my first time going. I am going to ski up at Blue Hills. The only thing I don't like about winter is when my brother hits me with snowballs, but I like to hit him!

New Quincy Savings Bank On Schedule

AT TOPPING OFF ceremonies at New Quincy Savings Bank Building Headquarters are, from the left, Duncan F. McCrann, Spaulding and Slye Corporation, Real Estate Brokerage Division; Mayor Walter J. Hannon; Mrs. Charles A. Pearce; Ward 1 Councillor Leo J. Kelly and Charles A. Pearce, President, Quincy Savings Bank.

Topping Off ceremonies were held at the construction site of the new Quincy Savings Bank Headquarters Building in downtown Quincy.

Robert M. Lurie, Project Manager, Spaulding and Slye Corporation, reported that construction is moving ahead on schedule. The new building will be located at 1200 Hancock St. across from the MBTA station in

Quincy Center. Ground was broken in August and occupancy is planned for early summer of 1974.

The foundation has been completed and 100 percent of the steel is erected.

The new three-story, 51,000 square foot building of exposed aggregate precast concrete and a

combination of clear and dark solar bronze glass is designed by Architects Design Group, Cambridge. Quincy Savings Bank will occupy 26,000 square feet and Duncan F. McCrann of Spaulding and Slye Corporation's Real Estate Brokerage Division is presently responsible for the marketing of the additional space in the new bank.

JOSEPH F. CAHILL

ROGER J. MACDONALD

At Old Colony

Joseph Cahill Retires; R. Macdonald, R. Leavitt Appointed

A retirement and two appointments at the executive level are announced at Old Colony Crushed Stone Company and the Old Colony Construction Company of Quincy.

Joseph F. Cahill has retired as Vice President-Sales and has been succeeded by Roger J. Macdonald.

Robert J. Leavitt has been appointed Assistant Vice-President-Sales.

Announcement was made by Frank Mitchell, Assistant Treasurer.

Cahill has served with the two firms for 47 years, joining them in 1926. He is a native of South Boston and a long time member of the L. Street Brownies, the Quincy Elks, the Pere Marquette Council, South Boston Knights of Columbus, the One Hundred Club and the Massachusetts Highway Association. He is a past secretary-treasurer of the Massachusetts Crushed Stone Association.

He lives at 55 Hilma St., Quincy, with his wife, Louise. They have three children, Mary Lou, who is employed in the Quincy tax collector's office;

Francis, a teacher at Boston Latin School and Arthur, a teacher at Wakefield High School.

Friends will honor Cahill at a testimonial dinner Jan. 18 at The Lantana, Randolph.

Macdonald has had extensive experience in the construction industry. He served 14 years as a vice-president with the Campanella Corp. of Rhode Island and served as a member of the Joint Technical Committee of the National Asphalt Paving Association and National Crushed Stone Association.

He lives with his wife and five children at 2 Meadowbrook Rd., Raynham.

Leavitt, employed with the Old Colony firms since 1957, is a Bentley graduate and a member of Plymouth County Highway Association, Norfolk-Bristol Highway Association, Massachusetts Highway Association and the Norwell VFW Post.

He lives at 79 Brantwood Rd., Norwell with his wife, Lee, and their four sons, Robert Jr., Michael, Christopher and Timothy.

Mass. Electric To Refund

\$5.5 Million To Customers

Massachusetts Electric Company will begin refunding about \$5.5 million to customers over the next 10 months.

The refund will appear as a credit on 1974 bills. It represents the difference between what was collected by the company subject to refund and the final settlement, approved by the Federal Power

Commission, on the rate for wholesale electricity sold by New England Power Company to Massachusetts Electric.

The refund will amount to about six-tenths of a mill per kilowatt hour and will appear as a credit on customers' bills effective Jan. 7.

Also, as of Jan. 1, Massachusetts Electric began billing a new purchased power cost adjustment to offset higher wholesale electric rates requested by New England Power. This adjustment, which adds about nine-tenths of a mill per kilowatt hour to customers' bills, is also subject to refund.

LOUIS TOZZI catches the class' attention with a sports problem and then teaches them mathematics by way of it at Central Junior High School. Tozzi came by the idea naturally. He's also track and cross country coach at North Quincy High School.

Lou Tozzi, Teacher-Coach: He Uses Sports Facts To Make Math Interesting

By TOM HENSHAW

"Rocket Richard scored a total of 626 goals, including playoff games, in his brilliant career in the NHL with the Canadiens. Find half of this total."

Sports page item? No. Education page.

It's Louis Tozzi's way of teaching mathematics to sports-minded youngsters at Central Junior High School who couldn't care less about the numbers themselves.

The Tozzi method has proven so popular and successful that he is having his material published in booklet form as an aid for other teachers with motivational problems in the classroom.

The idea came about three years ago to Tozzi, 27, who is cross country and track coach at North Quincy High School.

"I had a couple of boys in my seventh grade class at Central who weren't doing the work required in order to pass the course," says Tozzi.

"One day when I noticed one of the boys with a hockey magazine in class I decided to try to do something about it."

"I asked the boy if he'd like to try to learn some of his arithmetic from the magazine and he said yes."

"Being a sports fan and coach I was interested in the facts and figures of sports statistics and records myself so the homework for me that night was easy."

"I simply devised some problems concerning the same

topics we were discussing in class at the time and gave them to the boy the next day."

"Well, when the bookwork and worksheet type drill he had been doing was replaced by problems containing real-life players, teams and statistics he finally became interested in mathematics."

If it worked with one youngster, Tozzi reasoned, might it not work with others. He sat down and devised programs that united mathematics instruction with the four most popular sports—hockey, basketball, football, and baseball.

At first, the teaching aides were such local heroes as Bobby Orr, Dave Cowens, Jim Plunkett and Carl Yastrzemski but later he branched out into other players and teams.

"I let the students choose from any of the four major sports," says Tozzi. "All four have many varied topics covered, all of which I try to correspond to the daily classwork."

"For example, suppose we are having a lesson on division of whole numbers by a one digit divisor. The problems go like this:

"Only 9009 watched three exhibition games between the WHA Los Angeles and New York teams. What was the average attendance per contest?" "Shots on net from a recent season: Boston 2668, Minnesota 2576, California 2074. Can you determine one half of the Bruins' total?"

Each student keeps a folder for his sports papers and, after Tozzi checks them, they are returned to the student and the number recorded at the end of the term for credit.

"A few of the students had 40 or more papers done the first term this year," says Tozzi, "and I found that of the 51 boys I have for math this year, 42 are doing work in the program."

"Obviously, we don't expect all of the boys to be interested in sports and the others are, of course, not penalized or lose credit in any way."

The Tozzi program is to be published soon in four booklets, one for each sport, each containing 35 different arithmetic topics and at least five problems on each page.

Also each will contain an index of all the teams and players named in the booklet (about 300 in each), a table of contents and an answer key.

"My general philosophy is that if the material can be presented in a relevant fashion to the students they will benefit greatly from the work," says Tozzi. "Why? Because it was interesting."

"This is one of the keys to working with 12 or 13 year olds since they become bored or turned off very easily."

Tozzi, a graduate of Quincy High School who lives with his wife in West Roxbury, currently is studying for a masters degree at Bridgewater State College. He plans eventually to work with retarded children.

Katy and Charlie Kane, 472-4110; Dick Storella, 471-8910; Art and Joan Giordani, 479-1131, and Bob and Audrey Hayes, 472-3243.

He is a graduate of Melrose High School and Eastern Nazarene College and received

Assisting Harvey will be William V. Johnson of East Braintree and James E. Rendle of Quincy. Johnson is a graduate of Barrington College with a major in Physical Education and Rendle is a graduate of the University of Massachusetts, also with a major in Physical Education.

The game where John Havlicek faked out eight people.

We wanted John Havlicek to take a new position—that of spokesman for Dial Finance. Of course we knew John wouldn't consent until he was convinced he could confidently lay his reputation on the line in endorsing Dial.

To convince John that Dial was a different kind of finance company, we asked him to do some fancy faking. He was to call eight separate Dial offices, pretending to be someone interested in a loan. The hitch?

Not one of the Dial offices was tipped off about the fact that John Havlicek would be calling. Here, in John's words, is what happened:

"After my first call, I began seeing what Dial meant when they said theirs was a company with different dimension. Both the phone and my questions were answered promptly and courteously."

"As I kept making more calls, I was more and more amazed by the refreshing directness and professionalism of the Dial people fielding my questions. But the most amazing thing to me was this. After making eight calls, never once was I given a sales pitch or pressured or even asked my name." The Dial people simply gave me the hard facts without giving me a hard time.

"Probably the most surprising moment of all was on my fifth call. I told the Dial person that I had several monthly bills from several different sources and I was interested in a consolidation loan. I faked some monthly payment figures. Then he did some figuring of his own and actually advised me not to take out a consolidation loan, because the one monthly payment I would make to Dial wouldn't substantially reduce the sum of the monthly payments I was now making! Imagine that! A finance company advising me against a loan. Although I had loaded the deck and faked the figures so that I had created a rare case, it was still nice to know that Dial is a company that acts in your interests... and not for its own."

The kind of service and consideration John Havlicek received from Dial isn't reserved just for basketball players. It's reserved for everybody... and has been since 1897. So next time you're thinking of borrowing, think of Dial Finance. You see, we don't want you to like us just for our money."

Visit Dial's Randolph office at 322 N. Main Street, Fernandes Shopping Center, phone 963-0400 or the Brockton office at 726 Crescent Street, Brockton East Shopping Plaza, phone 583-3420. Other Dial offices: 3 downtown, Billerica, Lynn, Malden, Walpole.

Bob Ahern had two goals for Suburban, Tom Parke one, with assists by Joe O'Keefe, Dan Cetlin and Kevin O'Neil.

Dan Barry's three goal hat trick paced the Police Boys Club to a 6-1 victory over Rich's.

Jerry Cronin, Mike Griffin and Bob Page also had goals with assists to Joe Carty [2], Mark Walsh, Page and Griffin.

Tony Alessi found the net for Rich's, assisted by Bob Carmody.

● Squirt House

DD's, Back, Maher, Nardone Win

In the Squirt House League, Dee Dee's edged McInnis Contractor, 3-2.

Richie Durham, Bobby Bolster and Tom Richards scored for the winners with Tom Smith having an assist. For McInnis Paul Reinhardt and Mitch McInnis scored and Joe Livingstone had an assist.

Wilson Hat Trick Paces Bantam B's, 9-0

Defenceman Mike Wilson had the hat trick Saturday in leading the Quincy Bantam "B" team to a 9-0 demolition of Hingham in a Bay Colony Hockey Association game. He also had an assist.

Goalies Daryl DeCristofaro and Kevin Cotter combined their talents for the second straight Quincy shutout.

John Fitzgerald had two goals

and an assist, Rick Carnali had a pair of goals, Dave Peters and Dave Lewis had a goal and an assist each, and John Norton, Mark Paolucci and John Andrews had two assists.

Jimmy Moore and Mike Marks got an assist apiece.

Peters and Mark Kelly did most of the scoring in the Quincy team's 15-0 decision over Duxbury. Kelly had three

goals and two assists, Peters two goals and four assists.

Other scorers were Paul Higgins, two goals; Don Perdios, two goals and an assist; Paolucci, Andrews and Wilson, a goal and two assists; Marks, three assists; Fitzgerald and Lewis, a goal and an assist; Carnali, a goal; and Norton and John Fitzpatrick, an assist apiece.

Deutsch's Hat Trick Powers B's To 14th

Powered by Bill Deutsch's hat trick the Quincy Pee Wee "B" team remained undefeated in 15 games Sunday with an 11-2 victory over Duxbury in a Bay Colony Hockey Association game.

Single goals were scored by Dan Sullivan, Dan Cronin, Jeff Giordani, Ken Halloran, Ken Micelli, Ed Marella, John Jackson and John Keane.

Mark Rooney had three

assists; Cronin, Halloran and Keane two each; and Deutsch, Sullivan, Giordani, and Micelli one apiece.

The Pee Wee B's league record is now 14 wins and a tie.

SNOWBLOWER DANGER

Some dangers around the house merely change appearance by the season. For example the snowblower - winter's cousin to summer's potentially hazardous power lawn mower.

The motorized snowblower breaks up snow and tosses it to the side. There's no doubt that it has safety advantages - such as reducing the exertion of shoveling snow [which can result in heart attack], and making walks less slippery. But it has, also, built-in hazards similar to those of the power lawnmower.

The snowblower has blades or augers that can slice off parts of the human anatomy, and a number of users have had fingers mangled or amputated while using their hands to unclog a snowblower when the motor was

running. It's imperative to shut off the blower's motor and wait for the blades to stop revolving before putting your hands near the discharge area. In general, say safety engineers, you should treat snowblowers with the same caution as you do power lawn mowers.

● Bantam House Blackwood Moves Into Top Spot

Larry Burak's two goals lifted Blackwood Pharmacy into a 5-4 victory over Trucks of Quincy in the battle for first place in the Bantam House League. The two teams were tied for the top spot.

Rich Fidler had a goal and two assists, Paul MacDonald and Tim MacLean had a goal and an assist apiece and Brian Simmons and Dana Chiavaroli also had assists.

Paul O'Brien was a two goal scorer for Trucks and Paul K. Barry had a goal and an assist. Danny Higgins had the other goal with assists credited to Pete Cassidy, Billy Doherty and Bud Currier.

South Shore TV and Baskin Robbins battled to a 3-3 tie with Dave O'Brien getting two goals and an assist and Mike Marella a goal and two assists for Baskin. Al Whitman also had an assist.

Jack Campbell, Paul Lindenfeltzer and John Marsters got the goals for South Shore TV with assists to Mike Bondarick and Lindenfeltzer.

Jimmy Deitsch stood out in the goal as Burgin Platner whipped Doran and Horrigan, 5-2.

Bobby Panico and Pete Plante had a pair of goals each and Pat Bamberg had one for Burgin. Kevin Bythrow and Bamberg

draw assists.

Bill Morrison and Mike Welch scored for Doran, assisted by Sean Jago and Bud Mossesso.

Johnson Motor Parts moved back into the thick of the pennant fight with a 7-2 win over Bersani Brothers as Tommy Koelsch had the hat trick plus an assist.

Mark Ricciardi had a goal and two assists, Ronan Storer and John Fair a goal and an assist, Mark Landry a goal and Mike Colon, Jay Daly and Mike Collins assists.

Bersani's goals came off the sticks of Paul Cooney and Jeff Gavin with assists by Kurt O'Sullivan, Bud Kelly and Gavin.

The Quincy Sun, last year's defending champions, rose up to upset Noonan Press, 8-2, with Dave Palazza's two goals and an assist showing the way.

The other goals were scored by Gary Trenholm, Bobby Kenney, Steve Canavan, Mike Boyle, Bob Burns and Bill Doherty.

Assists went to Kevin Whelan and Boyle, two each, and Bob Flibotte, Mike Pitts, Ed Murphy and Canavan.

Ken Kustka and Paul Vallantine scored for Noonan, assisted by John Picard and Tom Pistorino.

Quincy Meets Malden At Garden, Raiders Invade Chelsea Friday

The Quincy High basketball team, making a determined bid for the Greater Boston League championship in its final year in the league, Friday faces Malden in a 5:30 p.m. game at Boston Garden in a preliminary to the Celtics-Atlanta Hawks game.

Last Tuesday the Presidents, 4-1 in the league and tied with Everett for first place, and 6-2 overall, played at Everett to dissolve the tie. The game had been scheduled last Friday but was postponed due to the hazardous driving conditions. Next Tuesday Quincy plays at Medford.

Meanwhile, North Quincy, with a 3-2 league mark and 4-4 overall, Tuesday played last Friday's postponed game at home against Medford, will play at Chelsea Friday and host

Everett in a big one next Tuesday.

Earlier in the week Quincy played fine defense but had a cold shooting night and it cost the Presidents their first league loss, 43-38, at Somerville.

Despite only a 26 percent shooting night, Quincy held a 30-25 lead going into the final period but here Somerville took advantage of the off-night and outscored Quincy, 18-8.

"Our defense has been strong in every game and until this game our shooting had been good," Quincy Coach Joe Amoroso said. "Mark Dwyer and Fred Donahue played well."

Tom McKinnon led the scorers with 10 points and was the only President to hit double figures.

North Quincy built up a

13-point halftime lead and it was just as well because the Raiders had to fight off a determined Revere comeback to pull out a 69-63 win.

"We were ahead all the way but they made a good run at us in the final period," Coach Bob Nolan said. North, ahead, 36-23, at the half and 50-37 after three periods, was outscored, 26-19, in the last eight minutes.

"I was especially pleased with the play of Tim Clifford, who controlled both boards, and sophomore Cooper Jordan, who sank a couple of clutch baskets in the second period," Nolan continued. "We played good defense again but I think we were a bit flat after the big game with Quincy."

Clifford had 19 points, Jed Phelan scored 18, Steve Miller 16 and John Flynn 10.

Quincy Faces North Friday In Quest For Tourney Berth

The Quincy High hockey team will continue its drive toward a state tourney berth Friday night when it faces rival North Quincy in a 9 p.m. Greater Boston League game at Boston Arena.

The Presidents will face Everett next Wednesday at 5 p.m.

Meanwhile, North Quincy, having a disappointing season, will clash with Chelsea Monday at 9 after its second meeting of the year with Quincy. The Raiders bowed to Quincy, 7-3, in their first meeting.

Quincy's high scorers, junior Ted Wiedemann and sophomore Frank Guest, collaborated for one of the season's most important goals last Monday to give the Presidents a 2-2 tie with Medford. In trying to qualify for the tourney, a tie counts as a win so the big goal with just 39 seconds left in the game kept Quincy's hopes alive.

Dave DiBona put Quincy ahead early in the game with Al Lancione assisting but Medford then scored twice late in the first period to take the lead. There was no more scoring until those final 39 seconds when Guest passed to Wiedemann, who broke away for the goal.

The tie gave Bob Sylvia's Quincy club a 6-3-1 record.

Ron Erikson's luckless North skaters suffered a heartbreaking 2-1 loss to undefeated league leader Malden when two Raider goals were disallowed.

North had a goal nullified in the opening period and another, which would have tied the game,

in the final period.

Malden, 9-0-1 on the season, scored in each of the first two periods and Rob Henderson scored North's lone goal with Mike McLean assisting in the finale.

"This was one of our better performances and it was a shame the boys couldn't have pulled off the upset," said the disappointed Erikson, whose team's record dropped to 2-6-1.

Last Friday Quincy rebounded after losing successive games to Malden and Somerville to blank Revere, 2-0, as goalie Glen Prescott, who had turned in a brilliant performance against Somerville despite the loss, had another outstanding night.

North Quincy lost to second place Somerville for the second time, 6-3, as Somerville continued to have its finest season with only one loss.

Jim Mullaney scored for the Raiders in the opening period with Mike McLean and Robbie Henderson assisting and North trailed only 2-1 after the period.

Somerville widened its lead to 5-1 before Andy Colleran scored with Brian MacIsaac and Mark Hurley assisting and MacIsaac converted passes from Hurley and Paul O'Donnell to score the final goal.

"Despite the loss, I was pleased with the boys' effort as they gave me 100 percent and did all I asked of them," Erikson said. "We just lost to a better team." Ron pointed to the Raiders' lack of scoring, as they had scored only 21 goals in eight games.

Nestor Team

Milan Nestor's team won the first half in the Alley Kats Bowling League with a 76-44 record.

Other members of the team are Barbara Neil, Jane Wilson, Doris Donnelly, and Mary Younise.

Roseanna Donahue leads the league with a 104.4 average.

Alley Kats Midway Winners

Jane Wilson has the most strikes and Marie Ford has most spares.

The standings: M. Nestor, 76-44; P. Nestor, 72-48; DeGreco, 65-56; Donahue, 52-68; Ford, 50-70; and Hamblin, 46-74.

The Top 10 includes Roseanna Donahue, 104.4; Pat Nestor, 102.4; Milan Nestor,

101.6; Marie Ford, 99.0; Mady DeGreco, 96.1; Joan Hamblin, 95.2; Mal Nestor, 95.1; Jean Doherty, 93.8; Rita Giunta, 93.4 and Janice Hutchins, 93.3.

Pat Nestor's team has high three of 1450, Joan Hamblin's team high single of 523, Milan Nestor high individual three of 355 and Pat Nestor high individual single of 142.

Last night [Wednesday] the Quincy team played the Plymouth A.A. at Plymouth seeking its 11th successive Cranberry League win and 12th in a row overall. Sunday the O'Briens will host the Weymouth Alphas at North

Quincy High at 7:30 p.m.

Last Sunday the Quincy quintet defeated the Easton Huskies for the second time, 97-79, leading throughout the game.

Eddie Miller paced the scoring with 20 points, Alan Dalton had 18, Bob McNamara and Pete Schmid 15 apiece and Ron Bradley 10.

The O'Brien Club doesn't charge admission to its home games and Coach Leo Papile is

pleased with the turnouts each Sunday. "We don't charge anything because we want to let as many students see the games as possible," he said. "The fans are seeing some of the finest former college players in the East in action and the players' attitude is incredible."

"There are no prima donnas on this team and there is never any complaint when I substitute. No one is concerned with how many points he scores as long as the team wins."

Reardon, Murphy Pace Mite A's, 5-1

Rick Reardon and Tommy Murphy had two goals each as

the Quincy Mite "A" team defeated Hingham, 5-1, in Bay

Squirt B's Win, 8-4

The Squirt B team defeated South Boston, 8-4.

Mike McNiece scored three goals, Kevin Ryan and Brian Sullivan two each and Johnny

Colony Hockey Association action.

Danny Kelly had the other goal and assists went to Kevin Tenney [2], Dwayne Wilcoxon

Cummings the other for Quincy. Richie Stevens had two assists, Paul McCabe, Sullivan, Timmy Ryan, Danny Boyle, Kevin Duff and Chris Gorman one apiece.

QCA Sponsors Babysitting Courses

Babysitters and potential babysitters are invited to attend a free four-session course on how to babysit.

The courses, sponsored by Quincy Community Action, Inc., held at St. Boniface Church Hall on Wednesday, Jan. 16, Jan. 23, Jan. 30 and Feb. 6, at 3 p.m.

Pre-registration can be made by calling the South-West Community Center at 471-0796 or the Germantown Service Center at 471-1189.

Graduates of the course will have their names placed on file at Quincy Community Action's two service centers in Germantown and South-West Quincy. Parents calling for

"Sitters" will be given the name of a trained "sitter". Coordinating the program is Rosemarie Hanley, Department of Community Affairs Volunteer.

Agencies and lecturers for the series will be: The Quincy Fire Department, Lt. William Kelley; The Quincy Police Department; The Quincy Health Department; Mary Taylor, R.N.; Norfolk County Extension Service, Nutrition Assistant Verne Eiker; Thomas Crane Public Library, Librarian Jane Granstrom; South Shore Mental Health Center, Dr. Luleen Anderson, Quincy Team Leader.

Frank Younie Receives Navy Commendation

Navy Engineman Third Class Frank S. Younie, son of Mr. and Mrs. Frank N. Younie of 84 Turner St., Quincy, was commended as a crewmember of the oiler USS Pawcatuck for his efforts as part of the U.S. Sixth Fleet task force in the Mediterranean during the latest Middle East crisis.

The powerful force stood ready to evacuate American citizens from danger areas and to back up our government's diplomats as they helped

negotiate a cease fire.

Powers Requests, Gets Action At Sled Area

Almost as soon as new Ward 5 Councillor Warren A. Powers fired off his first request to Mayor Walter J. Hannon he found that something had been done about it.

Powers requested the appointment of temporary constables to supervise youngsters playing in the snow in a recreation area adjacent to the Furnace Brook School.

He sent the letter Friday [Jan. 11].

"Saturday," he said, "the Park Department had men there with bull horns and a walkie talkie. They had divided the people up into groups for safety purposes and everything was under control."

"It's a good thing, too. There must have been hundreds of people there."

Powers said in his letter to Hannon that he has learned of injuries suffered in accidents at the location.

"With the new fallen snow," he said, "many youngsters will be rushing to this area in order to try out their toboggans, sleds, saucers and other snow vehicles..."

"With this expected rush come some careless individuals who do not respect the rights of others and who push around little children and create a hazard of injury to others by their reckless operation of sleds or toboggans."

Kelly Requests Merrymount School Study

City Councillor Leo J. Kelly has asked Council President Arthur H. Tobin to have a committee review the special needs of the Merrymount School.

"I have personally observed the conditions at the school and have found that space is desperately needed for physical education in order to comply with the state law which requires 90 minutes per week for physical education."

"In addition to the space requirements for physical education, there is absolutely no area available to properly comply with the school lunch program."

"Furthermore, music education has to be conducted in the basement or boiler room."

"It is my understanding of the state law that the city of Quincy would be entitled to 65 per cent reimbursement for renovations which would upgrade the educational standards at the Merrymount school."

Quincy H.S. Band Gets Approval To Use President's Seal

Something new will soon be added to the logo of the crack Quincy High School Marching Band.

It's the official Seal of the President of the United States.

The band has received permission, by executive order, to use the Seal of the President "with pride and dignity, as one of the premier marching bands in the nation".

Permission was contained in a letter received by Band Director Michael J. Cahill from Dudley

Chapman, associate counsel to President Richard M. Nixon.

Cahill requested permission about two months ago to use the Seal inside the letter Q on the band's banners, on the bass drum and on the jackets of the bandmen.

The return letter, dated Jan. 9 on White House stationery, said:

"This will acknowledge your letter requesting permission to use the Seal of the President of the United States in a logo being designed for the Quincy High

School 'Marching President's Band'.

"Your letter states that the band is so named because Quincy, which is the birthplace of John Adams and John Quincy Adams, is known as the City of Presidents.

"Your letter further guarantees that the band would use the Seal with pride and dignity, as one of the premier marching bands in the nation.

"As you may know,

permission to use the Presidential Seal is controlled by statute and an executive order issued thereunder.

"Section 1 of the order permits use for such exceptional historical and educational purposes as may be authorized in writing by the Counsel to the President.

"In view of the historical purposes described in your letter, and of your assurance as to the manner of use, permission

is hereby granted to purchase the Presidential Seal for such uses."

Cahill said the new logo, complete with Presidential Seal, probably will make its initial appearance in the spring at Schaeffer Stadium in a band contest sponsored by the Massachusetts Musical Educators Association and the Governor.

The winner of the competition will be designated official state band for the coming bicentennial observance.

This catalog is created and printed as a service to our 2,000 stores. If any store is temporarily out of a regular stock item, it can be ordered by the store from our modern warehouses in Butler, Pa., Parkersburg, Pa. and Greenville, S. C. The prices shown are suggested prices from our observation of the market; they are subject to change without notice and possession of this catalog does not obligate us or any store to sell at the price listed. The combined volume purchasing power of our 2,000 stores enables each store to offer you merchandise at attractive prices. Over 23,000 items are carried in stock at our hardware headquarters.

In Wake Of Germantown Attack

Officials, Tenants Hotly Clash Over Banning Of Dogs

By TOM HENSHAW

A long-simmering dispute over man's best friend is erupting to a climax in the Germantown housing projects in the wake of a disfiguring attack by either one or two dogs on 5-year-old Tammy Stuart.

The question being asked --and answered pro and con-- is an old one around the Quincy Housing Authority's Snug Harbor and Riverview projects. It is this: Should residents of the projects be allowed to keep dogs as pets?

"We have no objection to pets per se," says Clement A. O'Brien, executive director of the Quincy Housing Authority. "But we feel responsible for the safety of the residents. The number of dogs there is a definite danger."

"We are very sorry for the Stuart child," says James St. Angelo, president of the Harborview Residents Association. "But we don't feel that responsible tenants should be punished for the actions of one or two dogs."

"This incident is what the Housing Authority has been

SEE EDITORIAL ON PAGE 4

waiting for to try to get a dog ban clause into our leases. What would happen if it happened down the street, outside the project? Would they ban dogs from all Germantown?

Right in the middle of it is City Dog Officer Frank Berlucchi.

"There are too many dogs running loose there," he says. "But it isn't the dogs. It's how do you get the people who own

them to accept the responsibility of controlling them. There is little control by the owners."

And if you want evidence that people don't really care about their dogs, Berlucchi will tell you that 41 dogs were impounded from the project in 1973 and only 15 of them were reclaimed and licensed.

Tammy, daughter of Mr. and Mrs. William Stuart of 31 Binnacle Lane, Snug Harbor, was bitten in the face Saturday [Jan. 19]. Part of her upper lip was torn away. She faces plastic surgery.

'A Sad Situation'

Lydon Seeks Conflict Ruling In Council Cemetery Probe

Two of Quincy's most popular recent political diversions popped up in tandem at the City Council meeting Monday night -- the probe of the Cemetery Department and a suggestion of conflict of interest.

The Council voted to make the Oversight Committee, whose five members have been conducting the investigation of the Cemetery Department, a committee of the whole council.

The vote was a narrow 6-0 -- a

two thirds vote was needed -- with Councillor Clifford H. Marshall Jr. out sick, Councillor-elect James A. Sheets, vice-councillor and Councillor John J. Lydon Jr. abstaining.

Lydon, a Wollaston funeral director, said he feared a conflict of interest if he served on the Oversight Committee while it probed the Cemetery Department. He has asked City Solicitor Richard McCormick for a ruling.

Lydon said in a statement Tuesday that his funeral home sometimes makes direct payments of money to the city for families temporarily unable to pay for graves and that he personally contributes to the Cemetery employees Christmas fund.

"It is a sad situation," he said, "when a City Councillor has a concern of minority groups in

Public Hearing Feb. 25

On 10-Story Height Limit

The City Council will hold a public hearing Feb. 25 at 7:45 p.m. in the Council Chambers on a proposed amendment to the Zoning Ordinances which would limit the height of buildings in Quincy to 10 stories.

The hearing was requested by

the Quincy Citizens Association "to afford concerned citizens of Quincy the right to be heard on this issue before taking final action."

The city presently has no height limitation.

City Census Starts Feb. 1

Quincy will start counting its adult citizens on Feb. 1.

About 70 census takers will be trudging the city on that day jotting down vital statistics on all residents 17 years old and over.

The count will be used as a basis for such things as voting lists, tax abatements, veterans pensions, and student loans.

Assistant City Clerk Thomas R. Burke said each census taker

will be equipped with credentials identifying him as such.

The census is expected to take about 2½ weeks, depending on the weather, Burke said.

Last year, the census takers counted 66,549 residents, 17 years and older, in Quincy.

This time, said Burke, there'll probably be more since several housing projects have filled up in the past year.

Mrs. Quinn Pretty Quincy Campaigner But-

She's 'Not At Liberty' To Say Husband A Candidate

The lady looked the questioner straight in the eye and smiled sweetly and said:

"I'm not at liberty to say that my husband is running for governor."

The lady was Mrs. Robert Quinn, a tall, striking brunette who is the wife of an attorney general who would like to trade the job in for something better, like, say, governor.

Mrs. Quinn and her oldest daughter, Andrea, 13, dropped around to the Quincy Sun the other day to . . . well, just what was she doing?

"Bob can't get everywhere," she said. "I like to do my part in his efforts to . . . to get where he can't get to. When he's at the office

doing something else, I go where I can."

They had been on the road [call it campaign trail] since 9 a.m., visiting hot lunch programs and attending a coffee hour organized by one of her friends in Quincy.

"Today is a short day," she said, almost apologetically. "We'll be back home by 2 o'clock."

A long day in the Quinn lexicon is something like 10 a.m. to 10 p.m. and so far she hasn't had any of them in 1974.

"But they tell me I'm going to," she laughed.

"Actually, I like it. I find it very exciting to meet people. No matter where you go, no matter how many times you've done something, there's always something new, always something

interesting.

"There's a lot of aggravation, too, of course. But the things that get to you during a campaign are the things that are going to get to you anyway. And I enjoy meeting people."

She campaigned for the first time, not for Quinn, but for one of his friends who was running for mayor of Boston.

[That would be the John Collins-John Powers race in 1959 but she didn't say which one was the friend and the bedazzled interviewers forgot to ask her.]

Hers was a highly specialized job -- she spoke Italian.

"I had just come back from a year at the University of Rome. We went around to

Officials, Tenants Clash Over Banning Of Dogs

[Cont'd from Page 1] by the Stuarts, the other by a neighbor, were impounded and sent to the Animal Rescue League in Boston to be disposed of.

The police report of the incident said it could not be determined which dog bit Tammy but Mrs. Stuart quoted her daughter as saying the neighbor's dog attacked her and the Stuart dog went to her aid. Donald Solane, who was present but did not witness the attack, said he heard two dogs snarl and turned to see Tammy on the ground and the two animals with their faces in her face.

Until last July, dogs were banned from the projects by Quincy Housing Authority edict.

Then Mrs. Theresa Martin, fighting an eviction notice for refusing to give up her dog, appealed to the State Department of Community Affairs which overruled the unilateral prohibition of pets.

Since that time, says the QHA's O'Brien, "there is no question that there are more dogs in the projects. The complaints of annoyance and danger have been tremendous. By spring the number of dogs will be horrendous."

Dog Officer Berlucchi estimates that there are 250 dogs in the projects.

"Ridiculous," says St. Angelo. "We took a survey of our own and in the 52 apartments in my area of Riverview there were a total of six dogs, all of them small, ranging from chihuahuas to terriers. I have one of them."

By Housing Authority figures, there are 580 families living in the Snug Harbor and Riverview projects, about 2,270 people, 880 of them adults and the rest children. Snug Harbor School, with 762 pupils, is by far the largest elementary school in the city.

Right now, the Harborview

Residents Association and the QHA are negotiating a new model lease and one of the stumbling blocks is the QHA's insistence on a "no dog" clause that would supersede the DCA's ruling.

"The DCA's model lease permits pets unless we can prove that they are a nuisance or dangerous," says O'Brien. "But how do we prove that they are dangerous until they bite someone?"

"A girl can be disfigured for life and the most we can do is make the tenant get rid of that particular dog. Then the tenant can go out and get a new dog and it goes on and on and on."

To St. Angelo and the Harborview Residents Association a dog ban is an infringement on the rights of people - many of them low-income - who live in public housing.

"I know it sounds hard and we do feel sorry for the youngster but there will be incidents no matter where you live," says St. Angelo. "If a kid wants a dog, what makes kids in projects different from kids in other parts of town?"

Quincy has had a leash law since Nov. 23, 1966 which says: "No person who owns or keeps a dog shall allow the animal to run free when not restricted to the premises of said owner or keeper. When off said premises such dogs shall be leashed and/or curbed."

"The dog officer works on this steadily," says Police Lt. Arthur Shea, administrative assistant to Chief Francis X. Finn. "There is not enough room in the dog pound to pick up all the dogs."

Since the Stuart incident, police have stepped up their drive on nuisance dogs and members of the K-9 Corps have

been assigned to help Berlucchi on Fridays from 1 to 5 p.m., Sundays from 10 a.m. to 2 p.m. and Thursdays from 12 to 4 p.m.

The Harborview Residents Association doesn't think Berlucchi has been enforcing the leash law very well at all.

"The whole thing rests on Berlucchi," says St. Angelo. "If he was doing his job the chances would be less of something like this happening. The dog should have been picked up long ago."

"Berlucchi never would come down here when we complained to him. He told the Housing Authority told him not to come down. O'Brien said he never told him. Who do you believe?"

Berlucchi feels the problem goes beyond the leash law in the projects. It's one of congestion - too many people and too many dogs trying to occupy too little space.

"Say you've got four families with eight children living under one roof," he says. "Two of them have pet dogs and they put them out in the yard. One of them has a bone or some other goodie. One of the eight kids tries to remove the goodie. What happens?"

"Who gets the yard, the dogs or the kids?"

Berlucchi reported to the Housing Authority last summer that "in less than one year there will be a serious accident [in the Germantown projects] due to the dog population in this area."

"You can't take dogs and tie them up in the backyard when you have five or six kids in the same house," he says. "Kids can't walk past a dog without doing something to him, petting him, teasing him."

"More people have to realize the great responsibility they have to love and keep an animal."

Lydon Seeks Conflict Ruling

[Cont'd from Page 1]

the City bringing law suits left and right.

"As I viewed my colleague, Mr. Sheets, at the Council meeting last night, I could not help but feel that if conflict exists in my circumstances, that same situation could befall me."

Sheets has declined to take the oath of office until it is decided whether his two jobs as Councillor and instructor at Quincy Junior College are a conflict of interest as charged by

a group of 10 unidentified taxpayers.

The vote on the Oversight Committee had its unexpected aspects.

It was moved by Councillor Warren A. Powers and seconded by Councillor Joseph J. LaRaia, who has opposed the motion in the past. And he voted for it when only his vote was needed to send it down to defeat.

Then LaRaia, answering a charge that his original call for a Council probe of the Cemetery Department was "ill advised," said he has evidence that five grave lots were resold by the Cemetery Department without permission of the owners.

He said he would provide

further details at the next meeting of the Oversight Committee. The date has not been set.

The probe of the Cemetery Department was begun last year after the resignation of Supt. Anthony M. Famigletti following reports that he buried relatives in Mt. Wollaston Cemetery without paying for the lots.

Famigletti has since made restitution of \$754.

LaRaia said he made his disclosures Monday night because he was "tired of accusations that the Oversight Committee was meaningless or useless and a waste of the taxpayers money."

Court Briefs Due Today

Sheets May Know By Feb. 1 If He's In Or Out

James A. Sheets may know for sure by Feb. 1 whether or not he is to be the City Councillor from Ward 4.

Sheets, elected but unsworn, asked Suffolk Superior Court Friday to rule on suggestions that he would be in conflict of interest if he accepted two salaries from the city.

Sheets receives \$16,000 as head of the government department at Quincy Junior College and would receive \$3,000 as city councillor. He has offered to serve on the council without pay.

Suffolk Superior Court, which received the case from crowded Norfolk Superior Court's calendar, ordered that briefs be submitted by today [Thursday]. A decision is possible in a week.

Sheets' eligibility to serve was questioned by Atty. Frank W. Cormack of North Quincy, who says he represents 10 unidentified taxpayers. But he has taken no legal action to prevent Sheets from taking his seat.

Sheets declined to take the oath of office Jan. 7 lest it jeopardize his salary from the college. He has been participating in Council meetings but not voting.

Meanwhile, a group of Sheets supporters, many of them his students, have revived the Youth for Jim Sheets Committee to raise money to help defray the costs for pursuing his seat

through the courts.

Ron Kaufman, who was Sheets' campaign manager, said Tuesday about \$200 has been raised through contributions to Box 859 at the Quincy Post Office.

The Youth for Jim Sheets Committee held a news conference Friday in their old campaign headquarters in the cellar of the Sheets home at 926 Furnace Brook Parkway to "reaffirm our beliefs in Jim's integrity".

Sheets, they said in a statement, "has been given a mandate by the people of Ward 4 to represent them as their councillor and it is his wish, as well as ours, to be allowed to fulfill this mandate.

"From our headquarters here to the streets — through many weeks of intensive campaigning — we have gained valuable experience and renewed faith in the electoral system.

"We feel that this present challenge has not dampened our enthusiasms or ideals, nor have they been in vain; but rather, we now feel that we have been tempered with constructive realism.

"We are not bitter, but admittedly, we are disappointed ..."

The group announced that they will hold a family-style dinner Feb. 24 as one function in their fund-raising plans. They said they will also distribute bumper stickers.

AMITY AIDES from Europe and Latin America hold their first meeting with Ellis J. Swartz, supervisor of the program and Coordinator of Foreign Languages for Quincy Public Schools. Left to right, seated, Esther Oettli of Switzerland, Ruth Nohl of Switzerland, Hilda Jimenez of Mexico, Swartz, Fresia de Vidaurre of Bolivia, Hector Aprile of Uruguay, Jean-Pierre Genet of France; standing, Marie-Pascale Gru of France, Pierre-Alaine De Chalus of France, Maria D'Arcangelo and Margaret Crowley, co-chairmen of the program; and Mrs. Inez Silverstein, chairman of the host families.

City Hall To Be Open 2 Nights A Month

If you can't get to City Hall during regular daytime hours to conduct business, you will now have a chance two evenings a month, starting Feb. 4.

Mayor Walter J. Hannon announced plans this week to open City Hall evenings the first and third Mondays of each month, from 6 p.m. to 9 p.m. Municipal offices open those

evenings will be the City Clerk's, Treasurer's, Tax Collector's and Assessors'.

Hours of these offices currently are from 8:30 a.m. to 4:30 p.m. daily from Monday to Friday.

The evening hours on the first and third Mondays will coincide with the City Council meetings which are regularly scheduled then.

"Many residents work during the day and don't have a chance to get to City Hall before its 4:30 p.m. closing," Mayor Hannon said. "These additional hours will give them an opportunity to seek information, pay bills, and conduct any business which they ordinarily might not be able to do during the day."

Sterling Meeting Tonight

The re-scheduled meeting of parents interested in organizing a Sterling Junior High Parents' Advisory Council will be held

tonight [Thursday] at 7:30 p.m. in the Sterling Junior High Media Center.

Dogs: Pets Or Pests?

A five-year old girl has been savagely attacked by a dog at one of the Germantown public housing facilities. She may be disfigured for life.

Photos were taken of the young victim. Those who view them quickly turn their heads.

The Quincy Housing Authority would like to ban pets in the city's public housing. Dr. Alfred Mahoney, city health commissioner, is on record as opposing pets in public housing as a potential health hazard.

The Harborview Residents Association which represents tenants at the Riverview and Snug Harbor housing projects are against such a ban.

They contend that all the dog owners in the housing projects should not be penalized because of the attack on the little girl.

The state Department of Community Affairs in the past has told the QHA that it cannot unilaterally ban pets from the projects. The DCA says such a step has to be negotiated with the tenants as a lease clause.

We are not against dogs. They make nice, loveable pets for many people who take care of them, feed them, keep them from annoying neighbors, etc.

But dogs can get to be a nuisance if the owner doesn't care where the dog goes or what the dog does. Anyone who has tried to sleep at night with one howling at the moon from under his window will agree with that. So will the neighbor who has to clean up souvenirs left on his lawn, etc.

The Snug Harbor and Riverview projects house 580 families. It is a high density population.

Until the DCA told the QHA it could not ban dogs without negotiation, the latter had the pet situation pretty well under control.

Now there is no restriction. And there are more dogs. And there will be more dogs.

And, we fear, there could be more incidents like this recent attack.

One immediate reaction to all of this might be: people who live close together in public housing and at public subsidized low rents should yield a privilege or two. Like not having pets.

Maybe that would be too harsh a measure. But it would solve the problem.

But we have a question:

What about our dog-leash law? Quincy, like many other communities has one. But it is not enforced very strongly.

We think that if the tenants insist on having pets, then they [and other residents] should abide by the law. If their dog goes wandering off, he should be scooped up and the owner prosecuted.

As we say, dogs can be great pets. But they can also be great pests. They should be kept under control—especially in housing facilities where there are many people living together in a relatively small area.

We have to agree with Rev. Peter Corea, QHA member who pretty well summed it all up: "All the dogs in Germantown aren't worth this child's life."

Except we might amend that to read, "all the dogs in Quincy aren't worth this child's life."

The Mysterious 10

The question of whether or not James Sheets would be in conflict if he serves as a City Councillor while employed as a professor at Quincy Junior College is an interesting one.

He might be in conflict. Then again, he might not. The court has been asked to make a ruling.

But as it turns out, it is Mr. Sheets himself and not the reported, 10 taxpayers raising the question who has gone into court to seek that opinion.

A Quincy attorney, Frank W. Cormack, says he represents the 10 taxpayers who at this writing are still the big mystery in Quincy.

Their allegation that Mr. Sheets would be in conflict if he serves simultaneously as a city councillor and a professor at the city operated Quincy Junior College is a valid point for debate. They could be right. They could be wrong.

But why are the 10 still cloaked in anonymity? The fact that they have not been identified now has some people, even wondering if they really do exist.

In raising a legal question, they have nothing to be ashamed of. They have the right to raise that question.

But when they decline to reveal themselves, it has some wondering if the move is not just politically motivated.

Why, for example, wasn't this question raised when Mr. Sheets announced his candidacy some months ago. Why wasn't it raised when he won a nomination? Why was it delayed until just before he was to take his oath?

At that time City Solicitor Richard McCormick was informed that the 10 taxpayers were raising the conflict question. And there were indications that a taxpayers suit would be filed and an injunction sought to prevent Sheets from taking his oath.

Instead, Mr. Sheets himself declined to take the oath.

At this writing, as far as the 10 phantom taxpayers are concerned, they have actually only threatened a suit. They haven't gone through with it.

But because of that threat, Mr. Sheets has not taken his oath, cannot vote on matters pertaining to his constituents, and now at legal expense, has taken the matter into court himself.

"I believe for the good of the entire city, the matter should be clarified," he says. We agree.

But we also believe in fair play, too. We think Mr. Sheets and the entire city have a right to know who the 10 are.

Isn't it about time they stood up to be counted?

Attorney General's Wife Campaigns

[Cont'd from Page 1].

some Italian areas, ringing doorbells. That was my first campaign, running up and down stairs ringing doorbells and speaking Italian."

The Quinn's have four children, Andrea, 13, Michael, 12, Elena, "almost 10", and the baby, 2, and the feeling is strong that if she wasn't married to a rising young pol she'd like nothing better than to be home with them.

"I do my best by helping him," she said. "That's what

marriage is all about."

Is she happy taking second place to her husband?

"It's not second place," she said, bristling prettily. "I don't think Bob puts me in second place. But I don't see any point in my having a career. We'd be arguing all the time which job is most important."

"I think his job is most important and I'll do all I can to help him."

So much for women's lib. Mrs. Quinn did admit, though, that she once

entertained ambitions of being a ballerina. "But I grew too tall," she said.

What kind of a first lady of the Commonwealth would she like to be?

"I haven't thought of that yet," she said. "One step at a time, please. I don't like to presume until we're in."

In what?

The lady smiled sweetly. "I'm not at liberty to say that my husband is running for governor," she said.

Marshall Will Announce For Sheriff

Rep. Clifford H. Marshall [D-Quincy] will officially announce his candidacy for the office of Sheriff of Norfolk County at a public reception to be held Sunday afternoon, at The Lantana, Randolph.

"I am fully cognizant of the tremendous challenge that must be met in the coming years in the area of law enforcement and I feel that with diligence, perseverance and the help of a concerned citizenry, I can and will meet that challenge," Marshall said.

Marshall is presently assistant majority leader and is serving his third term in the Massachusetts General Court, currently a member of the Vital Rules and Counties Committees. He is a member of the special commission to study human development and conditions in the Massachusetts Correctional System, the National Legislative Conference on law enforcement and criminal justice, the Eastern Regional Committee on law enforcement and criminal justice, the Special Commission

on state aid to cities and towns for the prevention of juvenile delinquency, and has served on the commission to re-organize the department of youth services.

He is the author of several legislative acts involving the Massachusetts Correctional system, more specifically, providing for scholarships for children of correctional personnel killed in the performance of their duty, the provision of pensions for widows and children of correctional personnel killed in the line of duty. He was also the sponsor of legislation making it a crime and providing punishment for escaping while on furlough from the Massachusetts Correctional system.

During the recent re-organization of the Youth Service Board, Marshall sponsored two amendments providing for mandatory in-service training programs in the Department of Youth Services and the creation of a Bureau of Educational Services

which establishes an avenue of rehabilitation and education for youthful offenders. He has been a guest lecturer at Suffolk University on delinquency and corrections.

Marshall has served as a Quincy city councillor since 1966 and is also the elected Democratic State Committeeman from Quincy, Braintree and Holbrook.

Marshall, a veteran, served four years in the Marine Corps on active duty with the National Security Agency. He is active in civic, charitable and fraternal organizations including: The Norfolk County Sheriff's Association, Elks, Sons of Italy, Knights of Columbus, Massachusetts Legislators Association, and is a member of the Board of Directors of the Massachusetts Heart Association. He has been recognized by Who's Who in American Government in 1973.

He is married to the former Louise M. Caporale of Quincy and is the father of four sons. The family lives at 64 Edison St., Quincy.

Hannon To Discuss Quincy Growth At N.H.

Mayor Walter J. Hannon will be the main speaker at the annual dinner of the Downtown Manchester Association Wednesday, Jan. 30, in Manchester, N.H.

The Mayor has been invited by the association, a group of Manchester retailers, to speak of Quincy's growth and

development, particularly as it pertains to the downtown business district.

Mayor Hannon will include in his presentation a slide show on Quincy's history and development as it directly relates to the economic growth of the downtown area.

"Manchester shares with Quincy similar problems in their attempts to revitalize the downtown business district," Hannon said. "We welcome this opportunity to meet with the Association to show them how Quincy has progressed and exchange ideas on the future plans of both cities."

County Regional Waste Study Review Tonight

A meeting of the Norfolk County Regional Solid Waste Disposal Study Committee will be held tonight [Thursday] at 7:30 p.m. in the Superior Court Building, 650 High St., Dedham.

Officials of all towns and interested citizens are invited to attend.

Commissioner George B.

McDonald, of Quincy, organizer of the group, said the recently completed report from their consulting engineers will be reviewed by the committee preparatory to presenting the plan to the municipalities.

The committee has been meeting regularly since its inception nearly four years ago

when Norfolk led the way in seeking solutions to this pressing problem on a regional basis.

McDonald said, "We must have alternatives for our municipalities before another crisis is upon us."

For most towns, he added, the time is not far off.

Patrick Rinella Receives Commendation

Navy Electrician's Mate Third Class Patrick Rinella, son of Mr. and Mrs. Anthony P. Rinella of 99 Taffrail Rd., Germantown, was commended as a

Robert Quinn's Wife A Real Campaign Charmer

Mrs. Robert Quinn, wife of the attorney general, stopped by the Quincy Sun office last week for a visit and chat.

She's off unofficially campaigning for her husband who is an unofficial candidate for governor. But everybody knows he's running, and will soon make it official.

He's got quite a campaign asset in the little woman. Only she's not so little. She's a statuesque beauty. [5-10]

"I wanted to be a ballerina," she smiled. "But I got too tall."

She's a charmer. Real down to earth.

Reminds you of a tall version of Jackie Kennedy only friendlier and easier to talk with. She's got female charisma-plus.

If Bob Quinn is smart [he is] he'll keep her on the campaign trail from now until election day. She's good for a few thousand votes all by herself.

WITH WOMEN'S LIB on the march maybe someday we might even see a female major league baseball manager. [O.K. men, stop laughing].

There are people who know as much-if not more-about baseball than some men. Including, it would seem, some major league baseball executives.

Take Bernice Murphy of Everett St., Wollaston, for example. Back in 1956 she wrote a letter to an old friend of ours, former sports columnist Pres Hobson. The subject was the hitting ability [rather lack of it] of pitchers. She wrote, in part:

"I realize that a team can replace a weak hitting fielder but a good pitcher must be retained, no matter what his batting weakness. Therefore, my simple question is why does not baseball allow a pinch-hitter for any pitcher at the discretion of the team manager?"

"It would make the game much more interesting, protect the pitcher and give the bench a chance. I have often wondered in games with a high total of strikeouts, how many of them are the opposing pitcher? With a pitcher like Herb Score, in his 16 or 18 per game, the four of the opposing pitcher must be of great help in the total!"

Miss Murphy also sent a letter to Commissioner Ford Frick in which she further noted:

"I think the game would be more interesting and fairer to all concerned if a weak hitting pitcher was allowed to rest on the bench instead of making him the laughing stock of the public and the killing off of a rally."

Frick didn't even bother to reply to her.

Seventeen years later [1973] the American League adopted her idea with the Designated Hitter.

Incidentally, in a note to John McCue, assistant treasurer of the Hancock Bank and a long-time friend of her's, Miss Murphy said she sent a copy of the letter to Ken Coleman, "Voice of the Red Sox." Coleman in turn showed it to Orlando Cepeda, DH Supreme who commented: "I hope she gets the credit she deserves."

HAT IN RING: Barry T. Hannon of Braintree, Norfolk County Register of Deeds, today officially announces his candidacy for Attorney General. Announcement scheduled for 10 a.m. in the Hawthorne Room of the Parker House Boston. [We reported several weeks ago that he already had bumper stickers in circulation].

SUNDAY: Is the day Rep.-City Councillor Clifford Marshall is scheduled to officially announce his candidacy for Norfolk County sheriff at The Lantana, Randolph. But at this writing, Marshall is a patient at Quincy City Hospital. He hopes to be out to keep his big date.

MILESTONE: Rep. Thomas Brownell proudly passing out the stogies. Wife, Marge, presented him with a 10-pound son, David Thomas, Sunday at St. Margaret's Hospital. Their second child, first son. They have a daughter, Karen, 2.

SMILE DEPT: From the Quincy Rotary Club newsletter: via Editor Donald Smith:

On a recent visit to Quincy Hospital, I noticed Harlan Paine [hospital director] sitting in the waiting room for expectant fathers. "Is your wife here?" I asked. "Not this time," he grinned sheepishly. "I just came in for the cigars."

"I've decided to skip today."

You Can Check MBTA Service By Phone

The MBTA announces a new public information phone will provide up-to-date information about service conditions.

By dialing 722-5050 Monday through Friday, excluding holidays, between 7 a.m. and 5:30 p.m., the public can receive a recorded message telling how service is operating on all MBTA lines - streetcar, bus, trackless trolley, and rapid transit.

Should there be a delay in service, information about the incident, alternate transit routes and, when possible, an estimate of the length of the delay will be put on the public information phone.

"When the New England weather deals us a blow such as she struck last week, the public information phone becomes vitally important in keeping our riders informed of how we are faring," said Board Chairman John T. Doolittle, Jr.

Eleanor Mansfield President Baptist Home Auxiliary

Mrs. Eleanor J. Mansfield of Hawthorn Rd, Milton, formerly of Quincy, was elected President of the Woman's Auxiliary to the Baptist Home of Massachusetts, at the 83rd annual all-day program held at the Home in Newton.

Representatives of nearly 300 Baptist churches attended the event. The Home is one of the oldest and largest of its kind in the state, and has just dedicated a new 74-unit Retirement and Residence Center in Kingston, Mass.

Mrs. Mansfield has been a member of the Baptist Home Auxiliary for 30 years, and a member of the Corporate Board and Trustee of the Home. She is also formerly President of the Woman's Baptist Social Union of Boston.

Active at Tremont Temple Baptist Church in downtown Boston for many years, she has twice served as President of the Women's Missionary Union, is a long-time member of the church choir and has served on many committees. Her husband, Murray N. Mansfield is also a long-time member and has

ELEANOR MANSFIELD

served as deacon for nearly thirty years. Their son, Dean, is a member of the church executive committee and choir.

Born in Medford, Mrs. Mansfield is a graduate of Colby Junior College, New London, N.H., class of 1933, where she received an associate in music degree; and Boston University School of Fine & Applied Arts, in 1935, where she was awarded a Bachelor of Music degree. She is a graduate of Quincy High School.

Over 300 At Reception For Rev., Mrs. Bertil Hult

Some 335 people, including pastors from several South Shore churches, attended a reception Sunday for Pastor and Mrs. Bertil E. Hult, who have retired after 20 years service to Salem Lutheran Church.

Gifts, including a color portable TV set, were presented by Robert Blake, vice president of the church, and flowers were given to Mrs. Hult by Mrs. Sadie Thoren. Harold Hillstrom was toastmaster.

Pastor Hult, a native of Sweden, came to the United States at the age of 1½ and settled with his family in Jamestown, N.Y.

He attended the Lutheran Bible Institute in Minneapolis, where he met his future wife, the former Stella Finnesgard.

He was graduated from Gustavus Adolphus College in Minnesota and Augustana Theological Seminary in Illinois.

After serving a parish in

Minot, N.D., for three years, he came to Salem Lutheran in 1954.

In Quincy, Pastor Hult has served as chairman of the American Missions Committee of the Eastern Massachusetts district of the New England Synod and director of the Lords Day League.

For several years he was secretary of the New England Regional Committee of the National Lutheran Council and chairman of the Chaplaincy Committee of the South Shore Council of Churches.

Pastor and Mrs. Hult, who have six children and three grandchildren, also were foster parents to 13 children, including Manuel Salgado of Ecuador, the first American Field Service exchange student at Quincy High School.

The Hults will make their retirement home in Wollaston.

Little cutie staggers boys

By DOROTHY ST. JOHN JACKSON
Certified Master
Graphonomist
Copley News Service

Dear Dorothy:

I'm 19 and am very depressed most of the time. I go out with different boys about six nights a week. They all seem interested in one thing... sex! Is it me and my personality, or is it just the American boy?

P. A.

Dear P. A.:

Sex, that private standard by which we love and live, now screams out at us from every movie screen, every billboard, every T.V. commercial. Are we confusing the original product with a cut-rate substitute?

You, my dear, make no mistakes in your efforts to "stagger" the boys! Your appearance is always "in," your attire is simple, attractive... and "NOW!"

Then, your naivete is something else! You're a little cutie, adjusting to whatever and whoever comes your way, as long as it brings you a little attention. Your world is today! You let bygones be gone, and tomorrow can take care of itself, seen in the lack of extension in the upper and lower loops. Rather than lose out,

you "give in," seen in the very rounded tops on s's.

If you feel that you are so limited in assets that you have to rely on your sex appeal for superficial popularity, you'll have to expect that as you attract, so do you "sub" tract! If sex is your way to go, expect to be dropped, quickly and without warning, when the next "neat" gal comes along.

If you yield just because someone wants you to, you'll continue to attract "that kind" of boy. And you'll continue to rationalize, as you do now, seen in the left loop on o and g, and draw your own conclusion that ALL boys are interested in girls only for physical satisfaction.

Seek some stable help right now in establishing some sturdy guides for loving and living.

When you lack a sense of right and wrong, your depression is only a hint of the many heartaches and tragedies that are bound to bind you.

D. J.

BEDROOM DOORS VS FIRE

A closed door between you and a raging fire could provide enough protection to save your life. It takes fire 10 to 15 minutes to burn through a wooden door. Many of the 10,000 people who die each year in home fires are not actually burned to death, but are overcome by superheated air, smoke and toxic gases. So don't automatically fling open your bedroom door. This may be a fatal impulse.

If you are awakened by fire and the bedroom door is closed, test it before opening. If the panels are hot or smoke is leaking in around the edges - keep it closed and use the window exit. If the door is open and more than a little smoke is present in the room, close it immediately. Get

down low - there's usually a layer of relatively smoke-free air about 18 inches off the floor.

Always sleep with the bedroom or hall door closed. It can keep fire out long enough to allow escape or rescue through the window.

COOKING CORNER

Bake vegetables to conserve fuel

By SUSAN DELIGHT
Copley News Service

Vegetables, traditionally, are prepared by range-top cookery. But most vegetables can be cooked just as successfully in the oven. To conserve fuel the vegetables can be cooked along with the entree for a complete oven meal. These baked vegetables can lend variety to dining during the winter months, when lack of variety often leads to vegetable doldrums.

Celery is a vegetable traditionally served raw. But celery is an excellent hot vegetable and one which will be popular when served in a dish such as Baked Florida Celery Wedges. Another vegetable dish which will turn vegetable skippers into partakers is No-Mess Oven Fried Eggplant which is cooked in a baking bag.

BAKED CELERY WEDGES

- 1 stalk Florida celery
- 2 tablespoons butter or margarine
- 1/2 cup minced onion
- 1/2 cup sliced mushrooms
- 2 tablespoons flour
- 1 can (12 oz.) cocktail vegetable juice
- 3/4 teaspoon salt
- 1/2 teaspoon oregano leaves, crumbled
- 1/4 teaspoon ground black pepper

Trim stem end from celery stalk, keeping base intact. Cut top so that stalk is 6-inches long. Chop enough tops to make 1/2 cup chopped celery; reserve. (Use remaining tops for soups, stews, etc.) Cut trimmed celery stalk into fourths or sixths, lengthwise; place in a buttered 12 x 8 x 2-inch baking dish. In a small saucepan melt butter. Add onion, mushrooms and reserved chopped celery; saute 5 minutes. Stir in flour. Gradually blend in vegetable

OVEN-DONE -- Baked Celery Wedges supported by mushrooms and baked to succulent doneness in a well-flavored sauce will make vegetable skippers turn into partakers.

juice, salt, oregano and black pepper; bring to boiling point. Cook and stir 2 minutes or until sauce is thickened. Pour over celery wedges. Cover and bake in a preheated moderate oven (350 F.) for 40 minutes or until celery is crisp-tender. (This recipe may be doubled.) Garnish with celery leaves, if desired. Yield: 4 to 6 portions.

NO-MESS OVEN FRIED EGGPLANT

- 2 eggplants, about 1 pound each
- Flour
- Seasoned dry bread crumbs
- 1 egg
- 1 tablespoon oil
- 1 teaspoon salt
- 1/4 teaspoon pepper
- 3 tomatoes
- 6 ounces mozzarella cheese

Use enough oven-bake wrap to line a baking sheet and enclose the contents, plus a 3-inch overlap. Cut eggplant

into diagonal slices. Dip into flour, in egg beaten with oil and salt and pepper, and finally into seasoned bread crumbs. Lay on lined pan. Overlap the film edges of the wrap and double-fold the fold edges to seal. Pierce the top of the wrap six times with a meat fork. Bake 15 minutes in a preheated 400 degree F. oven. Open wrap, fold back and crimp the foil. Top each slice with a slice of tomato and a sprinkling of shredded cheese. Return to the oven to bake about 5 minutes longer, until the cheese melts. Makes 6 servings.

Wrap for freezing in fresh wrap; use same wrap to line pan for reheating eggplant in a preheated 400 degree F. oven, about 15 minutes.

Oven-fried eggplant is a delicious side dish even without tomato and cheese, a perfect vegetable accompaniment for lamb, chicken, any meat meal.

ONCE OVER LIGHTLY Name tabs should be inside information

By ANN RUDY
Copley News Service

If you think in these days of "anything goes" fashion, with yo-yo hemlines and rhinestones on used denim, that big name designers feel threatened by womens' emerging independence and freedom, you might be right.

Otherwise, why do the Big Ones like Gucci, Pucci and Pierre Cardin put their monograms or names not inside at the neckline, where one might expect to find such identification, but on the outside of garments and handbags? For as much as a woman has to pay for a Gucci bag, she is entitled to her monogram on it, not his. Unless, of course, Gucci holds the first mortgage.

I know if I had to fork out \$200 for a purse I'd have to put it through escrow. And I don't want to believe the women I see with Pierre Cardin's name on a tab, stitched to the outside seam of their pants,

are doing it so people will know they paid six times what they should have. It isn't ladylike. It's like having your bank balance tattooed on the back of your hand.

Yes, I think the boys are nervous and looking for a little publicity. But unless your name happens to be Emilio, and I know few women in that fix, it does get to be a bore having him sign every Pucci print he rolls off his presses.

Even Norman Norell, whose designs I greatly admire, named his perfume after himself. When I pay \$23 a half ounce for a scent, I do not want to smell like Norman. For that price I'd like Hummingbird breath or, at the very least, California Poppies.

I can only hope that the Gucci's, the Pucci's and their like will relax soon and stop writing their names on fashion's walls. That kind of ego graffiti is fast becoming very old chapeau.

I AM AN APPLE

I am a apple hanging on a tree. One day a boy six years old was climbing up my tree and got tired and hungry. He went to pick another apple. When he picked it a worm was in it. He looked at me. I was shiny and red. No worms were in me so he picked me. When he was ready to bite me, his mother called. He dropped me I broke. Then I went to apple heaven to get another red robe. The End.

THE FIELD TRIP

On our field trip we went to Rocky Mountains. We had to climb up some rocks to the top and Mr. Crowley told us about the lava flow. He told us to look for a lava rock. It was a dark green color and it was interesting. Then we went to West Quincy and tried to look for the granite. We went on the granite railroad and it was disgraceful to see it all messed up because that is suppose to be a nice place to visit in a field trip for classes. I think you should do something about it because I think it would be a nice place to visit if you clean it up.

I think you should fix it up. I think if you cleaned it up you will find many different kinds of rocks.

In 24th Year

Quincy Jaycees Set Energetic Goals For 1974

By STEVE FERRARA

The Quincy Jaycees, in their 24th year have set energetic goals for 1974.

Some of the goals outlined by Domenic J. Silvestro, president of the Quincy Chapter, work with retarded children within the Quincy school system.

* Aiding the School Committee in expanding community schools [adult education programs, senior citizen and youth social organizations].

• Aiding in any way the betterment of Quincy.

Expanding social activity to include people all over Quincy who are busy with careers but who need "people their own age to make them feel comfortable in our city."

Those are pretty high goals. Can the Jaycees live up to the high standards they have set for themselves? Their past performance says "Yes".

Last April the Jaycees put on their annual kiddie show at the Wollaston Theatre, with magicians, singers and a clown.

In June they ran a "Special Olympics" for the retarded at Quincy Veterans Memorial Stadium. The kids competed in running, races, the javelin throw and other track events.

At Quincy Center's Sidewalk Bazaar last July they participated in "Project Identification" with the Quincy Police.

"We engraved over 700 bicycles with social security numbers and registered them with the police, and it's still going on. You can borrow an engraver through the police department to put identifying numbers on any valuables in your home."

In November they put on "Oldies but Goodies" Greaser dance at the Fore River Club House that was open to the public. The dance drew around

220 and the proceeds were used the following week to send retarded youngsters on a hay ride in Andover.

Last month the Jaycees sponsored and ran a Christmas party for retarded kids in conjunction with the Quincy Recreation Department at North Quincy High School.

The Quincy Jaycees serve a city of 90,000, where 18 percent of the population is of Jaycee age. But membership is low. Why don't more people join an organization that seems to offer so much in the way of self-satisfaction and advancement?

Silvestro explained, "Whether you realize it or not, Quincy is a commuter town, it is very transient. Young men come in for 12 to 18 months and leave for another job. They live here because they don't want to live in Boston, but they don't want to live in Quincy either. They

come and they go."

Those who stay, tackle projects to help their community.

What are the Jaycees?

Everybody has heard of the Jaycees—it is a national organization. But what do they do?

Open to anyone from age 18 to 35—women were allowed to join as associate members only last year—the Jaycees is a "thorough Dele Carnegie course," says Silvestro. "It is a community service organization as well as a self-betterment program."

The basic tenet of the Jaycees is "Young men can change the world."

Silvestro explained, "You can do your own thing in the Jaycees. When you join the Jaycees you gain contacts with men your own age and in your own field who can help you. You are doing your community a service as well as helping yourself."

On Tuesday night over 300 members attended the District Three meeting at Knights of Columbus Hall in Weymouth, Gov. Francis W. Sargent commended the Jaycees for their work in serving the people of their community.

For information on joining the Quincy Jaycees call Dom Silvestro at 471-9175.

Jaycee Creed

We believe . . .

- * That faith in God gives meaning and purpose to human life.
- * That brotherhood of man transcends the sovereignty of nations.
- * That economic justice can best be won by free men through free enterprise.
- * That government should be of laws rather than of men.
- * That earth's great treasure lies in human personality.
- * And that service to humanity is the best work of life.

Hannon, Burke, McIntyre, Kennedy Among Former Jaycees

Mayor Walter J. Hannon was a member.

So was Dist. Atty. George G. Burke and Photographer George Blackwell.

And Executive Secretary Joseph P. Shea, Atty. Richard W. Barry, Robert M. Rosenberg of Dunkin Donuts, Maurice [Mike] Grossman of L. Grossman's Sons, former Mayor James R. McIntyre and former President John F. Kennedy.

And City Development Coordinator John J. Cheney, William J. Griffin of Hancock Bank, Philip Lawrence of Colonial Federal Savings and Loan Association, Charles G. Petersen of South Shore

National Bank and Nelson Rockefeller.

The organization that once claimed such a wide spectrum of Americans is the Junior Chamber of Commerce - the Jaycees.

Founded in 1920, the Jaycees now boast a membership of more than 325,000 across the nation, 5,000 of them in chapters in 126 Massachusetts cities and towns.

The Jaycees, with a membership drawn from all races and creeds and walks of life, are active in agriculture, education, government, health, safety, youth and international affairs.

QUINCY JAYCEES' Distinguished Service Award presented annually in recognition of outstanding public service is admired by Richard J. Koch (right), last year's recipient and Raymond Cattaneo of the Park Department. Koch is executive secretary of the Quincy Park-Recreation Board and founder of the Koch Club.

William Flavin In Concert Sunday At First Parish Church

The Music Committee of United First Parish Church, Quincy Sq., will sponsor a concert by William T. Flavin Sunday afternoon, at 4 p.m. at the church. The public is invited.

Mr. Flavin has been soloist at the church for the past 13 years and at present is also soloist at the New North Church in Hingham and at the Community Church in Boston.

He has sung leading roles with several opera companies in the United States and Canada including the New York City Opera Company, Richmond Opera, Boston Opera Company and the British Opera Company, Canada.

Mr. Flavin has sung extensively in concert, radio and television programs. However, this will be his first full recital in Quincy. His favorite roles

include Carlo in I Pagliacci and Lieutenant Pinkerton in Madame Butterfly. Recent appearances have included two performances of Saint Nicolas by Britten in Montreal and Phillips Exeter Academy and the role of Curley in the East Coast premiere of the new opera "Of Mice and Men" by Carlisle Floyd, presented by the New England Regional Opera Company.

Miss Sue Kruger of Hingham will join Mr. Flavin for a duet from Tosca and will present solos. Miss Kruger has had a fine career as a soprano soloist in the New England area.

The concert is free and all are cordially invited for an hour of outstanding French, Italian and German song literature. There will be a short reception in the Parish Hall of the church following the concert.

8 From Quincy Nominated As West Point, Annapolis Alternates

Eight Quincy youths have been nominated by Congressman James A. Burke as alternates to fill two openings each at the U.S. Military Academy at West Point and the U.S. Naval Academy at Annapolis.

They are:
West Point - Charles E. Donovan Jr., 120 Elliot Ave., North Quincy; Robert J. Kerwin, 80 Henry St., Quincy; Stephen E. Maloney, 311 Safford St., Montclair and Christopher Ryan, 84 Fenelon St., Wollaston.

Annapolis - Gary Flanagan, 219 Belmont St., Quincy; Douglas A. Lane, 24 Ellington

Rd, Wollaston; Stephen E. Nolan, 65 Monroe Rd, Quincy; Michael P. Rand, 49 Edison Park, Quincy.

Alternate candidates form a pool of young men from which appointees may be chosen if the principal candidates decline the nomination or cannot pass the entrance tests.

In addition, Charles E. Pearson, 54 Ames St., and Charles L. Shea, 201 Manet Ave., both Quincy, were selected by Burke to compete for eight openings available to Massachusetts at the Merchant Marine Academy at King's Point, N.Y.

Early High School Dismissals Feb. 1, 8

All students at Quincy High School and Quincy Vocational-Technical School will be released at 12:30 Friday, Feb. 1, to permit the afternoon to be used for a special workshop for teachers in these schools. The workshop will be held in the Quincy Method Center of Quincy High School from 1 to 3 p.m.

All students in North Quincy High School and Quincy Junior College will be dismissed at 12:30 p.m. Friday, Feb. 8, to

permit the afternoon to be used for a special workshop for teachers of those two schools. The workshop will be held in the Teal Building, North Quincy High School, from 1 to 3 p.m.

Front, left to right, Ed Miller, Allan Dalton, Coach Leo Papile, Mike Greenlaw and Mike Dunn. Back row, Bob McNamara, Rich Sprague, Paul Guliksen, John Hassan, Peter Schmid and Ron Bradley. Miller, Papile, Greenlaw, Sprague, Guliksen and Bradley are all former North Quincy High stars. Missing from photo is Moe Schoepher.

O'Brien Club Seeks 14th Straight Friday

The undefeated O'Brien Club basketball team of Quincy, Friday night will seek its 14th straight win, 13th in the Cranberry League, when it goes to Fall River to face the Bristol County Cavaliers.

Sunday at 7:30 p.m. the O'Brien's will host the Haynes Club Bruins of Boston, another of the state's better teams, in a non-league game at North Quincy High. Admission is free.

Last Sunday the Quincy team rolled over the Weymouth Alphas, 101-77, as Alan Dalton scored 21 points, Eddie Miller 20, Pete Schmidt 16 and Bob McNamara 13. Quincy led all the way and was never in serious danger.

Last week the O'Brien Club had what Coach Leo Papile called "the best game of the year" as it toppled the Plymouth

A.A., 121-100, at Plymouth. Miller had a big night with 32 points, followed by Schmidt with 27 and Ron Bradley with 18.

The O'Brien Club will sponsor a tournament starting March 2 at Quincy YMCA with 16 of the top teams in New England participating. Papile announced he has received permission to hold the event at the Y and is now sending out invitations.

Green, Gold Teams In St. Joseph's Wins

In St. Joseph's Hockey League action last week at the Shea Rink, the Green team won its first game, edging the Blues, 4-3.

In the other game the Reds suffered only their second loss of the year, being nipped by the Gold team, 4-3.

Great goal tending by the Green team's Jim McCarthy held off a late Blue surge to preserve the team's first win. Scoring for the Greens were Dave McQuade with two goals, Frank Clarke and Jim Connors. Mark Walker scored twice and Paul Veneziano once for the Blues.

The second game matched the first and second place teams and brought the Gold team to within two points of the Reds.

Gold scorers were Dean Gambino with two goals, Dan McCormick and Mike Grogan.

John Ford had two goals and Joe Coombs one for the Red team.

● Girls Basketball

Quincy Now 3-6, North 4-4

By TOM SULLIVAN

Last year the Quincy High girls' basketball team won the Greater Boston League championship with an 11-1 record and North Quincy finished second with a 9-3 mark.

This year Quincy won't equal that record and North may have its hands full trying to equal its mark in the rivals' final GBL season. Like all other Quincy and North teams, the girls move into the Suburban League next season.

Going into Tuesday's games the First Ladies had a 3-6 record while the Raiderettes were 4-4.

"This year we have a good-sized team with much potential and only time and more experience will show how we will do," said Quincy Coach Gale Palmer. "We lost five starters last year by graduation, thus depleting our roster. However, the First Ladies don't give up. They know they have to work harder to make up for their youth and inexperience."

Diane Congdon wears the number of her sister Debbie, one of those who graduated. Only a sophomore, Diane has a big number to live up to. She is currently playing junior varsity ball.

Sophomore Cindy Tozzi wears the number vacated by Betsy Witt and she shows signs of having Betsy's aggressiveness and know-how.

The others who graduated, leaving gaping holes, were Kathy Ilaquea, Jean Macchi and Debbie Spillane.

"Donna Brickley and Kathy

Bennett contributed as much as anyone to last year's championship team," Miss Palmer added. "They are the leaders this year and will be called upon all season for their poise, skill and experience."

The only other player with varsity experience is Susan Higgins. She, Misses Brickley and Bennett and Marilyn Silverstein are the only seniors. They are joined by juniors Terry Tucker and Andrea Leiblein, up from last year's Sparks, and sophomores Kelly Jayvees, Kathy Keating and Miss Tozzi.

Quincy is 2-3 in the GBL and 3-6 overall. Before their 29-26 loss to North Quincy, the First Ladies had defeated Chelsea and Revere in the league and Brockton in a non-league game, while losing to Medford in the league and to Weymouth North and Weymouth South outside the league. Since the North game they lost to Brockton outside the league and to Malden in the league.

"It looks like a scramble for this year's championship," the Quincy coach said. "Malden and Revere have new coaches and I think North Quincy will make a run for it, despite the loss of Leslie Runge, one of last year's standouts. Malden and Medford look strong."

"We may play the role of spoiler but, as ladies are always unpredictable, don't count the First Ladies Out."

North Quincy Coach Barbara Webster has four girls with varsity experience but one, Debbie Matson, 5-10 center,

missed the last two games with Malden and Quincy. The Raiderettes' coach has four sophomores and their inexperience has been noticeable.

Sparking the Raiderettes is Denise Beresznewicz, high scoring veteran, while Lynne Tabor has given her good scoring support. Cathy Conroy and Miss Matson are the others with varsity experience.

Rounding out the varsity squad are Cheryl Walsh and sophomores Lainie Shea, Nancy Willard, Terry Conroy and Sherry Beavens.

Following the big win over Quincy, the Raiderettes romped over Revere, 70-40, with Miss Bresznewicz scoring 26 points. Before those games they had defeated Everett in the league and Arlington outside the league and lost close contests to Malden in the league and to Weymouth South and Waltham in outside games. Since then they lost to undefeated Weymouth North in a non-leaguer. They are 3-1 in the league and 4-4 overall.

The rival junior varsity squads, made up mainly of sophomores with a few juniors, are gaining valuable experience and should send up some good players to the varsity next year.

The Quincy Jayvee squad includes Lorri DeCoste, Paula King, Maureen Duggan, Betsy Engleman, Valerie King, Patty Kelly, Diane Congdon, Rose Maloney, Mary Deery, Delores Connors, Sue Ryan, Anne Baccari and Terry Greenleaf.

The North junior varsity players are Nancy Laing, Jean McCarthy, Susan Johnson, Mary Ann Dunn, Diane Dunn, Joslyn Riley, Saralee Cobban, Julie Adams, Helen Thompson, Doris Aiken, Ann Dolan and Holly Spanks.

The remaining 14 entries will start next Sunday at 1 p.m. with the winners meeting yesterday's winners Feb. 3.

Sacred Heart Defeats St. Thomas More, 7-2

The Sacred Heart, North Quincy hockey team defeated St. Thomas More, 7-2, Monday night at Shea Rink.

Mike Johnson, Jim Cuniff and Scott Williams each had two

goals and Billy Bent the other for Sacred Heart. Cuniff, Bent, Mark Fitzgerald, Bobby Bent and Steve Fontaine had assists.

Joe Gill was in goal for Sacred Heart which now has a 2-2 record.

The day John Havlicek played a game... and made all the calls.

doing. Here, in John's words, is what happened.

"As I was dialing the number, I thought this was a pretty bold idea for Dial. After all, they didn't know what I might ask.

"Well, almost as fast as the phone rang, it was answered. I told the guy I was interested in a \$4,000 loan and I wanted to know how long I could take to pay it back. He told me, I asked him how quickly I could get the cash. He told me, I asked what the total amount I would have to pay back on the loan would be. He told me, then I threw in a 'loaded' question. I had heard that finance company interest rates are high, so I came right out and asked him about Dial rates. What I found out was that you can probably borrow for less some places. I like a bank maybe. But Dial charges a lot less than I thought they would.

"I was amazed. I mean, he didn't even ask for my name. And there wasn't any sales pitch. He just helped me—with no strings attached."

The kind of service and consideration John Havlicek received isn't reserved just for basketball stars. It's reserved for everybody, and has been since 1897. So next time you're thinking of borrowing, think of Dial Finance. You see, we don't want you to like us just for our money.

Visit Dial's Randolph office at 322 N. Main Street, Fernandes Shopping Center, phone 963-0400 or the Brockton office at 726 Crescent Street, Brockton East Shopping Plaza, phone 583-3420. Other Dial offices: 3 downtown, Billerica, Lynn, Malden, Walpole.

Donahue Injury Hurts Quincy; Raiders Set For Somerville

A coach's nightmare—an injury to a key player—has become a reality for Quincy's first year basketball coach, Joe Amoroso, who faces the prospect of going the rest of the season without his standout center, 6-4 Fred Donahue.

Donahue suffered a recurrence of a football injury, diagnosed as a shoulder separation, in the first minute of play in last week's 49-45 loss to Malden at Boston Garden.

Amoroso hopes the return of 6-5 Tom Perry, out most of the season, will help make up for Donahue's loss. Quincy, now tied with three other teams for the Greater Boston League lead with a 5-2 record [7-3 overall], played at Medford Tuesday, hosts Revere Friday night and Chelsea next Tuesday.

Meanwhile, Bob Nolan's North Quincy team, with a 4-3 league record and 5-4 overall mark, played Everett Tuesday, goes to Somerville Friday and to Malden next Tuesday.

"Losing a boy like Donahue is a terrific loss," Amoroso said. "Losing him so early in the Malden game caused a noticeable letdown. The people on the bench just weren't ready to fill in for him. That just wasn't anybody to get us Fred's 12 to 15 rebounds, 10 points and box out the way he does."

"But I'm confident the boys will bounce back,

"Our defense has been outstanding all year but we just have to improve on our shooting. The ball isn't dropping in for us. If our offense picks up, we will stay up in the league standings."

Quincy was only 19 for 63 from the floor, a poor 28 percent, against Malden.

Quincy led, 28-24, at halftime in the preliminary to the Celtics game, but fell behind, 34-33, in the third period.

Mike Cullen with 10 points was the only President in double figures. Bill Dacey scored nine and Tom McKinnon eight.

North Quincy rebounded from a heartbreaking loss and raced past Chelsea, 70-32, with the Raiders' press killing the Red Devils. North had a huge 39-15 halftime edge and Nolan was able to get everyone into the game. Twelve of North's 13 players scored.

Walt Melton and Steve Orlando scored 11 points apiece and John Flynn had 10.

North's awesome defense forced 19 Chelsea turnovers in the first half.

Earlier in the week Quincy regained sole possession of first place by topping Everett, 57-49. Everett had been tied with the Presidents for the top spot.

Quincy started out with some hot shooting and its strong defense again came to the fore to contain Everett.

The Presidents led, 11-6, after a period and 31-17 at halftime. Everett's big period was the third when it cut the gap to 40-32 but Quincy was never in serious danger.

Don Connors had his biggest night for Quincy with 21 points, four assists and two steals. Billy Joyce 10 points and Cullen nine, while Donahue dominated the boards.

North Quincy lost a 66-64 overtime heartbreaker to Medford when it blew two layons in the extra session that would have spelled victory.

"It was a seesaw game," Nolan said. "We were down by eight points going into the final period and tied it on a Jed Phelan shot with 1:14 left. We had the ball with 30 seconds left but missed the last shot."

"In overtime we missed two layups and that was that. It was nice, though, to see the boys come back and tie it but we had a bad shooting night with only 25 for 67 from the floor and missed many easy layups."

Junior Tim Clifford, who has been one of North's most pleasant surprises this year, had another big night with 25 points and 16 rebounds. Phelan had 15 points and eight rebounds.

North's junior varsity, under second year coach Eddie Miller, continued to roll, 52-40, to hike its record to 7-1, as Warren Jordan had 12 points, Jay Nelson 11 and Jack Browne 10.

● Junior High Spotlight

Central Upsets A-N Sterling Takes 2

In last week's Quincy Junior High basketball League games Central upset Atlantic-North in two of their three games.

The A-N ninth grade team won, 38-21, with John White scoring nine points, Bill McIntyre seven and Jim McGinley six. Dan Cuddy scored 11 and Jimmy Smith six for Central. Keith Lindbergh was in early foul trouble for A-N and Eddie McElaney filled in capably.

Central's eighth graders won, 27-24, after trailing throughout the first half. Steve Germain's 10 points sparked Central and John Timmons scored five, Wink Phelan and Bob Evans four each. Bobby Doyle had seven points and Mike McCormack six for A-N. Both teams were undefeated before the game.

Central's seventh grade team also won, 19-11, hopping off to a 10-2 lead in the first period. Robby Nolan and Mark Roberts had eight points each.

Sterling won two of three games from Point. The Sterling ninth graders won, 31-22, led by Mark Buchanan's 10 points. Eddie Delley also had 10 for Point.

The Sterling eighth grade won, 30-18, with John Sylvan scoring eight for Sterling and Ken Ames and Don Perdios six each for Point.

In the seventh grade game

Point won, 15-12. Robby Gorgan scored eight for Point and Bud Marcel nine for Sterling.

Earlier in the week Broad Meadows was the winner in two of the three games against Point. The BM ninth grade team won, 25-18, as Jack Uhlir had eight points, Lyle Morrison six and Dave Shields five for BM, while Daley and Mike Lamie scored seven apiece for Point.

In the eighth grade game BM also won, 15-10, with Billy Norton scoring six and Kevin Connors four for the winners, while Ames had eight for Point.

Point again salvaged the seventh grade game, 16-11. Ray Coscia scored six, John Breen five and Gorgan four for Point. Mark Forrester had six and Bill Burt three for BM.

Atlantic-North swept all three games from Sterling. The ninth graders breezed, 44-16, after leading by only two points, 14-12, at the half. John White and Lindbergh each scored 10 points and McGinley eight. Brian Sciarini had eight and Buchanan seven for Sterling.

A-N's eighth graders won, 25-20, led by Joe Deane's 10 points. Mike Larkin had eight and McCormack five. Sylva had 11 for Sterling.

A-N seventh grade won, 18-8, led by Dave King's seven points and Larry Baker's three.

Desmond Takes Termites First Half Championship

Three teams, O'Toole, Desmond and Kelly, tied for first place in the first half of the Koch Club Termites Bowling League.

Maureen O'Toole's team and Nancy Desmond's team rolled off to break one tie with Desmond winning easily. In a tight match Nancy Desmond's team edged Kathy Kelly's team by two points for the first half crown.

Members of Nancy's team are Joan Lawlor, Betty Ann Drobia and Paula Boyne. Also taking part in the roll-offs were Kathy Kelly, Mary Fahey, Deirdre Simmons, Loretta Garrigan, Puzinas, Linda Mahoney and Susanne Yovino.

The final first half standings: Kelly, 74-22; Desmond, 74-22;

O'Toole, 74-22; Monahan, 66-30; Fronduto, 56-40; Hughes, 52-44; Boyle, 51-45; Boyne, 51-45; Quinn, 51-45; Falchetta, 49-47; Butts, 48-48; Morris, 47-49; Ryan, 45-51; Flynn, 45-51; Rooney, 34-62; Sherlock, 32-64; McAuley, 31-65; Anderson, 30-66; Welch, 25-71, and Mullaney, 25-71.

Maureen O'Toole has high average of 89.0, followed by Jane Monahan, 85.5; Patty Boyle, 84.2; Nancy Desmond, 81.2; Lori Ryan, 79.0; Theresa Fronduto, 78.4; Theresa Morris, 78.2; Mary Mullaney, 77.9; Lori Boyne, 77.6; and Kathy Kelly, 77.6.

Kelly has high team triple of 921, Morris high team single of 328, Patty Boyle high individual three of 300 and also high individual single of 121.

Quincy Eyes Tourney Berth; North Respectable Season

While Quincy's hockey team continues to battle for a state tourney berth, North Quincy tries to improve on its record and finish with a respectable season.

Quincy, with a 6-3-2 record, can lose only two more games or be eliminated from the tourney. North, with two impressive performances in a row, has only a 3-6-2 mark but hopes to improve on it over the final third

of the season.

Last night [Wednesday] Bob Sulvia's Quincy skaters met Everett. Friday they play Chelsea at 6:30 at Boston Arena and Tuesday will face Somerville, also at 6:30.

North Friday will play Everett and Tuesday will meet Revere in the same 6:30 bracket as Quincy.

Ron Erikson's Raiders, following a 3-3 tie with Quincy, nipped Chelsea, 2-1, Monday

night when Mike McLean scored twice. Sophomore goalie Dave O'Hanley turned in his third straight superlative performance.

McLean's first goal, tying the game, just beat the first period buzzer when he converted Glen Hanley's pass. His second came with an assist from Paul O'Donnell at 1:46 of the second period. McLean hit the post with his head following the winning shot but was unhurt.

Howe, Eric Bergstrom and Carl Bergstrom. Assists went to Frank Kelly, Carl Bergstrom, Brian Buckley, Kevin Kelly and Paul Schmitt. Mike McColgan starred in the New York goal.

The Flames defeated the Flyers, 5-1, with Jack O'Leary scoring twice and Gom Nazzaro, Joe Carr and John Gravina once each. Assists were turned in by Nazzaro, Carr, Walter Marshall and Gravina. Steve Clinton scored for the Flyers with an

assist for Chuck Winters.

The St. Ann's Pee Wee all-stars played to a 2-2 tie with Winthrop as Frank LaPierre and Steve Olson scored the St. Ann's goals and Clark and Rich LaPierre assisted.

The Bantam all-stars also played to a tie with the Blue Hill Hockey Club at Weymouth's MDC rink. Eric Bergstrom, Ricky Carroll and Winters scored for St. Ann's and Jim Doherty, Joe Condon and Frank LaPierre assisted.

● St. Ann's Hockey

Detroit, Flames, Bruins In Wins

In St. Ann's Hockey League Pee Wee action at Shea Rink, Detroit defeated New York, 4-1.

Steve Hogan, Mike Abboud, Mike Bridgeman and Frank Hogan scored for Detroit with Andy Gillis, Dan Rowley, Kevin O'Hanley and Abboud assisting. Paul Maloney scored for New York with an assist for Bob Sullivan.

The Flames topped the Northstars, 5-1, with Chris Clark exploding for four goals. The win was scored by Joe Crifo and assists went to Crifo and Clark. John McCadden scored for Northstars unassisted.

The Bruins rolled over the Flyers, 5-1, with Mark Milline having three goals. Greg Therrien and Greg Kelly also scored with assists going to Kelly, Gary Stokes, Andy McDonald and Ken Johnston. Scoring for the Flyers was Paul O'Sullivan with assists by Jim Meehan and Craig DiBona.

In Bantam games Detroit blanked Northstars, 2-0, on goals by Bill Shine and Ken Olson. Mike Therrien and Len Blaney assisted. Brian Donovan was outstanding in the Detroit goal.

New York walloped the Bruins, 6-0, as Kevin O'Connell scored three goals and added an assist. Also scoring were Paul

Quincy Girls Lose, Tie

The Quincy Youth Hockey girls' teams played two games last week, losing to Pembroke, 5-3, and tying Kingston, 2-2.

In the Pembroke game Mary Ellen Riordan scored twice and Peggy Rugg once with assists by Leona Bosader, Beth Coleman and Jean Rathgeb.

Against Kingston the girls were scored by Mary Wiedemann and Ellen Marr with assists by

Sharon O'Leary, two; Doreen Hayes, Mary Ellen Riordan and Terry Flynn.

Pongratz Brothers Open New S. Quincy Appliance House

The Pongratz brothers are old-fashioned when it comes to business. They believe in good products and good service.

The services they offer bring back fond memories of shopping at the neighborhood variety store, going to the corner barber shop.

The brothers — Eddy, Chris, Bobby and Andy — offer courteous and skilled service in their new Pongratz Brothers Appliance House at 63 Franklin St., South Quincy.

They offer immediate delivery on brand name appliances, fast and affordable credit, and trade-ins on your old appliance. And any of the four brothers can lend you his experience in choosing the best appliance for your needs.

In 1968 the brothers owned a household appliances store at 672 Hancock St., Wollaston. A fire drove them out of their store and then went into commercial laundry equipment sales, which eventually led them into the dry cleaning business.

Their Norge Laundries and Cleaning Villages caught on in Brockton, North Andover, Springfield, Framingham, Vineland, N.J., and Wheaton and Rockville, Md.

Two weeks ago they opened their new appliance store at the corner of Franklin and Water Sts. There they will help you with their knowledge and

Bette Davis forgives Warner with a kiss

By NANCY ANDERSON
Copley News Service

HOLLYWOOD — The taping of the ABC television special marking the 50th anniversary of Warner Brothers reunited Bette Davis and Jack Warner, who kissed when they met at the TV studio but who were often less cordial during their days together on the Warners lot.

In fact, as a Warner star, Miss Davis made headlines by walking out on Warner and his studio.

This, however, was at least a partial mistake.

During a break in the taping the other night Bette told about her error in judgment.

"Just before I flounced off to England," she said, "Jack called me into his office and asked me not to go. He was really very nice about it."

"He told me that he'd optioned a great, new book to be a picture for me. He said I'd love it and the role it would give me."

"The name of the book, he said, was 'Gone With The Wind.'"

"Yeah, I said, 'I'll bet it's a pip.'"

"And I walked out."

"But, Jack," Miss Davis concluded, "you did try. You tried hard to give me 'Gone With The Wind,' and I thank you for it."

George Segal, Bette's co-host for the taping, recalled that his very first movie was a Warner product, "Act One."

"Later," George said, "my contract for 'Virginia Woolf' stipulated that the studio turn over to me every existing print of 'Act One!'"

"Oh, that wasn't such a bad picture," Warner consoled. "Though it wasn't such a good

one either."

It's estimated that the father of the bride, Berry

Gordy, Jr., spent almost a quarter of a million dollars on the wedding when his pretty daughter Hazel married Jermaine Jackson of the Jackson Five.

But he could probably well afford it, since it's also estimated that his salary as chairman of the board of Motown Records is 10 times that of the president of General Motors.

Gordy started Motown only 13 years ago with a capital of \$700.

Claims Boston Hogs Benefits, Quincy Gets Problems

Lydon Criticizes U-Mass For Snub On Student Impact Problem Here

By TOM HENSHAW

City Councillor John J. Lydon Jr. has been appointed Quincy's liaison officer to the new University of Massachusetts Boston branch in Columbia Point, Dorchester.

Mayor Walter J. Hannon, who made the appointment Monday, the day U-Mass-Boston opened to students, described Lydon as the man who "had done the most to derive some benefit for the residents of Quincy from the new university."

But Lydon was the first to admit that few if any benefits have been derived. Said Lydon:

"The City of Quincy has taken the first steps toward developing cordial relations with its new University neighbor but after a year's effort on the part of the city, the university has yet to respond in any fashion."

Lydon began negotiating with the university early in 1973, when it was first felt that due to the proximity of the school and its transportation links, its presence might have an impact on Quincy similar to that on Boston.

"Kevin White, mayor of the city of Boston," said Lydon, "has forced the university to provide special privileges and benefits for the city of Boston, which detrimentally affect the surrounding cities and towns."

"The university has aided the city of Boston in its endeavors to lessen student impact. They presently maintain an apartment rental listing service for the university students."

"They refuse to provide students with access to property listings for the South Boston, Dorchester and Mattapan areas but they are quite willing to

provide the students with Quincy listings."

Lydon said that about two weeks ago he placed a four-point plan before university officials and asked their cooperation. The points were these:

- That the university actively seek recruitment of students from Quincy, even to the point of providing a "13th year" program for those who might be academically deficient.

- That the university spread its spending throughout the metropolitan area, including a program to train small businessmen in methods of bidding on university contracts.

- That various departments of the university consider doing field work, not only in the city of Boston but also in Quincy.

- That the university work closely with the city of Quincy on projects of grant development.

The proposals, said Lydon, are not unlike those the university is already providing for the city of Boston. But, he said, he has had no favorable reply.

Marshall Asks 'Hoarding' Check On Closed Stations

City Councillor Clifford H. Marshall has asked the Fire Department to check abandoned or closed gasoline stations in Quincy as possible hoarding places or safety violations.

Marshall noted that the state fire marshal's office has found at least a dozen such stations in the state that have been in violation.

"We don't want these violations occurring in Quincy," he said. "If any abandoned stations in Quincy are being used for hoarding while residents are paying high prices for gasoline and oil, we should crack down on it immediately."

"Even if there is no hoarding, there is a possibility remnants of gasoline in storage tanks could present a serious public safety hazard."

He made his request for a check of the stations in a letter to Fire Chief Edward Barry. In it he said:

"Although I have every confidence that the Fire Department is conducting thorough and periodic investigations of any and all closed or abandoned gasoline stations within the confines of the City of Quincy, I would like your office to forward to the

Wants Another Dog

5-Year Old Tammy Stuart Bravely Faces 4th Operation

By PAUL FELDMAN

A pretty five-year-old Snug Harbor girl, Tammy Stuart, faces several rounds of skin graft surgery and a two year wait for plastic surgery as a result of a disfiguring dog attack almost two weeks ago.

Tammy has already undergone three operations and is being prepared for a fourth round of surgery to repair her upper lip.

"She's acting bravely," says her father, William Stuart of 31 Binnacle Lane. "She has more guts than the rest of us combined."

Tammy even wants another dog. But her father doesn't know. He's afraid there will be more dog

TAMMY STUART

attacks in Germantown.

Doctors have told her parents Tammy will be at

Quincy City Hospital for at least a month and must wait two years before plastic surgery can be performed.

The fourth operation will graft skin to replace her upper left lip, torn away in the dog attack Jan. 19.

While parts of the lip were sewn back properly, her upper left lip must be replaced with skin from her lower lip.

Meanwhile, her father warns, "Let's face it, it's going to happen again."

According to Stuart, packs of eight to 10 dogs are still roaming the area.

"It was bad this time -- next time it could be a complete disaster," the father

Father Out Of Work

16-Year Old 'Micky' Rucker Under Surgery To Save Sight

Most people take their eyesight for granted.

They open their eyes -- they see -- and that's that.

But when you read a story like this, you realize that sometimes you should stop and think about how fortunate you are for having the everyday things like eyesight.

On Tuesday, Michele [Micky] Rucker, 16, daughter of Mr. and Mrs. Olin Rucker of 369 Granite St., was operated on for a detached retina of her right eye. Unless the treatment is successful, she may lose all vision in her right eye.

Three years ago, Michele, without warning, lost the vision in her left eye.

MICHELE RUCKER

"We don't know how it happened" says her mother, Doris, sadly, "It seems like it

happened all at once."

Her mother says Micky is "kind of depressed. She doesn't talk unless you talk to her."

Micky had gone to the hospital last Thursday for her twice-yearly checkup on her right eye, when the doctor told her to stay for the operation.

"We were talking of getting her contact lenses when this happened," says Mrs. Rucker.

Mrs. Rucker, the mother of seven children, describes Micky as an extra-thoughtful person. "She was so good to me, so thoughtful. Frequently she'd bring home little gifts for me. And each Sunday she'd take the two

Dog Innoculation Drive Underway In Germantown

An agreement to help eliminate stray dogs and to inoculate unlicensed dogs in Germantown was worked out Tuesday between city officials and members of the Germantown community.

According to City Health Commissioner Dr. Alfred V. Mahoney, Germantown residents present at the meeting agreed to survey the area's dog owners to find the number of dogs not inoculated for rabies.

If Dr. Mahoney believes the

statistics are high enough, he will set up an inoculation clinic in Germantown to augment the annual city clinic at the John F. Kennedy Health Center in May.

At the same time, City Dog Officer Frank Berlucchi made an agreement with Mrs. Theresa Martin, a Germantown resident attending the meeting, to work together to control stray dogs in Germantown.

Since Jan. 12, Berlucchi has been to Germantown "practically every day" and has

picked up 33 stray dogs, only 13 of which have been voluntarily reclaimed by their owners.

Berlucchi says the "problem is now under control" and that "dog lovers in Germantown are cooperating."

Mrs. Martin successfully fought an eviction notice last July resulting from her refusal to give up her dog. Until July, dogs were banned from the Germantown projects by Quincy Housing Authority edict.

Dog Innoculation Drive In Germantown

[Cont'd from Page 1]

The inoculation problem has occurred, in large part, because until the ruling in July, most Germantown residents were afraid to license their dogs fearing eviction.

No licenses are issued by the City Clerk unless a rabies inoculation has been given to the pet.

Apparently, many Germantown dog owners who did not get city licenses did not bother to inoculate their dogs either.

Of the 33 dogs picked up by Berlucchi since Jan. 12, only 18 had inoculation tags.

Dr. Mahoney says the problem is not restricted to the Germantown area. "There's a bad situation throughout the

city, many dogs not being inoculated."

Mahoney warned of the danger to humans of rabies infestation from the bite of an uninoculated dog and said, "It is the responsibility of the individual owner" to take his dog to the annual city clinic or to a private veterinarian for inoculation.

City Dog Officer Berlucchi has estimated there are about 250 dogs in the Germantown projects area.

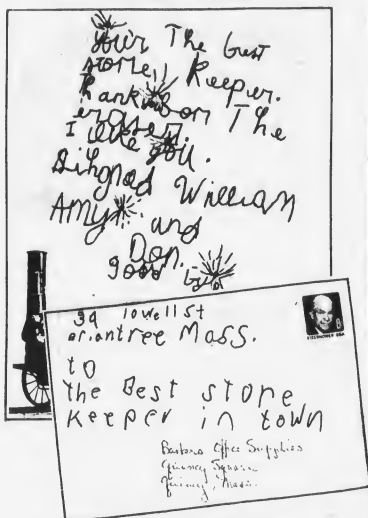

Among those that attended the morning meeting at the Mayor's office were Mayor Walter Hannon, Dog Officer Berlucchi, Police Chief Francis X. Finn, QHA Director Clement O'Brien, Health Commissioner Dr. Mahoney and Germantown residents.

However, City Dog Officer Frank Berlucchi says "The problem is now under control."

Berlucchi reports he has picked up 33 stray dogs since Jan. 12 in Germantown and says "People in Germantown are cooperating to solve this problem."

In the same two-week period, he has said he has picked up about 20 dogs in the rest of Quincy.

Doctors have waited for Tammy's blood pressure to stabilize before operating a fourth time, her father said.

Skin grafting is a drawn-out process and Tammy will have to undergo grafting surgery a few times in the next month, her parents said.

A "Tammy Stuart Fund" has been started and donations can be sent directly to the Quincy Savings Bank.

Stuart is a shipper-receiver at Kincaide's Furniture on

Hancock St. He and Mrs. Stuart, have four children.

Tammy is the oldest. She has a sister, Darlene, 3, and two brothers, Randy, 2, and William, 11 months.

Two dogs, one owned by the Stuarts, the other by a neighbor, have been disposed of as a result of the attack. Police have not determined which dog attacked Tammy but Mrs. Stuart quoted her daughter as saying the neighbor's dog attacked and the Stuart dog went to her aid.

Tammy's bravery can be best exemplified by her attitude towards dogs. "We thought she'd be petrified of dogs" says her father, "but she says she wants another one."

Her parents have told Tammy her dog is on a farm "But I think she knows the truth," her father says.

Until last July, dogs were banned from the Snug Harbor and Riverview projects by Quincy Housing Authority

edict.

Then Mrs. Theresa Martin, fighting an eviction notice for refusing to give up her dog, appealed to the State Department of Community Affairs which overruled the unilateral prohibition of pets.

City Dog Officer Frank Berlucchi, estimates there are 250 dogs in the projects. And in 1973, 41 dogs were impounded in the project and only 15 were reclaimed and licensed.

James St. Angelo, President of the Harborview Residents Association, calls the Dog Officer's estimate "ridiculous" and says responsible tenants should not be punished for the actions of one or two dogs.

The Harborview Residents Association and the Quincy Housing Authority are presently negotiating a new model lease and one of the stumbling blocks is the QHA's insistence on a "no dog" clause that would supersede the DCA's ruling.

Their father Olin, is also at home - out of work until at least February because of an injured back. He was moving a washing machine for the landlord in December when the machine fell on his back.

"We don't know when he can go back to work. We have to wait for the doctor's permission," says Mrs.

Rucker.

With Mr. Rucker out of work and Mrs. Rucker running the large household, the two are not sure how they will pay for the series of operations that could stabilize the sight in Mickey's right eye.

Micky is being treated by Dr. Harold Freeman, eye specialist at the Mass. Eye and Ear Infirmary in Boston.

An honor roll student at Sterling Junior High, she had hoped to enter Quincy High School in September.

'Energy Monitor' Checking Thermostats

Something new has been added to the Quincy city bureaucracy this week.

He's an "energy monitor", who is charged with seeing to it that the various city departments don't bootleg a few extra BTU's out of their office thermostats.

The holder of the job is Patrolman Matthew Pino, assigned temporarily from the Police Department.

"Some of the departments are doing a good job," said Purchasing Agent Richard Newcomb, "and some of them are doing a bad job. Pino is going to work on the ones that aren't doing a good job."

Pino began making his rounds Monday.

Meanwhile, Newcomb disclosed that some city departments are doing such a good job turning their thermostats down that the city's oil consumption for December declined 39 per cent from the previous year.

December, 1972 - 165,560 gallons.

December, 1973 - 100,609 gallons.

"We are a month through the heaviest heating months of the winter," he said, "and I'm hopeful that continued fuel conservation measures will see us through the winter."

New Safety Measures Proposed For Sea St.

A group of Ward I citizens has recommended new safety measures - including the posting of new speed limit signs - to alleviate dangerous traffic conditions on Sea St.

The group, led by Ward I Councilor Leo J. Kelly, also recommended:

- Painting cross-walks with diagonal lines to bring them to the attention of motorists.
- Illumination of cross-walks wherever possible.
- New discharge locations for MBTA school buses and better markings on the buses.

Recently, two young girls were struck by a motor vehicle at the intersection of Curlew Rd and Sea St., but "positive action in this regard has been long overdue" according to Kelly.

Schools, civic and church groups have been asked to warn area residents of traffic safety hazards and the Police Department has advised Kelly that traffic rules and regulations will be strictly enforced on Sea St. and other area streets, all of

which have a 30 mph speed limit.

The Cemetery Probe: Put Up Or Shut Up

The cemetery department investigation seemed to be running out of gas until Councillor Joseph J. LaRaia refueled it last week with a very serious allegation.

Mr. LaRaia, who has been the driving force behind the City Council Oversight Committee's probe of cemetery department irregularities—both fact and fiction—opened a new avenue.

He said he has discovered five cases where grave lots in the last four years were re-possessed by the cemetery department, transferred and resold to new owners.

He said he could find no evidence that the original owners had consented to the transfer and re-sale.

If this is so, then somebody resold the five lots illegally.

Felix Favorite, senior member of the cemetery Board of Managers has denied the allegation. He said his board has never given permission to reclaim grave lots without proper payment to and approval of the owner.

Things however can happen—and have—without knowledge of the board.

Mr. LaRaia has declined [at this writing] to identify the owners of the graves which he indicates were taken from them illegally.

He has told this newspaper he would do so at the appropriate time and place—a meeting of the Oversight Committee.

That should be done without delay.

Mr. LaRaia, we assume, will be prepared to disclose the names of the original owners, when the grave lots were sold, to whom, by whom and how.

Right now there must be a number of families in Quincy wondering if their lots have been sold without their consent. They deserve to know as soon as possible if that is so, or assured that their lots are still their property.

And other families with lots or loved one buried in Mount Wollaston Cemetery or Pine Hill Cemetery must have a few fears of their own as various rumors continue to be spread around the city.

Some of those spreading the stories insist they are fact. But if you ask them why don't they turn their information over to the Oversight Committee or to the police, they shrug: "Well, I can't prove it. But it's true. I know it for a fact."

Meanwhile, innocent members of the cemetery department are being made suspect. So are some city officials.

The public has a right to know what is fact and what is fiction. And they have the right to peace of mind.

So far, the investigation has not turned up much more than the two incidents that were already known by the mayor and the entire City Council and brought about the resignation last November of the cemetery superintendent; burying his father and step daughter-in-law in Mount Wollaston cemetery without paying for the two lots. He has since made restitution.

The investigation has been dragging on for some weeks now. We hope it is not going to turn out to be a second-rate Watergate.

Mr. LaRaia has made his allegation. Councillor John J. Quinn, chairman of the Oversight Committee should call the committee of a whole together immediately. Mr. LaRaia should be ready to document his allegation. And if he does, then proper action should be taken and prosecution begun.

However, if Mr. LaRaia cannot substantiate his allegation, then maybe it's about time to terminate the investigation unless someone steps forward to prove some of the stories still circulating around town.

We think it has got to that stage where you either put up or shut up.

- **Arabs To Ease Oil Prices?**
- **The Nixon Immunity Offer**
- **Foreign Power Slipping**

(Copyright, 1974, by United Feature Syndicate, Inc.)

WASHINGTON — The oil squeeze has caused world oil prices to skyrocket. The increase will add an estimated \$75 billion to the price that oil-consuming countries must pay for their economic lifeblood.

This is simply more than most nations can afford without inviting economic disaster.

World leaders have been communicating secretly over how to cope with the oil crisis. The United States has taken the lead in urging the oil consumers to join together in planning a common strategy.

Most nations have been reluctant to challenge the Arabs openly for fear of losing their oil supply. A few nations, such as Britain and France, have sought to make their own private deals with the Arab oil producers.

But secretly, many world leaders are saying that prices must be rolled back. Some are ready to use force, if necessary, to prevent an oil depression.

Apparently, the message is getting through to the Arab leaders. Intelligence reports claim the Arab leaders are prepared to ease prices.

Even the Russians, who originally encouraged the Arab price squeeze, are growing wary. Intelligence reports say Kremlin leaders now fear that prices could cause such severe economic dislocations that it could lead to a rise in fascism rather than Communism.

It is beginning to look as if world pressure may force the Arabs to reduce oil prices.

Behind Mills' Offer: House Ways and Means Chairman Wilbur Mills, probably the most powerful member of Congress, has offered to introduce legislation granting President Nixon immunity from prosecution if he will resign. Here's the story behind this extraordinary offer:

Mills is conducting the investigation into President Nixon's tax returns. This was requested by the President himself to determine whether he owes more taxes. The central controversy is over the \$576,000 tax deduction he claimed for giving his vice

presidential papers to the government.

Mills' investigators have now established that the deed, turning over the papers, was backdated to make it appear that they were donated before July 25, 1969. Thereafter, tax deductions were no longer allowed for historical papers.

The investigators have also uncovered that Ralph Newman, the appraiser, didn't even select which papers should be donated until November 1969 — four months after the deadline.

The use of a backdated deed to gain more than a half-million dollar tax deduction could indicate possible fraud and tax evasion. The Nixon tax returns, of course, were signed by the President and the First Lady who are legally responsible for the statements therein.

It's the possibility of tax fraud that prompted Wilbur Mills to seek immunity from prosecution for the President in return for his resignation.

Foreign Fears: Almost desperately, President Nixon is stressing his foreign policy skills as the trump card in his struggle to stay in office. He has told friends fiercely that no one else is as qualified as he is to play the delicate balance-of-power game with the two Communist superpowers. He has reminded them of his diplomatic achievements in Peking, Moscow and the Middle East.

The White House took pains to inform newsmen that the President sent Secretary of State Henry Kissinger daily guidance instructions during the sensitive negotiations in the Middle East.

But the secret diplomatic messages from around the world indicate that Nixon is hurting, not helping, American foreign policy. The dispatches from Europe, in particular, suggest that our European allies have lost confidence in Nixon and are worried about his ability to commit the United States. It is clear from the secret messages that the Western alliance is deteriorating.

In the Middle East, Kissinger encountered guarded but anxious inquiries about Nixon. The Israelis, who had counted

heavily upon Nixon's support, expressed special concern that he is losing his power.

Even in the Kremlin, according to the secret intelligence reports, there is an understanding that Nixon has been mortally weakened. The messages from Peking, typically, are more enigmatic. But increasingly, Kissinger appears as the man who is holding American foreign policy together.

Privately, State Department strategists are saying Kissinger could do this even better under a President Ford than President Nixon.

An Antitax Year: The Internal Revenue Service is afraid 1974 might be a bad year. Voluntary compliance is the bedrock of the tax system. Audits are run only on a random basis. Therefore, the government must depend upon the honesty of its citizens to collect taxes.

The IRS is afraid that the voluntary system has been eroded by the events of the past year. First, ex-Vice President Spiro Agnew was caught cheating on his taxes. Now President Nixon, himself, is in tax trouble.

But more than anything else, the high profits and low taxes of the oil companies are stirring up antitax feelings. Many Americans no longer feel they are taxed fairly. For every dollar that the oil companies escape paying in taxes must be made up by the rest of the taxpayers.

The energy crisis has also persuaded some people that they can get away with cheating on their taxes. For weeks now, the IRS has been receiving complaints about price gouging at the gas pumps. Yet only a few stations have been taken to court. The IRS simply doesn't have the manpower to run down all the complaints.

So Americans have seen many stations get away with charging outrageous prices. The aura of enforcement once surrounding the IRS has been damaged and our IRS sources say some people may be encouraged to fudge on their tax returns.

The revelations of 1973, in other words, might have serious consequences for the IRS in 1974.

Bellotti Reportedly Calling Key Campaign Men

By HENRY BOSWORTH

Word around town is that Quincy's Francis Bellotti has started to contact past campaign key men in an apparent move to ready a kickoff drive for attorney general.

A few months ago, Bellotti reportedly wasn't interested in returning to the political arena. Friends said he was too busy with his law practice, anyway.

But now that Atty. General Robert Quinn is a definite candidate for governor, that post is open and tempting.

And, the attorney general's office has been a springboard to the governor's suite. Deep down inside, Bellotti would still like to be governor someday.

The former lieutenant governor's entrance into the attorney general's office no doubt will come as a jolt to Norfolk County Register of Deeds Barry Hannon. The Braintree Democrat probably was among those thinking Bellotti would be sitting this one out.

Bellotti, of course, still hasn't said he definitely will be a candidate. But he's acting like one.

INCIDENTALLY, Bellotti's son, Peter, has turned out to be quite a basketball player. He's playing guard for the Northfield Mount Hermon varsity team in East Northfield, Mass.

WITH CLIFFORD MARSHALL'S hat now officially in the ring for Norfolk County Sheriff, there should be a few announcements popping in his state representative district.

Marshall, of course, has to relinquish his Beacon Hill seat to make his bid for the sheriff's badge long pinned to the lapel of Republican Charles Hedges.

Potential candidates in the Wards 2-3 district include: Former Councilor Theophilus McLelland, James Papile, Dean Nicastro, School Committeeman Harold Davis, Peter Gacicia and Atty. Tom Williams.

And, there could be one or two more of stage twirling their hats. The announcements should come early to line up supporters—financial and actual workers.

AN ESTIMATED 3,000 or more turned out for Sunday's reception at The Lantana, Randolph, where Marshall officially kicked off his campaign for sheriff. And if you're wondering where they might stand, Mayor Walter Hannon [Republican] and Sen.-Council President Arthur Tobin [Democrat] announced that they are solidly behind Marshall, a Democrat.

SPEAKING OF THE sheriff's race, sources close to incumbent Hedges say he is still showing signs of warming up to another run. A few months ago he had just about ruled himself out as a candidate for re-election.

If he finally decides not to make the bid, look for Deputy Sheriff John Brownell to join Marshall and County Commissioner George McDonald as contenders. Brownell is the father of state Rep. Thomas Brownell [D-Quincy].

BEAUTY AND BRAINS: Pretty Patricia Kelley, Miss Quincy Bay Race Week of 1973, is now secretary to William Trifone, director of the Quincy Neighborhood Youth program.

Pat, however, is also continuing her modeling career with the Carol Nashe Agency of Boston. One of her favorite assignments was a small part in a recent Banacek TV episodes. It wasn't a speaking part, but Pat didn't mind. She got to stroll down Boylston St. with star George Peppard. And with his arm around her. "It was super," she smiled.

WELCOME, JOE: Joseph McLaughlin, the Herald-American's "Tell It To Joe" columnist was honored back in November, 1962 at the Statler Hilton. Among Quincy guests were then Mayor Amelio Della Chiesa, late Police Chief William Ferrazzi and City Clerk John Gillis.

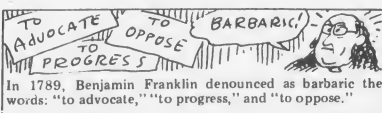

Della Chiesa presented him with an honorary Quincy citizen certificate. Now Joe is a full-fledged Quincy citizen. Has moved into a house on South St., Quincy Center.

Della Chiesa, of course, has since moved to Pembroke. Maybe Joe could let him have his honorary citizen certificate.

TYPO TERROR DEPT: From the New York News: The Rangers, losers the last two straight nights, came out for blood. They won, 5 pints to 2.

SMILE DEPT: Vin Contrino, the South Quincy tonsorial artist, tells about the youngster who was lifted into the chair and asked: "How do you want your hair cut, son?"

"Like Dad's," the boy replied. "With a hole in the top."

In 1789, Benjamin Franklin denounced as barbaric the words: "to advocate," "to progress," and "to oppose."

QUESTION What Is Impeachment Procedure?

"If the President is impeached, does he immediately leave office?" asked a government student. "No" answered the volunteer at the Voter Information Phone of the League of Women Voters of Massachusetts.

Impeachment is a formal accusation by majority vote in the House of Representatives that one or more "impeachable offenses" has been committed. It is a vote of accusation by the House, comparable to indictment by a grand jury.

This is followed by an impeachment trial by the Senate, comparable to a trial by jury in court. The Chief Justice of the Supreme Court presides at the impeachment trial. Conviction requires a two-third vote of the Senators present. The penalty for conviction is removal from office and disqualification from any future office.

In brief, the House impeaches [indicts], the Senate tries the case, the Chief Justice is the presiding "judge," and a two-third vote of the Senators present is required for conviction.

This question is one of the many now being received by the League of Women Voters Voter Information Phone. Individual's with any questions on government may call the VIP phone Monday through Friday between 10 a.m. and 2 p.m. The number in the Boston area is 357-5880.

Post Office Seeks Stamp Devotees

The Quincy Post Office is attempting to contact local stamp clubs, through their president or other club officials announces manager Thomas F. O'Neill.

The Post Office is also trying to locate and communicate with ardent philatelists, on an individual basis, as well.

Communications can be accomplished by contacting the Manager, Quincy BR, 02169, either by phone or by letter.

1972 Election Statistics Book Available Free

A 560-page book full of 1972 election statistics is now available free from the Elections Division, Room 235 State House, State Secretary John F. X. Davoren announces.

Compiled in the office of Secretary Davoren, chief election officer of the Commonwealth, it includes returns filed under the Corrupt Practices Act, statistics of all presidential primary and races for the Republican and Democratic state committee as well as tabulations on the various referendum.

Included are all county election results held in 1972 for such contests as Sheriff, County Commissioner, Register of Deeds. Of interest to many are the statistics showing how voters favored the mandatory retirement of judges at age 70, lowering the drinking age to 18 and the issue of prayers in schools.

Also available is a 600-page paper-back entitled, "Primaries, Caucuses and Elections with Legislation of 1972 included." It is also free and may be obtained in the election division.

Living, Today

By Dr. William F. Knox
Personal Counselor

'Our Neglected Wives'

"I just feel so alone ... Toni was saying. Jack says I am only making myself unhappy ... that I should be thankful for what I have ... but he doesn't seem to understand how I feel. He's just going all the time. I have so little time with him. I really feel neglected. Maybe he needs less affection than I do ... maybe there's something wrong with me ... but I'm just not happy." Toni broke into sobs ... "Please ... Dr. Knox ... help me."

This is not an unusual episode in our offices ... the sad, heart rending emotional suffering of affection-starved women. Whenever possible I like to talk with their husbands to help them to see the needs of their wives for more of their time ... and affection. Many men do not mean to be inconsiderate ... but to hear it from someone who has no axe to grind often helps the relationship to improve significantly. We need to realize that normal ... healthy women ... just as normal ... healthy men ... need relationship with the opposite sex which is supporting and rewarding. Yes ... you can live without it ... or get it from a cat ... or a parakeet ... but that is just making the best of a bad situation ... doesn't really meet those human needs.

COMPANIONSHIP is what marriage is all about. Not many girls get married just so they can cook for someone ... do some man's dirty laundry. Yet ... that's the life of too many wives. If they complain ... they're told, "You have a roof over your head ... food to eat ... and don't have to go out 'to work. What more can you want?" Her simple ... unqualified answer might be COMPANIONSHIP ... A PERSONAL ... WARM ... CARING ... relationship with a man with whom I can share my life."

Too many of us men have let other things in our lives lead to the neglect of our wives. Our

WORK ... as important as it is to ourselves and our families ... should not be allowed to spoil the marriage relationship. Our RECREATION ... whether golf ... cards ... out with the boys ... if overdone can be destructive to a warm companionship with the "woman I love".

THE OTHER WOMAN with whom a man has occasional affairs is also detrimental to a marriage ... The O'Neill's "Open Marriage" notwithstanding. Most men can't handle both the home and "outside" situations. Most women can't tolerate it either. What I'm saying is ... a warm companionable marriage is a precious thing ... and should get top priority in a person's emotional life and schedule.

The wife herself can do much to preserve the quality of the marriage. She must love herself enough to keep herself healthy ... feminine ... communicative. If a man can't respond to that in his wife ... doesn't enjoy such fineness ... he will do well to examine his own attitude toward women.

Each must restore and cultivate those qualities which led them to begin loving each other ... whether a few months ago or many years. There's still no substitute for genuine love ... affection ... sexual fulfillment to make a marriage work. These are not substitutes for cash ... oil ... beef steak. But people have been known to love each other frying eggs over a fireplace ... in a log cabin ... as the coyotes howled and the snow drifted outside. The thermostat in a loving man and woman still is more powerful to a marriage than what Simon says.

Cousins Born

Same Day But An Ocean Apart

George William Dufran and Lisa Marie Duncan are cousins, born the same day but an ocean apart.

George, son of Mr. and Mrs. George Duncan of Copeland St., Quincy, was born Jan. 19 at Quincy City Hospital.

Lisa, daughter of Sgt. and Mrs. David Duncan came into the world later the same day in an Air Force hospital in Bedford, England.

Sgt. Duncan is from North Quincy, stationed in England.

Mrs. William Ridder President St. Margaret's Auxiliary

Mrs. William Ridder of 30 Beach St., Wollaston, has been elected by unanimous vote, to the office of president of the Women's Auxiliary of St. Margaret's Hospital, Dorchester. Mrs. Ridder has the historical honor of being the first president elected to this newly formed group. In its 100 year history, this is the first Auxiliary ever to be formed at St. Margaret's Hospital.

The wife of Quincy surgeon, Dr. William P. Ridder, she is a member of the Quincy Doctors Wives Association, and the Womens Auxiliary to the Mass Medical Society.

Mrs. Ridder and her slate of officers were installed at the groups first membership tea held recently at the hospital.

Mrs. Ridder has many plans for the Auxiliary with the advent of the hospital's 100th anniversary this year and the adoption of a totally modern

Legal Secretaries Install 5 New Members

The Norfolk County Legal Secretaries Association installed five new members at its recent meeting, which was followed by a Mock Trial at Quincy District Courthouse.

Installed were Jeanne H. Brock of Needham, employed by Norwood Atty. John P. Connor Jr.; Cecile Noonan of Braintree, employed by Marshfield Atty. Thomas P. Kramer; Paul Venderber of Walpole, employed by Norwood Atty. Richard A. Griffin; Rita J. Webster of Randolph, employed by Marshfield Atty. Charles O. Monahan; and Ann E. Tyeryar, employed by Attorneys Flavin, McCormick and Corcoran of Quincy.

Participants in the Mock Trial held at the Quincy Courthouse after the meeting were: Dennis F. Ryan, Clerk of the Quincy

Court, who acted as "Judge" and gave the members pointers and information; Quincy Attorneys Paul A. M. Hunt and Richard W. Barry, who prosecuted and defended; and Court Officer Roger Whitcomb.

Involved parties and witnesses were portrayed by Association members Susan Sonenshein, PLS, president of the Norfolk County Chapter, Carol B. McGrath, Nancy Cedarstrom, past president of the Association. Quincy Atty. James A. Shannon portrayed a Quincy police lieutenant and Quincy Atty. Henry Kidder acted as an attending physician giving his medical testimony.

There will be a champagne auction following the Feb. 25 meeting. Anyone interested in joining the Association may contact Mrs. Jeanne Pittman at 769-2606.

ST. JOHN JACKSON

Copley News Service

Dear Dorothy:

My problem is me. I have a boy friend who doesn't want anyone but me. I like him but not to the extent that he likes me. I can't decide if I would be happier as a social worker or an elementary teacher or as his wife. He says we could do something for the world as a team, but I have my doubts. I think we could be happily married if we could iron this out. What do you think? I'm in college now.

C.C.

Dear C.C.:

When that heavenly flush of love consumes your whole being, you'll know it. When the tender trap is sprung, you'll not be comparing social work or teaching with marriage. That small loop on capital H will plague you as long as you will let it. It keeps you holding on to your boy friend simply because you don't want anyone else to have him. You love being wanted, seen in the up-swing word endings.

It is hard enough for you to

guide your life into the proper channel, seen in your weak t crossing, without giving your feelings the upper-hand, seen in your forward slant. The short d says you want what you want, and the rigid beginning upstrokes resist any outside infringement. These are the important factors in your present dilemma. They are not obvious in your outward behavior, though, because you have them hidden beneath a smooth coverup, seen in the tapering of your m's. You know exactly what to say and do, and this only keeps him wanting you... more and more.

You're not really in love. When you are, you'll know it. Best you stay in college and study social sciences. At least, it would be safer, at the present time — than mate-evaluation.

ONCE OVER LIGHTLY Stuck with 16 bricks — no cement

By ANN RUDY

Shirley Turner is an English housewife who had surgeons from Nottingham General Hospital cement her mouth shut so she'd lose weight.

I found this story heart-warming. It's nice to know there are still surgeons for whom there is no job too small. Because, Shirley, if you had tried to find a regular cement worker to shut your mouth for you, you might still be gaining weight.

Only last spring I was in need of a little cement work myself and I let my fingers do the walking through the yellow pages until I found an ad which sounded right for me. "Residential work," it read, "Fast. Dependable. Deliv-

eries 6 days a week. Any size load. Radio dispatched trucks."

I wanted 16 bricks laid around the edge of my patio, so I piled up the bricks before I dialed in case one of the radio dispatched trucks with any size load should come right over.

The man who answered the phone had a Wallace Beery voice, and when I told him what I wanted there was a long pause. Finally, he said, "Lady, we don't deliver nothing less than a yard of cement. That's 3,600 pounds and it'll run ya \$40."

I asked him what I should do, and he suggested I buy a sack of cement and mix it myself.

When I told him I was a sexist and cultivated the vapors in order to preserve what little leverage I had left, and that because of my value system I could not mix cement myself, he said call a neighbor.

Shirley Turner, I know what you must have gone through trying to get your mouth shut. You couldn't have needed more than a quarter cup of cement and a little deft trowel work.

But I'm glad your persistence paid off, and as soon as you get your mouth open I'd like the name of your doctor. My 16 bricks are still piled up in the patio, waiting.

Collecting odd names is hobby

names as his hobby.

Some of the more bizarre names in his list are two boys christened Cigar Stubbs and Mac Aroni, girls named Etta

Apple, Merry C. Christmas and Cherry Pye, but Williams considers the most unusual name that given to a boy called Five-Eighth Jameson.

FIRE QUIZ FOR CHILDREN

1 - True or false: If there is a fire in your house, you should not tell anyone, but, first - call the fire department. Ans.: False. Always get everyone out of the house first. Then notify the fire department.

2 - True or false: Smoke contains poisonous gases and can kill you if you breathe much of it. Ans.: True. The best way to avoid smoke is to keep as low as possible because smoke rises and works its way downward in a room.

3 - True or false: You should always sleep with your bedroom door closed. Ans.: True. A closed door is the best defense against spreading fire.

4 - True or false: If your clothes catch on fire, you should run for help. Ans.: False. Running is the worst thing you can do. Wrap yourself in a blanket or rug or roll on the floor or ground to smother the flames.

For The Week Of
February 3 to 9

By GINA
Copley News Service

ARIES: (March 21 to April 19 — Also Aries Ascendant) — Strike out in new directions socially. Put aside petty annoyances and listen to intuition regarding projects now on the "drawing board." Be on top of new techniques as changes come about at work.

TAURUS: (April 20 to May 20 — Also Taurus Ascendant) — A short, relaxing trip would be beneficial to your mental attitude. Begin new projects now — you have the support of friends and groups. Good time to redecorate your home. Be patient if projects "bog down."

GEMINI: (May 21 to June 20 — Also Gemini Ascendant) — Stay in the spot-light, "center stage, front." Present projects to those with influence. Stay open-minded to new ideas. A short trip could prove beneficial. Share yourself with brothers and sisters — family.

CANCER: (June 21 to July 22 — Also Cancer Ascendant) — You get another chance to improve public relations and marital affairs. Old friends may reenter the picture. Don't pretend to be someone you're not in romance — it could boomerang. Attend to correspondence.

LEO: (July 23 to August 22

— Also Leo Ascendant) — You are back "in the driver's seat" regarding work situations. Be realistic — don't buy your own fantasies! Curb ambition so that you don't aggressively push a project in the face of strong opposition. Create harmony.

VIRGO: (August 23 to Sept. 22 — Also Virgo Ascendant) — Keep close relationships running smoothly now. Curb suspicion and indiscreet conduct. Finances should improve allowing you to pay all debts. Stick to budget and longterm plans. A social affair may be disappointing.

LIBRA: (Sept. 23 to Oct. 22 — Also Libra Ascendant) — Take especial care with diet. Be sure all food is fresh and pure. Investigate possible need for vitamin supplements. Keep healthy mental attitudes. A friend in financial need should adopt more thrifty, careful habits.

SCORPIO: (Oct. 23 to Nov. 21 — Also Scorpio Ascendant) — Put the "finishing touches" on projects, being very careful with details. Resist tendency to be hypercritical — dwell on the positive aspects. Mend some "ragged" business relationships at a social affair.

SAGITTARIUS: (Nov. 22 to Dec. 21 — Also Sagittarius Ascendant) — An important friendship could develop now — don't "rush" it. Use your own good judgment about property held jointly. Now is

the time to lay important plans and foundations for future action in business.

CAPRICORN: (Dec. 22 to Jan. 19 — Also Capricorn Ascendant) — Better not push the issue with your boss or superior who is "set in his ways." Work on projects already in progress in a quiet, efficient way. Mate or partner may be edgy now — avoid temperamental outbursts.

AQUARIUS: (Jan. 20 to Feb. 18 — Also Aquarius Ascendant) — Probable financial gains. You get a "pay off" in gains and opportunities according to past efforts. Someone suggests a new area of activity which is worthy of consideration. Curb stubbornness — stay adaptable.

PISCES: (Feb. 19 to March 20 — Also Pisces Ascendant) — Property interests are highlighted — opportunities to buy or sell. You attract situations and people who are "lucky" for you. Later in the week resist schemes that are "too good to be true," because they are!

STRICTLY PERSONAL

Girlish Mom widens communication gap

By PAT and
MARILYN DAVIS
Copley News Service

Dear Pat and Marilyn:

How can I convince my mother to be a "mother" and stop trying to be one of the girls? I am 15 and Mom says she is afraid we'll lose contact.

The fact is that she is embarrassing me. Mom has decided to wear teenage styles and learn all the latest dances. When my friends drop by after school, Mom is right in there joining the conversation and all but popping her bubble gum. I want her to know my friends and I don't care how many times she comes in and out of the room, but I need a mother not another friend.

I want to get the message across without hurting my mother. I have an honest relationship with my parents and want to keep it that way.

Barb

Dear Barb:

Inasmuch as you have a good understanding with your mother, why not tell her exactly how you feel? You may discover that she will be only too happy to know that dressing and acting like a teen really isn't the way to relate to a young daughter.

In other words, don't let the communication gap widen — build the bridge now.

Dear Pat and Marilyn:

My girlfriend and I are almost the same height. That is, we were until these ridiculous platform shoes came into style. They not only make a woman's foot look deformed,

they make my girl inches taller than I am.

I've hinted that I prefer a normal shoe, but Carolyn has chosen to ignore my comments. What can I say now? Paul

Dear Paul:

Tell Carolyn to come down off her perch before you fly the coop! This type of shoe not only adds inches to a woman's height, it is downright dangerous.

Dear Pat and Marilyn:

You are forever saying "parents are people." Well, teenagers are people too. I am 17 and my mother has to know every move I make. If I receive an invitation to a party, it is always opened. If someone calls me on the telephone, she asks who it is. If she wants something which is in my purse, she rummages through it.

I have nothing to hide, but I do want a little privacy. How can I get this idea across to Mom? She feels she is doing nothing inconsiderate or wrong.

Needs Privacy

Dear Needs Privacy:

Tell your mother exactly what you have told me. Most of us require a certain amount of privacy. No doubt, your mother feels it is her responsibility to know what is going on. Keep communication lines open but stress the fact that there must be mutual trust. You have the right to open your own mail and receive your own phone calls. Your mother has the right to know your friends and where you go. It's a two-way street.

COIN BOX

'94 dollar brings \$110,000

By GARY L. PALMER

The dollar in general may be shrinking, but a specific one certainly is not.

Not in their wildest dreams could the men who struck the first U.S. dollar coins back in 1794 have guessed one of those pieces would bring \$110,000 less than 200 years later.

But that is what happened recently at a Los Angeles coin auction where Ralph Andrews outbid all others for the rare dollar.

It is the highest price ever paid for a U.S. coin, beating the \$100,000 price paid for a 1913 Liberty nickel just last year.

Why this particular dollar should fetch such a high price is somewhat of a mystery, but as is often the case, when a numismatist wants something badly enough, money is no object.

The coin purchased for \$110,000 in Los Angeles was minted 10 years before the most discussed coin in American numismatics — the 1804 silver dollar, of which only eight original specimens are

known and seven termed "re-strikes." One of these re-strikes went for \$80,000 last year at the same time the 1913 nickel was sold. The same firm was the buyer.

The 1794 dollar is known as the Flowing Hair Type and this particular design lasted only two years. It was the first year that was rare as only 1,758 were minted. Of that number only about 80 are known to exist today, so its "rare" classification is certainly deserved. Most of those 80 dollars still around are in badly worn condition and the one Andrews bought is reported to be in excellent condition. It may even be the very first U.S. dollar off the coining presses, but that might be hard to prove since the majority of the 1,758 original dollars are no longer in existence.

The same 1794 dollar was sold at a London auction in 1964 for \$10,000. Five years later it brought \$13,000 and a short four years more saw the price soar astronomically. Nearly \$100,000 more.

STAMPS

U.N. plans new issue

By LEA BLAUVELT

The United Nations Postal Administration has added a new stamp to its building series. Four recent releases sharing a common design depicted the new International Labor Office (ILO) headquarters building in Geneva, Switzerland.

The stamps were of 10 and 21-cent denomination for use at the U.N. headquarters in New York and of 60 and 80-Swiss centimes for use in Geneva.

The corner stone of the new ILO building was laid in May 1970, and it is scheduled for completion by mid-1974, providing office space for some 2,150 people.

The ILO was created in 1919, at the same time as the League of Nations. In 1946, it became the first specialized

agency associated with the United Nations. Its first 50-years of service was crowned in 1969 with the award of the Nobel Peace Prize.

The U.N. also plans to issue three new stamps March 22 to commemorate the centenary of the Universal Postal Union. Designed by Arne Johnson of Norway, the three will be printed in denominations of 10-cents for U.N. use in New York and 30 and 60-Swiss centimes for use in Geneva.

More specific details are not yet available.

Collectors desiring first day cancellations or direct mint stamp purchase should write, asking for instructions, to: U.N. Postal Adm., P.O. Box 5900, Grand Central Sta., New York, NY 10017.

Shadows create pictures

By GILBERT HILL

Shadows "draw" any photograph, monochrome or color, and become the basic structure of your picture.

Thus the camera does the same thing as an artist starting with a white sheet of paper and a sketching pencil — creates the picture with black lines.

This is the reason the skilled photographer, whether arranging his lights for a portrait in a studio, or using the sun for a light source for a scene, soon becomes aware of the importance of the way the shadows are falling.

Now, the problem becomes one of exposure.

Obviously, the areas with the least light, the shadows, will require more exposure than the remainder of the picture, if details in the shadows are to be preserved.

Just how important is this shadow detail? Isn't it sufficient just to have those deep structural blacks in a monochrome, or deeper color in a color picture? That depends on what the photographer is trying to show.

In a day when materials could never reveal the entire range of tones — and most photographic materials still can't do it under a bright sun — the rule of thumb was to "expose for the shadows and develop for the highlights."

Thus film was given a relatively full exposure, then processed until the highlights of the picture were full of detail and just beginning to "block up," or become so opaque that a printing light wouldn't go through them.

This had a tendency to flatten the picture, reduce contrast, and bring the range of tones on a film within the ability of photographic paper to reproduce them.

Many modern techniques do just the opposite, and

BIRD-SHOT — This beautiful shot of a pair of pigeons illustrates the relative importance of shadow detail, and the modern trend of shooting for the highlights and allowing blacks go as dark as possible. In this case it is highly successful.

photographers kid themselves into thinking that they have speeded up their favorite film — made it much more sensitive to light — by using some super-duper film developer, or by other darkroom manipulation like long film development.

Any careful examination of such speeded up film will reveal that the photographer simply has given up shadow detail, and even some middle tones in some cases, to save all possible detail in highlights.

There's nothing bad about the technique. Often it may produce superior results in certain types of photography. Those shadows are still there — but as hard black lines, which may add drama and punch to the highlight details which remain.

But under-exposure of this type — and it is under-exposure even though a negative may appear dark — can cause real difficulties in color nega-

tive printing because shadows may take on quite unpleasant colors (not black) in shadows — a blue, or purple, for instance under the jaw of a portrait subject.

When photographers understand that they have not changed the ASA rating of their film, as they believe, but have given up part of the latitude of their film for a particular result, they become better photographers. Because the time may come when they want that shadow detail — and they can get it with exposure below their usual "rating" of film speed.

The apparent speeding up of film has been successful primarily because it has been used with film that tends to produce flat pictures, because it is "fast" in the first place to hold detail in badly lighted situations. When only the highlights are developed, contrast is better, particularly where shadow detail is unimportant.

WORLD OF MUSIC

Nostalgia wave hits fifties

By JUDY HUGG

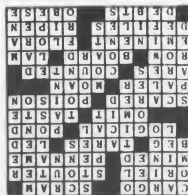

Now the nostalgia wave is sweeping into the fifties as someone suddenly discovered that 20 years have passed since the early years of that decade. In the grip of the look-back mood, MGM Records has dipped into the files and emerged with a series of albums dedicated to some of the top MGM musicals of two decades ago.

The series — each is a two-

record, original sound track LP — includes "Kiss Me Kate," which premiered in New York's Radio City Music Hall in 1953; "The Band Wagon," which came out in the same year; "Rose Marie," which premiered in 1954; "Hit The Deck," which opened in New York and Los Angeles in 1950; "Show Boat," which premiered in 1951; "Annie Get Your Gun," which debuted in 1950; "Singin' In The Rain," a 1952 product; and "Three Little Words," 1950. Also in this group is the great "Easter Parade," by Irving Berlin, which was a big hit in 1948.

This was an era when recording techniques already were fairly well advanced, and the sound on these LPs is excellent.

MONEY TALKS Home Purchase Strengthens The Marriage

By Philip J. Lawrence
President
COLONIAL FEDERAL SAVINGS
And Loan Association
of Quincy and Hottelbrook
8-6 Weekdays 9-7:30 Thursdays

This is not the best time, in view of high interest rates and the scarcity of money for home loans, to talk about what buying a home does to a marriage. But a recent survey conducted among 500 young couples provided such interesting insights that we decided to tell you about it.

The basic finding of a mortgage insurance company study was that "the purchase of a home strengthened familial bonds—strengthened the marriage." In only 53 of the 500 cases did the husband and wife report little or no change, and only eight marriages reported suffering adversely from the decision.

The couples were picked at random from all parts of the country. They had been married 18 months to 8 years. Forty-eight of the families had no children, 383 had one child, and 69 have two or more children. Annual incomes ranged from \$10,000 to \$22,500.

The changes which occurred were not overnight matters but developed over a period of months. These were the developments reported by the men:

- A firmer role as husband and father -- an increased sense of masculinity.
- A greater awareness of their responsibility for the family's well-being.
- A strong determination to keep their property in the best condition possible.
- A sense of achievement.
- A greater feeling of independence.
- A greater feeling of home orientation.
- More community spirit and a greater desire to make new friends.

The role of women in the home-buying process is strong, the survey discovered. Over 83 per cent of the wives made the final decision, although all home-buying aspects were discussed by both sides of the family. Here is what home purchase meant for the women:

- A more sharply defined role as wife and mother.
- A sense of improved social status.
- Greater need -- and intention -- to "get involved" in church, school, and other community and civic affairs.
- Increased desire to be a better housekeeper.
- Better understanding of the family's financial situation.
- Need for better planning of family time and activities.

There was a consensus that life styles had changed and that these families now "belonged"; they had joined the Establishment. Marriage and family ties acquired richer and more permanent significance.

A successful business man of our acquaintance, now in his 70's, testified several years ago to similar results he and his wife experienced from their purchase of a home. It didn't come until they were in their late 30's, when he was employed in a job with no apparent future and his wife, who was childless, also worked.

"We soon discovered we were people of property, capitalists," he said. "It changed all my thinking -- I left my job, started a small business and in time acquired two others."

He doubts it would have turned out as it did if they hadn't bought the home.

Special Audio-Visual On City's History Available

"From Yesterday to Tomorrow in Quincy" is the title of an audio-visual production which has just been completed by the Historic District Study Committee and the city's Department of Planning and Community Development.

Designed to portray the city's vast historic resources and the need to protect them from deterioration and abuse, the slide show with sound, indicates how two areas deserve to be set aside as Historic Districts.

Produced for the city by Joseph A. Donahue Associates, Quincy, architectural firm, the program is narrated by newscaster Winslow Bettinson of radio station WJDA. Depicting how future development in the city can complement the architecture of the past, the show offers many scenes out of Quincy's past history including:

The Greenleaf Building at Granite and Hancock Sts. as it appeared 80 years ago, the early days of the Adams and Central Buildings, the old fountain when it was near the United First Parish Church as well as other early pictures of City Hall and the Granite quarries.

The Historic District Study Committee is making the program available to local clubs and organizations.

"We want as many people as possible in the city to see the story of 'From Yesterday to Tomorrow in Quincy'" said Mayor Walter J. Hannon. "It makes me very proud to realize the extent of our city's great heritage."

Although the program presents the history of the entire City of Quincy, it focuses on two areas which have been chosen as Historic Districts, an area surrounding the Adams Birthplaces and the central area of Quincy from the South Shore National Bank tower to the Adams National Historic Site on Adams St.

"The Historic District Study Committee has been working on this major project since Spring," noted Geoffrey A. Davidson of the Department of Planning and Community Development. "By blending the past with appropriate future development, the richness of the city will be enhanced."

Serving on the Historic District Study Committee are Rev. John R. Graham chairman; Robert A. Cerasoli, secretary; H. Hobart Holly, William A. O'Connell, Kenneth A. Parry, A.L.A.; Miss Dorothy Osbourne and Miss Joanne Pelton. Staff coordinator for the Department of Planning and Community Development is Miss Mary E. Weafer, who is coordinating the bookings for the program.

HONORED -- Rev. and Mrs. Chester A. Porteus were honored by parishioners and friends Sunday at a vesper service and reception at Christ Episcopal Church. With them is Thomas Whitworth, committee chairman. Rev. Porteus retired last month after nearly 30 years as rector at Christ Church. He and Mrs. Porteus are now living in Braintree.

OUR FIRST FIELD TRIP

On our field trip we went to West Quincy. Mr. Crowley talked all about the granite rock. Then we all had to find our own rock that was called the granite. After we found our own rock we went back down the hill. When we got back down the hill we saw the first railroad track in Quincy. We were talking about that they should clean up the place because all there is is poison ivy and all kinds of weeds and stuff. Then we walked down the railroad track. Then we went somewhere else called Rocky Mountain. We had to climb up a big hill. Then we had to walk down another hill. Then Mr. Crowley talked all about another rock called lava. Then we had to find one of our own. It was greenish color. Then we went home.

80- Year Old Artist's Exhibit At N.Q. Library

Eighty-year old Gideon Cohen of Arlington will exhibit his paintings and drawings at the North Quincy Branch of the Thomas Crane Public Library through Feb.

He was born in England in 1894 and moved to Saskatchewan, Canada at the age of 20. Since 1923 he has lived in Arlington. A sort of male Grandma Moses, Cohen is a self-taught artist who began drawing at the age of 70 after retiring from the fur business.

Some of his works are pictures of familiar and historic

points of interest. He has painted the gardens at the Arlington Town Hall; the First Baptist Church of Arlington, now hanging at the Ballin Branch Library; Dunster House in Harvard Square; and the House of Seven Gables at Salem. Four pictures of Harvard are now in the documents department at Harvard's Lamont Library.

Cohen has earned recognition for his work. He won a second prize for a triptich of the interior of the Gardner Museum, and two years ago he won the Mina Pintner Prize, both from the

Cambridge Art Association. Besides the Cambridge Group he is also a member of the Arlington and Lexington Art Associations. To date he has won 15 awards.

A man of small stature who walks with a quick step, he generally uses public transportation to get his paintings to distant points for showing. However friends help when he has many pictures to transport. He sketches and works on his paintings out of doors, and in all kinds of weather, finishing them at home.

Davis Succeeds Raymondi On Park Board

School Committeeman Harold R. Davis has been appointed to the Quincy Park-Recreation Board by Mayor Walter J. Hannon for a two-year term.

Davis succeeds school committeeman Daniel Raymondi on the board.

In making the appointment, Mayor Hannon cited Davis' interest in expanding recreational opportunities by more fully utilizing the School Department's facilities.

In particular, he noted, Davis and other members of the School Committee approved a reduction of fees charged Youth Groups for the use of school gymnasiums in order to encourage the expansion of such activities. Davis, while a student, had also worked for three summers as a Recreation Instructor.

Davis is a graduate of Bowdoin College and Georgetown University Law

Center. He is employed as the Economic Development Manager for the South Shore Chamber of Commerce. He was elected to the Quincy School Committee in 1971 at the age of 27.

"I know that Harold Davis will perform well for the citizens of Quincy as a member of the Park-Recreation Board," Hannon said. "He has already shown an interest in expanding recreational activities in the city."

Joseph Lydon Succeeds William Mitchell On Park Board

William J. Mitchell of 3 Clement Terrace, North Quincy, has submitted his resignation as a member of the Quincy Park-Recreation Board, and Mayor Walter J. Hannon has appointed Joseph M. Lydon of 215 Parke Ave., Squantum to fill the vacancy.

Mr. Mitchell had completed 31 consecutive years of service to the City of Quincy as a member of the former Park Board, Recreation Commission, and present Park-Recreation Board.

He had started his 32nd year when he decided to relinquish his membership on the board, to a younger and more active man, as stated in his letter to Mayor Hannon.

Mr. Mitchell, now 80-years-old was first appointed in 1943 by the mayor Charles A. Ross to the former Park Board. He was appointed to the Recreation Commission when it was established in 1948, and was retained as a member of the

merged Park and Recreation Board June 1, 1962, and has annually been reappointed.

He has the longest consecutive service on the unpaid boards and commission, serving six mayors, Ross, Thomas S. Burgin, David S. McIntosh, Amelio Della Chiesa, James R. McIntyre, and Hannon.

Mr. Mitchell and the late J. Ernest Collins were both appointed to the Park Board in 1943 by Mayor Ross, and although Mr. Collins served until his death in 1971, for a 33 year span, Mr. Collins resigned the board for several years, making Mr. Mitchell's 31 years the longest consecutive tenure on an unpaid board or commission.

Mayor Hannon visited with Mr. Mitchell and his wife Monday presenting a plaque "on behalf of the people of Quincy and himself, in gratitude for unselfish and devoted service to the city."

Mr. Lydon's appointment to the Park-Recreation Board, for the first time in the history of

Quincy, results in a board with a representative from each of the six wards in the city.

Mr. Lydon, a resident of Squantum since 1948, is married to the former Bernice Dorion, and the father of two sons. Serving in the armed forces overseas from 1940-1945, he is presently employed as assistant superintendent for the Commonwealth of Massachusetts at 100 Nashua St., Boston.

He is president of Greater Boston Council 45, American Federation State County and Municipal Employees - AFL-CIO, past president Local 370, Health and Hospital Department. He is a member of the American Legion and Democratic City Committee, and secretary of the Ward Six Democratic committee. Former president of the City of Boston Hospital Security Association, past president of South Boston Athletic Association, and a member of the Elks.

Women's Physical Fitness Program At Atlantic

The Quincy Recreation Department's Physical Fitness program for women is held Tuesday evenings, from 7 p.m. until 10 p.m. at Atlantic Junior High School, Hollis Ave., North Quincy.

Recreation Director William F. Ryan said the 25-week program will continue through the winter and will offer a graduated schedule of calisthenics, volleyball, use of

gymnastic equipment, and exercises to music. The program is directed by Mrs. Sarah Cobban.

The program is open to Quincy residents beyond high school age through 65. Participants are urged to wear sneakers and proper gymnasium attire. There will be no pre-registration for this free program as registration will be taken at every session.

'Sun Carrier Of Month'

Steve Petrillo Adds 41 Customers In 2 Days

By STEVE FERRARA
Stephen Petrillo of 22 Quarterdeck Rd, Germantown, is the Quincy Sun's "NewscARRIER of the Month" for January because of his enterprise and determination in building his route.

Steve, who is 15, has his route up to 68 customers by knocking on doors in the Oceanview senior citizens apartments in Germantown. He had 27 customers.

"I just went from door to door and talked to the people," he says.

Steve, who is a 10th grader at Quincy High School, belongs to the Rifle Club. He

also earns extra money to help his three brothers and mother by shoveling snow and fixing people's cars in his neighborhood.

Despite all the time he spends working and going to school, Steve manages to find the time, just to be a nice kid, too.

When he heard that the Snug Harbor elementary school would not have a Christmas party this year because they needed a Santa Claus, he volunteered to play the part, and according to reports he did a fine job in entertaining the students.

Congratulations to Stephen Petrillo.

Civil Service Applications For Fire Dept., Health Posts

supervisory capacity as health administrator's position, paying at least \$15,582 a year, requires that the applicant have five years of full-time paid experience as administrator or assistant in a recognized public health agency.

Applications must be received at the Civil Service office no later than Monday, March 11.

Quincy Girls Abp. Williams CYO Speech Contest Winners

Fifteen students from Archbishop Williams High School Oratory Club participated in a recent regional speech competition at Silver Lake, Kingston.

Nineteen schools from around the state entered over 250 students in the three-round meet. Competitive forms of speech included interpretations of play reading, prose, children's literature, and poetry.

In the very closely scored contests, three Archbishop Williams High School students placed. Mary Beth Fitzgerald, Braintree was fourth in play reading; Mary Ann Heffron, Braintree, fifth in play reading and Joyce Peluso, Quincy, eighth in poetry.

The club is scheduled for several competitive contests in the near future.

JUNIOR TENNIS TEAM of the Boston Harbor Marina Tennis Club is made up of (left to right) John Cheney, Tony Sullivan, Dennis McCarthy, Coach Cliff Murphy, Heather Underhill, Walter Hannon, Cindy Driscoll, Julie Sullivan and Maureen Higgins.

North Gymnastics Team Hosts Weymouth South

Although gymnastics in high school is still one of the least publicized sports, interest has always been high at North Quincy under George Golden, who coached the Raiders for many years, and current coach Jack Oliva, who is assisted by Ken McPhee.

The Raiders have always had their share of success and, following last week's 68-64 win over Newton South, they had a 3-2 Suburban League record. Friday North will face Weymouth South at the North Quincy gym, next Wednesday will go to Weymouth North and Friday, Feb. 8, will host Dennis-Yarmouth. All meets start at 3:30.

Oliva and McPhee had an excellent turnout this year and the team now includes 18 boys.

Each team member works a variety of different pieces which require much skill.

Leading the Raiders are Tri-Captains Dave Chartier, who performs on the side horse and parallel bars; Neil McGilvary, high bar, rings and vaulting; and Dave Sullivan, floor exercise, high bar, parallel bars and vaulting. Other seniors are Paul Donaghey, parallel bar, and Bob Palma, vaulting.

Juniors are John Mackey, side horse; Jerry McKillop, high bar; Sean Morgan, floor exercise, parallel bars and vaulting; Lee Walden, parallel bars, and Bill Walsh, floor exercise, high bar, parallel bars and rings.

Sophomores are Ed Coutts, high bar and rings; Peter

Hemphill, side horse and vaulting, and Gary Wilkins, floor exercise and high bar.

Five ninth graders round out the Raider squad, Art Bertoni, side horse and vaulting; John Green, side horse; Dave Harrow, floor exercise and rings; Dan McGuigan, side horse, and Dave Sheridan, floor exercise and parallel bars.

"These boys are really dedicated and work awfully hard," Oliva said. "I've been pleased with the performances. We are in a tough league."

Following the last meet of the regular season at Braintree Feb. 12 at 7 p.m., North will take part in the annual Suburban League meet at Brockton on Feb. 14.

ENC To Open 10- Day Trip Friday

The Eastern Nazarene College basketball team has been rolling merrily after a slow start and Tuesday sought its fifth win in a row when it faced Suffolk U.

Friday the Crusaders will start a 10-day trip to New York and Pennsylvania when it plays at Nyack. Saturday night they will be at Eastern Baptist, Monday at King's College and Wednesday at Point Park College. On Feb. 8 and 9 they will play in the Olivet Nazarene College Tournament. ENC, which won four straight

after a two-point loss to Roger Williams and a one-point loss to Southeastern Mass., climaxed this drive last Saturday with a 62-59 win over Husson.

The previous night it had defeated Barrington, 70-63, following a 58-50 decision over Gordon and a 70-65 win over U. of Maine [Portland-Gorham branch].

Following the Husson win ENC was 6-5 and had a perfect 3-0 record in the Seaboard Conference.

Raiderettes Rolling; First Ladies Stalled

The Quincy High girls' basketball team, which won the Greater Boston League championship last year, is having its troubles this year but the North Quincy girls are very much in the running for this season's league title.

Going into Tuesday's games Barbara Webster's North girls were tied with Malden and Medford for first place with a 6-1 record and Tuesday had a chance to avenge its only loss [a last season one-point loss to Malden]. Friday the Raiderettes played at Quincy. They are 7-4 overall.

Gale Palmer's Quincy girls, 4-3 in the league and 5-6 overall, Tuesday faced Chelsea and Friday hope to avenge a 29-26 loss to North when the First Ladies sank only two of 16 foul shots.

The Quincy girls provided a major upset last week by handing Medford its first defeat, 32-28, and followed up with a 46-42 win over Revere.

The North girls, sparked by high scoring veteran Denise Beresiewicz, have not lost a game by more than four points this year.

Q-N Game On WCRB Feb. 11

Radio Station WCRB [1330AM] has made some changes in its broadcasts of schoolboy hockey games.

The Quincy-North Quincy game at 9:25 Monday, Feb. 11, has been added to the schedule. The North Quincy-Revere and Quincy-Somerville games originally scheduled for Jan. 28, have been cancelled.

Quincy Still Eyes Tourney; North Shows Improvement

Tuesday's game with Somerville and Friday's game with Malden [6:30 at Boston Arena] will go a long way toward deciding the Quincy High hockey team's chances of making the state tourney after missing the event each of the past two years.

Undeclared Malden is leading the Greater Boston League and once-beaten Somerville is in second place. Malden has defeated Quincy twice already as did Somerville in the last meeting. These were the only losses for the Presidents going into Tuesday's Somerville contest, Monday night at 9 Quincy will face Revere at the Arena.

Meanwhile, North Quincy, showing steady improvement, Tuesday faced Revere, Friday night meets Medford and next Wednesday at 5 takes on Somerville.

Last Friday Bob Sylvia's Presidents turned in their second successive shutout, 3-0, over Revere, to hike their record to 8-3-2, while Ron Erikson's Raiders edged Everett, 4-3, to make their record 4-6-2. In its last four games North had won two, tied one and dropped a 2-1 heartbreaker to league leading Malden.

The 3-0 win over Chelsea

marked Quincy goalie Glen Prescott's fourth shutout.

Quincy's defense continued to please Sylvia and he said he felt "Teddy Wiedemann and Frankie Guest were only a hair away from clicking and we are almost there as far as scoring is concerned. If we can keep up the good defense and can just get a few more goals, we'll be all set for a couple of upsets."

Guest, sensational sophomore, scored twice in the first period, at 4:01 with Pete DiBona and Bob Barry, assisting, and again at 6:30 with Wiedemann setting him up. Pete Raymer scored the third goal in the second period with Rick Avery assisting.

"I'm very happy with this win," Erikson said following North's victory. "Considering how low we were at one point, we are now nearing .500 and that's not bad."

Brian MacIsaac scored on a solo at 1:33 of the opening period and, following two Everett goals, Rob Henderson tied it for North with Mike MacLean and Jim Mullaney assisting. McLean put North ahead with one second left in the first period with Mullaney and Henderson assisting.

Andy Collieran scored what proved the winner at 7:25 of the

Express 62-98, and Merrymount Lanes 54-106.

Edna Walker heads the Top Ten with a 104.2 average, followed by Ellie Iacobucci, 101.8; Noreen Mastroianni, 101.0; Bev Putnam, 100.1; Ann Casanova, 98.6; Terry Spencer,

second period with assists for MacIsaac and John Mackiewicz.

Earlier in the week Quincy turned in a near-perfect game to blank Everett, 2-0.

Prescott turned in another brilliant performance in goal to notch his third shutout and the entire team was impressive. "This was one of our better games," Sylvia said.

The Presidents' coach lauded his defense which, in his words, "has been gaining more confidence in itself in every game. Not only were the defensemen steady on a purely defensive aspect, but they continually started the play back the other way and that's the sign of a good defense."

Sylvia, after having his two high scorers, junior Wiedemann and sophomore Guest, centering different lines, shifted them to the same line and the results have been good since the move.

DiBona put Quincy ahead at 5:45 of the second period when he converted passes from Brian Nevin and Al Lancione and Guest scored an insurance goal at 58 seconds of the third period with Wiedemann assisting.

Also coming in for much praise was the second line of Lancione, DiBona and Pete Janis.

97.4; Hazel Lewis, 97.1; Elaine Rozanski, 97.1; Sandy Barrie, 96.5 and Nan Magee, 96.4.

South Shore Candy has high team three of 1494, Chiminello high team single of 517, Noreen Mastroianni high individual three of 339 and high single of 125.

• Midget House

Fire Dept. Leads Police, Suburban

The Quincy Fire Dept. has a four-point lead over Suburban Disposal and a five-point edge over Police Dept. in the Midget House League following games during the past week.

Disposal blanked South Shore Express, 3-0, on goals by Paul Viassakis, Bud Salvern and Joe O'Keefe. Viassakis, Salvern and Bob Ahern had assists.

Tiffany Realty defeated Cox Rambler, 4-2, on goals by John Whalen, Ralph Richards, Tom Morris and Mark Fontaine. Assists went to Morris with three, Fontaine, Richards and Whalen. Scoring for Cox were Dan Perdios and Gerry McGrath with Perdios also having an assist.

The Fire Dept. walloped Police, 6-1, as Bob Crews had three goals. Charlie McLean, Kurt Dunphy and Mike Doherty each had a goal. McLean and Dunphy had three assists each, Crews, Rick DiPietro, Eric Leslie and Mark DeLuca one each. Mike Griffin scored for Police and John McTighe had an assist.

Rich's Express edged Tiffany, 4-3 as Joe Arsenault scored twice and John Earl and Tony Alessi once each. Assists went to Paul Duggan with two, Tom Ward and Tony Keenan. Tiffany goals were scored by Tom Morris with two and Larry Ready with Ken Trillcott and John Whalen having assists.

Cox and Police played to a 2-2 tie as Gerry McGrath and Rick Dorney scored for Cox and Wally Glendye and Jim McAuliffe had assists. Police goals were scored by Pat

Downey and Mike Griffin with Dan Barry having an assist. Game pucks for Cox went to Dorny and goalie Brian Chisholm.

Fire Dept. and Suburban Disposal tied, 3-3. Fire goals were scored by McLean, Crews and Eric Leslie and assists went to Dunphy, Marty Kelley and Frank McLaughlin. Suburban goals were scored by Andy Burke, Kevin O'Neil and O'Keefe with Jerry Smith having two assists, Paul Andrews, O'Neil and Frank Penzo having assists.

Police topped Tiffany, 4-2, on goals by Jerry Cronin, Greg Dillon, Barry and Griffin and assists by Mark Walsh, Joe Carthy and McTighe. Scoring for Tiffany were Mike Campbell and Brad Harland with an assist for Fontaine.

Cox and Suburban played to a 3-3 tie as Pitts, Perdios and McGrath scored for Cox and McGrath, Pitts and Ron Hennessey assisted, Viassakis, Jim Ahern and O'Keefe scored for Suburban and Andy Burke and Scott Mitchell had assists. Game pucks for Cox went to Rick Buccheri for his work in goal and Pitts.

Fire Dept. defeated Rich's, 5-3, with Doherty, McLean, Dunphy, Rick Serino and Crews scoring for Fire and Crews and Dunphy having two assists each, Eddie Campbell, McLean, DeLuca and Doherty one each. Goals for Rich's were scored by Earl with two and Don Jeffery, Collins and Tony Alessi had assists.

Squirt B's Defeat Randolph, Milton

The Squirt B team added two wins over the weekend.

Bobby Kelley's two goals paced a 5-1 win over Randolph with Timmy Ryan, Kevin Duff and Danny Boyle scoring the others.

Mark Tenney, Steve Sullivan

and Mike McNiece.

The Quincy team also romped over Milton, 8-3, with McNiece, Boyle and Rick Stevens having two goals each, Sullivan and Paul McCabe one each. There were three assists by McNiece and Boyle, Boyle and Kevin Duff

Squirt A's Win Pair, 6-1, 6-0

The Squirt A team defeated Bridgewater, 6-1, and Columbia, 6-0, in the Bay Colony Association and played to a 2-2 tie with Falmouth in a non-league scrimmage.

In the win over Bridgewater Joey Rathgeb and Neil Shea had two goals each, and Robbie Zanardelli and Chuckie Marshall scored the others. Assists were credited to Marshall with two, Danny Flynn, Rathgeb, Tommy Heffernan, Kevin Chase,

Zanardelli and John Carthy.

Marshall paced the win over Columbia with two goals, with Shea, Mark Boussy, Zanardelli and Bobby Beniers having one apiece. Heffernan, Zanardelli and Mike Doherty all had two assists, Shea, Karl Nord and Kevin Craig one each.

Both of Quincy's goals in the Falmouth tie were scored by Doherty with Mike Hussey, Shea and Boussy having assists.

Pee Wee A's Win, 3-2; Lose, 2-1; Tie 1-1

and Scott Richardson.

The Quincy team tied Hingham, 1-1, with Kane scoring the goal with assists for Hayes and Brennan.

Johnny Mullin scored the only goal in a 2-1 loss to Columbia and Bryan McGilvray had an assist.

The game where John Havlicek faked out eight people.

Not one of the Dial offices was tipped off about the fact that John Havlicek would be calling. Here, in John's words, is what happened:

"After my first call, I began seeing what Dial meant when they said theirs was a company with different dimension. Both the phone and my questions were answered promptly...and courteously.

"As I kept making more calls, I was more and more amazed by the refreshing directness and professionalism of the Dial people fielding my questions. But the most amazing thing to me was this. After making eight calls, never once was I given a sales pitch or pressured or even asked my name! The Dial people simply gave me the hard facts without giving me a hard time.

"Probably the most surprising moment of all was on my fifth call. I told the Dial person that I had several monthly bills from several different sources and I was interested in a consolidation loan. I faked some monthly payment figures. Then he did some figuring of his own and actually advised me not to take out a consolidation loan, because the one monthly payment I would make to Dial wouldn't substantially reduce the sum of the monthly payments I was now making! Imagine that! A finance company advising me against a loan. Although I had loaded the deck and faked the figures so that I had created a rare case, it was still nice to know that Dial is a company that acts in your interests...and not for its own.

The kind of service and consideration John Havlicek received from Dial isn't reserved just for basketball players. It's reserved for everybody...and has been since 1897. So next time you're thinking of borrowing, think of Dial Finance. You see, we don't want you to like us just for our money.

Visit Dial's Randolph office at 322 N. Main Street, Fernandes Shopping Center, phone 963-0400 or the Brockton office at 726 Crescent Street, Brockton East Shopping Plaza, phone 583-3420. Other Dial offices: 3 downtown, Billerica, Lynn, Malden, Walpole.

Mite B's Split

The Mite B team defeated Cohasset, 6-1, in the Bay Colony Association.

Scott Messina and Joe Harte had two goals apiece and Mike Burn, Chris Harley and Dick Tapper had two assists each.

The Mite B's lost to Duxbury, 4-3, with Dennis Cronin, Harte and Paul Marshall having the Quincy goals and Chris Hurley having two assists and Tapper one.

Pee Wee B's Tie, 3-3

The Pee Wee B team played to a 3-3 tie with Hyde Park in the Bay Colony Association. Ed Marella had two Quincy goals and Dan Sullivan the other. Dan Cronin, Jeff Giordani, Len Micelli and Sean Dennis had assists.

Mite A's Tie

The Mite A team and Pembroke played to a 2-2 tie in the Bay Colony Association. Quincy's goals were scored by Dave Allen and Danty Kelly with Rick Reardon, Brian Chase and Bobby McCabe having assists.

Moore's Hat Trick Propels Bantam B's To 7-0 Win

Jimmy Moore's hat trick propelled the Quincy Bantam "B" team to a 7-0 victory over Scituate Saturday behind the shutout goaltending of Daryl DeCristofaro and Kevin Cotter, their eighth of the year.

John Kelly had two goals and an assist and Rick Carnali had four assists as the Bantam "B" lifted its Bay Colony Hockey Association record to 15 wins and two losses.

Dave Peters and Don Perdios had the other goals with assists to Jeff Gavin [2], Mike Wilson,

Mark Kelly, John Andrews, Jim Fitzpatrick, John Norton, and Peters.

A goal and assist each by Perdios and Mark Paolucci and Moore's two assists were big factors in the Bantam "B" 5-2 win over Weymouth Wednesday [Jan. 23] in a non-league encounter.

John Fitzgerald, John Kelly and Carnali also had goals with assists credited to Jim McConville, Mark Kelly and Peters.

Cavanaugh's First Bantam A's Game Winner

John Cavanaugh scored his first goal of the season with three seconds remaining to give the Quincy Bantam "A" team a 4-3 victory over Hull in a Bay Colony Hockey Association game last week.

Matt Schaeffer, with three goals and two assists, had a hand in all but one of the scores as the Bantam "A" got by Canton Saturday to run its league record to 25 wins, six losses and a tie.

John Cooney, Mark Giordani and Brian Watts were the other

goal scorers against Hull and Jim Shea, Dave Previte, Rick Danner, Mike Smith and Watts had assists.

Broadmeadows Hands A-N First Loss, 29-25

The Atlantic-North ninth grade basketball team suffered its first loss of the year last week as it was surprised by Broad Meadows, 29-25.

In the big win for Broad Meadows, Lyle Morrison paced the winners with 11 points and Jack Uhlar had 10. John White had eight for North, Jim McGinly six and Keith Lindbergh five.

Atlantic's eighth grade team won, 23-12, sparked by Joe Deane's seven points and Bobby Doyle's six. Kevin Connors scored four for BM.

Atlantic's seventh graders also won, 13-6, with Bobby Grant having four points for the winners and Bud Peters four for BM.

Sterling took two out of three games from Central. Central's ninth grade won, 32-26, with Jimmy Smith scoring 15 points. Tom Nee came off the bench and had a big day on the boards.

Sterling's eighth grade won, 21-13, paced by John Sylva's 10 points. Wink Phelan had six and

Bob Evans three for Central.

The Sterling seventh graders also won, 11-10, with a basket in the final two seconds. Steve Tuma had eight points for Central.

Earlier in the week Central won two of three games from Broad Meadows. Central's ninth grade team romped, 40-26, with Dan Cuddy scoring 17 points and Smith 14 for Central. Morrison had 10 and Uhlar six for BM.

The BM eighth graders won, 21-13, with Kevin Connors having eight points and Ron Donovan seven for BM. Steve Germain's six points and four by Phelan paced Central.

Central's seventh graders won, 16-9, with Tommy Bellotti and

Mark Roberts scoring four each for Central and Mike Connolly six for BM.

Atlantic-North swept all three games from Point. The ninth graders breezed, 35-10, as Lindbergh had 12 points. Bob Stack, White and Eddie McElaney had four apiece and Bobby D'Olympio had four for Point.

The A-N eighth grade also won easily, 29-9, paced by Deane's eight points, Mike Larkin's seven and Doyle's six. Ken Ames was tops for Point with six.

Atlantic's seventh grade team won, 12-9, with Bobby Grant having seven points.

QYHA Dance Feb. 8

The Quincy Youth Hockey Association will sponsor a dance on Friday, Feb. 8, in St. Mary's Hall, West Quincy.

Tickets, formerly sold to QYH members only, now are available to the general public.

Music will be furnished by the Shannonnaires.

Those wanting tickets can obtain them from any member of the committee or call Audrey Hayes at 472-3243.

Junior High Wrestling Season Opens

Wrestling in the Quincy Junior high schools is still growing and this year each of the five schools will have eight dual meets, meeting each rival twice, and the season will conclude with a city-wide championship meet at Voc-Tech gym early in March.

A year ago all junior high schools had wrestling for the first time and Sterling won the city title with a 4-0 record. Broad Meadows was 3-1, Atlantic-North, 2-2; Central, 1-3, and Point, the smallest school, 0-4.

Pioneering the sport in the junior high schools was Carmen Mariano, a teacher-coach at Sterling, who began the sport three years ago when he began teaching there.

He had eight or 10 boys and had one meet with Baintree. Two years ago he had about 30 boys and Sterling had four meets, two with Milton, one with Baintree and at the end of the year Mariano approached Jack Oliva at Atlantic and had a meet with them, the first such intra-city meet in the city's history.

This year Mariano is on a leave of absence from the school system and is finishing graduate studies at Harvard and Steve Joyce has taken over the Sterling reins. Mariano works with him when he has no classes.

The other coaches are the same as a year ago with Brooks Maloof at Atlantic-North, John Bogan at Broad Meadows, Gerry Mulvey at Point and Bob Schiess at Central.

"Mr. Leone [Carl Leone, coordinator of athletics] has been very helpful," Mariano said. "He has 75 new uniforms to be distributed evenly among

the five teams to be worn in competition, as well as head-guards and has arranged for competent officials for each meet." Mariano, incidentally, will be one of the league officials.

He explained that the matches will be much more formal this year with official weigh-ins before each meet and specific weight limits being placed on each of the 15 classes.

"Mr. Leone has also been kind enough to mention high school wrestling as a proposed new interscholastic sport on this year's school budget now before the school committee," Mariano added. "It is third on the list behind girls' track and girls' field hockey. Many of the boys whom I coached for three years as well as others throughout the city have sent letters to the school committeemen asking them to allocate funds for high school wrestling for next year. These boys have worked with such commitment and dedication in junior high, it seems only fair that they should be afforded the opportunity of continuing their efforts at the high school level. I have my fingers crossed for them."

"I am very enthused about this program and Carmen deserves a lot of credit for getting it started," Leone said. "I want to do all I can to see the program expand and I'm looking forward to adding wrestling to our high school program and think it will be a very worthy addition."

Many schools in the area including Weymouth, Baintree, Milton and Scituate, have had wrestling for several years and a number of smaller schools have started the sport.

Koch Club Presents Chiminiello, Gagne Trophies

Two special trophy awards were presented Sunday before the opening of the 21st annual Greater Quincy Men's Candlepin Bowling Tourney matches at the Merrymount Daylight Alleys.

Richard J. Koch, tourney founder and director of the Koch Club, awarded the Emil Chiminiello Memorial Trophy to Dick Ewell of Whitman Merchants as the outstanding bowler in the 20 years of tourney competition.

The Charles A. Gagne Memorial Trophy was presented by Koch to Jim Powers as the outstanding bowler in the 20th anniversary year of competition.

The late Emil Chiminiello was cited by Koch for his interest in candlepin bowling, and the family participation by the Chiminiello brothers, as

outstanding competitive bowlers in the New England area, before its popularity grew.

Emil Chiminiello participated in the tourney for several years, bowling with a number of teams.

Charlie Gagne, an outstanding candlepin bowling enthusiast, bowled and helped organize the Quincy Merchants and Colonial Bowling Leagues, and although bowling in several tourney competitions offered great assistance each year in the Greater Quincy Men's Tourney.

The selection committee included George Page and Henry Johnson. They picked Ewell for his outstanding consistent performance during the 20 years of tourney competition, and Powers for his individual display during the 20th anniversary rolloff.

TOP BOWLERS - Dick Ewell [center] and Jim Powers [right] receive trophies from Richard J. Koch prior to start of 21st Greater Quincy Men's Candlepin Tourney at Merrymount Daylight Alleys. Gagne Memorial Trophy as the outstanding bowler in the 20th year of competition.

O'Brien Club Drubs Bruins, 130-112

The O'Brien Club basketball team of Quincy, which has had little trouble breezing through the Cranberry League, last Sunday established itself as one of New England's top semi-pro teams when it walloped the previously undefeated Haynes Bruins of Boston, 130-112, at North Quincy in a non-league game.

The Haynes Club, which had dominated the Boston Park League for years, is leading the Eastern Mass. League and this was the worst defeat in its history.

The O'Brien Club, 15-0 overall and 13-0 in the Cranberry League, last Wednesday played the Wholey Club of Hull. Sunday it will host the second place Boston Stars at 7:30 p.m. at North Quincy and next Wednesday will play the

Easton Huskies at North Easton. All are league games.

Ron Bradley paced the attack Sunday with 24 points, followed by Al Dalton with 21, Pete Schmid with 17, Bob McNamara with 16, Moe Shoepfer with 14 and a great rebounding job, and Mike Greenlaw with 13.

Last Friday, playing with only eight men, the O'Briens rolled over the Bristol County Cavaliers, 132-100, at Fall River.

Schmid broke the club record with 38 points, Rich Sprague had his best night with 27, Dalton scored 25 and McNamara 24.

Schmid leads the O'Brien club with an average of 21.2 points a game, followed by Dalton, 20.3; Eddie Miller, 18.8; Bradley, 17.0; McNamara, 14.0; Sprague, 11.7; Greenlaw, 9.5; Mike Dunn, 7.7, and Shoepfer, 5.8.

Gold, Green Win In St. Joseph's Hockey

The Gold team defeated the Blues, 4-2, and the Greens topped the Reds, 5-1, in St. Joseph's Hockey League action at the Shea rink.

The Golds moved into a first place tie with the Reds as Mike

Grogan sparked them against the Blues with two goals. Dan McCormick and Butch Franceshini scored the others. Mark Walker and Jeff Aristide scored the Blue goals.

The Greens picked up their

second straight win after nine losses in a major upset. Charles Shea scored twice for the Greens and Dave McQuade, Chris Kane and Gary Mikowski had one each. Mike McNally scored the only Red goal.

Marina Tennis Tourney

Richard Holbert and Charles Peix won the member-guest tournament at the Harbor Marina Tennis Club.

They defeated Larry Courtney and Paul Paluzzi, 6-1, 6-2, in the final round.

Semi Final

Courtney and Paluzzi def. William Fielding and Richard Hatton, 6-4, 6-4.

Holbert and Peix def. Paul Hurley and Richard Garvey, 6-1, 6-3.

Quarter Final

Fielding and Hatton def. John Corrigan and Dan McElaney, 6-0.

Courtney and Paluzzi def. Matthew Burke and Fred Cavanaugh, 6-1, 6-1.

Hurley and Garvey def. Robert Tilley and Paul Berrini, 6-4, 6-3.

Holbert and Peix def. Paul

Smoot and James Michaud, 6-2, 6-1.

First Round

Fielding and Hatton def. Peter and James McCarrick, 6-1, 6-1. Corrigan and McElaney def. Joe Shertick and Charles Epps, 6-0, 6-0.

Courtney and Paluzzi def. David Gavin and Richard Barbuto, 6-1, 6-1.

Quincy, North In Race For GBL Title

The Greater Boston League basketball race is getting to be a real dog fight with both Quincy and North Quincy very much in the running for the title.

Going into Tuesday's games [Chelsea at Quincy and North at Malden], the Presidents were tied for first with Everett and Malden [all 6-3], while the Raiders and Somerville were deadlocked one game behind with 5-4 marks.

Friday Quincy will play at North, hoping to knock off the Raiders for the second time, and Friday, Feb. 8, it will be Somerville at Quincy and North at Revere. There are no games next Tuesday.

Joe Amorosino's Quincy team made a come back in the final period last Friday to overcome a six-point deficit and

defeat Revere, 66-60. Revere led, 45-39, after three periods. The win gave Quincy an overall 8-4 record.

Three Presidents fouled out and the bench came through in fine style. Amorosino also was without two injured outstanding starters, Fred Donahue and Billy Joyce. Joyce is expected to return Friday but Donahue may be through for the year.

Quincy's winning rally was a combined effort by Mark Dwyer, Tom McKinnon, John MacFarlane and 6-5 Tom Perry, whose return, it is hoped by Amorosino, will help make up for Donahue's loss.

Dwyer had a big night from the foul line with 11 for 13 and led the scorers with 17 points. Cullen had 12 points before fouling out and Bill Dacey also

had 12 before he fouled out.

Bob Nolan's North team also made a thrilling comeback but it just fell short in a 51-50 loss at Somerville's "snake pit".

Somerville jumped off to an 18-9 first period lead and increased it to 23-10 midway in the second quarter but it was all North the rest of the way.

"I'm really proud of the kids for making such a comeback, especially at Somerville," Nolan said. "After they moved ahead by 13, our defense again came through with a great effort."

Sophomore Cooper Jordan, improving in every game, missed one period because of playing with the junior varsity but scored 20 points and had five rebounds. He scored six of 17 last period points as the Raiders just missed pulling it out.

Earlier in the week the strain of playing six out of seven games on the road took its toll on Quincy as it lost at Medford, 65-52.

"The boys fought back well and Medford led at one time by 22 points and the score did not indicate the kind of game it was," Amorosino said. "We just had too many turnovers and again shot poorly."

Cullen paced the Presidents with 12 points and McKinnon was the only other player in double figures with 10 points.

North Quincy, with its awesome defense at its best, upset Everett, tied for the league lead, 50-47.

North, which bounced back from a 35-31 deficit at the three-quarter mark, saw its own 46-41 lead melt away with a

minute to play.

"We called time out with eight seconds left and the score tied," Nolan said. "We wanted to get the ball to Steve Miller but couldn't do it." Miller and Jed Phelan brought the ball up-court to Tim Clifford, who passed to John Flynn. Flynn laid the ball in with no time showing on the clock, was fouled and sank the free throw.

Phelan led the scoring with 18 points and Flynn scored 10, but Nolan had words of praise for the entire squad. He was especially enthused about his defense, describing it as "one of the best man-to-man games I've ever seen."

The North junior varsity breezed, 42-27, to hike its record to 9-1.

●Koch Club Bowling

14 Teams Compete In Men's Candlepin Tourney

The opening rounds of the 21st annual Greater Quincy Men's Candlepin Bowling Tourney continued Sunday with 14 teams competing in the Koch Club sponsored event.

Carlyle Merchants of Whitman pulled out a 1746-1701 victory over the Hull Men's League; East Weymouth ousted St. Boniface 1737-1604; Montclair Couples

Men defeated Canton Businessmen 1693-1623; Beau's Place eliminated Louis 1677-1577; O.S.M. topped Sawyer-Campbell 1677-1526; Quincy Church League outlasted South Shore Businessmen 1658-1630 and in the lowest scoring match of the day Federal Auto Body pulled by St. John's Holy Name 1604-1552.

Whitman squeezed by Hull with an eight-pin lead going into the second string with Bob Hurst's 150 keeping Hull in contention. In the second, Hull roared back to take the string by 36 pins over Whitman, and a 28-pin advantage into the final.

Whitman found itself trailing by 40 pins midway through the final string, but put on a last ditch surge with big marks in eight of their last 15 boxes to put the win out of Hull's reach.

Dick Ewell, outstanding tourney bowler was high for Whitman with 391, and was assisted in the victory by Paul Kirby 363, Dennis Chick 360, Jim Rigo 323, and Bill Durfee 309.

Steve McGunnigle with 372 was top for the losing Hull squad followed by Bob Hurst 354, Dan Williams 346, Joe Bogleione 322, and Al Carfagna 307.

A strong East Weymouth entry could only win its first string by seven pins over St. Boniface and added 20 more in the second, but caught fire in the final, firing a 622 high team single for the day, and a 133 pin victory.

Barry Lang had 383 for the East Weymouth winners followed by Bob Shannon and Mike Fardy each with 345, Rich Chilingarian 333, and Dick

Cassani 331.

Ron Boben with 342 was high for losing the St. Boniface, Bill Landry was next with 334, Joe D'Angelo 324, and Warren Spencer 308.

Montclair couples men jumped to 13 pin first string lead on a 153 string fired by Wally Bereszniwicz. The high string of the day, Montclair continued to a sweep over Canton taking the second by 14 and third by 43 pins for their victory.

Top man for Montclair and the day was Bereszniwicz with 423, including strings of 153-126-144, second high for Montclair was Andy Orrock 337, Bob Maloney 333, and Bill Jacobsen 302.

Sonny Sykes was top for losing Canton with a 366, Don Cappacino 343, and Dick Rogan 330.

Beau's Place jumped off to a 78-pin first string lead over Louis, dropped the second by 12, but bounced back to take the final by 32 and win the match easily by 100 pins.

Beau's leading scorer was Buster Loud with 356 followed by Bob Hiller, 353, Fred Connelly 337, Ron Leone 321, and Jim Blake 310.

Ed Rogers was high man for the losing Louis team with 349, Ken White had 331 Tom Tordoff 318, and Norm LaFlamme 302.

O.S.M. captured the first string by 84 pins over Sawyer-Campbell, then continued to sweep with a second and third string win, for a clean and complete victory of 151 pins.

Al Sturgeon showed the way for O.S.M. with 365, with assistance from Ralph Devito 347, Ernie Von Iderstein 324, Paul Cuddemi 323, and Larry Maki 318.

John Gardner and Bob Blanchard each bowled 317 to lead the losing Sawyer-Campbell, while Ed Hanlon bowled 302 and Tom O'Brien 301 for the losers.

Quincy Church league beat the South Shore Businessmen by nine pins in the first string picked up 41 more in the second, and held onto the lead as the losers tried an unsuccessful comeback in the final string.

Quincy Church League high man was Dick Peterson with a torrid 390, Rich Collins 359, Dave Bates 316, and Henry Johnson 301.

For the losing South Shore Businessmen Frank Farren was best with 341, Bill Cross had 339, Joe Manning 326, Bob D'Orval 322, and Bill O'Malley 302. Federal Auto Body fell behind by 18 pins in the first string, but roared back to take the second by 60 pins and the last string by 10, for their 52 pin victory, over St. John's Holy Name. Bob Della Barba led Federal Auto Body with 365, Vic Tricomi 340, Arthur Richards 320, and Bill Damore 300.

Mike Lindblom was top for the losers with 341 followed by Earl Lauretto 327, Ron DiRamio 306, and Rich DiRamio 301.

The Quincy Merchants with 1775 high team three in the opening rounds have earned a Bye into the tourney quarterfinals on Feb. 10, the remaining 12 winners will bowl next Sunday afternoon at 1 p.m. seeking a win for the tourney quarterfinals.

The tourney is sponsored for the 21st year by the Koch Club of Quincy as part of its winter athletic and recreation program.

HONORED GUEST - Frankie Guest [right], Quincy High's sophomore hockey whiz, receives 'Player of the Week' citation from Lance LoFaro, producer of Hockey Night in Boston, which broadcasts selected high school hockey games over Radio WCRB. Looking on are Ed Percy of Miller Studio, Quincy High School Principal Lloyd Creighton and Quincy Coach Bob Sylvia. Citation was for Guest's play against North Quincy Dec. 24 and makes him eligible for 'Player of the Year' award -- a road trip with the New England Whalers.

Quincy Junior- Frosh Team Has Pride, Tradition As Incentives

The Quincy Junior High-Freshman hockey team finished first in the Greater Boston Freshman League the past two years, winning the playoffs last year and losing in the finals two years ago.

This year Coach Ken Hayes' young Presidents are having their troubles and going into Tuesday's game against North Quincy they had only a 3-9 record, and of course, are out of the playoffs.

"This year's team has more pride and tradition than my previous teams as seven players have older brothers who are playing or have played with the high school varsity," Hayes explained. "But, although the boys have been playing some good hockey, they just haven't been able to put everything together."

"This is our last year in the Greater Boston League and I hope next season, when we move to the Suburban League, we can play some games in Quincy." The GBL freshmen play all their games at Skaters' World in Revere.

Most of this year's players come from Broad Meadows. They are Jack Campbell, seventh grade defenseman; Rich Boyle, ninth grade forward; Jim Buchanan, ninth grade goalie; Mark Giordani, eighth grade forward; Dave Flynn, eighth grade defenseman; Mike Van Tassel, eighth grade forward; Tom Bamberry, ninth grade

forward; Pat Bamberry, eighth grade defenseman; Mark Connolly, ninth grade forward; and John Yaxter, eighth grade forward. Boyle, Giordani, Tom and Pat Bamberry and Yaxter played a year ago.

From Central are Dean Prescott, seventh grade goalie; John Norton, seventh grade forward; Dave Previte, ninth grade forward, and Dave Lewis, eighth grade forward. Lewis played last season.

The only player from Point is Don Perdios, eighth grade forward.

Sterling's representatives are Mark Ricciardi, ninth grade forward; Brian Berton, eighth grade defenseman; Paul Reardon and Paul Gaudiano, ninth grade goalies.

From Quincy Voc-Tech are Paul Gustafson, ninth grade center; Mike Boyle, ninth grade forward, and Larry Calley, ninth grade defenseman. Gustafson and Calley are veterans.

Gustafson and Calley are captains, Berton and Previte assistant captains and Charles Lewis and Mike Dolan managers.

Berton's brother Harry played varsity hockey and Dennis is playing on this winter's jayvee team; Kearney's brothers Colin and Kenny played on the varsity and Leo is now on the varsity; Prescott's brother John played varsity hockey and Glen is now the varsity's outstanding goalie. Rich and Mike Boyle's brother Art was a varsity standout and Bob is one of this

year's top varsity players. Cedrone's brothers Jim and Steve played on the varsity; Lewis' brothers Kevin and Steve played on the varsity, as did Campbell's brother Paul. Tom and Pat Bamberry are brothers as are Mark and Jeff Giordani.

"This is a building year as we lost all of our starting team, part of the second line and our fourth defenseman from last year's champions," Hayes pointed out. "Our first line has Previte at center between Mark Giordani and Ricciardi, with Berton, normally a forward, playing defense with Calley. I have been alternating Buchanan, Prescott, Gaudiano and Reardon in goal."

Hayes' second line is made up of Gustafson at center between Lewis and Norton with Campbell and Tom Bamberry on defense. Playing on the third line are Van Tassel center with Yaxter or Boyle and Connolly wings.

"We have done all right on offense but we are weak on defense and in goal," Hayes said. "Also, some of the boys who started out with us quit."

Following last week's games Berton had nine goals to lead the team. Lewis had seven goals and Previte and Gustafson had five each.

Ed Grogan's North Quincy team has not fared much better than Quincy and going into Tuesday's Quincy game had a 4-8 record.

Trades Make Sox Strong Contender

By TOM SULLIVAN

The 1974 baseball season isn't too far off and it appears the Red Sox have enhanced their Eastern Division chances considerably as a result of their off-season trades.

There is little doubt the Sox strengthened their pitching staff immeasurably and, although there are still some question marks, the Boston team should be in contention for the division crown.

The Sox added some topflight pitchers in Reggie Cleveland, Rick Wise and Diego Segui, obtained from the Cardinals; Dick Drago, from the Royals, and the veteran Juan Marichal, from the Giants.

Cleveland and Wise are sure to join Luis Tiant and Bill Lee as starters and Drago also could start. It is expected Marichal will be a spot starter, going every five or six days or so. Segui is a fine relief pitcher and with him, Bob Bolin, Roger Moret and probably Drago and Dick Pole in the bull pen, the Sox are extremely well off for relievers.

Moret, who developed into one of the team's top pitchers a year ago, ending with a 13-2 record, will certainly start a lot of games as the year progresses. Bernie Carbo, obtained from the Cardinals with Wise in exchange for Reggie Smith and Ken Tatum, could be the Sox right fielder this year.

Another valuable addition was that of veteran Dick McAuliffe from Detroit. Although Doug Griffin still looms as the Sox second baseman, we expect McAuliffe to see plenty of service there.

Can Luis Aparicio, the Sox miracle man, start regularly this year at the age of 40? Most people didn't expect him to do so last summer but, as usual, the little wonder surprised everyone. However, age was beginning to creep up on him and many balls got by him that he would have eaten up in the past.

It seems to us that Mario Guerrero will see a lot more action at shortstop. If Guerrero and Griffin are the keystone starters, can you think of a better pair of bench men than Aparicio and McAuliffe?

Yaz expects to be at first base again but don't bet against Cecil Cooper making the grade this year, thus returning Yaz to left field.

New Sox manager Darrell Johnson had Cooper last year at Pawtucket and the year before at Louisville and insists he is a major league player.

With Cooper back under Johnson, the chances are good

he will finally become the Sox first baseman.

The big question at third base may be answered by the return of Rico Petrocelli, who last year said he wanted to leave Boston but has had second thoughts since.

A real dark horse could be Terry Hughes, the 24-year old infielder obtained from the Cardinals with Cleveland and Segui. All his options have been used up so the Sox must keep him or trade him. They sent Buddy Hunter to the Royals to make room for Hughes and, who knows, he may become another John Kennedy. Hughes batted .287 at Tulsa last year before being brought up by the Cards and he is rated an excellent defensive player.

Among the questions remaining:

● Can Orlando Cepeda repeat his brilliant year as the league's top designated hitter? In the past he has been known to fall down the year after he has had a great season. If he can't repeat, Tommy Harper could be the new DH, especially if Yaz returns to the outfield.

● Can Carlton Fisk return to the brilliance of his rookie season two years ago? Although he had a good 1973 season, his hitting dropped off badly and his throwing wasn't as sharp as his first year.

● Can the amazing Luis Tiant have another of his superior seasons at 33 years of age? He again stunned everyone last year by winning 20 games and losing many tough decisions. He appears to get better with age.

Can Rick Miller hit consistently enough to replace Smith in center field? He is the best defensive outfielder on the team and did well at the bat last year, but still is not a Reggie Smith at the plate.

All eyes will be on young Jim Rice, the Sox first draft choice two years ago, who will go to spring training following a sensational year at Bristol and Pawtucket.

The 20-year old outfielder batted .317, hit 27 home runs and batted in 93 runs for Bristol. When brought up to Pawtucket, he helped spark the Paw Sox to the Little World Series title by batting .378 in 10 games, hitting four homers and knocking in 10 runs. He may still be a year away but he looks like the brightest Sox prospect in many years.

The Sox may still have too many questions to win the division crown from the Orioles, but it looks like a mighty interesting 1974 season at Fenway Park.

'football is a team thing' NFL's top scorer says

By HUGH BAKER
Copley News Service

LOS ANGELES — Winning the National Football League scoring title means nothing to David Ray, who won it.

"How can you say I won it?" Ray said. "Did I win it anymore than Steve Preece, who was my holder all season, or Kenny Iman, who centered the ball back to Preece? How about the guys in the line, the ones who did the blocking so I could get the kicks off?"

"Don't talk to me about individual scoring champions. The only time you win any-

thing is when the team wins something. I'm much prouder of our 12-2 season than I am of winning some individual prize."

Acting as if he resented the whole wretched business, Ray launched into a discussion about football being a team sport, not one designed for rugged individualists.

Nevertheless, Ray's 130 points on 30 field goals and 40 conversions after touchdowns did make him the top scorer in the entire NFL. His nearest contender was Roy Gerela of the Pittsburgh Steelers in the American Football Confer-

ence. Gerela wound up with 123 points, which topped Garo Yepremian's 112 for the Miami Dolphins.

Ray's nearest rival in the NFC was Nick Mike-Mayer of the Atlanta Falcons. Mike-Mayer only had 112 to Ray's 130.

The pride David Ray feels in the Rams' 12-2 season and capture of the NFC West division title is genuine.

For he was one of the most disillusioned Rams at the end of the 1972 season when the club turned in its worst record (6-7-1). He was not averse to letting people know he was

unhappy either.

"Yes," he said, "we were in the playoffs. ... But I tell you something — we should have won the division last year and the year before that, too."

"We should have had three straight years of winning the division. We'd beat the tar out of San Francisco during the season, but it was always 'Frisco who walked away with the title."

"There was no excuse for it."

He credits Ram head coach Chuck Knox more than anyone else for the turnaround this year. Knox replaced Tom

Prothro, who coached the team in 1971 and '72.

"I'm not putting all the blame on Prothro for what happened last year either," Ray said. "Part of it was his fault, I think, but some of it was our own."

"To me, Prothro is a good coach, but he didn't generate a winning spirit in us from the first, like Knox did. As for the players, I don't think we responded to Prothro the way we did to Knox."

"Before training camp ever started last summer, I could have told you we were going to have a winning team."

8 Amity Aides Get Acquainted

Eight Amity Aides from Europe and Latin America, began their association with the Quincy Public Schools.

They met with Quincy's foreign language teachers in an orientation session in the Foreign Language Resource Center at Quincy High School.

The eight Amity Aides also met with School Supt. Dr. Lawrence Creedon and other administrative leaders.

Three are Spanish-speaking aides: Hilda Jimenez from Mexico, Hector Aprile from Uruguay and Fresia de Vidaurre from Bolivia. Three are French-speaking aides: Pierre-Alain De Chalus, Marie-Pascale Gru and Jean-Pierre Genet, all from France. Two German-speaking aides are: Ruth Nohl and Esther

Oettli from Switzerland.

These aides, who are young university graduates, are sent by The Amity Institute of Del Mar, Calif. They will be working with all the Foreign Language Teachers and students in Quincy's secondary schools and will enrich the cultural and conversational activities of these groups. The aides will also offer cultural presentations during the International Festival days in April to Quincy's Elementary Students.

Purpose of the Amity Aide Program, which functions in public school systems and colleges throughout America is to promote international friendship and understanding.

The eight Amity Aides who will be associated with the Quincy Public Schools until

June 1, will be living with the following host families: Mr. and Mrs. Jack Silverstein, Mr. and Mrs. Melvin Braveman, Mr. and Mrs. Dominic D'Arcangelo, Mr. and Mrs. Joseph Feeney, Mr. and Mrs. Robert Blake, Mr. and Mrs. Rubin Sugarman, Dr. and Mrs. Donald Reed, Mr. and Mrs. Charles White, Mr. and Mrs. Joseph Schwartz and Mr. and Mrs. William Myers.

Chairman of the Amity Aide Host Families is Mrs. Inez Silverstein. Co-chairmen of the Amity Aide Program are: Margaret Crowley and Maria D'Arcangelo who are Spanish teachers at Central Junior High and North Quincy High Schools.

Supervisor of the Program is Ellis J. Swartz, Coordinator of Foreign Languages for Quincy Public Schools.

League of Women Voters Plan 'Open Dialogue'

An 'Open Dialogue' with School Administrators, sponsored by the League of Women Voters of Quincy will be held Wednesday, Feb. 6, at 7:30 p.m. in the Media Center of Quincy High School.

A panel of school administrators, League and School Committee representatives will discuss recommendations made in the recently completed League evaluation of the Individualized Learning Process in the Quincy schools.

The survey included background meetings with school personnel, a tour of several schools utilizing various forms of individualization, administration of a

questionnaire to fifth grade pupils, their parents, and the classroom teachers in 10 elementary schools, and results discussed at unit meetings.

Recommendations made to the School Committee, based on the results of the questionnaires are:

- More teacher aides in the schools - paid, and preferably trained.
- More counselors at the elementary level.
- More teacher training for the individualized learning process.
- Improved communications between parents and teachers - home and school.
- More emphasis on basic skills, such as spelling.

The meeting Feb. 6, will consist of a panel presentation on each of the recommendations and round table discussions with the panelists. Participants will include: School committee vice-chairman Charles Sweeney, Richard Chrystal, director of staff development; John Osterman, assistant superintendent for personnel; Carl Deyesso, coordinator for language arts; Dr. Carol Lee Griffin, director of pupil personnel services; Merle Sawyer, principal Massachusetts Fields School and League Representatives Vivian Kolodny and Janet Poole.

The meeting is open to the public.

3 Quincy Students To Receive Brotherhood Awards

Three students from Quincy's three high schools will be among those receiving awards Feb. 3 at the Jewish War Veterans 20th annual Brotherhood Breakfast at Chateau de Ville, Saugus.

The three, who will be presented the "Classmates Today-Neighbors Tomorrow Brotherhood Awards" are:

Diane Hernon, 65 Buckingham Rd, North Quincy High School; Barry Gilbert, 249 Governors Rd, Quincy High School and Stephen M. Lawlor, 86 South Walnut St., Quincy

Vocational Technical School.

Announcement of their selection was made by Ralph Paull, commander of Quincy Post Jewish War Veterans.

"Classmates Today - Neighbors Tomorrow" is a human relations project of the Department of Massachusetts Jewish War Veterans, its JWW Posts and The Northeast Region of the National Conference of Christians and Jews.

It is a brotherhood program for high school students as part

of their own educational program. It is a living program developed by the students themselves through their Student Councils or governing bodies to select one student who represents the entire school's idea of brotherhood.

Over 100 High Schools in the state are participating and each school submits a resume of its selectee. The Northeast Region of The National Conference of Christians and Jews selects 3 statewide winners and 3 honorable mention winners.

Point-Webster Advisory Board To Hear Dr. Griffin

The Feb. 4 PTA/Parent Advisory Board of the Quincy Point-Daniel Webster School Complex will present the fourth program of a series designed to develop awareness and understanding of the school and school system.

Guest speaker will be Dr. Carol Lee Griffin, Director of

Pupil Personnel Services for the Quincy Public Schools. Dr. Griffin will present an overview of guidance services available in the school system. The meeting will begin at 7:30 p.m. in the school media center.

Previous meetings have focused on the Student Centered

Learning System, Guidance programs available in the Complex and the Learning Disabilities Program.

The March meeting, to be held on Monday, March 4, will present Dr. Luleen Anderson of the South Shore Mental Health Center.

John McGowan To Head Quincy Heart Fund Campaign

John W. McGowan has been named general chairman for the 1974 Heart Fund Campaign in Quincy, announces Atty. Joseph R. Welch, Southeast Chapter Heart Fund Chairman.

He will be responsible for the overall guidance and direction of the campaign, which takes place during February. Chairmen are

being recruited for the following committees: Special Gifts, Business and Industry, Clubs and Organizations, and Special Events.

Heart Sunday will take place Sunday, Feb. 24.

McGowan lives at 67 Bigelow St. with his wife, Patricia, and two children, John and Melissa.

He is a Trust Officer with the National Shawmut Bank of Boston. McGowan is a Trustee of the Museum of Transportation and is a member of the Massachusetts Bar Association, Boston Bar Association, Neighborhood Club of Quincy, and the Boston Estate and Business Planning Council.

\$70,537 In New Wiring

City Wire Inspector William F. Pitts reports that 97 permits for an estimated \$70,537 worth of wiring were issued by his department in December.

Fees collected for the permits totaled \$708.75.

Pitts said that 148 inspections were made and 11 defects noted.

There were eight re-inspections and one fire call.

Major wiring projects for the month were a new 21-unit apartment building at 45 Morton St., and a new 34-unit condominium at 308 Quarry St., both West Quincy.

Hannon Hails Quincy Designation As 'Bicentennial Community'

Mayor Walter J. Hannon says the recent naming of Quincy as a Bicentennial Community "is another step in giving our city its rightful place among the communities of the nation with similar historical background."

The mayor said the city's goal from now through 1976, and for many years to come, will be to insure the recognition nationally of the abundance of its historical sites which are to be preserved or restored.

"I am in full agreement with The Historic District Study Committee that our greatest contribution to future generations is a better city built around our present heritage," Hannon said.

"Two hundred years ago our native sons, John Adams and John Hancock, were the motivating force behind a small group of patriots which resulted in the Declaration of Independence."

The mayor said he intends to preserve the historic past and continue to innovate, create and revitalize Quincy to blend the past with the future in a non-conflicting atmosphere.

At a Quincy Bicentennial Conference Feb. 28, the official designation and presentation of the official American Revolution Bicentennial symbol will be received at the Carlton House, North Quincy.

Pastor Kenneth P. Carlson will schedule a planning meeting for the entire congregation to be held directly following a Sunday morning service and luncheon. Some of the goals include a sharing group ministry, strengthening of the Sunday School, the youth program, organization of a retirement age group, and stewardship of time, talent and money.

Outgoing chairman of the church, Arvid Jacobson, and lay leader, Carl Lundgren, were singled out and thanked for their many years of devoted service in lay leadership to the church. Both are retiring from their present positions on the Church Board.

20 Churches, 2 Temples To Observe 'Survival Sunday'

"Survival Sunday", planned for churches and synagogues of Quincy for Feb. 3, has attracted the support of a number of parishes in the city.

According to Robert Hassey and Susan Dare, staff members at the multi-faceted drug and youth program serving the South Shore, a number of churches and synagogues will participate in a variety of ways. Each will help to further publicize the activities of or aid the funding of the large non-profit program.

Among the churches planning to observe Survival Sunday will be Quincy Point Congregational,

Wollaston Congregational Church, Hough's Neck Congregational, Christ Church, St. Chrysostom's, Church of the Good Shepherd, Trinity Lutheran, Wollaston Lutheran, Atlantic Congregational, Quincy Centre Methodist, Wollaston (United Methodist) Church, Bethel Beach, Granite Nazarene, First Presbyterian, United First Parish, St. Ann's, Sacred Heart, St. John's, St. Joseph's, St. Mary's.

In the Jewish faith, Beth Israel Synagogue and Temple Beth El will be participating.

According to Ms. Dare, each

church will participate in a different way, participating in the way that is most appropriate for their congregation. Included will be enclosures for bulletins, speakers to talk briefly during services, speakers at Coffee Hours, and in some churches, envelopes will be given out for special collections. A few churches will be participating in Survival Sunday at a later date due to previous commitments.

The main goal for Survival Sunday is to publicize and make the community more aware of Survival's services.

Survival, founded by Dr. Charles Djerf and a number of other concerned Quincy citizens nearly four years ago, now provides a wide range of services to the entire South Shore at no cost for not only drug related problems, but also many non-drug concerns.

■ Today more than ever, people are entitled to value received and promises fulfilled. That goes for funeral service, too.

Thanks to the Code of Good Funeral Practice, this is what you get when you choose a firm affiliated with National Selected Morticians. The Code makes specific promises, and binds NSM firms to fulfilling them. It promises a wide selection in a broad range of prices. Full disclosure of information, and written confirmation of all arrangements and more. So you will know what's new in funeral service, write or call for your copy of the Code. There is no obligation. It is our promise of better service.

DIVINE LOVE ALWAYS HAS MET AND ALWAYS WILL MEET EVERY HUMAN NEED

Mary Baker Eddy

CHRISTIAN SCIENCE READERS, from the left, William B. Ellington, First Reader; Barbara J. Beck, Second Reader; Irene M. Larrington, retiring Second Reader; David B. Chapin, retiring First Reader.

First Church Of Christ Names 2 New Readers

New Readers are announced by First Church of Christ, Scientist, Quincy.

Assuming a three-year term of service are William B. Ellington of Avalon Ave., Quincy, as First Reader and Miss Barbara J. Beck of Washington St., Quincy, Second Reader.

They replace David B. Chapin of Bay St., Squantum, former First Reader, and Mrs. Irene M. Larrington of Knollwood Rd, Squantum, former Second Reader.

Mr. Ellington, formerly of Wichita, Kan., is employed by The Mother Church, The First Church of Christ, Scientist, in Boston, in Computer Operations. He has been a resident of Quincy for three years. Miss Beck is employed by The Mother Church as Customer Services Supervisor for the Publisher's Agent. Formerly of Reading, Pa., she has been a Quincy resident for two years.

Christian Science churches have no ordained clergy, but each church elects from its

membership the two Readers who conduct the services which feature readings from the Bible and the Christian Science textbook, **SCIENCE & HEALTH, WITH KEY TO THE SCRIPTURES**, by Mary Baker Eddy, the discoverer and founder of Christian Science. Prayer, hymns, a solo, and organ prelude and postlude complete the services.

On Sundays the Second Reader reads selections from the Bible, alternating with explanatory passages from the Christian Science textbook read by the First Reader.

On Wednesday evenings the First Reader alone conducts the service with selections from both books followed by a period during which members of the congregation relate personal experiences of problems solved and healings brought about through prayer.

The Christian Science church, at 20 Greenleaf St., Quincy, holds services and Sunday School at 10:45 - Sunday

mornings and Wednesday evening meetings at 8 o'clock. During the week it maintains a public reading room at 18 Beale St., Wollaston, where the Bible and Christian Science literature can be read, borrowed or purchased. A church member is always in attendance to help and to answer questions.

Renaissance, Baroque Periods Theme For Bethany Concert Feb. 10

A re-creation of a concert from the Renaissance and Baroque periods of history will be presented in the sanctuary of Bethany Congregational Church, Quincy Center, at 4 p.m. Sunday, Feb. 10.

The musicians will include Elizabeth Aldrich, viola de gamba; Lois Registein, harpsichord; and Charles Coldwell, recorder. They and the Bethany young people assisting with the afternoon's program will be dressed in the costumes of the period.

The concert is a cooperative venture of the Music Committee of Bethany Church, Mrs. John Krasinski, chairman; and the young people's groups of the church under the direction of Rev. Arthur R. Curtis, associate minister.

The public is cordially invited to attend. An offering will be taken to help cover the costs of the performance.

An examination of the Pilgrim Hymnal used in many churches reveals that many of the hymns sung today have musical roots in these historical periods and have evolved into their present forms as instruments and methods of worship have changed through

the centuries.

Included among the pieces to be played will be:

- Woody-Cock [soprano recorder and harpsichord] Giles Farnaby.

- Carnaries: Spanish Gaita [single drone bagpipe] Fabritio Caroso and Cesare Negri.

- Three pieces from the manuscripts of Andre Philidor. Courante de Melle, de Bourbon en 1640, Brasse et Gaillarde en faubourdon en 1540, Chaconne de Philidor l'ainé [alto and soprano recorders, harpsichord, viola de gamba].

- The Primrose - Martin Peerson, La Volte - William Byrd, Passo e Mezo - Fabritio Caroso and Bernhard Schmid [harpsichord].

- Trio Sonata in D Minor - Telemann [recorder, treble vio, harpsichord].

- Recercada Segunda Sobre El Mismo Madrigal - Diego Irtiz [treble and bass viola da gamba].

Following the concert, the audience will be given a demonstration of recorders, viola da gamba, rebec, transverse flute, bagpipes, pipe and tabor, harpsichord, krumhorn and zink.

Ronald McKee Appointed Quincy Cooperative Treasurer

Ronald A. McKee has been named Treasurer of The Quincy Co-operative Bank succeeding Ralph W. Moorhead who died last April.

McKee has been Acting Treasurer since Mr. Moorhead's death and previously served as Assistant Treasurer. He was recommended to the Board of Directors for promotion by John A. Vivian, the Bank's new President and Executive Officer.

Before joining the Quincy Bank in 1971, McKee was an officer of Hyde Park Savings Bank and had taken many specialized courses of college level in thrift banking. He has completed his classwork at the School for Supervisory Personnel and is a graduate of the American Institute of Banking.

A Past Master of Wessagusset Lodge A.F.&A.M., McKee is

RONALD MCKEE

married to the former Joy Willis who is a Director of Pembroke Visiting Nurse Association. They have three children and live on Plymouth St., Pembroke.

Joseph Doran Elected To President's Club Of Kemper

South Shore insurance consultant J. Joseph Doran of Doran & Horrigan Insurance Center, 19 Billings Rd, North Quincy has been elected to membership in the 1974 President's Club of Kemper Insurance.

The President's Club is the highest endorsement of the Chicago-based Kemper organization. Doran was also named to membership in '72 and '73.

Basis for membership is achieving an outstanding

standard of service and sales to South Shore policyholders. In awarding the membership, M. D. Rudgers, Senior Executive Vice-President of the Kemper Group, explained,

"This recognition is reserved for those agents who excel in selecting and servicing Kemper policyholders and contribute substantially to the growth of our organization and the welfare of their community."

Doran lives with his wife, Helen, and their six children at 12 Cheriton Rd, Quincy.

Hannon Announces For Atty. Gen; Cites Problems That Must Be Faced

By TOM HENSHAW

Watergate . . . corruption in government . . . crime in the streets . . . clogged courts . . . juvenile delinquency . . . Walpole . . . prison furloughs . . . the energy crisis . . .

All were brought out and denounced in varying degrees as Barry T. Hannon of Braintree, the Norfolk County Register of Deeds, announced his candidacy for state attorney general last Thursday.

The problem: Watergate and corruption in government.

Hannon: "The prime objective of my actions as attorney general will be to make use of the tools that our constitution and laws give us, to root out wrongdoing, and prove that our system, while not without shortcomings, is capable of maintaining a higher standard of integrity among its public officials."

The problem: Crime in the streets.

Hannon: "I have set a goal of my tenure as attorney general to find ways to free police from the paperwork jungle that keeps them too busy to apprehend criminals, to inspire citizens to come forward despite their fears, and abolish the 'I don't want to get involved' attitude."

The problem: Clogged courts.

Hannon: "I believe there is

BARRY T. HANNON

much merit to the proposal to make our district courts courts of record and to eliminate what has become an almost automatic appeal of district court cases to the superior court . . . an endless series of trials and retrials which jam the courts."

The problem: Juvenile delinquency.

Hannon: "I have already filed legislation to establish the Office of Behavioral Science in the Department of the Attorney General, to study means by which the causes of delinquency may be monitored and its development avoided by the use of scientific methods, expert

'counseling, special' education."

The problem: Walpole and the furlough system.

Hannon: "I have filed legislation not to abolish the furlough program, but to limit it so that control is maintained. Under my proposal no prisoner would qualify for a furlough unless he has less than one year of his sentence to serve before becoming eligible for parole."

The problem: The energy crisis.

Hannon: "I will bring legal action against the major domestic oil producers and the federal regulatory authority . . . pursuant to the equal protection clause of the 14th amendment . . . that the people of Massachusetts receive their fair share of our nation's petroleum products based on a fuel decree and per capita formula."

Hannon, an attorney with a degree in economics from Holy Cross, was a state representative serving a district that included Braintree, Quincy and Holbrook from 1966 through 1970, when he was elected register of probate.

He and his wife, the former Deborah K. Smith of Canton, have three children, Amy, Barry and Kate. He practices law with his brother-in-law, Joseph P. Hurley, as Hannon & Hurley in Braintree.

Finance Committee Approves \$1.3 Million

The City Council's Finance Committee has reported favorably on a \$1,300,000 appropriation, mostly for the Police and Fire Departments, from revenue sharing to supplement the 1973-74 budget.

The original request was for

\$2,400,000.

A police request for \$990,000 and a fire request for \$1,035,000 were trimmed to \$475,000.

Requests for \$250,000 by the library and \$100,000 for the

recreation department went through unscathed.

Another \$8,000 for the library and a \$22,000 request by the Health Department was held back for want of further information.

The committee met Saturday.

Ordinance Committee Tables Taxi Fare Hike

The City Council's Ordinance Committee has tabled a bid to raise taxi fares in Quincy in light of increased fuel costs to make them comparable to those in

surrounding communities.

Committee Chairman Warren A. Powers said it was decided to withhold the committee report on the proposal until taxi

owners could testify and provide other information on their problems.

The committee met Saturday.

18 Quincy Residents On Thayer Honor Roll

Sophomores Michael Sorkin and Lori Spiegel of Quincy earned high honors during the first term of the 1973-74 school year at Thayer Academy in Braintree.

Other Quincy residents receiving honors for the first term were:

Seniors Carolyn Cashman, Ruth Ciani, Judy Smith, Philip Jackmauh, Peter Larrington, Marlene McDermott, Sandra

Sidotti and Nancy Swan.

Juniors Judd Berman, Jeffrey Mangan and John Walsh.

Sophomores' Jonathan Brougham, Charles Bruehl, John DiRico and Amy Zieper and freshman Steven Anastasi.

Camp Kingswood Applications At Quincy Jewish Center

Applications are available at the Quincy Jewish Community Center, 10 Merrymount Rd., for the 1974 season at Camp Kingswood, Bridgeton, Me.

Camp Kingswood serves Jewish boys and girls, ages eight to 13, from moderate income families in the greater Boston area. The season is divided into

three three-week periods during the summer, with 100 boys and girls attending each session.

Applications are also available at the Camp Kingswood office at 72 Franklin St., Boston, or by calling 542-8080. Camp Kingswood is affiliated with the combined Jewish Philanthropies of Greater Boston. The camp is in its 24th year of operation.

James Lane Aids Tunisia Flood Relief

Navy Ensign James D. Lane, son of Mr. and Mrs. J. D. Lane of 109 Upland Rd, Quincy, left Genoa, Italy, aboard the amphibious assault ship USS Iwo

Jima to assist in flood relief operations in Tunisia.

Helicopters from the ship made numerous supply flights to villages isolated by the flooding.

HOW TO SHOVE A PUSHER

If you have seen illegal drugs being sold or know where a pusher operates you can help end this dangerous traffic with a simple letter to the Police Department.

Put down everything you know about the pusher and his operation and send the letter to Lieutenant Walter Lynch, Quincy Police Department, Southern Artery, Quincy, Mass. or Call 479-1212, Ext. 348.

Glenn Ford seeks girl for star-making role

By NANCY ANDERSON
Copley News Service

HOLLYWOOD — If you are a girl 18 or 19 years old, look 16, can act and have screen charisma, contact Glenn Ford, because he has what he calls a star-making part for you in his new television series, "Punch and Jody."

The pre-sold series for NBC is about a man called Punch who runs a circus and who's suddenly handed a 16-year-old daughter he didn't even know existed.

"She tries to make a gentleman out of him," Glenn enlarges. "They need a girl for the part who looks 16, but who's actually 18 or 19 so that, in the middle of an important scene, her schoolteacher won't suddenly show up and say, 'Time for lessons.'"

"The girl who gets this part is going to become a star." The series will be introduced through a movie for television going into production this month.

"I'm so glad to get away from violence," Glenn says. "And from horses. I may ride a horse into the ring some time in this series, but that will be it. You won't see me chasing outlaws across the plains."

+ + +

Belated best wishes to Frank and Eva Gabor Jameson. Their Yule greeting was a combination Christmas card and wedding announcement featuring a pretty picture of the happy twosome.

+ + +

I met Dirk Benedict, star of "Sassus," at a party and was pleased to discover that he doesn't look at all like a snake. In fact, he's quite handsome.

+ + +

Under pressure, Dack Raube admits that he's still courting "little" Luci Arnaz and says she's a "charming,"

"delightful" and altogether fascinating girl.

Nevertheless, it was Austen Cooper who spent part of the holiday season with him and his family at the parental ranch near Earlimart, Calif.

Dack and Austen were chummy for months before he met Luci in a drama class conducted by David Craig, Nancy Walker's husband. Craig's classes are geared to assist actors interested in the stage, especially in musical comedy, and for a while Dack and Luci were thinking of doing "Babes in Arms" together.

But that fell through and so, it seemed temporarily, did their romance.

But now Luci and Dack are seeing each other again, and Austen and Dack are seeing each other again, and one night recently Dack even had dinner with Loretta Young. So his social life is rich and varied.

Miss Young, as you may recall, gave Dack his show business start when she saw him and his twin brother (killed in an automobile accident in 1967) at mass when they were 17 and cast them in her television show. And she and Dack have remained friends ever since.

Currently Raube is costarring with Jeanette Nolan in "Dirty Sally," the first series ever to spin-off from "Gunsmoke," based on a "Gunsmoke" episode called "Pike" which received the heaviest mail of any segment in the Western's 19 year history.

+ + +

Don't say there are no nice people in Hollywood.

Ryan O'Neal worked in the extremely popular "Love Story" for a measly \$25,000; while Ali MacGraw, owning a share of the picture, got rich.

However, when it was obvious that the film was going to make a fortune, Ali, a real lady, offered Ryan a half of her share.

He, a gentleman, turned the offer down.

Now, though, his virtue's been rewarded. He owns a piece of "Paper Moon," so he's rich too.

+ + +

Diana Douglas who plays the widow Annie Anderson in the new ABC series, "The Cowboys," is mother of Michael Douglas of "The Streets of San Francisco" and the ex-wife of Kirk Douglas.

+ + +

Merle Oberon and Robert Welders are taking a world cruise. . . . Wardrobe man for "The Trial of Billy Jack," on location in Monument Valley, thought there was something odd about the Indian jewelry worn by 100 genuine Navajos who'd been hired as extras and told to provide their own costumes. And, sure enough, close examination disclosed that much of the "turquoise" in their bracelets and squash-blossom necklaces was plastic. The extras explained that Indian jewelry has become such a rage with palefaces, they use every piece of turquoise they can find in ge-gaws for the market.

+ + +

Jim Drury and Bill Macy were roommates at NYU. But that doesn't mean they are close.

"He was Bill Garber then," Drury recounts. "After he got out of school, I heard he was driving a cab, and then, a few years ago, I heard he was in a play, 'Oh, Calcutta.'"

"I was in New York and was curious about what he was doing, so I went to see his show."

"You know what 'Oh, Calcutta' was like don't you? Everyone was naked and postured a lot. And Bill told me that was the most meaningful thing he'd done to that point."

"Anyway, that was the last time I saw him."

Applications Available For Kiwanis Club Scholarships

John Kent, president of the Kiwanis Club of Quincy urges senior school students of Quincy High, North Quincy High and the Vocational-Technical School to check with their school principals or guidance counselors for information regarding the annual New England Kiwanis Scholarship Awards.

These scholarships provide assistance for one year towards the tuition and other costs in a two-year or four-year college, or a two year technical or a three-year nursing school of the recipient's own choice. Basis for the awards are need, scholarship, character and leadership

qualities. The awards are made to deserving young people in New England without regard to sex, race, creed, color or national origin.

Kiwanis will award 27 scholarships of \$450 each.

In addition the Quincy Kiwanis Club annually awards scholarships to seniors from all three high schools.

Scholarship chairman for the Quincy Kiwanis Club is Charles Welch, who can be contacted at Robbie Fuels, 156 Penn St., [479-2345].

Deadline for receipt of scholarship applications is Feb. 15.

Teachers May Search Students, Lockers For Evidence Of Drugs, Alcohol Use

By PAUL FELDMAN

Teachers may search Quincy students and their lockers for evidence if there is "probable cause" to believe they possess drugs or alcohol.

The go-ahead was given at a Drug Procedure Seminar at Quincy High School to discuss and clear up any possible confusion over social health guidelines.

Most people questioned at the meeting believed the problem of alcoholism is on the increase in Quincy High School while the drug abuse problem has not changed for the better or worse.

School administrators, city officials and police experts discussed with Quincy High School and Quincy Vocational-Technical School teachers courses of action to deal with students caught or suspected of using drugs or alcohol in school.

A similar seminar will be held at North Quincy High School Friday.

The discussion Friday involved guidelines approved by the School Committee last November.

Other steps to be taken, it was established, include:

• Teachers send students who appear to be under the influence of drugs or alcohol to the school

nurse while the school principal contacts the student's parents.

• Teachers inform the principal about students with physical or behavioral problems which may have arisen due to drug abuse.

• Student-teacher discussions, guidance talks or parental conferences be held for students with problems of possible drug origin.

• Teachers confiscate any visible evidence to be turned over to police.

The guidelines were instituted, according to School Supt. Lawrence P. Creedon, "so individual rights [of students] are not violated and so teachers don't compromise their own rights."

"Probable cause" is necessary so a student does not have to undergo unreasonable searches.

According to City Solicitor Richard McCormick, speaking at the seminar, a court determines "probable cause" by taking into account "each factual circumstance a reasonable prudent person has at the time [of a search]."

Probe Resumes Friday

No 'Wild Statements' Says LaRaia

By TOM HENSHAW

The new City Council's Oversight Committee comes to grips Friday night with its first and thorniest problem—the probe of the Cemetery Department.

The Committee, recently given new status as a committee of the whole, meets at 6:30 p.m. in the Council Chamber either to pick up where the old council's committee left off or start in all over again.

One of the new matters that may come before the committee is the charge by Councillor Joseph J. LaRaia that some 500 grave lots in Mt. Wollaston Cemetery were reclaimed and illegally resold by the Cemetery Department.

LaRaia, however, said he was "reluctant to judge if there has been any [deliberate] wrong doing."

But he noted that no one has

refuted anything that he has said so far.

"I'm not making wild statements. Those who say I am, are just talking and talk is cheap."

The rulings of two prior city solicitors recalled by present Solicitor Richard McCormick Monday night shows that the question of re-selling old grave lots has come up before.

And Solicitor Arthur I. Burgess in 1952 and Solicitor George W. Arbuckles in 1954 indicated that lots not used over a long period of time could be legally resold by the city in their opinions.

LaRaia said the lots, most of which were purchased around the turn of the century, were taken by the city between 1969 and 1972 without the documented consent of the owners or the owners' heirs.

Convict Offers His Eye

Help, Encouragement Stream Into Micky Rucker

Offers of help and words of encouragement are streaming in to 16-year-old Michele [Micky] Rucker following surgery last week that may save her eyesight.

Bernice Murphy of 122 Everett St. Wollaston, has written to the Sun saying she would like to start a fund for Micky if other volunteers can be found.

And a convict has offered to donate an eye to the Sterling Junior High School honor student - although hospital officials say a transplant to save a detached retina is impossible.

For now, it's a "day to day wait" to see how the daughter of

Mr. and Mrs. Olin Rucker of 369 Granite St. responds to the operation on her right eye.

She lost the sight of her left eye three years ago.

Her parents are hopeful after hearing reports from Micky's doctors that she could see some shadows less than a week after the operation.

"The doctor has done everything he could and he didn't run into complications during the operation," says Rucker.

Micky is recuperating at the Mass. Eye and Ear Infirmary in Boston.

While her mother described her as "depressed" before the operation, her father says that now "she's in a much better mood."

"She was a petrified little girl but she has been able to see the shadows of fingers in front of her eye and it has boosted her morale," says Rucker.

Micky, one of seven children, underwent surgery last week when a routine checkup showed the retina in her right eye was detached.

Her father has been out of work since December due to a back injury.

2 North Weymouth Precincts Included

4 Separate State Representative Districts For Quincy

Two precincts in North Weymouth would be allied with Quincy Point in a new First Norfolk District when voters go to the polls to ballot for state legislators next fall.

The redistricting plan, passed recently by the legislature, breaks Quincy down into four districts instead of the current three. The city would still have four representatives, however.

Under the old system, the city's districts line up like this:

First Norfolk - Ward 1. One representative.

Second Norfolk - Wards 2 and 3. One representative.

Third Norfolk - Wards 4-5-6. Two representatives.

The ward lines in the old system, of course, were drawn before the city was forced to redistrict its wards last fall.

Under the new system, still figured under the old ward boundaries, the districts looks like this:

First Norfolk - Ward 2, Precincts 1-2-3-4; Ward 3, Precincts 1-2-5; and Weymouth Precincts 1 and 11.

Second Norfolk - Ward 1, Precincts 1-2-3-4-5-6-7-8-9; Ward 3, Precincts 3-4.

Third Norfolk - Ward 6, Precincts 1-2-3-4-5-6-7; Ward 5, Precincts 4-5-9.

Fourth Norfolk - Ward 4, Precincts 1-2-3-4; Ward 5, Precincts 1-2-3-6-7-8; Ward 6, Precinct 8.

Each district has one representative.

A bill filed by Rep. Joseph E. Brett [D-Quincy] would change the old ward-precinct numbers to conform to the

new.

Then the districts would look like this:

First Norfolk - Ward 2, Precincts 1-2-3-4-5-6; Ward 1, Precinct 7 and Weymouth Precincts 1 and 11.

Second Norfolk - Ward 1, Precincts 1-2-3-4-5-6; Ward 2, Precinct 7; Ward 3, Precinct 1-2; Ward 4, Precincts 6-7.

Third Norfolk - Ward 6, Precincts 1-2-3-4-5-6; Ward 3, Precinct 7; Ward 5, Precincts 4-5-6.

Fourth Norfolk - Ward 3,

Precincts 3-4-5-6; Ward 4, Precincts 1-2-3-4; Ward 5, Precincts 1-2-3.

None of the four current state reps from Quincy would be in conflict with another if they were to run again.

Clifford H. Marshall is in the First District; Thomas F. Brownell in the Second; Brett in the Third; and William D. Delahunt in the Fourth.

Marshall, however, is running for sheriff of Norfolk County.

Students, Lockers May Be Searched For Drugs, Alcohol Evidence

[Cont'd from Page 1]

Over 100 Quincy High School and Vocational-Technical School teachers discussed the new guidelines in small classroom sessions led by officials that included City Solicitor McCormick, Police Detective Frank Buckley and Quincy High School Principal Lloyd Creighton.

In room 101, about 20

teachers sat somewhat cramped in the seats usually reserved for their students while Detective Buckley spoke frankly about the drug situation:

"Narcotic officers are liberal. We don't get uptight about a kid blowing a joint - we should just make the parents aware. But selling is a different story."

He said, "It is not fair for teachers to be expected to be law officers" and added that teachers should "just make the police aware" of any problems.

The teachers looked much like a typical class of students - most paying strict attention to the discussion. However, two or three at the back whispered among themselves and several smoked cigarets.

Unlike the stereotyped teacher of bygone days, the teachers came in all shapes, sizes and appearances. From older men with crewcuts and bald tops to younger men with beards and hair flowing over their shoulders...from women with dresses and nurses uniforms to young women in slacks. At one point of his frank discussion, Buckley mentioned that "nowadays the guys with the beards are in and those with crewcuts are called the faggots". "I'm no faggot," yelled a crewcut teacher, about 50 years old, from the back of the room. The class - just like a regular school class, chuckled at length

at the incident.

After listening to Buckley speak, the teachers asked their own questions - "I always smell pot in the basement, but when we get there the students have run out the exit. What can we do?" asked a school nurse.

Buckley suggested, "Send a guy out to spook them...make it difficult for them."

Another teacher asked "Why is a boy, a known user, allowed to go to school?"

Buckley, answered, "We have no authority to say who goes to school and who doesn't."

Nine other classes listened to other instructors including City Solicitor McCormick who discussed searches at length.

"Probable cause" that a crime has been committed is needed for a search of a locker or person to be justified - unless the student voluntarily complies with the teacher. McCormick warned teachers that any unreasonable search of a student for drugs or alcohol can result in a court case for both monetary loss and punitive damages.

Asked if teachers must testify in court, he said, "It depends on the circumstances - for instance, if he was the only one to see the crime committed or not."

McCormick suggested that teachers "build a folder" on suspected drug users and added, "Give it to an investigative police officer - he'll make some

hay out of it."

Guidelines are never specific rules, and the new Quincy drug procedures are open to many interpretations which cropped up in both the discussions and in interviews after the seminar.

Speaking with The Quincy Sun, Principal Lloyd Creighton said, "No folders are made now and this is not the role of the teacher."

On the subject of locker searches, Assistant Principal Robert Basiliere said lockers can be searched by school officials without probable cause for legal violations. "We can search lockers for health reasons - to clean out old sandwiches, for example."

Other subjects, most people questioned did agree. The general consensus of teachers and officials was that the problem of alcoholism has increased recently in Quincy High School.

According to Basiliere, "There is now much more alcoholism. It's more severe than drugs."

Those questioned also agreed that while the drug problem has not receded, it is also not multiplying at the rate it had in previous years.

Said Principal Creighton, "This seminar is just part of an on-going program. There's no change I can see in school drug abuse."

Cemetery Dept. Probe Resumes Friday

[Cont'd from Page 1]

LaRaia told the Quincy Sun: "State law says ownership of graves is indivisible. It is passed on to the heirs. The only way it can be passed on to the city is by consent of the heirs. If the consent is given to the city it must be documented. It is city policy that compensation should be \$40 if the original value of the grave is unknown. Neither one of these has been followed."

"I have reviewed the files of

the Cemetery Department that are open to the committee. I have seen wholesale transfers and resales. That's fact. There has been some documentation of consents. I have seen that in some cases. The Cemetery Board of Managers has indicated that it has not given authorization to handle such matters in this way."

LaRaia has been instrumental in keeping the Oversight Committee probe alive once it was begun following the resignation in November of Cemetery Supt. Anthony Famigletti.

A city audit of the Cemetery Department disclosed that Famigletti had buried two relatives without fee. He made restitution to the city of \$754 after his resignation.

The City Council probe of the Cemetery Department by its Oversight Committee began virtually at LaRaia's insistence in December but it hadn't finished its work when the old council expired.

LaRaia said the initial meeting of the new committee Friday night will be largely procedural. He said the new chairman, Councillor John J. Quinn, talked that way at the Council meeting Monday night.

"He said he is going to review procedures that we will follow in future meetings," said LaRaia. "He is talking about eliminating the attorney and the stenographer so as not to spend any more money. We will be starting over again like there had never been an old committee."

"But don't forget, whatever we do has to be voted by the committee."

LaRaia has taken considerable flak over his insistence on continuing the probe, long after the results of investigations by the city auditor and the police department were made known.

"Right from the outset," he told The Sun, "it was apparent that the committee was going to tie a ribbon around it and put it under the tree and forget about it. That stirred me up."

"It was like pulling teeth to get them to move. Once they got moving there were attempts to scuttle the investigation. It was said that the committee was wasting money and that the matter was none of our business."

"They said that if there were criminal charges they should be brought to the district attorney or the police."

"I am not making a judgement on what is criminal and what is not. I just want the committee to bring out the facts and let the Council act on them and have reports made."

"Some members of the Council are getting sidetracked. They're getting hung up on criminal charges. They are not focusing on the issue and that is the review of the operations of the Cemetery Department."

LaRaia said he doesn't know what direction Friday night's committee meeting will take but "I am ready to act on all circumstances. I'm ready - for anything that they may propose."

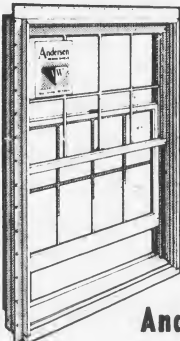

"I'm not optimistic on the longevity of the hearings. I'm optimistic on my sincerity in following them through. I'm not interested in seeing them drag on. I'd like to see the whole thing wrapped up."

Mendler Resigns As QCBPA Director

Ronald H. Mendler has resigned as executive director of the Quincy Center Business and Professional Association.

Association President Mark Bertman made the announcement Wednesday and said that "the resignation was accepted with deep regret."

Mendler, who had been executive director since April 1, 1973, submitted the resignation by letter Monday. It was

accepted by the board Tuesday.

A resident of Attleboro, Mendler had held an executive post with radio station WPEP in Taunton before coming to Quincy.

"The association has made great strides during Mr. Mendler's administration and we wish him the best of luck in any future endeavor he may undertake," Bertman said.

Assistant Dog Officer Approved By City Council

The City Council has approved funding for an Assistant Dog Officer in Quincy.

A total of \$2,316.30 will be transferred from the police personal services budget to the animal control personal services budget.

Howard Ainsley of Quincy has worked at the dog pound for about three and a half years under the Federal Youth Corp Program and is expected to get

the new job.

At the Council meeting Monday, Dog Officer Frank Berlucchi testified that Brockton and Newton both have four dog officers and Milton has two men assigned to the dog pound.

Police Chief Francis X. Finn said the need for a full-time assistant is "critical" but argued against future fund transfers from the Police Personal Services budget.

No Conflict For Lydon In Cemetery Dept. Probe

City Solicitor Richard J. McCormick has ruled that City Councillor John J. Lydon Jr. may sit on the Council's Oversight Committee without conflict of interest during its probe of the City Cemetery Department.

Lydon, a Wollaston funeral director, suspended his own participation in the committee's work because his funeral home does business with the Cemetery Department and he personally contributes to the Cemetery employees Christmas fund.

Ruled McCormick:

"As a city councillor, you do not participate in, nor have any official responsibility for establishing the prices for the sale of the lots nor the charges

for opening the graves.

"This responsibility rests with the Cemetery Board of Managers.

"Again, I do not feel that the contribution to the Christmas Fund creates a conflict of interest because the city does not have a direct and substantial interest in the said fund."

Lydon said he "is pleased" with McCormick's ruling.

He said he sought the ruling "so as not to have a minority group bringing a law suit against the Council and interrupt its current proceedings with regard to the Cemetery investigation."

Hearing Tonight On Point

Drainage Ditch

The Quincy Conservation Commission will hold a public hearing tonight (Thursday) at 7:30 p.m. at the John F. Kennedy Health Center Auditorium on a city plan to enclose a storm drainage ditch in Quincy Point.

The ditch, which runs through the Faxon property across from 1000 Southern Artery, is part of a large project to improve the storm drainage system in the area.

The hearing was originally scheduled for the Council Chamber in City Hall.

The '5 And 10' Gasoline Plan

The last thing most of us want is to have all-out gasoline rationing clamped on us. Anyone favoring it would also probably like to re-fight World War II.

But full federal rationing could be nearer than we think. Fortunately there still seems to be time to head it off. The latest Federal Energy Office Plan appears to be a big step in the right direction.

And it certainly should eliminate the chaos and the ridiculous long lines of cars stacked up at local gasoline stations.

For one thing it should eliminate panic buying and hopefully, preferential treatment to some customers.

But it all depends on voluntary compliance on the part of both the dealer and the customer.

Under the plan, motorists would buy a minimum five gallons and a maximum 10 gallons. Dealers are asked to prominently post the hours they are open and to stagger the hours so that gasoline would be available in all communities at normal hours.

It wasn't too long ago that many motorists drove around with a half-tank of gasoline and thought nothing of it. Now when the gauge needle gets to that point, they push the panic button and hop around to several gas stations to get the tank filled. Often at \$2's worth per station.

If they couldn't purchase less than five gallons and could get 10 gallons this would go a long way to making gasoline more available and to cut down on the long lines of cars which have become an Excedrin headache to many.

For one thing, they constitute a serious traffic problem—especially when there are gasoline stations on both sides of the same street. The cars also block driveways and other business firms.

The lines are getting so long now that by the time some cars reach the pumps to get \$2's worth of gasoline, they have almost used it up to get there.

The new plan depends on the full cooperation of dealers and customers. It deserves a fair trial, at the very least.

If this doesn't work, we probably are faced with one of two evils: national rationing or a high gasoline tax to keep the demand down.

We'll take the voluntary plan, thank you. We hope you will, too.

The Germantown Pet Task Force

City officials and the Germantown community are facing up to the serious problem created by stray and unlicensed dogs.

They do not want another sad Tammy Stuart incident.

As a result of a meeting called last week by Mayor Walter Hannon, residents and officials are cooperating in zeroing in on stray and unlicensed dogs.

A Germantown Pet Task Force has been created, headed by Mrs. Theresa Martin who last summer successfully fought an eviction notice after refusing to give up her dog in her Germantown public housing apartment. She felt she had the right to own a dog.

But she and a number of other women comprising the task force, also realize the danger of unlicensed dogs who may not have been inoculated for rabies. And they are well aware of the nuisance dogs allowed to run can be, and the danger they present to youngsters.

The women have become "spotters" in the area, looking for unlicensed and roaming dogs. They will report them to Dog Officer Frank Berlucchi. Meanwhile City Health Commissioner Dr. Alfred Mahoney will set up an inoculation clinic.

We think the action is commendable and note that it is in keeping with our editorial of Jan. 24 that urged enforcement of the dog leash law.

But enforcement should not be restricted to Germantown. Roaming dogs—possible rabies carriers—are a city wide problem. Other sections of the city should pitch in and help solve it now before the hot days of summer arrive.

Let's not wait until another youngster is attacked in North Quincy, Wollaston, West Quincy, or Quincy Point. No child should have to pay that penalty because adults just didn't care.

- Grim News For GOP
- Next: Fertilizer Shortage
- Plenty Of Oil—Under Ground

(Copyright, 1974, by United Feature Syndicate, Inc.)

WASHINGTON — Politics is an uncertain science. But our own political soundings indicate that the Republicans may be virtually wiped out at the polls this year.

Even Republican veterans, like Sen. Barry Goldwater, are predicting that Watergate will cost the party a 10 per cent vote drop in November. The only way the voters can register a protest against President Nixon is to vote against the Republican candidates for Congress.

But the greatest threat to the GOP is the economic outlook. Food costs shot up 19 per cent last year. Fuel costs skyrocketed 20 per cent. Interest rates hit new heights, with banks charging 10 to 15 per cent. And prices are expected to continue to soar this year.

The oil shortage has forced layoffs in the airline, automobile, petrochemical and tourist industries. This has caused a chain reaction, which could boost unemployment to seven per cent this year. It also means less overtime for those who keep their jobs.

The inevitable result will be a drop in personal income, a pinch in purchasing power and a cutback in purchases. All these factors add up to a recession and inflation, incredibly, at the same time.

Already, the AFL-CIO is gearing up to take out its vengeance upon Republican candidates. The polls indicate that nonunion workers also trust the Democrats more than the Republicans with their economic welfare. The suspicion is spreading that Republican policies protect the profits of the corporations and the banks, while neglecting the people who work for a living.

This attitude may be unfair, but it is grim news for the GOP.

Famine Forecast: The world faces a critical fertilizer shortage, which could bring famine to the underdeveloped countries. Such nations as Bangladesh, India, the Philippines and South Vietnam need huge amounts of chemical fertilizers to grow the miracle grains, which have saved their impoverished people from starvation.

The problem is that chemical fertilizers are made from oil and gas. The oil squeeze has left the underdeveloped

countries desperately short of fertilizer to nourish their miracle grains.

The United States foresaw the problem six months ago and began trying to raise 640,000 tons of fertilizer through the foreign aid program. But only 110,000 tons could be found — scarcely one-sixth of the anticipated need.

The United States itself cut back on fertilizer exports so its own farmers would have enough fertilizer to assure a good harvest. Other exporters, such as Japan, have also reduced fertilizer production to save on oil.

The result will be serious crop shortages next harvest. In the past, the hungry nations have been able to turn to the United States for food. But the U.S. granaries have been drained so low that Russia has offered to ship grain to the United States to tide us over until the next harvest.

Meanwhile, the ominous outlook is for widespread famine.

No Shortage Under-ground: If our mail is any indication, the oil shortage is the biggest problem on the minds of the American people. They want to know whether there is a real shortage or whether the oil crisis was contrived by the industry to push up prices.

To find the answer, we have developed sources inside the executive suites of the big oil companies. I have had access to some of their secret corporate papers. Here's what we have learned:

There is no oil shortage — under the ground — in the United States. More than 36 billion barrels are ready to be pumped out. But this is just the cream of the oil reservoirs. Another estimated 150 billion barrels are saturated in the sands and clays.

To extract this oil would require costly technologies which the oil companies have neglected. They have found it cheaper to develop foreign oil fields. They have spent an absolute minimum on research for ways to remove producible oil from the oil sands.

But now, foreign governments are threatening to take over the overseas oil

fields. The secret corporate papers show that the oil barons, therefore, conspired to increase prices. They hoped to raise capital to reactivate their abandoned American wells and to get out the oil slush.

They also need more money to build refineries. They must build 60 new refineries over the next 10 years to catch up with U.S. needs.

Meanwhile, there is no oil shortage in the United States. But there is a definite shortage of refined petroleum products.

More Miracles Needed: The amazing Henry Kissinger has defused the Middle East crisis. Israeli troops are pulling out of their bridgehead on the Egyptian side of the Suez Canal. Egypt's President Anwar Sadat has called upon his Arab allies to lift the oil embargo. Arabs and Israelis are preparing for serious peace negotiations at Geneva.

Yet the secret intelligence reports describe some ominous undercurrents.

Saudi Arabia's King Faisal is reported to be balking at resuming oil shipments to the United States. He is a stubborn old monarch who still insists his public demands be met. These terms, including the release of Jerusalem to the Arabs, are unrealistic. But his more moderate oil minister, Ahmed Zaki Yamani, is having trouble persuading him.

In Syria, President Hafez al-Assad remains in a militant mood. He has been quoted in the intelligence reports as denouncing his Egyptian allies for dealing with the Israelis. He has even threatened to resume the fighting, although this is taken as bravado.

In Israel, the militants are also causing trouble. They have accused Prime Minister Golda Meir's government of buckling under Kissinger's pressure and abandoning military positions vital to Israel's survival. The pressure from the militants has made it difficult for the Israeli diplomats to make the concessions that will be necessary to obtain a permanent peace.

The intelligence reports indicate, in other words, that Kissinger will have to work still more miracles to bring peace to the Middle East.

Williams Ready To Toss Hat; Mayor Hannon A Democrat?

By HENRY BOSWORTH

Tom Williams, 25-year-old Quincy Point attorney and realtor, is expected to officially announce his candidacy for state representative in that district next week.

Williams is one of several mentioned here last week as potential contenders for the seat being vacated by Clifford Marshall to run for sheriff.

Although he will be making his first run for public office, he would have to be considered a formidable candidate for the Democratic nomination.

He's a virtual life-long resident of Quincy Point and is a member of a pretty well known family: his mother is Catherine Duane and his grandfather the late John [Zep] Duane, founder of the wrecking and building firm.

Williams is vice-president of the Ward 2 Civic Association and former vice-president of St. Joseph's Holy Name Society.

And, he's also a member of, the North Weymouth Civic Association.

The latter could be important because the state representative district this year will include old Ward 2, Precincts 1-2-5 of old Ward 3 and Precincts 1 and 11 in North Weymouth.

Williams actually is already off and running. The committee to elect him has obtained committee papers from the Secretary of State's Office. Chairman is Anna Lyons of Curtis Ave., Quincy Point.

HERE'S ONE: Latest speculation around local political circles is that Mayor Walter Hannon will switch from the Republican ranks to the Democrats. The fact that he openly endorsed Clifford Marshall for sheriff at the latter's kickoff reception has the rumor mill working overtime.

NEWEST POLITICAL GAME locally is called "Who's With Who?" Or is it "Who's With Whom?". Anyway, the local Democrat leaders are beginning to make their choices as to who they will support for governor.

Rep. Thomas Brownell and Atty. Richard Barry, former city councillor and assistant district attorney, are behind Atty. Gen. Robert Quinn. Rep. William Delahunt appears to be with Mike Dukakis.

Big question seems to be: Where do Senator Arthur Tobin and former Mayor-Senator James McIntyre stand?

NEW Ward 3 Councillor John Lydon may start a new trend in keeping in touch with constituents. Monday night he set aside the hours of from 6 p.m. to 7:30 p.m. in the new City Hall conference room to meet with and discuss matters with residents of his ward. He also hung around after the Council meeting for later arrivals.

SPEAKING OF LYDON, he notes his new Ward 3 has coincidences running in three's. Like:

Three mayors live there: Walter Hannon, Thomas Burgin, James McIntyre. Three representative districts are in Ward 3: seats occupied by Joseph Brett, William Delahunt and Thomas Brownell.

Three MBTA stations are within the ward. The three major open space and potential development areas left in Quincy are there, too: Montclair marsh, Wollaston golf course, Quarry St.

One exception to the three's coincidence: There are five Catholic parishes: Sacred Heart, St. Ann's, St. Mary's, St. John's and St. Agatha's, Milton.

THE DEATH IN Cranston, R.I. this week of Edward Geehr, at 92, brought back fond memories for many in the Quincy-South Shore area. Ed, from 1929 to 1954 helped a thousand sponsors launch as many ships at the then Bethlehem Steel Co.'s Quincy Yard.

Assistant to the manager, he was popularly known as "the man with the white carnation". Sponsors and their parties were always told to look for the carnation and Ed would be at their side and service.

Each sponsor had the traditional bottle of champagne to crack across the ship's bow. But unknown to most people, Ed always stood strategically nearby with a spare bottle hidden in his coat or under his jacket just in case.

One day the extra bottle was needed. During World War II, the yard was launching an LST. The sponsor swung and missed. So Ed whipped out the spare and fired a bull's eye as the vessel slid down the launching way.

The champagne, incidentally, cost about \$5 per bottle, Ed once disclosed.

HOW MANY PIECES of mail do you think you receive in a year? Go on, guess. O.K., if you're average, you get 428, reports the U.S. Postal Service. Way back in 1847, the average was only six. [Well, some people like to know those things.]

In 18th century France, elaborate paper dolls cost up to \$7,500 a piece, and adults played with them in the streets.

Letter Box Help Dog Officer Enforce Leash Law

Editor, Quincy Sun:

An unfortunate incident occurred in Germantown when a child was mauled by two dogs. It could have happened anywhere in our city, and hopefully positive steps will be taken by the responsible pet owners of Quincy so that no other child suffers the fate of little Tammy Stuart. Now is the time for all pet owners to start cracking down on the irresponsible ones. Report violations to the police department.

The responsibilities of a dog owner are: 1. Innoculations within the first three months. 2. Licensing. 3. Rabies shot at six months or older. 4. Obey the Leash Law and avoid being a nuisance to your neighbor. 5. Pick up your dog litter.

We recommend that you contact Carolyn Griffin, volunteer, Friends of Animals, 20 Morgan St., Randolph, Mass. Phone 963-7240.

Let us see that the "Leash Law" is enforced in the City of Quincy. Help our Dog Officer do his job and he will help us keep our dogs.

Mayor Walter Hannon has responded to this serious city problem in a most constructive way. He has urged, inoculations, licensing, and enforcement of the leash law for all dogs of Quincy.

Sincerely,

'Thanks' For 'Survival Sunday'

Editor, Quincy Sun:

On behalf of all persons involved with the many activities of Survival Inc., I would like to publicly extend my warmest thanks to the many churches and temples in the city of Quincy who participated in and helped make the recent Survival Sunday such a success. Over 20 places of worship opened their doors to Survival on Feb. 3 and allowed this multi-faceted program to describe its activity to thousands of Quincy residents.

Because of the event, I am sure that many more persons will have easier access to the varied forms of help to be found at Survival. The opportunity for increased community exposure can only help us reach those in need.

Again, to all the participating places of worship who helped us out, please accept Survival's deep appreciation. Your assistance has indeed helped Survival to help others.

Living, Today

By Dr. William F. Knox
Personal Counselor

'You Must Do It Yourself'

"You're the doctor" ... Al said ... "Anything you say." Al said the words ... but he didn't feel it in his heart. His resolution was only surface. His temper tantrums continued ... so also his lazy habits ... and his excuses ... his lack of affection for his wife ... his drinking, Marie was fed up. She'd blamed herself for his conduct. He'd tried to make his behavior her fault. Their relationship was in jeopardy ... so typical of what is happening to many marriages.

Finally ... I said "Al ... I'm going to level with you. We can go on this way with these counseling sessions 'til hell freezes over ... and nothing will happen. But I don't feel good about taking your money with no results. You listen ... agree with me ... and go out and do exactly as you did before. You and I have gone to the very heart of your problems ..." (he was emulating his father in every way he could) ... "You still say you love Marie and want to be happy with her. But until YOU DECIDE TO CHANGE nothing can improve. Think about this now ... and if you decide to do something about your life, call me ... and I'll see you again. If you decide to go on this same pattern, all I can say is ... "good luck to you." It's your choice now, Al."

A week went by ... and I didn't hear from him. Two weeks. Three weeks. Meanwhile Marie was facing up to the decision of what to do with her life. She wanted marriage ... and with Al. But not on this basis.

During the fourth week Al called. "Dr. Knox," he said, "you really jolted me. I thought I was conning you and Marie by going through the motions of counseling. But you sorta blew the whistle on me. I want to come

back."

He came ... a different man ... open ... honest ... sincere. He began to deal with himself ... his temper ... his jealousy ... his drinking ... his father complex ... his laxness ... his selfishness. Suddenly the tide began to come in for Al. He stopped drinking completely. Now he could think rationally. He began to see his relationship with his father as it really was ... a little boy dependency ... a false respect for his father whose qualities were not worthy of his respect.

Al changed ... suddenly and beautifully. Marie and Al became a beautiful couple. Why? Because he stopped conning himself ... and began to be the man he wanted to be.

These much-sought-after GEMS OF HAPPINESS ... PEACE ... LOVE ... come not from Washington ... nor miracle pills ... nor Kohoutek ... nor a husband/wife. The environment around you may make these easier to come by ... or harder. BUT YOU MUST DO IT YOURSELF ... nobody can bring fulfillment to you but YOU. Again I say ... get a clear image of what you want to be ... and do. Then move toward that goal. You have the power in you to be what you want to be. Stop waiting for someone else to do it for you. YOU MUST DO IT YOURSELF.

Can I Speak Out At
School Committee Meeting?

"Do I have the right to tell my school committee what I think is important for my child's education?" asked a caller to the League of Women Voters Information Phone.

"Yes you do," said the League volunteer. When an issue concerns you, you may request time in advance to speak at a regular school committee meeting and you can always attend meetings as an observer.

In 1972 the State Legislature required school committees to hold a public hearing on the school budget prior to its adoption. This is your opportunity to learn what the school committee is planning and to express your views. Watch your local paper or call city or town hall to find the scheduled date for your public

hearing. This question is one of the many now being received by the League of Women Voters Voter Information Phone. Individuals with any questions on government may call the VIP phone Monday through Friday between 10 a.m. and 2 p.m. The number in the Boston area is 357-5880.

Quincy Symphony In Annual Midwinter Concert Feb. 12

The Quincy Symphony Orchestra, conducted by Robert E. Brown, will present its annual Midwinter Concert Tuesday, Feb. 12, at 8:30 p.m. in the North Quincy High School Auditorium.

The program will include the Bruch Violin Concerto, featuring Melvin Simms, violin soloist.

Simms is a mathematics teacher at Quincy High School and a student of Ikuko Mizuno of the Boston Symphony Orchestra.

Other works to be included in the program are Brahms' Academic Festival Overture and the First Symphony of Jan Sibelius.

Simms, a native of Detroit, began playing the violin at age nine. His first serious study began with Jack Boesen of the Detroit Symphony Orchestra. He later studied with Pedro Paz and George Baziotouplous at Olivet College, Olivet, Mich.

On coming to Boston in 1964, he began studying with Roman Totenberg at Boston University. For the past four years, he has

been studying with Mizuno.

Simms has given solo and chamber music recitals in the Western Massachusetts and the Greater Boston areas. At the present, he is a member of the Trafford String Trio. In the near future, he is planning to give a series of solo and chamber music recitals in Quincy and Boston.

Charlotte Vena Active In Boston Bicentennial

Mrs. Charlotte Vena of Quincy is taking part in Boston's bicentennial program, Boston 200.

As secretary to the director, she will be working with neighborhood organizations, cultural institutions, businesses and private citizens that are interested in participating in the celebration of the nation's 200th birthday.

While many activities are underway now, Boston 200 officially begins in April of 1975 and runs through to the end of 1976. Mayor Kevin White inaugurated it in November, 1972.

Mrs. Vena graduated in 1971 from Katharine Gibbs School and has been with the Boston 200 since September, 1973.

The North Quincy Council Knights of Columbus is planning its annual "Irish Night" to be held March 16.

John J. Lydon, chairman, said the event will include an Irish boiled dinner, step dancing demonstrations, general dancing and a door prize.

The council held an "Italian Night" at the Quincy Armory recently to help raise funds for a \$1,000 donation to the Massachusetts State Council Charities for exceptional and handicapped children.

Entertainment was by the Blue Flames. A seven course Italian meal was served. Kenneth Runge was chairman.

Tell girls to stay in line

By PAT and
MARILYN DAVIS
Copley News Service

Dear Pat and Marilyn:

You are always telling the boys to stay in line. Well, how about girls? Why are you discriminating? My girl is a good example of what I mean.

Last Saturday my aunt invited the family to dinner and included my girlfriend, Susie. Susie spent the night sitting so close to me that she was all but in my lap. She held onto my hand as though I might try to escape. A thought which did enter my mind as Dad glared and glared. I knew he wanted me to do something about the situation so I moved to a chair. This didn't stop Susie! She came over and sat with me.

So stop aiming all your advice at boys. Give it to the girls. They need it, too.

Too Close

Dear Too Close:

Before you attend another family gathering give Susie a few instructions. She needs them. There is a place for everything so tell Susie hers is NOT climbing all over you in public.

Dear Pat and Marilyn:

My family has always been a bit on the formal side. We

think a great deal of one another but seldom kiss or put our arms around each other. My husband's family is the exact opposite. Even if they see each other everyday, they always kiss. When I am with Joe's relatives, I try to do as they do. And I expect the same from Joe concerning my family. However, he is constantly complaining that my relatives are cold and I find this irritating. How can I make him understand that all people are not alike?

Ann

Dear Ann:

If you accept his relatives as they are, it is up to Joe to show you the same consideration. Tell Joe you will kiss and hug his family and he can shake hands with yours. That should settle the matter.

Dear Pat and Marilyn:

I am 21 and as flat as a ten-year-old. I have tried creams and lotions — nothing helps. What do you suggest?

Flat

Dear Flat:

Why go around looking flat-chested? Don't take the attitude that you are the only woman with this problem. The stores are full of padded brassieres of every shape and size.

No wonder kids today can't spell

If your kids can't spell as well as you think they should, part of the fault may lie with widespread disagreement among leading dictionaries.

A study published by the National Council of Teachers of English in Urbana, Ill., lists variant spellings of 2,400 words in five widely used school dictionaries. — CNS

Tuna dishes elegant and easy on budget

By SUSAN DELIGHT

The high cost of meat is inspiration enough for budget-watchers to seek dishes calling for lower-cost protein foods.

In weeks following the holidays, the meat dollar is especially under close surveillance. A can of tuna represents innumerable dishes — many in the gourmet class — which are easy on the budget. Two distinctive tuna dishes are featured today. Tuna Quiche is just as elegant and inexpensive as its namesake and just as easy to make. The pastry is made with an egg yolk. However, a mix or even frozen pie crust shells will do the job very satisfactorily.

Tuna Sauced Spuds features baked potatoes served with a dill-flavored creamy tuna sauce.

TUNA SAUCED SPUDS

6 baking potatoes
1/4 cup butter or margarine
1 tablespoon finely chopped onion

1/4 cup flour
3/4 teaspoon salt
1/4 teaspoon pepper
1/2 cup milk
1 cup light cream
1/2 cup sour cream
1/4 cup diced pimiento
2 cans (6 1/2 or 7 ounces each) tuna in vegetable oil
1 teaspoon dried dill weed
1 tablespoon lemon juice
2 tablespoons grated Parmesan cheese

Scrub potatoes well. Dry. Prick with fork to let steam escape during baking. Bake in

SPUDS AND TUNA -- Tuna Sauced Spuds feature baked potatoes topped with a creamy tuna sauce flavored with dill.

TUNA QUICHE

1 unbaked 9-inch pastry shell

1 tablespoon butter or margarine

425 degrees F. oven 1 hour, or until tender when tested with a fork. About 20 minutes before end of baking time, melt butter in saucepan. Add onion and cook until tender. Blend in flour, salt and pepper. Gradually add milk and cream; cook, stirring constantly, until mixture thickens and comes to a boil. Remove from heat; blend in sour cream. Add remaining ingredients; heat to serving temperature. Cut potatoes lengthwise and crosswise about 1 1/2 inches deep. Press sides to push up potato. Spoon a generous amount of sauce over each potato. Yield: Six servings.

1/4 cup thinly sliced scallions
1 can (6 1/2 or 7 ounces) tuna in vegetable oil
4 eggs

1 1/2 cups half-and-half or light cream
1/2 teaspoon salt
1/2 teaspoon Ac'cent
1/4 teaspoon nutmeg
1/4 teaspoon Tabasco pepper sauce
1/2 cup grated Swiss cheese

Chill pastry shell, then bake in 450 degrees F. oven for 5 minutes. Heat butter in small skillet; add scallions and cook until tender. Flake tuna and sprinkle over bottom of pre-baked pastry shell. Sprinkle scallions over tuna. Beat together eggs, half-and-half, salt, Ac'cent, nutmeg and Tabasco pepper sauce. Carefully pour over tuna and scallions. Sprinkle with cheese. Bake in 350 degrees F. oven 20 to 25 minutes, until crust and filling are golden brown and the point of a knife inserted in the center comes out clean. Let stand a few minutes before cutting into wedges. Yield: Eight servings.

DANGER IN THE GARAGE

There are two areas in the home that wind up as junk collection points — the attic and garage. The difference is the materials stored in the garage can destroy your house. I am referring to the flammable liquids such as gasoline, paint thinner, varnish, etc. Vapors and spills from these dangerous liquids are major fire hazards. Especially since children are particularly fascinated with garages.

Here's some advice. Store flammable liquids in sturdy metal containers [never glass] with labels and tight-fitting caps. Do not fill gasoline containers to the top but allow room for expansion. If you have young

children, store all receptacles in a locked metal wall cabinet. Machinery should be fueled outside of the garage. If there is a major gasoline spill, ventilate the garage thoroughly.

Your Horoscope Guide

For The Week of
February 10 to 16

By GINA
Copley News Service

ARIES: (March 21 to April 19 — Also Aries Ascendant) — Handle partnership affairs with the greatest diplomacy by bringing discontents "out in the open" for tactful discussion. Develop your artistic abilities. Apologize gracefully if you have been at fault in any area.

TAURUS: (April 20 to May 20 — Also Taurus Ascendant) — Be "in touch" with your own inner sense of timing — be sure to wait until then to approach those in authority. Have open discussions with mate or partner over differences. Carefully investigate any new job.

GEMINI: (May 21 to June 20 — Also Gemini Ascendant) — Use this week to catch up on old matters hanging fire, such as correspondence. Be especially cooperative with co-workers and associates — they can have some good ideas now. Reactivate unused talents.

CANCER: (June 21 to July 21 — Also Cancer Ascendant) — Possibility now of a short term romance suddenly blooming. Carefully assess your budget, making sure of a savings reserve at all times. Business and profession are high-lighted very favorably now.

LEO: (July 22 to August 22 — Also Leo Ascendant) — Get good professional advice before signing any documents or contracts. Expect the "unexpected," regarding communications or visits from family or friends. Extend your talents toward humanitarian projects.

VIRGO: (August 23 to Sept. 22 — Also Virgo Ascendant) — Conserve your physical and emotional energies now. A very good cycle for attracting helpful friendships. Finances take a turn for the better and continue to improve. Guard health carefully — don't overdo.

LIBRA: (Sept. 23 to Oct. 22 — Also Libra Ascendant) — Surprises seem to be in store. Possibility of a change of residence — think this over very carefully and do not act on impulse. Important people can come into your sphere now. Romance could blossom too.

SCORPIO: (Oct. 23 to Nov. 21 — Also Scorpio Ascendant) — The tension lessens and you have support from many quarters. See important people who can forward your career and secret goals. Go over your budget making sure you aren't penny-wise and pound foolish.

SAGITTARIUS: (Nov. 22 to Dec. 21 — Also Sagittarius Ascendant) — Your integrity regarding romantic matters could be tested now. Proceed

slowly in new relationships and maintain loyalty to old commitments. Career goals can go forward successfully.

CAPRICORN: (Dec. 22 to Jan. 19 — Also Capricorn Ascendant) — Career superiors may appear strange now — don't "jump the gun" in making decisions. Be sure of your ground and exert patience. An unconventional, short-term romance may beckon.

AQUARIUS: (Jan. 20 to Feb. 18 — Also Aquarius Ascendant) — A highly intense period regarding career, bosses and advisors. Elevate the problem by searching out causes and dealing with them. Judgment could be faulty now — get advice from impartial source.

PISCES: (Feb. 19 to March 20 — Also Pisces Ascendant) — Romance could blossom now. Possibility of a promotion or proposition which will benefit you. Keep all your plans to yourself — work "behind the scenes" for later success. Take a new look at old projects.

EACH OF US IS UNIQUE. You can understand others only as well as you understand yourself. Astrology is a diagnostic tool to aid you in seeing these differences. YOUR HANDWRITING TELLS Inner conflicts are disguised

By DOROTHY
ST. JOHN JACKSON
Certified Master

Copley News Service

Dear Dorothy:

I am 28 and father of three children. My wife is 29, and we have been happily married (I thought) for nine years. Last week I came home from work to find a note on the TV saying that she no longer wants me, the children, or our home, and that she had left with two hippies for the East Coast. What is life all about? Unsigned

It's seen in the inflated loops on the t and your heavy vertical writing. You even remember the gory details.

Yet, you deny the existence of any of your inner conflicts and worries, seen in the loop on the left side of the o. No one would ever guess how you feel inwardly.

You loved your wife very much and you were extremely possessive, reflected in the tiny beginning loop on the capital I. She was all you had ... and all you wanted.

She was yours and you refused to give her any rein. But she finally broke loose and off she went.

Life is love, joy, sorrow, success, and failure — all wrapped up into one. But only "man-size" maturity can tell you what it's all about.

D.J.

Dear Unsigned:

She just didn't reach her "wife-size" maturity. Being emotionally immature, she could not successfully fulfill her responsibilities of a wife and mother. So she ran away from it all.

She has added one more big heartache to the many you have already had. You have had so many hurts and feelings of rejection, and have absorbed them so deeply that only you can know the pain.

A free handwriting brochure of some common basic personality traits may be obtained by writing to Dorothy St. John Jackson, Copley News Service, in care of this newspaper. Enclose long, self-addressed, stamped envelope.

Don't get married -- it's Year of the Tiger

According to the Chinese lunar calendar the Year of the Tiger which began Jan. 23 is not ideal for marriage for

men not willing to marry a tigerish woman. The tiger is generally esteemed by the Chinese as the

Lydon Asks Flashing Lights At Newport Ave. Ext.

Ward 3 Councillor John J. Lydon Jr. has suggested that traffic control signals on Newport Ave. extension be changed to flashing lights, except during commuter rush hours.

"Having to stop two to four times on a Sunday morning or late at night wastes a lot of gas

and the waiting time is aggravating to many people," he said in a letter to Edward Lynch,

superintendent of Traffic Signs and Signals.

"There is also a danger in the waiting time, as I have observed people going through the red lights at the intersections to avoid waiting."

'Strategic Arms Race' Topic For U.N. Council

"The Strategic Arms Race" will be the subject of the fifth lecture this season sponsored by the United Nations Council of the South Shore.

The meeting, co-sponsored by the Cohasset, Hingham, Canton, Weymouth, Milton, Quincy and Scituate Leagues of Women Voters will be at 8 p.m. Thursday, Feb. 14 in the parish hall of the Church of the Presidents, Quincy Sq.

Professor Geoffrey Kemp of the Fletcher School of Law and Diplomacy will be the speaker. His topic is timely, because, this year, requests for Defense are expected to be \$100 billion, an all time high. This will trigger a debate in Congress about whether so much is necessary when the nation has so many other needs.

Barbara Reynolds, John Murphy Honored At Boy Scouts Dinner

The Blue Granite District Boy Scouts comprising Scout troops and packs in Quincy and Milton, held its third annual awards dinner recently at St. Mary's Hall in West Quincy.

Honored as "Woman of the Year" in the district was Mrs. Barbara Reynolds of Bird St., Houghs Neck (Pack 36). "Man of the Year" was John J. Murphy of Angus St., Montclair (Troop 51). Several other awards were presented to the Adult Scout Leadership of the District. Charles Blaser and Fred Aimola of West Quincy co-chaired the event.

Seated at the head table were City Councilors Joseph LaRaia and James Sheets, Rev. John McMahon, pastor of St. Mary's; Miss Patricia Dunn of Braintree, William T. Dwyer, district scout executive; Mr. Donald J. Hughes of Wollaston, District Chairman, and his wife Cynthia, and Mr. and Mrs. John MacSweeney of Braintree. MacSweeney was Toastmaster for the dinner.

S Doherty

Air Force Grad

Airman Stephen J. Doherty, son of Mr. and Mrs. George E. Doherty of 41 Upton St., West Quincy, has graduated at Lowry AFB, Colo., from the U.S. Air Force supply inventory specialist course conducted by the Air Training Command.

The airman, trained to inventory supplies by use of electronic data processing machines, is being assigned to Eglin AFB, Fla., for duty with a unit of the Aerospace Defense Command.

Kemp, who is now Associate Professor of Politics at the Fletcher School has co-edited a book, about to be published called "The Superpowers in a Multinuclear World". He did graduate work at M.I.T. and research at The London Institute for Strategic Studies.

After his talk there will be a time for questions. The meeting is open to the public and admission is free. But there is a charge for the dinner preceding it at 7 p.m.

For dinner reservations call before Feb. 11, either Miss Eleanor Brown, 59 Andrews Rd., Miss Vera Call, 1000 Southern Artery, or Mrs. Viola Ellis, 18 Terne Rd., all of Quincy. For students a few places are reserved at a reduced price.

FIRST ISSUE - Mrs. Marion Andrews, director of Senior Citizens Activities, Quincy Recreation Department, presents first copy of the newsletter, the Senior Citizens Times to Mayor Walter J. Hannon. Looking on is Recreation Director William F. Ryan, and Mrs. Mary MacLain, President of the Quincy Federation of Senior Citizens Clubs.

check through the mail

**Government Employees,
Federal Retirees, Service Personnel,
Disabled Veterans,
Social Security Recipients**

If you look to the mail for your government check, we can offer you a thief-proof, time-saving way to do your banking. It's a banking plan that lets your check be sent *directly* from the government to your bank. Your check is *automatically* deposited in your account on the *same* day you'd normally receive your check. We guarantee that your check will be credited to your account on that date, even though we may receive your check at a later date. No more checks stolen from your mailbox. No more time-consuming trips to the bank. It's a nice, easy, and safe way to do your banking.

If you're interested in our Government Check Banking Plan, please fill out the coupon and return it to us. We'll send you a Treasury Department form which, when completed and submitted by you to the agency that issues your check, will enable you to participate in our Government Check Banking Plan. Or, come in and ask us for a Treasury Department form (No. 1189). We'll show you how simple it is to protect your government allotments.

Please send Treasury Department form (No. 1189) so I can participate in your Government Check Banking Plan.

Bethany Church Elects, Votes \$83,977 Budget

A year of progress and service with a number of outstanding activities was highlighted by Rev. John D. Banks, minister, at the annual meeting of Bethany Congregational Church, Quincy Center.

Rededication of the church organ, organ recitals, the second annual South Shore choir festival, a home study course on the book of Luke, growth of the new Mothers Club, 16,000 calls to Dial-a-Prayer, participation in community projects, changes in the worship services as a result of a fall Planning Conference, and accomplishments of all church departments and committees were cited by Rev. Mr. Banks.

Establishment of a committee to recommend new services and activities for Bethany Church and to evaluate the old was announced by Miss Louise B. Forsyth, Moderator, who presided at the meeting and who was elected to her third year in office.

Annual reports were presented in printed form and reported on a wide range of activities as well as the business of the church.

Members approved a

benevolence budget of \$11,905, with major contributions to be made to local agencies including "The Way" and the Protestant Social Service Bureau.

A budget of \$83,977, was voted to support the current expenses of the church for 1974.

Beef Prices Going Up, Chicken Good Buy

Beef prices are going up again, reports the Massachusetts Department of Agriculture [MDA], though there are still some bargains if you look carefully.

But the best place to favor your budget this week appears to be the poultry counter, where both chicken and turkey prices have remained at fairly low levels. Large turkeys, in particular, represent good value per pound. But many homemakers don't care to prepare a whole turkey for regular meals...so what to do?

Have the butcher split the fresh turkey, suggests the MDA, so you can cook half and freeze the rest. Yes, you can stuff half a turkey. Put the stuffing in the broiling pan, and put the carcass over it like a lid.

You can even dismember a half turkey and cook the parts as you need them, like chicken parts.

Whole chickens and chicken parts are featured more or less alternately. If chicken parts were

on sale last week, for instance, you'll probably find that whole broilers or fryers are featured this week, and so on.

With prices at current levels, this would be a good time to stock up on chickens, and to begin experimenting with some of the myriad ways to prepare chicken dishes...not only to feed your family well...but to enter a new cooking contest that offers \$25,000 in cash prizes.

It's the 1974 Chicken Cooking Contest sponsored by the National Broiler Council, and it carries a \$10,000 first prize. There will be state eliminations, with the national cookoff in June. Entry blanks are being distributed now, and your poultry counter may have one for you. You may, if you wish, request one by sending a stamped, self-addressed envelope to the Division of Markets, Mass. Dept. of Agriculture, 100 Cambridge St., Boston, Ma. 02202. More information on this contest will be forthcoming soon.

NEW PRESIDENT -- James A. Donovan [second left] receives congratulations from Dustin Alward [second right], president of the Massachusetts Firefighters Association, after his installation as president of the Quincy Fire Fighters Local 792 AFL-CIO. Looking on are [left to right] George L. Lamb, treasurer; Peter J. Quinn, vice president; and Thomas F. Gorman Jr., secretary.

Testing Services Topic For Broad Meadows Parents.

At an 8 p.m. Feb. 11 meeting of the Broad Meadows Parent Board, an informational program covering all aspects of testing services in Quincy will be presented.

Miss Louise Forsyth from the Headquarters Guidance Staff will explain the purposes of the testing services, focusing primarily on those provided at the junior high level.

Grade eight parents will have

an opportunity to pick up their individual child's test summary which covers the most recent achievement tests given in the fall of 1973. Counselors will be on hand to review test results and schedule appointments.

Any grade eight parent who is unable to attend the meeting may pick up his child's test results by scheduling an appointment through Mr. Cornelius Sheehan at Broad Meadows.

Morrisette Legion Post To Hold Annual Mass

Members of Morrisette Legion Post, Miller St., West Quincy will attend the annual memorial mass at St. Mary's Church, Feb. 18 at 10 a.m. in honor of deceased members and veterans.

Guest speaker will be Rt. Rev.

John Mullarkey of West Quincy, retired Pastor of St. Pius Church, Lynn.

Historian Gino Giorgi is chairman for the preliminary ceremonies. Flag raising ceremonies at the post home at

8:45 a.m. will precede a parade to the church.

An open house at the Post will follow the mass. A dance will be held from 8 p.m. to midnight. Admission is free.

'Advantage Of Anxiety' Sermon At First Church

Rev. John R. Graham will speak on "The Advantage of Anxiety" Sunday at 10:45 a.m. in the United First Parish Church.

It is the fifth in a series of sermons entitled "The Paths to Hope".

The sermon was postponed from last Sunday because of the

snow storm. Instead, parishioners gathered around the fireplace in the Parish Hall and held a question and answer session with the Rev. Graham.

'Spirit' Lesson-Sermon In Christian Science Church

"Spirit" will be the subject for the Lesson-Sermon to be heard in Christian Science churches Sunday.

It will stress the essential need to look away from the materialistic sense of things toward the spiritual values of life which bring true health and

happiness as shown in the life-work and teachings of the great Exemplar Christ Jesus.

Among the Bible verses is this promise from 1 Corinthians: "But as it is written, eye hath not seen, nor ear heard, neither have entered into the heart of man, the things which God hath prepared for them that love

Him. But God hath revealed them unto us by His Spirit: for the Spirit searcheth all things, yea the deep things of God."

This week the Golden Text is from 1 Peter: "The spirit of glory and of God resteth upon you."

Quincy, North Members In State Class Trials

The Quincy and North Quincy track teams have ended their regular seasons but several members of each are competing today [Thursday] and Friday in the state class trials at Reading.

Qualifiers will participate in the state meet finals Feb. 16 and some will appear in the individual state invitational meet March 1.

Tom Hall's Quincy team finished 5-2 in its final Greater Boston League season and tied for second place. The Presidents had a 5-3 overall mark.

Lou Tozzi's North team was only 2-5 in the league but finished 5-6 overall last week with an easy 60-21 win over Charlestown.

The Raiders won every event and Tozzi was pleased that sophomores scored in every event.

One of them, Brian Doherty, appeared in only his second meet but won the 300 and placed second in the high jump.

Bill Lapsley won the mile with Ken Barrett second, Bart Petracca won the 1000 with Artie Barrett second [Petracca's time was a good 2:29.9]. Chris Cordeiro won the 600 with Mike Nee second, Brian Doherty won the 300 with Phil Robinson third, Paul Doherty won the 50-yard dash with Mattie Constantino second and Joe Marino third in a sweep. Neil McPartlin won the high hurdles with Geoff Hennessey second, McPartlin won the high jump with Brian Doherty second, and Dan Minton won the shot put with Constantino second.

Earlier in the week three Quincy runners and one from North placed in the GBL-Essex County' League all-star meet, won by Essex County.

Quincy's undefeated Gary Delorio was third in the 1000, North's Petracca fourth in the mile, Quincy's Arnie Vorrusso fifth in the mile and Quincy's Dave DiBona fifth in the 600.

YMCA Men's Physical Fitness Enrollment Clinic Saturday

The Quincy YMCA will hold an enrollment clinic for its Physical Fitness Program for men Saturday at 2 p.m. in the YMCA Auditorium.

Men 18 years and older who wish to enter the 12-week fitness program must attend the enrollment clinic with a signed medical clearance from their physicians before they can attend the first class.

There is an enrollment fee of \$10.

Enrollees will be given strength, flexibility, blood pressure and cardiovascular tests at the clinic and will be tested again at the conclusion of the 12-week program to determine their progress.

The fitness program begins Monday [Feb. 11] with nine classes conducted at various times during the week under the

leadership of a YMCA staff member.

Classes will be from 7 a.m. to 7:45 a.m. and 12:15 p.m. to 1 p.m. Mondays, Wednesdays and Fridays, and from 7:15 p.m. to 8 p.m. Mondays, Wednesdays and Thursdays.

Further information may be obtained from Paul Harvey, Jim Rendle or Bill Johnson at the Quincy Y [479-8500].

O'Brien Club Drops 1st In 17 Games

All good things must come to an end and the O'Brien Club basketball team of Quincy suffered its first loss in 17 games Sunday when the reinforced Boston Stars scored with three seconds left to pull out a 103-101 Cranberry League win at North Quincy High.

The loss left the O'Briens still in first place in the league with a 14-1 record and a 16-1 overall mark. A win would have clinched the league title. The Quincy team will play the second place Stars again in the final league game Sunday, Feb.

17, at Roxbury.

Last night [Wednesday] the O'Brien club played at Easton and Sunday at 7:30 will host the Plymouth A.A. at North Quincy High.

In last Sunday's thriller Harry Barnes, who played in the NBA for three years, hit with three seconds left to give the Stars the win. The O'Briens had led by five points midway in the final period. Barnes, hitting from all angles, scored 20 of his 26 points in the second half.

Pete Schmid scored 20, Bob McNamara 19, Eddie Miller and

Ron Bradley 17 each for Quincy.

Last week the O'Brien Club ran its unbeaten streak to 16 with a 115-90 win over the Wholey Club of Hull at Eastern Nazarene College.

The Quincy club trailed, 29-19, after a period but out-scored Hull, 38-12, in the second period for a 57-41 halftime lead and it was all downhill the rest of the way.

Moe Schoeper had his biggest game with 25 points, while Bradley and Miller had 17 each.

Reds, Greens Win In St. Joseph's Loop

In St. Joseph's Hockey League action at the Shea rink, the Red team blanked the Blues, 4-0, and the Greens defeated the Golds, 4-1, for their third win in a row.

The Red-Blue game was scoreless until midway in the last period when the Reds scored all their goals within a five-minute span.

Jim Steen, Paul DeCristofaro, Rich Coombs and Joe Coombs

had the goals and Mike Hanratty was outstanding in goal.

The close checking of the Green team prevented the Golds from getting untracked.

Mike O'Sullivan, Chuck Shea, Frank Clarke and Gary Milkowski scored for the winners and Mike Grogan for the golds.

Why John Havlicek volunteered to be a substitute.

It all started the day we at "Dial Finance" approached John Havlicek with a proposal. We wanted him to endorse our company, but not until he had proven to himself that Dial was a different kind of finance company—one with a dimension of service that runs far beyond the ordinary.

We asked John to volunteer to be a substitute—for you, the consumer. Without alerting any Dial personnel, we had John call several Dial offices with a battery of questions you the consumer might ask about loans.

Here, in John's words, is what happened: "As I was dialing my first call, I couldn't help but think that the Dial management had great confidence in its personnel. It was a gutsy kind of thing to do, because they didn't know what kinds of questions I'd ask."

"It turned out that in every case, my questions were answered promptly and directly. But what was most impressive was this: I got no sales pitches and no pressure of any kind. They didn't even ask my name. It was like their only purpose was to help me—with no strings attached."

"One fellow I remember in particular. I threw some very heavy questions at him—mostly concerning big loans in the nine and ten thousand dollar area. I asked him to explain what home equity was...and how much I could borrow against my home equity. What surprised me was that he answered some very complicated questions in a very simple and direct way. And cleared up some misunderstandings I had about big loans."

The kind of service and consideration John Havlicek received from Dial isn't reserved for just basketball stars. It's reserved for everybody. And things have been that way with us since 1897. So next time you're thinking of borrowing, think of Dial Finance. You see, we don't want you to like us just for our money.

Visit Dial's Randolph office at 322 N. Main Street, Fernandes Shopping Center, phone 963-0400 or the Brockton office at 726 Crescent Street, Brockton East Shopping Plaza, phone 583-3420. Other Dial offices: 3 downtown, Billerica, Lynn, Malden, Walpole.

Quincy Must Win 3 To Tango; Hot Raiders Could Pull The Rug

The Quincy High hockey team, which turned in outstanding performances in its last two games, is now in an excellent position to qualify for the state tourney after missing it the past two years.

Bob Sylvia's Presidents followed up a stunning win over previously unbeaten Malden with a 6-1 victory Monday night over Revere.

Quincy has a 10-4-2 record with ties counting as wins in qualifying for the tourney. The Presidents must win or tie three of their final four games and if they perform as they did in the last two, they should make it.

Friday at 9 p.m. Quincy plays Medford at Boston Arena and Monday at 9 will take on vastly improved North Quincy.

Meanwhile, Ron Erikson's North team, loser of only one of its last six games, played Somerville Wednesday. Friday meets Malden at 9 and then could make Quincy's job a little harder Monday.

Quincy exploded for four goals in the final period Monday to break open a close game with Revere.

Revere took the lead at 3:00 of the opening period but was shackled the rest of the way by Glenn Prescott, who has been superb in the Quincy goal.

Ted Wiedemann tied it at 11:16 of the opening period with Al Lancione and sophomore sensational Frank Guest assisting.

Bob Boyle, with an assist for Brian Nevin, put Quincy ahead at 8:15 of the middle period and in the finale Guest scored at 1:39 with assists for Boyle and Wiedemann and repeated at 3:15

with Leo Kearney assisting. Guest and Lancione set up Pete Raymer for a goal at 6:10 and Pete Janis finished off the explosion at 7:39 with Wiedemann and Rick Avery assisting.

Last Friday Quincy rebounded from a disappointing loss to second place Somerville and turned in what Sylvia called "our best game in four years" to shock previously unbeaten Malden, 5-1, and suddenly revive their tourney hopes.

After the 6-2 loss to Somerville, the Presidents couldn't lose more than one more game and make the tourney, so Friday's stunning win was all the more important.

"We were relentless out there," Sylvia said. "We just never stopped pressing them. We got the advantage and never let it go. I think they hurt themselves by scoring first. They had beaten us twice before and when they scored in the first period, they probably relaxed. However, we got better as the game went on. The boys controlled both ends of the rink and bombed their goalie."

"It has to be the biggest win for Quincy hockey since we upset Arlington in the 1970 tourney. We won important games since then but not this big. The kids came through together and I'm very proud of them."

Goalie Glenn Prescott was at his best and just missed his fifth shutout of the year. Junior Ted Wiedemann sparked the offense with two goals and two assists. Malden scored at 6:51 of the first period but that was all for

the Golden Tornado.

In the second period Wiedemann scored at 1:31 with Frankie Guest and Bob Boyle assisting, and Pete Janis scored at 9:17 with Wiedemann and Leo Kearney having assists.

Quincy broke the game open in the final period with three goals. First it was Wiedemann from Pete DiBona at 5:55. Guest scored at 6:48 with Boyle and Al Lancione assisting, and Lancione finished it off at 9:53 with assists for Wiedemann and DiBona.

North Quincy, which has been hot since Sophomore Dave O'Hanley took over in goal, tied Medford, 1-1, to make its record 3-1-2 with O'Hanley in the nets, with the only loss a 2-1 heartbreaker to Malden.

The Raiders' defense, which has had its troubles this year, was at its best, especially veterans Dave Noonan and Paul O'Donnell.

Although North moved the puck well and had some good bursts on offense, Coach Ron Erikson was disappointed it could score only once. "We were a bit flat in the first period but got some zip after they scored. I think it woke us up," he said.

Medford took the lead at 2:51 of the first period but North tied it at 4:25 of the second on O'Donnell's goal. Andy Collier and Al Thomas assisted.

In Quincy's loss to Somerville earlier in the week Wiedemann scored both Quincy goals.

North edged Revere, 2-1, on goals by Rob Henderson and Dave Noonan.

● Midget House

Suburban Downs Fire Dept.; 5-3 To Cut League Lead

The Quincy Fire Dept. saw its Midget House League lead cut to two points when it lost to runnerup Suburban Disposal, 5-3.

Paul Hanlon, Paul Vlassakis, Brian Croke, Paul Andrews and Frank Penzo had the Suburban goals with Hanlon having two assists, Tom Parke, Scott Mitchell, Vlassakis and Andy Burke one each. For Fire Dept. Kevin Pitts, Paul Morris and Bob Crews scored with Crews and Mike Doherty assisting.

Third place Police Dept. moved within three points of the leaders with a 4-3 win over Cox Ramblers. Joe Carty, Al

Galliaro, Jerry Cronin and Bob Page scored for Police and Cronin, Page, Pat Downey and Mike Griffin assisted. For Cox Ron Hennessey, Dave Perdios and Rick Bove scored and Frank Shea and Rick Dorney had assists.

Tiffany Realty and Rich's South Shore Express tied, 2-2. Mark Burke scored both Tiffany goals with Larry Ready, Kevin Murphy and Brad Harland assisting. Rich's goals were scored by Tony Keenan and Tony Alessi with assists by John Earl, Bud Collins and Mike Contos.

DeCristofaro, Cotter Team In 11th Shutout For Bantam B's

Dave Peters fired two goals and goalies Daryl DeCristofaro and Kevin Cotter combined for their 11th shutout in 18 games as the Quincy Bantam "B" team blanked Franklin, 4-0, Saturday in Bay Colony Hockey Association action.

John Fitzgerald and Jimmy Moore also had goals and Mark Kelly drew an assist.

Fitzgerald had a pair of goals last Wednesday in pacing the Quincy Bantams to a 5-2 victory over Abington in a non-league encounter.

Mark Paolucci had a goal and two assists, Dave Lewis had a goal and an assist and Jimi McConville had two assists; Mike Marks scored a goal and Don Perdios drew an assist.

Sharon O'Leary Scores 2 In Yellow Team Win

Sharon O'Leary scored both of the goals as the Yellow team edged the Blue team in Girls Hockey League action at Quincy Youth Arena.

Doreen Hayes had an assist. Jean Rathgeb scored the lone Blue goal, assisted by Susan Rugg.

Launie Clark also collected a

pair of goals in leading the Black team to a 4-1 victory over the Green team.

Kathy Hussey and Debbie McManus had the other goals with assists by Susan Gallery and Susan O'Gara.

Janet McNeice scored for the Green team, assisted by Rosemary Murphy.

SQUIRT B'S BOW, 2-1

Johnny Cummings fed Timmy Ryan for the only goal as the Quincy Squirt "B" team bowed to Braintree, 2-1, in Bay Colony Hockey Association action.

Shaefer, Gustafson, Smith Frosh All-Stars

The Quincy and North Quincy junior high-freshman hockey teams finished their first Greater Boston League seasons last week and two North players, Matt Shaefer and Mike Smith and Quincy's Paul Gustafson were named league all-stars.

Ed Grogan's North team finished fast and wound up with

a 6-7-1 record. Ken Hayes' Quincy club, defending champion, had an off year and finished only 4-10.

North avenged an earlier loss to Quincy by winning the second game last week, 6-4.

Scoring for Quincy were Brian Bertoni, Dave Previte, Mark

Giordani and Mark Ricciardi.

Quincy won its final game, 7-4, over Everett as Bertoni, high scorer for the year, had three goals, Gustafson two, Don Perdios and Dave Lewis one each.

Bertoni scored 13 goals, Lewis eight, Gustafson seven and Lewis six.

• St. Ann's Hockey

Granite, Flyers, Bruins, Plaza In Wins

In St. Ann's hockey League Pee Wee action at the Shea Rink, Granite Motors blanked Keohane's, 3-0.

Andy Gillis, Mike Bridgeman and Steve Hogan had the goals with Dan Rowley, Gillis and Bridgeman having assists. Brian Hanley was outstanding in the Granite goal.

Paul O'Sullivan and Bob Bostwick also scored and Rick LaPierre, O'Sullivan, DiBona, Jim Meehan, Steve Hellotis, Brian Webb and Larry Prendiville had assists. Greg McMillon stood out in the Flyers' goal.

The Bruins defeated the Flames, 3-1, with Mark Milline having two goals and Greg Kelly one for the Bruins. Assists went to Mike Capone, Kelly and Milline. Chris Clark scored the lone Flames goal unassisted.

In Bantam action Plaza Olds outlasted Crestview, 7-6. Scoring for Plaza were Mike Flannery with two goals, Steve Clinton, Chuck Winters, Rick Carroll, Denis Djerf and Mike DePazio.

Assists went to Winters, Tom McNamara, Mark Stokes, and Karl Olson. Crestview goals were scored by Paul Howe, Eric Bergstrom, Kevin Kelly and George Duplain, with Mat Breslin, Rick McKerer, Carl Bergstrom, Brian Buckley and Jim Keller having assists.

Skatesmiths blanked Chuck Wagon, 2-0, on goals by Marty Mulvey and Rickey Smith. Assists went to Bud McKenna, Mulvey and Smith. Brian Condon played a stellar game in goal for Skatesmiths and the defense was also outstanding.

Clark & Taber and Blackwood played to a 2-2 tie. Both Clark & Taber goals were scored by Jim Orlando with Mike DeAngelo having assists on each. Steve Olsen and Jack O'Leary scored for Blackwood with Bud Nazzaro, Bud Carr, Chuck Marshall and Olsen having assists.

The Bantam All-Stars were edged by the Blue Hills Hockey team, 2-1, with Jim Doherty having the lone Quincy goal and Howe and Winters assisting.

Raiderettes Defeat Quincy But Slip To 2nd Place.

The North Quincy girls' basketball team fell to second place in the Greater Boston League last week but still hopes for at least a share of the league title and a berth in the Southeastern Mass. tournament.

Coach Barbara Webster's Raiderettes won two of three games last week and their 8-2 league record puts them right behind Medford, which upset North Quincy to take over first place by itself.

North, 9-5 overall, hosted Newton North Tuesday in a non-league game and Friday will be home to Revere in a league game.

Quincy's girls, defending league champions, with a 5-4 league record and 6-7 overall mark, Tuesday played at Cambridge Latin in a non-leaguer, and next Tuesday plays a league game at Revere.

Last Friday North, which until last year had little luck against Quincy but which handed the First Ladies their

only loss a year ago, topped Gale Palmer's Quincy team for the second time this season, 42-34.

Quincy held a 23-18 lead at the half but ran into foul trouble in the third period and North took advantage of it to take a 32-30 lead into the finale. The Raiderettes hit on six straight foul shots in the fourth period to pull away. Quincy's Donna Brickley and Marilyn Silverstein fouled out in the second half.

Denise Beresniewitz again sparked North with 15 points and Lynn Tabor had 10. Cindy Tozzi and Terry Tucker had 10 each for Quincy.

Earlier in the week, before losing to Medford, North had avenged its only previous league loss with a 55-50 win over Malden, while Quincy topped Chelsea, 39-24.

Miss Beresniewitz again scored 15, Miss Taylor had 13 and Nancy Willard 12.

Miss Tozzi, Kathy Bennett and Marilyn Silverstein had six each for Quincy.

Crucial Games Friday For Quincy, North

By TOM SULLIVAN

The Greater Boston League is engaged in one of its closest basketball races in years and Quincy and North Quincy are among six teams in the thick of the title chase.

North's 65-50 win over Quincy last Friday propelled Bob Nolan's Raiders into a second place tie with the Presidents, Everett and Somerville, all with 7-4 records. Medford is on top with an 8-3 mark and Malden is right behind the pack with a 6-5 record.

Unless they win the league crown or tie for it, North must still win four of its remaining five games to qualify for the state tourney while Quincy must win three of its remaining four. The teams were tied Tuesday.

Friday night Somerville plays a big one at Quincy and North goes to Revere. Next Tuesday it will be Everett at Quincy and North at Medford.

Nolan isn't one to single out any particular player but a big reason for the Raiders' surge is young Cooper Jordan, 6-1 sophomore, who recently was brought up from Eddie Miller's junior varsity and has been little short of sensational for the varsity.

The youngster, who has also been playing some for the jayvees, scored 22 points against Quincy and had 11 rebounds.

"He was the outstanding player on the floor," said Quincy Coach Joe Amoroso, who had been Nolan's assistant for four years before moving to Quincy a year ago and who led

his team to a 47-38 win over his former "boss" in their earlier meeting.

Jordan has been one of North's top performers since being brought up to the varsity.

"He deserved the promotion and has done a great job," said Miller. "He certainly has done as much as anyone in the varsity's run for first place."

Quincy hopped away to a quick 5-0 lead over North but the Raiders, with their man-to-man defense working to perfection, scored 18 points in a row and led, 18-7, after the first period. It was all North from then on and early in the final period it had a huge 54-32 lead as Nolan cleared his bench.

Quincy, as usual, failed to lie down and die and fought back. "[Mike] Cullen and most of the

others were playing just as hard right at the end as they did at the beginning," Amoroso lauded.

Tim Clifford, 6-3 junior, continued to shine for North and had 20 points and 12 rebounds. Although the other high scorers, Jed Phelan and Steve Miller, were held to six and four points respectively, they played their usual standout games as did every other Raider. "This is a team in the real sense of the word and everyone does his part," Nolan said. "These kids played the man-to-man beautifully and was a major factor in the win."

For Quincy Cullen was the only player in double figures with 13 points, while Don Connors had nine and Tom McKinnon eight.

North's rebounding was another big factor as it led in rebounds, 40-22. Quincy had only one offensive rebound while North took down 21.

As expected, the North gym was packed but the crowd was orderly and there was a real show of sportsmanship at the start of the game when each of the five Quincy starters shook Nolan's hand on their way to the middle of the court to be introduced.

Earlier in the week North, trailing, 45-40, going into the final period, came back to nip Malden, 61-60.

Jordan scored 16 points and saved the game twice in the final seconds when he blocked two Malden shots to preserve the lead after Clifford had hit on a three-pointer. Jordan scored on a tip-in and Phelan hit on two foul shots for the win. Phelan also had 16 points and Miller 12.

Quincy rolled over Chelsea, 79-48, as every player got into the game and 12 scored. Connors scored 17 points, Cullen 12 and Bill Dacey 10. No one was in the game for more than a half.

A-N Downs Sterling, Broad Meadows Sweeps 3

The Atlantic-North ninth grade basketball team returned to the victory path last week with a 40-24 victory over Sterling.

Atlantic-North was upset the week before by Broadmeadows, its first loss of the season.

Keith Lindbergh had 11 points for Atlantic and Brian Sciarini had nine for Sterling.

Atlantic's eighth grade team squeezed into the win column, 27-24, with Paul Williams scoring 11 points for the victors and John Sylva 18 points for Sterling.

Dave Ritter's overtime basket gave Sterling's seventh grade team an 8-7 victory over Atlantic.

Broadmeadows had a fine week on the court, sweeping three game sets from Sterling and Point.

Ninth grade - Broadmeadows 36, Sterling 28. Jack Uhlir scored 18 points for BM and Lyle Morrison played an outstanding game.

Eighth grade - Kevin Connors' 14 points showed the way for a 21-19 win for BM.

Seventh grade - Broadmeadows 13, Sterling 12. The scoring was so evenly divided that Bill Burt led all BM scorers with four points. Shea also had four for Sterling.

Ninth grade - Broadmeadows 33, Point 19. Lyle Morrison 10 points. Jack Uhlir nine and Dave Shields eight for BM. Eddie Daley nine and Sal Coscia four for Point.

Eighth grade - Kevin Connors dominated the scoring column again with 15 points in a 27-14 victory. Ken Ames and John Mariano had five each for Point.

Seventh grade - Broadmeadows 14, Point 9. Mark Grindle tossed in six points for BM. Ray Coscia four for Point.

Don Cuddy scored 18 points and played a fine all around game in Central ninth grade's 35-28 win over Point. Phil Sprague had seven and Brian Djerf four. Mike Lomie tallied 10 points and Ed Daley nine for Point.

Eighth grade - Central 26, Point 20. Wink Phelan had eight, Steve Germain six and John Trimmons and Bob Evans four apiece for Central. Jim Dean led Point with seven while Peter Niosi and Ken Ames each had four.

Seventh grade - Point 22, Central 15. Ray Coscia threw in 10 for Point while Peter Smith had seven for Central.

The standings:

	W	L	T	Pts	For	Agst
Blue	10	5	4	24	66	57
Red	9	5	5	23	69	61
Gold	9	7	3	21	74	66
Green	4	15	0	8	54	79

Reinhardt Scores 2 As Reds, Blues Tie

Dick Reinhardt scored twice with assists from John Murphy as the Red Team tied the Blue Team 2-2 in the fight for first place in the Executive Hockey League.

The Blues remain in first place by a point over the Reds.

Kevin White and Bob Hayes tallied for the Blue Team with Al McKay collecting a pair of assists and Harry Messina and Hayes one each.

Marty Tolson had two goals and an assist and Joe Ryan had three assists in leading the Gold Team to a 5-2 win over the Green Team.

Art Boyle and Tom Roberts had a goal and an assist apiece and Dick O'Brien had a goal and Husky McAuliffe and Paul Hruska had assists.

Joe Chase found the nets twice for the Greens, each time assisted by Bob Kane.

Marilyn Silverstein On TV

Marilyn Silverstein, daughter of Jack and Inez Silverstein of Adams St., Quincy, and a senior at Quincy High School was eliminated by a narrow margin in "Junior Bowling"

competition over WCVB-TV Saturday.

Miss Silverstein bowed to Beth Peterson of Needham, 95-00.

● Koch Club Bowling

Cold Outside But Candlepin Tourney Winners Hot

The 21st annual Greater Quincy Men's Candlepin Bowling Tourney sponsored by the Koch Club of Quincy continued Sunday at the Merrymount Daylight Alleys, and the frigid weather outside had little effect in cooling off the winning teams inside.

Colonial Bowl rudely dumped the host Koch Club 1736-1571. Carlyle of Whitman ousted Federal Auto Body 1736-1677. Boston Gear Works eliminated East Weymouth 1719-1678. Penn A.A. edged the Quincy Church League 1704-1697. O.S.M. outlasted the Professional Men 1659-1630, and Beau's Place defeated the Montclair Couples Men 1610-1555.

Colonial Bowl and Carlyle tied for high team pinfall with 1736 each, but only one could gain a bye into the semi-finals on Feb. 17, and in a two box rolloff Captain Dick Ewell of Carlyle topped Captain Jim Powers of Colonial 23-19, resulting in the bye for Carlyle.

The 26 pins that Colonial Bowl beat the Koch Club in the first string, seemed a warmup as Colonial won the second by 56 and third by 82 to sweep to

their 165 pin victory.

Capt. Jim Powers led the winners with 366, followed by Bill Antilla 358, Bill Nicholson 352, Lou Pagnani 334, and Ray Pino 326.

Norm Greenfield with 358 was top for the Koch Club, while Laurie Eklund had 314, and John O'Malley 312, for the losing Koch Club.

Carlyle of Whitman jumped on Federal Auto Body for 49 pins in the first string and added 21 more in the second to carry a 70 pin lead into the final, when Federal Auto Body could only win the string by 59 pins.

The powerful Carlyle of Whitman displayed team consistency as Paul Kirby scored 351, Jim Rigo 341, Dick Ewell 340, Dennis Chick 333, and Bill Durfee 326.

Vic Tricomi topped the match with 378 for Federal Auto Body, while Bob Della Barba bowled 349, Bill Damore 329, and Ray Snell 322.

Boston Gear works hopped off to a 26 pin first string lead garished 58 more in the second, and needed the buildup as East Weymouth caught fire in the final, but could only pick up 53

pins of the deficit, losing by 41. Dana Chella showed the way for Boston Gear with 376 and was assisted in the win by Bruce Barrie 360, Jack Hatfield 353, Gene McGann 317, and Bill Earley 313.

Barry Lang in a valiant attempt bowled 371 for East Weymouth, Rick Chilingarian chipped in 367, Steve Lang 331, Rick Cassani 311, and Bob Shannon 300 to no avail.

Quincy Church League picked up 8 pins in the first string and added 5 more in the second, but the winning Penn A.A. came strong to win the last string by 20 pins and the match by 7.

Frank Perfetuo led the winning Penn A.A. with a 366 followed by Frank Durante 349,

Paul Smyth 342, Romeo Magnarelli 328 and Stewart Coull 319.

Dick Collins fired a torrid 390 high for Quincy Church League, while Steve Miller hit 362, Dick Peterson 328, Dave Bates 320, and Bill Collins 307.

O.S.M. fell behind by 43 pins in the first string but bounced back to win the second by 30 pins over the Professional Men, and clinch it in the final winning the third string by 42 and the match by 29 pins.

Larry Maki with a 364 including two big last two strings aided in the win for O.S.M., followed by Dutch Von Idersten 336, Al Sturgeon 332, Ralph DeVito 318, and Paul Cuddeni 307.

George Verlicco with 357 was top for the losing Professional Men, Art Learson was next with 346, Nick DeNicola had 316, and Walter Chefetsky 315.

Beau's roared to a 55 pin first string lead with a 606 to Montclair Couples Men 551; but in the second string went as cold as the weather bowling a 484 to Montclair's 521, and Beau's with an 18 pin advantage captured the win as it was Montclair's turn to hit a frigid string of 483.

For Beau's Jim Blake almost made it a single-handed effort as he hit for 400, while Ron Leone had 334, and Buster Loud 324.

Bill Jacobsen's 336 led Montclair, Andy Orrcock had 324, Bud Doyle 305, and Wally Beresznewicz 304.

Moody, Cocce Teams In 14-2 Men's League Tie

Jim Moody's team and Jim Cocce's team are in a two way tie with a 14-2 each won and lost record, in the second half of the 24th season of the Koch Club Men's Candlepin Bowling

League. Al Mancuso's team and Burt Christina's team are chasing the leaders with 12 wins and four losses apiece.

The top 10 bowlers in the four men teams of the 40-man league include: Laurie Eklund 113.7, Al Mancuso 109.4, John O'Malley 108.7, Norm Greenfield 108.6, Bert Christina 107, Jim Moody 104, Jim Jordan 103.7, Walter Zukauskas 103.3, Paul Tanofsky 102.3, and Ed Zukowski 102.

Eklund holds the high individual three string total of 390, while Mancuso has high single string of 159. Both high

individual honors of the season so far.

Moody's and Pino's team tied for first half honors, will put it on the line at their next meeting in league competition when the team that wins the match will also win the first half championship.

The league bowls every Tuesday evening at 7 p.m., at the Merrymount Daylight Alleys. New bowlers are welcome to join as spares and will be placed on a team when an opening occurs.

Jim Cocce is league president, John Giunta secretary, and Jack Callahan treasurer.

Lorizio Team Paces Setters In Women's League

In the Koch Club Women's Bowling League, Mary Ellen Lorizio's team is leading in the second half of the 20th season of The Koch Club Women's Candlepin Bowling League.

Her team has a 22-2 won and lost record in the second half and is followed closely by Simmy Koch's team with 20-4. Helen Flynn's team first half winner is in third spot with 16-8.

Top 10 bowlers in the loop are: Rosemary Earley 98.27, Helen Flynn 96.22, Linda Koch 96.13, Mary Ellen Lorizio 94.28, Simmy Koch 94.18, Nancy Bowes 92.52, Betty Ann Koch 92.30, Barbara Lombardi 92.4, Marion Tobin 92.7 and Joan

Hulak 90.33.

Rosemary Earley has high three string total of 335, and high single of 133, and her team No. 2 has high team three string total of 1442, and high team single of 512.

Linda Koch has most spares 79, and is tied with Mary Ellen Lorizio and Gerry Delmonico for most strikes each has 15.

The league bowls every Thursday evening at 8:30 p.m., at the Merrymount Daylight Alleys, and welcomes new bowlers.

Nancy Bowes is president of the league, Karen Moody secretary, and Ardell Foley treasurer.

Quincy Jayvees Hope To Make Playoffs

Quincy's junior varsity hockey team got off to a good start this season, hit a drought but bounced back to make its record 3-3.

With the makeup of a postponed game with Revere left, the Vice Presidents were still hoping to make the Greater Boston League playoffs, due to open yesterday [Wednesday].

The Quincy jayvees are coached by Rich Hutchins, appointed just as the season opened to fill the vacancy left by Jack Crowley.

Quincy won its first two games, 3-1 over Chelsea and 4-2 over Malden, but then hit a scoring drought which saw it lose to Somerville, 2-1, Medford, 5-1, and North Quincy, 4-1. It came back to blank Everett, 3-0, in its last game.

"The loss to North Quincy was especially disappointing, as we had many good chances," Hutchins said.

"I feel we have the strongest goaltending in the league with Mark Fanning and Pete Hajjar," Hutchins said. "Fanning could be considered our Most Valuable Player. On numerous occasions his work in goal has kept us in the game."

Quincy's defense includes Steve Neville, who plays center on occasion, Dennis Bertoni, Nick Cyr, Pat McAuliffe, Gerry DeLuca and Bruce Aristide.

The starting forwards are Bobby Barry, Billy Hamill and Ed McDonald, who also dress for varsity games. They are joined by Mike Conti, Paul Lynch, Rick Brooks, Paul Hanlon, Paul Morris, Paul Vlassakis, Bill Shaw, Tom Ward, Charlie Plunkett, George Hines, Mike Caparell and Rick Battaglia.

"Lynch and Conti have been outstanding as penalty killers, while Barry, Hamill, Conti, Neville and Brooks have done most of our scoring," Hutchins said.

Hutchins is in his fourth year of coaching with the Quincy team. His first three years he was a volunteer assistant while teaching at Quincy High. This year he is teaching at Broadmeadows Junior High.

"I appreciate the help given me by Ed Wiedemann, Jack Raymer and Dennis Casilli as well as my managers, Brian Bertoni and Arthur Davis," he concluded.

Public Hearing Feb.11 On Rock Removal

Plans for the removal of approximately 300,000 yards of ledge rock and other hard material from the Weymouth Fore and Town Rivers will be presented at a public meeting Feb. 11 in Quincy.

The work is required to complete the 35-foot ship channel to project depth, said Colonel John Mason of the New England Division, U. S. Army Corps of Engineers.

Colonel Mason announced that arrangements have been

made with Quincy officials to hold the meeting in the Thomas B. Pollard School, Southern Artery at 7:30 P.M. He urged all interested parties, including private citizens, civic groups and officials, to attend and give their views.

If plans proceed according to schedule some 100,000 cubic yards of materials will be removed from Town River starting in July of this year and the second contract for removal of 200,000 yards in Weymouth Fore River is scheduled for

award in the fall.

The New England Division recently completed a contract for approximately \$14.5 million for removal of some six million yards of material from the channel to assure the safety of large cargo carriers. The material was transported to the Boston Lightship sea dump. Colonel Mason said the additional material will be placed in the foul area dumping ground nine miles northeast of Boston Lightship.

Brett To Step Down From Conservation Commission

Rep. Joseph E. Brett [D-Quincy] has asked that he not be reappointed to the Quincy Conservation Commission when his term expires this year "because of the

pressure of so many other activities in which I am engaged."

"I feel," he said in a letter to Mayor Walter J. Hannon, "that the Commission has been very

instrumental in keeping Quincy as a desirable city in which to live through our efforts in preserving and safeguarding many of the cherished natural resources within the city limits."

'Rent-A-Kid' Program Expands

The "Rent-A-Kid" program, conceived by members of the Southwest Teen Council in December for youngsters in the South and West Quincy areas has become a large success.

The employment program for junior high school age youngsters has become so successful, in fact, that the Teen Council can't handle the number of applicants and has turned the program over to the Quincy Youth Commission.

In order to hire one of the youngsters—who will do "shoveling, raking, cleaning, babysitting or any odd job around your home" according to

Youth Coordinator William J. Connolly—contact his office at 37 Washington St. [479-3942].

A spokesman for the Coordinator's office said "twenty-one jobs have been filled and we are working on more."

"So far we can handle the number of applications, but we plan to hire someone from a high school work study program or through the Neighborhood Youth Corps who will handle only the Rent-A-Kid program in this office."

"With the number of kids willing and anxious to

work...hopefully we'll get more people who need them."

STAMPS

Tardiness on first-day issues hit

By LEA BLAUVELT

Now is the time for all good philatelists to come to the aid of their hobby. It's time to mount your albums and yell, loud and clear.

During the holidays this writer was gifted with some stationery headed: "Old philatelists never retire; they just come unhinged."

After what the U.S. Postal Service has just done to all collectors, it is time for us all to be less retiring, to hinge up tight, unite and fight back.

Grab a pen, a typewriter, or your phone and call Western Union, but notify Postmaster General E.T. Klassen, with copies to your senator and your representative, that, by the One Penny Black, you expect due and proper notice of first days of issue. And, that "proper" isn't one or two weeks, but, as it was in the "good old days under the P.O.D.," two or three months, at the very least.

That permits editors and stamp columnists decent lead time for getting the word out to the collector and permits

the cachet makers time to design, print and distribute the story telling covers that all U.S. stamps for the past four, or more, decades have had.

Have we had due notice recently? Anyone who has been reading this column knows we have not. But if you think notice was short before, note this: between Jan. 2 and Jan. 11, with no prior notice to the public, the U.S. Postal Service released six new issues. And where did that leave first-day cover collectors? Standing in stunned disbelief, holding six empty album pages.

Those six new postal items, already on sale in your local post office, are: a 26-cent Mt. Rushmore airmail stamp (issued Jan. 2 at Rapid City, S.D.), an 18-cent Dr. Elizabeth Blackwell definitive (Jan. 3, at Geneva, N.Y.), a 12-cent international surface postal card and an 18-cent international airmail postal card (Jan. 4, at Miami, Fla.), an 18-cent aerogramme (Jan. 4, at Atlanta, Ga.), and an 18-cent Statue of Liberty airmail stamp (Jan. 11, at Hempstead, N.Y.).

COIN BOX

Hobby to grow in 1974

By GARY L. PALMER

The nation's top coin dealers and numismatic association leaders foresee 1974 as another growth year for the hobby, depending on several "ifs" revolving around the energy crisis, continuing inflation and the specter of rising unemployment.

The expert seers give their predictions in the 22nd annual "Crystal Ball" edition of Numismatic Scrapbook Magazine, devoted to hobby predictions.

Most of the forecasters agree 1973 was a banner year, even surpassing the coin heyday of 1964 which preceded the down cycle years of 1965-67.

The Scrapbook prognosticators, whose predictions since 1952 have been avidly read and quoted by collectors, dealers and investors, expect continued growth in many phases of the hobby.

The hobby future of one-ounce silver bars, or ingots, which became extremely popular last year, was clouded by the forecast of the experts.

Nearly 75 per cent of them thought the silver bar fad (some called it a "craze") would not continue in '74 and many expect it to die by 1975.

Main growth areas forecast for 1974 are in paper money, type coins and foreign gold.

Demanders are again being made by hobby leaders and dealers upon the government to renew the minting of commemorative coins, suspended since 1954.

Counterfeiting is still regarded by most of the predictors as the greatest threat to the hobby, though several dealers pay tribute to the passage of the federal Hobby Protection Act and the expansion of the American Numismatic Association Authentication Service (ANAS) during 1973 as positive steps.

More than 35 per cent of the Crystal Ballers believe the hobby is not adequately protected from counterfeit coins by the actions taken last year to stem the flow of bogus pieces entering the numismatic marketplace.

A number of forecasters qualify their growth estimates with "ifs." Several fear the gasoline shortage will reduce attendance at coin conventions but increase mail order business.

Others believe hobby growth, especially in the gold and rare coin areas, depends upon continued inflation and its resultant rise in the number of investors entering the coin scene after fleeing the stock market, real estate trusts or other more conventional investments.

Russ Rulau, editor of the Numismatic Scrapbook Magazine, said a limited number of copies of the Crystal Ball issue of the magazine are still available.

A sample copy will be sent to readers of this column who send their name, address, ZIP code and 60 cents to Numismatic Scrapbook, P.O. Box 150, Sidney, Ohio 45365.

HOBBIES

SAVING A PICTURE -- There are several chances to "save" a picture like this one even after the negative has been developed. This picture of a little girl, and a very black goat, made in the Cincinnati zoo is the type in which it is extremely difficult to hold both shadows and highlights and would be best made on fast film in the first place, then handled carefully at every step of processing.

PHOTO FUN

Darkroom gives more chances

By GILBERT HILL

Even with a far from perfect negative the photographer who does his own darkroom work has two — or more — chances left to produce an acceptable picture when he starts to make a print.

And, with a really good negative, he still may change his final result radically to make a picture which is an individual creation, his own work, and not that of someone else.

There are still changes that can be made in contrast. He can do it, through choice of the enlarger he buys — or uses. And he has a range of five, or more, steps in contrast by his choice of papers.

There was a time when a photographer might need to have four or five boxes of paper, of the same brand and surface, but each with a different "contrast grade" to print all possible negatives. The soft, or No. 1, would offset the extreme contrast of an overexposed, overdeveloped negative shot in a contrasty light situation.

At the other end of the scale the No. 5 paper would be used to save an extremely flat, and often underexposed negative, which would otherwise produce only a flat, "muddy" print in which all of the tones run together.

Now, however, several manufacturers produce multicontrast papers, in at least a few surfaces in all sizes, in

which grades can be changed still No. 1 to No. 5, or higher, by placing a color filter in the enlarging light system.

But it is interesting to note that most professional papers are "one grade," particularly for the portrait man who, presumably, has control of his lighting and processing completely — and that even the multicontrast papers can be used as "No. 2," without a filter.

This is the best possible evidence that any photographer who must print consistently on No. 4 to No. 6 paper (or with a filter to produce that high contrast grade), is missing much of the quality of which black and white photography is capable, because a No. 2 or 3 paper will consistently produce many more gradations in middle tones.

It doesn't take most photographers long to learn, too —

once they are doing their own work — that the perfect negative, or exposure for one laboratory may be just "big trouble" when used with other available equipment.

To find out what a difference enlargers make, for instance, make a print with a diffusion enlarger and one with a condenser enlarger — using the same negative and the same grade of paper. The condenser will make a difference of at least one step upward in contrast. And lenses will make as much, or more, difference on an enlarger as on a camera.

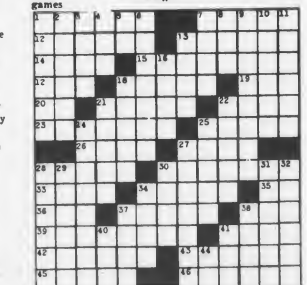

For illustration purposes only, contrast has been used as an example to show how important variations in selection of film, developers, methods of working, and equipment can be — after the picture has been made in the camera by the photographer.

HOLLYWOOD HOTLINE

Susan's son riled over death report

By NANCY ANDERSON
Copley News Service

HOLLYWOOD — Tim Barker, son of Susan Hayward and Jess Barker, is out looking for the joker who called a news office and falsely reported Miss Hayward's death with all details.

The reporter who took the call put the story on the wire from which it was picked up by newspapers and radio stations before Barker and Jay Bernstein, Miss Hayward's publicist, could stop it.

"They didn't check that story before it went out," Tim says, "even though that would have taken just one phone call. Just one."

"My father tells me he has a clue as to who started the story."

"I told him if he finds out, just give me the name, and I'll go after him. Friends were calling from all over the country with condolences, and I was saying, 'Condolences for what? My mother is with me right now wanting to know what's going on.'"

Bobby Riggs, the tennis hustler, has been named resident pro at the Vegas Tropicana's Racquet Club. He'll live in Nevada, of course. The Racquet Club is a fancy complex which not only has eight tennis and five handball courts but a 3,000-seat gallery, a cocktail lounge, a backgammon room, a pro shop and a Dow Jones ticker tape room.

Memphis song-writers gave a birthday party for Elvis on his birthday as well as a parade in his honor, but El wasn't able to attend. His stepmother, Dee, now a successful songwriter herself, represented him at his request. ... Joe Don Baker, whose "Walking Tall" was the sleeper of 1973, will go to Hong Kong soon to star in "Golden Needles" for AIP.

Dennis Weaver isn't frightened by the gasoline shortage, since he's driven a modest, compact car for years. The license tag reads "GURU." Another fellow who gets a lot of mileage from his wheels is Jose Feliciano, who's traveling in a three-wheeled, off-the-road vehicle, a gift from his wife. It gets 100 miles to the gallon.

The Donald Mantooth who did a guest spot in "Marcus Welby" is the 18-year-old brother of teen-idol Randolph Mantooth. And he's pretty annoyed, too, by writers who

want interviews simply to ask him about his brother. If you're wondering why Randolph doesn't answer his own questions, it's because he's a nut who doesn't talk with the press.

Though Pilar Wayne won't be in England with Duke when he's guest-starring there on Glen Campbell's television special, prospects are bright for a reconciliation. She says their sessions with a marriage counselor have been so rewarding they'll continue them when Wayne gets back from England.

When Mr. Blackwell announced his 14th Annual Ten Worst Dressed List including nine women and David Bowie, he called Bowie "a cross between Joan Crawford and Marlene Dietrich doing a revival of 'New Faces.'" But, he said, there's another allegedly male performer whose "drag" effects are even worse.

I know whom he meant, and you can probably guess, but Blackwell said he didn't want to give him publicity by mentioning his name, and neither do I.

Concerning this person, Blackwell concluded, "I say, if he's not talented enough to hold up as a man, let him have the operation and then come back."

You run into the most surprising people in Small Claims Court. For example, Joe Bolker, Ari's ex-son-in-law, was a plaintiff there the other day suing a laundry for \$72 for ruining his socks. I didn't check back to see how the case came out.

Chill Willis and long-time friend Revadene Googe of Baxley, Ga., were the first couple married at the MGM Hotel in Vegas. Doing their bit to save fuel, they arrived at the hostility in a horse-drawn buggy.

Doe Severinsen, musical director of the "Tonight Show," spends approximately \$50,000 a year on his show wardrobe which includes some of the craziest rags you'll see anywhere. Just the threads for his current two weeks stand at the Tropicana cost almost \$14,000. ... Jay Robinson is so good as the villain in "Three the Hard Way" that cast and crew gave him a standing ovation after one of his scenes. ... David Niven, his wife and daughters, have been holidaying at William Holden's Safari Club in Nairobi, Kenya. ... Burl Ives will supply the voice for the eagle in the new Disney World and

Disneyland attraction, "America Sings." He's also signed a six-figure contract to be spokesman for Academy Life Insurance for another four years.

Tony Musante who plays the title role in "Toma" wrote the episode which aired Jan. 3 assisted by his wife, Jane. Their pen names are Peter Salerno and Jane Sparkes.

Hugh Hefner recalls that he almost called his famous magazine "Slag Party" instead of "Playboy," in which case its emblem would have been a stag instead of a bunny.

"But somehow," Hef muses, "it wouldn't have been the same. Can you imagine a chain of key clubs staffed by beautiful girls wearing antlers?"

Anna Kashfi is lending her name to a line of sarongs. ... "The Sting" has been chosen by the National Board of Review of Motion Pictures the best movie of 1973. The next nine in order of preference are "Paper Moon," "The Homecoming," "Bang the Drum Slowly," "Serpico," "O Lucky Man," "The Last American Hero," "The Hireling," "The Day of the Dolphin" and "The Way We Were."

At a luncheon the other day, Lucy Ball asked Doris Day, "How do you keep your great figure?"

"I do my own housework," Doris told her. And she does.

I'll bet Andy Williams' favorite birthday present was the huge poster his children painted for him reading, "Happy Birthday to Pappa." They worked on it backstage while he was taping his Christmas special.

Gas Supply 'Steady' But 7% Price Hike Sought

Spokesmen for Boston Gas blamed the energy crisis for increases in home gas prices while speaking before the City Council Monday night.

Boston Gas representative David Preistly said "the energy crisis and prices go together."

He said wholesale costs have gone up to the point that Boston Gas must ask the State Department of Public Utilities for a 7 percent increase which, would raise prices 17 percent

since last July. Spokesman Thomas J. Nutley told the Council that gas supplies to customers would remain steady "if our suppliers meet their commitments."

The spokesmen also assured the Council that new homes would be serviced with gas where existing pipelines can carry the load. He added that buildings larger than private homes would be reviewed on a case-by-case basis in the future.

Brownell Proposes Tax Deduction For Excessive Fuel Charges

Rep. Thomas F. Brownell [D-Quincy] has filed two bills to cushion the impact of the current high cost of gasoline and home heating oil.

The first bill provides an income tax deduction to homeowners for fuel charges in excess of 10 percent of fuel charges paid during the 1972-73 heating season.

The second provides an income tax deduction for gasoline charges in excess of 10 percent of prices existing July 1, 1973.

Both deductions would be temporary in that they could be taken only so long as the energy crisis remains. "Hopefully, a

solution to the shortage of petroleum products will be found soon so that prices will return to reasonable levels ending the need for the deductions," Brownell said.

"I have seen gasoline selling at 60 cents a gallon and home heating oil selling at 49 cents a gallon. Prices have more than doubled over last year's cost and are still skyrocketing."

"As far as I can see consumers are being more than cooperative in attempting to conserve petroleum products. Consequently I feel the public deserves a tax break of some kind to help meet these extraordinary high costs."

Quincy Residents Among Police Academy Graduates

Graduation ceremonies were held for 35 members of the 10th class of the Quincy Police Academy last week at the Morrisette Legion Post, West Quincy.

Quincy graduates included Joseph G. Cunningham Jr., 32 Freeman St., North Quincy, of the Weymouth Police force; Bruce Paquette, 28 Grafton St., Quincy Point, Weymouth Police; and Philip Thayer, 67 Brook St., Wollaston, Duxbury Police.

Master of ceremonies for the banquet was Lt. Francis E. Mullen, Academy Director. Former Lt. Gov. Francis X. Bellotti was guest speaker. Quincy Police Chief Francis X. Finn awarded the diplomas.

The 10-week course, conducted on the third floor of the Quincy Police station, includes first aid, law courses, firearms, defensive driving, skid control, community relations, and emergency childbirth.

'Fabulous Female'

Our selections this week deal with the lives of a number of prominent women from various walks of life. As usual, all books may be obtained through your local library.

"In re-reading my diaries and letters, I was chiefly struck by what an extraordinary life this quiet normal person led." These are the words of Anne Morrow Lindbergh, wife of Charles A. Lindbergh and author of *Bring Me A Unicorn* [Harcourt Brace Jovanovich \$6.95]. The literary union of the Lindbergh papers has resulted in an absorbing biography dealing with the significant events and the emotional impressions of this "quite ordinary person" whose life spanned the globe.

In December of 1961, Joseph P. Kennedy suffered a massive stroke. Rita Dallas became his private nurse and remained with him until his death in 1969. With the assistance of Jeanira Ratcliffe, Mrs. Dallas has compiled many of the incidents of these years in *The Kennedy Case* [Putnam \$7.95]. Recalling those days with compassion and deep affection, Mrs. Dallas lets the reader see the Kennedy's in a new light. The incidents run from the comic to the tragic, climaxing in a highly emotional ending guaranteed to leave the reader drained.

Barbara Howar reports on her reasonable and unreasonable life in Washington, D.C. in *Laughing All The Way* [Stein & Day \$7.95]. Though she writes with a fine sense of humor, her book

is not a comedy. Nor is it a political memoir, though it does involve those who rule and have ruled our country. She writes with an understanding and a message that add up to an intriguing tale of a lady who, during the Johnson administration, fought bravely and lost, though she came away the better for it. Truly a book which must be re-read to be fully appreciated.

Lucy: *The Bittersweet Life* of Lucille Ball [Lyle Stuart \$7.95], by Joe Morella and Edward Z. Epstein, is the candid biography of one of the world's best known and most popular personalities. Everybody loves the carrot-topped comedienne who reigns supreme as the First Lady of Television. However, few know of the private life, filled with both reward and anguish, which the authors reveal while chronicling Lucy's career from bit player to superstar. Two large sections of photographs are included.

Erma Bombeck writes about the hilariously true side of family life in her latest work, *I Lost Everything In The Post-Natal Depression* [Doubleday \$4.95]. As the nationally syndicated columnist who once asked of a pair of pantyhose, "one size fits all of what?", Mrs. Bombeck explores most every aspect of domestic life imaginable with her skillfully sharp sense of humor. A must for Bombeck fans.

Entertainment Celebrities To Be Invited To '350th' Home Coming

At a recent meeting of the Social Events sub-committee of the 350th Anniversary Commission for the city of Quincy, it was voted to concentrate all such social

activities into the period between April 10 and May 10 in 1975.

Highlight of that one-month period will be a "Home Coming Week-end" capped by a formal

Ball at which Quincy's entertainment celebrities, including Ruth Gordon, Lee Remick, Billy DeWolf, Bill Dana, Eugene Wood and others will be invited as special guests.

would allow more residents to participate, and to make the celebration more meaningful to people with particular interests, while at the same time eliminating any large expenditures from the public treasury.

Meady has also called upon the public to present his committee with names of persons who should be honored by the City during the "Home-Coming Week-End". He said the entertainment celebrities are natural guests for a ball, but that many Quincy natives have excelled in less glamorous fields and should be recognized by the city for their achievements.

"Whether it be medicine, science, religion, business or whatever, we want to honor the sons and daughters of Quincy who have made a name for

themselves in their chosen fields", Meady said.

Any friends or relatives of such people are invited to submit the names for consideration by the Committee.

The Social Events sub-committee is one of six similar groups meeting regularly to promote the year-long 350th celebration, under the general direction of the Commission Chairman, Dr. Lawrence P. Creedon, Superintendent of Schools.

It is anticipated that more members will be needed to properly produce the social events now scheduled, so any interested local residents are invited to serve on this sub-committee. The next meeting of the group will be held in St. Mary's School, West Quincy, on Thursday, Feb. 21 at 8 p.m.

Chairman of the sub-committee, Leo F. Meady, 557 Quarry St., Quincy said the group had decided against an expensive pageant, or other outdoor extravaganza in preference to inviting independent organizations in the city to produce their own programs, in cooperation with the committee during the selected time period.

Organization presidents and program chairmen are being urged to contact Meady to coordinate dates and places for such affairs. The Committee unanimously agreed that the inclusion of the other clubs and groups in the over-all program

2 Fire Captains To Be Sworn In

Two new Fire Department Captains were to be sworn in Thursday morning.

They are: Lt. Roy K. MacDonald, 55 Wesson Ave., West Quincy, a firefighter since 1950 and Lt. Carl V. Valenti, 17 Belmont St., Braintree, a member of the department since 1957.

Firefighter Roy H. Snaith Jr., 95 Spring St., Houghs Neck was promoted to lieutenant during the same ceremony. He has been on the force since 1955.

Charles D. Walter, 38 Taffrail Rd., Quincy, was sworn into the Fire Department as a new Firefighter.

MacDonald is replacing recently retired Captain Edward T. O'Connell, 118 Bellevue Rd., Squantum. The others are moving to higher posts opened by McDonald's move to O'Connell's position.

One new firefighter will be added to the rolls on Feb. 16. He is Russell C. Patten Jr. of 122 Babcock St.

Film Programs Resume At Libraries

Daytime film programs have started again at the Thomas Crane Public Library.

Films will be shown at 2:30 every Wednesday afternoon at the North Quincy Branch Library, and the same films will be presented Thursday mornings at 10:30 at the Main Hall Library, Quincy Center.

Information regarding films scheduled for each program may be obtained by calling the library at 471-2400 or by picking up film listings at either branch.

The first program will feature World in a Marsh, a close look at the wide variety of life forms that inhabit a Marsh, and The Mime of Marcel Marceau, a view of the French pantomimist at work.

You're Supposed To Shovel Snow

The City Council has asked Police Chief Francis X. Finn to enforce a city ordinance calling for tenants, occupants or owners of stores in shopping districts to remove snow from their abutting sidewalks.

City ordinance Chapter 22, Section 14, states that snow must be removed within five hours after it has ceased falling in the daytime and by 1 p.m. if the snow fell the preceding night.

The ordinance carries a \$20 fine.

Over 50 Firms At Job Fair Here March 9

Seek Work For 7,000 Unemployed

DADDY DID IT! Family of new Ward 4 Councilor James A. Sheets extends congratulations in a personal way after he is finally sworn into office Monday night. Left to right, are Kimberly, 10; Jim, 5; Sheets; Tad, 4; and Mrs. Joanne Sheets. Sheets' seating on the Council was delayed five weeks until a court ruled on possible conflict of interest between the Council and his job as a teacher at Quincy Junior College.

[Quincy Sun Photo by Laban Whittaker]

Says Jubilant Sheets

'Victory Belongs To People'

The City Council has nine members again.

James A. Sheets was sworn in Monday, five weeks after the other Councilors and four days after Suffolk Superior Court Judge Harry Kalus said it was all right.

"This is a victory that belongs to the people," said Sheets in a statement. "We have helped lift the heavy-handedness of an unjust and discriminatory law."

Sheets refused to take the oath of office Jan. 7 when speculation was raised that his seat on the Council and his job as a teacher at the city-supported Quincy Junior College might be a conflict of interest.

The question was raised by North Quincy Atty. Frank W. Cormack who claimed to

represent 10 taxpayers whom he never named.

But Judge Kalus ruled that, since the School Committee runs the public schools and the City Council's power over them is limited only to capital items, Sheets would not be serving in any supervisory capacity over the Junior College.

He said Sheets could keep both salaries, his \$16,500 as a teacher of political science, and his \$3,000 as a City Councilor.

Sheets told The Quincy Sun that he has no argument with the conflict of interest laws that prevent City Councilors from receiving compensation from the city other than their Council salaries.

"The law is a good and necessary thing," he said. "I am of the opinion that this ruling

will apply only to teachers since the autonomy of the School Committee makes the difference."

In his statement, Sheets noted the presence in the Council chambers of a number of young people, who worked for him through the primaries, the election and the court test and "whose faith and confidence in my judgement never wavered."

"To these young people," he said, "I want to say that through your long hours of hard campaigning and long hours of lonely vigilance as you waited a court decision, you have experienced a renewal of faith and hope in the American people and our system of government."

"Your faith and mine have been abundantly rewarded."

Over \$1,200 For Tammy

By PAUL FELDMAN

"I wanted to send you a card to let you know that I care," wrote a 15-year-old girl.

"I love you," said the Valentine card from a five-year old boy.

"Good luck Tammy - from the owners of a loveable, gentle German shepherd," said the note enclosed with a \$10 check from a Wakefield couple.

These letters and donations are just three of the hundreds that have poured in to 5-year-old Tammy Stuart, of 31 Binnacle Lane, Germantown, victim of a savage dog attack almost a month ago.

Over \$1,200 has been raised in the past week to help pay medical expenses for the Snug Harbor kindergarten student.

She underwent her fourth operation Monday - to cut her lips back open and remove breathing apparatus from her throat. She will be in Quincy City Hospital for another month, according to her mother, Mrs. William Stuart, and must wait two years before plastic surgery can be performed.

Most of the contributions to the Tammy Stuart Fund, headquartered at the Quincy Savings Bank, were for sums of \$5 to \$10. They have arrived from Rhode Island to New Hampshire, Quincy to Chelmsford.

Contributions of \$100 each were mailed by complete strangers - Mrs. F. E. Weller of Boston and the Walsh Construction Co. of Salem.

Cards and letters have come from the young and old. "Tammy has more grandmas' and grandpas' than anyone in the world judging from the signatures on many cards," says her mother.

Donald Johnson, Quincy Savings Bank assistant treasurer handling the fund says, "I have never been involved with a drive of this velocity of response."

It took an hour and a half to open up Tammy's hospital mail last Thursday - over 100 cards and letters.

How is Tammy taking all this attention?

She can't speak yet but her parents say she is still acting "bravely" and that she wants another dog - a small one - when she gets out of the hospital.

Gasoline 60¢ At One Station

The so-called Oregon Plan went into effect this week and most agreed it was too early to predict if it would prevent all-out gasoline rationing.

Meanwhile, the price of gasoline continued to inch up. One Quincy station was selling regular gas at 60 cents a gallon Tuesday.

The lines of even numbered licensed plate vehicles were longer Tuesday at Quincy-South

Shore area service stations than Monday's lines of odd-numbered license plates.

This was attributed to the fact that those with even numbered plates had to wait one day longer to get gasoline since the plan went into effect Monday.

A few stations however were reported servicing odd numbered plate cars on Tuesday instead of adopting an even-numbered only policy.

By TOM HENSHAW

A second Job Fair to help some 7,000 unemployed persons on the South Shore to find work will be held March 9 from 10 a.m. to 3 p.m. in the Quincy Vocational Technical School gym.

Some 7,000 letters will go out the last week in February inviting the unemployed of Quincy and the South Shore, where the unemployment rate has reached 10.4 and is rising at a rate of .4 per cent a month, to visit the Fair.

The letters of invitation - which aren't really necessary to attend - are being sent over the joint signature of Mayor Walter J. Hannon and Robert Daly, manager of the Quincy office of the Division of Employment Security.

Paul Ricca, chairman of the sponsoring South Shore Council for Full Employment, said that from 50-55 firms with job openings have signed up for booths in which to interview potential employees.

The Council is made up of several South Shore Organizations interested in employment, including the South Shore Development Corp., an arm of the South Shore Chamber of Commerce.

The last such Fair, held Oct. 27, attracted more than 2,300 unemployed to 45 booths manned by prospective employers and, says Ricca, resulted in the placement of more than 200 in jobs ranging from unskilled to professional.

"This time," says Ricca, "seven or eight large firms will be represented with booths offering a lot more professional, and semi-professional job opportunities."

The concept of the Job Fair grew out of a meeting last summer among Mayor Hannon and a group of concerned citizens who felt that something had to be done about the rising rate of unemployment on the South Shore.

"We found," says Ricca, "that a lot of the newly unemployed had been working for so long that they had forgotten how to look for a job. The Job Fair was a way of bringing employer and employee together."

At the Fair, each prospective employee fills out a short application form to take around to the booths. If an employer is interested, it is followed by a more comprehensive interview later at the plant.

"It's like a big shopping center for jobs," says Ricca.

\$102 Million Yard Contracts

General Dynamics Quincy Shipyard has received a contract to build its eighth liquefied natural gas tanker for Burnham Oil Tankers Ltd.

The \$100 million contract brings the yard's backlog of orders for LNG carriers to \$750 million, the largest commercial backlog of any shipyard in the United States.

Keel for the first tanker was laid Dec. 1, 1973.

The yard also was awarded a \$2.2 million government contract to overhaul and repair an auxiliary floating drydock with the work scheduled to extend from February to August.

Mrs. Ellen Flaherty Celebrates 100th Birthday

Mrs. Ellen Flaherty of 65 Grove St., West Quincy, mother-in-law of former City Councilor Albert R. Barilaro, observed her 100th birthday Wednesday quietly with a 9 a.m. Mass at St. Mary's Church.

She is also the mother of former Police Chief Joseph P. Flaherty.

The Mass was celebrated by Rev. John McMahon, pastor of St. Mary's Church, and Mrs. Claudina Quinn, wife of the attorney general, attended a coffee and doughnuts party at its conclusion.

A native of County Sligo, Ireland, Mrs. Flaherty came

to the United States at the age of 21 and was married in 1898 in St. Gregory's Church, Dorchester - "the day before the Portland went down," as she recalls.

The Portland was a passenger vessel, bound from Boston to Portland, Maine, that sank in a fierce storm on Thanksgiving, 1898.

In addition to Mrs. Agnes Barilaro and Chief Flaherty, Mrs. Flaherty has six other children, Joseph Flaherty, Mrs. Mary Golden, Mrs. Catherine Buckley, Mrs. Alice Bowden, Mrs. Anna Deady and Mrs. Helen Halligan. All live in West Quincy.

Tax Form Help At City Hall

Examiners from the State Income Tax Bureau will be available at City Hall Feb. 25 through March 1 to assist residents in completing their Massachusetts State Tax forms.

The Mayor's Office said the Examiners will be in the City Hall Council Chambers on those dates from 9 a.m. to 12:30 p.m. and 1:15 p.m. to 4:30 p.m. daily.

Stocks Slowly Dwindling, Some Shoppers Hoarding

Sixty-three more rail cars of fresh produce arrived at the Boston market last week than the week before, reports the Massachusetts Department of Agriculture (MDA).

That's the good news.

During the same period, 91 fewer trucks came in. That's the bad news, because most of our East Coast produce comes here by truck. Rail serves us from the west. There were seven air shipments, a method limited usually only to strawberries.

Retail chains have been working from their own warehouse supplies, and stocks are slowly dwindling. Wholesalers have switched their shipping orders from truck to rail, and the railroads can't find enough freight cars to fill the demand.

At least one chain is holding prices at pre-strike levels. . . as

long as they can. Turkey was available Friday at 55 cents—a most reasonable figure, based on prior commitments—but one that may not be seen again for a while. But . . . only one to a customer, in the effort to spread supplies.

At the same time, one major chain reports, the checkout counters are seeing some staggering totals, as some homemakers try to stock up. Others, probably the majority, though no accurate check has been made, say they're lucky to be able to pay for their immediate needs.

The MDA pleads with consumers to buy only what they need, because hoarding takes food from others. Most people are considerate; others obviously couldn't care less about anyone but themselves.

But nature continues to produce fiercely, whether the food moves or not. Most of the Bay State's fresh produce comes out of Florida at this time of year, and shippers there are up to their eyeballs in tomatoes, cabbage, celery, lettuce, cucumbers, eggplant, citrus. . . and trucks that can't move. There may be surpluses here when the strike ends, and possibly lower prices.

But crop rotation does not wait for human decisions. A long strike will turn some vegetables into fertilizer as plowing-under makes way for new plantings that must come on nature's schedule. So the prospect is probable higher food prices, whatever and whenever the outcome.

Behind it all is the fuel problem. When the truckers were forced to pay double for

gasoline and diesel fuel, they stopped running. They demand price rollbacks, which appear to be impossible. Cost "pass-through" — the ability to add fuel costs to their rates — has been offered.

Ironically, freight rates for fresh produce are exempt from ICC control which means that those truckers who carry food can negotiate their rates to compensate for their added costs. But those who stop the trucks don't discriminate. Drivers who want to roll fear for their safety. And little moves.

MDA Commr. Nathan Chandler has been working all week with Gov. Sargent to bring more produce into Massachusetts, but as of Friday afternoon hard news was difficult to come by.

Maybe the truck strike — obstruction may be a more accurate term — will be over by the time you read this. But the lessons remain clear: oil dominates our lives, and we're all partners in a very sticky mess. And big government reacts. . . slowly, slowly in times of crisis.

You Can Borrow ID Engraver At South-West Center

The South-West Community Center, in cooperation with the Quincy Police Department is sponsoring "Operation Identification".

Residents can prevent crime by borrowing an electric engraver and marking your belongings which can be readily identified. The engraver may be borrowed for two or three days. When the engraver is returned to

the Community Center, residents will receive a set of operation identification decals to place on their doors or windows to help protect their home from burglary.

The engraver may be picked up at the South West Community Center, 372 Granite St. For further information, call 471-0796.

Permits Issued For \$43,827 Plumbing Work

The City of Quincy received \$260 for permits to install plumbing and gas fixtures in January, it was reported by James A. Erwin, inspector of plumbing and gas fittings.

Permit fees for plumbing were \$186 for work estimated to cost

\$43,827 and \$74 for gas fitting work estimated to cost \$9,375.

The department also received 60 plumbing applications, 48 gas applications and inspected 92 plumbing installations and 69 gas fixtures.

Meeting Friday, Hearing Feb. 20 On Proposed Historic District

The South Shore Chamber of Commerce and the Quincy Center Business and Professional Association will hold a joint meeting Friday at 8 a.m. to discuss a proposal to make Quincy Center a historical district.

The meeting at the South Shore National Bank Conference Room on Chestnut St. is preparatory to a public hearing which will be held on the matter Wednesday, Feb. 20 at 7:30 p.m. in City Hall.

The proposal to establish a Historical Commission and create two Historic Districts, one in Quincy Center and one around the Adams Houses in South Quincy, is being made by the Quincy Historic District Study Committee.

The seven-member committee, headed by Rev. John R. Graham, pastor of the United First Parish Church, has been studying the historic district possibilities for the past several months.

"The purpose of the proposed districts would be to protect the buildings of historic significance," the committee reported. "It would also insure that future development will enhance the historic character of the two areas."

If the committee's proposals go through, the City Council would set up the two Historic Districts and a Historic District Commission to make sure any future changes will be compatible with the historic character of the area.

It would not alter existing zoning ordinances nor would it restrict the use of the buildings or any changes in the interiors. Only external changes would be subject to review by the commission.

Fuel Panel Topic At Chamber Breakfast

Three top government authorities on energy will take part in a breakfast panel discussion on "Fuel Pricing, Allocations and the South Shore" today [Thursday] at Valle's in Braintree.

They are Lawrence Rogers, regional director of the Federal Energy Office; Humphrey Sullivan, manager of the Internal Revenue Service's Stabilization Office; and John Verani, secretary of Massachusetts Consumer Affairs.

Moderator will be Charles Tebo, regional manager of Citgo

Other historic districts around Massachusetts include the Beacon Hill section of Boston and an area of Springfield.

The Quincy Center Historic District would extend from Furnace Brook Parkway down Hancock St. to the South Shore National Bank Building, including irregular shaped areas on both sides of the street.

Buildings, in order of seniority, would include:

Hancock Cemetery [1640], Quincy Homestead [1685], Adams Mansion [1732], Beale-Rice House [1792], United First Parish Church [1826], City Hall [1844], Adams Academy [1870].

Thomas Crane Library [1875], Adams Building [1890], Woodward School [1906], Coddington School [1909], Bethany Church [1920], the old Court House [1922] and the South Shore National Bank Building [1929].

The Adams Birthplace Historic District would include the John Quincy Adams birthplace [1663], the John Adams birthplace [1681], the Joseph Crane House [1834], and the Samuel Curtis House [1831], all on Franklin St.

In addition to the Rev. Mr. Graham, members of the study committee are:

Robert A. Cerasoli of Quincy Point; Quincy Historical Society President H. Hobart Holly; former Chamber of Commerce head William A. O'Connell, realtor Dorothy L. Osborne, architect Kenneth F. Parry and Joanne Pelton of West Quincy. The committee also received staff support from Mary E. Weafer, of the Quincy Department of Planning and Community Development.

and chairman of the South Shore Chamber of Commerce's Energy Resources Committee. The chamber is sponsoring the hour-long program which begins at 8:14 a.m.

Congratulations, Councillor Sheets

James A. Sheets was finally sworn in Monday night—35 days late—as the new City Councillor from new Ward 4.

We hope this winds up what had to be one of the most unusual election years in Quincy's history. For awhile it seemed like the election would never be held and then that it would never quite end.

Superior Court Judge Harry Kalus paved the way last week for Mr. Sheets to take his seat by ruling that the latter was not in conflict serving as a councillor while teaching at the Quincy operated Quincy Junior College.

Because of a threatened taxpayer's suit, Mr. Sheets sat it out when his eight colleagues took their oath last Jan. 7.

The threatened suit jeopardized his \$16,500 salary as a junior college teacher. His salary as city councillor is \$3,000.

But one thing still bothers us about this whole affair.

It was Mr. Sheets himself and not the 10 taxpayers who went into court to get a ruling on the matter.

The identity of the 10 taxpayers has never been revealed. All we ever had was an attorney saying he represented 10 taxpayers who would bring suit if Mr. Sheets took his oath.

The fact that the 10 have not yet been identified still has some people actually wondering if they really exist.

They had all the right in the world, to raise the question of conflict. And there are some today who will disagree with Judge Kalus' ruling.

But it seems a bit unfair to put a man through all that Mr. Sheet's has been put through over a threat by 10 unidentified people.

The attorney no doubt would argue that if Mr. Sheets had taken his oath on Jan. 7, the suit would have been filed and the names revealed.

But if Mr. Sheets had not initiated the court action himself, this could have dragged on and on. The people of Ward 4 would not have had a voting councillor and the city would have had an eight-member instead of a nine-member council.

It is too bad that all of this could have happened by a mere threat. Because that is all that it was and is -- even at this writing.

Was the threat politically motivated or the conflict question sincerely raised by a group of just plain interested taxpayers?

That question -- unlike the question of conflict -- will probably never be answered. It sort of leaves a cloud hanging over the matter.

We congratulate Mr. Sheets on his court victory.

And we congratulate all the young people who have worked hard in his behalf -- both for his election and to raise money to bring his case to court.

We would think that these youngsters have seen first hand that despite its many faults, the democratic system does work and is still the best of them all.

Dollar A Loaf Bread

The bakers are warning that unless the price of wheat is held down by export controls, the price of bread could go to \$1 a loaf this year.

The price of wheat is such a small fraction of the cost of bread that it is hard to take the bakers' threat seriously. And yet it must be taken seriously.

We do not expect bread to cost a dollar a loaf this year or next but the fact that a bakery industry spokesman would make such a threat bespeaks a highly emotional concern on the part of the industry about rising costs for both materials and labor.

Wholesale prices rose 18 per cent last year -- the sharpest increase since 1946, just after World War II.

Storm signals are flying for the economy as a result of the inflation. It has disrupted normal relationships in the market while some prices and some wages have been artificially held down by government controls.

The controls have proved themselves to be ineffective. But when they go off, as expected soon, there is likely to be an explosion of pent-up demands for higher prices and higher wages.

Restraint will be needed more than ever in order to maintain some kind of economic stability. Otherwise, the prediction of dollar-a-loaf bread could become a self-fulfilling prophecy.

- British Labor Troubles
- Dark Clouds Over Europe
- U.S.- England Nuclear Divorce?

(Copyright, 1974, by United Feature Syndicate, Inc.)

LONDON — Just about everyone in Britain is sore at the lowly mine workers for plunging the country into an economic crisis. The miners' vote to strike has aggravated the energy crisis and heightened the hardships of their fellow Englishmen.

Yet deep in the coal pits, there is another side to the story. The miners often crouch on their knees and breathe black coal dust while they dig for coal. Water seeps into the mines and they often wade through water up to their knees.

The work is also dangerous. The coal dust and underground gases have caused explosions. The conveyor belts have sliced off the arms and legs of miners who have lost their footing and fallen against them. There have been cave-ins.

Further, an estimated 40,000 miners in Britain have black lung disease which leaves them wheezing and causes premature death. For all of this, they are paid no more than what a London secretary makes.

In Britain today, the miners are the scapegoats for the nation's economic woes. I have always championed the miners in America. So here, too, I wanted to tell their side of the story.

But their decision to strike has serious international overtones. In private, Prime Minister Edward Heath has complained that the Communists are stirring up the labor troubles. I have seen secret intelligence reports which confirm Heath's complaint.

There is evidence, not only in Britain, that the Communists are trying to exploit the economic turmoil caused by the Arab oil squeeze. Soaring oil prices have thrown the economies of Western Europe into a tailspin. The Communists are trying to take advantage of the unrest to overthrow the old order and to in-

stall new, Communist-infiltrated governments in power.

In Britain, the Communists control 10 per cent of the important posts in the major trade unions. The intelligence reports show that the Communist parties in Western Europe received instructions from Moscow to exploit the oil crisis and to stir up class warfare.

But there is new evidence that the Kremlin has now changed its tune. More recent intelligence reports indicate that the Soviets fear the economic dislocations could cause Europeans to turn to the right rather than the left.

Suddenly, there is concern in the Kremlin that Europe's economic troubles could bring right-wing governments to power.

Dark Clouds: Meanwhile, the economic clouds over Europe are dark and ominous. Throughout Western Europe, living costs are soaring and unemployment is rising. Workers, who used to collect for overtime, are now on part-time. Fewer jobs are available for young people leaving school.

The recession, which is building up here in Europe, could be the beginning of a worldwide depression. The tripling of oil prices has caused a severe economic setback in most nations. It has also caused the producers of other raw materials to talk about pulling similar price squeezes.

Many European economists believe that 1973 was the end of the era of plenty. In 1974, Europe may be entering a new era of shortages.

The law of supply and demand, inevitably, will push up prices. This will mean that only the wealthy will be able to afford goods that used to be available to the masses.

But the masses have become accustomed to their TV sets, refrigerators and motor cars. Rather than give

up their small luxuries, they almost certainly will demand higher and higher wages.

As many economists see it, the poor either must give up hope of escaping their poverty, or achieve a massive redistribution of income. If these economists are right, the next few years will bring tremendous economic and political upheaval.

What happens in Europe, of course, inevitably will spread to the United States.

Nuclear Sharing: Europe's leaders have other major worries. There is suspicion in London that the United States may break off its nuclear-sharing arrangement with the British.

The two English-speaking nations have been nuclear partners since the end of World War II. But the British now suspect that Secretary of State Henry Kissinger is ready to end this nuclear collaboration as a concession to the Russians.

Washington has been cool to British inquiries about replacing their four Polaris submarines. New developments in nuclear submarine warfare by both the Russians and the Americans will make the Polaris subs obsolete by 1980.

The British were also upset by the first-round SALT agreements, which gave the Russians a 50 per cent advantage in the numbers of missiles. Most of these Soviet missiles are limited by range to European targets.

The clamor in Congress to reduce U.S. troop levels in Europe has added to the skepticism here in London that the United States would risk a nuclear war with Russia to defend Europe.

This has led to quiet soundings in Paris about a possible British-French nuclear-sharing program. There is growing concern here that Western Europe may have to form its own independent nuclear force.

Brownell's Entrance Looks Like Hedges' Farewell

By HENRY BOSWORTH

Entrance of Quincy's John Brownell into the Norfolk County sheriff's race is a tip-off that incumbent Charles Hedges will not be a candidate for re-election.

Brownell, a deputy sheriff for more than seven years, has said in the past that he definitely would not run if his boss was a candidate. The indication is that Brownell has sounded out Hedges and the latter has given him reason to believe he will not seek re-election.

Though Brownell is now a Democrat and ran against Republican Hedges in 1956, the pair have become good friends. Too good for Brownell to buck Hedges now.

Hedges some months ago told close friends he would not run. But, then in the past few weeks has been reported warming up to a re-election bid.

But with Brownell's hat in the ring, it can only mean that Hedges is retiring with his badge.

INCIDENTALLY, there was a romantic touch to the timing of Brownell's announcement Wednesday. He and the former Willena MacQuarrie were married 44 years ago on Feb. 13.

Brownell, by the way, was a Democrat when he ran against the late Sheriff Samuel Wragg in 1952. As a Republican, he ran against Hedges for the nomination in 1956.

He returned to the Democrat ranks three years ago when his son, Rep. Thomas Brownell was making his first bid for office. And, he'll stay a Democrat, he says.

QUINCY'S FIVE FRESHMAN city councillors impress Council President Arthur Tobin. Why?

"They are articulate," he says for one thing. "They're not headline hunters. Each does his own thinking. No one is going to fool them."

Tobin, now serving a precedent setting fifth consecutive one-year term as council president adds:

"I'm sure this is going to be one of Quincy's better city councils."

DID YOU HEAR about the guy who thought the gasoline shortage was over? He drove into a filling station this week and got all the gas he needed. Then the attendant actually checked the oil and wiped the windshield.

INSIDERS think there may be a new twist to the Cemetery Department affair when the City Council finally wraps up its investigation. Like a law suit.

SAD NOTE DEPT: Sons of the Spanish-American War Veterans and Daughters of '98, will observe the 76th anniversary of the sinking of the battleship Maine in Havana harbor at memorial services Sunday at the Parker House, Boston.

According to Jean Coughlin of North Quincy, state department chaplain, there are only 28 known survivors of that war alive in Massachusetts. And the death a few months ago of John Houston of North Quincy, leaves Quincy without even one.

Frank Garrity, a veteran who had lived in Quincy, moved to Florida about three years ago.

Time marches on.

GERMANTOWN'S Tom Buckley will serve as Quincy-South Shore coordinator for Atty. Gen. Robert Quinn's campaign bid for governor. Buckley was area coordinator for Senator George McGovern's successful Massachusetts Presidential run.

CHARLES HERBERT, former Quincy public works commissioner, was back in town Monday as guest speaker at the Kiwanis Club luncheon. Herbert is now associated with the firm that is building the new \$32 million Saugus incinerator which will eliminate the town dump and generate 15 per cent of the steam needs for the General Electric plant there.

Herbert suggested that Quincy should look into this type incinerator. And maybe pretty soon. He estimates Quincy will have filled all of its quarries in four to seven years.

Letter Box Takes Issue With Dogs Editorial:

LETTER

Editor, Quincy Sun:

Although your recent editorial correctly points out that stricter over-all city enforcement of the dog-leash ordinance with concomitant prosecution of defiant pet owners would be a helpful step toward avoiding serious injuries to youngsters attacked by dogs, the clear implication of your editorial was a typically Benevolent Paternalistic attitude toward tenants residing in State, Federal, or City-subsidized housing.

That you might suggest that "people that live close together in public housing and at public subsidized low rents should yield a privilege or two. Like not having pets," is to yield rational argument to emotional class consciousness which is intended to reinforce simplistic Archie Bunker philosophies of "Keeping them in their place."

On the contrary, the current theory, practice, and philosophy on the governing of public housing complexes as evidenced by the State Department of Community Affairs' favorable ruling relative to pets within public housing is to encourage those less affluent than you and I to actively participate in and take determinative action in those matters directly affecting their living environment and the course of their children's lives. Absent such ability to affect their surroundings, these families are subordinated to positions of subservience and impotence in matters of importance in their lives which almost invariably results in another generation of public housing tenants who may have neither the desire, ability, nor power for reasonable decision-making.

It appears incumbent upon all of us to remember that property is merely a financial condition; it does not and should not subject any person to the type of humiliating and denigrating commentary contained in your afore-mentioned Editorial.

Even if we should agree that publically-subsidized persons should be stripped of certain privileges in exchange for our tax-payer support, then we would be wiser to query if President Nixon or the President of General Motors or J. Paul Getty should likewise be deprived of their pets.

Peter J. Lebbos, Atty. 886 Washington St., Dedham

[Editor's Note: Atty. Lebbos zeros in on one line in the editorial to which she takes exception. The editorial called for enforcement of the dog-leash law - not banning pets.

Atty. Thomas Williams Representative Candidate

Atty. Thomas F. Williams, Wednesday announced his candidacy for State Representative in the First Norfolk District.

The seat is being vacated by Clifford Marshall, to run for Norfolk County Sheriff. The District comprises old Ward II, old Ward III Precincts 1, 2 and 5 and Precincts I and II of North Weymouth.

Williams who is also a realtor, is a virtual life-long resident of the district and is currently a member of the Board of Directors of the Quincy and South Shore Board of Realtors, vice-president of the Ward II Civic Association, member of the Quincy, Norfolk and Massachusetts Bar Association, the Quincy South Shore Chamber of Commerce, North

Weymouth Civic Association and St. Joseph's Holy Name Society of which he is a former vice-president.

Williams cited the following as some of the important issues in the campaign:

Construction of a new Fore River Bridge, effects of the oil shortage on the local economy, the Weymouth incinerator, unemployment, pollution of the harbor and beaches, and development of new programs to assist the district's large number of senior citizens.

Williams is a graduate of Boston University with a BA in Economics and a graduate of Boston University Law School. He is married to the former Patricia M. Butts, has two daughters and lives at 437 Washington St., Quincy Point.

RT. REV. JOHN MULLARKEY

An Open House will be held at the post following the mass where luncheon and refreshments will be served by the ladies of the Post Auxiliary.

There will be dancing in the evening from 8 p.m. to midnight.

Monsignor Mullarkey, a Quincy resident, was baptized at St. Mary's Church. He was ordained June 5, 1925 at Holy Cross Cathedral by William Cardinal O'Connell.

He was elevated to Domestic Prelate by Pope John XXII Nov. 18, 1960.

After service at several churches and a number of teaching and special assignments Monsignor Mullarkey was named pastor of St. Mary's, Plymouth in 1949 and pastor of St. Pius V parish, Lynn. He served as pastor at the latter church until his retirement Sept. 21, 1971.

Youth Speaks Out

• Now, with the Oregon plan we are promised a shorter wait in line for gas, so that we can spend our time looking for meat or fresh vegetables.

• The Oregon plan was adopted to stop panic buying, now we can only panic every other day.

• Short conversation overheard: "Hey, pal, I need some gas today; can I borrow your license plates?"

• President Nixon says he will never resign, which we must consider the ultimate revenge.

• It was recently disclosed that the C.I.A. had the Kremlin bugged, and that we knew what the Soviet leaders ate for breakfast, but President Nixon had no idea what his staff was doing about Watergate.

• Massachusetts was not given any more gasoline in the recent re-alotment - Mr. Nixon didn't forget which state voted for Mr. McGovern.

'Sex Stereotyping' Women's Caucus Topic

The South Shore Women's Political Caucus will meet Tuesday, Feb. 19, at 7:45 p.m. at The Quincy Elks Hall.

A panel discussion will be held on "Sex Stereotyping From

the Cradle to Grave".

Question and answers will be allowed after the discussion. All South Shore women are encouraged to attend.

ENGAGED - Commissioner and Mrs. John J. Sullivan of 23 Marion St., Wollaston, announce the engagement of their daughter Maryrose A. to Wayne E. Mirick of 20 Safford St., Wollaston. The bride-to-be's father is a member of the Quincy School Committee. Mr. Mirick is the son of Mr. Lawrence Mirick and Mrs. Virginia [Fowler] Mirick of Quincy. Miss Sullivan is a graduate of North Quincy High School and Aquinas Junior College with an A.S. in Secretarial Science. She is employed at Quincy District Court. Mr. Mirick is a graduate of North Quincy High School and Quincy Junior College. He is presently attending Boston State College, and will graduate this spring with a B.S. in Law Enforcement. There are no immediate wedding plans.

SILKEN FRINGE - Mrs. Beth Frigard of Quincy models a brown silk gown, circa 1863 to be seen in Goodwill Fashion Parade hosted Feb. 26 by Our Lady's Sodality of the Most Blessed Sacrament Church in Quincy.

Blessed Sacrament Sodality To See Goodwill Parade

The Goodwill Fashion Parade, a traveling style show which features historic fashions from the 1800's to the present, will be hosted Feb. 26 by Our Lady's Sodality of Most Blessed Sacrament Church, Houghs Neck.

The Goodwill Auxiliary to Morgan Memorial will present its fashion show at St. Thomas Aquinas Hall, Darrow and Sea Sts., at 8 p.m. The public is invited.

Mrs. Carol Carpenter is president of Our Lady's Sodality. Other officers include: Mrs. Jo Ann Steen, vice president; Mrs. Norma Steen, treasurer; and Miss Theresa Harcourt, secretary.

The Goodwill Fashion Parade was created three and one-half

years ago by Mrs. Mildred Churchill of Watertown who is also the commentator. It is unique because of its rarely-seen styles and because it incorporates the story of Morgan Memorial Goodwill Industries, the first Goodwill, into its fashions.

Most of the styles in the Fashion Parade are antiques. Some date as far back as 1800. Most periods are represented up to the present day. The show has everything from highlaced shoes and ostrich-plumed hats to hot pants and mid-coats. A highlight is the display of undergarments from the year 1800. There are also men's fashions including the old-fashioned swimsuit and nightshirt.

Secretaries Hear Brogna

The South Shore Chapter of The National Secretaries Association [International] held its monthly meeting Tuesday at Valle's Steak House, Braintree.

Robert Brogna, District Manager of the South Shore Area of Junior Achievement, was the featured speaker.

You can't recycle husbands

By PAT and
MARILYN DAVIS
Copley News Service

Dear Pat and Marilyn:

What can I do about my husband? He refuses to make any changes. We have been married over a year and I have yet to see him pick up the papers or take out the trash. He smokes constantly and fills every ash tray in the house. To top off this dirty habit, he says it is my place to clean up the mess.

I don't work; therefore, he feels it is my job to cook, clean, and iron. I like to go out to eat and do not enjoy cooking. He will go out about once a week but that is it. He likes to bowl and I hate it. He asks me to go with him and I have refused. Now he goes with the boys. I feel this is unfair and that we should do things together. How can I change Ken?

Jenny

Dear Jenny:

You can recycle old newspapers and tin cans but not husbands. Get off poor guy's back!

Dear Pat and Marilyn:

My parents have an unusual relationship — one long, never-ending battle. Nothing is ever settled. Their fights just go on and on. They have been married almost 18 years and there has never been any mention of separation. How can they stand this?

Daughter

Dear Daughter:

Obviously, the bickering doesn't bother Mom and Dad.

FINE FLAMES

For an extra special flaming dessert, dip several cubes of sugar in lemon extract,

However, you might mention that this constant turmoil is upsetting to everyone else and you wish they would gather around the conference table for a peace talk.

Dear Pat and Marilyn:

I don't want a long sermon on morality. I just want a simple direct answer. Do you feel birth control pills can be dangerous? I take the pill, but I have never seen a doctor.

C.C.

Dear C.C.:

Yes. Any drug can be dangerous unless prescribed by a doctor.

Dear Pat and Marilyn:

I've been dating John (not his real name) for two years, and we get along great. There is only one problem. John says he doesn't believe in marriage and sees no reason for such an institution in our present society. He cites the number of divorces and says he doesn't want to become a statistic.

His solution is that I quit a good job, move into his apartment, and let it go at that. I want marriage and know that I would have no sense of security just living with John. Yet, I love him and don't want to lose him. Do you feel there is any permanency in such a relationship?

Undecided

Dear Undecided:

Generally speaking, I feel you would have all the security of a tightrope walker — minus the net!

COOKING CORNER

Quick breads attraction to meals

By SUSAN DELIGHT
Copley News Service

Quick breads lend enticement to ordinary family meals. There is nothing like baking bread to entice family members to the mealtime table.

The beauty of quick breads is their ease of preparation. They can be baked in the form of muffins or loaves and they can be varied a thousand ways. Today's recipes represent a few ways to vary the two.

BARBECUE MUFFINS

12 muffins

- 2 cups enriched flour (note)
- 1 tablespoon sugar
- 1 tablespoon baking powder
- 1 teaspoon salt
- 1/4 teaspoon seasoned pepper
- 1 egg, beaten
- 3/4 cup milk
- 1/2 cup barbecue sauce
- 1 teaspoon prepared mustard
- 1/4 cup sliced green onions
- 2 tablespoons oil

Stir together dry ingredients. Combine remaining ingredients, blending well. Add liquid all at once to flour mixture, stirring until flour is moistened. Fill greased muffin cups two-thirds full. Bake in preheated 425 degree oven 20 to 25 minutes, or until golden brown. Spoon flour into dry measuring cup; level. Do not scoop.

ADDING INTEREST — Barbecue Muffins, given unusual flavor dividends with barbecue sauce, mustard and green onions, will add interest to any meal.

Note: If self-rising flour is used, omit baking powder and salt.

SPICED RAISIN OATMEAL MUFFINS

- 1 cup quick cooking oats
- 1 cup buttermilk or sour milk
- 1 cup all-purpose flour
- 1 tablespoon apple pie spice
- 1 teaspoon salt
- 1 teaspoon baking powder
- 1/2 teaspoon baking soda
- 1/2 cup butter or margarine, softened
- 1/2 cup firmly packed light brown sugar

1 egg
1/2 cup seedless raisins

In a small bowl combine oats and milk; let stand for about one hour to soften. Sift flour with apple pie spice, salt, baking powder and baking soda. In a large mixing bowl cream butter with sugar. Add egg; beat well. Stir in flour mixture alternately with oatmeal mixture; blend well. Mix in raisins. Turn batter into 12 greased muffin tins, filling two-thirds full. Bake in a preheated hot oven (400 F.) 25 minutes or until a cake tester inserted into center comes out clean. Serve warm if desired. Yield: 12 muffins.

How to make bookends

By ALICE MORRELL

I have recently recieved a number of letters from students asking for ideas to make inexpensive bookends. I did not realize until this was brought to my attention how costly weighted bookends were.

I suggest buying four firebrick, usually found at lumber

yards or the hardware store, at a cost of approximately 25 cents apiece. Firebrick are slightly larger and heavier than regular brick. They are quite smooth and usually creamy yellow in color.

To use as bookends, lay one flat and set another upright on it, with a drop or two of epoxy to form a single unit. The simplest way to decorate them is with felt glued to the brick. For those with sewing knowledge, try slip covering with plaid material or fake fur.

To go a step further, papier mache the bricks; about four layers of torn paper will do. Sand the dried mache, then paint as you desire.

Suggestions: Paint a solid color; then glue favorite snapshots all over the outside of the mache bricks. You may want to display small trophies

or dime-store vases filled with straw flowers — almost anything can be glued to the bookends to add interest. If the bookends are to set on your desk try gluing inexpensive mugs to use as pencil and pen holders.

If you have a kiln or access to one, try glazing the bricks with a bright color, low fire glaze. Be sure not to glaze the bottom of the bricks.

Another bookend suggestion: square or flat-sided bottles filled with plaster of paris or sand, then painted. Use colored aquarium gravel in clear bottles. Try filling 1/2 gallon milk cartons with plaster of paris or sand. Glue on gift wrapping paper or make interesting collage designs with tissue paper, or wrap as holiday gift packages.

Your Horoscope Guide

For The Week Of
February 17 To 23

By GINA
Copley News Service

ARIES: (March 21 to April 19 — Also Aries Ascendant) — Concentrate on your "inner self" now to make necessary adjustments. In career, stick to matters directly concerning you — ignore situations that are none of your business. Make decisions promptly.

TAURUS: (April 20 to May 20 — Also Taurus Ascendant) — Make new friends now and direct energies to social interests. Relax, let go of excessive conservatism and "have a ball." In matters of career, finish up old projects and attend to detail matters.

GEMINI: (May 21 to June 20 — Also Gemini Ascendant) — Now is the time to "push ahead" in career matters. Intuition is reliable so take time to contact your "inner self." Begin new projects, become happily active in community affairs to add to personal image.

CANCER: (June 21 to July 21 — Also Cancer Ascendant) — Tie up "loose ends" and attend to routine matters now. Let other people take the initiative and learn by observation. Good time to check up on additional education, brushing up skills.

LEO: (July 22 to August 22 — Also Leo Ascendant) — Past tensions are lessening now. Review the past and learn from it. Get plenty of rest — don't "take your job home with you." Slay on top of all routine matters. Don't procrastinate. Review budget.

VIRGO: (August 23 to Sept. 22 — Also Virgo Ascendant) — Extra hours at work may be required now. Don't neglect those you love due to a "hermit" tendency. Take hold of yourself and lift your spirits and mental attitudes — resist displaying negativity.

LIBRA: (Sept. 23 to Oct. 22 — Also Libra Ascendant) — Dreams of accomplishment could be too visionary just now — get good, qualified advice. Your perspective will be better in a week or two. The decision to end a matter or not, could be reached now.

SCORPIO: (Oct. 23 to Nov. 21 — Also Scorpio Ascendant) — Attention now shifts to home and domestic affairs. Be objective, serve as the mediator in family problems. Hobbies and personal projects are favored now. Also a good time to eliminate bad habits.

SAGITTARIUS: (Nov. 22 to Dec. 21 — Also Sagittarius Ascendant) — Enjoy your high spirits and "put your best foot forward." Affiliating with a worth-while organization can

increase your prestige. Approach exciting new ideas in an orderly, organized fashion.

CAPRICORN: (Dec. 22 to Jan. 19 — Also Capricorn Ascendant) — Delay any important decisions if at all possible — you could change your mind later. Career may get help from social situations. You appear to have strong "behind the scenes" support now.

AQUARIUS: (Jan. 20 to Feb. 18 — Also Aquarius Ascendant) — Confusion appears to diminish now and you can see that you're on the right track. Avoid "spreading yourself too thin" and concentrate on goal commitments. Mate or partner is cooperative now.

PISCES: (Feb. 19 to March 20 — Also Pisces Ascendant) — Lay your long-term foundations now. Opportunities present themselves now according to your previous work and accomplishments. If a relationship ends due to money disagreements, it's for the best.

YOUR HANDWRITING TELLS

At 50, she could make office hum

By DOROTHY
ST. JOHN JACKSON
Certified Master
Graphoanalyst

Dear Dorothy:

I am 50 years old today. I think I can't stand to see another birthday roll around. Yet, I have raised four children and still feel plenty efficient and young at heart. I was a secretary before I was married and would like to go back to the same type of work. I want to work in a lovely office and deal with people. Am I too old to be thinking this way?

P.L.

Dear P.L.:

The calendar was never intended to be an age gauge. So, let your birthdays work for you.

As long as you are "plenty efficient and young at heart," a top spot awaits you ... anywhere.

Your restlessness is evident in the long lower loops and

you are ready for a change. Your personality would be an asset to any organization.

With your infectious sense of humor, seen in the beginning flourish on the m, your optimistic nature, seen in the stroke slanting up in the number 5, and your desire to be "chic and trim," seen in the Greek e, you could make any office hum.

Then your charm and ability to handle people smoothly and without friction is seen in the gentle tapering of your words. Besides all this, you will work hard and long to see a job through to the finish, seen in the long downstroke on y. This should be a real delight to any busy employer.

And, incidentally, all of this comes with added birthdays and plenty of down-to-earth experience. Go forth and pursue the kind of job you want.

Most employers would rather have the stability, reliability and maturity of one 50 than two 25s.

Eye cosmetics pose infection risk

An analysis of 1,031 samples of used eye cosmetics from 460 women showed 512 contaminated by bacteria and 155 by fungi, posing an increased risk of bacterial or fungal infection for women who use eye cosmetics, says Dr. Louis A. Wilson, professor of ophthalmology, Emory University of Medicine.

Dr. Wilson points out risk of infection could be reduced if women replaced mascara brushes frequently, threw away old cosmetics and did not share cosmetics with others. — CNS

Be Seen And Live

Of the many variables which combine to cause an accident on the highway, one is visibility of the "target". The less visible your car is, the higher its chances of being struck.

According to recent tests at the University of California, the colors blue and yellow were judged the safest if you want your car to be seen on the highway. Blue shows up best during daylight and fog, and yellow is best at night. The worst color from the visibility standpoint is gray. It seems to blend into the background and appears to be much further away than it is.

Luminous tape is also a major visibility factor at night. Its reflective ability triples the

distance that your car can be seen. And here's the visibility tip for the day: Why not paint the inside of your car's trunk with luminous paint? In case of a breakdown at night, your raised trunk lid will glow as a warning to other motorists.

City Employees' Muscular Dystrophy Fund- Raising Drive Underway

A Quincy city employees' fund-raising drive is now underway to benefit the Muscular Dystrophy Association's Norfolk-Plymouth Chapter.

Mayor Walter J. Hannon said the drive will continue through February and urged the city's approximate 3,200 city employees to support it as generously as possible.

Employees will be contacted regarding contributions by their department heads.

"The people of Quincy have always rallied to the support of their fellow citizens in time of need," Mayor Hannon said in a letter to employees.

"That is why I am asking you to support our city employees' campaign to help the children and adult victims of muscular

dystrophy and related neuromuscular diseases."

Dystrophy is a Muscle-Destroying disease, which disables its victims — so weakening them that a common cold can be fatal. Anyone may get it, although its chief victims are children. There is no cure, research has brought hope.

Special Library Programs For Youngsters

A puppet show, storytelling, and films are just three of the special programs offered to children by the Thomas Crane Public Library during the school vacation week.

Science fiction will be the subject of storytelling and book reviews Wednesday, Feb. 20 at 7:15 at the central children's department, Quincy Center. This program is the last in a series, "Tales for a Winter's Eve", for children nine years and older. Two film programs will also be held at the central children's

department Thursday, Feb. 21 at 10:30 and Friday, Feb. 22 at 10:30.

A lively story hour entitled "Eek! There's a Mouse in My Book" will be presented at the Wollaston branch library's children's room on Tuesday, Feb. 19 at 3 p.m. Youngsters can reacquaint themselves with mouse friends through stories, a guessing game book talk, a crossword puzzle game, and mouse skits.

The Adams Shore Branch Library's children's department

is holding two programs, a puppet show Wednesday, Feb. 20 at 2 p.m. and a coloring contest Thursday, Feb. 21 at 2 p.m. The children's department of the North Quincy Branch Library is featuring filmstrips of favorite children's stories Wednesday, Feb. 20 at 10:30 a.m.

For further information call the central children's department at 471-2400, Ext. 38.

MAYOR Walter J. Hannon chats with Ralph Affannato of Quincy, local Muscular Dystrophy Poster Child as Joan Troy, director of the Norfolk-Plymouth Chapter looks on. A Quincy city employees fund-raising drive is now underway.

Legion Posts Sponsoring Oratory Contest

The American Legion posts of Quincy and Norfolk County are sponsoring the 37th Annual Oratorical Contest open to all high school students and offering cash scholarships to the winners.

Subject of the contest is "Americanism."

County Oratorical Chairman Henry P. Bradley said orations must be written and delivered by the student and "must deal with a topic which directly involves the U. S. Constitution which emphasizes the duties and obligations of the American citizen."

High schools have received details of the contest. Contestants will be selected by school principals "in any manner he deems suitable."

We're Actually Getting Better At Saving You Money!

With absolutely no degree of modesty we are quick to point out that no one beats our price on pine lumber. And, as we make world famous Andersen windows, we can give you a lower price every time.

IN THE OLD DAYS . . . our biggest business was with the contractors They knew where to save a buck . . . today we still have our builders but our home owner business has snowballed. THE LADIES LOVE our carpet prices. We sell national brands to the public at the same prices we give the builders . . . and we arrange installation and we guarantee 100% satisfaction. IN JUST THE LAST YEAR ALONE we've doubled the size of our paneling center and doubled our yard area for lumber sales. WE GIVE BETTER BUYS AND WE WANT YOU TO KNOW IT . . . it's good for business.

If it's Something For Building, Remodeling or Fix-Up then you'll do better at General (and we hope you'll tell your friends.) Delivery arranged on all merchandise.

Time For A Retreat From 'Conspicuous Waste'

By Philip J. Lawrence
President
COLONIAL FEDERAL SAVINGS
And Loan Association
of Quincy and Hottelbrook
8-6 Weekdays 8-7:30 Thursday

The present shortage of every thing from figs and raisins to oil and electricity gives the lie to economic theorists who have preached a philosophy of spending as a condition of national prosperity.

We who have emphasized in a Franklinesque way the necessity and virtue of thrift may now be listened to with more respect. The Keynesian emphasis on spending, augmented by increased government expenditure to maintain mass purchasing power, has dominated our economic thinking since the depression. It gave little consideration to what happened when the resources supporting an ever-growing Gross National Product pined out, as they are now doing.

We asked a university professor of economics about the views of John Maynard Keynes and his followers that made increased spending a condition of rising prosperity. What happens to the unbounded growth theory when we run out of the raw materials to keep it going, we asked. The professor shrugged his shoulders: "There's the dilemma," he said.

We sensed something wrong in this deficit approach to living, whether on the governmental or personal level. But it catered to a viewpoint that most Americans were willing to adopt. As one psychologist observes, "I believe that it takes restraint not to spend and that human nature is generally inclined to indulge itself rather than to restrain itself."

Up until recent years, it appeared that thrift was its own reward, enabling those who practiced it to live in comfort and security, without

gnawing fears for the future. Let the spendthrifts go their extravagant ways, it was felt, and suffer the consequences.

Now it looks as if we are all in this together. If, as a recent Time Essay [December 3, 1973] notes, "U.S. society has been living in a fiction of prosperity without responsibility," we shall all experience the deprivations for what Thorstein Veblen condemned many years ago as "conspicuous wastefulness." At least, the thrifty will have their financial reserves to see them through and the habits that make doing without easier to handle.

No voice since Ben Franklin's has more consistently sounded the philosophy of thrift than that of the nation's savings and loans. We were born out of the need of rank-and-file people to finance home ownership. The funds for this purpose had to come from average citizens, and it has been to them that our encouragement of thrift and sound money management was directed. This argued for careful husbandry, for being untimely by exhortations to buy and spend. Never in the 140 years of S&L existence has this message been more pertinent than it is today.

The Time Essay previously referred to provides the choice that lies ahead: "Today the American future is literally in the citizens' hands—hands that rest upon ignition keys, electric switches, purses and wallets. How will America's citizens react? They could continue to do what they have always done: spend and damn the consequences. Or they could acknowledge that the forgotten virtue of thrift, as Ben Franklin preached, is not against the American grain but deep within it."

League To Hold 'Coffee With Legislators'

The Quincy League of Women Voters will host the city's four state representatives at a "Coffee with the Legislators" Friday at 9 a.m., at the home of Mrs. Alicia Coletti, 165 Samoset Ave., Merrymount.

Reps. Joseph E. Brett, Thomas F. Brownell, William D. Delahunt and Clifford H. Marshall Jr. all have indicated they plan to attend but Sen. Arthur H. Tobin will not be able to be there.

Some of the top priority items expected to be discussed include:

- An amendment to the State Constitution that would create a commission on judicial conduct and a nominating committee for the appointment of judges.

- Legislation which would enable the use of equalized valuations in apportionment of state and county taxes.

The League maintains that the present tax structure favors communities that have

experienced recent bursts of development over the older cities and towns. Changes could mean a \$453,509 tax reduction to Quincy.

- Abolition of the Governor's Council.

- Turnkey construction mechanism in public housing.

- Release of Highway Fund money for public transportation.

- Greater protection and regulation of wetlands, especially in southeastern Massachusetts.

- Opposition to bills that would weaken or repeal the racial imbalance law.

- Distribution of family planning information with marriage licenses.

- A bill that would absolve physicians of liability for failure to obtain parental consent for providing contraceptive care to minors.

- Bills providing cost of living adjustments for welfare recipients.

Kelly To Meet With Ward 1 Constituents On Special Hours

Ward 1 Councillor Leo J. Kelly announces he will be available to meet with his constituents on the first and third Monday of every month, which is when the City Council regularly meets at 7:30 p.m.

He will be available just prior to and following the Council meetings. However, Monday, Feb. 18, is a holiday and the Council will meet Tuesday evening, Feb. 19, at which time Kelly will be available.

Earl Morse Nominated For Air Force Academy

Cadet Major Earl G. Morse, son of Mr. and Mrs. Earl P. Morse of 78 Shed St., Germantown, has been nominated for entrance to the Air Force Academy at Colorado Springs, Colo.

Cadet Morse, a senior at Quincy High School, has been enrolled in the Aerospace Education Course for the past three years and thus eligible for the nomination. Cadets who meet the Academy criteria for entrance and who have been in the Aerospace Education Course for three years may be nominated by Principal Lloyd M. Creighton.

Nominees seeking entrance to the Air Force Academy through the Aerospace Education Course at the High School, which is a joint venture between the High

Shore Taxi In Adams Shore A New Community Service

By STEVE FERRARA

Even in these times of high costs it is not unusual to see new businesses opening every day.

But a new taxi service in the face of spiraling gas costs and limited supply?

The gas shortage does not seem to bother Mary and Ed Russell, parents of four teenage girls and a boy, of 28 Rawson Rd., North Quincy, who opened their new "Shore Taxi" company on Jan. 23.

Located at 508A Sea St., across from the Adams Shore Library, Shore Taxi is a "new community taxi service serving Houghs Neck, Adams Shore, Germantown and Merrymouth," according to Ed Russell, manager and driver.

Russell and his brother-in-law, Edmund DeAmicis of Weymouth drive two shiny and spotless radio-dispatched cabs from 6 a.m. to 1 a.m. seven days a week.

According to Mrs. Russell, who first moved to Macy St., Houghs Neck with her husband, before moving to North Quincy, "we've felt for a long time that there is a need for a taxi service in the Houghs Neck area that can provide fast and courteous service to the people living there. Why we've had people call us from the Quincy Center "T" just because they like our service.

"We know there is a need for our service because we've lived in Houghs Neck and have

relatives still living there."

On the problems that the gas shortage has posed for a new, struggling business:

"So far we haven't had problems getting gas. No, we don't have a regular station to go to. If it comes to gas rationing we feel that we'll get unlimited supply because we serve the sick and elderly at Oceanview and Snug Harbor [senior citizens housing]. But I'm against

rationing."

"To survive in this business we've got to build a regular trade in our area," says Ed Russell. "We feel there is a need for a community service cab and we hope that someday we may have to expand."

One customer summed it up this way.

"I call Shore Taxi just because it's convenient and I can get a cab without waiting."

Sacred Heart Youth To Take 30 Orphans To Ice Follies

The Sacred Heart Youth Organization of North Quincy completed its second cake sale Sunday, netting \$433 by the group.

Proceeds from the cake sale will be used to purchase tickets and take 30 children from an orphanage in East Boston to the Ice Follies at the Boston Garden. The event will be scheduled during the school vacation, and each child will be escorted by a member of the Sacred Heart Youth Group.

The Sacred Heart Youth Organization is sponsoring a retreat at the Epousal Retreat Center, Waltham, Feb. 19-20. Twenty members have already made reservations to attend, a few openings remain, and any member of the organization may contact president Steve Fountaine or secretary Susan Koch, if they wish to attend.

The Sacred Heart Youth organization meets the first Monday evening of each month at 6:30 p.m., in the Sacred Heart school cafeteria. Boys and girls of the parish in grades 9-12 are invited to join and participate.

A boys basketball program is conducted each Sunday afternoon from 1 p.m. to 3:30 p.m., and for the girls from 3:30 p.m. to 4:30 p.m., at the Atlantic Junior High school gym. A hockey league plays every Monday evening from 9-11 p.m. at Shea Rink.

BETTER HEALTH CARE - Two specialists at Long Island Hospital are participating in one of the 12 three-week workshops offered free during 1974 by the U.S. Department of Health, Education and Welfare to upgrade patient care in long-term facilities in New England. They are Mrs. Virginia O'Brien of Squantum, Head Nurse, and Mrs. Margaret O'Neill, Quincy, Head Nurse Administrator. State Street South Completes Operations Center

State Street Boston Financial Corp.'s Operations Center, the central building in the emerging State Street South commercial and residential complex has been completed at the 80-acre project in North Quincy.

Completion of the Operations Center marks a major step in the development of the \$100 million project, one destined to be among the principal Boston-area developments of the '70s.

When completed, State Street South will include retail stores, additional office buildings, apartment houses, a hotel, and a marina. The project is being developed by SSB Realty Inc., a wholly owned subsidiary of the State Street Boston Financial Corp.

George B. Rockwell, president and chief executive officer of the State Street Bank and Trust Co., said:

"We were delighted to take the lead in this regional concept. The development is consistent with our longrange planning and our intention to provide the facilities and opportunities to continue to attract and retain the most qualified people to serve our customers. We expect this Operations Center to meet our needs until 1994."

Designed by the national architectural and engineering firm of Welton Becket and Associates, master planners of State Street South, the Operations Center was developed as a striking architectural nucleus for the entire project.

MacDonald Becket, president of the Becket firm, recalled that the bank's instructions were "to develop a highly efficient business center that would be completely responsive to all human and environmental needs."

"The efficient and flexible working areas, the beautiful one-acre courtyard, and the hundreds of trees that now grace this former marshland are the result of the foresight of these men," he said. "The architecture is bold, but no bolder than the concept."

Diversion of Sagamore Creek, 300,000 cubic yards of fill, and more than 1,260 piles driven 70 feet into the earth were required before the steel frame began to rise in March, 1971. That milestone was reached exactly two years after the bank organized the State Street South development team.

The 400-foot by 540-foot building—a full two city blocks in area—was designed for an initial population of more than 3,000 workers. It has the flexibility required for potential growth to more than 4,000.

Soaring white columns topped by bold projecting cubes gives the Operations Center the distinctive architectural presence

required for the project's gateway building. Located at the entrances and corners of the building, the columns rise 74 feet to the top of a 10-foot-high cornice. Bronze solar glass curtain walls flank the columns to give the huge structure a light and airy appearance.

"Our desire," Becket said, "was to create a building that would provide the warm and cheerful atmosphere so conducive to the attainment of a high level of production efficiency."

One of the most striking aspects of the new building is the one-acre open courtyard in the center of the building. Honey locust trees, willows, and evergreens make the space a virtual garden. A cascading waterfall, reflecting pool, and amphitheater seating surround a "floating" stage that will be the setting for concerts and theatrical productions. Some 400 employees can be seated in the quadrangle to eat lunch—a dining kiosk is tucked gracefully into one corner, to attend concerts or plays, or to simply relax.

STATE STREET SOUTH OPERATIONS CENTER

Interior corridors of the building overlook the courtyard and their glass window-walls

offer a wide-screen view of the activities below. The trees, flowers, flowing waterfall, and

even the changing periods of the day are reflected in the glass and brought virtually inside

Lydon Asks 'Empty' MBTA Cars For Wollaston N. Quincy

Ward 3 Councillor John J. Lydon Jr. suggests that the MBTA dispatch one or two empty cars from the Quincy Station during commuter rush hours to pick up passengers at Wollaston and North Quincy Stations.

Lydon said in a letter to MBTA General Manager Joseph C. Kelly he has received complaints from constituents

about the MBTA's "policy of by-passing the Wollaston and North Quincy Stations when the trains are full."

"On these cold mornings," he said, "this causes a hardship to the people waiting on the platforms, and, in some cases, has caused them to be late for their employment."

"Dispatching of empty cars is the policy of the MBTA on some

of the Boston lines and I would like to see it instituted in Quincy."

Lydon also asked for a progress report from the MBTA on the installation of de-icers on the third rail "as there are many cold days ahead, and if the program is not complete, we could have a shutdown due to icing."

'Let's Get Acquainted' Program For Atlantic

The Atlantic Home-School Association, in conjunction with North Quincy High School, is sponsoring a "Let's Get Acquainted" special program for all Atlantic Junior High School eighth graders and their parents

Monday evening, Feb. 25, at 7:30 P.M., at North Quincy High School.

Purpose of the evening is to give both parents and pupils the opportunity to become familiar

with the school this year's eighth grader will attend next year and to discuss the program of studies with key personnel on the North Quincy High staff.

Refreshments will be served.

Delahunt Suggests Purchase Of Street Signs With State Funds

Rep. William Delahunt [D-Quincy] has suggested that Quincy take advantage of a revision of state policy that permits the purchase of local street name signs with state funds.

Delahunt, in a letter to Mayor Walter Hannon, pointed out that such a move would not only prevent accidents caused by confused motorists but would result in a tax savings to the citizens of Quincy.

"Adequate street signing will be particularly important during the Bicentennial Celebrations which should cause a large influx of visitors to Quincy which has been designated a Bicentennial City," he said.

Raiderettes Win, Ladies Bow

The North Quincy girls' basketball team Tuesday went after a share of the Greater Boston League championship when it hosted Medford's league leaders 9-11.

The Raiderettes, 8-2 in the league going into the game, wind up their season Friday at Chelsea. North's overall record was 9-5 going into Tuesday's game.

Barbara Webster's North girls kept alive their chances of at least a co-championship when they romped over Revere, 57-24

last Friday.

North was in full command all the way and had a huge 34-7 halftime lead.

Denise Beresiewicz and Sheri Beavens had 10 points each for the Raiderettes and Nancy Willard scored eight.

The North jayvees also won, 27-7, with Sue Johnson having seven points and Jean McCarthy six.

Earlier in the week North upset a strong Thayer Academy team, 44-38, in a non-league game, only Thayer's second loss of the year, as Miss Beresiewicz

had 12 points.

The North jayvees also won, 27-10.

The Quincy girls, after leading by four points at the half, fell before Cambridge Latin, 52-42, in a non-league game.

Kathy Bennett paced Quincy with 13 points, while Donna Brickley had 10 and Andrea Leiblein five and turned in an outstanding defensive performance.

The First Ladies played at Everett Tuesday and finished their season Friday, hosting Malden. Both are GBL games.

O'Brien Club Strong Title Contender

The O'Brien Club basketball team of Quincy will try and clinch the Cranberry League championship Sunday night when it meets the Boston Stars in Roxbury, then 12 hours later will open its quest for the Eastern Mass. Tourney title at Plymouth's Memorial Hall.

The O'Brien Club, 16-1 in the league and 18-1 overall, is one game ahead of the Stars, who two weeks ago handed the Quincy team its only loss.

Monday at 11 a.m. the O'Brien's will meet the Easton Huskies in the opening round of the all-day Plymouth tourney, sponsored by the Kiwanis Club

and featuring eight of the top teams in New England. The O'Brien Club is the top-seeded entry.

The O'Brien Club last Sunday defeated the Plymouth A.A., 111-99, its final home league game as Alan Dalton scored 24 points, Eddie Miller 22, Bob McNamara 19, Ron Bradley 15 and Moe Shooper 14.

Last week the Quincy club handed the Easton Huskies a 105-82 setback in another league game as Bradley had 28 points, McNamara 26, Mike Dunn 17, including 15 in a big third period, and Miller 17.

● St. Ann's Hockey Keohane's Edges Bruins; Stone's, Granite Win

In St. Ann's Hockey League Pee Wee Action Keohane's nipped the Bruins, 1-0.

Jim McCadden had the winning goal with Joe LaPierre and Joe McCadden assisting. Rich LaPierre was outstanding in goal for Keohane's and the entire team turned in an excellent performance.

Stone's Jewelry-Parker Transportation blanked the Flames, 2-0. John Hurley scored both goals unassisted. Rickey Stempkoski turned in his first shutout.

Granite Motors edged the Flyers, 2-1, on Andy Gillis' two goals. Ray Mallory and Mike Bridgman assisted. Norman Fee scored his first goal of the season for the Flyers with Carl Litiff assisting.

In Bantam action Blackwood Pharmacy edged Crestview, 3-2. Tom Nazaro, Jack O'Leary and Steve Olson had the Blackwood goals and Dom Falchetta, Pat Wilkinson, Joe Carr, John Gravina and George Bourikas had assists. Bob Jordan excelled in goal. For Crestview Paul

Howe and Kev O'Connell scored with Frank Kelly, Brian Buckley and Kevin Kelly having assists.

Chuck Wagon defeated Clark & Taber, 4-1, with Bill Goslin, John Hubbard, John Capone and Mike Doyle scoring and Bob Gagnon, Bill Shine and Steve Bulger having assists. Jim Doherty scored the lone Clark & Taber goal unassisted.

Plaza Olds and Skatesmith Shop played to a 2-2 tie. Rich Carpenter and Chuck Winters, both unassisted, had the Olds goals while Marty Mulvey and

Dennis Rush scored for Skatesmith and Bill Kiley, Dennis Rush, Ricky Smith and Mulvey had assists.

The St. Ann's Pee Wee All-Stars were blanked by Winthrop, 5-0, Sunday at Winthrop.

The Bantam All-Stars were also defeated by St. Thomas More, 5-2, at Shea Rink. Ricky Carroll and Gill Goslin had St. Ann's goals and assists went to Paul Howe, Bob Gagnon, Paul Tempesta and Dom Falchetta.

Hennessey, Petracca In State Track Finals

Two North Quincy High trackmen have qualified for Saturday's Class B state finals which get underway at 6 p.m. at Reading.

Geoff Hennessey, unbeaten in Greater Boston League competition this year, qualified

for the high hurdles at last week's trials, while Bart Petracca, sensational sophomore, qualified for the mile.

Petracca not only qualified but set the school record with a timing of 4:39, which broke the mark held by Kevin Henry by a full second.

Cronin Spanks Pee Wee B's, 5-2

Jackson assists.

The Quincy Pee Wees have been moved into the Southern Section of the Bay Colony's top-rated, 11-team Blue Division following the first half round-robin competition among 19 clubs.

Joining Quincy in the Southern Division are Hobomock Chiefs, Scituate

Whales, Abington and Rockland. Hyde Park, Weymouth, Franklin, Randolph, Walpole and Hingham are in the Northern Section.

Quincy wound up the first half with a record of 16 wins, one loss and three ties for 35 points. Hyde Park, which suffered its lone defeat at the hands of Quincy, also finished with 35 points.

DeCristofaro, Cotter In 12th Shutout For Bantam B's

as the Quincy Bantam "B" team blanked Hyde Park, 4-0, in a Bay Colony Hockey Association game.

Rick Camali, Dave Peters, Mark Paolucci and Jimmy Moore scored the goals, assisted by John Andrews, Mike Marks, Mark Kelly, Dave Lewis and Jim Fitzpatrick.

Despite their 15-2-0 record, the Bantam B's are only in third place in the Bay Colony, a point behind Franklin and two points

behind front running Brockton. Quincy lost to Brockton and Weymouth and gave Franklin its only defeat.

In a non-league encounter, Quincy wallowed Abington, 9-3, as Lewis, Andrews and Moore each had a pair of goals and Moore and Andrews also had assists.

Mark, Paolucci and Don Perdios had the other goals while Paolucci, Marks and John Norton added assists.

The game where John Havlicek faked out eight people.

We wanted John Havlicek to take a new position—that of spokesman for Dial Finance. Of course we knew John wouldn't consent until he was convinced he could confidently lay his reputation on the line in endorsing Dial.

To convince John that Dial was a different kind of finance company, we asked him to do some fancy faking. He was to call eight separate Dial offices, pretending to be someone interested in a loan. The hitch?

Not one of the Dial offices was tipped off about the fact that John Havlicek would be calling. Here, in John's words, is what happened:

"After my first call, I began seeing what Dial meant when they said theirs was a company with different dimension. Both the phone and my questions were answered promptly...and courteously.

"As I kept making more calls, I was more and more amazed by the refreshing directness and professionalism of the Dial people fielding my questions. But the most amazing thing to me was this. After making eight calls, never once was I given a sales pitch or pressured or even asked my name! The Dial people simply gave me the hard facts without giving me a hard time.

"Probably the most surprising moment of all was on my fifth call. I told the Dial person that I had several monthly bills from several different sources and I was interested in a consolidation loan. I faked some monthly payment figures. Then he did some figuring of his own and actually advised me not to take out a consolidation loan, because the one monthly payment I would make to Dial wouldn't substantially reduce the sum of the monthly payments I was now making! Imagine that! A finance company advising me against a loan. Although I had loaded the deck and faked the figures so that I had created a rare case, it was still nice to know that Dial is a company that acts in your interests...and not for its own."

In the Midget House League, Cox Rambler topped Suburban Disposal, 4-2.

Cox goals were scored by Gerry McGrath, Joe Megnia, Dave Perdios and Ron Hennessey and Perdios had two assists. Megnia, McGrath and Frank Shea one each.

Andy Burke and Scott Mitchell score for Suburban. Game pucks for Cox went to goalie Brian Chisholm, Perdios and Megnia. Pitts played outstanding two-way hockey for Cox.

Tiffany Realty edged the Police Dept. 2-1, on goals by Ed

Gallagher and Kevin Murphy. Tom Morris and Gallagher had assists. For Police, Dan Barry scored and Bob Page assisted.

The Fire Dept. rolled over Rich's Express, 6-0, with Ed Landers starting in goal. Bob Crews had three goals, Mike Doherty two and Bruce Perry one, while Kevin Pitts, Jerry DeLuca and Rich DiPietro each had two assists.

Cox and Tiffany tied, 1-1, with Cox goalie Rick Buccheri getting the game puck. Cox's goal was scored by Gerry McGrath with Perdios having the assist. Ken Trillcott scored for

Tiffany with the assist for Tom Morris.

The Fire Dept. and Police played to a 1-1 tie with Kevin Pitts scoring for Fire and Jack McTigue for Police. Mark DeLuca had the Fire assist while McTigue scored unassisted.

Suburban Disposal topped Rich's, 4-2, as Dan Cetlin had two goals for Suburban, Jim Ahern and Joe O'Keefe one each. Jerry Smith had two assists. Cetlin and Kevin O'Neil one each. Rich's goals were scored by Mike Contol and John Earl while Bud Collins and Bob Carmody had assists.

Dannar Paces Bantam A's To 4-3 Win

Rick Dannar fired two goals and assisted on another Saturday to lead the Quincy Bantam "A" team to a 4-3 victory over Weymouth in Bay Colony Hockey Association action.

Dave Previte had a goal and an

assist and Tommy Cahill had a goal as the Quincy team ran its season's record to 28 wins, seven defeats and a tie.

Assists were credited to Mike McGrath [2], Jack Cavanaugh

and Brian Bertoni.

Quincy bowed to Columbia, 6-3, Wednesday [Feb. 6] as Matt Schaeffer, Mike Smith and Previte scored goals.

Mark Giordani, Dannar and Cahill got assists.

Squirt A's Move Into Top Spot

The Squirt A team moved into first place in the Bay Colony Association with an easy 8-3 win over Pembroke.

Montclair Takes Over First Place

Montclair Men's Club moved into first place in the Quincy Bowling Little Loop with a 4-0 win over Hennessy, while the Joseph E. Brett Club lost to Wollaston Bowladrome, 4-0.

The teams have identical won-loss records but Montclair leads by pinfall.

McIntyre Club, in defeating Hutchinson Oil, 3-1, set a new season's high of 1349 and single of 495. Capt. Dan Finn of the George Burke Club rolled a 323 to increase his league-leadership in the individual average race.

Montclair has a 42-22 record and total pinfall of 19,768, followed by Brett Club, 42-22 [19,472]; Wollaston Bowladrome, 36-28 [19,329]; Atlantic Fuel Oil, 35-26 [19,472]; Dick Morrissey Club, 34-30 [19,700]; Hutchinson Oil, 33-31 [19,372]; Burke Club,

33-31 [19,249]; Granite Lodge 1451, 32-32 [19,127]; Hennessy Plumbing Supply, 30-34 [18,210]; Quincy Elks, 29-35 [19,415]; Bryan Post VFW, 29-35 [19,128]; James R. McIntyre Club, 28-36 [19,314]; Hal Davis Club, 23-41 [18,882] and Local 513, NEJB, AFL-CIO, 21-43 [19,015].

Finn leads the Top 10 with a 98.31 average, followed by Mike Regan, 97.27; Nick Anastas, 97.27; Dick Kelly, 96.3; Brian Connolly, 93.33; Kevin Mullane, 91.9; Larry McGrath, 91.33; John Andrews, 90.39; Jim McAllister, 89.24 and Tony Alessi, 89.13.

Finn has high three of 335 while Connolly and Dick Stohberg are tied for high single of 134. McIntyre Club has high team three of 1349 and high team single of 495.

Body Smith Opens Up Lead

The Body Smith Shop has opened up a four-point lead over Venezia Insurance in the Women Merchants Bowling League.

Body Smith has a 106-70 record, followed by Venezia, 102-74; South Shore Candy, 99-77; Chiminiello Oil, 93-83; Pepp's Express, 70-106; Merrymount Lanes, 58-118.

Edna Walker leads the Top Ten with a 104.6 average, followed by Ellie Iacobucci,

101.7; Noreen Mastroianni, 101.5; Bev Putnam, 100.3; Ann Casanova, 98.8; Terry Spencer, 97.6; Elaine Rozanski, 96.9; Sandy Barrie, 96.6; Hazel Lewis and Ann Crespi 96.4.

South Shore Candy has high team three of 1425 and Chiminiello high single of 496. Sandy Barrie has high individual three of 320 and Noreen Mastroianni high single of 124.

● Hockey

Presidents Veto Raiders, 5-2

North Quincy's hockey team tried hard Monday night but was unable to halt Quincy's surge toward a state tourney berth as the Presidents, with three goals in the last period, topped the Raiders, 5-2, at Boston Arena.

This big win meant that Bob Sylvia's Quincy team, in third place in the Greater Boston League, must win or tie one of its two remaining games to make the tournament, which it missed each of the past two years.

The Presidents are in an excellent spot now with only Everett to play Friday at 9 and Chelsea Monday at 6:30, both at the Arena. They are now 11-4-3 with ties counting as wins in qualifying for the tourney.

Ron Erikson's North team, with a 5-9-3 record, play Chelsea Friday at 9 and Everett Monday at 9 to wind up its season.

Frankie Guest, one of the GBL's outstanding sophomores, scored two goals for Quincy unassisted, one on a penalty shot, and added an assist.

Pete Ramyer put Quincy ahead at 10:27 of the first

period with Guest assisting.

Paul O'Donnell, with an assist for Rob Henderson, tied it for North at 5:06 of the second period but Guest put the Presidents ahead at 11:03.

Henderson tied it again for North at 0:37 of the last period with assists for Jim Mullane and Mike McLean but Quincy then turned it on as Brian Nevin scored at 2:35 with assists for Bob Boyle and Pete DiBona, described by Sylvia as "one of the gutsiest players I've ever coached". Guest made it 4-2 at 4:35 and Ted Wiedemann sewed it up at 11:45 with Rick Avery assisting.

Last Friday Quincy improved its triumph chances by tying Medford, 3-3.

Pete DiBona, Ted Wiedemann and Rick Avery scored the Presidents' goals.

"We played well and actually outplayed them but they took advantage of a couple of opportunities to get the tie," Sylvia said.

North Quincy turned in one of its better efforts but for the second time dropped a genuine

heartbreaker to league leading Malden, 3-2.

The Raiders had dropped a 2-1 decision to Malden in their earlier meeting when two North goals were nullified.

Last week North led, 2-1, after two periods but Malden came back to score twice in the finale.

Andy Collieran and Rob Henderson scored the North goals. Matt Marden, Malden's top scorer, scored the winning goal.

"It was a tough game," Erikson said. "The kids played really well and didn't deserve to lose. We thought we had it won after the second period. Henderson and Dave Noonan were out-standing and everyone played a fine game."

Earlier in the week North, trailing by only a goal after two periods, bowed to second place Somerville, 7-3.

Collieran scored two goals and Jim Mullane the other. Brian MacIsaac had two assists, Henderson and John Mackiewicz one each.

Presidents Present Puck To Phil Mormino

Following Quincy High's recent hockey game with Revere, the Presidents presented the game puck to Phil Mormino, the team's bus driver for the past five years.

Mormino, popular high school

custodian, drives the bus to hockey games as well as those of other teams and as Hockey Coach Bob Sylvia said, "we presented Phil the puck for his years of dedicated service and as an honorary token to one of our greatest boosters."

Sylvia pointed out that Phil is

extremely popular among the school's athletes "who can go into the gym at any time and talk to him. He's one grand guy and we all appreciate what he has done not only for us but for the football, basketball and baseball players and other athletes at the school."

● Junior High Basketball A-N Keeps Rolling Point Wins 2 Of 3

The Atlantic-North ninth grade basketball team kept rolling last week with a 27-15 win over Central.

John White had 12 points for A-N, Keith Lindbergh had five and Eddie McElaney four. Dan Cuddy had all but two of Central's 15 points.

Central's eighth graders nipped A-N, 24-23, overcoming a three-point deficit in the final period. Steve Germain's 10 points sparked Central while Wink Phelan had six and Bob Evans and John Timmons four apiece. Tom McElaney and Mike

Larkin had six each and Bobby Doyle four for Atlantic.

Central's seventh graders also squeaked by, 9-8.

Point won two out of three games from Sterling, with the ninth grade winning, 22-20. Eddie Daley had 10 points for Point and Brian Sciarini eight for Sterling.

Sterling's eighth graders won, 16-12, sparked by Peter DiCenzo's six points, while Point won the seventh grade game, 5-4.

The games scheduled for last Thursday were postponed by the weather.

Jim Sylvia Scores In Hockey Coach Debut

To say Jim Sylvia, younger brother of Quincy Hockey Coach Bob Sylvia, has had a successful debut as Hanover's varsity hockey coach is probably the understatement of the year.

Taking over the reins this winter after a year as a volunteer assistant, Jim, who helped his brother at Quincy as a volunteer

aide, has Hanover in first place in the South Shore League with a 12-2-1 record and a berth in the state tourney clinched.

The younger Sylvia, who admits he learned much of his hockey from brother Bob, highly successful coach at Quincy, played his college hockey at Boston State.

Quincy, North Find Road To Tourney Rough

A year ago North Quincy's basketball team was faced with the unenviable task of winning eight of its last 10 games to qualify for the state tournament.

Bob Nolan's Raiders not only accomplished the feat but went one better as they won nine of the 10 to make the post-season event.

North was faced last week with having to win four of its last five [unless it won or tied for the Greater Boston League title] and it hurdled the first test impressively enough last Friday with an 84-65 win over Revere.

The Raiders, tied with Somerville for second place in the GBL with an 8-4 record [9-5 overall], a game behind Medford, faced the supreme test Tuesday when it played at Medford. Friday the Raiders host Chelsea, then follow up with two non-league games, at home against Weymouth South next Tuesday and at Brookline Feb. 22.

Meanwhile, Quincy's road became harder last Friday when it lost to red-hot Somerville, 75-52, meaning it had to win all three remaining games to make the tourney.

Joe Amorosino's Presidents, who made a commitment to do just that following the loss to Somerville, started on that trail Tuesday with a home game against Everett. They play at Malden Friday and finish up at home next Tuesday with a non-leaguer against Weymouth North.

"This was a tough game for the kids," Nolan said after the win over Revere. "Revere doesn't have a good record but they are always tough. But we played a great game and it was all the guys playing together. The name of the game was 'team effort' and at North Quincy, that's it."

"I realize that our big boys, Tim Clifford and Cooper Jordan [outstanding 6-1 sophomore] usually receive most of the notice but our smaller players, Steve Miller, Jed Phelan and John Flynn have been outstanding all year and our bench has also come through when needed. As I said before, this is a team in the real sense of the word and every single player does his part."

As has become his habit since being brought up from the jayvees, young Jordan led the scoring with 22 points. Flynn had 14, Miller 13, Clifford 11 and Phelan 10. Ten Raiders joined in the scoring.

"The kids are dying to make the tourney," Nolan said. "It is just great to see a team jump from 3-3 to 9-5. Many people counted us out last year but the kids made a remarkable comeback to qualify for the tourney."

The tremendous spirit of the Quincy student body has pleased Amorosino immensely and this is a big reason for the Presidents going all-out to make the tourney.

"We certainly have the student body behind us and we were overwhelmed by the crowd at the Somerville game," the first-year coach said.

"We talked it over during a meeting after the Somerville game and I reminded the boys other clubs have had their backs to the wall with many more games than we have left and made it. I told them it is time to come to grips with the task and that there is no more cushion."

Amorosino praised Mike Cullen, Don Connors and reserve John MacFarlane for their efforts against sensational shooting Somerville.

"Cullen has been carrying us with his shooting, scoring and rebounding," he lauded. "He and Connors play tough even when they are dog tired and that's all I can ask. Cullen's 11 rebounds against a tall team like Somerville indicate how dedicated he is. And the way MacFarlane played, I have to say he was the best player on the floor because he did what had to be done."

Cullen scored 15 points, Connors also had 15, MacFarlane and Tom McKinnon nine apiece.

North Jayvees Edge Quincy

Bob Troup's North Quincy junior varsity hockey team met Medford Tuesday at Revere's Skaters World in the finals of the Greater Boston League playoffs.

The Raiders edged Rich Hutchins' Quincy Jayvees, 3-2, in the semi-finals last week.

Ryan's Hat Trick Knocks Blues Out Of Top Spot

Joe Ryan's hat trick led the Gold team to a 5-1 victory over the Blue team Sunday and knocked the Blue out of first place in the Executive Hockey League.

Dick O'Brien had a goal and an assist, Tom Roberts two assists, Marty Tolson a goal and Joe Cuniff an assist for the Golds. Al McKay got the lone Blue goal assisted by Dave Towle.

The Red team took over first place by a point by whipping the Green team, 4-1, on goals by

Ralph Freeman, John Monahan, Jack Hurley and Tony Quintiliani. Gary DeCoste had two assists and Dick Reinhardt one.

Bob O'Connell tallied the Green goal with assists to Joe Chase and Bucky Zanardelli.

The standings:

● Koch Club Bowling

Quincy Merchants Oust Colonial; Gear, O.S.M. Win

Four remain of the 26 teams entered in the 21st annual Greater Quincy Men's Candlepin Bowling Tourney sponsored by the Koch Club of Quincy.

A large throng of spectators was on hand Sunday afternoon to watch the quarterfinals, at the Merrymount Daylight Alleys.

In the three matches Quincy Merchants ousted the defending

champions Colonial Bowl 1720-1670, the tourney darkhorse Boston Gear Works defeated Penn A.A. 1711-1632, and O.S.M. eliminated Beau's 1610-1572.

Quincy Merchants did what few other teams have ever been able to do, spot Colonial Bowl 30 pins in the first string, and come back to win. The

Merchants bounced back in the second string to pick up 17 of the thirty pin deficit, and caught the strong Colonial Bowl in a cold third string, outscoring them by 52 pins, and winning the match by 40.

The team consistency paid off for Quincy Merchants as Wes Cobb was high with 356, followed by Paul Vickers 345, Mike Valenti 344, Paul Paton 343, and Sal Fanara 332.

Former TV bowling participant Lou Pagnani led the losing Colonial Bowl with 368 high for the day, while Jim Powers chipped in 340, Ray Pino 332, Bill Nicholson 331, and Bill Antilla 309.

Boston Gear Works one of the tourney steady performers,

topped Penn A.A. by 61 pins in the first string, added 47 more in the second, and relaxed in the third as Penn A.A. bounced back to win the string by 27 pins, only to lose the match by 79 to the Gearmen.

Another smooth team effort was recorded by Boston Gear as Jack Hatfield and Gene McCann led the winning combine with 349 each, while Bruce Barrie and Bill Earley followed with 339 apiece, and Dana Chella pulled up the rear with a respectable 335.

Frank Durante led the losing Penn A.A. with 354, followed by Romeo Magnarelli 336, Frank Perfectuo 328, and Paul Smyth 315.

O.S.M. caught Beau's cold in

the first string and walked away with a 34 pin lead, added 36 more in the second and had enough to offset a third string win for Beau's, as O.S.M. wrapped up a 38 pin victory.

Paul Cuddemi with 345 was top for the winning O.S.M., assisted by Dutch Von Iderstein-341, Ralph DeVito 333, and Al Sturgeon 303.

Jim Blake led Beau's with 334, Ron Williams posted 318, Buster Loud 315, Bob Hillier 303, Ron Leone 302.

Carlyle's of Whitman sitting out a Bye, will return next Sunday to join the Quincy Merchants, Boston Gear Works, and O.S.M., in the tourney semi-finals at the Merrymount Daylight Alleys.

Women's Candlepin Tourney Gets Underway Sunday

The 19th annual South Shore Women's Candlepin Bowling Tourney sponsored by the Koch Club of Quincy will begin Sunday at 1 p.m. at the Merrymount Daylight Alleys, Quincy.

Twelve teams will compete in Sunday's opening rounds. The remaining entries will start Feb. 24.

Teams bowling Sunday include: Lucky Strike, Classic Lassies, Pin Ups, Keglerettes, Women Merchants, South Shore

Bowlerettes, Weymouth Landing Ladies, Parkettes, Hi-Nooners, Coffee Royals, Bowling Bugs, and the Hostess Koch Club Women.

Organized women's candlepin bowling leagues are invited to participate. Applications may be obtained at the Merrymount Daylight Alleys, Broad St., Quincy. Deadline for returning applications complete, is Friday.

The top five bowlers in the league as of Feb. 1, are eligible to bowl in the tourney, and the sixth and seventh in the

standings are used as alternates. No pickup teams are allowed. Women must have bowled half the season thus far in their respective league.

All teams entering now, will bowl in competition on Sunday Feb. 24.

The championship team will receive individual trophies, and a \$50 cash team prize.

Trophies will also be awarded for high tourney average, three string total and high tourney single.

Simmy Koch Team Takes Women's Second Half Lead

Simmy Koch's team has jumped into first place in the second half of the Koch Club Women's 20th season with a record of 30 wins and 10 losses.

Mary Ellen Lorizio of team No. 2 is in second spot with 26 wins and 14 losses; and first half winner Helen Flynn's Team hold third place with a 22-18 record.

Rosemary Earley dominates the individual honors with high average of 98.9, high three string total of 335, and high single

Bernie still sees Bridget

By NANCY ANDERSON
Copley News Service

HOLLYWOOD — Remember when Clark Gable returned from World War II, and MGM promoted his first picture with the line, "Gable's back and Carson's got him?"

Well, now Birney's back, and Bridget's still got him despite the fact they were temporarily parted after their television series, "Bridget Loves Bernie," was canceled.

David Birney, who played Bernie, is back in Hollywood after adventures elsewhere and, with his consistently good but guarded manners, answers questions about his off-screen romance with the Bridget of the show, by saying, "Yes, Meredith and I are still seeing each other."

The Meredith, as all "Bridget Loves Bernie" fans know, is Meredith Baxter.

Reflecting upon the big ratings his series enjoyed, David still can't figure why it was canceled, though he concedes that protests concerning its theme, interfaith marriage, probably had something to do with it.

I never realized John Wayne rents out his boat for parties until Jack Benny gave a dinner aboard Wayne's converted minesweeper, "The Wild Goose."

Benny set a sumptuous table but was a fretful host. For one thing, he said he doesn't like boats.

"I've never had a boat and don't want one. And, if I had one, I'd want a little one," Benny complained.

On the other hand, George Burns, a guest at the party, was having the time of his life, though he's not a boat owner either.

"I'm 79," he boasted, "and have enjoyed every minute of my life. I wish I could do it all over again."

Though "The Wild Goose," which Wayne acquired in 1964, was originally a mine sweeper, it's as cheery and cozy now as the average resort condominium with lots of white paint and red bed spreads and honey touches all around.

The Duke wasn't on hand for the party, since, I believe, he was in England at the time taping Glen Campbell's TV special.

Dinah Shore says she thinks the South produces so many creative people (singers, writers and such) because down there "they are so good to their children."

Dinah's going back South right away to do a television special in her hometown, Nashville.

The musical won't just dwell on Grand Ol' Opry, she says, but will feature other of the Nashville sounds, Dixieland, classical music, spirituals and much, much more.

Gene Barry hasn't yet found a distributor for "The Second Coming of Suzanne," the movie his son, Michael, wrote and directed and in which he starred. Too bad.

4 Chamber Group Vice-Presidents Named

The appointment of four group Vice Presidents for the 1974 program year of the South Shore Chamber of Commerce is announced by President-elect George D. Reardon.

Reardon reported that they will have the responsibility for providing direction and leadership in implementing the Chamber's 1974 Program of Work as recently approved by the group's Board of Directors. They will also serve on the Chamber's Executive Committee.

The four are: Group Vice President for Image Development, Gerald Rielly, CPA, of the Braintree firm of Gerald Rielly & Company.

Vice President of Public Affairs Group, David Lord of Cohasset, Plant Manager for the Proctor & Gamble Manufacturing Company.

Winthrop Sargent IV, of

Hingham, president of the Milton Bank and Trust Company, Vice President for Economic Development.

Charles G. Peterson, Vice President of the South Shore National Bank, Vice President Community Development Group.

Lord will be responsible for the areas including Local Affairs, State Affairs, Congressional Action, Membership Meetings, Communications, Education, and Energy Resources.

Peterson's Community Development Group, currently unstaffed by a full-time manager, is expected to be staffed by mid year and includes Transportation Liaison, Health Services, Metropolitan Area Planning Council Liaison, Cultural Improvements, Apartment and Condominium Development, Business, District Revitalization and Riverfront.

Peterson attended Northeastern University, Northwestern University School of Bank Public Relations, Williams College School of Banking, Advanced Management Program, American Savings & Loans Institute, and the American Institute of Banking. He is a retired lieutenant colonel, U.S. Army Reserve.

He has served as chairman of the Advisory Board of the Salvation Army; a director of the YMCA, South Shore Chamber of Commerce, Massachusetts Bay United Fund; director and treasurer South Shore Chapter Mass. Association for the Prevention of Cruelty to Children; past president Kiwanis Club of Quincy, South Shore Chamber of Commerce, Quincy Jaycees and the Neighborhood Club of Quincy and the Wollaston Golf Club.

He is married to the former Florence P. Libertine. The Petersons live at 216 Governors Rd., Quincy and Straights Pond, Mass. with their son and daughter.

Reilly, Vice President of the Image Development Group will be involved in Regional Marketing, Membership and Community Services, Council of Business Organizations, Accreditation, Membership Sales - Wavemakers, and Membership Maintenance - Ambassadors.

Sargent will have responsibilities for the Chamber's Economic Development Corporation, Business Retention and Expansion, Council on Full Employment, Personnel Managers' Group, Bicentennial Awareness Group, Manufacturers' Council and the Fore River Bridge Replacement Action Team.

Sargent is a graduate of Harvard University. He is a Trustee of Sargent-Murray-Hough Association, 1000 Southern Artery Senior Citizens Center, Inc., and Quincy Point Congregational Church Homes, Inc., a director of the Massachusetts Bay United Fund and the Quincy Center Business and Professional Association; a member of the Hasty Pudding Institute of 1770, Old Colony Masonic Lodge, member of Quincy's Steering Committee, Joint Legislative Committee Massachusetts Bankers Association, YMCA Expansion Executive Committee and served on a number of boards in connection with his immediate past position as President of the South Shore National Bank.

Sargent lives at 4 Summit Drive, Hingham and Island Pond, Plymouth, with his wife, the former Sally-Ann Jones, and their three sons.

The Cemetery Probe: Don't Botch It Up

Developments in the Cemetery Department investigation make for pretty grim reading and the matter is fast approaching the morbid stage.

It must be a painful experience for those with loved ones buried in Mount Wollaston cemetery.

But painful as it is, the investigation must go on and fact clearly separated from fiction. And if there is criminal wrongdoing then those responsible should be prosecuted. But those who are innocent should not be stamped guilty in all the hysteria that now seems to be gripping the city.

As developments unfold, however, we cannot help but wonder if the investigation may yet be botched up before it is all over and the real truth never completely known.

And, if there is criminal wrongdoing the guilty party or parties could go unpunished as a result.

In this space Jan. 31, we editorially urged those with information to make it known so that proper action could be taken and prosecution begun.

We concluded that it was time "to put up or shut up".

Since then, the investigation has accelerated. And City Councillor Joseph LaRaia and others, it would seem, have been putting up.

He has come into information leading him to allege that 500 graves may have been re-possessed and sold illegally without consent of the original owners or their heirs.

Then he begins digging for bones in the Cemetery Department dump where he finds some and a few other things, too.

The latter is a startling development and many people are upset by it. So are we.

But there is something else that bothers us, too. And that is Mr. LaRaia playing the role of private eye.

What Mr. LaRaia has uncovered so far could well be very damaging evidence. But we wonder if in the way he is going about it he might win a battle or two and lose the war in a courtroom.

Is what he appears to have as evidence being properly handled? Like the bone that was discovered last week at the cemetery department dump by Mr. LaRaia's "assistant" who was reported as saying he was "poking around" and found it an inch below the fill.

The bone was then taken to a newspaper and from there, finally, to the medical examiner who said it appeared to be the first metacarpal of a man's right hand or more commonly known as a thumb bone. The medical examiner, it was reported, said the bone was very old but did not estimate its age.

Question: Would this bone be admissible as an exhibit in a courtroom or excluded because its removal from the ground was not properly witnessed or because it was handled by several people - possibly considered unauthorized - before it got to the medical examiner for identification.

City May Face Cemetery Law Suits

Burke Awaits 'Full' Results Before Deciding On Grand Jury Action

By HENRY BOSWORTH and PAUL FELDMAN

Dist. Atty. George G. Burke is awaiting results of a full-scale police investigation into the Quincy Cemetery Department to determine whether to go before a grand jury for indictments.

Burke told The Quincy Sun he conferred with Police Chief Francis X. Finn last Thursday and both agreed on the need for a "full and complete investigation."

"At the completion of the investigation," he declared, "I will make a determination whether to take the matter before the grand jury."

He estimated the investigation will take "a number of weeks" to complete.

"Only a thorough investigation will determine whether there should be grand jury action," he said. "For one thing there has to be a determination whether there are criminal or civil violations involved."

"It is possible," he added, "that the city could be open to civil law suits if evidence documents illegal transactions involving the re-sale of graves."

Possible criminal action, he said, might involve desecration of graves.

The investigation is headed by Chief Finn and Lt. David Rowell.

Meanwhile, it was learned by The Sun that:

● Cemetery department employees in 1967 complained to the State Civil Service Department seeking an investigation of Anthony Famigletti, then chairman of the Cemetery Board of Managers.

● An employee alleges that he was instructed to dispose of bones at the new Pine Hill Cemetery as well as at the cemetery dump behind the Naval Reserve Training Center off Sea St., Merrymount.

This is the first public mention of the Pine Hill Cemetery in the investigation so far.

A letter dated June 1, 1967 and signed by nine cemetery department employees - including now Acting Superintendent Joseph Valorz - was sent to W. Henry Finnegan state Director of Civil Service.

In it they requested an investigation of Famigletti who resigned suddenly as cemetery superintendent last November after discovery he had buried two relatives in Mount Wollaston without paying for the graves.

Hannon Plans To Establish Commission On Status Of Women

Mayor Walter J. Hannon announces plans to establish a Commission on the Status of Women in Quincy.

Hannon said the purpose of the Commission will be to advise the Administration and the City Council on how to best combat sex discrimination in any area

affecting employment, schools, child care and other related areas. The commission consisting of women working toward these aims is subject to City Council approval.

The Mayor requests that women's organizations and any individuals of the City of Quincy

participate in the implementation of this Commission by submitting to him the name and resume of Quincy women interested in serving on this Commission.

Recommendations should be forwarded to the Mayor's Office, City Hall, Quincy, by Feb. 28.

A Day In The Life Of A Dog Officer

25% Of Dog Owners The Problem , Says Berlucchi

[Quincy Sun reporter Paul Feldman recently spent a day with Dog Officer Frank Berlucchi to see first hand "the other side" of the dog story. Here is his report.]

By PAUL FELDMAN

In 1973, Dog Officer Frank Berlucchi picked up 970 dogs on the streets of Quincy. Only 150 were claimed by their owners.

While a few found new homes, 738 dogs were disposed of.

Why? The Quincy dog pound has space for only 35 to 40 dogs at a given time.

Some say the city is unjust. They argue that more space should be made to house these dogs.

Not officer Berlucchi. He says, "There are the 25 percent of the dog owners that are the problem."

These 25 percent, according to Berlucchi, are the people who do not live up to the responsibilities

inherent in owning a canine in Quincy.

They are not only at fault for the large number of dogs destroyed each year, they also cause other problems.

Quincy has had a leash law since 1966. The law states dogs cannot "run free". Other Quincy ordinances say all dogs must be licensed and inoculated.

Berlucchi's job is to serve the laws.

But according to Berlucchi, not he, nor a hundred dog officers can make the law work - because of the 25 percent that do not cooperate.

He estimates over 400 of the dogs he caught last year were unlicensed and not inoculated. And of course, most of the dogs picked up were violators of the leash law.

The vicious dog attack on five-year old Tammy Stuart of Germantown has provoked much thought in Quincy about animal control.

There is no question that dogs run free in Quincy despite the leash law. And most people would agree with Berlucchi that an attack "can always happen again."

But can anything be done to limit the chance of another tragedy?

By looking at some of the problems of animal control efforts - through the eyes of the dog officer - perhaps the subject can be put in perspective. Take a recent typical day, for example:

Work started early for Berlucchi. By 10 a.m. he had already looked into two complaints and was now headed for North Quincy where a young housewife had called to report a pack of dogs wandering in front of her house.

Berlucchi works on a "complaint system". When he receives a grievance, he cruises the area described and picks up dogs in violation.

"With the size of the dog

Burke Awaits Complete Cemetery Dept. Investigation Results

He has since made restitution. They claimed he was allegedly neglecting his official duties and overstepping his bounds in other areas.

Another letter — this one undated — and signed by a Cemetery Department employee

claims that when he came across bones while digging graves he was instructed to throw them in the dump "either at the new cemetery or the one behind the public works building."

Both letters are in the hands of investigators.

Dist. Atty. Burke said police have turned over to him detailed

information most of it concerning the early part of the investigation. He said that part has not yet been completed, however.

Burke noted that in his eight years as district attorney there have been no complaints made to him regarding the Quincy Cemetery Department.

"It's still strictly a Quincy city matter right now," he said. In other developments this week:

● City Councillor Joseph J. LaRaia, who has spearheaded the investigation, said he would test the state's irrevocable grave ownership law in the courts.

● Former Mayor James R. McIntyre said he never authorized or ordered any wrongdoing and called for "an immediate, complete, non-political objective and non-sensational disclosure of all

the credible facts relating to any wrongdoing in the cemetery.

"The time has come," he said, "to cast aside political ambition and sensational reporting. The public welfare demands that the confidence of the people in the proper administration of the Cemetery Department should be restored."

McIntyre also said that reclamation and sale of old unused lots "was started in the 50's under previous administrations."

Meanwhile, Quincy Police have turned over to State Police "some bones, pieces of gravestone and what appeared to be a baby's metal tomb" from the dumping ground behind the Naval Center. The box reportedly was empty.

The evidence was found

during a digging project Saturday initiated by Councillor LaRaia.

LaRaia and a number of assistants used shovels and a backhoe to unearth the artifacts that are now under investigation at State Police headquarters.

Police officers, city officials and newsmen looked on while LaRaia and his crew pillaged through the mounds of dirt.

LaRaia contacted police officials about his Saturday venture after discovering what appeared to be a human bone while poking around the dump with an assistant on Wednesday.

This bone at last report was in possession of the Norfolk County medical examiner.

The police investigation continues under the leadership of Police Chief Francis X. Finn and Lt. David Rowell.

pound I couldn't do it any other way," he explains.

In this case, Berlucchi, looking like Jonathan Winters with his burly frame, rotund face and baseball cap atop his head, cruised the Safford St. area with his young assistant, Howard Aiensley.

Within minutes they spotted a dog with no license roaming free. Aiensley jumped out of the yellow van, purchased by the Police Department for \$250 used, and walked over to the dog.

The black-and-white mongrel terrier, hesitant at first, was won over by a biscuit. It walked slowly with Aiensley to a porch and then into the back of the van.

A knock on the door brought out the sister of the dog's owner. Informed of the 'arrest', the elderly woman said, "My brother will be disappointed. I'm sure the

dog is all right."

The next unleashed dog was harder to catch. A black labrador, it was coaxed by neither biscuits or words.

"This dog's a runner," said Berlucchi.

How do you catch a 'runner'? Berlucchi says the only way he knows is by a dart gun. He has such a gun but does not use it under normal circumstances.

"It has to be used but will not be accepted by the public," he explains.

So the dog goes free.

Back in the van, a cruise down North Central Ave., begins. Meanwhile, the police dispatcher calls an alert over the radio about a pack of dogs loose on Taffrail St., in Germantown - less than two blocks from the site of the Stuart attack.

"They'll have to wait," says Berlucchi. He explains that unless there is a dire emergency, complaints are answered in the order received.

"Packs of dogs move before any dog officer can get there," he says.

As they cruise down Elmwood Ave., Berlucchi spotted a familiar looking dog loose in the street and chased it to a house.

The dog got inside before it could be caught and as he knocked at the door, Berlucchi muttered, "I'm just not getting through to her."

A young housewife, with a half-smile on her face, answered the door. She had been through the same procedure twice before in the past year, Berlucchi warned

the lady he would file charges the next time personally since he could not take the dog from inside the house. The woman said her dog would not run free again.

Afterwards, he said, "She's pleasant. The first time she said it was only a puppy and she didn't know the law. The second time she said it got off the rope. What do you do now?"

Five more dogs were captured before Berlucchi stopped at the home of the complainant. She filled out a form, and observed, "It's hard when you can't let your kids out of the door."

The trip to North Quincy was completed. Six dogs were incarcerated, four of them had no licenses or inoculation tags. No pack of dogs was seen and none of the dogs described by the complainant were actually caught.

Not all cruises are like this - but the generalizations gathered from it are typical, according to Berlucchi.

Can the leash law work? Should there even be a leash law in Quincy? Should dogs be housed by the city interminably and not be sent to the ASPCA, the Animal Rescue League or Harvard Medical School?

Such questions can't be answered with a simple yes or no.

However, there is one point that stands out before moral questions are even considered. As Berlucchi says, "All dog owners must care."

"But at least 25 percent of them don't," he notes.

\$80,000 In Wiring

The Department of Wire Inspection issued 97 permits and 63 certificates of approval and collected \$365 in fees during January, Wire Inspector William H. Pitts reports.

Estimated cost of wiring was \$80,000.

The Department also made 178 inspections, discovered 16 defects and made 10 re-inspections.

QCAO Meeting Tonight On Isaacson Firing

The personnel committee of the Quincy Community Action Organization will make recommendations tonight [Thursday] on whether Jeffrey Isaacson should be reinstated as director of the South-West Community Center.

Isaacson was fired Feb. 8 by QCAO Executive Director Mary Goodwin and Isaacson appealed the action at a committee meeting last Tuesday night.

Isaacson said he was fired because he has "different styles, values and attitudes" than Miss Goodwin. She called the firing a "confidential matter."

The Board of Directors will make a decision after hearing the personnel committee's recommendations.

The board consists of

community residents, city agency and labor representatives and public officials and their appointees.

The QCAO runs six programs including the Germantown Service Center, Head Start, Legal Housing Program, Operation Mainstream and a Family Planning Program in addition to the South-West Community Center.

Isaacson was named Director last year, shortly after Miss Goodwin left the position to become Director of the entire QCAO operation.

The meeting will be held at 7:45 p.m. at the Germantown Service Center at 9 Bicknell St., in Germantown.

FOR TAMMY -- Mrs. Darlene Stuart, mother of Tammy Stuart who was severely injured in a dog attack, accepts a check for \$225 from employees and tenants of Quincy Housing Authority. Making the presentation is Clement A. O'Brien, Administrator of the QHA, and John Cattaneo, assistant administrator, looks on.

Tammy Stuart Fund Now At \$6,100

It's \$6,100 and climbing.

That's the figure collected in the past three weeks for the Tammy Stuart Fund.

And five-year-old Tammy, of 31 Binnacle Lane, Germantown, will be coming home from the hospital later this week if all goes well.

Tammy has been in Quincy City Hospital since portions of her upper lip were ripped off in a dog attack Jan. 19.

She has undergone six operations and will have to return to the hospital in two months for further skin graft surgery.

Meanwhile, donations keep rolling in:

A woman from Dorchester, Helen Haggerty of 73 Sawyer Ave., set up a booth in front of a local supermarket and collected \$191 in two days last week.

Employees from Sigma Instruments in Braintree have donated \$400.

And tenants and employees of the Quincy Housing Authority have given Mrs. Stuart a check for \$225.

Letters and get-well cards have come from as far away as

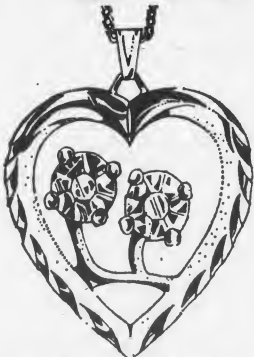

Maine and Wyoming.

Meanwhile, Tammy, who has a slight cold which may delay her release from the hospital, is anxious to return home - and get a new [smaller] dog.

The Cemetery Probe: Don't Botch It Up

[Cont'd from Page 1]

Mr. LaRaia, reporters and others apparently have been rummaging through cemetery department records for evidence that graves were illegally reclaimed and resold.

But when these records are brought into a courtroom will they be admissible? Or will a defense attorney block it by arguing that anyone could have altered those records including the amateur investigators.

Were the cemetery employees he has talked with informed of their civil rights? Were they warned, for example, that they might be incriminating themselves as possible accessories to, say, desecrating graves? And if not, will their testimony be disallowed in a courtroom?

The investigation started last November following the sudden resignation of the cemetery superintendent when it was discovered he had buried two relatives in Mount Wollaston without paying for the graves. He has since made restitution.

Mr. LaRaia, however, apparently was not satisfied there was not more involved in the cemetery department and took the matter before the City Council's Oversight Committee.

And, it might have stalled or died there except for his persistence. He has since remained the driving force behind the investigation.

Some would kiss off the investigation as a personal vendetta on the part of Mr. LaRaia against the former cemetery superintendent as well as against present and past city officials.

There may or may not have been personal reasons involved at the start. But the whole affair has since graduated into, it would appear, something much bigger than that.

Others think Mr. LaRaia is headline hunting, getting ready for a run for mayor in 1975. Maybe he will and maybe he will not run. The fact he seems to be spoon-feeding information to the press fuels the belief he may already be campaigning for mayor. You must say he has made a few headlines.

Others, however, believe Mr. LaRaia is very sincere about it all and only wants to see justice done. So do we.

The other councillors, up to this writing, seem to have been willing to let Mr. LaRaia juggle his hot potato all by himself.

In this respect, he has been a sort of Lone Ranger without even a Tonto at his side.

Perhaps that is why he is doing his own thing.

In the long run, he may do the city a great service. But he could also do it a great harm.

The reputation of political figures - past and present - are now being involved. The city's image as a clean community has been tarnished. The newest developments have triggered more rumors and hysteria.

Mr. LaRaia has to be credited with dogged persistence.

But it must be remembered that no one is guilty until proven so beyond a reasonable doubt and what looks like damaging evidence in today's newspaper could evaporate in a court of law.

Mr. LaRaia is not a professional investigator. Frankly, we think he has played private eye long enough.

If there is criminal wrongdoing, the important thing is to bring those responsible to justice and with all the supporting evidence properly intact.

There are still questions to be asked and answered. For example, was there criminal intent involved? Did anyone make any money on the alleged grave resales? Or is the matter more civil than criminal?

Obviously some of the information he has, came into Mr. LaRaia's hands quite recently.

We would hate to think he had this information in his possession last November and has been just doling it out piece by piece since. If he had it back then, it should have been turned over to the police.

Disclosures he is making now should also not be interpreted that someone has been trying to cover up the matter.

Mr. LaRaia has tossed a few bombshells. And he has the police moving like maybe they should have moved before.

But let's not convict anyone until he is given his day in court.

And, Mr. LaRaia, let's not ruin any evidence that might lead to a conviction. If you have any more information, you should turn it over to the proper authorities. If you don't turn it over, the people of Quincy have a right to know why.

This matter is too big for personal glory or for an investigative foul-up that could leave the case, in the final analysis, fouled up, too.

'Re-Sale Of Graves Started In 1950's McIntyre Calls For 'Non-Political, Non-Sensational' Disclosure Of Facts

Former Mayor James R. McIntyre this week called for a "complete, non-political, objective and non-sensational" disclosure of facts in the Cemetery Department matter.

"The time has come to cast aside political ambition and sensational reporting," he said. "The public welfare demands that the confidence of the people in the proper administration of the Cemetery Department should be restored."

He said the reclamation and sale of old unused lots was started in the 1950's under previous administrations and was carried out through rulings by three city solicitors.

"I strongly state," he said, "that at no time during my period as Mayor did I authorize or order any wrongdoing in the Cemetery Department..."

The complete context of his statement follows:

I am personally disturbed about the insinuations and innuendos in the article relating to the Cemetery Department in The Patriot Ledger on February 16, 1974, and my role as Mayor.

When I left City Hall, after serving three terms as Mayor, I held my head high and I intend fully to continue to hold my head high as I look back upon my public service career of sixteen years serving my native city. I do not intend to have my reputation impugned by innuendo which is the result of quasi-political vendettas. Therefore, I strongly state that at no time during my period as Mayor did I authorize or order any wrongdoing in the Cemetery Department in the City of Quincy.

Anthony Famigletti had been appointed Graves Registration Officer in the city by a previous administration and had been elected Chairman of the Board of Managers of the Cemetery by his peers. He was appointed by me to be the permanent superintendent of the Cemetery Department after having been qualified as first on the Civil

Service list after an open and competitive examination for that position. He had absolute preference under the existing state laws at that time because of his status as a disabled veteran. In my memory, no disabled veteran has ever been passed over in the history of the city, in compliance with that state law.

In reference to the allegations that the Cemetery Board and myself did nothing after repeated complaints about the administration of Mr. Famigletti, might I say that I was fully cognizant that this department, while one of the smaller ones in the city, nevertheless had emotional significance to those who had loved one buried in the public burial places. Consequently, I was interested in assuring that men of high integrity, conscience and interest in the proper operation and administration of the cemetery were appointed to the Board of Managers to carry out the mandate of the special Act for Quincy, and I believe I did so.

During my administration, we received very few complaints about the administration of the Cemetery Department. In fact, we received more compliments than complaints, particularly from veterans and their organizations in the city. However, whenever complaints would come in, as in every other department, the complaints would be referred to the department heads for proper answer and action if necessary.

In the early days of Mr. Famigletti's administration there were emotionally charged hearings which I held regarding personality and personnel conflicts among a few employees within that department. It was my belief that, as Chief Executive, I had the obligation to harmonize and bring together the individuals involved in conflict, all protected by Civil Service, in order that the department might run in the best interest of the people.

I believe that progress was made in harmonizing these inter-personnel relations after our lengthy hours of hearings where union representatives were also present. As Mayor, I held similar hearings for virtually every department within the city when personnel problems arose. I viewed my role at such hearings as a positive one so as to ensure that the departments would try to resolve their personality and personnel problems and get people working together rather than plotting against each other.

The reclamation and sale of old lots which were unused was started in the fifties under previous administrations and under a different charter of government which continued during my administration.

The authority for the sale of graves were rulings by at least three City Solicitors and pursuant to their rulings these sales were executed in order to enable many residents of Quincy, who desired to have their loved ones interred at Mount Wollaston, to do so. At no time was I aware of any intentional removal of remains from graves nor did I have knowledge of, nor was I ever made aware of, any order from any responsible authority authorizing such removal.

In the best interest of the citizens of Quincy and particularly those who have loved ones interred at Mount Wollaston, including my own son, father, grandparents and other relatives - there should be an immediate, complete, non-political, objective and non-sensational disclosure of all the credible facts relating to any wrongdoing in the cemetery. If there is punishment to be meted out, so be it.

The time has come to cast aside political ambition and sensational reporting. The public welfare demands that the confidence of the people in the proper administration of the Cemetery Department should be restored.

LaRaia To Test State Grave Ownership Law

City Councillor Joseph LaRaia says he plans to test the state's grave ownership law in court.

State law, according to LaRaia, states a grave cannot be reclaimed without the consent

of its original owner. However, according to LaRaia, the city has not followed this law in some 500 cases.

"We must get positive direction to see how we can rectify this particular problem to the satisfaction of the new grave

owners," he says.

LaRaia says he has his "own ideas" why the graves were allegedly resold illegally but adds "I'd rather have the council oversight committee and police authorities come up with that answer."

Papile To Announce, Barry With Bellotti

By HENRY BOSWORTH

Another hat will go sailing any day now into the Quincy Point-South Quincy district state representative race.

This one will be stenciled: James P. Papile. Political observers will agree he will be a formidable candidate and probably carry "the man to beat" label through the campaign.

Papile, who lives on Harkins St., Quincy Point made an impressive run for the seat six years ago in a five-man race for the Democratic nomination.

He lost to Clifford Marshall who is now giving up the seat to run for sheriff. Marshall, if you ask him, will probably tell you Papile gave him the best run of any one he has been up against so far.

Papile comes from one of Quincy's biggest and most well known families - from a political, social or civic standpoint.

His brother, William, is a former Ward 2 city councillor. Brother Leo, is an MDC police detective, brother John, superintendent of the Milton Post Office, and brother Ralph owns Chick's barbershop in Quincy Point.

His sister Sadie is past president and founder of the Torre dei Passeri Club and sister Mary works in the treasurer's office at City Hall.

And, he has a brother and sister living in North Weymouth which should be a considerable political plus this year. Mrs. Gloria Kelly lives in Precinct 1 and brother George in Precinct 11. Both of those North Weymouth precincts are in the Quincy district this year.

He could win it by just getting his family out to vote on election day.

FRANK BELLOTTI looks more and more like a definite candidate for attorney general. Local tip-off: Atty. Richard Barry, former city councillor and assistant district attorney was all set to serve as Quincy coordinator for Atty. Gen. Robert Quinn's bid for governor.

Insiders now report that Barry is about to withdraw - maybe already had - from that role to work for the campaign of his long-time friend Bellotti.

Bellotti, they think, will take other workers from other candidates once he officially announces.

LOOKING AHEAD DEPT: The Speculation Corps hears that Ward 4 Councillor James Sheets is thinking of a run for mayor in 1975.

WHAT A DIFFERENCE a decade makes: A newspaper photo taken in May, 1964 at a friendship dinner for then City Council President Joseph LaRaia. Shown with LaRaia in the photo is the dinner chairman and emcee - Anthony Faniglietti.

SHERIFF Charles Hedges hasn't definitely ruled himself out as a candidate for re-election but if he is thinking of running, he should make the announcement soon. Or he's going to find a lot of local Republicans already with one of the three Quincy Democrat contenders. Clifford Marshall, George McDonald, John Brownell.

BEST RADIO SHOW of the month is all set for Saturday and Sunday on Quincy Station WJDA: the annual Rotary Club Days. Members of the Quincy Rotary Club will turn announcers on those two days from 1 p.m. to 4:30 p.m., giving commercials, news, weather, etc.

The late James Asher, a Rotary club president, inaugurated the days some years ago. Proceeds from the commercials go to the Rotary Club for its charitable projects.

Vice-president Philip Lawrence is committee chairman. Assisting him are: Willard Davis, Louis Cassani, Robert Almquist, John Duggan, Robert Quinn, Irving Boyes, Fred Bergfors Jr., Edward Percy, Edward Keohane, Donald Gohl, Russ Scammell and John Bettes.

IF YOU'RE PLANNING on buying a ticket for the 24th annual Montclair Men's Club Awards Night banquet Saturday, it's too late. The affair is a complete sellout reports Chairman Joseph Gildea. The club will honor Mack Herron, New England Patriots running back and former WHDH sportscaster Leo Egan.

MILESTONE: Francis J. Scanlan of 116 Hollis Ave., North Quincy, marked his 80th birthday Monday while you were celebrating Washington's birthday. He is the father of Ruth Scanlan, former Quincy school committeewoman who some people thought might have gone on to become Quincy's first woman mayor. She now lives in Brookline.

SMILE DEPT: North Quincy's Jack Silverstein back again with this one. Wants to know if you heard of the new French economy car built along female lines. You don't have to put gas in the tank. Just dab a little behind each headlight.

Because its creation dates back to 1777, the flag of the U.S. is the fifth oldest national flag in the world.

Letter Box Didn't Care For Lydon 'Coincidence'

Editor, Quincy Sun:

It is very gratifying to see ambitious, exuberant young people become involved in politics in our city.

In doing so they must remember when and where to curtail their exuberance. I am referring to Councillor John Lydon's notations on coincidences in his "New Ward 3" which appeared in the Sunbeams Column in the Quincy Sun on Feb. 7, 1974. He mentioned his 5 parishes in his ward. Weren't a few left uncounted? I fail to see why the number of parishes was discussed at all as it served no purpose in his list of coincidences. This would have been better left unsaid and in that way others would not have gone unrecognized. Both church and state ground must be tread on very gingerly.

Low Cost Spay Facilities Would Ease Dog Problem

Editor, Quincy Sun:

In the wake of the recent controversy over the dog attack in Germantown, I feel your publication of the enclosed would be of great assistance. I see that the tenants of the project have submitted a lease clause which would include the leash law, spaying of female dogs, etc. Requiring the tenants to spay all female dogs is one thing, being able to afford it is another.

The solution to animal overpopulation and its problems is not the destruction of the animals but stopping the problem before it begins thereby decreasing the population. Low-cost spay facilities would ease the problem not only in Germantown but in all areas.

A new bill, House Bill 1187 introduced by Rep. Ann Gannett of Wayland and Rep. Louis Nickinello of Natick, specifically states that all revenues from dog license fees must be used by the cities and towns for such things as anti-rabies shots, spay facilities, etc. It also states that towns can join together to create spay facilities and pool the money.

At present, revenues from dog license fees is used to run libraries - with 35 cents of each fee given back to the city or town from which it was collected to be used for animal control.

So as not to deprive libraries, House Bill 1187 also calls for the city or town to fund the library the amount of money that normally would have come to them from dog license fee revenues.

Anyone interested in supporting this bill should write to their representatives expressing their interest. They may also contact the Animal Birth Control Action League, P.O. Box 307, Quincy, Mass. 02169 for further information.

Historic Districts Win Enthusiastic Support

Business, professional and civic groups and individuals endorsed the proposed Quincy Historic Districts prior to the scheduled public hearing at City Hall last night (Wednesday).

The hearing was scheduled for citizens to express their feelings on the proposed Adams Birthplace Historic District in South Quincy and the Quincy Center Historic District in Quincy Square and the area down Hancock St. to the Armory, across to the Beale Homestead on Adams St. and back down Upland Rd to Granite St.

The endorsements have come in letters and statements to the Quincy Historic District Study Committee, a seven-member citizens group headed by Rev. John R. Graham.

Sample reactions: Fred Mahony, vice-president of Mahony and Company owners of the English Tudor Adams Building, Quincy Sq.: "This is to indicate our enthusiastic support for your recommendation with respect to the establishment of two historic districts in the City of Quincy. We feel that your proposal is intriguing and attractive and that it most certainly will enhance the character of the city..."

Quincy architect Joseph A. Donahue: "An Historic District Commission can do much in helping our city to maintain and obtain a better environment with the areas of concern".

The Quincy Citizens Association voted unanimously at its business meeting on Feb. 6 to endorse the proposal for historic districts.

Executive Director Arthur Ciampa, Cerebral Palsy of the South Shore, Inc., which is opening a new Walk-In Clinic at 105 Adams St.: "To wish to preserve these landmarks is a noble objective which compels the advocacy of every citizen of Quincy."

Robert M. Faxon of the Faxon Trust: "I wish to state

that I endorse the basic concept of the plans."

Eric M. Swider, Executive-Vice President of the South Shore Chamber of Commerce: "The goals of the Historic District Study Committee are consistent with our commitment to bring about the orderly and attractive growth, development, and redevelopment for the communities we serve."

The Norfolk County Trust Company, through Assistant Vice President Roger E. Perfetti: "We are pleased to be a part of such a district that contains so many of the buildings where our famous forefathers worked tediously to create a new nation ... We feel sure that this pending historic district is a must in order to protect, preserve and enhance our historic resources."

The Board of Curators of the Quincy Historical Society located in the Adams Academy, 8 Adams St., voted support for the two historic districts.

"We are deeply grateful for the tremendous support which we have received for historic districts in Quincy," said Rev. Graham. "Our City can benefit from our historic resources and use them as the basis for further developing the character of the city. Unless people are constantly working to improve the appearance of a city, very little happens to make it an attractive place to live and work. That's the purpose of establishing these districts in Quincy."

Members of the Historic District Study Committee are Dorothy Osborne, Realtor; Kenneth Parry, AIA; H. Hobart Holly, President Quincy Historical Society; Robert A. Cerasoli, legislative assistant to Senator Arthur H. Tobin; Joanne Pelton of West Quincy; William A. O'Connell, former executive vice-president of the South Shore Chamber of Commerce; and Mr. Graham.

Mayor Proclaims Heart Fund Month

Mayor Walter J. Hannon has proclaimed February as American Heart Month in Quincy and urged residents to support the 1974 Heart Fund campaign.

Mayor Hannon asked residents to support the efforts of the Quincy Heart Fund campaign to help in the fight against the nation's number one killers, heart and blood vessel diseases.

He noted that these diseases

claim more than a million lives each year and account for 53 percent of deaths from all causes.

During American Heart Month, local volunteers join the more than two million nationwide to distribute heart-saving information and collect funds for research programs, and educational and community projects to help combat diseases of the heart and circulatory system.

Youth Speaks Out

● A G.I. was charged with "unlawful entry" for landing a helicopter on the White House lawn. It's presumed that the proper way to get into the White House is to buy your way in through various deals and to use "dirty tricks" on your opponents.

● The Secret Service protection for Spiro Agnew has been dropped. His friend Frank Sinatra can provide better protection anyway.

● The administration says we will soon break the back of the "energy crisis", but in the meantime, John Q. Public will have to stay in traction.

● It's at least ironic, and possibly something else, that the U.S. has the most sophisticated electronic spying devices in the world; but when we try to tape a presidential conversation, we get static, erasures, gaps, and possible re-recordings.

● Hopefully, New England will soon begin to develop the oldest source of energy - the sun. After all, there's no fuel like an old fuel!

●Market Report

Prices Going Higher, Gardens Coming Back

Food and produce shelves are being restocked as the truck shut-down ends, reports the Massachusetts Department of Agriculture [MDA], but there is little prospect of decreasing prices. Many items, in fact, have gone up...again.

Our dependence upon outside food supplies at this time of year, coupled with increased transportation costs and a few other discouraging factors in the depth of winter, can only mean higher food costs now and in whatever of the future may be foreseeable.

Meat in particular has jumped startlingly during the past two weeks, reflecting the smaller supplies anticipated as a result of the boycott movements of last year. The buying strike forced many cattle and hog producers to hold back animals until they couldn't afford to feed them any more, and then to sell them off at depressed prices.

The lack of profit held down replacement animals, some of which would have been coming to market now. Thus the actions of last year produced a shortage now, and a shortage means higher prices. No conspiracy, contrary to what many might like to think; only the laws of supply and demand, profit and loss, working as they must

always work.

And the USDA predicts a substantial rise in food costs during the coming year.

All of this bad news will send many of us "back to the land" — even if that land is only a small garden plot in the back yard. Right now, says the MDA, is the time to write for seed catalogs, to County Extension Service Agents, to the USDA for all the growing advice you can get.

There may be no shortage of seed catalogs, but there will be some shortages in vegetable seeds, as many growers hold back for their own commercial spring plantings. There will also be a shortage of fertilizer, especially for the commercial growers, because fertilizer is commonly made from petroleum by-products and natural gas.

USDA publishes a great number of home-gardening booklets, some free, some available at nominal cost. Write to: Information Officer, USDA, Washington, D.C. 20250 for a free list of gardening publications. And start reading what your local library has to offer. Watch for home garden group meetings in your community. Learning how to grow your own produce will pay off this year.

St. Mary's Fifth Graders Write On 'Catholic Education Week'

[The following articles were written by fifth grade students at St. Mary's School, West Quincy, in observance of 'Catholic Education Week.']

SCHOOL DAYS By Diane Shea

I like to go
To St. Mary's School so
Having friends to play with
And others to know
How fun it is to laugh and
sing
Before the bell goes -
Ding, Ding, Ding.

LEARNING AT ST. MARY'S SCHOOL By James Kelly

I like to read and I like to
write
And to do the math that is in
sight
Learning things at St. Mary's
is fun
It's like a big run.

READING IS FUN By Kirk Riley

I like to read
Yes, I do indeed
It's so much fun
Sometimes I read about the
sun
Others may like to do other
things
But reading is fine for me.
And when I have the time
I always get out another book
of mine.

RESPECT FOR OTHERS By Mark Colletti

Respect is good for me and
you
And for all people too.
I don't take a rest
Until I've done my best
At Saint Mary School.

THE GOLDEN RULE By Christopher Quirk

The reason why I like St.
Mary's School
Is because of its golden rule
We must remember to share
Each and every year
I like it very fine
That's the very best rule of
mine.

I LIKE MATH AT SCHOOL By Joyce Iavicoli

I learn lots of math in school
It's better than sitting alone
on a stool
I learn to be smart at St. Mary
School.

SPELLING IS FUN By James Finneran

I like spelling better than
anything
It helps me spell spring
I like it so much
Cause it helps me even spell
lunch
St. Mary School is where I
learn.

COME TO ST. MARY'S SCHOOL By Abigail Sterling

How hard we all try
And I know the reason why
We like what we do
And so won't you
So I hope you come to St.
Mary's School -
See you real soon.

READING IS FUN AT ST. MARY'S SCHOOL By John Baranowski

I like reading the best
It's better than all the rest.
Some people read like a
bouncing ball
Others read like they're
against a brick wall.
Some people read fast as a
gun
I think reading is so much
fun.
I like reading about people in
other lands
And hear their footsteps in
the sands.
I learn many exciting things at
school
I think St. Mary's is like a
shining jewel.

THE SCHOOL LIBRARY By Mary Verrochi

I like the St. Mary's School
library
It's full of books for you and
me.
Some are on time and some
are due
The books are interesting and
exciting too
Yes, I like the school library -
I do - I do.

FLYING HIGH By Diane Shea

The wind is a great big breeze
It blows the grass and the
trees
It blows my hair but I don't
care
As long as I get there.
At St. Mary's the books I read
Make me feel good indeed
They take me away
To interesting places each day
Sometimes I soar in the sky
Going very, very high
Then I land in the end
With knowledge in my head.

CATHOLIC EDUCATION By Richard Little

Catholic Education means so
very much to me particularly in
these times when God is so often
forgotten. I think I could
compare a good Catholic
Education to a solid and fast
growing savings account in a
bank which pays high interest.
You can only get out of it the
amount of dollars you yourself
are willing to put into it. So
many times I've heard my
parents say, you can never place
a price tag on a Christian
Education. Now that I am trying
to express my views, I realize
more clearly what my parents
mean. I have been most
fortunate to have had almost
five years of Christian education
at Saint Mary's School. God is
never for one moment forgotten.
He is brought into our daily
subjects in some way. In this
bright and beautiful world we
take so much for granted.

I should like to take this
moment to thank God for giving
me such self-sacrificing parents,
who struggled to give me this
priceless education.

CATHOLIC EDUCATION By Nancy Erickson

Catholic Education is very
important in our lives today. We
learn about God, Our Father,
and we are taught to know Him,
and to love and serve Him. We
are allowed the right to praise
Jesus and are given many
opportunities to grow closer to
Him each day. We also achieve
happiness by living the way
Christ wants us to. We are taught
self-discipline, respect of elders
and to love one another.

CATHOLIC EDUCATION By Brenda Lucier

In the Catholic School we are
not only offered excellent
courses in reading, writing, and
arithmetic, but are also given an
excellent course in Religion
daily. I believe this course in
Religion helps each child to have
a better moral background.
Morality is something that seems
to be lacking in the country
today. We are taught through
discipline of ourselves to be
more respectful to our elders
and to each other. I believe this
helps us to be more
understanding of our fellow
men. Therefore, I think Catholic
Education makes for a better
America.

Peace Corps, VISTA Seek 200 Skilled Tradesmen

Once again the Peace Corps
and its domestic brother,
VISTA, has set up headquarters
in Quincy for its annual Eastern
Massachusetts Recruiting Drive.

Representatives of the two
service agencies, joined under
the banner of ACTION, are at
the Carlton House Motor Inn,
North Quincy, from 9 a.m. to 9
p.m. each day from Monday
through Friday.

They are seeking 200 skilled
tradesmen [mechanics,
plumbers, electricians, etc.] to
volunteer for two years duty
overseas with the Peace Corps or

in the United States with
VISTA.

The Peace Corps, now at work
in 61 countries around the
world, provides transportation,
medical coverage, housing, a
living allowance and \$2,000 in
the bank. Everything doubles if
the volunteer is married.

Charles Murray, skilled trades
coordinator for the Northeast
Region, points out that more
than 12 per cent of all Peace
Corps workers are older, married
tradesmen who do not have
college degrees. The number is
smaller in VISTA.

Historic District Members Join Historical Society

All the members of the
Quincy Historic District Study

Survival Names Assistant Director For Whiteman House

Survival Inc., the
multi-faceted drug and youth
program serving the South
Shore, announces the
appointment of Anita Moody of
Brookton as assistant director of
its Joseph H. Whiteman House at
1230 Hancock St., Quincy. She
will be involved in providing
therapy to the 15 to 20
drug-involved young persons
that reside within Survival's
in-patient facility.

A graduate of the University
of Southern California, with a
Master's Degree in Fine Arts, she
has concentrated in art therapy
backed with work experiences in

counseling and education. In
recent months, she has been
involved in counselling programs
at Self-Help in Brockton.

Survival Executive Director
Robert Hassey said, "She will be
very valuable in dealing with
female residents as well as
providing educational and
tutorial programs as a part of the
in-patient treatment schedule.
She fits well into the mixture of
professional and para-professional
staff employed at Survival
and has already demonstrated
her ability in dealing with
troubled young persons in the
area."

John Brassil Graduates Correctional Officers Academy

Officer John Brassil of the Suffolk County Sheriff's Department has successfully completed requirements for graduation from the Massachusetts Correctional Officers Training Academy at the University of Massachusetts, Amherst.

Brassil, a North Quincy resident, was praised by Suffolk County Sheriff Thomas S. Eisenstadt who said: "It's gratifying working with officers of the caliber of Officer Brassil who continually displays interest

and initiative in his duties and strives for the highest plateaus in expertise and professionalism."

The Massachusetts Correctional Officers Training Academy is sponsored by a number of correctional and academic agencies including the Mass. Sheriff's Association, the Mass. Committee for Criminal Justice and the U. Mass. School of Education. The academy receives funds through the federal government's Law Enforcement Assistance Act.

24 Quincy Veterans Enrolled At Newbury Junior College

Twenty-four Quincy veterans are currently enrolled in a business management program at Newbury Junior College on Boylston Street in Boston.

They are:

Richard Copp, John F. DeCarli, Jerry A. Dobbs Sr., Vernon M. Hansen, John E. Higgins, Kevin E. Keane, Anthony J. Keenan, Daniel P. Kelley, Stanley Kogut, George Marinopoulos, Richard J. Merna, William Milne, William J. Mitchell, George E. Mullen, Francis T. McDevitt, James McLaughlin, John J. McLaughlin, Valdimar Peterson, Richard T. Pinola, Don Richardson, Frederick E. Robertson, Peter G. Ryan, Harvey L. Saganov and Gerald B. Shidler.

The Newbury program was designed so that working veterans, primarily between the ages of 30 and 45, could use their educational benefits to receive an associate in applied science degree.

Over 1600 students have enrolled since the program was instituted last June. New classes at Newbury begin approximately every two weeks.

The money needed by the veterans to return to school comes in the form of the GI Bill.

Mrs. Lydia Sisson Honored On 90th Birthday

Mrs. Lydia S. Sisson of 164 Beach St., Wollaston, who was born on Washington's Birthday in 1884, observed her own 90th birthday with a quiet family gathering Sunday.

Mrs. Sisson, widow of the Rev. Howard R. Sisson, still lives in the house to which she moved in 1920 after World War I when her husband left his parish in Maine to serve as a chaplain in France.

She lives with her son, John, in one side of the duplex house and her sister, Emma L. Webb, 88, lives on the other side. The two ladies do all the housework themselves with no outside help.

She is devoted to crossword puzzles and Boston's educational television Channel 2 and is reported never to have missed an opera broadcast.

Mrs. Sisson was born Lydia Susan Staples in Wellington, Maine, daughter of James and Susan [Kowles] Staples.

She has four children, John of

MRS. LYDIA SISSON

'Mind' Lesson-Sermon Topic At Christian Science Church

The Lesson-Sermon Sunday at First Church of Christ, Scientist, 20 Greenleaf St., Quincy is entitled "Mind".

It considers the need for mankind's individual and universal regeneration and

salvation and the means for accomplishing this based on Christ Jesus' two great commandments: Love God with all your heart and mind and strength, and love thy neighbor as thyself.

Beth Israel Brotherhood To Honor 'Survival, Inc.'

The "Survival, Inc." program will be honored by the Beth Israel Brotherhood at its annual Brotherhood breakfast Sunday at Beth Israel Synagogue.

Rabbi Jacob Mann will conduct worship at 8:30 a.m. and the brotherhood breakfast will be held in the vestry at 9:30 a.m.

The Brotherhood has chosen "Survival, Inc." as the guest of honor, noting that with "the motto, A New Direction", Survival with its manifold programs and able leadership,

save many a young person from sinking to the bottom, restored them to a dignified status in our community and gave them a new direction in life.

For over a quarter of a century, the Brotherhood has been the proud sponsor of these inter-community and interfaith programs. Many civic leaders and important organizations have been honored and cited for promoting understanding, better community relationship and helping youth to a better way of life.

Guest speaker will be the Rev. John R. Graham, minister of United First Parish of Quincy, president of Survival.

Members of the Womens Council, Beth Israel Brotherhood and Beth Israel Synagogue and friends are invited.

Mrs. Jack Klaver is President of the Womens Council. Jack Klaver is President of the Beth Israel Synagogue and Morton Arons is President of the Beth Israel Brotherhood.

'Make Us Builders Of Peace' Theme For Church Women United March 1

Rev. Ronald J. Cebik, minister of Quincy Point Congregational Church for the past year, will speak to Quincy Church Women United at the March 1 World Day of Prayer at Bethany Chapel at 2 p.m.

Rev. Cebik will discuss the day's theme, "Make Us Builders of Peace".

World Day of Prayer which originated in 1887 this year will be observed by women in 168

countries, the most widely observed ecumenical celebration sponsored by Church Women United.

The worship material was prepared by Japanese women who having suffered through World War II have worked for the peace movement in their own country.

Taking part in the program will be Mrs. Joseph MacRitchie

of First Church of Squantum, the day's chairman; and Mrs. George Stephen of First United Presbyterian Church, CWU president. Miss Dorothy Coe and Mrs. Eleanor Shattuck will be ushers, with Miss Lena Foster and Miss Marion Reinhardt, all of Bethany Congregational Church, assisting. Lambert Brandes will be organist.

The offering will go to the Intercontinental Mission Fund.

JWV To Honor 7 Students For Brotherhood

Seven students will be honored for best exemplifying brotherhood by the Quincy Jewish War Veterans Post, March 3 at 9:30 a.m. at Beth Israel Synagogue, Grafton St., Quincy Point.

Theme of the breakfast is "Classmates Today, Neighbors Tomorrow".

Brownell Seeks Noise Control At Dredging

Rep. Thomas F. Brownell [D-Quincy] has called for strict safety precaution procedures to control noise levels, and questioned the spending of tax money in a letter to Col. John H. Mason, Army Corps of Engineers concerning proposed dredging of Quincy and Weymouth Town River bays.

Brownell, in a letter to Col. John H. Mason of the Army Corps of Engineers noted he had missed a public hearing Feb. 11 on the dredging question due to a family illness.

He called to attention the erosion at Germantown beach and of private property adjacent to Palmer St. and Riverbank Rd, Adams Shore.

During the last dredging operation a whole section of Germantown beach caved in

"which also directly posed a threat to the adjacent housing development," he said.

He also noted that the project involves blasting of ledge "during the height of the recreational swimming and boating season."

He said blasting should not be allowed during the summer.

Brownell called for a "reasonable work schedule and proper noise abatement procedures." He recalled that the last dredging project operated around the clock, keeping Germantown residents awake at night, and causing the Attorney General's office to intervene.

Brownell questioned the expenditure of public money to dredge Town River because "it benefits only one private business concern, Quincy Oil Co."

He said that many residents feel dredging is unnecessary in the area.

Kitchen, Bathroom Selling Points

Remodeler's Plumbing & Heating Will Redo Your House 'Top To Toe'

By STEVE FERRARA

You wouldn't think, with money being so tight, that people would want to spend money to remodel their kitchen and bathroom.

"Actually," says Tom Andrew of 30 Delano Ave., Adams Shore, "people can't afford to buy new homes so they've got to remodel what they have."

"Your kitchen and bathroom are the two most important rooms in the house. They are the selling point. If you have a new kitchen and bathroom it makes your home that much more valuable."

Andrew and Tony Sacchetti, 13 Sargent St., Germantown, own Remodeler's Plumbing and Heating Inc., 537 Sea St., Adams Shore.

Remodeler's showroom has been at the corner of Sea and Palmer St., since March 1971. For a year before that it was located across the street at 522 Sea St.

Remodeler's is a family business. Sacchetti's wife Dorothy is secretary and bookkeeper, and his son Steven is serving his apprenticeship in the company. Andrew earned his Master Plumber's license while working for 15 years for Sacchetti's father, Guy, at Royal Plumbing and Heating.

Andrew and Sacchetti are also partners in ownership of Bath World, a separate company, at

THE FINISHED PRODUCT -- Tom Andrew (left) and Tony Sacchetti of Remodelers Plumbing and Heating, Inc., Adams Shore, inspect a completed job. They can remodel every room in your house and specialize in kitchens and bathrooms.

505 Beale St., in Lakin Square.

Says Andrew, "We will remodel your kitchen and bathroom, we do all types of general carpentry, and install heating systems and water heaters."

"We'll remodel your whole house from top to toe."

Remodeler's has been doing work at the Quincy Point Improvement Project, a federally funded project to help people in the area improve their kitchens and bathrooms.

"The project is phasing out now. Most of the work was done

in December, but there are some jobs still in progress."

"Winter is the slow season," he continued. "We expect business to pick up by the end of February and in March and April, now that the shock of Christmas and oil payments is starting to wear off."

There are hazards to being a plumber. Last July Andrew broke his foot when a 175-pound steam radiator fell on it. He was on crutches and out of work for a month.

"What a way to spend your vacation," quipped Andrew.

Kelly Asks Meeting On River Dredging

Ward 1 Councillor Leo J. Kelly has asked Col. Charles J. Osterdorf of the New England Division, Army Corps of Engineers to meet with residents of Adams Shore and Germantown to discuss plans to

dredge the Quincy Town River and Weymouth Fore River.

In a letter to Osterdorf Kelly said, "Some two years ago dredging operations caused considerable noise pollution and

dangerous ledge areas to remain as a result of dredging."

"I feel the residents should be advised as to exactly what will be done and the impact of the proposed work to the area."

Adams Shore Association To Hold Dance March 9

The Adams Shore Community Association will sponsor a dance Saturday March 9, at the George F. Bryan VFW Post, 24 Broad St., Quincy.

There will be entertainment from 8 p.m. to midnight with

music by the Bill Reeves Band.

Committee chairwoman is Roberta Hennessey. Tickets may be purchased from her or from committee members Carol Bonderick, Nancy O'Brien, Eileen Chase, Glennie Perch,

Patricia Johnston.

Also assisting on the committee are, Gerry Shea, decorations; Fran Kelley, refreshments; Tom Hennessey, publicity and Kathleen McGinn, drawing.

Harold Participates In 'Democratic Strategy '74'

Paul D. Harold of 31 Riverside Ave., Adams Shore, participated in the recent "Democratic Strategy '74" workshop sponsored by the Worcester City Committee at Holy Cross College.

Harold is president of the

Massachusetts Young Democrats.

"With the abolition of the pre-primary convention this year," said Harold, "it is going to be more important than ever for the party to return to its grass roots support."

"Various 'mini-conventions' have been held and more are being planned across the state by the Democratic State Committee to involve as broad a cross section of the party as possible in the strategy for the upcoming fall elections," he said.

Golden Gloves Champ Lingoos A Big Hit Outside Ring, Too

By TOM SULLIVAN

Bobby Lingoos, 18-year old Quincy High Junior, is making a name for himself on the amateur boxing scene and in the Quincy Neighborhood Youth corps.

Bobby, who began boxing two and a half years ago, holds the New England AAU 126-pound championship and last week added the 135-pound open class championship in the Golden Gloves in Lowell.

Lingoos, who has a brother and four sisters and lives at 53 Adams St., has earned the plaudits of officials of the Neighborhood Youth Corps with which he is associated.

"Bobby is a wonderful boy," said John Kelly, head counselor of the corps, "he is in the work study program and for 20 hours each week works at the Quincy Police Dept. helping maintain the police cars and learning a trade. He works with Dan Mahoney, who says he is a pleasure to work with.

"He tries hard in school, works hard at the police department, gives none of us any problems and is tremendous with younger boys. They look up to him and he is wonderful with them."

William Trifone, director of the corps, also lauded Lingoos.

"I always wanted to box and about two and a half years ago I went to the New Garden Gym in Boston and talked with Al Clemente, who runs the gym and has handled many well-known fighters," Bobby said. "About a month after he began working with me, I had my first fight at the Fargo Building and won a decision over Ronald Rivera of Boston."

The likeable teenager has had 33 fights, winning 27 and losing three close decisions. Four of his wins were by knockouts. "I'm a boxer and not a hard puncher," he said.

In winning the Golden Gloves crown last week he had only one bout, as his first opponent was ill and had to withdraw. He earned a decision over Dave Ortiz of Lowell for the title. It was his third straight win over Ortiz.

In last years New England AAU championships he won three bouts in one day to earn the 126-pound title.

He first defeated Rich Ecklund of Lowell, then defeated Ortiz and in the finals won over Dennis Cruetz, now living in New York.

BOBBY LINGOOS

In the national tournament he dropped a close decision to a boxer from the midwest in the opening round.

He plans to enter the New England in April, this time one class heavier.

In last year's Golden Gloves tournament in Lowell he won his first bout but then was withdrawn as there were too many entered in his class and he and a few others were taken out of the competition.

This week Bobby is competing in the New England Golden Gloves Tournament of Champions at Lowell and if he wins, he will go to Denver, Colo., for the national championships. Winners from regional tournaments in Lowell, New Bedford, Western Mass. and Maine are entered in this week's event.

"I learned everything I know from Al Clemente," Lingoos said. "He is wonderful and shows a lot of interest in anyone he handles. He is always in my corner. He does an awful lot for young fighters."

Clemente, who has handled some of the top amateur and pro fighters in New England, is high in his praise of Lingoos.

"He came to me as a 15-year old and I couldn't see how he could become a fighter," he

admitted. "But after I started talking to him I realized he was a nice little gentleman. I'm 76 and have been in the fight game more than 50 years. I always wanted to handle one nice kid like Bobby and I think he is going to make it."

Lingoos is still growing and must make adjustments each time he moves up in weight class.

"I would have liked to see him stay at 126 this year because I feel he would have had a good chance to go a long way at this weight," Clemente said. "But he is still growing and has to become accustomed to his new weight and add the strength to go with it."

"I think Bobby can mature to the point where he'd make a strong 147-pounder. He has a goal and is determined to reach it. He wants to make the Olympic team. It is two years away and if he continues the way he is going, I think he'll make it."

Bobby admits he has no thoughts at all of turning pro and making the Olympics his next goal. "I would never even consider turning pro until Al Clemente tells me I'm ready," he concluded.

The tournament will continue through Sunday [Feb. 24].

ENC In Top Spot Tie

The Eastern Nazarene College basketball team, following a long, tiring and none-too-successful road trip, found the home court to its liking last weekend as it won two straight Seaboard Conference games to move into a top tie with a 5-1 record.

Jim Smith's Crusaders had four days off following an 11-day trip to New York, Pennsylvania and Illinois during which they won only two of six games.

Following the welcome layoff, ENC defeated Nyack, 69-52, Friday night to make its conference record 4-1 and Saturday moved into a top tie with a 74-70 win over Kings College, which had a 5-0 conference record going into the game.

The Crusader's overall record going into last Tuesday's game

with Curry was 11-9. They play at Babson tonight [Thursday] at 8, Saturday host New Hampshire College at 8 and next Tuesday play at Nassau at 7:30.

In the win over Nyack Quincy's Rick Reyenger had 18 points, Gordie Wetmore 12, Howie Briggs and Gerry Whetstone 10 each.

The day John Havlicek played a game... and made all the calls.

We at Dial Finance wanted to prove something. We approached John Havlicek and proposed that he play a little game with us. We asked him to call any Dial office in the Boston area at random. We told him to ask any questions about loans that popped into his head and not to give his name. No Dial personnel were alerted about what we were

doing. Here, in John's words, is what happened. "As I was dialing the number, I thought this was a pretty bold idea for Dial. After all, they didn't know what I might ask.

"Well, almost as fast as the phone rang, it was answered. I told the guy I was interested in a \$4,000 loan and I wanted to know how long I could take to pay it back. He told me, I asked him how quickly I could get the cash. He told me, I asked what the total amount I would have to pay back on the loan would be. He told me, 'Then I throw in a loaded' question. I had heard that finance company interest rates are high, so I came right out and asked him about Dial rates. What I found out was that you can probably borrow for less some places. Like a bank maybe. But Dial charges a lot less than I thought they would.

"I was amazed. I mean, he didn't even ask for my name. And there wasn't any sales pitch. He just helped me—with no strings attached."

The kind of service and consideration John Havlicek received isn't reserved just for basketball stars. It's reserved for everybody, and has been since 1897. So next time you're thinking of borrowing, think of Dial Finance. You see, we don't want you to like us just for our money.

Visit Dial's Randolph office at 322 N. Main Street, Fernandes Shopping Center, phone 963-0400 or the Brockton office at 726 Crescent Street, Brockton East Shopping Plaza, phone 583-3420. Other Dial offices: 3 downtown, Billerica, Lynn, Malden, Walpole.

● Executive League

Blues Drop Reds, Greens Upset Gold

The Blue Team knocked the Red Team out of first place in the battle of front-runners and the Green Team won its first game in nearly two months Sunday in Executive Hockey League play at Quincy Youth Arena.

Dave Towle had the hat trick and Kevin White was credited with four assists in the Blues 6-3 victory over the Reds. The Blues now lead the league by a slender point.

Wayne Cooper and Len Picot had a goal and an assist each and Al McKay had a goal and Bob Hayes an assist for the Blue team.

Bob Monahan, Jack Hurley and Ken Halloran did the goal-scoring for the Red team with assists to Gary DeCoste [2], Ralph Freeman, John

Murphy and Jim Deitch.

Buckie Zanardelli with two goals and an assist was the big gun in the Green team's 4-2 upset of the Gold team. It was only the Green's fifth win in 16 games.

Bob O'Connell and Bob Kane also scored for the Greens, assisted by Jim Daley [2], Bob Quintiliani and Buster Robinson.

Marty Tolson and Tom Roberts had the Gold scores with assists going to Frank McAuliffe and Fran Whalen.

The standings:

	W	L	T	Pt	Fr	Agst
Blue	11	6	4	26	73	65
Red	10	6	5	25	76	68
Gold	10	8	3	23	81	71

High-Nooners High Rollers In Women's Tourney

The opening rounds of the 19th annual South Shore Women's Candlepin Bowling Tourney sponsored by the Koch Club of Quincy attracted some 200 spectators from the 12 leagues represented in the tourney opening day competition Sunday at the Merrymount Alleys.

The matches saw the Hi-Nooners edge the South Shore Bowlerettes 1499-1478, the Women Merchants out the Pin-Ups 1492-1367, defending champion Weymouth Landing defeat the Classic Lassies 1481-1389, the Keglerettes eliminate Lucky Strike 1468-1354, the Parkettes outlast the Bowling Bugs 1460-1453 and the Coffee Royals top the tourney hostess Koch Club Women 1414-1377.

The Hi-Nooners caught the South Shore Bowlerettes cold in the first string, and ran up a 95-pin first string lead, on the strength of Jini Seaver's 141 high single for the day, and Barbara Santy's 122. The losing Bowlerettes stubbornly fought back to take the second string by 23 pins and the third by 27, but when the final tally was recorded the Hi-Nooners chalked up their first tourney victory.

Jini Seaver with 337 was top for the winning Hi-Nooners, followed by Barbara Santy 326, and Pat Murphy 314, Jean Buonopate led the losing Bowlerettes with 321, while Sally Baker had 298, Carmella Pollara 291, Isabel McCabe 287, and Elaine McDuff 281.

The Women Merchants jumped to a 17-pin first string lead over the Pin-Ups, caught fire in the second and added 77 more. In the third string the Women Merchants completed the sweep, and posted their 125 pin tourney victory.

Noreen Mastroianni was top for the winning Merchants with 324, and was aided in the win by Bev Putnam 321, Terry Spencer 299, Edna Walker 278, and Ann Casanova 270.

Jose Martell led the losing Pin-Ups with 280, and was followed by Mary Ann Hart and Mary Folino each registering 274, and Dottie Gannon 271.

Weymouth Landing winners of last years tourney displayed a smooth performance in defeating the Classic Lassies, winning the first string by only nine pins, but taking the second by 49 and the third by 34 pins

in their impressive 92 pin sweep. Sally McCusker led the Weymouth consistent team effort with 308, followed by Marie Leahy 304, Claire Foy 295, Joan Smith 288, and Hallie Parziale 286.

Ginny Dindy's 296 was high for the losing Classic Lassies, while Joan Stover posted 288, and Joyce Jacobson 283.

The Keglerettes caught the Lucky Strike ice cold in the first string, picking up an 83-pin lead, adding 42 more in the second, and although losing the third coasted to a 114 pin triumph.

Pat Chivaroli with 320 was top for the winners Sandie Burke had 316, Bonnie Damore 290, and Norma Martin 273.

For the losing Lucky Strike Flo Hutchins and Michele Hutchins each had 283 to top the losers.

The Parkettes jumped to a 34 pin first string lead over the Bowling Bugs, which later proved the key as the losers fought back to take the second by 3 pins, and the third string by 24 pins, but when the smoke cleared the Parkettes had notched their win by 7 pins.

The winning Parkettes posted an even team attack as Alberta Murray led with 297, Judy Griffin had 294, Joan LeFleur 291, Marge Richardson 289, and Evie Dubois 289.

Celeste Maloney was high for the Bugs with 328, Ellie Bertrand 300, Shirley Carbonneay 280, Diane Hatfield 273, and Barbara Hensley 272.

The Coffee Royals put it altogether in the first string, catching the Koch Club women ice cold, and jumped off to a 47-pin first string lead, and although the Koch women took the second and third string, neither was enough to overcome the Royals and a 37-pin victory.

Taffy Serroni with 310 was top for the winners, followed by Pat Hall 292, Joan Kilburn 284, and Sandy Barrie 282.

Linda Koch was top for the Koch Club Women with 306, Rosemary Earley 275, and Simmy Koch 273.

Twelve more teams will open next Sunday, they include: the Alley Kats, Rag Dolls, Roadrunners, Sacred Heart Sodality, Queen Pins, Woodshooters, Carlyle Ladies, 8-O'Clock Rollers, Ocean Rollers, Socialites, Rollerettes and The Spares. Winners will meet Sundays winners March 3.

Co-Champs North In Tourney, Quincy Out

You can never count Bob Nolan's North Quincy High basketball team out.

This was proven a year ago and again last week.

Last season Nolan's Raiders had to win eight of their last 10 games to gain a state tourney berth and went one better by winning nine of them.

This year North lost its first two games of the year and was only 3-3 after six games. But the Raiders again bounced back to win eight of the next 10 to share the Greater Boston League title with Medford and again qualify for the tournament.

If North hadn't gained a share of the league title, it would have had to win one of its two remaining non-league games to qualify. Tuesday the Raiders hosted Weymouth South and Friday finish their season at Brookline.

After upsetting Medford earlier in the week [North also included Medford's league champs in their comeback string last year], the Raiders clinched a share of the league crown Friday with a 51-32 win over Chelsea. That made their final league record 10-4 and boosted their overall mark to 11-5.

"You just can't count these kids out," said a happy Nolan. "They gave away a lot of size in most games but played tremendous defense, shot well and just showed the kind of desire that has to pay off. Our goal all year, in addition to making the tourney, was to improve on last year's record. We were 12-6 last year to just qualify but if we win our last two we will be 13-5 and have a good spot in the tournament draw."

While North was clinching a tourney berth, Joe Amorosino's Quincy team, eliminated from the tourney earlier in the week by Everett, rebounded for a

50-47 win over Malden Friday to finish 8-6 in the league and take a 10-7 overall mark into last Tuesday's non-league finale against Weymouth North.

Amorosino will enter his team in the Bay State Tournament, which formerly was known as the "losers' tourney" but which includes several teams which barely lost out for the state tourney as Quincy did and offers some excellent competition.

Nolan didn't wait to rub it in on Chelsea and, after rolling to a 23-2 first period lead, he took out his starters. Ten of the 13 Raiders scored.

Tim Clifford, North's 'big' man at 6-2, led the scoring with 10 points. Steve Miller and sophomore star Cooper Jordan, playing only a period, had eight and six respectively.

"This game was a credit to our entire team," Amorosino said following the win over Malden. "These kids have never given up and I was proud at the way they bounced back tonight after losing out on a state tourney berth."

"I don't consider the Bay State Tourney a 'losers' tourney' and I want to give our seniors a chance to be seen by college scouts. If even one of our players receives a scholarship as a result of this tourney, it will be well worth it. There will be plenty of good teams in the tourney and I expect some tremendous competition."

Fred Donahue, 6-4 center playing his second game since returning to the lineup, played a fine game with nine points and 10 rebounds. He had played his first game after missing five when he faced Everett earlier last week and, though playing valiantly, showed the effects of his long layoff, which had hurt Quincy's chances considerably.

He had been one of the team's best scorers and rebounders before being injured.

Bill Dacey scored 11 points and had 16 rebounds against Malden and John MacFarlane scored 10 points. Bob Benn was lauded for "his best game of the year" with seven points and two vital steals.

The team voted to give the game ball, signed by all the players and coaches, to Mrs. Barbara Cahill, a secretary for the Athletic Dept. who handles the task of scheduling buses and drivers and making sure there's gas for the buses. She is recuperating from an illness at Quincy City Hospital.

In its 61-51 win over Medford earlier in the week, North exploded in the final period after the teams were tied, 45-45, going into the period.

Nolan, opposed to the zone defense, finally used it midway in the third period and for the rest of the game and it proved effective as it shut off Medford's outside shooting.

Jordan scored 17 points, Jed Phelan 16 and Miller 12 to spark the attack.

Quincy, despite showing tremendous hustle with grabbing, slapping diving and running, lost to Everett, 59-51, and lose any hopes of making the state tourney.

Everett won the game from the foul line as it hit on 21 of 27 shots, while Quincy hit on only nine. The Presidents had 21 floor goals to 19 for Everett.

Richie Joyce, who played an aggressive two-way game, had 12 points, and Tom McKinnon nine to pace the offense.

These were the final GBL games for Quincy and North, who enter the Suburban League next season.

Presidents In State Tourney, Raiders In Strong Finish

Quincy High's hockey team, winning or tying 11 of its last 12 Greater Boston League games, is in the state tourney for the first time in three years and the fourth time in the last six years.

Bob Sylvia's Presidents finished off a tremendous comeback after a 5-3 record in their first eight games which made their tourney chances shaky, when they topped Chelsea, 4-1, Monday to give them a 13-4-3 record. Ties count as wins in qualifying for the tournament, so Quincy will be in a good spot for the tourney draw. The Presidents finished third behind in the GBL Malden and Somerville.

Meanwhile, Ron Erikson's North Quincy team won its last two for a respectable 7-9-3 record with a makeup game against Medford to be played last night [Wednesday]. The Raiders defeated Everett, 4-1, Monday.

Ted Wiedemann scored for Quincy at 7:55 of the first period with Pete Janis and Pete DiBona assisting.

Mark Fanning, replacing the outstanding Glen Prescott in goal, lost a shutout when Chelsea scored at 6:45 of the middle period by Quincy regained the lead at 8:32 on Wiedemann's second goal, sophomore star Frankie Guest assisting. In the final period Al Lancione scored with assists for Guest and Pete Raymer and Bob Barry scored the final goal with John Sweeney and Brian Nevin assisting.

North, which had its ups and downs this year, took a 2-0 first period lead and scored another pair in the final session against Everett.

In the opening period Paul O'Donnell scored unassisted at 7:17 and Rob Henderson scored at 8:18 with assists for Mike McLean and Jim Mullaney.

In the final period Andy Collieran scored at 3:11 with Brian MacIsaac having the assist and McLean finished off the scoring at 9:22 with Mullaney setting him up.

Last Friday was the big night for Quincy, which clinched the tournament berth with a 5-1 romp over Everett.

"It is a big night for Quincy hockey," Sylvia said. "The last two years we were around .300, so this win was a big one for our seniors who played on those two teams. They've worked hard for this and the pressure has been on them all season."

"I have to give a lot of credit to my assistant and junior varsity coach, Rich Hutchins. He is the type of guy who is up at five and six in the morning with the jayvees and he's down with the varsity in the afternoon. He adds spirit and the kids are fond of him."

Guest, one of the league's outstanding sophomores, scored three goals and junior Ted Wiedemann, the team's other high scorer, had the other two.

Wiedemann had the game's first goal with Pete Janis assisting in the first period, but Everett tied it early in the second. Guest then scored his three goals and Wiedemann added his second as Brian Nevin had two assists, Rick Avery and Pete DiBona one each.

North Quincy just edged surprising Chelsea, 3-2, after the Red Devils had jumped off to a 2-0 lead in the first 35 seconds of the game.

"We were concerned about our sophomore goalie, Dave O'Hanley, but he shook off those two goals and was tremendous the rest of the way," Erikson said.

Rob Henderson scored North's first goal and also had the second and tying one as Mike McLean assisted on both and Jim Mullaney and Paul O'Donnell also had assists. Mullaney scored the winner in the final period with Alan Thomas assisting.

Gear, Whitman In Men's Tourney Finals Sunday

In the semi-finals of the 21st annual Greater Quincy Men's Candelpin Bowling Tourney held Sunday at the Merrymount Daylight Alleys, Dark Horse Boston Gear Works bowled high for the day to oust O.S.M. 1782-1550.

Carlyle Merchants of Whitman defeated the Quincy Merchants entry 1762-1731.

The Koch Club sponsored event will see the Boston Gear Works and Carlyle Merchants of Whitman Square off next Sunday afternoon in the finals. The two finalists remain of the 26 teams entered.

The Gear Works jumped off to an unbeatable 110 pin victory in the first string over O.S.M., added 45 more in the second string, and completed the sweep for the third string with 78 more pins; and a 232 pin lopsided win. Boston Gear Works have displayed a smooth well balanced attack in their four tourney victories to date.

Jack Hatfield with 388 was high for the Gear Works followed by Dana Chella 361,

Gene McGann 355, Bill Earley 352, and Bruce Barrie 326.

Paul Cuddemi with 338 was top for losing O.S.M., Ralph Devito had 315, Larry Maki 314, and Dutch Von Iderstein 310.

Carlyle Merchants of Whitman jumped off to a 27 pin first string lead over the Quincy Merchants, but the stubborn Quincy quintet roared back to bowl a 639 to Whitman's 583 in the second string, and carried a 38 pin lead into the final string. With their backs to the wall the Whitman combine fired a high tourney team single of 652, outscoring Quincy by 69 pins in the third string, pulling out a 31 pin semi-final victory.

Outstanding tourney bowler Dick Ewell fired a 395 to lead his Whitman team to victory, and was aided by Dennis Chick 359, Bill Furfee 351, Paul Kirby 331, and Jim Rigo 326.

The losing Quincy Merchants showed some very respectable bowling as Mike Valenti led his team with 366, and was followed by Sal Fanara 362, Wes Cobb 338, Paul Vickers 336 and Paul Paton 329.

O'Brien Club Shares Title With Boston

A pair of one-point losses, one in overtime, forced the O'Brien Club basketball team of Quincy to share the Cranberry League championship and eliminated it in the semifinals of the 42nd annual state semi-pro tournament at Plymouth.

The two losses gave the O'Brien Club a 19-3 record [the three defeats were by a total of four points] going into the Cranberry League playoffs expected to start Sunday and the first annual Quincy YMCA Tourney March 2.

Sunday the O'Briens dropped a 108-107 overtime thriller to the Boston Stars to share the league title with the Stars, both finishing the regular season with 16-2 league marks. In their previous meeting the Stars had pulled out a last second 103-101 win.

In Monday's tournament at Plymouth the O'Brien Club breezed past the Eastern Huskies, 85-46, but dropped a 69-68 decision to the Haynes/Bruins despite a great comeback in the semifinals.

YMCA Tourney Opens March 2

The O'Brien Club of Quincy and the Boston Stars, co-champions of the Cranberry League, will lead a field of 12 top semi-pro basketball teams into the first annual Quincy YMCA invitational tournament Saturday, March 2.

The O'Brien Club, Stars, Haynes/Crump Bruins of Boston and Cambridge Nationals are expected to be the top-seeded teams.

Other entries will be two other Quincy teams, the YMCA All-Stars and South Shore Hotshots, Weymouth Alphas, Wholey Club of Hull, Lawrence Merchants, Shelburne

In the walkaway over Easton Alan Dalton had 21 points, Eddie Miller 17, Richie Sprague and Ron Bradley 14.

In the Bruins thriller the Quincy team trailed by 12 midway in the final period and was still behind by seven with a minute to play. It scored six straight points and, after stealing the ball, had one last shot at the buzzer but it bounced off the rim.

Bradley scored 15 points, Dalton 13 and Miller nine.

In last Sunday's heartbreaking defeat by the Stars, the score was 98-98 at the end of regulation time.

The O'Briens were hurt when they lost high scorers Alan Dalton and Pete Schmid on fouls.

Dalton had 24 points, Schmid and Bob McNamara 23 apiece.

League officials meet tonight [Thursday] to decide on the dates of the playoffs in which the O'Brien Club, Stars, Wholey Club of Hull and Weymouth Alphas will compete.

Community Club of Roxbury, Bristol County Cavaliers of Fall River and Dacey Club of North Easton.

There will be cash prizes and a championship trophy donated by Mayor Walter Hannon. The tourney will start at 11 a.m. with both courts being used for the opening round and the Y's full court for the rest of the games. The championship game is expected to start at 9:30 p.m.

"We hope this tourney catches on and becomes an annual affair," said Jim Rendle of the Y, the tourney director, who is being assisted by O'Brien Club coach Leo Papile.

Business Good In Downtown For Washington's Birthday

Business was generally "good" in downtown Quincy stores Monday as merchants observed the official Washington's Birthday holiday with special sales promotions, a Quincy Sun survey shows.

Only a few surveyed by The Sun said business was not as good as they expected.

"It was our biggest day since Christmas," said Remo DeNicola of South Shore Television. "We were busy from morning to night. There was a constant stream of customers."

"We had some great values and the customers recognized them. Business was so good that it will be tough to beat next year."

"We were busy all day," said Summer Cohen of Kincaide's. "People came in the store in quantities that we enjoyed. The main problem was that we couldn't take care of all of them."

"It was a great relief to see people still able to get out in such numbers. A lot of them were young people, too, which is good to see in a furniture store."

"We had a good count," said

Robert Colman, whose Colman's sporting goods store was giving away ski jackets for 22 cents with the full price purchase of a second one.

"Day for day it was better than last year. I'd say the promotion was a success."

George Dunphy, assistant manager of Gilchrist's: "It was a very good day. It started slow but between 11 a.m. and 5 p.m. it was very, very good. It was definitely as good as last year and that's saying something these days."

Jerry Morreale, manager of Child World: "We've had better days but I'm satisfied. It was as good as last year, maybe even slightly better."

Jason Feldman of Jason's: "It was very good. I have no complaints. I'd say it was about 10 per cent better than last year."

Burt Cook of Tag's Sleep Shop: "We had a decent day. There wasn't a lot of traffic but it was decent."

Ray Small, assistant manager

of Grants: "It was fairly slow compared to last year. We were down some. I don't know why."

An added promotion, sponsored by the Quincy Center Business and Professional Association, was a special coupon, printed in the Quincy Sun and the Patriot Ledger, which shoppers deposited in boxes in participating stores.

Names of the winners of the 25 shoppers who won \$25 gift certificates will be drawn Monday [Feb. 25] at 10:30 a.m. at the Hancock Bank.

Quincy Bicentennial Conference Set For Feb. 28

Quincy will have its own Bicentennial Conference Thursday, Feb. 28, so that residents can help formulate plans for the celebration honoring the 200th anniversary of the founding of the nation.

"The key to making the

Bicentennial in Quincy a great success," said Mayor Walter J. Hannon, "is getting the people of our city involved in the program. That's what we want to accomplish with this conference."

Open to all residents of the

city, the conference will be held at the Carlton House, North Quincy from 1 a.m. to 3:30 p.m. on Feb. 28.

The event is co-sponsored by the Office of the Mayor, the Quincy Bicentennial Committee and the League of Women

Voters.

A special child care facility will be open at the Carlton House for the entire conference so that mothers with young children can participate.

Opening the conference will be City Council President Arthur

H. Tobin. Morning sessions include small discussion groups so that everyone present will have an opportunity to have his or her ideas heard.

At the luncheon, the American Revolutionary Bicentennial Administration of Washington, D.C. will officially designate Quincy as a Bicentennial Community. The presentation will include a Bicentennial flag for the City of Quincy. Representing the Administration will be Mrs. Georgia Ireland, Regional Director. Accepting the designation will be Mayor Walter J. Hannon and Rev. John R. Graham, Bicentennial Committee Chairman.

Members of the City Council and State Representatives from Quincy have been invited to attend the conference and the luncheon.

During the afternoon discussion sessions, the groups will be asked to draw up a list of priority projects for the city so that the Bicentennial can be appropriately commemorated.

Registration for the conference is through the Office of the Mayor. A \$6 registration fee covers the luncheon and materials for the all-day meeting.

Check On Grave

Rep. Joseph E. Brett has asked the Cemetery Board of Managers to review the records of a lot he bought in Mount Wollaston Cemetery Dec. 11, 1973.

Brett, in a letter said: "I would like to have the records of this lot [No. 903-L, Old Section] reviewed to make sure it has been legally conveyed to me and that any previous owners or their heirs have relinquished any rights they may have had in regard to said lot in proper and lawful manner."

Brett also sought assurance "that no bodies have never been previously interred in said lot."

Voters, Not City Council May Decide

Quinn Predicts 10-Story Limit Defeat, Citizens Assn. To Seek Referendum

By PAUL FELDMAN

Councillor John Quinn predicts the City Council will defeat a proposal to limit new buildings to 10-stories or 100 feet, but Quincy Citizens Association President Pasquale DiStefano says he will seek a city-wide referendum on the issue.

The height limit proposal, introduced by the QCA for "safety and environmental reasons", met with unenthusiastic response by city officials at a City Council public hearing Monday night.

The issue brought out a full-house at the hearing with proponents and opponents pretty evenly matched in number. Eighteen persons spoke in favor of the height limit and 19 spoke against it. Thirty-nine recorded themselves in favor and 31 in opposition.

Geoffrey A. Davidson, Quincy Director of Planning, testified the city already has "effective controls" to prevent construction of unsafe and unsound high-rise buildings.

And Councillor Quinn predicted after the meeting that the QCA proposal would be defeated unanimously because "Quincy's planned-unit-develop-

ment program is a sensible safeguard."

But DiStefano, while disagreeing with Quinn that the proposal will not pass in the council said in case it doesn't, "I clearly expect it will carry by a vast majority on a citywide referendum."

DiStefano claims at least three Councillors, Joseph J. LaRaia, Dennis E. Harrington and James A. Sheets are now "in favor of most aspects of our proposal" and that two other Councillors want "further investigation of the proposal." He warns if the Council fails to pass the ordinance, "a referendum would win by a landslide. It would be worse than redistricting for the city."

DiStefano says he will seek membership backing for the referendum at the March 6

LaRaia Expects 'Thorough' Police Probe Of Cemetery

No bones were discovered yesterday.

And the bones found at the dump Feb. 16 by LaRaia and his assistants have been determined to be animal bones by Dr. George Katsas, a state forensic pathologist.

The dump has been used in the past to bury the remains of animals by the Quincy dog officer and the MDC.

Dog officer Frank Berlucchi told The Sun, "You can dig there and find hundreds of animal bones. You can even find skulls with police bullets in them - dog skulls that is."

But meanwhile, LaRaia and cemetery employee Pasquale Colarusso maintain that further digging will uncover human bones.

"I'm sure if they continue to

Sun Poll Indicates:

57% Here Want Nixon Out, 31.4 Think He Should Stay

A majority of adults in the "City of Presidents" believe President Richard M. Nixon should leave office, according to a random telephone poll conducted by the Quincy Sun Sunday.

Some 57.1 per cent of those polled agreed that Nixon should either resign or be impeached and convicted by Congress, 31.4 per cent favored Nixon serving the remainder of his term and 11.4 per cent were undecided.

Some 55 per cent of those who want Nixon to leave would rather see him resign than undergo the impeachment process.

But at the same time, almost all those polled who want Nixon to resign would like to see him impeached if he does not quit.

Some 54.5 per cent agreed the House of Representatives should impeach Nixon, 31.4 per cent were against impeachment and 14.2 per cent had no opinion.

The Quincy Sun poll was taken Sunday, three days after the bipartisan staff of the House Judiciary Committee released an advisory report which flatly rejected the argument that a President is subject to

RICHARD M. NIXON

impeachment only for indictable criminal offenses.

The report, which has been disputed by the Justice Department, asserts instead that "in an impeachment proceeding a President is called to account for abusing powers which only a President possesses."

Perhaps the most humorous comment made by those polled was that of a Nixon supporter who mistated his case by saying, "I think Nixon should be allowed to finish the

remainder of his sentence."

Some other respondents agreed that Nixon should serve a sentence - behind bars. "Nixon should be sent to prison" commented one male Independent voter.

Other comments from impeachment supporters:

- His involvement with personal obsessions has let the country go down the drain. He was elected to serve the people not himself.

- "He hasn't served the people like he should have - especially senior citizens."

- "It's not just whether he's guilty or not guilty of all crimes. The country is not running smoothly so he should be impeached for the country's good."

- "Just get him out and get him out fast. He's killing us."

Nixon supporters were just as vocal. Their comments include:

- "The people are so dead-set against politicians they are using Nixon as a scapegoat."

- "He's the head of our country and it's a terrible shame to make our President a shameful person. What are you going to believe in if the President is under a cloud of suspicion."

Lead Poisoning Tests To Be Held March 5

The Southwest Community Center, 372 Granite St., in conjunction with the Quincy Public Health Department, will sponsor lead poisoning tests

Tuesday, March 5 from 1:15 to 3:30 p.m.

The lead tests are for children from age 6 months to 6 years old. Lead poisoning occurs in children from both rich and poor families and in both sound and deteriorating homes. There are no significant signs of lead poisoning. "Therefore it is imperative that all children in the above age group be tested for the lead level in their blood," Director Jeff Isaacson said.

The test takes less than five minutes and is free of charge. Appointments may be made by calling 471-0796. More information may be obtained by calling the Southwest Community Center, 471-0796.

Lines At Pumps Shorter But-

Stations Doing Their Own Thing As Confusion Reigns

Confusion continues this week in Quincy about how gasoline should be sold - but the lines at pumps seem to be getting a little shorter.

Either added shipments of gas or Gov. Francis Sargent's scrapping of the odd-even system on weekends may have helped reduce the lines at the pumps.

But each service station manager still seems to have his own distinct way of distributing gasoline.

Almost two weeks ago, Federal Energy czar William Simon declared preferential treatment for regular customers illegal.

However, a number of Quincy gas stations continue to give special treatment to regular customers, some admitting so and others doing so secretly.

For example, the manager of Driscoll's Shell Station, 10 Independence Ave., says, "I keep one of our two sets of pumps open only to regular customers."

And while the manager of Bearde's Exxon Station, 447 Southern Artery, insists he tries to follow the federal guidelines, anyone who regularly drives by the station, directly across from the Quincy police headquarters, can occasionally view a solitary car filling up while all entrances to the station are blocked.

The odd-even plan, which was altered slightly by Gov. Sargent on Friday, has been followed by most Quincy stations - to some extent.

For instance, an attendant at the Scot Station at 451 Quincy Ave., told The Sun on Feb. 21 [Thursday], his station was following the Oregon Plan - while another attendant filled an even-number car.

When questioned about the discrepancy, the attendant said, "Well I try to follow the plan, but that guy - he don't care."

John Avitable of Avitable Bros. Repair Service, 191 Quincy Ave., says he follows the plan too. He pumps gas 1½ hours a day and then blocks off the entrance to his station.

"But if anyone gets by the barriers to the pump, I can't chase them away," he said.

The average car owner is having terrible difficulty buying gas - but so is the average gas station owner.

While Mass. gas allocations have been below the national average, the allocations to some Quincy stations have been far below even the Mass. average.

Most major oil distributors' stations have been sold the same amount of gas as in February 1972. But Joe Gaudet of Squantum Mobil Service Station says he received only 26,000 gallons this month, 11,000 less than he sold in February 1972.

Emil Karakostas, co-owner of Sea St. Getty, 346 Sea St., has a different problem. He bought the station in July 1972 and whereas the previous owner had sold 24,000 gallons of gas in Feb. 1972, Karakostas sold about 40,000 gallons in Feb. 1973. Therefore, he is down a staggering 40 per cent from last year.

"It's bad enough," he says, "But repairs are down too and where I'd sell at least 24 quarts of oil a day, today I only sold two."

Meanwhile, gasoline prices vary in Quincy from 47.9 cents a gallon to 69.9 cents a gallon. Some stations will "fill'er-up" while others have \$3 limits or minimum purchases. Some stations open between 7:30 a.m. and 9 a.m. while others are open all afternoon.

How are motorists taking the confusion and scarcity? According to most gas station owners interviewed, the public has been "pretty good" about the shortages.

However, the public has not been perfect. For example, Joe Clauss of Driscoll's Shell Station told The Sun what happened when drivers noticed a gasoline truck emptying new supplies in their underground tank.

"They went wild. A Volkswagen hit the gas truck, another car ran up on the island in front of the station and got stuck. We had to tow his car off."

And Jack Davis of Bill's Texaco, on 500 Adams St., said, "One lady started complaining Saturday about an even-numbered car in line. I just told her she hadn't read her paper that morning."

ODD-EVEN - Is the Oregon Plan working in Quincy? It wouldn't seem so as both an odd and even number car await gasoline. The photo was taken last Thursday, not last Saturday.

● Editorial

As We Were Saying . . .

As we were saying last week:

"Mr. LaRaia has to be credited with dogged persistence. "But it must be remembered that no one is guilty until proven so beyond a reasonable doubt and what looks like damaging evidence in today's newspaper could evaporate in a court of law."

Well, some of the much headlined "evidence" didn't even get to a courtroom before evaporating. Bones unearthed by City Councillor Joseph LaRaia at the Cemetery Department dump off Sea St. and sent to the State Police Laboratory by Quincy police have been tested. Finding: they are animal bones.

This, we think, illustrates the point we were trying to make in our editorial last week entitled: "The Cemetery Probe: Don't Botch It Up."

And that is: improper handling of evidence and amateur investigating could ultimately leave the case fouled up and the full truth never really known.

We also stressed that if there is criminal wrongdoing at the Cemetery Department, than those responsible should be prosecuted - and hopefully, convicted. But those who are innocent, should not be stamped guilty because of hysteria that was then sweeping the city because of this headline "revelation" and that one.

We credited Mr. LaRaia with being the spearhead behind the investigation but said we were bothered by his playing the role of "private eye". We said he is not a professional investigator. And, he is not.

Amateur handling of this case, we feel, can do two harms: [1] It could allow a guilty party to go free because of mishandling of evidence. [2] It could stamp the innocent guilty because of newspaper, radio and television exposure.

And what about those with loved ones buried at Mount Wollaston. How painful it must be for them to see headlines announcing that Mr. LaRaia was bringing a backhoe into the cemetery dump to search for bones.

Or, to tune into the 11 o'clock news on TV that night and be told during an interview at the dump that one of the discovered bones "looked like a jawbone".

Hysteria is then really mounting. And many are ready to believe almost anything and to blame almost anybody.

But then comes last Saturday and it is announced that Dr. George Katsas, state pathologist, reports that laboratory examination shows that the bones found were not human but animal.

Unfortunately, there was no bold headline on that story, though. Just three inches of type under a modest single column head below the fold of the newspaper.

We cannot help but wonder how big or bold a headline and how long a story would have run that day if Katsas had ruled the bones were human.

Don't get us wrong. We are not picking on any other newspaper. Let them do their own thing and we'll do ours. All we are saying is that all the big headlines prior to the bone search might not have been if a professional investigator was putting out the information.

And, we are also trying to say that a lot of other things have been reported, too. They may turn out to be true or they may turn out to be false. But in fairness, they should be thoroughly checked out before anyone goes convicting anyone.

We have had a number of phone calls and other comments regarding last week's editorial.

And, to be honest, we would have to report that the anti-reaction was a little more vociferous than the pro. Including the gentleman who added that we could cancel his subscription, too. Most of the objection seemed to come from us referring to Mr. LaRaia as playing "private eye"

But we still believe this is a matter for the police to investigate. Mr. LaRaia has every right as a city councillor to prod them if he doesn't think they are doing their job.

But it is their job - not his.

We don't know what will be found before the investigation is all over. Human bones, we concede, could be uncovered somewhere yet.

But let's ferret out and keep the evidence properly intact for the day it will have to go into a courtroom. And in fairness, let's not convict anyone without a trial. And let's not condemn the innocent.

As we said last week and repeat here: what appears to be damaging evidence in today's newspaper could evaporate in a court of law.

Discovery of animal bones certainly leaves a big question mark hanging over everything.

57% Polled Want Nixon Out

[Cont'd from Page 1]

● "I think Congress ought to clean up its own house before other people."

● "In this city alone we have corrupt politicians but somewhere we must draw a line. It's simplest to yell impeachment but Nixon has done more in foreign relations than the small matter of Watergate."

One Independent woman had no opinion on impeachment but favored Nixon's resignation.

"It's such a mess", she said, "I don't think anybody really knows one way or the other."

Quincy residents, as well as their Congressmen, of course do not know at this point in time whether the President has committed any indictable criminal offenses.

However, many have opinions on whether or not the President has abused his powers - the prime condition for impeachment according to the Judiciary staff report.

So The Sun undertook the poll of Quincy residents to determine their feelings on impeachment.

Thirty-five voting-age residents chosen by random sampling techniques, were questioned by telephone. Twenty-nine were registered voters - 18 identified themselves as Independents, 12 as Democrats and five as Republicans. Eighteen were male and 17 were female. Twenty-eight were registered voters.

Some 54.5 per cent agreed with the House staff that a President can be impeached without having committed an actual crime, 31 per cent disagreed and 14.2 per cent were not sure.

The poll split predictably along party lines. Seventy-five per cent of those calling themselves - Democrats favored impeachment while only one of five Republicans favored Congressional action. Fifty per cent of those labeling themselves Independent called for impeachment while 27 per cent were against and 22 per cent had no opinion.

One Democratic woman said: "Just get him out - and get him out fast". And most other democrats apparently agree.

● Historic Moments

GERMAN DECREE

On Feb. 28, 1933, the government of Adolf Hitler issued a decree suppressing civil liberties in Germany.

BOSTON ASSEMBLY

On Feb. 26, 1772, the Boston Assembly threatened to secede from Britain.

SIT-DOWN STRIKES

The Supreme Court outlawed "sit-down" strikes on Feb. 27, 1939.

RR CHARTER

On Feb. 28, 1827, a charter was granted by Maryland to the Baltimore & Ohio Railroad Co., the first in America.

POW PROMISE

On Feb. 28, 1973, the White House announced it had assurances that all prisoners would be released from Vietnam in 60 days.

Questions, Percentage Responses On Nixon Poll

1 - Are you of voting age? 100% Yes 0% No.

2 - Are you a registered voter? 80% Yes 20% No.

3 - Would you call yourself a Democrat, Republican or Independent? 51% Independent, 34% Democrat, 15% Republican.

4 - Which of the following statements would you agree with?

a - The House of Representatives should not impeach President Nixon. 31.4%.

b - The House of Representatives should impeach President Nixon. 54.2%.

c - No opinion. 14.2%.

5 - Which of the following do you think would be the best course of events?

a - President Nixon should serve out the remainder of his term. 31.4%.

b - President Nixon should resign. 31.4%.

c - President Nixon should be impeached and convicted by Congress. 25.7%.

d - None of the above. 11.4%.

6 - Do you believe a President can be impeached without having committed an actual crime? 54.2% Yes. 31.4% No. 14.2% Not sure.

Some 66.6 per cent felt no crime need be committed for impeachment, 42 per cent favored resignation and an equal amount favored impeachment and conviction.

Independent voters were more evenly split on whether a crime must be committed for the President to be impeached - 55 per cent agreeing. And while 50 percent were for impeachment, 27 per cent were against and 22 per cent had no opinion.

Among the interesting aspects of the poll was the number of people who refused to participate. Citing reasons of privacy, almost 30 per cent of those on the original sample list refused to comment on any questions.

Another interesting aspect was the high number of people polled who consider themselves Independents. While 13,063 out of a total of 49,197 registered voters in 1973 were Independents, over 50 per cent of those polled consider themselves Independent now.

Since this fact could mean there was an error in the random sample, The Sun cross-checked voter registration records at City Hall - and determined at least one-third of these Independents were registered members of either of the two parties a year ago.

This perhaps signals a new wariness about the party system, or in the words of one man polled, "People are dead-set against all politicians."

While Quincy is made up of almost 90,000 people, 49,197 of them registered voters, a random poll of 35 people can be considered sufficient for a roughly accurate sample.

For example, a telephone poll taken for the Boston Globe last week, used a base of 500 New Hampshire residents to predict state-wide feelings on the race for Governor.

And the Nielson Co., whose ratings mean life and death for network television shows, uses a cross-section of less than 2,000 families nationwide to come to its weekly conclusions.

To conduct the survey of Quincy adults, a random sampling process was used.

Numbers coinciding with the pages of the South Shore telephone directory were chosen at random. A number from one to four was placed beside each of these numbers to correspond with the four columns of each directory page. Then a random Quincy telephone number from each page and column was selected.

Ruth Gordon Joins Quincy Historical Society

By HENRY BOSWORTH

She's been to Broadway, Hollywood and a lot of places in between, but Ruth Gordon's heart apparently remains in Quincy.

The Academy award winner has just joined the Quincy Historical Society, through her good friend, Mrs. Kay LeBeau of Presidents Lane.

Miss Gordon joined because she was so impressed by the Historical Society's new newsletter.

Miss Gordon is working on her autobiography and Mrs. LeBeau has been helping her in local research. Miss Gordon visits her old Wollaston neighborhood from time to time to refresh fond memories.

FRANK BELLOTTI seems to be closer and closer to officially announcing his candidacy for Attorney General. Confides a member of the family: "It's common knowledge in the family that he is a candidate."

IT WASN'T a testimonial, insists campaign aide Ron Kaufman, but they raised some \$1,500 for City Councillor James Sheets Saturday with a spaghetti and meat balls party at the Sons of Italy Social Center. The money went to pay Sheets' legal expense in beating down the challenge to his right to sit on the Council. Sheets served the spaghetti, Kaufman poured the sauce and Mrs. Sheets dispensed the meat balls, cafeteria style.

THAT DRAMATIC photo on the cover of the Quincy Kiwanis Club Youth Hockey Tournament book was snapped by Ed Cotter of Merrymount. It shows Brian Watts of the Quincy Bantam A's scoring against Revere in an early season game. One of the best hockey action shots we've seen.

YOU MIGHT BE interested in knowing that the little boy in those Dunkin Munchkins posters is Peter Flynn, eight-year-old son of Mr. and Mrs. Paul Flynn of 57 Narragansett Rd., Merrymount.

And, Peter isn't the only photographic member of the family. Four other of the Flynn's eight children are modeling for advertisements and TV commercials. The youngsters are: David, 13, Theresa, 12, Kathy, 10, and Kevin, 5.

The latter started in when he was only four. Mrs. Flynn's brother, Tony Mich, associated with the Eric Ross agency was showing around a photo of Kevin. And the next thing anyone knew, there was Kevin in a full-page ad in Sports Illustrated. A nude [but not ala Bert Reynolds] for a sneaker company.

Kevin has also been seen on a J. Homestock Furniture TV commercial. And brother, David, right now is hawking a Boston newspaper on TV.

The two girls have modeled for Zayre and Bradlee ads.

"All the money they earn is being put away for their future education," says Mrs. Flynn. "Meanwhile, they're having a good time."

THE WOMEN'S REPUBLICAN Club of Quincy has presented to the Thomas Crane Public Library two autographed copies of a book by Mrs. Jessie F. Sargent, the governor's wife.

The book is called, appropriately, "The Governor's Wife".

IF YOU'RE TRYING to stock up on gasoline, better watch it. The U.S. Environmental Protection Agency warns that improper storage and misuse of gasoline can lead to serious health consequences and household hazards. And notes that last year, more than 14,000 persons required hospital treatment as a result of gasoline associated injuries-half of them due to fires and explosions relating to improper use of gasoline. [You might be better off waiting in long lines].

SMILE DEPT: Jack Silverstein, the North Quincy druggist and man about town, tells about the wife who called her husband to report she had water in the car's carburetor. When he asked where the car was, she replied: "In the lake".

Voters May Decide Height

[Cont'd from Page 1]

meeting of the QCA.

Areas that would be affected by the proposed ordinance would include zoning business C, planned-unit-development sections and residence D.

In simpler terms, business C zones are the Downtown and Wollaston shopping areas and the State Street South complex.

Planned-unit-development areas include the old dump on Quarry St., the old Squantum Air Field site, a tract of land near St. Moritz Ave., the site of the 1000 Southern Artery Senior Citizens complex, and small areas off Faxon Park, Palmer St., Upland Rd., Center St., and Quincy Shore Drive between North St. and Carlisle St.

The only residence D zone is the land occupied by the Eastern Mass. Bus Terminal.

An overflow crowd of QCA members, business and labor leaders and senior citizens filled the Council chamber for the hearing.

QCA President Pasquale DiStefano warned that present City fire fighting equipment is "woefully insufficient to cope with fires in buildings over ten stories."

He said Quincy's water pressure has "fallen to

dangerously low levels," and that "rubbish, garbage and DPW services are already taxed to the limit."

He also said, "The QCA is anxious to preserve, at all costs, the present character of our city."

He concluded that if the ordinance was approved, occasional variances could be granted to "some desirable future projects such as senior citizens housing."

Dr. Donald McLeod, a QCA member, said, "It always seems to be like on Mt. Sinai when Moses got the 10 commandments that one of them reads - Thou shalt build apartments to broaden the tax base. But it is not so."

He argued "In the years of Quincy's progress, the tax rate has skyrocketed."

Those endorsing the proposal included Rep. Joseph Brett, the South-West Community Council and the Montclair Men's Club.

Opposing the proposed ordinance were members of the Quincy Housing Authority, the Quincy Planning Dept., senior citizens groups, the AFL-CIO, the Norfolk Labor Council and the Quincy Center Business & Professional Association.

City Planning Director Davidson said, "It is a false impression that we'll become downtown Manhattan overnight."

He argued that only about nine percent of Quincy does not now have height limits and that the planned-unit-development program under which developers need permission from the Planning Department and the City Council for construction is "an effective control".

Rev. Bedros Baharian, Planning Board Chairman said "Quincy has the most stringent fire regulations around."

He pointed out that Quincy is the first city in Eastern Massachusetts to put fire detection units in all apartments wired directly to the Fire Department.

He also said current city ordinances including open space and parking requirements provide strong controls.

John Murray, executive director of the QCBPA said, "How can we expect Quincy to grow if we tell developers they can build but must make their buildings 10 stories or less? Let the City Council and Planning Board decide on each case."

The proposed ordinance will be discussed and voted on by the Council at a future meeting.

QCA Opposes Wearing 2 Political Hats

The Quincy Citizens Association has come out four-square behind a bill before the State Legislature that would forbid any person from holding state and municipal office at the same time.

Said Dorothy C. Kelly, secretary of the QCA, in a letter to Sen. Anna Buckley and Rep. George Keverian, co-chairman of the Joint Committee on Election Laws:

"We are of the opinion that being in the Legislature is practically a full-time job, and by trying to be in three places at

the same time the legislator is doing an injustice to herself or himself as well as the people they represent."

"It is physically impossible," the letter said, "for a woman or a man to be sufficiently conversant with all bills before the Legislature in order to vote

intelligently," while trying to run a private business and help manage a city or town at the same time.

Right now, two Quincy city councillors, Arthur H. Tobin and Clifford H. Marshall Jr., also hold seats in the state Senate and House respectively.

Dr. Creedon To Speak At Taxpayers Meeting

School Supt. Dr. Lawrence P. Creedon, will be the featured speaker tonight [Thursday] at 6:30 p.m. at a dinner meeting of the board of directors of the Quincy Taxpayers Association at Dutton's Restaurant.

His subject will be: "Updating Budget Expenditures and Needs".

Association President Peter F. O'Donnell will preside at the business meeting.

Letter Box

North Quincy Boosters Need Help From Parents

Editor, Quincy Sun:

I am writing this letter as an appeal to the parents of boys or girls who participate in sports at North Quincy High School. The North Quincy Boosters' Club needs parents who will carry on the club. The activities of the Boosters' Club are:

- 1 - Sponsor dances at the school including the Queens dance in November.
- 2 - Operate the concession stands at the Stadium during home games.
- Monies derived from these two functions are used for:
 - 1 - Tiara, trophies and flowers for the Queen and her court. Refreshments at the dance.
 - 2 - Coffee for Football Films on Friday nights during Football season.
 - 3 - Oranges for all sports participants at the request of the coaches.
 - 4 - Flowers for all cheerleaders at Thanksgiving day game.
 - 5 - Jack Donohue award for the outstanding football player in the Thanksgiving day game and partial payment for Captains Luncheon for all football players.
 - 6 - All Sports banquet in May for all seniors who have participated in sports while at North.
 - 7 - Four two hundred dollar scholarships and Four large trophies and the Cap Bryon Memorial Trophy. All recipients

are selected at a meeting of all coaches and Mr. Chrisom. Many girls were so honored last year.

8 - Every senior boy and girl is presented a plaque with his or her name and record of sports participated in printed on it.

9 - Provide Booster buses for all away Football and Basketball games, including providing chaperones.

I believe in the concept of the Boosters' Club along with about 12 other active parents. Most of these people have taken their turn as an officer and some do not even have students attending North at the present time. Twelve people cannot continue

the huge task alone.

With a student body of about 2,100 students, there must be more parents who are interested in the continuation of the Boosters' Club at North Quincy High School.

Any parent who is interested, any coach, teacher or Alumnus, who is interested is asked to attend a meeting at the high school, March 5 in Room 117, 7:30 p.m.

I sincerely hope that the parents will not let the Booster Club dissolve because of lack of interest.

Daniel Coughlin, President, North Quincy Boosters' Club

Thayer Parents Club To Present 'Les Follies de Milo'

The Thayer Academy Parents Club will herald the coming of Spring by sponsoring the "Les Follies de Milo" fashion show March 6.

General chairwomen are, Mrs. Frank A. Folino Sr. of Chestnut Hill and Mrs. Vincent F. Jackman of Quincy. The show will feature Milo, Boston's newest couturier, with hair stylist Dennis of the Continental and make-up by Robin Feller of Sebucum, all from Newbury St. in Boston.

Beginning at noon, a "Champagne Luncheon" will be catered by Hattie Jones of

Duxbury, a Thayer Academy parent.

Immediately following will be a musical preview of "My Fair Lady", this Spring's musicale by the TA Glee Club and Drama Club under the direction of George M. Butler Jr.

Reservations should be made early to assure good seating. Tickets may be obtained from the chairwomen, Mrs. Frederick Connolly, 101 North Franklin St., and Mrs. Charles George, 121 Plymouth St., both of Holbrook or by calling the school.

Quincy Residents On St. Patrick Sons Committee

Michael O'Leary, Ireland's minister for labor, will be the special guest of honor at the third annual dinner dance of the Friendly Sons of St. Patrick of Boston March 16 at The Lantana, in Randolph.

John Hurley and Edward Swirbalus, both of Quincy, are members of the dance committee.

Entertainment for the evenings will be flown from

Ireland, including Michael O'Dea, who has been billed as "the greatest Irish Tenor since John McCormack", and his accompanist, Albert Healy.

Tell mate he has a choice

By PAT and MARILYN DAVIS
Copley News Service

Dear Pat and Marilyn:

I have been married exactly six weeks and am presented with a problem which I do not know how to handle and one which I'll bet you have never heard.

Joe and I were married in Las Vegas and did not have a wedding. However, we decided to send announcements to our friends. I asked my mother to have some printed, which she did. Now comes the shocker. My new husband has told his mother not to send out the announcements and he has also asked his family not to give us wedding presents and they haven't. The reason he gave was that he wanted to wait and see if the marriage was going to work before they spent any money. I have known this guy for two years so this is not exactly a sudden decision. What do you think of such a situation?

Noreen

Dear Noreen:

Tell Joe that he can announce the marriage or the divorce — whichever he prefers. After all, you are not on probation. This guy sounds like bad news to me.

Dear Pat and Marilyn:

My wife had an operation three years ago and the whole world has heard about it ever since. She always finds some way to bring this operation into the conversation. She goes into every detail, beginning with her arrival at the hospital to her departure. You would think she was the only person in the country who ever had an appendectomy. How can I stop her when she asks, "Can I tell you about my operation?"

Sy

Dear Sy:

The next time your wife asks if she can tell about her operation pipe up with a loud "No." But keep in mind that it is all but impossible to stop a person who is determined to talk about his or her operation.

Dear Pat and Marilyn:

I have one aunt and like her very much. She is really the greatest. She does volunteer work for every organization in town. Now, if you have ever had anything to do with volunteer work, you know that this includes a constant sale of everything from cookies to chances on television sets and cars. My aunt rings every door bell in the block soliciting funds for each and every foundation. I really don't mind the fund-collecting because it is for a good cause but I do find it embarrassing when she is constantly peddling cookies and chances.

Her children are all grown and I think she does this to keep occupied. However, she seems to have radar and every time I have guests she arrives to sell something. For example, I had a dinner party last week and along came Auntie selling tickets on a car. Everyone bought one and I felt this was an imposition. What can I do? By the way, my aunt lives just across the street.

Mrs. D. D.

Dear Mrs. D.D.:

Tell your aunt that you will buy tickets from time to time but not to peddle her wares to your guests as this is embarrassing. That should settle the matter.

BE CRAFTY

Scarf and belt brighten wardrobe

By ALICE MORRELL
Copley News Service

The stores have had their after-Christmas sales and are well stocked with spring clothes that look so fresh and new. Unfortunately, so do the price tags.

I decided I'd better have another look at last year's wardrobe because with a few new touches I can still look new and fresh. In this time of recycling, the best place to start is at home.

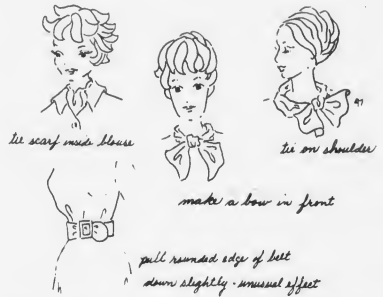

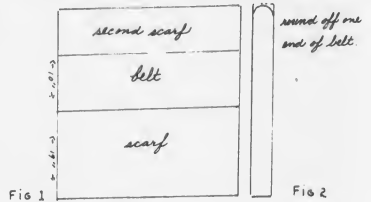

From one yard of 36- to 42-inch material I can make a pretty scarf and an attractive belt to give my last year's dress a new lease on life, and ease the strain on my wallet at the same time.

The material you choose should be soft, light weight, such as rayon, silk fine cotton or anything that will drape softly.

If you are going to use these accessories on a solid color dress choose a gay print. Or if you wish to change a print dress, pick a solid color from a predominant color in your frock.

Besides one yard of material, you should purchase one eighth yard of medium weight nonwoven interfacing, thread, and a 2½-inch buckle without a prong.

Lay the material open and flat on your cutting surface. For the scarf measure 19 inches from the selvage edge on one side (Fig. 1). Cut straight on measured line. For the belt measure your waist and add seven inches for the total length of the belt. Measure 10 inches for the width. Cut a straight piece 10 inches wide and as long as

your waist measurement plus seven inches (Fig. 1).

To sew the scarf, fold lengthwise wrong side out, allow ½ inch for the seams. Sew along the two sides and one end. Turn to right side, turn open end under ½ inch and blind sew by hand.

For the belt, cut interfacing the same width and length as you cut the belt material. Turn belt fabric wrong side out, lay interfacing flat, and baste all around. Now, using a saucer as a guide, cut one end round (Fig. 2). Sew ½ inch seam, trim edges and turn. Turn under ½ inch on open

end. Slip this end through buckle and sew to belt, catching the closing at the same time.

The interfacing will give enough body to the belt, so that it will hold without a prong.

The bit of material that I have left over, I make into a narrow pointed scarf, just the thing to wear under the collars of white blouses.

Several of these make a lovely gift for a friend or to use as bridge prizes.

Be sure to check remnant counter for good bargains. Experiment and have fun.

For The Week Of
March 3 To 9

By GINA
Copley News Service

ARIES: (March 21 to April 19 — Also Aries Ascendant) — Play it cool and wait to see what may be developing before making any decisions or moves. Express gratitude to friends who are helpful to you. Drive heads up, alert and never when angry. Curb temper.

TAURUS: (April 20 to May 20 — Also Taurus Ascendant) — Get off by yourself to recoup emotional energies. Social activities and joy through children are indicated later in the week. Good time to clean out closets, garage and basement and discard things no longer of value.

GEMINI: (May 21 to June 20 — Also Gemini Ascendant) — Lots of activity indicated and some confusion in the area of your work. Changes appear probable. Be especially cooperative — curb impulsiveness. Domestic problems could best be handled by a round table discussion.

CANCER: (June 21 to July 22 — Also Cancer Ascendant) — An extremely favorable time to pull out all stops and go. Be charming, exert your magnetism, and contact those in authority and friends who can help you. Previously delayed affairs now are pushed forward.

LEO: (July 23 to August 22 — Also Leo Ascendant) — Make contacts important to you and your plans. Give appreciation to those who have supported you. Go out of your way for others now in order to benefit later. Use your charm to push through a pet project.

VIRGO: (August 23 to Sept. 22 — Also Virgo Ascendant) — Career matters prosper and appreciation is shown to you. Good time for clothes buying and general personal sprucing up. Some sort of dream fulfillment on the emotional level may come to you now.

LIBRA: (Sept. 23 to Oct. 22 — Also Libra Ascendant) — Good time to sell assets if this is part of your financial picture now. A pet project could start to get off the ground now with someone who may finance it. Friends appear very important to your plans in favorable way.

SCORPIO: (October 23 to Nov. 21 — Also Scorpio Ascendant) — Take the objective, long-range point of view about situations now. Avoid stubborn, prejudiced attitudes. Good time to study some new hobby or take a refresher course in present skill area.

SAGITTARIUS: (Nov. 22 to Dec. 21 — Also Sagittarius Ascendant) — Take your time deciding which direction you want to take emotionally. Try to keep emotions in balance.

Be slow to make commitments. Treat yourself to new jewelry, apparel — or buy a gift for someone.

CAPRICORN: (Dec. 22 to Jan. 19. — Also Capricorn Ascendant) — Be sympathetic and understanding to mate or partner who is encountering difficulties. Enjoy your more optimistic frame of mind. Solutions can now be found to old problems. Rely on intuition.

AQUARIUS: (Jan. 20 to Feb. 18 — Also Aquarius Ascendant) — Help others now and they will help you later. Launch new plans and projects. Joint finances, mortgages, loans, all favored now, before the 8th. Avoid trigger fast, vengeful, angry reactions now.

PISCES: (Feb. 19 to March 20 — Also Pisces Ascendant) — Possibility of a favorable, secret agreement which cannot yet be announced. Guard diet with thought to avoid weight gain all this year. You can now find solutions to old problems. Career affairs prosper.

You can improve your personal relationships through the study of astrology. A Home Study Course for Beginners is available. For information, write: Your Horoscope Guide, Copley News Service, in care of this newspaper.

YOUR HANDWRITING TELLS She's allergic to her boss

By DOROTHY
ST. JOHN JACKSON
Certified Master
Graphoanalyst

Copley News Service

Dear Dorothy:

What shall I do? I'm doing my kind of work, but I'm allergic to my boss. He makes me so nervous and uneasy that I have to take tranquilizers to start the day. I'm looking for another job, but it seems like, at my age, you can't get one anymore without knowing the right people.

C.D.

Dear C.D.:

First of all, you have to recognize that your boss is human. He has a dual set of responses; his position requires it.

Most of the time, as you see him, he is a bundle of unsolved problems which concern the progress of his organization. At other times, he tries to relax and responds as a private individual.

Your small writing keeps you centering in on only ONE side of his personality, the serious one. You interpret his requests as demands. You take an unintentional slight or disapproval of your work (real or imagined), as a personal affront, seen in the t loop.

Then, you give the poor man another problem to solve. Di-

recting all your efforts inwardly, seen in the t crossed from right to left, you often blame yourself for things that happen which were really not your fault in the first place. Combined with your small writing, you are trying so hard to project your emotional self into your job that you are going down a one-way street, in the wrong direction.

If this is your kind of work, it seems wise to stay with it, turn yourself around, and point yourself in the right direction by recognizing how much you can contribute to the creative ideas of your boss.

Your rhythmical writing, flat top r's, showing skillful handwriting, and the large lower loops, showing your ability to bring into being fresh new ideas, are all assets to the boss you want to leave.

And if you keep shifting from one job to another, you'll end up with a checkered career, bewildered and befuddled.

D.J.

Selected letters will be answered in this column. A free handwriting chart of some common basic personality traits may be obtained by writing to Dorothy St. John Jackson, Copley News Service, in care of this newspaper. Enclose long, self-addressed, stamped envelope.

FALLING THROUGH THE ICE

What should you do if someone falls through the ice while skating on a frozen pond? Perhaps it's more important to tell you "hat you shouldn't do first. Don't try to pull him out with your hands. You may break through the already weakened ice also. Then it's double trouble.

Get a pole or ladder or long board or similar object and crawl on the ice until you are close to the victim. Lie prone and inch forward. This distributes your weight over a larger section. Extend the pole or board so that the victim can grab it. Pull him slowly forward, breaking the ice if necessary, until he reaches a firm spot. Help him out when you can do so without breaking through the ice.

To prevent frostbite, keep the victim warm with heavy blankets. Bring him inside as soon as possible and give him a warm drink.

Always be wary of frozen ponds, lakes or rivers and never skate alone if possible.

Bethany Women's Union To Hear Amity Aides

Two foreign Amity Aides now assisting with teaching and studying in the Quincy public schools will be the speakers at the March 6, 1:15 p.m. meeting of the Bethany Women's Union.

They are Ruth Nohl from Switzerland and Pierre-Alain DeChalus from France.

Quincy is participating in the Amity Aide Program for the fourth consecutive year. Ellis Swartz, co-ordinator of Foreign Languages for the Quincy Schools, and in charge of the Amity Aide Program said he strongly believes that "the only hope for the people of the world is for us to get to understand and respect each others way of life. You may find ways of life

... that are different, with which you don't agree. But keep in mind that we all have the same needs and all want the same things."

Swartz believes, Quincy is the only school system in this part of the country participating in the Amity Aide Program.

Amity Institute is headquartered in Del Mar, California, and is better known and more popular in communities in the western states. The organization is a 10-year-old private non-profit venture which functions in colleges as well as public schools and is designed to promote international friendship and understanding.

The first day of High School in January?

Now that midyears are over with, sophomores having had their first taste of them, seniors rushing through their last, and juniors just getting the knack of them; there seems to exist a more amiable atmosphere in the halls of Quincy High School.

After the midyear exams, the last minute hassle is ended and students are finding themselves with new second semester schedules.

Teachers and students are experiencing the awkwardness of

meeting for the first time again in January.

The confusion of September surrounds the attitudes of many. Teachers must learn all the new pupils names, while students must learn the teachers hostile habits and breaking points.

When asked how they were adjusting to the new changes; one student remarked, "Well, I really think there's a mass confusion within the school. After some students have become accustomed to old teachers and classmates, it's pretty hard to adapt to a new routine."

40 Cast Members In Rehearsal For 'Mame'

Quincy High School's "Page and Stage Drama Club and Orchestra" has begun rehearsal for the musical "Mame" which is taken from Lawrence and Lee's play "Auntie Mame".

A cast of 40 members include students and faculty from

Quincy High and Voc-Tech. School.

Under the direction of Mrs. Bernice Bennett and Mrs. Kathy Bishop, plans have been made to present the show during the last week of March at the Broad Meadows Junior High School Auditorium.

The Air Force Junior ROTC Squadron at Quincy High School has changed its command structure for the second semester of academic year 1973-1974.

Cadet Lt. Col. Scott Dunn of 80 Main St., Quincy Point, has been appointed the new Squadron Commander, replacing Cadet Lt. Col. Louis Battista of Hingham. Cadet Battista will assume the position of senior advisor to the new Commander.

Other members of the new staff are:

William Ferguson, Deputy Commander; Gerald Durante, First Sergeant; Michael Lee, Guidon Bearer; Jon Swanson, Operations Officer; Thomas McNamara, Personnel Officer; James Bertone, Finance Officer; Denise DuBois, Administration Officer; Robert Piazza, Information Officer; Paul Miller, Material Officer; Michael Durante, "A" Flight Commander; Gene Bragdon, "B" Flight Commander.

The cadet command and staff are changed at the beginning of each semester. Participation on the staff helps the cadets in learning to accept responsibility and in working with other cadets in a group effort. The squadron is largely operated by the cadets and the cadet commander and his staff plan, organize and direct the co-curricular activities, such as field trips, awards banquet and squadron picnic.

Douglas King Selected For U.S. Collegiate Wind Band

Douglas King of Charlemount Ave., has been selected by Paul Lavallo to participate in the United States Collegiate Wind Band.

Lavallo, former director of the Cities Service Band of America and presently director of the McDonald's All-American High School Band selected King for

the band based on his selection to represent Quincy High School in the McDonald's Band. The United States Collegiate Wind Band will tour many of the world's capitals this summer as goodwill ambassadors of the United States. Included in the concert tour will be visits to England, France, Denmark, Holland, Switzerland, Austria

and Russia.

Douglas is co-drum major of the "Marching Presidents" Band, plays first Clarinet in the concert band, and baritone sax in the Quincy High School stage band. He also plays flute, alto sax, and in his spare time was a starting defensive end for the Quincy High School Varsity Football Squad.

Student Council Opens Office

The Student Council just recently opened their office in the old projection room on the second floor of Quincy High

School. The purpose of the office is to centralize all student activities and provide a place for students to receive information.

Career Education Emphasis At Quincy Junior College

With the greater interest on the part of young and old, career education has developed significantly at Quincy Junior College.

Enrollment increases have been noted in the secretarial studies which offers concentrations in executive, legal, and medical areas, business administration with its concentrations in accounting, management, marketing, real estate-insurance, and retailing, and in computer science. All programs are designed for transfer or terminal study.

Through Credit by Examination and Credit for Experience, students can earn their degrees in less than the traditional 60 semester hours or two years of study. Credit has been given without charge for skills acquired elsewhere including on the job, particularly in early childhood education and secretarial studies.

The Day Division accepts full-time or part-time students in degree status in June, September, or January. The degrees Associate in Arts and Associate in Science are also available through studies in the Evening College. Further information concerning full-time programs is available from Dean Hugo Saluti who is available for individual counseling. With the emphasis on quality and individualization, the success of the College is measured by the more than 99 per cent of

graduates who transfer to four-year colleges or enter immediate employment.

Debbie Calabro Enrolled At Berklee

The Berklee College of Music has accepted Debbie Calabro, 16, of Wampatuck Rd, Merrymount, as a flute student in its Division of Private Study.

Martin Smith On Clarkson Dean's List

Martin S. Smith, son of Mr. and Mrs. Raymond M. Smith, 21 Farrell St., Quincy has been named to the Dean's List at Clarkson College of Technology,

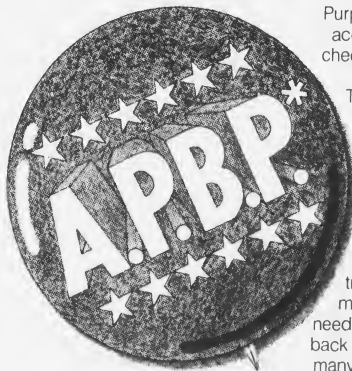

Potsdam, N.Y.

A junior majoring in Industrial Management, Smith is one of 13 students from Massachusetts named for the

honor.

A student must earn a 3.25 grade average [B plus] on a 4.0 scale to be named to the List.

MONEY TALKS

A Clumsy Word For A Clumsy Operation

By Philip J. Lawrence
President
COLONIAL FEDERAL SAVINGS
And Loan Association
of Quincy and Holbrook
8-6 Weekdays 9-7:30 Thursday

With over 260,000 words in a standard unabridged English language dictionary, you would think someone could come up with a more fitting word for managing-your-own-money-investment than "disintermediation".

The ten-volume Oxford English Dictionary, the ultimate in lexicography, doesn't even list the word.

Yet this is our cumbersome way of describing the many and various attempts of people to keep a step ahead of inflation by managing their own investments.

Many have chosen to get into the stock market as the best hedge against inflation. Now they are learning that stocks behave badly in the inflationary situation we are in. The roller-coaster ride they have experienced in recent months prompts some of them to agree with M.I.T.'s Nobel prize winning economist, Paul A. Samuelson, that "It is even more true today than it was yesterday that most people should not quarterback their own investments."

Some are moving into land because the price of real estate in most parts of the country keeps going up faster than the overall cost of living. But they too are learning that it is not a simple matter to pick up raw land that promises to be in the path of urban spread. They are listening to experts who say there are very few bargains in raw land today. They are finding that real estate does not provide the liquidity they cherish. And that despite increasing prices,

there is no "sure thing" about dealing in real estate.

Many have opted to put their savings into tangibles like paintings, sculpture, antiques, coins, stamps, and jewelry. We heard an art dealer claim in a radio interview that an art portfolio should show an annual growth of 25 per cent in worth. Yet we know a prominent attorney who went the route of putting all his resources into great masterpieces. A severe heart attack deprived him of income and today he is art-rich and money-poor. He cannot find a market for his paintings and sculptures at anywhere near what he paid for them. He claims the dealers are waiting for him to die so that his widow will have to dispose of them in distress circumstances.

So what else is there? Persian rugs, old cars, important documents, stamps; wines? A fellow we know was attracted by the opportunity to make a bundle by investing in Scotch whisky. A glutted market has him torn between selling at a severe loss or continuing to pay out for storage and insurance in the hope of eventually getting his money back.

For the average person whose savings have been accumulated through hard work and personal sacrifice, a speculative approach is ill-advised. Better to take a sure, though modest, profit with the knowledge that the principal will never be lost.

Disintermediation is indeed a clumsy word. Maybe it's appropriate since it describes what for most people is a clumsy operation.

48-Minute Periods At High Schools

On Monday, March 4, bell schedules at North Quincy High School, Quincy High School, and Quincy Vocational-Technical School will be changed slightly.

The new bell schedule, which will be in effect for the rest of this school year, permits the three schools to operate on 48-minute periods instead of the present 49 minute periods. The school day of 8 a.m. to 2:30 p.m. and the number of periods in the school day will remain unchanged.

Plans for student scheduling for September 1974 call for the school day to be divided into 23 time blocks, or modules, of 16 minutes each, plus homeroom periods. Thus three of the modules, or mods, will equal a 48 minute period. The resulting flexibility will permit course offerings to be structured according to the learning activities of the course, in the same way as double periods have helped students in science and other laboratories in the past. This will permit scheduling of classes to better meet the learning needs of each student. The 8 a.m. to 2:30 p.m. school day will not be changed by this.

In preparation for the fall schedule, September 1974, adjustment of the bells is a preliminary step to allow students and faculty to acclimate themselves to thinking in terms of 16 minute mods and multiples of these instead of the more cumbersome 49 or 48 minute period.

COMMISSIONED -- Second Lt. Diane E. Dawkins [center] of Wollaston is sworn in as an officer in the U.S. Air Force Nurse Corps. A 1973 graduate of Melrose-Wakefield Hospital School of Nursing, she will be assigned to Fairchild Air Force Base, Spokane, Wash., upon reporting for active duty in March. Shown in photo with her are Capt. Ann Fisher, Nurse Coordinator and Sgt. Earle Timmins, Nurse Recruiter. Lt. Dawkins is the daughter of Mr. and Mrs. Monte L. Dawkins of 42 Buckingham Rd.

Rev. Michael McCann Resigns At St. Chrysostom's

Rev. Michael W. McCann of St. Chrysostom's Church, 1 Linden St., Wollaston, has resigned his post as curate to become Rector of Trinity Church, Hampton, N.H.

He will remain in Wollaston through March 10, take a

three-week vacation, and begin his new duties April 1.

A reception for Rev. and Mrs. McCann and son Christopher, will be held after the 10 a.m. service March 10.

Rev. McCann has served at St. Chrysostom's for three years.

Dr. Paul Cotter Elected To St. Margaret's Executive Staff

Dr. Paul Cotter of 14 Brewster Ave., Braintree Highland, a Quincy City Hospital staff member has been

elected to the medical staff executive committee of St. Margaret's Hospital in Dorchester.

Dr. Cotter is a graduate of Holy Cross College and New York Medical College.

In addition to St. Margaret's and Quincy City Hospital, he is a staff member at Carney and Milton Hospitals, and maintains a private practice at 85 Clay St., Wollaston.

Wrentham School Launches Foster Home Program

The Wrentham State School, residential facility for the mentally retarded of the South Shore, is launching a foster home recruitment program.

Aim of the program is to offer an institutionalized retarded citizen the opportunity to acquire more socialization skills and to live within a community.

The citizens, ages seven to adulthood, have varying degrees of developmental disabilities and officials at the school feel that their needs could be better met in a foster home. In addition to established community services, Wrentham State School will continue professional services to aid foster families.

For information on adopting a foster child contact Mrs. May McLean or Mrs. Doris Marshall at the South Shore Association for Retarded Citizens, 1201 Commercial St., Weymouth at 331-1255.

'Sun Carrier Of Month'

John Lyons Builds Route, Stars At Hockey, Too

By STEVE FARRARA

John Lyons, 11, of 20 Pratt Rd, Squantum is Quincy Sun "Newscarrier of the Month" for February.

John is one of our newest newsboys.

He built up his route four weeks ago when he came to the Sun office in answer to our advertisements for newsboys. We gave him samples of the Sun which he gave out in his neighborhood. He got 17 customers in his first week, and now has 21. And he plans to build his route even more.

"I just went around my neighborhood and everyone took the paper," says John. "None of my customers are any further than three streets away."

A fifth-grader at the Squantum School, John is a left-winger for the Nardone hockey team of the Squirt House League, Quincy Youth Hockey Association. The Nardone team is in first place in the league and John is the third leading scorer with 21 points.

Says John, "I like the Youth Hockey pages in the Sun. I think they're great!"

"I'd like to play professional hockey when I'm old enough. It doesn't matter what team, but in the NHL."

Pretty high ambitions for an 11 year old boy. But John has shown us just how ambitious he is by building his Quincy Sun paper route.

Insubordination Charged

QCAO Board Meets To Seek New Director

The Board of Directors of the Quincy Community Action Organization will meet tonight [Thursday] at 7:30 p.m. in the Germantown Service Center to take the first step in finding a new executive director.

Mary Kay Goodwin resigned the post, effective Friday [March 1], in a dispute over the reinstatement of Jeff Isaacson, whom she had fired as director of the South-West Community Center for failure to follow directives.

Anne Kane, president of the QCAO, called it "a crisis situation".

In her letter of resignation, Miss Goodwin said:

"As administrator responsible to the board I cannot accept accountability of these matters if I do not have the authority to exercise reasonable controls over the programs, staff and resources.

"Jeff Isaacson was given first verbally and finally in writing particular directives which I expected him to carry out. He responded in writing that he did not intend to carry out these directives.

"This is a matter of major insubordination which I feel

provides clear grounds for dismissal.

"When a staff member feels that he can choose which directives of his supervisor he will or will not carry out and the board of directors subsequently supports him by reversing the executive director's decision to terminate him, a basic principle of supervisory responsibility and authority has been discarded.

"I cannot accept responsibility for a situation which the board has rendered me powerless to deal with."

Isaacson, 22, who succeeded Miss Goodwin when she moved up to executive director last year, said the list of directives she gave him Jan. 24 included such matters as who should have a key to the center and who should answer telephones.

"I complied with some of the directives," he said, "but appealed others with which I did not agree."

He said Miss Goodwin ignored his appeal for two weeks and then fired him. He was reinstated Thursday [Feb. 21] for a three-month probationary period by a 15-14 vote of the board of directors.

Brownell Favors Making Election Day Half Holiday

Rep. Thomas F. Brownell [D-Quincy] appeared before the Joint Committee on Election Laws Tuesday to urge approval of a bill that would make state election day half holidays.

"This measure," he said, "is designed to make it possible for more people, especially working people, to participate in campaigns and the election

process on voting day."

He noted that 32 other states already have designated election a full legal holiday.

The measure before the committee would make election day a half holiday, permitting regular stores to remain open during the day while requiring liquor establishments to close.

PILLOW WORK -- Employees of the "K & T Pillow Co." busily turn out their products in a social studies project designed to teach fifth graders about the Industrial Revolution. Terry Deutsch, media specialist, and Edward Pettinelli, teacher, look on.

Great Hill School 5th Graders Set Up Pillow Factories For Industry Study

Grade 5 pupils at the Great Hill School, Houghs Neck, studied the Industrial Revolution recently by establishing two competing pillow factories, complete with corporate officers, advertising departments and production workers.

Members of Edward Pettinelli's social studies class studied factory systems for four weeks and then set up the K & T Pillow Co. and the Imperial Pillow Co.

While the fifth graders filled the front office and production jobs, fourth graders were

recruited for apprentice roles after their skills were tested in measuring, tracing patterns and cutting.

Each factory had five departments: cutting materials, cutting patterns and shapes, embroidery, stuffing, and sewing. Completed pillows were inspected and given quality control stickers and kept as permanent fixtures in the Media Center.

The students were under the direction of Terry Deutsch, media specialist and Brenda Fratoillo, supervisor.

K & T Pillow Co. employees

included:

Managers - Stephen Kamb and Michael Timcoe, Workers - Stephen McGowan, Joseph Giggey, James Walker, Cindy Aiguer, Cheryl Baldwin, Darlene Harvey, Robin Petz and Patricia Schuerch.

Imperial Pillow Co. employees included:

Managers - Yvonne George and James Hickey, Workers - Kenneth Ryan, Debra McCollum, Steven Holler, Danielle Carboneau, Marsha Monti, Linda McDonald, Lisa Chetwynd and Michele Hebb.

Police Donate \$1,000 For Separate Tammy Stuart Fund

A new "Tammy Stuart Medical Trust Fund" has been set up by police with a \$1,000 donation to help defray the medical expenses of the 5-year-old Germantown girl who was disfigured in a dog attack Jan. 19.

Trustees of the fund will be a representative of a local bank and the presidents of the Quincy Patrolman's Association and the Superior Officers Association,

the two sponsors of the fund.

The first event in a fund raising drive will be a dinner-dance March 25 at 9 p.m. at the Carlton House.

Tickets at \$5 a couple may be purchased through the Police Department or through Box 1, the Carlton House, 29 Hancock St., Quincy. Checks should be made out to the "Tammy Stuart Medical Trust Fund".

Collection cans also will be

distributed to stores throughout the city.

The first large contribution to the fund, a check for \$1,000 donated by the two police associations, was presented last week to Tammy's mother, Mrs. Darlene Stuart of 31 Binnacle Lane.

The original Tammy Stuart Fund has passed the \$9,000 mark.

Clark's Film Series 'Civilization' Opens At Libraries

Thomas Crane Public Library will show the first episode of Kenneth Clark's famous film series "Civilization" on Tuesday, March 5 at 7:30 p.m. at the Main Library, and Thursday, March 7 at 7:30 p.m. at the Adams Shore Branch Library.

The series will continue twice weekly for 13 weeks, and will bring viewers on an enjoyable journey through Western cultural history, from the end of the Graeco-Roman world to the skyscrapers of contemporary New York.

Lord Kenneth Clark, the celebrated art historian and author, has filled each of the episodes with works of genius -- in sculptures, painting, architecture, philosophy, poetry and literature, all of which are enhanced by the greatest music from each of the eras he covers. The entire production was filmed during the course of two years, in 117 locations, 18 libraries and 118 museums in Europe and America.

SOLAR ENERGY is studied by Janice Notarangelo and Mike Greeran at the Previews of Progress show presented by General Motors Co. at Broadmeadows Junior High School.

MACK HERRON, the 5-7 running back of the New England Patriots, receives the John Gillyooly Memorial Award from James Locke, president of the Montclair Men's Club at annual banquet Saturday. Parilli Would Like To Have Herron In WFL

Has the new World Football League got its heart set on the New England Patriots' pint-sized running back Mack Herron?

And does Herron reciprocate the feeling?

It seemed that way at the Montclair Men's Club's 24th annual awards dinner Saturday where Herron accepted the John Gillyooly Memorial Award and Babe Parilli, coach of the New York [nee Boston] Bulls of the WFL was a speaker.

"The World Football League will give all players a new lease on life," said Herron. "It would be more adaptable for me. But I definitely will play out my

option year with the Patriots."

"Herron is one of the most exciting players I have ever seen in football," said Parilli, who stopped just short of offering the Patriots' speedster a Bulls' contract on the spot.

"Option year" in National Football League terminology is the year that follows the expiration of a player's contract. If he plays that year without signing a new contract, he becomes a free agent.

Herron, who is either 5-foot-5 or 5-foot-7 and weighs either 150 or 170 pounds, received the Gillyooly Award from Club

President James Locke. It is given in memory of the longtime Boston Record sportswriter.

Also receiving an award was Leo Egan, veteran sports broadcaster whose radio show "Voice of Sports" was cancelled recently by Station WHDH. Egan disclosed he is writing a book on his sports experiences.

Dinner Chairman was Joe Gildea. Head table guests included Rep. William D. Delahunt [D-Quincy], Egan, Locke, Herron, Mayor Walter J. Hannon, County Commissioner George McDonald and dialect storyteller Charles Conway.

Green Team Upsets Blues In Executive Loop

The last place Green team rose up to smite the first place Blue team 6-4 on two goals and two assists by Bob O'Connell for its second straight Executive Hockey League victory Sunday.

Jim Daley had a goal and two assists, Buckie Zanardelli a goal and an assist, Tom Boussy and John McGillvary a goal apiece,

Joe Chase two assists and Bernie Toland one for the upset winners.

Dave Towle scored twice for the Blues and Wayne Cooper and Al McKay had one each. Assists were credited to Len Picot, Dave Hickey, Cooper and McKay.

The Gold team bounced the Red team out of second place

with a 4-1 decision as Paul Hussey and Tom Roberts had a goal and an assist apiece.

Frank McAuliffe and Joe Cunliff had the other goals while Joe Ryan had a pair of assists and Fran Whalen and Arthur Boyle one each.

Kenny Halloran had the lone Red goal, unassisted.

By **TOM HENSHAW**

Quincy Pee Wees went all the way to the semi-finals of the Kiwanis International Hockey Tournament before bowing to the eventual champions from Edgewood, R.I., in the best showing ever by a Quincy team in the tourney.

The Quincy Squirts also made a fine showing, reaching the quarterfinals before going down before a powerful Haverhill team that also captured the title in its group.

The Bantams got by their first opponents from Philadelphia only to fall to Milton while the Mites dropped both of their contests, first to the champs, Edgewood, R.I., and then to Newton.

PEE WEES

Bobby Hayes' hat trick got Quincy off to a flying start Thursday with a 7-0 victory over Randolph. He also had two assists and Eddie Kane added two goals and three assists.

Tommy Brennan had a goal and an assist, Johnny Mullina got a goal and Kevin McGrath and Bryan McGilvray each had an assist.

Paul McGrath set up Kevin McGrath for the winning goal in overtime as Quincy edged Milton, 3-2.

Brennan and Scott Richardson had the other goals and Hayes, McGilvray and Robbie Craig had assists.

Kane was the big gun with a goal and two assists in Quincy's quarterfinal 4-3 win over Winthrop.

Hayes and Brennan each had a goal and an assist; and Richardson got the fourth goal and George Mackey had an assist.

Brennan had the lone Quincy goal in the semi-final 3-1 defeat at the hands of Edgewood with Hayes and Kane drawing the assists.

Goalies Dean Prescott and Bobby Tierney kept Quincy in the game with many fine saves against the powerful Rhode Island entry.

Edgewood won the title with a 3-0 victory over Canton in the final.

BRIAN WATTS [3] looks for the open man as Brian Bertoni [5], Richie Troy [2] and Jack Cavanaugh [11] break up ice in Quincy Bantam's game against Philadelphia in Kiwanis Tourney at Quincy Youth Hockey Arena. Quincy edged Philly, 3-2, in overtime but bowed to Milton, 4-2, in second round contest.

SQUIRTS

Quincy ran away and hid from two Weymouth teams before running into a heartbreaking 1-0 loss to Haverhill.

Bobby Beniers had the three goal hat trick and added an assist in an 11-0 romp over the Weymouth "B" team.

Quincy outshot the opposition, 39-5.

Mike Doherty had two goals and an assist and Chuckie Marshall had two goals in the rout.

Other Quincy scorers were: Mark Boussy, a goal and two assists; Karl Nord, Robbie Zanardelli and Neil Shea, a goal and an assist apiece; Kevin Craig, three assists; Joey Rathgeb and

John Carty, two assists; and Tommy Heffernan, an assist.

Nord and Zanardelli collected two goals each in Quincy's second round 8-0 bombing of the Weymouth "A" team.

Quincy again had a big edge in shots on goal, 29-18.

Beniers had a goal and two assists; Shea and Craig had a goal and an assist apiece; Marshall had two assists; Doherty had a goal; and Heffernan and Mike Quigg chipped in an assist each.

Once again Quincy outshot the opposition 18-9 in the quarterfinal but it was all in vain as Haverhill prevailed, 1-0.

Haverhill won the championship by whipping Walpole, 6-3.

BANTAMS

Brian Bertoni's overtime goal gave Quincy a 3-2 win over the Philadelphia team.

Matt Schaeffer had a goal and an assist, Mike Smith got a goal and Jimmy Shea collected an assist.

Bertoni had both the goals in the 4-2 loss to Milton.

He was assisted by Brian Watts, Jimmy Shea and Schaeffer.

Charlestown beat Weymouth, 5-4, in overtime to win the championship.

MITES

Quincy ran into an exceptionally strong club from Edgewood, R.I., and bowed 7-0 in the opening round.

Then they were eliminated in their "second chance" game in the loser's bracket, 4-1, at the hands of Newton.

Tommy Schofield got the lone Quincy goal assisted by Billy Hughes.

Edgewood went on to take the crown with a 6-3 victory over South Boston after recording easy victories over Braintree and Duxbury.

Raiders Bow But Nolan Has High Praise

By TOM SULLIVAN

North Quincy's basketball team, which again made a great rush down the stretch to make the state tournament, failed to survive its first round game Monday but, as usual, the Raiders went down fighting as they bowed to taller Xaverian of Westwood, 60-53, at Scituate.

North started fast and raced to a 9-2 lead and after a period led, 19-11. However, after that it found Xaverian's pressing zone defense and the rebounding and shooting of 6-6 Jim Bailey too much for it. Xaverian cut the gap to 29-25 at the half and finally took the lead, 41-39, with 1:25 left in the third

period. North never again led.

Bailey, who scored 30 points, including many easy layups, was four inches taller than the tallest North player and dominated the defensive board as North, having to shoot from the outside, usually had only one shot at a time.

"It wasn't so much that their pressing zone bothered us as it was Bailey taking down the rebounds and limiting us to a shot at a time," Coach Bob Nolan said.

"We are disappointed at the loss but I can't say enough about these kids, they were wonderful and never gave up. We missed Cooper Jordan, who sat out

much of the second period after running into foul trouble and then he was hurt and forced out with nearly three minutes left to play."

Jordan, 6-1 sophomore star, had 14 points and rebounded well before hitting the floor hard after a collision and suffering a cut on the forehead which required some stitches. Tim Clifford had 13, Steve Miller 10 and John Flynn 8.

This was Nolan's sixth tourney team in his eight years as North coach and he feels there were several reasons for the team again qualifying.

"There is a matter of tradition as the players want to equal the

teams' performances of past years," he said. "There is also the team's great determination and desire and its dedication to playing outstanding defense."

North, which won nine of its last 12 games for a 12-6 record, the same as a year ago, tied Medford for the Greater Boston League championship. Nolan's teams had previously won the title outright three times including two years ago when the Raiders had the first undefeated team in the school's history [17-0 overall and 14-0 in the league]. That team went to the Southern Division finals in the tournament.

"This was my smallest team

with Tim Clifford at 6-2 my tallest player but we were out-rebounded and badly only once in the next to last game against a much taller Weymouth South team," Nolan said. "Clifford did some great rebounding, as did Ged Phelan, sophomore Cooper Jordan after being brought up from the jayvees and John Flynn, who jumps extremely well for a small man."

North had a young team with little varsity experience but it got better as it gained maturity. The team was only 3-3 after six games but rolled from then on just as it did a year ago to make the tourney.

Presidents In Bay State Tourney

Not much was expected of this year's Quincy High basketball team without a returning varsity player in the lineup.

However, first-year coach Joe Amoroso, who brought up his entire junior varsity team from last year and added a transfer from Abp. Williams, did a fine job with the Presidents, who missed by only one win of qualifying for the state tournament. Quincy finished 8-6 in its final Greater Boston League season and 11-7 overall.

The Presidents' coach entered

his team in the Bay State Tournament, mainly to give the players a chance to play tournament ball and to give college coaches an opportunity to see them under tourney conditions.

Quincy plays its first tournament game Friday night against Abp. Williams but the site and time had not been determined at press time. This is a natural pairing with several Quincy boys in the Williams lineup.

"I don't consider this a 'losers' tourney' at all and there will be some excellent teams playing," Amoroso said. "Many teams which just missed the state tourney as we did will be in and I expect some great competition. All of our players are headed for college and I want to let the scouts see them playing under tournament conditions."

Amoroso admitted he wasn't satisfied with the season "because I want to win and I wanted to make the state tournament, but I'm really pleased with my first year as head coach because I had a wonderful group of boys who never quit and were willing to make the sacrifices a team must make in order to win."

The Presidents showed what they were made of when they won their final two games of the season, 50-47 over Malden in the GBL and 55-52 over Weymouth North in a non-league game after being eliminated from the state tourney in their previous game with Everett.

"I'm confident we would not only have qualified for the state

tournament but would have been in contention for the league title if we hadn't lost Fred Donahue [the 6-4 transfer from Abp. Williams] with an injury," Amoroso said. "After losing our first game, a one-pointer against B.C. High, we won six in a row and were tied for first in the league."

"When we lost Donahue we struggled for the next five games. With him playing we were averaging 38 to 40 rebounds a game with him averaging 14 or 15 but with him out with a shoulder dislocation our average dropped to about 25. We split with the league co-champions, North Quincy and Medford, and both losses came with Donahue out of the lineup."

Ironically, Donahue's shoulder was again dislocated early in the final game and he will miss the Bay State Tourney.

"We had great success with our junior varsity program over the second half of the season and a lot of credit must go to my assistant and jayvee coach, Mike Saniuk. We spent long hours with a lot of kids and finally came out with boys we could depend on and the jayvees won six of their last eight games to finish 6-10."

"I brought up two of Saniuk's jayvees, John Riggs and Dom Venturilli, and they played a big role in our success. I didn't hesitate to use them and they faced as much pressure as any junior varsity players could face."

Amoroso had high praise for his players' ability to come back after Donahue's early injury to upset Weymouth North in the season's finale.

Sylvia Credits Family Pride In Quincy Making Tourney

Quincy Hockey Coach Bob Sylvia feels that family pride played a big role in the Presidents' remarkable comeback this year to qualify for the state tourney for the fourth time in the last six years.

Quincy, which won or tied 11 of its last 12 Greater Boston League games to finish 13-4-3 [ties counted as wins in qualifying], finished a strong third behind Malden and Somerville.

The Presidents opened tourney play against Norwood, a tourney veteran and Bay State League runnerup, Tuesday night. If they survived this rugged opener, they will play Beverly Saturday at 3 o'clock at Boston Arena.

"We have several players whose brothers played for Quincy and played in the tourney and these kids wanted badly to make it," Sylvia said. "And this trend will continue as a lot of this year's junior varsity players and some of the freshman players are following in their brothers' footsteps."

"Our seniors in particular wanted to make the tournament as we missed out the past two years when they were sophomores and juniors."

"We started slowly as we had a pretty inexperienced club but after our eighth game with a 5-3 record and facing tourney elimination if we lost two more games, the boys really found themselves. They were great under terrific pressure. We were the only team to beat Malden and our only loss in the last 12 games was to Somerville."

Sylvia feels the Presidents had excellent balance this season with two high scoring lines and four defensemen who he could move around in different combinations.

The high scorers were Frankie Guest, one of the GBL's outstanding sophomores who scored 21 goals, and Junior Ted

Wiedemann, who had 20.

Two years ago Wiedemann was the most valuable player in the GBL Freshman League and last year Guest earned the honor.

Sylvia played them on different lines at the start but moved them to the same line and it paid off for him.

The Quincy coach wasn't sure exactly what his lines would be for the tourney but Wiedemann, Guest, Pete DiBona, Pete Janis, John Sweeney, Pete Raymer and Al Lancione were set for the forward lines.

The four defensemen, Bob Boyle, Brian Nevin, Rick Avery and Leo Kearney, all were outstanding throughout the successful season.

As far as goal is concerned, Quincy had one of the best in Glen Prescott, who was sensational in most games and had several shutouts.

He, Guest and Wiedemann made the first league all-star team and DiBona was given honorable mention.

"DiBona is probably the gutsiest player pound for pound and inch for inch that I've ever coached," Sylvia lauded. "He is small but tough as nails and despite the poundings he took, he always came back for more. He is a self-made player and has great desire and dedication. He played jayvee hockey last year but played a lot of spring and summer youth hockey and I can't say enough for his performances for us this year."

Sylvia praised junior varsity coach Rich Hutchins and used some of his jayvees. One of them, Mark Fanning, played in goal in the season-ending 4-1 win over Chelsea and was outstanding.

Another sophomore, Bob Barry, scored the Presidents' final goal.

North Icemen Finish In 4th

North Quincy's hockey team had its ups and downs this season but the Raiders finished in sparkling fashion by winning their last three Greater Boston League games, winding up in fourth place with an 8-9-3 record.

By defeating Medford, 4-1, last week in a makeup game; North finished ahead of Medford and behind Quincy in the league.

"It was a fine way to end the year and I think the seniors had extra incentive as it was their last game," Coach Ron Erikson said. "We started out the year poorly but lost only three of our last 12 games. We outshot Medford pretty convincingly [37-15], and we used all the

players. We had a fine group of kids and they are responsible for our comeback."

After Medford took the lead in the first period, it was all North Quincy as Junior John Mackiewicz scored his first varsity goal at 2:45 with Dave Noonan and Andy Collieran assisting. A minute later Paul O'Donnell scored with Rob Henderson assisting. Henderson scored with assists for Jim Mullaney and Mike McLean and O'Donnell scored his second goal to wind it up with Collieran assisting.

McLean was named to the GBL first all-star team and Brian McIsaac received honorable mention.

Friends Of Quincy Hockey To Hold Dance Saturday

The Friends of Quincy Hockey, the Quincy High team's boosters club, will hold a social and dance Saturday night from 8 p.m. to 1 a.m. in St. Boniface Church Hall.

Tickets are \$2 a person and all proceeds will be used for

scholarships to seniors and other awards for the players as well as defraying expenses of the annual banquet.

Jack Raymer's orchestra will provide the music. Ted Wiedemann is president of the Friends.

Bantam B's In Top Spot

Dave Peters' goal broke a 3-3 tie and sent the Quincy Bantam "B" team off to its first win of the season over Brockton, 4-3, and finally moved Quincy into first place in the Bay Colony Hockey Association.

Quincy has a 19-2-0 record. Mark Kelly, John Fitzgerald and Jimmy Moore got the other Quincy goals and Mike Marks had two assists and Rick Carnali, John Andrews and Peters one apiece.

Mark Paolucci fired the hat trick and assisted on another score in leading Quincy to an 8-1 victory over Bourne Wednesday [Feb. 20] in a non-league encounter.

Don Perdios, Paul Higgins, John Norton, Kelly and Andrews had the other goals with assists going to Peters [2], Mike Wilson [2], Jimmy Fitzpatrick, Dave Lewis, Andrews and Moore.

Reds Blank Golds, 3-0

Blues Win In St. Joseph's

In St. Joseph's Hockey League action at the Shea Rink the Red team blanked the Gold team, 3-0, and the Blues defeated the Greens, 4-2.

The Red team recaptured a share of first place, which it had lost to the same Gold team the previous week. Rick Brunstrum,

Joe Coombs and Paul Galligan scored for the Reds, while goalie Paul Hanratty gained the shutout.

In the second game, a rugged affair which saw three players ejected, the Blues climbed out of the cellar to gain a tie in the standings with the Greens.

Ed Del Gezzi had two goals for the Blues with Mark Walker and Dave Erreichello having the others. Chuck Shea and Gary Milkowski scored for the Green team.

CARLYLE MERCHANTS of Whitman won the 21st annual Greater Quincy Men's Candlepin Bowling Tournament sponsored by the Koch Club and rolled the second highest team total in tourney history, 1856. Left to right, Dick Ewell, Bill Durfee, Dennis Chick, receiving trophy from Linda Koch, Paul Kirby and Jim Rigo.

Betty Ann Koch's 140 High Single In Women's League

Betty Ann Koch has taken over high single string in the Koch Club Women's Bowling League, bowling a 140. Betty Ann topped Rosemary Earley's 133, but Rosemary still owns the high three string total of 335. Linda Koch has most spares with 94, while Mary Ellen Lorizio is tops in the strike department with 18. Rosemary Earley's team has

high team three string total of 1442, and high team single string 512. Simmy Koch's team leads the second half of the season with 40 wins and 16 losses; while Barbra Sayer's team is in second place with a 34 win 22 loss record. Top 10 bowlers in the average department, of the 40 women league include; Rosemary Earley 97.38, Linda Koch 96.52, Helen

Flynn 95.31, Mary Ellen Lorizio 95.14, Simmy Koch 93.27, Betty Ann Koch 93.20, Nancy Bowes 93.9, Marion Tobin 92.52, Barbra Lombardi 92.41 and Joan Hulak 91.15. Linda Koch appearing on Candlepins For Cash last Friday, Channel 7's popular bowling show hit the pocket for a strike attempt; but two pins wobbled and remained, and Linda lost out on \$1,040.

Welch, Deane Teams First Half Winners

Capt. Mike Welch led his team to victory in the first half of the Koch Club Boys Bowling League's Junior Division. Assisting Welch in the first half championship were teammates Steve Ballem, Frank McEachern, Steve Lee and Paul

Sarno. The Senior Loop of the Boys Bowling League was captured by Paul Deane's team, aided by team members Mike Roomian, Mike DeFazio, Bob Hutchins,

and Dan Goldrick the winners posted a 35-25 won and lost record, but won the first half on total pinfall, as the Tony Affannatto team tied the won and lost count.

James Papile Candidate For State Representative

James P. Papile of 12 Harkins St., Quincy Point, announces he will seek the First Norfolk District State representative seat. The district comprises old Ward 2, Precincts 1, 2, and 5 of old Ward 3, Quincy and Precincts 1 and 11 in North Weymouth.

Papile has lived in the district most of his life including nine years in Precinct 1 of North Weymouth.

He has been a sales representative at Massachusetts Electric Company for 15 years, a past President of Local 332 Brotherhood of Utility Workers of New England Inc., past Recorder of Fr. O'Brien Council Knights of Columbus of North Weymouth, a former member of the Board of Directors of the Ward 2 Civic Association, past President of the Torre Dei Passeri Mutual Benefit Society and their present manager of the Social Club at 252 Washington St., in Quincy, Ward chairman of American Cancer Society Drive, and a parishioner of St. John's Church, Quincy.

He is a present member of the North Weymouth Civic Association, the Ward 2 Civic

Association, Local 454 U.W.U.A. [Utility Workers Union of America] CIO-AFL, Veterans of Foreign Wars, Quincy Lodge of Elks, Massachusetts Association for Handicapped Children, Ward 2 Democratic City Committee and Fr. O'Brien Council Knights of Columbus, North Weymouth.

Issues in the campaign affecting the district, he said, are:

- The construction of a new Fore River Bridge and its approaches.
- The possibility of acquiring commercially run-down property [waterfront] for improvement and public use.
- The presently unfavorable plans to acquire Faxon Park for an indicated zoo, and the affect a new MBTA terminal in a neighboring precinct would have in the South Quincy district.

Papile is a graduate of Quincy public schools and attended Burdett College. He is married to the former Margery Perrow, and has three children.

Peter Doucette of 53 South Walnut St., Quincy, is directing Papile's campaign.

Johnston Retires As President Norfolk Labor Council, Local 90

Charles M. Johnston retired Wednesday as president of the Norfolk Labor Council and Local 90 of the Shipbuilding Workers Union, AFL-CIO, for reasons of health.

Johnston, 46, who lives at 108 Phillips St., Weymouth, is also leaving his job as a radiographer and quality control inspector at the General

Dynamics Quincy Shipyard on the advice of his doctor.

"I'm going to miss it all," he said. "But I'm following doctors orders."

He worked at the Yard for 24 years and headed Local 90 for 17 years. He had served as president of the Norfolk Council for a year after 16 years as executive vice president.

LaRaia Expects 'Thorough' Probe Of Cemetery

[Cont'd from Page 1]

dig they will find what we know is down there," LaRaia said. Colarusso says, "It's like looking for a needle in a haystack."

However, he insists there are bones from 20 to 30 skeletons in the dump.

Lt. Rowell said the investigation is proceeding but will take "quite some time" to complete.

In another development, LaRaia has scheduled a meeting Friday with Mayor Walter Hannon and Police Chief Francis X. Finn to discuss alleged 'harrasment' of LaRaia by a police officer who read the councillor his Miranda rights.

Chief Finn said yesterday his detectives had no intention of harrasming LaRaia when they

read him the rights before questioning him about the cemetery investigation. He also said he "appreciates" LaRaia's cooperation with the investigation.

However, LaRaia has insisted on the meeting because, "The Miranda rights are only supposed to be used if a person is suspected of a criminal act."

"If this method is used against a public servant it might be used against a cemetery employee - and it might shut him up entirely," he said.

Meanwhile, Mayor Hannon still had no comment on LaRaia's demand for a public apology for what he called the

Mayor's slanderous and libelous remarks about him.

Mayor Hannon said in a statement Thursday [Feb. 21] that an investigation by the Police Department and the District Attorney's office "has been thwarted by the fact that information was being withheld from them ...

"Apparently, the information was being sidetracked to a private investigatory group with no legal authority to investigate."

He said LaRaia was a member of the group.

Other developments include:
* A meeting between Mayor Hannon and two cemetery board

members in which the possibility of their resignations was discussed.

* The preparation of legal briefs by Dist. Atty. George Burke's office to determine what laws may have been violated.

* The appointment of Richard Morrissey of the Mayor's office to look into requests for information on the status of grave lots.

Inquiries can be made by forwarding a letter to the Mayor's office, c/o Mr. Richard Morrissey, Quincy City Hall, with the following information:

Name, address, phone number, deed number and date purchased.

Over 40 Inquiries Received About Lots

The Mayor's office said Tuesday that about 40 or 50

inquiries have been received about grave lots at Mt. Wollaston Cemetery.

Richard F. Morrissey, one of the Mayor's aides, was named

'What Christ Demands' Theme Of Sermon Series At Bethany

"What Christ Demands" will be the theme of the series of sermons to be given by Rev. John D. Banks at Bethany Congregational Church, Quincy.

The sermons will help every worshiper to be challenged by the words of Jesus just as he addressed himself to people of Galilee and Judea. The "demands" will include:

March 3: "Follow Me" [Mark 1: 17] Holy Communion Service.
March 10: "Let Your Light

Shine" [Matthew 5: 14-16] Family Service.

March 17: "Seek First the Kingdom" [Matthew 6: 33].

March 24: "Love One Another" [John 15: 12].

[Mark 10: 38].

April 7: [Palm Sunday] "Who Do You Say I Am?" [Matthew 16: 15].

April 14: [Easter Sunday] "Believe - and Live" [John 3: 16, 11: 25].

The service on March 31

[Passion Sunday] will be built around Faure's "Requiem" to be sung by the Chancel Choir. The Bethany choir has doubled in size during the past year and this plus the excellent quality of performance under the direction of Lambert W. Brandes, organist and choir director, is making music a highlight of worship at Bethany Church.

Sunday worship at Bethany Church begins at 10 a.m. and is broadcast over radio station WJDA at 11 a.m.

Missioners Weekend Guests Of Atlantic Methodist

Witnessing missionaries from throughout the Northeast will gather in Quincy this weekend as guests of the Atlantic United Methodist Church.

The visitors, participants in the Lay Witness Mission Program, will arrive between 4 p.m. and 6 p.m. Friday, visit the homes of their Friday hosts, then attend a potluck supper at

7 p.m. at the Church's Fellowship Hall.

There will be cottage coffee hours at 10 a.m. Saturday followed by a free time period from 12 noon to 6 p.m., and a congregational supper at 6:30 p.m., and second meeting in the evening.

The missionaries will conduct Sunday morning services and

then, after a farewell coffee hour, will leave for their homes.

the biggest change in 50 years

■ Today more than ever, people are entitled to value received and promises fulfilled. That goes for funeral service, too.

Thanks to the Code of Good Funeral Practice, this is what you get when you choose a firm affiliated with National Selected Morticians. The Code makes specific promises, and binds NSM firms to fulfilling them. It promises a wide selection in a broad range of prices. Full disclosure of information, and written confirmation of all arrangements and more.

So you will know what's new in funeral service, write or call for your copy of the Code. There is no obligation. It is our promise of better service.

\$62.56 Million Budget Sessions Start March 16

Mayor Hannon's proposed \$62.56 million budget for fiscal 1974-75 comes under official City Council scrutiny for the first time March 16 at 10 a.m. in City Hall.

The Finance Committee, headed by Councillor John J. Quinn, will hold the first of a series of hearings into the budget, item by item, starting with the requests of the smaller departments.

The budget, calculated to be up 5.4 per cent over the last one,

was dispatched Monday night by the Mayor to the Council.

It covers 12 months from July 1, 1974 to June 30, 1975 whereas last year the budget of \$85.4 million that came out of the City Council was for 18 months, Jan. 1, 1973 to June 30, 1974.

It is not possible to determine what the new budget's effect would be on the tax rate since state reimbursement and other anticipated city receipts have not yet been estimated.

Budget Director William

Grindlay figured the increase at 5.4 per cent or about \$3.2 million.

"We kept the increase to about \$3.2 by cutting out all we could, yet maintaining all existing city services," said Mayor Hannon. "The \$3.2 million represents, for the most part, uncontrollable costs."

The Mayor said he hopes the City Council will find ways to trim the city's expenses even more — "without jeopardizing any necessary services."

Hearing On New School March 26

NQHS Facing Threat Of Academic Accreditation Loss

Overcrowded North Quincy High School is faced with the loss of its academic accreditation unless the city commits itself to expanded facilities or a brand new school in the next three months.

City Councillor Dennis E. Harrington of Ward 6 plans to call a hearing for March 26 as a first step in the development of an action plan to relieve the strained conditions in the nearly 50-year-old building. It will probably be held at the North Quincy High School.

For the past two school years, North Quincy has been operating under what amounts to a probationary accreditation.

"The New England Association of Schools and Colleges examines each school every 10 years and accredits it

for the next 10 years," School Superintendent Dr. Lawrence P. Creodon told the Quincy Sun.

"Three years ago, Quincy High and the Vocational Technical School were given 10 year accreditation. Two years ago, North Quincy High was given two year accreditation due to overcrowding and limitations of the facilities.

"We are exactly where we were two years ago. There was talk about a new school. They gave us two years to finish talking. We have to decide on an action plan before June."

Creodon said that loss of accreditation "has no immediate derogatory effect on the students as far as getting into college is concerned. But it's a black mark against the school.

"It's a creeping kind of thing.

They are saying to a community that a jury of your peers has found that you have inadequate school facilities. Then you start to slip and slip and slip.

"Pretty soon we find that our kids are not getting into things that kids from other schools are getting into."

Creodon pointed out that the building which houses North Quincy High School was built to be a junior high school back in the 1920's and was converted into a high school.

"It was never designed as a high school," he said. "But it has been a high school for 40 years."

Creodon offered two site proposals for a new high school for 2,000 students in North Quincy to the School Committee Wednesday [Feb. 27].

The unemployment rate in Quincy set a new high of 10.57 per cent in January-February, lending extra urgency to the Job Fair scheduled for Saturday from 10 a.m. to 3 p.m. in the Quincy Vocational Technical School gym.

More than 50 companies, with several hundred openings on their work forces, have signed up for booths in which to interview potential employees from the ranks of the thousands of jobless throughout the South Shore.

Members of Quincy senior citizens' organizations were recruited to sit down and address personal invitations to more than 8,000 of the unemployed whose names were obtained from the Division of Unemployment Security files.

A similar fair, held in the Voch-Tech gym last Oct. 27, drew more than 2,300 unemployed to 45 booths manned by prospective employers and about 200 landed jobs ranging from unskilled to professional.

Paul Ricca, director of the Quincy Emergency Employment Program, said the semi-annual survey conducted by his staff showed the 10.57 per cent unemployment rate — or more than 4,000 people in Quincy's work force of 38,000.

"It has been going up at a rate of about .4 per cent every six months," he said.

Dump Problems To Be Aired

City Councillor James A. Sheets of Ward 4 has called a meeting of the Special Committee on Disposal and Sanitary Problems for March 19 at 7:30 p.m. in City Hall to discuss problems arising from the disposal facility in West Quincy.

"The approach of warm weather will once again precipitate the revival of insects and rodents in the general vicinity of the disposal operation," he said.

Sheets said that he and Mayor Walter J. Hannon and Public Works Commissioner James J. Ricciuti have received reports of

firms from outside Quincy dumping truckloads of trash in the West Quincy facility.

A policeman has been stationed at the entrance to the dump, he said, "and it is my understanding a number of trucks have been prevented from dumping at the facility."

Meanwhile, Ricciuti said his department is looking forward to a decrease in the amount of rubbish dumped at the disposal facility.

"The shortages of things are making people more frugal," he said. "They are selling their papers and metals to salvage dealers; they're turning them into cash."

\$15.5 million to construct or \$8.1 to the city.

Construction of a new high school on either site would enable the city to convert the present school building into a junior high school and phase out Central Junior High [built in 1894] and Massachusetts Field School [1896].

Lead Paint Poisoning Clinics At Health Center

Dr. Alfred V. Mahoney, City Health Commissioner announces the Health Department is sponsoring a series of clinics for the testing of lead paint poisoning.

It is recommended that all children from age six months to six years be tested. The clinics

will be held at the John F. Kennedy Health Center, 1120 Hancock St., for Quincy residents only.

Anyone desiring this test for their children may call 773-1380 [Ext. 238] and they will be given an appointment.

Chamber Legislative Workshop Set For March 15

The South Shore Chamber of Commerce will hold its third annual South Shore Legislative Workshop March 15 from 7:44 a.m. to 9:14 a.m. at the Lantana in Randolph.

Many of the South Shore's

five state senators and 17 state representatives are expected to attend the breakfast-meeting. Tickets are available at \$4.47 each.

Chamber Director Thomas J. Flatley of T. J. Flatley Co., will make the concluding remarks.

Fund Started By Classmates

Mickey Home From Hospital, Watches A Little Television

Michele [Micky] Rucker says her vision is still "blurry" but she's back home from the hospital and has even viewed some television.

Micky, 16, underwent surgery Jan. 29 in an attempt to save vision in her remaining good eye and while she is not out of the wood yet, her doctors are guardedly optimistic.

"Dr. Freeman [Harold] said he is well satisfied but she must be watched closely," Micky's father, Olin Rucker of 369 Granite St., said over the weekend.

Doctors are unsure whether Micky must undergo further surgery to repair the detached retina in her right eye.

She lost sight suddenly in her left eye three years ago.

Micky was released from the Mass. Eye and Ear Infirmary in Boston last week. Her doctors have advised her not to return to Sterling Junior High School for a few months while she has checkups twice a week at the hospital.

Although her eyesight is still blurry, she is able to see with her glasses on and even watched some television over the weekend - including a sports program with Evil Kneivel jumping his motorcycle over a line of barrels.

Meanwhile at Sterling Junior High, a group of students have started a fund for Micky. They have collected money during school, at an afternoon basketball game, and at a

Parent-Teacher meeting.

Micky herself is fairly shy

about her ordeal but says, "It's good to be back home."

Sterling Advisory Council To Hear Reports

The Sterling Parents' Advisory Council will hear two committee reports at a meeting in the Sterling Junior High Media

Center Thursday, March 14 at 7:30 p.m.

Wilfred Enders will chair the report of his committee on their

study of the Sterling Junior High Discipline Procedure. Joseph Valante and his committee will give an evaluation of the Sterling Position Paper, which touches on such important issues as individualization of learning, the developmental skills, and the proper kind of environment needed to foster these.

Steven Joyce and Miss Caroline Stevens, teacher advisors to the Student Council, will describe the working operation of this group and respond to questions from the parents.

Candidates for the Parents' Advisory Council Chairmanship will present their ideas and goals also at this meeting.

Historic District Commission Ward 2 Topic

The Ward 2 Civic Association will meet Tuesday, March 12 at 8 p.m. at the Fore River Clubhouse, Nevada Rd.

Speaker will be Robert Cerasoli, secretary of the Historic District Study Commission.

Cerasoli will give a slide presentation and talk on the purpose of this committee.

The meeting is open to the public. Refreshments will be served.

President Theodore Harrington will preside at the business meeting.

Southwest Council Reaffirms Quarry St. 'Open Space' Stand

The Southwest Community Council has reaffirmed its desire to preserve some 19 acres of city-owned land on the west side of Quarry St. as "open space forever."

The Council also listened to Dr. Donald MacLeod, secretary of the Freedom Park Association, then endorsed the proposal to turn the area into a parkland.

It has been proposed that the city sell the land to the Quincy Elks for a new home or to a real estate developer as the site of an apartment building complex.

The land is right across Quarry St. from the site of another multi-storied apartment complex.

The Council gave three reasons for its endorsement of the open space concept:

- "There is no land in Southwest Quincy designated for open space. The land would offer a welcome respite to the thousands of people expected to move into the area.

- "Any construction in the area would potentially divide up the area and thereby greatly diminish its potential.

- "The City Council voted a near half million dollar bond issue to purchase open space in Squantum and Germantown. It

would be contradictory to sell open space that the city still owns."

The Council has collected more than 1,200 signatures of local residents in support of the open space proposal.

Also present at the Council meeting at which the endorsement vote was taken were Pasquale DiStefano, president of the Quincy Citizens Association and Clara Yeomans, executive secretary of the Quincy Conservation Commission.

Both organizations have endorsed the open space idea.

Ron Kaufman, representing Ward Four City Councillor James A. Sheets, pledged Sheets' support of the proposal.

DONOR - Mayor Walter Hannon donates pint of blood to Quincy City Hospital blood bank. With him, counter clockwise, are Mrs. Lorraine Curley, R.M.; Hospital Director Harlan Paine and Gino Marini, chairman hospital's Board of Managers.

Aging Council Opposes 10-Story Height Limit

The Quincy Council on Aging, at its regular monthly meeting, voted unanimously to oppose the establishment of a 10-story limitation on building construction within the city, announces Executive Director Putnam S. Borden.

The Council said current zoning restrictions and existing building codes provide adequate protection, in terms of density and safety requirements.

Principal concern of the council members was the "inhibiting effect" such a restriction would have on future construction of needed elderly housing, both private and public. It was pointed out that had such a restriction been in effect, the number of senior citizen housing units within the community would be significantly less, to the great detriment of many elderly people living on fixed incomes.

The Council said it believes the "quality of living" is the concern not only of those who can maintain decent living accommodations through ownership or rental, but also of those who cannot and require, because of age, infirmity, or financial considerations, residences particularly suited to their needs.

Recognizing that buildable land is scarce within the city, the Council said it believes that arbitrary height limitations preclude best usage and therefore, have elected to oppose restrictions.

Panel Discussion On Abortion At St. John's CYO Meeting Sunday

St. John's CYO will meet
Sunday at 7:15 p.m. in St.
John's School Hall.

Four members of the
Norwood Deanery CYO, headed
by its vice-president, Brendon
Fay, will comprise a panel for a
general presentation on
abortion, show slides and lead a
discussion.

Last October, members of the
Norwood Deanery conducted a
Bicycle Ride for Life. Money
raised in this project is being
used to educate people,
especially youth, on the
question of abortion. Their
Deanery conducted a three-day
workshop in January, with
experts throughout the state
presenting the moral, legal,
medical and ethical issues in
abortion.

The CYO will present a
benefit dance for Michelle
Rucker, 16, of South Quincy,
who has lost sight in one eye and
has recently undergone two
major operations to save sight in
her other eye. The dance will be
held Saturday, March 16 at
Quincy Voc-Tech Gym from 8
to 11 p.m. The group "Horse"
will provide the music. Tickets

may be obtained at St. John's
rectory; CYO meeting; Jason's
or from members of the CYO
Executive Board.

The Drop-In Center will not
be open March 8, but will
re-open March 15.

The "Step for Life"

The 10- Story Limit: Look It Over Carefully

The Quincy Citizens Association's proposed 10-story building height limit in present no-limit zones should be looked over carefully.

There seems to be a big rush on from both sides -- to kill it or pass it.

City Councillor John Quinn's flat prediction that the proposal will be unanimously defeated in the City Council seems to be somewhat premature.

In the past, we concede, Mr. Quinn has been pretty good at predicting tax rates as chairman of the council's Finance Committee. However, in those instances he had figures to work with.

But in this case, how can he be so sure what eight other councillors are thinking? You just can't tune in on eight other minds like that.

But if Mr. Quinn's forecast was premature, so was QCA President Pasquale DiStefano's reaction that he would seek a referendum on the issue.

At this point, we would like to say to both -- Whoa!

We would hope that before it gets to a vote showdown, the councillors -- especially the five new ones -- will have the opportunity to stand up and argue for or against and clearly state why. We'd like to hear their opinions. So would a lot of other people.

And, if it is then defeated by the City Council and if the QCA as a group decides on a referendum, we hope it will not be by a special election but on a regular city election ballot. Quincy taxpayers have had to pay for enough special elections in recent years.

Frankly, our initial reaction to the proposal is somewhat mixed.

We can see wanting to limit construction heights in old established neighborhoods and perhaps in some other areas.

But we cannot see any harm in constructing tall buildings in the downtown and Wollaston shopping areas or at the State Street South complex.

And what's wrong with constructing higher than 10-story buildings along Quarry St. in the old city dump area and on the site of the old Squantum Naval Air Station site?

We would have to think some more about such areas as along Faxon Park and Quincy Shore Drive, and maybe a couple of other places.

A near half-century ago, there must have been strong feelings against construction of the now South Shore National Bank tower in Quincy Sq. which is approximately 10 stories high.

Back then, though, it must have looked like the Empire State Building going up and there must have been arguments that it would necessitate newer fire fighting aerial ladders, etc. The building is still attractive, though, and is a famous Quincy landmark.

It would be a shame to clock future construction of, say, a 12-15-20 story building in the downtown area or on some other suitable site when it might mean a hefty economic boost to the city.

It is difficult these days to sell people on revenue-bringing construction when the tax rate continues to soar.

But without such construction, the tax rate could go out of sight. State Street South alone kept Quincy's tax rate from jumping \$9 to \$10 last year.

Unfortunately, progress doesn't come without some pain. A city like Quincy cannot stand still. The old days, whether we like it or not, are gone forever. There is little land left to build on and the only way to go is up.

We think the members of the QCA who drew up the height limit proposal are people who sincerely care about Quincy. But on the other side of the issue are also many people who sincerely care about Quincy too.

The proposal should be looked over carefully and discussed intelligently and without passion.

And maybe both sides might find a little room for a little compromising in the best interests of Quincy.

Quincy Sun Receives United Fund Citation

A "Certificate of Appreciation" for "exceptional editorial support of the United Way 'Commitment to Success'" has been awarded to The Quincy Sun.

The certificate cites "support contributing immeasurably to public knowledge of the role

played by the United Way in the life of the community during 1973".

Last fall's United Way of Massachusetts Bay campaign raised \$14,549,230 to support its 203 health, family, child care and youth-serving agencies in the 66 cities and towns of the Mass. Bay area.

Heleotis Fund Auto Cancelled

Plans to raffle off a new automobile to aid The Philip Heleotis Fund have been dropped because of the energy crisis.

Mrs. Eleanor Woodward of 10 Mount Vernon St., West Quincy, co-coordinator, said the committee made its decision at a recent meeting.

"Because of the gasoline shortage it was decided to abandon plans for the drawing," she said. "We believe under these circumstances it would not be appropriate to go through with the drawing."

The committee of which Norfolk County Commissioner George B. McDonald is co-coordinator has raised \$11,900 for young Heleotis who was severely injured in a swimming pool accident last July 6.

Half of that amount has gone to his parents, Mr. and Mrs. Charles Heleotis, to construct a special room for Philip at their Hilltop St., West Quincy home. The other half has been put into a trust to finance medical needs for him in the future.

Mrs. Woodward said money will be returned to anyone who has purchased a ticket on the automobile if they wish it returned. They may contact Mrs. Woodward from 5 to 6 p.m. at 773-5553.

Unclaimed money will be turned over to the fund.

Adult Education \$10,000 For 'Special Needs'

Quincy Public Schools has received an additional \$10,000 in the Adult Basic Education Program to provide a more meaningful program for the students in the "special needs" area.

The program will operate at the new special needs area in Quincy High School, four evenings per week from 6:30 - 9:30 p.m., Monday through Thursday.

The program will include vocational evaluation, social and recreational activities, home and family living, nursing services, light assembly, clerical laboratory and occupational oriented academic programs.

The Quincy Adult Basic Education Program includes the following towns that are within the Ancillary Manpower Planning Board area: Quincy, Braintree, Weymouth, Hingham, Hull, Randolph, Scituate, Cohasset and Milton.

There are class openings for 80 persons. Twelve additional instructors have been hired. Registration is still open.

Further information may be obtained by calling the Adult Continuing Education Office on Woodward Ave., 472-3824.

Cerasoli Twirling Hat, Maggie Bellotti Back In School

By HENRY BOSWORTH

Look for Robert Cerasoli of Quincy Point to soon announce his candidacy for the First Norfolk District state representative seat.

Cerasoli is an administrative aide to Senator Arthur Tobin and his entrance should make that race one of the most interesting in recent years.

He comes from a big family in the district. In fact, someone has counted 135 voting relatives in that area.

Cerasoli could cut into James Papile who has already announced. And, of course, Papile could cut into him. Atty. Thomas Williams, the other announced candidate, could benefit from it when they add up the votes.

INCIDENTALLY, it would appear there's no truth to the rumor that Tobin's brother, Robert, of North Weymouth, will make a bid for the seat.

That rumor started flying when it was announced that the First Norfolk District will this year include Precincts 1 and 11 of North Weymouth. But it would hardly seem likely that Tobin's aide and Tobin's brother would oppose one another.

MEANWHILE, Papile and Williams are already off and running for the seat being vacated by Clifford Marshall who is a candidate for sheriff.

Both turned up at a North Weymouth Civic Association meeting the other night hoping to line up campaign support.

Williams will formally launch his campaign with an 8 p.m. kickoff party March 14 at Montello's, Quincy Point.

MARGARITA [MAGGIE] BELLOTTI, wife of former Lt. Gov. Frank Bellotti, has gone back to school. The attractive mother of 12 is taking courses at Bridgewater State College. And she's also learning to play tennis. But it may not be long before she'll be out on the campaign trail, too.

THERE SEEMS little doubt that Bellotti is a candidate for attorney general -- unless he fools everyone and runs for the big one again -- governor. Anyway, at this writing, the Bellotti campaign headquarters are in his Hancock St., Quincy, law office.

There's speculation that when Bellotti makes it official, former Rep. George Sacco, already a candidate for attorney general, might switch and go for lieutenant governor.

QUINN AND QUINN? City Councillor John Quinn may serve as Quincy coordinator for Atty. Gen. Robert Quinn's bid for governor. He would succeed former City Councillor Richard Barry who has left the Quinn camp to help old friend Frank Bellotti in his campaign for attorney general.

NICE GESTURE DEPT: When Sabina Stenberg opens up her new beauty salon at Hancock and Beale Sts., Wollaston, [across the street from her present location] she will donate the entire opening day proceeds to Cerebral Palsy, South Shore Area.

WJDA'S Herb Fontaine has been re-appointed by Mayor Walter Hannon to his 13th consecutive one-year term as a fence viewer. He's quite proud about the fact he has served under three mayors -- Amelio Della Chiesa, James McIntyre and Hannon.

By the way the post [no pun intended] of fence viewer isn't just a title-only job. Herb and the other fence viewers really get out and view fences. Herb estimates he checks about 150 a year -- most of them in the summer -- when alleged spite fences seem to sprout like weeds.

WELL, HERE'S ONE: The South Shore Friends of Ireland are holding their St. Patrick's social and dance March 16 at the Fore River Clubhouse. Menu: salads, roast beef, ham and other home cooked foods. But no corned beef and cabbage.

HARRY MESSINA, president of the Quincy Youth Hockey Association, is a patient at the Massachusetts General Hospital. He's in Baker Room 316 if you'd like to drop him a card.

SUDDEN THOUGHT: If someone were to ask me to pick three musical units I would like to listen to all night they would be: Glenn Miller, the Mills Brothers, Louis Armstrong.

SMILE DEPT: Jack Golden, the Quincy printer, tells about the police officer who was asked what he would do to disperse a frenzied crowd. After thinking it over, he replied: "I'd take up a collection for the Police Athletic Fund."

Girl, 16, advised to say 'no'

By PAT and
MARILYN DAVIS
Copley News Service

Dear Pat and Marilyn:

I am 16 and will come straight to the point. A new boy moved to our school. He is really handsome and I've been lucky enough to date him for two months. He asked me to go steady on one condition — sex. I really like Brian. What do you say?

Debbie

Dear Debbie:

I say, "No." The price is too high. Next month one of you may decide you don't like each other or yourselves. Give the relationship more time before making such a serious decision. If you lose Brian with a "no," he isn't worth a "yes."

Dear Pat and Marilyn:

What can I do about my 21-year-old granddaughter who refuses to go to school and thinks that work is out of the question? She spends her time eating, sleeping, and listening to the television. My son-in-law says his daughters do not have to work. He has two. This girl is extremely overweight and has very few friends. I don't see how she can do nothing day in and day out. I am deeply concerned. What can I do? Where can I turn?

Grandma

Dear Grandma:

The clues indicate that this girl may have an emotional problem — not to mention the father. Have you suggested, to your daughter, that this girl be taken to the family doctor who may recommend a competent psychiatrist?

Dear Pat and Marilyn:

I am broken-hearted. I want an answer to my problem. Yet, I am quite certain that I know what you will say and I don't want to face the facts. I wonder how many women have been in my same position and how they handled it.

I am not married but have been seeing a married man for two years. I have been absolutely faithful to him. I love him and accepted what he told me as the truth. He said he had to stay with his wife because of her health. They have two children and he told me that he was afraid to leave them with his wife because she would not be able to take care of them due to her mental condition. He never elaborated on just what this condition was. I accepted all of these statements as facts.

Well, about three weeks ago, I was accidentally attending a meeting and who did I meet? You guessed it — the wife. Her mental condition is great and she is a healthy, charming, and intelligent woman. I feel like a fool. Why do I continue to care for this man when he has treated me in such a manner?

Unhappy

Dear Unhappy:

I am sorry to hurt you further, but dating a married man is a hazardous occupation. Stop wasting your time on this worthless burn. You can do better.

Pondering gift? try gasoline

By ANN RUDY
Copley News Service

Pretty soon it won't be unreasonable to say, "Promise her anything, but give her gasoline."

So far, I haven't had to line up to fill my tank, but as the price of gas continues to rise, and it becomes in shorter and shorter supply, its very scarcity and expense will move it from the "fill 'er up" vernacular to "a whole gallon for me? ... You shouldn't have!"

At Christmas, business firms will stop handing out free liquor to their clients and give them, instead, a couple of gallons of high octane all done up in red cellophane.

Of course there will be some clients who will drink it anyway simply because it is always difficult to teach an old drunk new tricks, but it will help them cut down on their smoking.

A wife, stuck for what to give her mother-in-law for her birthday, can present 10 gallons and a road map. Five gallons, even. OK, a quart — if it will get her off the sofa and down the driveway.

But I hope nobody gives me gas as a present, because I think I may take to my bike and stop driving completely. I want to be the first woman on my block to park her car in the living room as an art ob-

ject.

Then when the kids call from two blocks away and want me to drive them home, I'll say, "You know I've planted fern in our back seat. Walk."

And if they don't like it, I'll promise them a couple of gallons in yellow gift wrap the day they get their driver's license — so when they want to run away from home, I will

have done my part toward making their dreams come true. What's a mother for?

So it may be that we will be thinking of gasoline in an entirely new framework sooner than we realize. Not something pumped into our cars by a fellow in baggy pants with a rag in his back pocket, but a rare wine — liebfraumilch from the deep strata of our own mother earth. Just a drop, please.

REFRIGERATOR DEATH TRAPS

An old, abandoned refrigerator on your back porch — or your neighbor's — could be a death trap for your child. Many children have climbed into these tempting cubby holes and closed the door only to be pulled out dead from suffocation after a long, heart-breaking search.

It doesn't take long for these tightly insulated refrigeration units to suffocate a life. A child becomes unconscious in ten minutes and dies within twenty-five minutes. And surviving even a short time without oxygen can cause permanent brain damage.

Advice: If you have small children, use the key that came with your freezer — certainly when the unit is left empty.

Advice: If you have an unused

refrigerator, turn it around so the door is against the wall. If you must use it for extra cabinet space, padlock the door handle, install a wedge to allow air in, or remove the doors altogether.

And don't assume that magnetic doors are childproof. Many children will just cut up and go to sleep once inside.

Your Horoscope Guide

For The Week Of
March 10-16

By GINA
Copley News Service

ARIES: (March 21 to April 19 — Also Aries Ascendant) — Follow your integrity and be true to your principles in making decisions. Operate within traditional viewpoints and structures. Start working on a plan or project that is just taking form in your mind.

TAURUS: (April 20 to May 20 — Also Taurus Ascendant) — Pressures ease. Work behind the scenes for greatest accomplishment. Be charming and diplomatic with competitors — study their methods. Use your persuasive talents. Professional people aid your efforts.

GEMINI: (May 21 to June 20 — Also Gemini Ascendant) — Good time for putting your thoughts in writing — communications improve. Possibility of romance blossoming. There is a general feeling of greater maturity, more realistic view toward career matters.

CANCER: (June 21 to July 22 — Also Cancer Ascendant) — Use charm and persuasion to achieve desires now. Rely on yourself more and proceed with laying the foundations for future plans. An old romantic interest may reappear

which could ultimately lead to marriage.

LEO: (July 23 to August 22 — Also Leo Ascendant) — Use your creative leadership to assist business progress. Trust intuition and study along spiritual, philosophical lines. Curb impulse — think propositions over carefully. Use talents in familiar areas of action.

VIRGO: (August 23 to Sept. 22 — Also Virgo Ascendant) — You may find it more difficult to concentrate and want to get away from it all. Your charisma is high and social activity is favored. Stick to your convictions about financially aiding another person.

LIBRA: (Sept. 23 to Oct. 22 — Also Libra Ascendant) — Many decisions are called for this week. Use your own good judgment in areas where you are secure, but get expert advice where needed. Romance is accented. Curb tendency to daydream while driving.

SCORPIO: (October 23 to Nov. 21 — Also Scorpio Ascendant) — Energy is high and you can approach life with great enthusiasm. Pace yourself so that you cover all bases on your schedule. Give your personal interest and attention to children's projects.

SAGITTARIUS: (Nov. 22 to Dec. 21 — Also Sagittarius Ascendant) — An important

week in romance and/or career. Opportunities to use your talents and creativity in original ways will occur. Finances appear beneficially accented. Curb excesses in pleasure pursuits.

CAPRICORN: (Dec. 22 to Jan. 19 — Also Capricorn Ascendant) — Your intuition is reliable now — follow your hunches. A business idea with great merit could occur to you now. Travel or people at a distance are important to your plans. Guard health and diet.

AQUARIUS: (Jan. 20 to Feb. 18 — Also Aquarius Ascendant) — Handle aggressive people with humor and objectivity. Concentrate on scientific study and developing projects in private. Curb impatience in relationships — be considerate. Don't loan or borrow money now.

PISCES: (Feb. 19 to March 20 — Also Pisces Ascendant) — Romance is strongly highlighted. Impulse and the tendency toward excesses is present. Also a good time for spiritual, meditative breakthroughs. Career prospers and important people favor you now.

YOUR HANDWRITING TELLS Word endings hint generosity

By DOROTHY
ST. JOHN JACKSON
Certified Master
Graphoanalyst

Copley News Service

Dear Dorothy:

Here is our problem which we've had for 20 years. How does one avoid having company every night? — O. P.

Dear O. P.:

Your welcome mat is always out ... you can't help yourself. Your smooth forward slant keeps showing through. You love people and people love you ... because you are so wholesomely human.

Your generosity keeps spilling over, seen in the full word endings along the line. With your desire to please and be liked, your heart keeps stepping in the way of your better judgment.

As a result of your graciousness to others, you enjoy whatever return they can feed back to you, seen in the upswinging endings on words. Yet, what you get never really seems quite enough in proportion to what you give.

You are so in step with people that your reaction to them

is immediate. Before you realize it, your charm has invited someone else. You are patient, congenial, and not the least bit resistant. Since all these nice qualities are so obvious in your behavior, who could resist a second and third time around? Being hospitable is your kind of "thing" ... and it's well developed.

"Company every night" is not your problem. If it has become a family concern, then you'll have to make some adjustments. Perhaps, you should pull your welcome mat in about half-way, in order to give your family their needed attention, too.

Love and giving have a way of forming a chain reaction. So ... as long as you keep your door wide open, that company will just keep coming. — D. J.

Customers resent badgering

By G. B. DENTON
Copley News Service

Q. Three of us girls shop together regularly. We usually spend the entire day in retail stores with time out for lunch. These outings could be a lot of fun, but the sales people in stores we patronize are really making them irksome. On some occasions the sales clerks descend on us as soon as we enter their area. They feel free to contradict personal exchanges between us and to interject persuasive comments. On other occasions we can shop without harassment but clerks are not available after we have selected merchandise for purchase. We feel the store managers have the obligation of keeping an adequate sales staff on hand at all times and of discouraging the badgering of customers when store traffic is light.

A. Retail managers are working out techniques to safeguard their customers from harassment while they are shopping. One development is a green button stating "I'm just looking," that is clipped to the shopper's clothing. The shopper picks up the button when she enters the retail department and drops it off when she is ready to leave.

The second problem you mention is much more difficult to cope with. Most retail stores do the largest part of their business within a few hours each week. During these hours customers may greatly outnumber clerks. If the stores were to hire sufficient personnel to handle all transactions with dispatch during these periods the price of all merchandise would have to be increased sharply to cover costs.

Needham Couple's Prints Exhibit At Library

Sylvia and Carl Rantz, of Needham are exhibiting their prints at the Thomas Crane Public Library, Main Hall Gallery, Quincy Center during March.

Mr. and Mrs. Rantz first met at the Boston Museum School, where they studied under Ture

Bengt, who founded the Boston Printmakers. At present Carl is vice president, and Sylvia is secretary-treasurer of the organization.

Carl likes to do large cityscape woodcuts, also silk screen work, and Sylvia's specialty is serigraph. Home is

the Rantz workshop, and even with a son and daughter, two cats and a dog, there is a long list of National exhibits in "Who's Who in the East".

They are also "represented in the permanent collections of the Fogg Museum, the Boston Public Library, the Addison Gallery, the Boston Museum of Fine Arts", colleges and banks, with usually something on display at "The Galleries" in Wellesley. Besides this, he teaches the "Open Workshop" at the Cambridge Art Association. In his classes each person is taught as an individual.

John Quinn Quincy Hemophilia Chairman

City Councilman John J. Quinn has been named 1974 Quincy Hemophilia campaign chairman.

The Harvest of Hope march against the bleeding disease will be kicked off with a house to house appeal beginning March 23.

Quinn, of 86 Grandview Ave., Wollaston, served as the city's first hemophilia leader last year. The multi-phased drive is directed by the New England Hemophilia Association, chapter

of the National Hemophilia Foundation. Massachusetts campaign chairman is Attorney General Robert H. Quinn.

The disease is inherited by males at birth and can only be controlled in some cases by costly blood factor therapy. All hemophiliacs risk long-term disability because of prolonged internal bleeding. New England Hemophilia services include medical aid, camperships, scholarships, family counseling, in addition to research development.

Rafaela Coiffeurs New Business

A new business in the Wollaston Square area is Rafaela Coiffeurs located at 672 Hancock St.

It is owned and operated by Ella Stamatoopoulos, assisted by Raeline LeClair, an associate for the past several years.

Rafaela Coiffeurs is just under four months old and features an atmosphere of warmth and friendly service.

Ella, who has been in the beauty salon business for over seven years, cites the challenge of owning her own shop as one of the more pleasanter experiences in her life.

"It was a challenge to see if I could make it on my own, after working for others most of my life," she said. I never expect to get rich but liking the business and liking people in general, has made it all worth while."

Mrs. Stamatoopoulos, lives on Fayette St. with her daughter, Diane, 22, who is a clerk-typist with a Boston insurance firm.

Girl Scouts 62nd Birthday

Interfaith Service To Be Held Sunday At Temple Beth El

Girl Scouts in Quincy and throughout the country will be demonstrating the vitality and relevance of the Girl Scout program as they celebrate the 62nd birthday of the movement during Girl Scout Week, March 10-16.

Although scouting has changed to stay up with or

ahead of the times, its basic elements remain the same, and are as meaningful today as ever, perhaps more so.

Notes David Mabel, director Blue Hill Girl Scout Council, "While we yearn for a society where people are honest, fair, willing to help where they are needed, friendly, considerate,

use resources wisely, and protect and improve the world around them, these qualities are all part of the law that Girl Scouts learn and uphold."

This year, Scouts in Quincy will be selling cookies during Girl Scout Week, but they will also have activities on designated days of the week that show the range and variety of the Scout program - religious services, homemaking, citizenship, health and safety, international friendship, the arts, and the out-of-doors.

Senior Troop No. 165 of Quincy is sponsoring an interfaith service for all Quincy Brownie, Junior, Cadette, Senior and adult Girl Scouts at Temple Beth El on Hancock St., Sunday, March 10 at 2:30 p.m.

Theme of the service will be brotherhood. Rabbi Jacobs of Temple Beth El, Rev. John Graham of the United First Parish Unitarian Church, and a member of the Catholic clergy will speak. All the girls will participate through songs and ceremonies.

Quincy is part of Blue Hill Girl Scout Council, which serves almost 10,000 girls and 2,000 adult volunteers in parts of Boston and 19 communities to the south and west. It is a member agency of the United Way of Mass. Bay and the Norwood United Fund.

O'Brien Club Edged By Bruins

The first Quincy YMCA Invitational Basketball Tournament last Saturday was termed a success by all concerned and the Y plans to make it an annual event.

The all-day tourney brought together some of the outstanding teams in the state and resulted in some of the finest competition of any tourney in Eastern Mass. in recent years.

The Haynes/Crump Bruins of Boston, who had eliminated the O'Brien Club of Quincy from the Washington's Birthday tourney in Plymouth by one point, did it again last week as they topped the O'Briens, 87-82, in the championship game before a big crowd.

The Quincy team led at the half but the taller Bruins pulled away late in the game. Pete Schmid and Eddie Miller had 16 points each and Allan Dalton 14 for the O'Brien Club.

In the semifinals the O'Brien Club edged the Roxbury Y Rams, 83-80, after leading by 15 points at one time, and the Bruins ousted the Cambridge Nationals, 85-64. Dalton had 22 points, Schmid 16 and Miller 13 for Quincy. Miller sank the winning basket in the final seconds.

Quarterfinal action saw the O'Brien Club breeze over the Quincy Y All-Stars, 66-30, as everyone scored led by Marty Schoepfer's 11 points and Bob McNamara's 10. Jim Rendle had 12 for the Y quintet.

The Bruins romped over the Cap: Cod All-Stars, 85-53; Cambridge topped the Bristol County Cavaliers, 74-68, and Roxbury Y nipped the Shelburne Club, also of Roxbury, 83-82.

In the opening round games, played on both Y courts before starting action on the full court, the Shelburne Club defeated the Weymouth Alphas, 69-50; Cavaliers topped the Dacey Club, 71-56; Cambridge edged the Wholey Club of Hull, 64-61; the Y All-Stars upset the

Windmills of Boston, 50-48; Roxbury Y bombed the South Shore Hotshots, 85-47, and the Cape All-Stars won the only forfeited game as the Plymouth A.A. arrived late due to a mixup on starting times.

Rendle had 18 points and John Douglas 17 for the Y All-Stars. Tom Garwood had 20 for the South Shore Hotshots and Mark Jellison, former North

Quincy standout, played an excellent game for the Dacey Club, made up of former Northeastern U. players.

Following the championship game trophies went to the top four clubs including the Mayor Hannon Trophy to the Bruins, and cash prizes were awarded to the two finalists.

Rendle was the tournament director, assisted by Leo Papile. -TOM SULLIVAN

April 1 Deadline For Recreation Summer Jobs

The Quincy Park and Recreation Board has set April 1 as the deadline for applicants for summer positions with the Quincy Recreation Department.

doing. Here, in John's words, is what happened. "As I was dialing the number, I thought this was a pretty bold idea for Dial. After all, they didn't know what I might ask."

"Well, almost as fast as the phone rang, it was answered. I told the guy I was interested in a \$4,000 loan and I wanted to know how long I could take to pay it back. He told me. I asked him how quickly I could get the cash. He told me. I asked what the total amount I would have to pay back on the loan would be. He told me. Then I threw in a loaded question. I had heard that finance company interest rates are high, so I came right out and asked him about Dial rates. What I found out was that you can probably borrow for less some places. Like a bank maybe. But Dial charges a lot less than I thought they would."

"I was amazed, I mean, he didn't even ask for my name. And there wasn't any sales pitch. He just helped me—with no strings attached."

The kind of service and consideration John Havlicek received isn't reserved just for basketball stars. It's reserved for everybody, and has been since 1897. So next time you're thinking of borrowing, think of Dial Finance. You see, we don't want you to like us just for our money.

Visit Dial's Randolph office at 322 N. Main Street, Fernandes Shopping Center, phone 963-0400 or the Brockton office at 726 Crescent Street, Brockton East Shopping Plaza, phone 583-3420. Other Dial offices: 3 downtown, Billerica, Lynn, Malden, Walpole.

Gold, Red Teams Win In St. Joseph's Hockey

In St. Joseph's Hockey League action at the Shea Rink the Gold team bombed the Blues, 8-1, and the Red Team defeated the Greens, 4-1.

John Alfano had three goals and three assists and Jim Conso four goals and one assist for the Gold team. Dean Gambino had

the other goal. Alfano took the league scoring lead with 30 points and Conso is second with 26. Dave McNally had the only Blue goal.

In the Reds' win Rick Brunstrum and Jim Steen had two goals apiece while Jim Connors scored for the Greens.

Junior Wrestling Tourney

The city-wide junior high school wrestling championship tournament will be held Friday and Saturday afternoons, announces director Carmen Mariano.

The preliminaries and semifinals will be staged Friday from 3:30 to 5:30 at the North Quincy High gym and the finals

Saturday at 3:30 at the Quincy YMCA.

"I expect nearly 100 boys to participate," Mariano said. "Each school [Atlantic-North, Sterling, Broadmeadows, Central and Point] will have at least 15 entered. The only restriction is that no school enter more than three boys in one class."

Bantam A's Eliminated On Freak Overtime Goal

A freak goal in overtime gave the top-seeded Arlington Bantams a 3-2 victory over the Quincy Bantam "A" team Saturday and eliminated Quincy from state tournament competition.

The Arlington shot hit one goal post, caromed across the crease into the other post, then bounced into the net off a Quincy player.

Brian Bertoni, assisted by Tommy Cahill, gave Quincy a 1-0 lead but Arlington came back to tie and go ahead. Matt Schaeffer got the tying goal, also assisted by Cahill.

Quincy got by New Bedford, 5-3, in the opening match of the tournament. Eliminations as Schaeffer and Cahill each collected a goal and an assist and Bertoni had two assists.

Squirt B's Blank Rockland, Bomb Cambridge, 15-1

The Squirt B team blanked Rockland, 5-0, in the Bay Colony Association, and breezed past Cambridge, 15-1, in a non-league game.

In the Rockland game, Mike McNiece had two goals, Johnny Cummings, Kevin Duff and Richie Stevens one apiece, with assists going to Stevens with two, McNiece, Bobby Kelley, Timmy and Kevin Ryan and Paul McCabe one each. Tommy Corliss shone in goal.

In the romp over Cambridge, Mike Sullivan exploded for four goals, Stevens, McCabe and Duff

and Jimmy Shea got the other Quincy goals with assists to Johnny Cooney, Jackie Cavanaugh, Dave Previte and Richie Troy.

In Bay Colony Hockey Association play, Quincy Bantams split a pair with Scituate and Columbia of South Boston but retained a three point lead over Columbia for the top spot. Quincy also had four games in hand.

Bertoni's goal in the last minute produced a 2-1 win over Scituate. Cahill had a goal and an assist and Schaeffer had an assist.

Quincy bowed to Columbia, 4-1, Saturday, a scant hour and a half after losing the state tourney heartbreaker to Arlington.

McGrath got the lone goal, assisted by Troy.

Sylvia: 'They Wore Us Down'

Although the Quincy hockey team bowed out of the state tournament in the opening round, Coach Bob Sylvia can look back on a most satisfying season and look forward to next year with confidence.

The Presidents shocked favored Norwood early in the game but lost, 6-3, to a tournament-veteran team with greater depth.

Frankie Guest, the leading sophomore scorer in the Greater Boston League, put Quincy ahead with an unassisted goal at 1:37 of the game but Norwood tied it at 4:20. Al Lancione, with Guest and Pete Raymer assisting, regained the lead for the Presidents at 6:17 but Norwood again tied it at 10:57.

Norwood took a 3-2 lead in the middle period and then increased its edge to 5-2 in the finale before junior Ted Wiedemann scored at 5:09 with Pete DiBona having an assist.

"I think there were a lot of eyes opened by that first period," Sylvia said. "A lot of people figured us for pushovers but I think the kids gave it their

best shot and played a heck of a game. They simply wore us down."

Quincy goalie Glen Prescott was brilliant and kept the score down with many memorable saves.

"These kids really proved themselves this year as they won or tied 11 of their last 12 games to qualify for the tournament," Sylvia added. "With a 5-3 record, we faced elimination with two more losses."

Bob feels Quincy will be strong next year with Guest and Wiedemann forming a fine nucleus. He also sees some of Rich Hutchins' junior varsity players helping the Presidents. He used several of them on the varsity during the season.

This, incidentally, was a big year for the hockey Sylvias.

In addition to Bob making the tourney, his younger brother, Jim, had a brilliant debut as Hanover's head coach, winning the South Shore league championship and making the tourney.

Unfortunately, both Sylvia teams were ousted in the opening round.

played in the league last season.

Presidents Bow To Bishops, But Amorosino Has Praise

A successful season came to a disappointing end for the Quincy High basketball team last Saturday when the Presidents, despite a great fourth period comeback, bowed to Abp. Williams, 64-59, in overtime in the opening round of the Bay State Tourney.

Joe Amorosino's Quincy team, despite the loss of Fred Donahue, stand out 6-4 center, for five games, finished 8-6 in the Greater Boston League and 11-7 overall to miss qualifying for the state tournament by one game.

Quincy trailed, 29-22, at halftime at Williams and with 1:32 left in the game still trailed, 53-44. The Presidents tied it at the buzzer on a fantastic play.

With time running out, John MacFarlane took a desperation shot from mid-court and it appeared the game was over with the Bishops 54-52 winners.

However, as the ball bounced off the rim, Billy Joyce, who had been trailing the play, grabbed the rebound and sank the tying basket.

Williams pulled away the extra period as Quincy, missing three starters, ran out of steam. The Presidents played without Donahue and Tom McKinnon and lost Bob Benn on fouls in the third period.

"They just had too much firepower for us," Amorosino said. "But this was a typical game for us as the kids just refused to give up. It was that way all season and I'm very proud of the entire squad. I am confident we would have qualified for the state tournament if we hadn't lost Donahue and his great rebounding for five games. He was outstanding in his first year of organized basketball."

Mike Cullen scored 22 points

to lead all scorers in the Williams game, while Mark Dwyer had 12 and Joyce 10. Mayfield Holiday, the Bishops' fine 6-4 center, had 21 points.

"I can't say enough about Cullen, who was not given the notice he deserved this year and was taken for granted," Amorosino lauded. "He always gave me 100 percent and did a great job scoring and rebounding. When Donahue was hurt, Mike grabbed five or six more rebounds a game."

"Joyce was one of our most dependable players and McKinnon, Dwyer, MacFarlane, Benn and Billy Dacey, as well as Bill Breen and Mike MacKenzie all did their part. All were unselfish and willing to sacrifice. And John Riggs and Dom Venturilli played well when I brought them up from the junior varsity."

St. John's Registration

Registration for St. John's Boys Baseball League and CYO teams will be held Sunday in the Parish Hall from 11 a.m. until 1 p.m.

All eight year old boys registering for the first time must be accompanied by a parent or adult. Boys ages nine through 12 must register again even though they may have—

● Basketball

'A Great Year,' Says Nolan

The North Quincy High basketball team recently completed another successful season during which it again made a remarkable comeback to qualify for the state tournament.

Although the Raiders were eliminated by Xaverian of Westwood in the opening round, Coach Bob Nolan had high praise for his entire squad.

"It was a great year and these kids did another tremendous job," Nolan said. "We have some good players returning from the varsity and some real good prospects are coming up from Eddie Miller's strong junior varsity team so prospects are good for next year."

One of the pleasant surprises this year was Sophomore Cooper Jordan, who led the team's scorers after being brought up from the jayvees in the sixth game. He, 6-2 Tim Clifford, Co-Capt. Steve Miller and Ged Phelan and John Flynn made up

an outstanding starting five.

Nolan pointed to Flynn, a fine all-around athlete, and called him a "hard-nosed player who is outstanding on defense, rebounds well and gets some big points." He averaged 6.6 points a game.

Jordan, a stickout for Eddie Miller's junior varsity team, was brought up to the varsity for the sixth game of the season against Revere. For a while he played some for both the varsity and jayvees but soon started and played only for the varsity. The 6-1 sophomore, North's best prospect in years, led the scorers with an average of 18.7 points a game and rebounded well.

After experimenting early with different combinations, Nolan decided on a starting five of Co-Capt. Steve Miller, who has to be one of the finest ball handlers in schoolboy ball, and Phelan, Clifford, Jordan and Flynn.

Miller, one of the smallest

players, reminds one of his brother, Eddie, and in the 71-59 win over Weymouth South he turned in a brilliant all-around exhibition, scoring 21 points and giving a dazzling passing exhibition.

Nolan's reserve strength also helped immensely. Mark Reale was a fine sixth man and also doing their part were Joe Carroll, Steve Maloney, Bruce Shea, John Powell, Rich Coughlin, Steve Orlando, Jack Rabel, Jay Nelson, Steve Martinelli and Frank Shuler.

Phelan scored 17.2 points a game to rank second behind Jordan, Miller was 14.2 and Clifford 6.7 in addition to his outstanding rebounding.

"Orlando is a fine example of the spirit of this squad," Nolan added. "He didn't play much but in practices he played as though he was in a championship game and other reserves did the same thing."

White Powers Mite B's

The Mite B team rolled over Cohasset, 9-1, in the Bay Colony Association as Kevin White scored three goals and Joe Harte, Chris Hurley and John Burn had two apiece.

Assists went to Paul Marshall with three, Kevin Greene and Burn two each and Dickie

Tapper, Billy Campbell and Hurley one each.

●Koch Club Bowling Keglerettes Roll Tourney High

The 19th Annual South Shore Women's Candlepin Bowling Tourney sponsored by the Koch Club of Quincy, continued Sunday at the Merrymount Daylight Alleys with over 200 participants and spectators on hand to witness the event.

In the six matches bowled, the Keglerettes bowled high for the day, and the tourney thus far to defeat the Alley Kats 1598-1433.

The Women Merchants eliminated the 8 o'clock Rollers 1527-1400, the Hi-Nooners rolled over the Parkettes 1517-1388. The Rag Dolls trounced the Coffee Royals 1479-1339, Weymouth Landing ousted the Ocean Rollers 1451-1402, and the Woodshooters were victors over the Road Runners 1395-1361.

The Keglerettes found themselves one pin behind the Alley Kats at the close of the first string, but came back to bowl a tourney high team single of 580 in the second string to the Alley Kats 499, giving the winners an 80-pin lead going into the last string. Catching the Alley Kats cold in the third, the Keglerettes bowled a 525 to put the string out of reach and the match out of sight with a 165 pin victory.

Team anchor Bonnie Damore led her team to the win with a 348, aided by Elaine Brodie and Dot Cappola each chipped in 327, Sandie Burke contributed 304, and Norma Martin 292.

Rosemary Donahue was top for the Alley Kats with 307, Pat Nestor had 285, Marie Ford 279, and Mady Del Greco 276.

The Women Merchants caught the 8 o'clock Rollers ice cold in the first string and ran up a 73 pin lead. The 8 o'clock Rollers

found themselves in the second string, but to no avail as the Women Merchants won the second by 8 pins, and made it a sweep with a 40-pin third string win, and a 121 pin tourney victory.

Edna Walker captained her team with 339, top scorer for the winners, and was followed by Noreen Mastroianni 302, Bev Putnam 300, Ann Casanova 298 and Terry Spencer 282.

Roz Karl was top for the losers with 311, Ann Crespi was next with 289 and Carol Pitts had 271.

The Hi-Nooners for the second consecutive tourney match, demonstrated winning potential, jumping off to a 45-pin first string lead over the Parkettes, piling on 72 more pins to the lead in the second and made it a clean sweep with a third string win, and a second tourney victory by 129 pins.

Leadoff bowler Sheila Ritchie led her Hi-Nooners with 326 and was assisted in the win by Jini Seaver 317, Connie Mele 314, Pat Murphy 287, and Barbara Santry 273.

Alberta Murray with 296 was top for the Parkettes, followed by Evie DuBois 293, and Joan Lefleur 284.

The Rag Dolls displaying a consistent team effort jumped off to a 46-pin first string lead over the Coffee Royals, added 28 more in the second, and rolled up 66 more pins in the final string for an afternoon sweep, and a solid 140 pin tourney victory.

Marie Tidwell showed the way for the Rag Dolls with a high of 332, while Gail Dillon contributed a 313, Leslie Levine 292, and Lou Wilson 284.

Joan Kilburn with 287 was top for the losing Coffee Royals, and Pat Hall chipped in 274.

Weymouth Landing picked up

a 24 pin lead in the first string over the Ocean Rollers, dropped the second by 8 pins to see their lead fall to 16 going into the final.

Showing their last year championship form the Weymouth Landing team bowled a 519 in the last string to win it by 33 pins, and the match by 49.

Hallie Parziale led the Weymouth Landing defending champs with 306, and was assisted by Marie Leahy 291, Claire Foy 287, Joan Smith 285, and Ann Jefferson 282.

Pat Miceli was top for the losing Ocean Rollers with 305, Betty Russo added a 305, and Anna Hutchings 277.

The Woodshooters ran up a 52 pin win in the first string over the Road Runners, and picked up 31 more in the second as the losers could not find the range. The Woodshooters ran cold in the third string as the losers roared back to win the last by 49 pins, but when the smoke had cleared the Woodshooters had won the match by 34 pins.

Maureen Goldie with 292 was high for the winners, June Hillier 280, Pat Lowe 278, and Kathy Koberides 277.

Pauline Sebring with 283 was top for the Road Runners, Carol Surrua had 274, Sandra Fennelly 272, and Bernie Conway 271.

The six remaining teams of the 24 entered will meet Sunday afternoon at 1 p.m. in the quarterfinals, the team rolling high pinfall for the day will draw a Bye into the finals on March 24.

The championship team will receive a \$50. team prize; and the five members of the winning team will receive trophies.

A trophy will also be awarded for high tourney average, three string total, and high single.

●Little Loop Anastas Bowls 358 To Spark Montclair

Capt. Nick Anastas rolled a new season's high three of 358 to spark Montclair to a 3-1 win over Bryan Foster and increase its Quincy Bowling Little Loop lead to five points over the Joseph E. Brett Club, which split with the Dick Morrissey Club, 2-2.

Anastas, who has the league's high average, had strings of 115, 111 and 132. The Quincy Elks, currently the hottest team in the league, swept four points from Hennessy Plumbing Supply.

The standings: Montclair, 52-24 and total pinfall of 23,544; Brett Club, 47-29 [23,098]; Atlantic Fuel Oil, 43-33 [23,289]; Wollaston Bowldrome, 41-35 [23,087]; Morrissey Club, 40-36 [23,355]; Elks, 39-37 [23,323]; Hutchinson Oil, 39-37 [23,096];

Bryan VFW, 37-39 [22,924]; James R. McIntyre Club, 36-40 [23,032]; Granite Lodge 1451, 36-40 [22,717]; DA George Burke Club, 35-41 [22,839]; Hennessy, 35-41 [22,832]; Sch. Comm. Harold Davis Club, 27-49 [22,585]; Local 513, NEJB, AFL-CIO, 24-52 [22,791].

Anastas' high average of 99.29. He is followed by Mike Regan, 98.28; Dan Finn, 97.25; Brian Connolly, 93.6; Kevin Mullaney, 92.6; Larry McGrath, 91.20; Jim McAllister, 90.48; John Andrews, 89.44; Tony Alessi, 89.4; Ken Brodie, 89.4.

Anastas has high three of 358 and high single of 132, while Elks have high team three of 1311 and Wollaston Bowldrome high single of 478.

●Executive League Blues Hold Top Spot, Greens Wallop Reds

The Blue team maintained its hold on first place in the Executive Hockey League by defeating the Golds, 9-6, and the Green team extended its win streak by walloping the Reds, 8-3, Sunday.

Kevin White sparked the Blues with two goals and two assists. Lennie Picot had two goals and Dave Hickey, Dave Towle, John Cummings, Bob Hayes and Al McKay one each. Hickey also had three assists, Towle two and Cummings, McKay and Bob Craig one each. Tom Roberts had two goals and an assist for

the Golds. Marty Tolson, Joe Ryan, Art Boyle and Paul Hussey also had goals while Frank McAuliffe had three assists and Hussey, Ryan, Tolson and Boyle one apiece.

Bernie Toland had the hat trick and added an assist to pace the Green victory. Jimbo Daley had two goals and Len Miceli, Gary DeCoste and Bob Kane one each. Kane had two assists, Buckie Zanardelli, Daley and Joe Chase one each. For the Reds Jack Hurley, Mike Collins and Ken Halloran scored and John Murphy and Halloran assisted.

Fitzgerald Scores 2 As Bantam B's Tie

Two goals by John Fitzgerald pulled the Quincy Bantam "B" team into a 3-3 tie with Walpole Saturday, ending Quincy's Bay Colony Hockey Association winning streak at 10 straight games.

Dave Lewis got the other Quincy goal with an assist going to Jim McConville.

The Quincy club romped over Randolph in a pair of non-league encounters.

Fitzgerald's hat trick plus an assist led Quincy to an 8-2

victory Feb. 25. Mark Paolucci had three assists.

Dave Lewis had two goals and Dave Peters, Mark Kelly and Jimmy Moore scored one apiece. Assists were recorded by Peters, Mike Marks, John Andrews and Rick Carnali.

Moore, Andrews, Don Perdios, John Norton and Jim Fitzpatrick had the goals in a 5-2 win over Randolph Wednesday, Feb. 27.

Perdios, Paolucci, Moore and McConville assisted.

Corliss, Squirt B's Shut Out Abington, 7-0

Hannon Backs Passage Of Development Funding

Mayor Walter J. Hannon is one of nearly 1,300 city officials, including 300 mayors, meeting in Washington to push for passage of the most important federal program for cities since general revenue sharing.

Mayors and other city officials are in the Capitol to urge congress and the administration for a new community development program that will determine the course of the building and rebuilding of cities across the country for the next several years.

"Passage of a community development program is the single most important piece of legislation affecting cities since general revenue sharing," said Mayor Hannon.

"This legislation could make \$1 million a year available to Quincy to help continue programs to rehabilitate our neighborhoods, such as the North Quincy Improvement Program and Quincy Point Improvement Program, in addition to providing assistance in several other areas of community need."

Hannon, who is meeting with Congressman James Burke and other members of Congress from the New England area, also heard addresses by San Francisco Mayor Joseph Alioto and New Orleans Mayor Moon Landrieu and a number of other congressional and administration leaders.

The community development and housing proposal would rewrite virtually all of the country's laws dealing with such major programs as concentrated code, water and sewer grants, downtown redevelopment and the physical building and rebuilding of cities.

Along with new housing programs the bill proposes a new community development block grant replacing several categorical programs with a single fund providing local governments with \$2.3 billion a year.

Most of these programs have been halted or severely cut back by the administration for the past 14 months. The new measure would provide a system of flexible funding that would make it easier for cities like Quincy to obtain federal money for community development activities.

"We have learned there are clear signs for the first time that the administration and Congress are willing to compromise and thus break a stalemate on this legislation," Hannon said.

"With 1,300 city officials here from every state in the union, I believe we influenced both the Congress and the administration to move forward on funds for community improvement and housing to meet the needs of Quincy and other cities across the country."

Hannon is scheduled to return to Quincy sometime Thursday.

'Raquel's my love' — Talsky

By NANCY ANDERSON
Copley News Service

HOLLYWOOD — Designer Ron Talsky, reported to be subject of contention between Dyan Cannon and Raquel Welch, denies being the apex of a romantic triangle.

"Dyan and I are good friends," Talsky says, "but Raquel is my love."

Talsky not only designed his love's costumes for the upcoming CBS show "The Raquel Welch Special," but produced the special itself which, he promises, will reveal a Raquel never seen before.

He says he and his love are also "trying to put together a movie in which Raquel will act a great deal."

His lady takes snide remarks about her talent very seriously, he continues, and sometimes cries in reaction to unfavorable reviews.

Like Marilyn Monroe, Talsky says, Raquel is finding her sex-symbol reputation hard to live with (or to live down).

"But Raquel will survive," he promises, "because she's not a disturbed person."

"She's a hard worker. She's been studying singing and dancing very earnestly, so earnestly that it takes her away from me, but I approve. That's as it should be. She owes it to herself."

Before Jim Aubrey left MGM, he'd planned to star Raquel in the Lana Turner role in a remake of "The Postman Always Rings Twice," Talsky says, adding, "And she would have been great in the role."

He also says that he'd been thinking how good she'd be playing the Maureen O'Hara role in a remake of "The Quiet

Man" but that, since he saw the picture again recently, he's concluded it should be re-released instead of remade. "It's completely current," he says.

As for fashions in general, Talsky says, "Elegance is back. George Segal set a trend with 'A Touch of Class.'"

Honoring John Wayne is becoming a campus craze comparable to gold fish gulping in the 1930s.

Now, following on the heels of Wayne's day at Harvard, the Tulane students have held a "We Like Wayne Day" complete with a big parade.

According to a press release, the Pi Kappa Alpha fraternity spearheaded the celebration.

I guess the boys didn't know that Duke is a Sigma Chi.

David Birney will play Romeo in "Romeo and Juliet" at Stratford, Conn.

"That's why he became an actor," his long-time lady love, Meredith Baxter, says. "To play Romeo."

4 Lutheran Churches Holding Weekly Joint Lenten Services

The four Lutheran churches in Quincy will observe the Lenten Season with joint weekly meetings on the theme "Christ's Self Portraits".

The first was held on Ash Wednesday at Salem Lutheran Church with the Rev. Harry Carlson preaching on "The Good Shepherd", and the second was last night (Wednesday) at Trinity Lutheran Church with the Rev. James Kimmell preaching on "The Vine".

Future meetings include:

March 13 at the Church of the Good Shepherd, The Rev. Gary Santmire, "The High Priest".
March 20 at Wollaston Lutheran Church, the Rev. Frank Bauer, "The Door".

March 27 at Salem Lutheran Church, the Rev. Harry Carlson, "The King".

April 3 at Trinity Lutheran Church, the Rev. James Kimmell, "Teacher and Lord".

April 10 at the Church of the Good Shepherd, The Rev. Gary Santmire, "The Truth".

The four churches will observe Maundy Thursday [April 11] at the individual churches, then will meet jointly again on Good Friday [April 12] at Wollaston Lutheran Church where the Rev. Mr. Bauer will preach on "The Seven Last Words".

All services will begin at 7:30 p.m.

Special Lenten Lecture Series Scheduled At St. Chrysostom's

Dr. Harrell F. Beck, Ph.D., will be the Lenten guest speaker at St. Chrysostom's Episcopal Church, Linden St., Wollaston.

He will present a series of lectures, "Does the Bible Have Anything to Say to 20th Century Persons", at 7:30 p.m. on Tuesdays March 12, 19, 26 and April 27.

The program is being sponsored by the Christian Education Commission. Refreshments will be served by

St. Mary's Guild.

Dr. Beck, a Methodist Minister and member of the Nebraska Annual Conference, is a Professor of Old Testament, Boston University School of Theology and Graduate School. In addition to his duties at B.U., Dr. Beck also served as Visiting Professor at Andover Newton Theological School, American University, Cairo, St. Paul's School of Theology, Kansas

City, Assumption College, and Liff School of Theology, Denver.

Besides Lectureships at various Colleges and Seminaries throughout the country, he was in 1968-1969, a Visiting Fellow at University College, Cambridge University.

All churches in the area and the public are cordially invited to attend these lectures which are free of charge.

Radio Priest To Preach Triduum At St. Joseph's Church

Rev. Joseph Manton, C.S.S.R., of the Mission Church, Roxbury, will preach the annual triduum in honor of St. Joseph at St. Joseph's Church, Quincy Point beginning Sunday.

He will preach at all the Masses on Sunday, and services on Monday and Tuesday at 9 a.m. and 7:30 p.m.

Fr. Manton is a well known radio personality who for years

has conducted the Novena to Our Lady of Perpetual Help at the Mission Church. In 1969 he was honored by Pope Paul VI with the Pro Ecclesia et Pontifice medal for his outstanding accomplishments as a preacher.

On Friday March 15 there will be a five hour vigil prayer service beginning at 7 p.m. This prayer service will be a service in which

the laity pray for priests and pray for more vocations to the priesthood. Each month one church is chosen in the Archdiocese of Boston for this prayer service and St. Joseph's Church, Quincy Point has been selected for the month of March. This service will include Mass, confessions, benediction, and 15 decades of the rosary. All are welcome to attend.

'Man' Lesson-Sermon At Christian Science Church

Sunday's Lesson-Sermon is "Man", at the Christian Science Church, 20 Greenleaf St., Quincy Center.

It shows the necessity to look

beyond the outward evidence of things as they seem to be to find the indestructible relationship between God as Father-Mother and man as His beloved son inherently spiritual and good.

Even as St. Paul teaches us to "put off the old man with his

deeds and put on the new man...after the image of him that created him".

'Relaxing With Bible' Blessed Sacrament Series

Most Blessed Sacrament Parish Council is sponsoring a Lenten series entitled "Relaxing with the Bible".

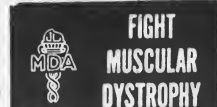

The object is to enable those who attend the series to

approach the Bible with less apprehension.

These sessions are being held on Sunday evenings during Lent at 8 p.m. at the Parish Hall, Darrow St., Houghs Neck.

The series is being conducted by Rev. Dominic P. Fiumara,

with guest speaker on March 10 and 24, Rev. Damien Nuzzo, O.F.M.
